E. Report from Academic Council – Dr. Marks

Dr. Marks reported Academic Council presented four proposals. The proposals are establishing a new concentration in MALS, Applied Theatre Pedagogy, establishing a new graduate certificate of Reinforcing Education through Artistic Learning, establishing a new graduate certificate of Community College Leadership, and revising DNP Admissions Policy. Other proposals presented are revision of the Guidelines for Graduate Faculty Appointments which was approved. Additional, Dr. Marks stated a report regarding 2016 fall enrollment was presented by Dr. Mike Hoff.

F. Old Business

Dr. Maxson gave a summary report regarding the Annual Graduate Studies Award ceremony on April 20. Dr. Maxson stated the award ceremony had good attendance and both students and faculty was happy with the program. There was approximately 90 to 100 awards recipients. Also, the awards program was scheduled for an hour, however, for future graduate studies' award ceremony it will be scheduled for an hour and half. This is due to increase interest by departments and number of award recipients. The council members made a few suggestions for the future such as, (Dr. Scarborough) giving the awards program to graduate coordinators at the next coordinator’s meeting and (Dr. Pack) suggested the colleges/departments submit the names of their awards recipients to Dr. Maxson earlier so the names can be printed in the program in a timely manner.

G. New Business –

The council discussed when the next meeting would be schedule since May 30 is a holiday. After much discussion, the council members agreed to schedule the next meeting for June 27th. This will give the subcommittees time to meet for curriculum proposals and graduate faculty review.

The council mentioned questions concerning the new governance and how that will impact the curriculum proposals. Dr. McIntosh stated that Dr. Bach and the Academic Council is researching.
