A SCHEDULE OF FALL TERM CLASSES

This schedule provides information and directions for registration each semester. The university catalog is the official publication of the university and should be consulted by all students in matters relating to academic policy and program planning.

Contract Disclaimer

Course offerings listed in this schedule of classes do not constitute a contract between students and the university. The university reserves the right to add, delete or change courses or sections as circumstances may require.

The Family Educational Rights and Privacy Act

The **Family Educational Rights and Privacy Act** (FERPA) affords students certain **rights** with respect to their education records. They are:

- 1) The right to inspect and review the student's education records within 45 days of the day the University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
- 2) The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- 3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate **educational** interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her task. A school official has a legitimate **educational** interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the University discloses education records without consent to officials of another school, upon request, in which a student seeks or intends to enroll. Personally identifiable information may also be released without the prior written consent of the student under one or more of the conditions listed below:
 - a) In addition to other disciplinary action, the university reserves the right to notify a parent or legal guardian of a student under the age of 21 who is found guilty of violating federal, state, or local law or any rule or policy of the university governing the use or possession of alcohol or a controlled substance when it is believed that such behavior poses a serious threat, either by the severity or the repetitive nature of the behavior, to the welfare of that student or others in the community. The implementation of parental notification will be at the discretion of the Dean of Students. However, should the parent ask for such information, it will be released to the parent.
 - b) Upon request the university will disclose the final results of any disciplinary proceeding conducted by the university against a student who is an alleged perpetrator of any crime of violence (as that term is defined in section 16 of Title 18, United States Code) or a non-forcible sex offense, if the university determines as a result of disciplinary proceeding that the student committed a violation of the institution's rules or policies with respect to such crime or offense. The information shall include only the name of the student, the violation committed, and any sanction imposed by the university on the student. The university may include the name of any other student such as a victim or witness, only with the written consent of that other student. The university will notify victims of sexual assault of the outcome of any disciplinary proceeding against the alleged perpetrator.
- 4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by East Tennessee State University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office, U.S. Department of Education 600, Independence SW, Washington, DC 20202-4605.

Directory Information

ETSU contracts the publication of a directory which shows student names, addresses (e-mail, mailing, and campus box), major, and phone number. In addition, ETSU may release other "directory information." Other "directory information" is defined as: dates of attendance, classification, previous institution(s) attended, awards, honors (includes Dean's list), degrees conferred (including dates), and sports participation information.

If students prefer not to have these items released, they may fill out a form to prevent disclosure of this data. This form is available at the Office of the Registrar and must be submitted no later than the last day to add a course for the Fall term. A new form for nondisclosure must be completed each academic year. A form submitted the last term a student enrolls will remain in effect until the student re-enrolls.

Complete refund policy is available at http://www.etsu.edu/comptrol/bursar_refunding.htm

Classes cancelled by the University	100% of all fees
Drops or withdrawals within 14 calendar days beginning with and including the first official day of classes or within a proportional period for short-term courses (including RODP courses)	75% of tuition, registration, refundable program and service fees and dormitory rent

- The law assumes that you used the Title IV student aid to pay your institutional charges -- tuition, fees, dorm room, and board. Thus, if you withdraw prior to completing 60% of the semester for which you were awarded aid, a pro-rata amount of your aid must be returned to the federal government. (This policy is based on 34 FR, Section 668.22 of Title IV of the Higher Education Act of 1965, as amended).
- Students who are removed from university housing for disciplinary reasons or are suspended or expelled from the university are not eligible for a refund of housing fees or university tuition/fees.

How Refunds Will Be Applied

2. Institutional aid: athletic scholarships, tuition assistance programs, academic performance and public performance scholarships
3. Employee benefit programs, tuition waivers, employee discounts, staff scholarships
4. The student

Return of Title IV Federal Student Aid

This requirement applies to you **ONLY** if:

1. **You receive federal student aid, and**
2. **You withdraw prior to completing 60% of the period for which the aid was provided.**

Refunds will be credited back to student aid program accounts in the following order:

Title IV programs

1. Unsubsidized Federal Stafford Loans
2. Subsidized Federal Stafford Loans
3. Federal Perkins Loans
4. Federal PLUS Loans
5. Federal Pell Grants
6. ACG Grant
7. National SMART Grant
8. Federal SEOG program

Other refunds

1. Institutional aid
2. Private aid
3. The student

Federal law requires federal aid recipients to "earn" the aid they receive by staying enrolled in college at least half time.

Refund Appeal Procedure

Students contesting the refund policy must file the Refund Appeal within one year of the drop or withdrawal to receive consideration by the Refund Appeals committee. The student may obtain a refund appeal form at <http://www.etsu.edu/comptrol/frm.htm#Student> or in the Financial Services' Office, 202 Dossett Hall.

It is the student's responsibility to provide written documentation substantiating reasons for the appeal.

Withdrawals or reductions in course load due to personal illness/injury require a statement from a licensed medical physician stating withdrawal was necessary due to the health of the student. A death in the immediate family can be verified with a copy of the obituary. Immediate family includes spouse, child, stepchild, parent, stepparent, foster parent, parent-in-law, sibling, grandparents, and grandchildren. Other reasons must be supported by written documentation.

FORMER STUDENTS

All former ETSU students not enrolled Spring 2008 and Summer 2008 must apply for readmission. Readmission Forms are available in the Office of Admissions, Burgin Dossett Hall room 106 for undergraduates or via the web at www.etsu.edu. Graduate students go to the Office of Graduate Studies, 309 Burgin Dossett Hall, or <http://www.etsu.edu/gradstud/forms/index.html>.

Students who have attended another college since their last enrollment at East Tennessee State University are required to have an official transcript from that school on file in the Admissions Office.

Former undergraduate students who are continuing undergraduate studies are not required to attend an orientation. Former undergraduate students entering graduate school are not "former students" for readmission purposes. They are classified as new graduate students who must be properly admitted to the School of Graduate Studies before attempting the registration process.

GRADUATE STUDENT INFORMATION

Application for Graduate Study

Students who wish to work toward a graduate degree must be admitted to the School of Graduate Studies. Applications for admission are available in the Graduate School Office on 920 W. Maple St. and on the web at <https://goldlink.etsu.edu>

ADVISEMENT INFORMATION

Advisement Resources Career Center

The Advisement Resources and Career Center (ARC) is located on the second level of the D.P. Culp University Center next to the Bookstore, phone: 439-8650. The ARC is open Monday - Friday - 8:00 a.m. - 4:30 p.m. The ARC incorporates several academic and student support services including the University Advisement Center; Adult, Commuter and Transfer Services (ACTS); **Career and Internship Services**, **Medical Professions Advisement**, Peer Career Center, University Tutoring Services; and the Office of the Associate Dean of the College of Arts and Sciences.

The ARC is staffed by professionals who evaluate students' academic progress as it relates to their personal aspirations and career goals. In addition to advising students, referrals for additional academic assistance are made when necessary. The ARC is user-friendly so that students can access advisement, career, and support services without ever leaving the facility. The ARC serves as a primary resource for students who have a variety of needs including those who are entering the university for the first time, those who are unsure about an academic major or career option, and those who wish to take advantage of various academic support services to enhance their classroom learning.

Undergraduate Academic Advisement

All students with less than 60 credits earned are required to meet with an advisor prior to registration. First-time transfer students are required to meet with an advisor prior to registration for their first and second terms of enrollment. These guidelines are the minimum advisement requirement. Some colleges and departments may have additional advisement requirements. Students should consult with their academic advisor to determine advisement requirement.

An advisor can be assigned or changed by contacting the advisement coordinator for the college or school in which the student's major is offered. Please refer to the advisement coordinators section below.

Students who have declared a major should see an advisor in that major. Students who have not declared a major or who are taking Developmental Studies Program courses should go to the University Advisement Center located on the second floor of the D.P. Culp Center in the Advisement Resources and Career Center (ARC). Students who are only taking developmental math courses should see their major advisor. Students taking classes in Bristol or Kingsport may contact these centers for advisement information. Other areas may contact the student to discuss additional advisement opportunities such as Athletics, Adult, Commuter and Transfer Services (ACTS), Student Support Services, Medical Professions, and other Pre-Professional areas.

GENERAL INFORMATION

Adding and Dropping Courses

Adding a Course: A course(s) may be added during the late registration/late add period without special permission, unless the course has reached the established maximum enrollment. To add any class that has reached the enrollment limit requires permission of the instructor and department chair. After the late registration/late add period, special permission must be obtained from the instructor, the department chair, the dean, and the registrar.

Dropping a Course: A course(s) may be dropped during the first eight calendar weeks of a regular semester. Courses dropped during the first two weeks will not appear on the student's permanent record. Students who drop a course after the second full week of classes through the eighth calendar week will receive the grade of 'W.' (During the summer session, or when courses do not conform to established term dates, this schedule is adjusted appropriately to fit the condensed time frames.)

Developmental Studies courses cannot be dropped without written permission from the University Advisement Center located in the ARC on the second level of the D.P. Culp Center.

After the eighth week, students may not drop a course except where verifiable, extenuating circumstances can be demonstrated. Verifiable extenuating circumstances are reasons beyond the control of the student, such as illness or accidental injury. Poor performance in a class is not an extenuating circumstance.

Students seeking permission for late drops must present a petition to the dean of the college or school in which they are majoring as of the beginning of the semester. Students whose majors are undecided must apply to the Office of Undergraduate Student Advisement located in the D.P. Culp University Center. If a late drop is approved, the student will receive a grade of 'W' (Withdrawn) or 'WF' (Withdrawn-Failing), as assigned by the instructor of the course.

Dropping classes may impact the students' future financial aid eligibility, including Lottery Scholarship. Students should be familiar with the ETSU Financial Aid Satisfactory Academic Progress Standards. See your Financial Aid Counselor BEFORE dropping classes.

Withdrawing from the University

Students may withdraw from all classes through the published last day to withdraw for a term. Students withdrawing during the first two weeks of classes will not have those courses appear on their permanent records. Withdrawals from the university from the beginning of the third week through the end of the eighth week will be recorded with a grade of 'W.' Withdrawals from the university after the eighth week will be recorded with a grade of 'W' or 'WF' at the discretion of the instructor. (During the summer session or other shortened terms, this schedule is adjusted appropriately to fit the condensed time frame.) All requests for withdrawal from the university must be received in the Office of the Registrar no later than the close of business hours two days before the last day of classes of any academic term. Students will not be permitted to withdraw from the university after that date.

Students who do not withdraw by the official procedure will receive an 'F' for each course.

Withdrawing from the University may impact the students' future financial aid eligibility, including Lottery Scholarship. Students should be familiar with the ETSU Financial Aid Satisfactory Academic Progress Standards. See your Financial Aid Counselor BEFORE withdrawing from the University.

Student Responsibility to Verify GoldLink Transactions

When doing any scheduling transaction using *GoldLink* (example: dropping, adding, withdrawing) it is the student's responsibility to verify that transaction by checking the status on the student detail schedule on *GoldLink-Online*. This will ensure that the action has been completed successfully. The student is responsible for confirming that the drop or withdrawal was received and correctly processed using *GoldLink*. Students stating they "attempted" to drop or withdraw by *GoldLink* but the transaction was not completed will not be permitted consideration of a late drop or withdrawal.

Change Of Name Or Address

It is the obligation of every student to notify the Office of the Registrar of any change in name or address. Failure to do so can cause serious delay in the handling of emergencies at home. Change of name may only be accomplished by presenting proper legal documentation.

Full-time students (12 credits or more) may take courses at Milligan College and Emmanuel School of Religion. Courses taken through this agreement may be used for elective credit only. Students who wish to cross enroll under this plan may obtain additional information from the Office of the Registrar, Burgin E. Dossett Hall, Room 101.

Undergraduate Class Load Policy

Standard Load: The minimum number of credits for full-time enrollment is 12 credits. The normal (average) course load is 16 or 17 credits for full-time students. The maximum course load is 19 credits, unless permission for an overload is approved.

Overload: The academic advisor and the dean of the student's college/school must approve, in writing on the appropriate form, registration for an overload. Following completion of 45 credits, students with a cumulative 3.0 GPA may be approved for up to 21 credits. Graduating seniors who do not have grade point deficiencies, may be approved to enroll for up to 21 credits in order to complete graduation requirements during that term. Audit enrollment will be included in determining all class overloads.

Probationary Load: Any student on academic probation at the time of registration may enroll for not more than 13 credits, including audits, except by approval of the student's advisor and college/school dean.

Regulated Enrollment Load: Any student admitted to the regulated category may enroll for not more than 12 credits hours, until such time as they progress beyond the classification. Exceptions require approval of the student's advisor and college/school dean.

Exceptions: Exceptions to the class load policy, as stated above, require approval of the academic advisor, college/school dean, and the Vice President for Academic Affairs (or designee).

Graduate Class Load Policy

Graduate Course Load: The course load for full-time graduate students is 9 credits per term.

Graduate Assistant Course Load: All graduate assistants are required to take a minimum of nine graduate-level credits each term. Full-time graduate assistants/tuition scholars may not exceed 13 graduate-level credits each term; half-time graduate assistants may not exceed 15 graduate-level credits each term. Graduate assistants may take 15 graduate credits only with approval of the departmental advisor. Requests for exceptions to this policy will be decided individually through consultation with the department chair and the approval of the dean of Graduate Studies prior to the beginning of the term.

Audit Policy

Students are permitted to enroll in regular university courses as auditors. Registration fees are the same for audit as for credit. Regular attendance is required. Audit enrollment will not be considered part of the 12-credit minimum required for a full-time load. Audit enrollment will be counted in determining overloads.

After the published "Last Day to Add a Course" students may not change their enrollment status in a course from credit to audit or from audit to credit.

Persons 60 years of age or older who are domiciled in Tennessee may audit courses without payment of registration fees, if space in the classroom is available. Arrangements should be made through the director of Admissions. Other unclassified part-time students may enroll for noncredit seminars by paying the fee designated for each term.

Students auditing courses may be administratively dropped by the instructor for unsatisfactory class attendance.

Undergraduate Pass/Fail Grading Policy

The purpose of this policy is to allow qualified undergraduate students to explore, in a limited manner, their interests and ability in courses of study that are unfamiliar to them and to receive a pass or fail grade instead of a regular letter grade. Consult the current Undergraduate Bulletin for the complete policy.

Repeating a Course

The following regulations apply to repeating undergraduate courses:

1. A course in which an undergraduate student has an "A or B" grade may not be repeated.
2. If a course in which the student has a "C, D, or F" grade is repeated, only the most recent grade earned (excluding "I, W, or WF") will be used in calculating the grade point average, except that all grades earned in the third and subsequent attempts will be used in calculating the grade point average.

Please inform the Office of the Registrar when enrolling in courses in which the first attempt was prior to Fall 1991 or in courses that have had number changes since the first attempt.

ACT or SAT Requirement

All freshmen under 21 years of age enrolling for the first time for regular degree credit programs will be required to take the ACT or SAT test and have scores on file in the Office of Admissions before registering. The requirement that new students take the ACT or SAT test is part of a plan adopted by the Tennessee Board of Regents to better assess students' abilities and improve their progress at all of the institutions governed by the regents. ACT or SAT scores will be used to identify students who may need developmental studies to improve their performance in degree programs.

Academic Dismissal

Period of Suspension

Students on probation who do not meet academic retention standards shall be suspended from the university for one term. The summer session may not count as a term of suspension. On the second (or subsequent) suspension for failure to meet academic retention standards, the period of suspension is for two terms or longer and requires that the appeal procedure for reinstatement be followed.

Appeals for Readmission Following Suspension

Where extenuating circumstances are established as primary factors relating to low grades, a student may petition to waive the period of suspension. This petition must describe the verifiable, extenuating circumstances which may include: illness as evidenced by medical documentation; personal problems; accidental injury; or other circumstances beyond the student's control.

Upon receipt of (1) the written petition, (2) a current academic transcript, and (3) any supporting documents, a preliminary decision will be made as to whether there are satisfactory, extenuating circumstances to warrant a formal appeal hearing. If granted, the student will be notified of the time and place of the appeal hearing before representatives of the Office of Student Affairs and the dean's office of the student's major area of study. If the appeal hearing is declined, the student may contact the academic dean in the college in which the student is majoring for a review of the decision.

Declaring a Major

Undergraduate students must declare a major in the first term after completion of 60 credits. Transfer students who transfer in excess of 60 credits must declare a major by the end of their first term at East Tennessee State University. See the college or school of the new major for details and change of major forms.

Degree and Graduation Requirements Notice (Intention to Graduate, Application for the Degree, Exams)

Undergraduate students are asked to file a notice of Intention to Graduate with the Office of the Registrar one year before the anticipated graduation date in order that a graduation audit can be started. All graduating students will be required to take the Core Exit Exam before receiving their degree and some majors will be required to take an exam in their major field. Students are required to complete these exams with due seriousness and diligence. For specific requirements, check with the departmental office of your major.

Graduate Students, see Graduate Student Information section in this bulletin for filing forms.

Classification of Courses by Level

All courses in the 1000 series are freshman courses, all in the 2000 series are sophomore courses, all in the 3000 series are junior courses, and all in the 4000 series are senior courses. All 5000, 6000, and 7000 series are graduate courses. Undergraduate students may not enroll in courses numbered higher than one level above their current classification (See Classification Codes). For example, a sophomore may enroll for junior courses but may not enroll for senior courses. This policy does not apply in the College of Business where 3000 and 4000 level courses are open to juniors and seniors who have completed the appropriate course prerequisites.

COMPASS Testing

Contact the Testing Center to schedule appointment date and time for COMPASS test. To do this, you may call (423) 439-7842, or email testing@etsu.edu, or register online at:

Eligibility for Deferment of Payment of Tuition and Fees by Certain Eligible Students Receiving U.S. Department of Veterans Affairs or Other Governmentally Funded Educational Assistance Benefits

Servicemembers, veterans, and certain veterans' dependents that are eligible beneficiaries of United States Department of Veterans Affairs education benefits or other governmentally funded educational assistance, subject to the conditions and guidelines set forth in Tennessee Code Annotated 49-7-104 as amended, may request, upon application, to defer payment of required tuition and fees until the last day of the term. Application for a deferment must be made no later than 14 days after the beginning of the term, and the deferred amount cannot exceed the total monetary benefits expected for the term. Students granted deferments are expected to make timely payments towards tuition and fees once education benefits are being delivered. Eligibility for continued deferments shall terminate if the student fails to abide by the rules or regulations, or to act in good faith in making timely payments. [This notice is published pursuant to Public Chapter 279, Tennessee General Assembly Acts of 2003, effective July 1, 2003.]

Student Health Services

The Student Health Clinic is located in Room 160 in the Roy S. Nicks Building. The phone number is (423)439-4225. The clinic office is open Monday-Friday from 8 a.m. to 4:30 p.m.; same-day appointments are available. Health services at the clinic are available to all currently enrolled ETSU students. A valid current student ID card is required.

Appointments: Students are advised to call Student Health Services early in the day to schedule a same-day appointment with a Nurse Practitioner. During high volume times, the number of available appointments may need to be limited. Students unable to be seen on a same-day basis will be offered several other options including an evaluation by a Registered Nurse, an appointment the following day, or a referral to an off-campus urgent care facility. All specialty appointments (women's health or physician consultation) must be scheduled in advance. Full time students must provide proof of receipt of the first MMR vaccine dose prior to the first day of class of the student's initial semester at ETSU. Subsequently, the student who is completing the MMR vaccination series as a condition of enrollment must submit receipt of the second dose of the MMR vaccine as soon as possible after the prescribed twenty-eight (28) day waiting period between doses, but no later than the beginning of the next semester.

Note that the following categories of full-time college and university students are exempt from compliance with the MMR immunization regulation:

Students born prior to January 1, 1957

Students who provide a signed written statement, affirmed under penalty of perjury, that their religious tenets and practices prohibit their receipt of any type of vaccination (Note: A parent or guardian must sign the statement if a student is under the age of eighteen (18) years. The statement need not be issued by a member of the clergy.

Students with written documentation from a physician certifying that they are allergic to the MMR vaccine.

Students who attended a public or private school in Tennessee for grades kindergarten through twelve for any period of time on or after July 1, 2001

Students who graduated from a public or private Tennessee high school between May 1979 and December 1998 are not required to provide proof of immunization with the first dose of the MMR vaccination.

Students who were previously enrolled as a full-time student at a TBR college or university for at least one full semester after August 1, 2007.

Meningitis/Hepatitis Policy

The State of Tennessee mandates that all students be informed about Hepatitis B infection. Those students who will be living in on-campus housing must also be informed about the risk of meningococcal meningitis infection. A waiver indicating that the student is aware of the risks of the diseases and the availability of vaccines for the diseases of hepatitis and meningitis must be signed. The waiver may be signed electronically on Goldlink as the student starts to register for classes. Goldlink will tell the student that a hold has been put onto his account and will not allow registration. The waiver will then appear for completion. After completion of the waiver, the student may resume registering. If the student is less than 18 years of age the waiver may be obtained from the web site of Student Health Services (www.etsu.edu/studenthealth) or calling Student Health Services (423)439-4225. A parent must sign the waiver if the student is less than 18 years of age. The waiver may be faxed to Student Health Services at (423)439-4560. The law does not require hepatitis or meningitis vaccinations for enrollment at this time.

Tobacco-Free Campus

Policy

Effective August 11, 2008, ETSU is a Tobacco-Free Campus, with smoking and all other tobacco usage permitted only in private vehicles. This policy applies to all university buildings/grounds; ETSU-affiliated off-campus locations and clinics; any buildings owned, leased or rented by ETSU in all other areas; and ETSU facilities located on the campus of the James H. Quillen Veterans Affairs Medical Center at Mountain Home. Tobacco use is also prohibited in all state vehicles. This tobacco-free policy is in effect 24 hours a day year-round.

Background

The university promotes a healthy, sanitary environment free from tobacco smoke and tobacco-related debris. The ETSU community acknowledges that long-term health hazards may accrue to people who use tobacco products or who are subjected to second-hand smoke. The failure to address the use of tobacco products on campus would constitute a violation of the Americans with Disabilities Act, the Vocational Rehabilitation Act and Tennessee law.

Support

Understanding the addictive nature of tobacco products, ETSU will make every effort to assist those who may wish to stop using tobacco. The university offers current information about available resources via <http://www.etsu.edu/humanres/smokingcessationresources.htm>.

Compliance

It is the responsibility of all members of the ETSU community to comply with this Tobacco-Free Campus Policy. Violations of the policy will be dealt with in a manner that is consistent with university procedures. There shall be no reprisals against anyone reporting violations of this policy.

Hold

Registration will be blocked for students having outstanding academic, financial, clinic, or similar obligations at the time of registration. Transcript service will be blocked for financial holds. Registration will be permitted only when the hold has been cleared by the office responsible for the hold. Check to see if on hold. Personal Data and Registration Information Forms will be placed in campus mail boxes for all students currently enrolled; holds at the time the form is printed will show on the form. Clear the hold with each office listed on the form. Offices clear their holds directly. Holds cannot be cleared in the registration area.

Inclement Weather Policy

East Tennessee State University and its branch campuses will normally remain open during periods of inclement weather. However, under certain extreme conditions, the president may elect to officially close (or suspend selected activities of) the university and/or branch campuses or the Nave Center. Determination of extreme conditions will be made as early in the day as possible and broadcast on area radio and TV stations. Announcements of closing or suspension of activities will be broadcast every 30 minutes on WETS-AM and WETS-FM.

Students are responsible for any academic work which they miss as a result of inclement weather. It is the individual student's responsibility to take the initiative in making up any missed work, and it is the faculty's responsibility to provide students a reasonable opportunity to make up missed work.

Public Safety

The main objective of the Department of Public Safety is to ensure a safe, crime-free environment for the students, staff, and faculty of ETSU. The Department of Public Safety is located at the main entrance, east side, on University Parkway. Personnel are on duty 24 hours a day to assist you. The emergency number is 911 or (423) 439-4480; for business and for non-emergencies the number is (423) 439-4480.

Campus Security Report

East Tennessee State University makes available to prospective students and employees the ETSU Security Information Report. This annual report includes campus crime statistics for the three most recent calendar years and various campus policies concerning law enforcement, the reporting of criminal activity, and crime prevention programs. The ETSU Security Information Report is available upon request from East Tennessee State University, Department of Public Safety, Box 70646, Johnson City, TN 37614-1702. HOW TO READ THE SCHEDULE

Course I.D. Number

The course I.D. number consists of three parts:

- The Subject Abbreviation (Abbrev.)** - The first four characters of the course I.D. number refer to the academic subject under which the class is offered. See subject codes under General Information.
- The Catalog Number (Cat. #)** - Characters five through eight of the course I.D. number. These four numbers refer to the course description listed under this program in the University Catalog. The first digit of the catalog number indicates the level of the course.
- The Section Number (Sec. #)** - The last three digits of the course I.D. number make the course unique.

Credits

The credit (CR) value represents the number of term-hours credit of a particular section.

Standard Day Class Times

The length of class periods is determined by dividing the minimum required teacher/student contact time by the number of class meetings in each session. The minimum required lecture contact time is 750 minutes per hour of credit. Classes with a laboratory component will always exceed the minimum (and is usually at least double the minimum) time for lecture only classes. The ETSU calendar and standard class periods are designed to insure that 3 credit hour courses will meet the minimum teacher/student contact hours for a given term. Standard meeting times below are for the sessions indicated.

Department of Biological Sciences, 125 D.M. Brown Hall, 439-4329

NOTE: ALL students wishing to take BIOL courses 2000 or above must come to Brown 125 to obtain a permit for these classes.

NOTICE TO BIOLOGY MAJORS: IT'S IMPERATIVE THAT YOU READ THE ADVISING POLICY BELOW: All biology majors will be (1) assigned an advisor; (2) advised to graduation; (3) advised by their biology advisor in order to remove their registration hold; (4) receive permits by their advisor for all 2000 or above classes. It is strongly advised that you establish a good working relationship with your advisor and familiarize yourself with this process. Biology majors being regularly advised have first preference for many BIOL courses.

NOTICE TO PRE-PROFESSIONAL (PRE-MED, VET, PHARMACY, ETC.): This policy does not affect the 1000 level courses in biology needed to complete basic recommended courses for your pre-professional program. ALL courses above the 2000 level will require you to come to Brown 125 for a permit, or to answer any questions you have regarding registration in the upper level courses. IT IS RECOMMENDED: If you are considering biology as a major, it is to your advantage to declare this as early as possible. You can still take advantage of pre-professional advising that will guide you through the process of applying to professional schools.

CSCI 1100 is a required proficiency for all Freshman students. A proficiency exam or CSCI 1100 must be taken before you will be allowed to register as a Sophomore. This does not count as a UIT intensive course. A portion of this course will be taught using ETSU's distance education system. Section 060 is a section for students who would like more in-class participation. Students must have a permit to enroll in this section. For permits, go to 107 Gilbreath Hall. For more information about section 060 call 439-6970. Please contact UIT office at burke@etsu.edu or 439-6970 for more information.
