We are Learning About...
- We are observing our ecosystems and learning about competition/predation and changes in ecosystems in science.
- We are continuing our pre-historic Native Americans Unit in social studies by learning about the Archaic and Woodland Indians.
- We have been working on addition properties and strategies in math. Today we will be estimating sums and later this week we will be adding multi-digit whole numbers.
- We have been working on identifying the main idea and supporting details in a text.

Upcoming Important Dates
- Bowling Field Trip: September 2
- Mega Party: September 8
- Last Book Challenge Project Due: Sept. 8
- Last Day of the Quarter for Students: Sept. 9
- Parent Conferences September 11 (I will be emailing you about these very soon!)

Current Scheduled Quizzes/Tests
Thursday: Math Quiz (Addition Properties, Subtraction Rules and adding/subtracting 10, 100, 1,000 to a number)
Thursday: WW Test

News and Announcements
Friday
I will be at a training on Friday. This is why we will be having our Wordly Wise Test on Thursday.

Bowling
I sent home a letter and permission form for a bowling field trip yesterday. Please return the completed form and $4.50 by Monday August 31st!

Book Challenge
We have started the last book challenge project of the quarter! It is due September 8th. Please look over the last project tonight with your child and sign the project sheet. This will tell me that they have showed you the project!

Beautification Day
Please use the link below to sign up for Beautification Day! We will be working on some projects in our classroom as well as around the school and we would love your help! Please also let me know if you decide to sign up! http://vols.pt/ArGvJ1
