

# ARE YOU READY FOR THE NEXT STEP?

Through the sponsorship of University Career Services, ETSU students have **FREE** use of CareerShift

A unique online resource, CareerShift saves time while putting you in control of your job search and career path. Unlike common job boards, the site provides access to the organizations and contacts you need to promote yourself for posted jobs, and for positions that are unlisted. It provides information you can use to pursue career opportunities that best fit your personal goals and aspirations. A suite of online tools is included to keep you organized and focused on success.

CareerShift was created to help job seekers successfully navigate the published and hidden job market to find career opportunities, and has continued to expand features and information throughout its 10-year history.
