

Dear Class of 2013,

The Gatton College of Pharmacy has issued an updated requirement for incoming students regarding your **BLS (Basic Life Support) certification**. In addition to your immunizations and health insurance requirements, you will now need to present a copy of your certification in BLS by July 28. To find training locations, you may contact the American Heart Association at 1-877-AHA-4CPR or go to [www.americanheart.org/cpr](http://www.americanheart.org/cpr) and enter information in "Find A Class Near You".

You will want to take the BLS for Healthcare Providers course. You will receive a card or certificate, which you may copy and mail, fax, or scan/email to me at the same address for the immunizations/insurance documentation.

Please feel free to contact the Office of Student Affairs with any questions or concerns you may have.

**Michele Graybeal**
