The meeting was called to order by President Wanda Richardson at 2:30 p.m.

GUEST SPEAKER: President Richardson welcomed Mr. Calvin Cooper, Director of Parking Services, to the meeting. Before addressing the senate, Cooper asked Dr. Collins to give an overview and brief history of the campus parking study, which consisted of a timeline dating back to 2006 when Carl Walker, Inc. conducted the first official Campus Parking Study. In 2007 Desman Associates followed with a Parking and Access Plan with recommendations to build a parking garage, implement a value-based or use-based parking space allocation program, expand meter parking, and create a Parking and Transportation Services Department.

Cooper then expanded on the current programs of Parking Services and the projects they hope to implement on campus. The main concern, of course, is the lack of parking spaces for residential and commuter students, staff, and faculty. There are 5271 parking spaces for 13,900 students; a ratio of 2.64 - well above the national average. Obviously, Parking Services’ major goal is to address the parking dilemma, and Cooper stated he has established an open-door policy. He wants those who feel they have received a citation unjustly to sit down and talk with him and if there has been an injustice, it will be corrected. If the citations is valid, he will explain the regulations and why the action was taken.

MINUTES: Senator Constance Alexander made the motion to approve the minutes of December 8, 2008. Motion seconded by Senator David Robinson. The minutes were approved as distributed.
TREASURER’S REPORT: Senator Cindy Canter reported that $1,000 had been received from the Professional Staff Association. PSA was a long standing campus organization, but after a decline in membership, the group no longer meets. In addition to the gift, a balance of $5,635.56 remains in the operating account; no expenditures for the month.
