Understanding Your Financial Aid Award Notice

Your award notice may include one or more of the types of aid below. You must meet specific criteria to be eligible for each award:

**Pell Grant**
Pell grant amounts are calculated by the federal government based upon the information you provide on your FAFSA. The amounts vary based on your enrollment. For 2016-2017 the minimum amount is $589 and the maximum amount is $5,815. For 2017-2018, the minimum amount is $593 and the maximum amount is $5,920.

**FSEOG - Federal Supplemental Educational Opportunity Grant**
FSEOG is a federal, need-based grant. To be eligible to receive FSEOG, you must be enrolled half-time (at least 6 credits) and meet academic progress requirements. Annual awards range from $100 - $4,000, depending upon availability of funds.

**Lottery and State Grant Funding**
Tennessee Lottery Scholarships and Tennessee Student Assistant Awards (TSAA) may not be included in your original award package. These awards are added to award packages as eligibility rosters are received by Tennessee Student Assistance Corporation (TSAC). Please note that estimated Lottery awards are subject to change. Information relating to Lottery funding can be found at http://www.etsu.edu/scholarships/. For information regarding TSAA Grant Funding, please visit http://tn.gov/collegepays/article/tennessee-student-assistance-award.

**Federal Work-Study Program**
Federal Work Study (FWSP) employment is a first come, first serve program. A FWSP award does not guarantee a position. It is the student’s responsibility to secure a position. To search job postings, please visit Student Work Positions. Job postings for the new aid year are posted typically late May or early June.

**William D. Ford Federal Direct Loan (Direct Loan) Program**
The Direct Subsidized Loan program enables students to borrow directly from the federal government. Students pay no interest on the loan while enrolled at least 6 credits. Payments will normally begin six months after the student is no longer enrolled at least half-time, stops attending for more than 6 months, or graduates. The student may be allowed up to 10 years to repay the loan.

Direct Unsubsidized Loans are low-interest loans also borrowed directly from the federal government. Students are responsible for paying the interest that accrues throughout the life of the loan. Students may opt to pay the interest while in school to reduce the amount of compounded interest. Payments will normally begin six months after the student is no longer enrolled at least half-time, stops attending for more than 6 months, or graduates. The student may be allowed up to 10 years to repay the loan.

**Charges to Student Accounts**
Financial aid funds are applied to your student account. Funds will be used to offset tuition and fee charges. Any remaining funds will be issued as a refund. Review your address in GoldLink for accuracy. Any unpaid balance must be paid by the payment due date to preserve your registration schedule.

**Communication**
Check your ETSU email frequently. The Financial Aid Office will send you important notices on the status of your funding.
Policies that May Affect You:

Satisfactory Academic Progress Policy for Financial Aid Recipients

Students receiving financial aid, including Tennessee Lottery Scholarships, must be in good standing at East Tennessee State University and maintain satisfactory academic progress. Please read and become familiar with the College’s Satisfactory Academic Progress Policy for Financial Aid Recipients available on the Financial Aid website.

Withdrawal & Refund Policies

Students who wish to withdraw or drop courses must follow the University’s withdrawal policy. If you officially withdraw, drop, or stop attending all courses you may be required to repay all or part of the financial aid disbursed to you in the term you withdraw.

Students receiving federal funds may be required to repay aid determined to be "unearned." The earned/unearned calculation is based on the percentage of days you attended during the term in which you withdrew/dropped. The amount of aid you have earned is determined on a pro-rata basis. That is, if you completed 30% of the term in which you withdrew/dropped, you earn 30% of the federal aid you received. Once you have completed 60% of the term, you are considered to have earned all of your aid.

Please Note:

1. You may also be required to repay other federal, state, institutional, or private student financial aid programs based on the terms and conditions associated with those programs.

2. East Tennessee State University is required to return to the applicable federal program account the unearned percentage of federal funds. You may be billed by the University for any funds returned on your behalf.

3. ETSU’s tuition refund policy is separate from the federal requirement to return unearned aid. Whether or not you receive a tuition/fee refund has no bearing on the amount you must repay under this formula.

Attendance

Attendance in all classes for each term must be verified by the instructor. If an instructor fails to report a student’s attendance aid may be reversed for that class and the student will owe the funds back to ETSU. Once attendance is reported, aid will be recalculated and placed back on the student account.

Transfer Students

Transfer students who are eligible for financial aid funds must have all prior academic transcripts evaluated for standards of academic progress before financial aid funds can be disbursed.

There are additional financial aid policies you should familiarize yourself with by referring to the financial aid website.
