The Graduate and Professional Student Association (GPSA) of East Tennessee State University is a student-managed organization whose membership is open to all currently enrolled post-baccalaureate degree-seeking students.

The primary goal of the GPSA is to provide support and informational services that will encourage all graduate/professional students to: 1) become involved in institutional governance and development; 2) participate in student-sponsored activities; and 3) maximize their potential as students, educators, and researchers. The function and purpose of the GPSA will benefit not only all graduate/professional students, but also those undergraduate students interested in applying to post-baccalaureate degree programs at ETSU.

We serve all graduate and professional students enrolled in our School of Continuing Studies and our 7 colleges: Arts and Sciences, Business & Technology, Education, Medicine, Nursing, Clinical and Rehabilitative Health Sciences, and Public Health.

Degree: _____
