I. PURPOSE

East Tennessee State University (ETSU) regulates the use of its campus property and facilities in order to be consistent with the college mission and educational purpose through the implementation of reasonable, content/viewpoint neutral regulations. This policy, and all campus policies developed in compliance with the policy, shall be implemented and construed so as to ensure no undue disruption of that mission, promote an educational atmosphere on campus; prevent commercial exploitation of students; preserve residential tranquility, and prevent use of campus property and facilities contrary to federal, state or local law, regulation, or the rules and policies of the Tennessee Board of Regents (TBR), the institutions, and schools.

In establishing this policy, and the related college policies, ETSU recognizes the importance to the educational process and environment for persons affiliated with the University including officially recognized student organizations and other groups to have reasonable access to, and use of, the educational facilities on campus, to hear various views. Simultaneously, ETSU also makes clear that its facilities are not open public forums, but are instead intended solely for use consistent with the advancement and orderly administration of its educational mission for the benefit of its students, staff, and affiliated entities. As such, ETSU does not ordinarily make its buildings or other facilities available to outside individuals or outside groups. Exceptions may be made only if the proposed use is consistent with this policy and institutional policy and mission.

This policy conforms to TBR Policy No. 1:03:02:10, TBR Policy No. 1:03:02:50, TBR Guideline B-026 TBR Policy 3:01:01:00, Organizations and Policy 3:02:00:01 General regulations on Student Conduct.

B. All persons on the campus, including faculty, staff, students, and guests, shall be subject to all rules and regulations of the university and the Tennessee Board of Regents which are applicable to the conduct of students on campus, and to all applicable federal, state laws and regulations. In addition, all persons who operate motor vehicles on the campus agree by such operation to be subject to university and Board rules, regulations, policies and procedures on traffic and parking.

C. All persons on the university campus must provide adequate identification, upon request, to any university official and/or security personnel. Personnel and students of the university who refuse to provide such identification may be subject to disciplinary action. Other such persons who refuse to provide such identification shall be requested to leave the campus. Should they refuse, they may be subject to lawful removal and prosecution.

IV. GENERAL CONDITIONS FOR USE OF PROPERTY OR FACILITIES

A. Use of campus property and facilities, as detailed in this policy, is subject to limitations on the number of persons who may attend in accordance with appropriate building regulations, fire codes, and safety standards.

B. All regulations and policy statements which relate to the conduct of assemblies, meetings and demonstrations of affiliated entities and individuals also apply to any and all non-affiliated group or individual use.

C. Sound amplification equipment may be used by entities, and individuals at assemblies, meetings, and demonstrations only when prior approval has been granted by the university. Such sound amplification is subject to reasonable regulation by the university with respect to time, place, manner, and volume.

D. University equipment may be used in connection with the use of campus property and facilities only with the approval of, or under the supervision of, approved university personnel.

E. The university has an established system in which affiliated entities and individuals are given priority in the use of property and facilities. This system is detailed in Appendix V.

F. All catering and food services on the ETSU campus will be provided by the University Food
Service located in the D.P. Culp University Center. Except as provided in Appendix VI, the University Food Service has an exclusive right to all catering activity on the ETSU campus. All food and beverage vending is handled through the designated university vending services contractor.

G. Campus property and facilities may not be used by a non-affiliated group, organization, or individual for the conduct of profit-making activities except when a rental or lease agreement is negotiated and the institution receives a fair market rental value. Rental rates are based on the fair market value of providing the property, facilities, equipment, service used and includes overhead, depreciation, utilities, maintenance, and security expenses. Rental charges may be based in part upon a fixed percentage of the gross receipts of the activity, (see Appendix VII) with a minimum rental being charged. The university reserves the right to reduce or waive rental charges for such use depending upon the nature and extent of the proposed use. The university permits short term rental/lease agreements with affiliated/unaffiliated entities for use of campus property and facilities.

H. Students, faculty, and staff acting independently of a recognized student organization or department may apply for use of facilities as an affiliated individual in accordance with these policies and procedures. Faculty and staff should submit their request, through their supervisor, to the appropriate Vice President (or his/her designee) for approval and then to the appropriate facility director. Students should submit their request to the appropriate facility director after obtaining the approval of the Vice Provost and Dean of Students (or his/her designee).

I. All rental agreements between the university and non-affiliated entities, or individuals will be processed and approved by the designated university officials. Such agreements shall not exceed four (4) months in length and may only be renewed or repeated after review to determine that such use does not conflict with an institutional need for the facility/space.

J. The University may require non-affiliated entities and individuals that use campus property or facilities to provide the following:

1. An adequate bond or other security for damage to the property or facilities during the period of use.
2. Personal injury and property damage insurance coverage.
3. A performance bond guaranteeing performance of its obligations under the contract.
4. Other types of insurance in such amounts as may be designated by the institution.

The University may waive these requirements of security, performance bond, or insurance coverage at its discretion.

K. External or non-affiliated users and some affiliated users reserving facilities for camps, conferences, or special events will be required to supply proof of liability insurance. The sponsoring organization must supply a certificate of liability insurance in the amount of one million dollars ($1,000,000) (minimum) naming ETSU as an additional insured party. An exception to this would be when the Tennessee Code Annotated (T.C.A.) specifies a lesser amount as the maximum liability (tort limit).
L. All users agree, by making application for use of facilities for an activity and by subsequent use after approval by the university, to indemnify the institution and hold it harmless from any and all liabilities arising out of such group's, organization's, or individual's use of the property, facilities, equipment, or services of the university, including, but not limited to, personal injury, property damage, court costs and attorneys fees.

M. Affiliated entities, and individuals may be assessed the costs of providing the property, facility, equipment, or services required as a result of their use of campus property or facilities.

N. Unaffiliated entities may have access to facilities or space when sponsored or invited by an affiliated entity under the following conditions. If a university affiliated group/department desires to sponsor an event or activity for another organization, which would ordinarily be deemed as non-affiliated, the affiliated group/department must analyze the event to insure that it is willing to accept the following responsibilities:

(1) States that the event is done under their authorization and is thus directly related to the mission and purposes of the affiliated group/department and East Tennessee State University.
(2) Agrees that its name and identity will be associated with the event.
(3) Accepts responsibility for primary communication of facility needs and campus services.
(4) Accepts responsibility to deal with and resolve problems relating to the event(s) including any damages incurred and liability issues involved.
(5) Accepts the responsibility for seeking all necessary campus approvals and authorizations for the events(s).
(6) Accepts responsibility for insuring that university policies and procedures are followed.
(7) Accepts the responsibility for insuring that all financial obligations for the event are met.

V. GENERAL PROCEDURES - APPLICATION FOR USE OF PROPERTY OR FACILITIES

A. Regular meetings of affiliated groups or organizations (e.g., Student Government Association, Residence Halls Association, etc.) may be planned and scheduled for two semesters (fall & spring) at a time. Regular or special meetings of other affiliated groups or organizations may be scheduled for not more than four (4) weeks at a time. Annual meetings, established test dates, recurring university events, and other such events may be submitted as a list attached to the required "Request for Use of Facilities" form (See Appendix I).

B. The University has designated two areas that may be used as a limited space for ad hoc meetings, rallies, protests, demonstrations by affiliated entities, and/or individuals. These areas may also be used by non-affiliated entities, and/or individuals under the same regulations. The two areas identified for this purpose are the Amphitheatre and upper adjacent lawn area and the Sherrod Library Borchuck Plaza. The normal time in which these areas are available is between 9:00 am and 3:00 pm daily. The same entity may use one of these areas up to four (4) times per four (4) week period. The university will consider the
request for more than four (4) uses in a four (4) week period by affiliated groups and entities. If necessary for crowd control purposes, a sectioned off area may be created for the user.

C. Reservations Procedures

Any affiliated group, organization or individual desiring to use campus property or facilities at any time and/or location other than those designated pursuant to paragraph (A.) above, and all non-affiliated entities or individuals desiring use of campus property or facilities must submit a written "Request for Use of Facilities" form for the proposed activity at least five (5) business days in advance (excluding weekends and holidays) to the Facilities Reservationist in the D. P. Culp University Center or other designated individuals. Applications shall be submitted on the established "Request for Use of Facilities" form (See Appendix I). Depending on whether the group, organization or individual is affiliated or non-affiliated with the university, an ETSU Rental Agreement may need to be completed (see Appendix II). The President or her/his designees may approve applications for registration filed less than five (5) working days, twenty (20) days in the case of a speaker paid from institutional or school funds, before the event, if it is determined that the use of property requested can be reasonably accommodated and that adequate cause exists for late filing of the application for registration. Approval of late applications shall be within the sole discretion of the official designated. The decision of such official will be final.

(1) Any group, organization or individual which makes an advance request for use of facilities must submit the required "Request For Use of Facilities" form at the earliest possible date, but in no instance less than five (5) business days prior to the proposed event date.

(2) Any group, organization or individual, which has submitted a "Request for Use of Facilities" and has received approval for the proposed use is responsible for:

(a) Honoring the reservation.
(b) Providing timely notice of cancellation not less than four (4) business days prior to the event.

The Director of the facility has the right to assess the following sanctions for failure to notify:

(a) The assessment of a room rental fee for the first offense during an academic term
(b) The assessment of a room rental fee and loss of the privilege of using university facilities for one (1) school term for the second occurrence.

Additionally, any expenses incurred by the university or its contractors will be charged to the group, organization, or individual if the established four (4) business day cancellation deadline is not met.

(3) Any "Request for Use of Facilities" filed at a later time may be approved upon determination by the appropriate university official that the use requested can be reasonably accommodated and that adequate cause exists for late filing of the
application. Approval of late requests shall be at the sole discretion of the president of the university or his/her designee, usually the director of the area being requested. The decision of such official is final.

(4) In the event two or more "Request for Use of Facilities" forms are submitted for use of the same facility in the same time frame, attempts will be made to honor both requests by the use of alternate facilities or by the mutual agreement to change the date or time of one of the facility requests. If no arrangements can be made to accommodate the multiple requests then the requests shall be evaluated and honored in accordance with the established "Priority for Facilities Use" (see Appendix V). Once a "Request for Use of Facilities" has been approved and confirmed, requests for the same date and facility will not be approved.

(5) University property may not be taken off campus except for instructional equipment used for instructional purposes or athletic events and in the possession and care of (or under the supervision of) a university employee. Any exception to this policy must be approved in advance by the University Comptroller.

D. No assembly, meeting, demonstration or other activity will be authorized or permitted on any property or in any building or facility without a Request for Use of Facility. A request for use may be denied when any of the following occur:

(1) The area or space has been previously reserved by another entity.

(2) A determination is made by the appropriate official that the requested use would cause a disruption or interference with the normal activities of the institution being conducted in the course of its lawful mission, processes and functions.

(3) A determination is made that the requested use would be contrary to federal, state or local law or regulation, policies of the Board of Regents, or the policies of the University.

(4) The applicant or sponsor of the activity has not provided accurate or complete information on the Request for Use of Facilities.

(5) The applicant or sponsor of the activity has been responsible for violations of this policy a previously registered use of campus property, facilities, or equipment or has violated any conditions or assurances specified in a previous usage agreement and the university has reasonable cause to believe such violation will reoccur.

(6) Use of the property or facilities requested would be impossible due to set-up time and/or take-down time required for other previously scheduled activities at the requested location before and/or after the requested use, or due to other extenuating circumstances.

(7) Attendant services (audio/visual, telecommunications equipment, food service, public safety, etc.) which are required for the event are not available due to lack of sufficient equipment and/or personnel.
(8) The activity is of such nature and/or duration that it cannot reasonably be accommodated in the particular area for which application is made. In such event, clarification of event description will be sought and an alternate on-campus site, if available pursuant to these policies, shall be proposed by the university.

(9) The activity presents a clear and present danger for physical harm, coercion, intimidation, or other invasion of lawful rights of the institution's officials, faculty members, or students, the damage or destruction, or seizure and subversion, of the institution's or school's buildings, other property, or for other campus disorder of a violent or destructive nature. In determining the existence of a clear and present danger, the responsible official may consider all relevant factors.

(10) The activity conflicts or would conflict with existing contractual obligations of the university.

(11) The facility or area requested has not been designated as available for the activity indicated.

(12) The anticipated size or attendance for the event will exceed building/fire codes, established safety standards, and/or the physical or other limitations for the facility or area requested.

E. Any group, organization or individual whose timely Request for Use of Facilities of the University is denied shall have the right to appeal that denial to the Office of the President or his/her designee. Notice of the appeal shall be made in writing during normal business hours of the University no later than five (5) business days (excluding weekends and holidays) prior to the time of the proposed event. The decision shall be made at least four (4) days before the date of the event. Written notice of disapproval of the proposed use shall include the grounds for disapproval. Any denial of a request will be based solely on factors related to reasonable regulations in light of the university’s mission and the nature of the facility or property requested and rendered in a content/viewpoint neutral manner. Notices will be delivered as expeditiously as possible, preferably via electronic means. It is the responsibility of the applicant to obtain written notice of approval/denial.

VI. PARTICULAR USES

A. Campus Guest Speakers

Where an application for use of facilities involves an outside speaker who is to be paid a total of fee and/or expenses in excess of $2,500.00 from institutional funds, the request must be submitted at least (20) business days prior to the date of the proposed speaking engagement and processed in the normal procurement process. Student Organizations must work with the Student Organization Resource Center (SORC) for contract processing.

B. Literature Distribution or Sale
(1) Affiliated and non-affiliated entities, or individuals may sell or distribute literature only in conjunction with their authorized presence on campus after such proposed sale or distribution has been registered and approved by the appropriate officials and offices of the university as specified in Article V, C. above. Any application for registration and Request for Use of Facilities shall include, but not be limited to the name of the applicant; the name of the organization, the date, time, duration and location of the proposed sale or distribution, and the number of participants.

(2) Applications and Requests for Use of Facilities to distribute or sell literature by affiliated and non-affiliated entities or individuals required in Article V, C. above shall be denied in the event that:

(f) The activity would constitute a violation of applicable law or regulation, or other provision of this policy.

The university also prohibits the sale or distribution of literature in all areas where such action would:

(a) Within classrooms, libraries or other academic buildings or facilities.
(b) Within administrative or employee offices or work areas.
(c) Within student residence halls or apartment buildings.
(d) In the parking lots, on vehicle windows or otherwise attached to vehicles.

The university may permit such sale or distribution in designated locations within the lobbies or other general use areas of buildings or other campus facilities designated for this purpose. This shall not restrict a faculty member from distributing, within the classroom, non-commercial material related to a particular course or subject matter.
(4) Any proposed distribution or sale of literature by an affiliated or non-affiliated group, organization or individual is subject to the reservation requirements and procedures of this policy.

(5) Any literature, which is to be distributed or sold, shall comply with all applicable federal, state and local laws and with the regulations as determined by the building coordinator and policies of the university. Literature must not: (a) have illegal aims and goals; (2) propose activities which would violate regulations of the Board of the institution or school, or federal or state laws and regulations, or materially and substantially disrupt the work and discipline of the institution or school; or (c) advocate incitement of imminent lawless action which is likely to produce such action. Furthermore, literature which an average person applying contemporary community standards would find, (1) taken as a whole, appeals to the prurient interest, (2) depicts or describes sexual conduct in a patently offensive way, and (3) taken as a whole, lacks serious literary, artistic, political or scientific value are prohibited.

(6) Locations within the D. P. Culp University Center are available for the sale and distribution of literature. The availability of these areas will differ depending on whether the reserving party is an affiliated or non-affiliated group, organization, or individual.

Non-affiliated groups are restricted to reservable, enclosed spaces or to designated exterior campus spaces. Hallways and other high traffic areas are not available as reservable space to non-affiliated entities, or individuals.

The normal designated locations on the university grounds where such sale or distribution of literature can take place will be either the University Center Amphitheater area or the Sherrod Library Borchuck Plaza area. Other areas may be designated by the President or his/her designee.

(7) No person, whether distributor or recipient of literature, shall cause any litter to occur on the campus of the university, and literature shall only be discarded in trash receptacles. The cost of any special clean-up resulting from literature distribution may be assessed to the distributing group or individual.

(8) Persons engaged in the sale or distribution of printed matter shall not obstruct or impede pedestrians or vehicles, harass other persons with physical contact or persistent demands, misrepresent the purposes or affiliations of those engaged in the sale or distribution, or fail to specify whether there is a cost or donation associated with the printed material.

(9) No literature or other promotional literature shall be placed on cars, car windshields, street signs, building signs, trees, or other external surfaces not specifically designated to accommodate the posting of literature.

(10) The university has the right to terminate the distribution or sale of literature by any group, organization or individual that violates any provision of this policy.
(11) Any group, organization, or individual who’s request for material distribution is denied shall have the right to appeal that denial to the President or his/her designee. Notice of appeal shall be made in writing during normal business hours of the university no later than five (5) business days (excluding weekends and holidays) prior to the time of the proposed sale or distribution. The decision of the President or his/her designee shall be made at least four (4) business days before the date of the proposed sale or distribution.

Activities or events engaged in by affiliated entities, or individuals for the purpose of raising funds to meet expenses of the group, organization or individual would not be considered “solicitation”. The funds that are raised by such activities or events shall be used for the benefit of the group, organization or individual, or for a charity. No funds shall be distributed to an affiliated group’s officers or members, or any other individual for personal profit or use. For purposes of this provision the following activities are not prohibited:

(a) Advertising, as permitted by this policy.
(b) Sale or distribution of commercial literature as permitted by this policy.
(c) Conversations or communications between a residence hall or university apartment student and a properly admitted guest notwithstanding the commercial content of the conversation or communication. Other hall or apartment residents may not be solicited for the purposes of selling a product or service or enrolling the individual in a contest, program or other commercial venture.

(2) Solicitation and fund raising activities, other than for purely commercial purposes, may be conducted on university property by affiliated entities or individuals; charitable organizations sponsored by the university or the State of Tennessee; or non-affiliated entities or individuals subject to the specified registration and reservation requirements and procedures of Article V.

University affiliated organizations may reserve facilities for two fund raising activities per semester with the exception of charitable activities. A single activity is defined to mean a maximum period of five (5) days per semester. Only two (2) fund raising activities involving food items may be scheduled each semester. This includes activities for organizational fund raising as well as for charitable purposes.

University affiliated student entities, or individuals desiring to solicit funds must obtain guidelines from the Director of Student Activities and then submit a form for the proposed campus solicitation location.

(3) No solicitation of charitable funds will be permitted unless the affiliated group,
organization or individual provides evidence to the University, if requested, demonstrating that the proposed activity is in accordance with or exempt from the provisions of T.C.A. Sections 48-3-501 through 48-3-518.

(4) Solicitation in connection with the distribution of literature is subject to the provisions of Article VI, E. of this policy.

(5) Solicitation of dues and/or membership in an organization is permissible only by officially registered student organizations of the university.

(6) Solicitations will be permitted only in those areas designated by the University pursuant to the conditions of Article VI, (E). Applications for registration of a solicitation may be denied for any of the reasons set forth in Article V, D. Persons engaged in solicitation shall comply with the provisions of VI, D. 8.

(7) No funds solicited on campus property shall benefit any individual unless contributions are requested for the relief of an individual specified by name at the time of the solicitation; and all funds contributed are turned over to the named beneficiary for his or her use without any deductions whatsoever.

(8) The university may require any group, organization or individual to document the use, application or disposition of funds solicited on campus property.

D. Advertising

(1) No advertising signs, posters, or other material may be placed on or in campus property or facilities by any non-affiliated group, organization or individual. The university, at its discretion, may permit non-commercial advertising of programs, events and activities by non-affiliated, non-profit groups in locations on campus. Affiliated entities and individuals may also place advertising materials in designated locations.

(2) The purchase of advertisements by non-affiliated entities, or individuals in university publications is permitted.

(3) Limited advertising by non-affiliated entities, or individuals may be permitted when incidental to a donation of property or services to the institution and pursuant to a contract with the institution.

E. Bulletin Boards

(1) The use of campus bulletin boards is limited to affiliated groups and individuals, and to official use by the University. Use of bulletin boards by non-affiliated groups or individuals may be approved on a space available basis as outlined in this policy or in bulletin board policies established for specific building.

(2) Bulletin boards may be designated for use by specific entities, or individuals, such as faculty, students, or student organizations. Those entities, or individuals authorized to
use a bulletin board, the types of materials, which may be posted on a board, the maximum size, and duration of any notice, and any other special conditions will be posted on each board, and will control the use of the board.

(3) The university generally requires prior approval for the use of any bulletin boards on campus. Use of a board may be denied on the basis of one or more of the following:

(a) The person or group is not authorized to use the board in question;
(b) The material is not the type authorized for the board in question, or fails to meet special conditions as posted on the board;
(c) Displays must not: (a) have illegal aims and goals; (2) propose activities which would violate regulations of the Board of the institution or school, or federal or state laws and regulations, or materially and substantially disrupt the work and discipline of the institution or school; or (c) advocate incitement of imminent lawless action which is likely to produce such action. Furthermore, public displays which an average person applying contemporary community standards would find, (1) taken as a whole, appeals to the prurient interest, (2) depicts or describes sexual conduct in a patently offensive way, and (3) taken as a whole, lacks serious literary, artistic, political or scientific value are prohibited.
(d) There is insufficient space available for the material on the board in question due to the previous posting of other materials.

(4) The D. P. Culp University Center has a comprehensive policy dealing with display cases, banner areas, campus video bulletin boards and campus marquees as administered by the Student Organization Resource Center. Policies dealing with bulletin boards are administered by and may be obtained from the D. P. Culp University Center office.

(5) As a general rule the Building Coordinator in each building or his/her designee will be the individual responsible for the implementation and interpretation of building policies relating to the use of bulletin boards in that building.

Appendix VI
University Food Services Catering Policies
Policy Statement Concerning University Funds to be Spent on Food Sources/Caterers Other than the University Food Service.

University funds may be expended for food items not to exceed a total of $150 on any one event or activity with any food service caterer or food source desired. The event may be held on campus, excluding the D. P. Culp University Center or Amphitheater. The event must be a private, closed meeting, which is not open to the general public or full student body. Purchase requisitions must be processed in the normal manner to expend these funds.

The event sponsors will need to make appropriate arrangements for the necessary food service support equipment (warming and serving) and clean up. Removal of all food service related items and the proper disposal of all trash is the responsibility of the event sponsor or the catering firm, not ETSU custodial services. In these instances the University Food Service contractor will not be expected to provide any services.

At no time will university funds be expended for food items, from any food service caterer or food source other than the University Food Service, to be consumed at meetings or events within the D. P. Culp University Center or the Amphitheater.

Along with this policy is included the understanding that the University Food Service has the right to either refuse requests for catering service for small events or to charge an extra service/delivery charge in order to insure a fair return.

This policy does not include or encompass any event or activity sponsored by a non-university related office or organization.
Policy Statement Concerning Donated Food from Commercial Businesses to be Brought on Campus for Scheduled, University Related Events.

INSIDE THE D. P. CULP UNIVERSITY CENTER

In the instance of potential donated food items for university related events scheduled inside the D. P. Culp University Center or Amphitheater:

The University Food Service contractor should be given the opportunity to donate like items. Documentation detailing the proposed donation from the commercial food service firm should be supplied at the time of the contact with the University Food Service. The University Food Service will then either donate the items or turn the opportunity down and allow the donation from the non-university source to occur. In the event the University Food Service contractor does not choose to donate the items, the sponsor will need to provide documentation detailing the donation from the commercial food service firm to the University Foundation so proper acknowledgment can be supplied. This will include a listing of the donated items the company (vendor) has agreed to provide, on business letterhead, and signed by the business representative. The letter must be presented to the staff of the D. P. Culp University Center five (5) business days prior to the scheduled event for consideration. Notice to approve or deny the request will be provided to the Organization within four (4) days of the request.

The event sponsors will need to make appropriate arrangements for the necessary food service support equipment (warming and serving) and clean up. Removal of all food service related items and the proper disposal of all trash is the responsibility of the event sponsor or the donating firm, not ETSU custodial services. In these instances the University Food Service contractor will not be expected to provide any service. Donated food items may not be used in conjunction with events scheduled in food service dedicated areas (i.e. Cave, Fast Food, etc.). Commercial advertising is not allowed on the university campus except within restricted limits in connection with donated products and services. The university comptroller must approve specific advertising plans.

Donations, as described in this section, are defined as product donations from commercial food service businesses. Donated food items from individuals are not allowed and are not included in this policy, except as described in the policy concerning individually donated food. It is not the intent of this policy to allow 'pot-luck dinners' or allow meeting planners for events within the D. P. Culp University Center to bring 'refreshments' or 'break items' from home or personally purchased. No food or drink items may be directly purchased from an off campus vendor to be served at meetings in the D. P. Culp University Center or Amphitheatre.
IN OTHER UNIVERSITY FACILITIES

In the instance of donated food items for campus university related events (not scheduled inside the D. P. Culp University Center or Amphitheater):

the campus sponsor should provide documentation detailing the proposed donation from the commercial food service firm to the University Foundation so proper acknowledgment can be supplied. The campus event sponsors will need to make appropriate arrangements for the necessary food service support equipment (warming and serving) and clean up. Removal of all food service related items and the proper disposal of all trash is the responsibility of the event sponsor or the donating firm, not ETSU custodial services. In these instances the University Food Service contractor will not be expected to provide any service. Commercial advertising is not allowed on the university campus except within restricted limits in connection with donated products and services. Specific advertising plans, in conjunction with a donation, must be approved by the university comptroller.

This policy does not include or encompass any event or activity sponsored by a non-university related office or organization.
Policy Statement
Concerning Individually Donated Food
to be Brought and Used on Campus for
Closed, Private, University related, Meetings and Events.

Individually donated items may be brought on campus for the consumption of the individuals involved in private, closed meetings which are, university related and not open to the general public or full student body, and are not within the D. P. Culp University Center. Removal of all food service related items and the proper disposal of all trash is the responsibility of the event sponsor, not ETSU custodial services. In these instances the university food service contractor will not be expected to provide any service.

It is not the intent of this policy to allow 'pot-luck dinners' or allow meeting planners for events within the D. P. Culp University Center to bring 'refreshments' or 'break items' from home or personally purchased.

University departments and offices may have 'pot-luck dinners' and refreshments for private, internal office social events held in non-reservable spaces. Reasonable effort should be expended to keep the event modest and out of easy view of the general public and campus community.

This policy does not include or encompass any event or activity sponsored by a non-university related office or organization.

FACILITY FEE USAGE POLICIES FOR INCOME PRODUCING EVENTS

In addition to the fees listed on the previous pages, the following policies are in effect in relation to Income Producing events.

UNIVERSITY RELATED DEPARTMENTS OR ORGANIZATIONS

When an event is sponsored by a university related department or organization it will normally not be charged fees (other than direct costs) unless the event is an income producing activity for the department or organization. If the income is deposited into standard university accounts there will be no charge. If the income is deposited in University Foundation accounts, agency accounts, or into off campus accounts then the normal non-profit rates will be charged.

Whenever space (i.e. display booths, tables for display, demonstration rooms, etc.) or services (electricity, AV equipment, theater lighting, etc.) is resold by the sponsoring organization or department, the sponsor will be charged an amount equal to 20% of the price charged for the resold space or services. It is the responsibility of the sponsoring organization to disclose when space is being resold.

REGISTERED STUDENT ORGANIZATIONS

When an event is sponsored by a registered university student organization it will normally not be charged fees (other than direct costs) unless the event is an income producing activity for the group. In this case the organization will be charged for all services and AV support provided to it. Facility rental will not be charged except in cases where large amounts of space are used or extraordinary demands are placed on custodial, setup, and technical services.

Whenever space (i.e. display booths, tables for display, demonstration rooms, etc.) or services (electricity, AV equipment, theater lighting, etc.) is resold by the sponsoring organization, the sponsor will be charged an amount equal to 10% of the price charged for the resold space or services.

NON-UNIVERSITY RELATED EVENTS (Non-Profit & For-Profit)

When an income-producing event is held the regular facility usage fees will normally be charged. In addition, in the case of ticketed events, a fee equal to 10% of the gross ticket sales or $400 - whichever is greater, will be charged.

Whenever space (i.e. display booths, tables for display, demonstration rooms, etc.) or services (electricity, AV equipment, theater lighting, etc.) is resold by the sponsoring organization, the sponsor will be charged all normal facility usage charges plus an amount equal to 20% of the total price charged for the resold space or services.
Appendix VIII

Specific University Center Policies
USAGE OF THE CAVE AS RESERVABLE SPACE

As a part of the D. P. Culp University Center the CAVE, which is a highly functional area for some types of events, is made available as a reservable space. However, since it is also a contract managed food service facility with equipment, food stores, and supplies in the area, which cannot be secured, the following guidelines have been established for the reservation and use of the area.

1. If the reserving party does not want the area on an exclusive basis and is comfortable with the general public still entering and using the area then the established regular rental rates will apply. The user must do nothing that will hamper the ongoing operation of the food service unit or customer access to and use of the facility.

Any group using the area is responsible for any clean up, initial chair/table arrangement, and replacement of the chairs and tables to their original positions (if at closing, the chairs would be placed on the tables). This responsibility may be met by using volunteers from the reserving party or by paying a labor set-up/clean-up charge to food service. Arrangements for this process must be made at the time of the reservation.

On a few occasions each year, the area may be used for official university functions. When these types of events occur, the regular university custodial crew will take care of setup, tear down, and clean-up of the area.

2. If the reserving party wants to reserve the area on an exclusive basis and control entry to the area, then the group is responsible for paying the established regular rental rates and a special fee or volume guarantee to the food service. Thus, if the group using the CAVE does not generate the agreed upon volume in the food service sales then the group will make up the difference with a payment directly to the food service. If the group does not desire the food service area to even operate, then the group will need to pay the guarantee, which represents missed business revenue plus the labor cost of having one food service employee in the area to monitor and provide security for the equipment and merchandise.

Any group using the area is responsible for any clean up, chair/table arrangement, and replacement of the chairs and tables to their original positions (if at closing, the chairs would be placed on the tables). This responsibility may be met by using volunteers from the reserving party or by paying a labor set-up/clean-up charge to the food service. Arrangements for this process must be made at the time of the reservation.

On a few occasions each year, the area may be used for official university functions. When these types of events occur, the regular university custodial crew will take care of setup, tear down, and clean-up of the area.

Culp University Center Auditorium, Ballroom, and/or Cave, which begin after 8:00 pm and continue until a maximum of 3:00 a.m. Events beginning earlier in the evening and extending past the established regular closing time will be charged the normal after hours fees and are not covered by this policy. Organizations are limited to a maximum of two (2) events, of the type covered by this policy, per semester. This policy does not apply to non University-related groups.

1. Scheduling
These events must be reserved through the D. P. Culp University Center Reservation Office in accordance with the established reservations policies (please see attached Facility Request/Instructions).

All event details, including set-up, equipment requests or rented equipment information, and any other special needs must be submitted to the D. P. Culp University Center Reservation Office no less than five (5) business days (Monday through Friday) prior to the event. Due to the unusual nature of the hours for these events and the scheduling problems they represent, there will be no exceptions to this deadline.

2. Staffing
Events held in the D. P. Culp University Center Auditorium, Ballroom, and/or Cave will require the following support staff:
- One (1) full-time, professional staff member from the Student Affairs Division. This individual will have overall administrative responsibility for the event.
- One (1) Technical Services staff member will be on duty for sound/light support.
- One (1) or Two (2) Public Safety Officers will be required depending on the size and complexity of the event.
- The Food Service serving areas will be secured and no access allowed unless previously arranged and scheduled with ARAMARK.
- Student users will be expected to assist in any unique setups requested in the area.
- All food and drink items must be provided from ARAMARK contracted food service.

3. Scheduling Fees
An event-scheduling fee in the amount of $50.00 will be assessed to all student organizations scheduling any of the above-listed facilities for after hours events. The $50.00 fee, in the form of a check payable to ETSU or provision of the organization’s ETSU Agency Account number, must
accompany the completed ‘Request for Use of Facilities’ form, when submitted for a proposed event.

a. **Non-revenue generating events (no admission):** For events that are scheduled and conducted as planned, the $50.00 event-scheduling fee will be returned to the organization as described below, item c.

b. **Revenue generating events (admission):** For events that are scheduled and conducted as planned, the $50.00 event-scheduling fee will be applied to the support labor fee assessed for revenue generating events as described in this policy statement.

c. **Return Policy:** If the event is cancelled by the organization at any time after the initial request is submitted, the student organization will forfeit the $50.00 event-scheduling fee, **no exceptions.** If, during the routing process of the facility request form, it is determined that the facility requested is not available, the event-scheduling fee will be refunded to the organization. The refund will be processed through the University by a check, payable to the student organization and will be mailed to the organization’s campus P. O. Box within approximately ten (10) business days (Monday through Friday).

4. **Other Provisions:**

   Labor expenses for building coverage/supervision, custodial services, technical services, security, etc. will be covered by the ‘Late Night Programming Support Fund’. Due to the limited funds available, access to this support fund will be on a first-come, first-serve basis. When it is exhausted, this special funding support will no longer be available for ‘After Hours Events’ and normal usage charges will be assessed to the sponsoring organization. Please see attached Estimated Fee Schedule below.

   Unique request for food service, special equipment, complex setups, excessive cleanup and other such items may necessitate additional charges.

   University billing statements will be sent to the sponsoring organization with prompt payment expected for the amount due. Failure to promptly pay the fee will result in the organization being unable to sponsor future events during the academic year.

   Interdepartmental transfers will be initiated for charges supported by the ‘Late Night Programming Support Fund’.

   Estimated fees for an event:

   - After Hours Building Operation – Six (6) Hours @ $20.00 per hour = $120.00

Specific Campus Center Quadrangle Policies
The Campus Center Quadrangle was developed (June 2012) to improve pedestrian safety and provide outdoor areas for daily use and enjoyment by the students, faculty, and staff. To that end, the following policy is meant to facilitate the use of the Campus Center Green Space and provide a means to request access for special events or uses:

1. Informal utilization of the area is encouraged. Amenities for casual meetings, lunch, coffee, etc. are planned for the area. The University Policy on catering activities on campus includes this area.

2. Formal activities proposed for the area including displays, events, classes, etc. should be submitted for prior approval with a recommended two (2) week lead time with a 5 day minimum. The ETSU Request for Use of Facilities form found on the D. P. University Center Culp website should be completed and submitted as indicated: http://www.etsu.edu/students/univcent/policies/documentsandforms.aspx.

3. Access to the area by any motorized vehicles other than emergency vehicles will be limited to 10 p.m. until 7 a.m. with prior approval. A request for access to the area by vehicles during these times must be approved in advance by submitting a work order from the Facilities website: http://tma.etsu.edu/home.html or by calling 439-7900 and placing a work order. Both reoccurring and one time access requests will be considered. Exceptions for vehicular access other than the 10 p.m. – 7 a.m. time frame are discouraged but will be considered as a special request.

4. Access to the area by golf carts, utility carts and other small off-road vehicles should be limited to the sidewalk areas only. The utilization of these vehicles in this area should be pre-approved by submitting a Strategic Space Request to the Campus Planner (Shawn Benson- bensons@etsu.edu). Failure to stay on the concrete pathways and in designated areas may result in loss of vehicle access privileges.
