TRANSCRIPTS
A complete set of your official transcripts are required and must be submitted to the Office of Admissions by July 3, 2017. All transcripts from previous schools attended must be forward to Quillen, even if already sent to AMCAS. A transcript request form can be found in the document section of MyRecordTracker®.

LOCAL CONTACT INFORMATION
To avoid missing an important phone call from anyone at Quillen (long distance dialing is frowned upon), we suggest you obtain a cell phone with a local (423 area code) number. Google Voice is an excellent option and it allows you to retain your current number.

HOUSING
The Office of Student Services maintains an online listing of apartments, townhouses, condominiums, and houses for rent or for sale. The listings are submitted by current and graduating students, medical residents, and local landlords/listing agents in the community. The website can be accessed at: http://www.etsu.edu/com/studentsvcs/housing//default.php
You are encouraged to check the site often as the listings will be continually updated through the summer months. It’s also a good idea to make housing arrangements early. If you are interested in having a roommate, we encourage you to communicate what you are looking for to Student Services (i.e., likes cats, tolerates dogs, within 1 mile of campus, cooks often or never), whatever you think is important in a roommate, and we will try to discreetly share your information with other medical students based on your preferences. We will not make these arrangements for you but will share preferences and contact information only. It will be up to the individual to make contact and all further decisions regarding suitability.

ETSU also provides an array of housing opportunities on campus for both individuals and families and a few of our students do live on campus. If you are interested in this type of housing, please follow this link: http://www.etsu.edu/students/housing/

If you are visiting Johnson City to find housing and would like an enrolled student to show you around, this may be possible through prior arrangement with either Sue Russell (423-439-2019) or Amanda Cole (423-439-2033). Please call as much in advance as possible. We can also provide you a map of Johnson City.

INSURANCE
Three types of insurance are required of all medical students for the entire period of their enrollment at Quillen. Details follow:

Disability Insurance
As a condition of enrollment at the College of Medicine, all students are required to purchase and maintain disability income insurance. The fee for the AMA-sponsored student disability income insurance is currently $48.00 but the amount is subject to change for the upcoming academic year. The annual fee will be included on your fall fee bill. For benefit information, please see the current Schedule of Benefits at: http://www.etsu.edu/com/studentsvcs/healthcareinsurance/insurance.php
Health Insurance
Students are also required to purchase and maintain health insurance as a condition of enrollment. All students must provide documentation of health insurance to the Office of Student Support Services on an annual basis. This information must be initially provided by July 3, 2017. Complete the Insurance Declaration Form, which is attached to this email, and upload to MyRecordTracker® along with the front and back of your insurance card. If you need assistance in obtaining coverage you may contact:

Pat Mayers-Hall with Licensed Life, Health, and Medical Supplement Agent
1915 NW Amberglen Parkway, Suite 300
Beaverton, OR 97006
Phone: (800) 259-0455 ext. 204
FAX: (503) 924-5934
Email: PatM@Fortegra.com

OR

Malpractice Insurance
Currently, student malpractice insurance is provided by Quillen College of Medicine, Office of Student Services without cost to the student. Our vendor is State Volunteer Mutual Insurance Company.

HEALTH AND IMMUNIZATIONS:
All entering students must provide evidence that they meet specified health and immunization requirements, prior to beginning medical school as required by the AAMC. The information and necessary forms can be found via the online system MyRecordTracker®; please refer to their email previously sent to you. Deadline for submission is July 3, 2017.

Failure to meet the above requirements and conditions WILL affect your matriculation.

Basic Life Support (BLS) for Healthcare Provider Certification Requirement:

As an entering student of ETSU Quillen College of Medicine, you are required to become certified in BLS for the Healthcare Provider (NOT Adult CPR nor Child CPR). It is REQUIRED that:

1. Certification is completed during July, (prior to orientation) so that you can recertify before starting third year [valid for two years].
2. A copy of your card must be uploaded to your personal file in MyRecordTracker®.

Certification in your home town:
Most community / area hospitals offer certification classes, or you can search online for the nearest site that provides classes and certifies based on the American Heart Association guidelines for Healthcare Provider certification (NOT Adult CPR nor Child CPR).
Renewal Requirement: Certification is valid for two years and you must re-certify prior to the expiration date on your card. You are responsible for the renewal of your BLS certification prior to starting your third year clerkships and can be uploaded to your personal file in MyRecordTracker®.

You will be required to provide, again, an updated copy of your certification card during orientation for the third year. Proof of certification is a requirement of the AAMC VSAS Application Service to schedule / participate in visiting electives during the fourth year. As you enter residency, you will be required to present your current BLS Healthcare Provider card as a prerequisite for Advanced Cardiac Life Support (ACLS).

ORIENTATION TO MEDICINE
Your orientation is scheduled for July 17 & 18, 2017 classes will begin on Wednesday, July 19. Orientation is required of all students entering medical school. The week will be capped off by the White Coat Ceremony on Friday, July 21. We encourage you to invite family and significant others to this ceremony.

COMPUTER REQUIREMENTS
All entering medical students are required to have a portable computer (laptop). Information can be found at:

Further correspondence will be forthcoming at intervals throughout the next few months. We are excited about your joining us and the entire Quillen family. If we may be of assistance to you in any way, please do not hesitate to call on us. Please be sure to observe the deadline dates specified in this document.

Best wishes for a restful and exciting spring and we will see all of you soon.

Sincerely,

Dr. Thomas E. Kwagiroch
Associate Dean for Student Services
Professor, Department of Anatomy and Cell Biology
Director, Medical Human Gross Anatomy
Director, Anatomical Gift Program
