One in four adults—approximately 61.5 million Americans—experience mental illness in a given year.

One in 17—about 13.6 million—live with a serious mental illness such as schizophrenia, depression, or bipolar disorder.

Over 50% of students with a mental health condition age 14 or older, who are served by special education, drop out— the highest dropout rate of any disability group.

**With mental illness** on the rise, students need to be aware of resources and information that are **available to you!**

**Resources** will be available on Thursday, October 10th, from noon till 2:00pm, on the 2nd floor of the Culp Center. The booth will be sponsored by the Suicide Prevention Program and the Graduate Student Success Specialist.
