Student Pledge of Commitment:

- I am committed to the mission of the PHLLC, which aims to foster a strong community of Pre-Health students conducive to learning. I understand that the foundation of any learning community is its students, and its success depends on our ability and willingness to treat community members and others with respect and civility in and out of the classroom.
- I understand that my participation in the PHLLC is a yearlong commitment for the fall and spring semesters.
- I understand that I must live on the PHLLC-assigned residence hall floor to participate in this program.
- I understand that I must continue to pursue a Pre-Health program of study to remain as a community member of the PHLLC and reside in PHLLC-assigned housing.
- I will participate in Preview and all PHLLC move-in activities.
- I will complete any required courses for the PHLLC in the order required.
- I will attend and complete any required tutoring sessions and/or study halls.
- I will participate in PHLLC weekly/monthly meetings and events.
- I will take an active role in establishing goals for the PHLLC and will participate in evaluation and reflective activities.
- I understand that if I do not meet these commitments, I will relinquish my PHLLC assignments which include but are not limited to course sections and resident hall assignment. It is my responsibility to register for alternate courses if dismissed from the PHLLC program.
- I give permission for any photographs taken of me participating in the PHLLC to be used by the university in publications and/or web site.
- I understand there is a $100 fee to participate in the PHLLC.

Professions Advisement Program (MPA) and the Department of Housing and Residence Life Pledge of Commitment:

- We will provide a supportive and interactive living-learning community environment in a residence hall on campus for students interested in pursuing careers in health-related fields.
- We will provide courses to be taken as a group within the PHLLC.
- We will offer PHLLC students opportunities to connect with other students interested in health-related fields on individual and group levels.
- We will provide a mentor who lives within community-assigned housing, and helps facilitate community engagement among students living in the PHLLC through community events/activities.
- We will offer tutoring sessions on a weekly basis to encourage academic success.
- We will coordinate with health-related organizations, faculty, staff, and students to provide networking opportunities.
- We will provide students access to special resources, programs, activities, and professional development opportunities each semester.
- We will offer pre-professional academic advisement and program planning sessions.
