

## WIPR—Works in Progress Review

Students not currently enrolled in ARTA 2916 Works in Progress Review:

If you did not enroll in WIPR this semester but intend to complete the review process this semester, we will need to complete a late add form for you. The forms will be available during your scheduled review time. Once the form is completed, you will need to follow the normal university requirements for completing the late add and registering for the course. Late adds require special permission from the instructor, the chair, and the Associate Dean for Student Affairs for the College of Arts and Sciences (Go to Arts and Sciences in the ARC, Culp Center).

ARTA 2916 Works in Progress Review is a **required prerequisite** for ARTA 4916 Portfolio and Exhibition. Students are **not allowed** to enroll in ARTA 4916 without successfully completing ARTA 2916. Students **may not** be enrolled in ARTA 2916 and ARTA 4916 concurrently.
