Multimedia Classroom Updates

Information Technology Services (ITS) has updated all TAF-managed multimedia classrooms to be Zoom capable. Some departments have classrooms that are not managed by TAF and may have different equipment. Please visit the Multimedia Classroom List to confirm classroom status and view available equipment within the room. Additionally, many larger classrooms have been upgraded to include voice lift technology that will boost the volume within the classroom and still seamlessly work with Zoom. The Voice Lift Classroom list is available online through the ITS website. Please contact ITS at ITS@etsu.edu for questions or additional details.
