Transgender Support Group

- Do you feel like your body doesn’t match your gender identity?
- Do you feel like your birth sex doesn’t accurately describe who you are?
- Are you ever frustrated when people assume you are male or female based only on your appearance?
- Have you ever thought about transitioning from your birth sex to something else?
- Are you confused about or questioning your identity?
- Have you taken steps to make your physical appearance more consistent with your gender identity?

Did you answer yes to any of the questions above? If so, you may be interested in the Transgender Support Group.

A support group can provide students with a sense of community and help the group members emotionally, socially, and personally.

Topics for discussion will be determined by group members.
