

East Tennessee State University

Symantec Campus Agreement Student / Employee Personal Computer Antivirus Request

East Tennessee State University (ETSU) has purchased the Symantec Campus Agreement, which allows all students, faculty and staff to use Symantec AntiVirus on their personal computers. You do not own the license or the CD; rather you are leasing the license and CD from ETSU for the term of the agreement. You will be required to remove the software from your home machine if the Campus Agreement is not renewed by ETSU, or if you leave the school. **The license entitles you to install this software on only one computer.**

ETSU has provided for this by allowing employees to obtain copies of the installation media. To cover the cost of the supplies and the equipment used to produce the copies, employees will pay \$5.00 for each CD they obtain. You will **NOT** receive hard copy documentation with this distribution. If you require a hard copy manual, check with bookstores that stock computer software manuals. No support for the installation or use of the software on your personal computer is provided, but you may use Symantec Support online at <http://www.symantec.com/techsupp>. Before obtaining or installing any software, you should examine the system requirements of the product to ensure your PC is capable of running the software. You can find this information at <http://www.symantec.com/Products/enterprise?c=sysreqs&refId=805>.

To purchase the software available through this agreement, you must provide the following three items:

- 1. A signed copy of this form with each statement listed below initialed**
- 2. A photocopy of your valid student or employee ID card attached to this form**
- 3. \$5.00 for each CD issued (NO refunds will be granted.)**

Take the completed form to the Cashier's Window in the Bursar's Office (Burgin Dossett 202) for payment. Then, bring the stamped form with the attached copy of your ID to the Office of Information Technology (Roy Nicks Hall 425) to pick up your CD. If a CD is unavailable, you will be notified by phone or e-mail when more copies have been created.

Check Products Desired		
Current Version	Number of CD's	Duplication Cost
Symantec AntiVirus 10.1 for Windows 2000, XP and Vista; Symantec AntiVirus 9.0 for Windows 95 and 98	1	\$5.00
TOTAL		

Please *initial* each statement:

- I will read and abide by the license agreement associated with this Software. This license appears at the beginning of the Software installation.
- I understand that no technical support is provided by East Tennessee State University.
- I understand the minimum specifications to run the Software as listed.
- I understand that if East Tennessee State University does not renew this agreement or exercise the buyout option or otherwise purchase perpetual licenses for the Software, then I must delete or remove the Software licensed under this agreement from my computer at the time the agreement expires or is terminated.
- I understand that I must uninstall this software upon leaving the University, and cannot install it on more than one computer.
