1. Please list and describe your Short-Term Goals (One Year):
  - Sponsor one or more sessions at NADE 2005.
  - Continue discussion on Yahoo e-mail group.
  - Publish three newsletters.
  - Look towards publishing proceedings of math sessions from NADE conferences.
  
2. Please list and describe your accomplishments to Date:
  - Three SPIN-sponsored sessions have been proposed and approved to be on the program. Diane Martling has assembled panels to speak at the sessions. Topics will be assessment, technology, and a forum for idea sharing.
  - Yahoo e-mail group is used, though not as frequently as some years.
  - Newsletters were published in February, June, and November, and published on the web page.
  - All newsletters from 1990-97 that we could find were scanned and placed on the web page.
  - The domain name [www.nademathspin.org](http://www.nademathspin.org) was purchased through Yahoo at a cost of \$29.85 for a three-year period to provide a set URL for the main page of the Math SPIN's web page in case the webmaster and hosting site change in the future.
  - We were asked by AMATYC (American Mathematical Association of Two-Year Colleges) to provide an official response to the draft version of their Standards 2006 document. A committee of eight SPIN members performed this task. Members working on that are Katherine Safford-Ramus, Marva Lucas, Annette D. Hawkins, Victoria McClendon, Sandra Walker, Nancy McCormick, Donna Saye, Shawna Mahan, Isolda Levina, and Amy Getz.
  - No one has volunteered to put together proceedings of math sessions. One more call will be issued after the first of the year.
  
3. Please provide your recommendations for Future Action:
  - Continue support of SPIN activities.
  
4. Please list and describe any specific issues for NADE Board response:
  - The SPIN Leader's Handbook suggests that a directory of SPIN members be made available to the group. A recent e-mail from Carol O'Shea warned "Just remember that you can't post this

info to a website or publish it in any form without prior Board approval since many of these individuals have asked that their information not be shared." On the surface, these two mandates seem at odds with each other. Perhaps the board would want to consider reconciling these two charges.

5. Does the NADE Leadership Directory ([www.nade.net](http://www.nade.net)) accurately reflect the names and contact information of your leaders? **Check One**  **Yes**  **No** please attach an updated list.

Please list contact information for the designated Chairperson's fee waiver recipient. (Limit of one fee waiver per group (See Policy Handbook D-2, III, C.4.e)
