- When the teacher has met the process specifications above, and qualifying Praxis II exams, he/she will be eligible to add the new teaching endorsement to the existing Tennessee license. To obtain the necessary verification of completed process:

Have qualifying Praxis II score reports submitted to ETSU College of Education, Recipient code #1198. The score reports must come directly from the Educational Testing Service to the College of Education. Copies of the examinee's score report will not be accepted.

The candidate must submit to the Certification Officer in the College of Education the appropriate application for amendment to licensure with official transcripts of all college credit.
