INTRODUCTION

East Tennessee State University (ETSU) is a public university located in Johnson City, Tennessee. Established in 1911, ETSU now enrolls more than 14,000 students. ETSU is home to 11 colleges, and 53 academic departments with more than 100 degree programs, 15 center and Chairs of Excellence, 55 departments, and 15 research programs. East Tennessee State University (ETSU) is a member of the state university and community college system of Tennessee governed by its Board of Trustees.

ETSU was formerly part of the Tennessee Board of Regents (TBR), the state university and community college system of Tennessee. TBR consisted of six (6) universities, 12 community colleges, and 27 colleges of applied technology.

With the passage of the Focus on College and University Success (FOCUS) Act by the 109th Tennessee General Assembly, ETSU began the transition from governance by TBR to an institutional Board of Trustees. The FOCUS Act granted the state's six public universities in the TBR system additional autonomy to empower each individual institution to be successful as Tennessee works to achieve its goal of 55 percent of adult Tennesseans having a postsecondary degree or credential by 2025.

Eight of the ten-member Board of Trustees (the Board) for ETSU are appointed by the Governor of Tennessee with confirmation by the Tennessee General Assembly. The ETSU Faculty elects a faculty trustee who serves a two-year term on the board. The Board selects a student trustee to serve each year via a process developed by ETSU student leadership. The state level coordinating body, the Tennessee Higher Education Commission (THEC), provides training for all public higher education board members.

The ETSU Board of Trustees has the authority to appoint the campus president, manage the university budget and set tuition, and oversee other operational tasks. The inaugural ETSU Board of Trustees assumed formal responsibility at its first meeting called by Governor Haslam on March 24, 2017. Due to this, the past few years have been transition years, and some control and policies are still under TBR, while the University continues the process of transferring everything under the Board of Trustees. The Board of Trustees consists of [ten members](#), five (5) males, and five (5) females, one of whom is African American.

On March 24, 2017, the Board of Trustees approved the ETSU Vision and the ETSU Mission and Values. The ETSU Vision is:

Developing a world-class environment to enhance student success and improve the quality of life in the region and beyond.

The ETSU Mission and Values State:

ETSU provides a student-centered community of learning, reflecting high standards and promoting a balance of liberal arts and professional preparation, and continuous improvement. The university conducts a wide array of educational and research programs and clinical services including a comprehensive Academic Health Sciences Center. Education is the university's highest priority, and the institution is committed to increasing the level of educational attainment in the state and region based on [core values](#) where:

PEOPLE come first, are treated with dignity and respect, and are encouraged to achieve their full potential; **RELATIONSHIPS** are built on honesty, integrity, and trust; **DIVERSITY** of people and thought is respected; **EXCELLENCE** is achieved through teamwork, leadership, creativity, and a strong work ethic; **EFFICIENCY** is achieved through wise use of human and financial resources; and **COMMITMENT** to intellectual achievement is embraced.

ETSU endorses the value of liberal education and provides enriching experiences in honors education, student research and creative activity, study abroad, service learning, and community-based education.

ETSU honors and preserves the rich heritage of Southern Appalachia through distinctive education, research, and service programs and is actively engaged in regional stewardship.

ETSU affirms the contributions of diverse people, cultures, and thought to intellectual, social, and economic development.

ETSU offers students a total university experience that includes cultural and artistic programs, diverse student activities, a variety of residential opportunities, and outstanding recreational and intercollegiate athletic programs.

ETSU awards degrees in over one hundred baccalaureate, master, and doctoral programs, including distinctive interdisciplinary programs and distance education offerings that serve students from the region and beyond.

AFFIRMATIVE ACTION FEDERAL EXECUTIVE ORDER 11246

The Civil Rights Act of 1964, 42 U.S.C. 2000(e) prohibits discrimination in employment on the basis of race, color, religion, sex, or national origin. The Act was amended in 1972 to apply to employment by state agencies, to education institutions, and to faculty employment. To carry out this national policy, the President of the United States directed by Executive Order 11246, and amended by Executive Order 11375, that all federal agencies should place an "affirmative action clause" in every contract in excess of \$50,000. Anyone entering into a contract with the United States, even if not otherwise obligated by law, must agree to comply with the substance of the Civil Rights Act of 1964.

As a federal contractor receiving more than \$50,000 in federal contracts annually and employing greater than 50 employees, East Tennessee State University is mandated by federal Executive Order 11246, as amended, to have a written affirmative action plan for women and minorities. East Tennessee State University in good faith affirms the components of this affirmative action plan as required in Executive Order 11246 and as detailed in the implementing regulations, 41 CFR Chapter 60 by the Department of Labor Office of Federal Contract Compliance Programs.

The included statistical and narrative analyses, identification of problem areas, and establishment of goals and timetables are required components as set out in the aforementioned regulations. Terms used in the context of implementing regulations in no way should be read as an admission of violation of any statute, federal or state, or violation of any East Tennessee State University policy or rule. Goals and timetables established in the context of the affirmative action program are not established as fixed quotas but rather as guidelines to support the underlying East Tennessee State University commitment to equal opportunity for all persons, regardless of membership or lack of membership in a protected group. Nothing in the East Tennessee State University affirmative action program is intended to sanction the discriminatory treatment of any person.

REAFFIRMATION OF AFFIRMATIVE ACTION AND EQUAL OPPORTUNITY POLICY

East Tennessee State University hereby reaffirms its commitment to the principles of affirmative action and equal employment opportunity in its policies and procedures. ETSU [Policy PPP-04 Employment Opportunity, Affirmative Action and Discrimination](#) states the University nondiscrimination policy:

ETSU will not discriminate against any employee or applicant for employment because of race, color, religion, ethnic or national origin, sex, disability, age, veteran status, or sexual orientation/gender identity. Similarly, the University shall not, on the basis of a protected status, subject any student to discrimination under any educational program. No student shall be discriminatorily excluded from participation in nor denied the benefits of any educational program on the basis of a protected status.

ETSU specifically finds that diversity of students, faculty, administrators and staff is a crucial element of the educational process and reaffirms its commitment to enhancing education through affirmative action to increase diversity at all levels.

[Policy PPP-04 Employment Opportunity, Affirmative Action and Discrimination](#) also includes a statement on diversity and a commitment to affirmative action and equal opportunity laws:

East Tennessee State University (ETSU) is fully in accord with the belief that educational and employment opportunities should be available to all eligible persons without regard to race, creed, color, sex, religion, age, ethnic or national origin, physical or mental disabilities, veteran status, or sexual orientation/gender identity.

The University fully complies with Executive Order 11246, as amended; the Rehabilitation Act of 1973; the American with Disabilities Act (ADA) of 1990; the Vietnam Era Veterans Readjustment Act of 1974, as amended; the Immigration Reform and Control Act; the Uniformed Services Employment and Reemployment Rights Act; the Genetic Information Nondiscrimination Act of 2008; the Equal Pay Act of 1963, as amended; the Age Discrimination in Employment Act of 1967, as amended the Age Discrimination Act of 1975; the Older Workers Benefit Protection Act; the Pregnancy Discrimination Act; applicable state statutes and all regulations promulgated pursuant thereto.

It is the intent of ETSU that its campus be free of harassment on the basis of sex, race, color, religion, national origin, age or any other protected status and will fully comply with the anti-harassment provisions of Title VI and VII of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972, as amended, the federal and state constitutions, and all other applicable federal and state statutes.

This same policy further delineates these government regulations by establishing procedures the University shall take to ensure full compliance:

ETSU will take affirmative action to ensure that all individuals are treated during the employment process without regard to their race, color, religion, ethnic or national origin, sex, disability, age, veteran status, or sexual orientation/gender identity. Such action shall include, but not be limited to, actions to:

- Recruit, hire, train, and promote persons in all job titles, without regard to any of the foregoing prohibited factors;
- Base decisions on employment so as to further the principle of affirmative action and equal employment opportunity;
- Insure that promotion decisions are in accord with principles of equal employment opportunity by imposing only valid requirements for promotional opportunities; and
- Insure that all personnel actions such as compensation, benefits, transfers, layoffs, return from layoff, and institution or school-sponsored training, education, tuition assistance, and social and recreation programs will be administered without regard to any of the foregoing prohibited factors.

It is the policy of ETSU to maintain a campus environment as a place of work and study for faculty, staff and students, free of sexual harassment and harassment on the basis of race, color, religion, ethnic or national origin, age, veteran status or sexual orientation/gender identity. Such harassment is a form of discrimination and harassment in the workplace or the educational environment is unacceptable conduct and will not be tolerated.

Finally, Policy PPP-04 places responsibility on the President of ETSU to ensure the University not only complies with government regulations, but also the University's individual goals pertaining to affirmative action and equal opportunity:

The President of ETSU shall be responsible for the development and implementation of the University's equal employment opportunity and affirmative action program as well as assuring that illegal discrimination and harassment is investigated and educational efforts regarding discrimination and harassment take place in carrying out this responsibility, the President shall:

1. Appoint an Equity Compliance Officer who will be responsible for promoting and assuring compliance with this policy and with all applicable laws and regulations, receiving and investigating complaints, reviewing the effectiveness of the program and recommending improvements to the President.
2. Insure that affirmative action plans are developed annually and implemented as a means of aggressively pursuing the principles of equal employment opportunity.
3. Develop affirmative action goals and timetables directed toward correcting problem areas and situations, contributing to the underutilization, under representation, or inequitable treatment of protected class employee.
4. Provide positive leadership in the implementation of the affirmative action program on the campus and insure that appropriate attention is devoted to the program in staff and faculty meetings. This shall include informing all management officials and supervisors

- that their performance evaluation will be partially determined by the effectiveness of their participation in the equal opportunity and affirmative action programs.
5. Designate the Equity Compliance Officer to be responsible for gathering and reporting data related to the equal employment and affirmative action plan.
 6. Assure policies and procedures are instituted to deal with all forms of discrimination and harassment, including a procedure for the University Compliance Office to receive and investigate complaints and recommend necessary action to the President.
 7. Designate the Equity Compliance Officer as the staff person responsible for the development and implementation of educational efforts regarding all types of illegal harassment, affirmative action, equal opportunity, and discrimination.

If an employee or applicant believes he/she has been discriminated against based upon race, creed, color, sex, religion, age, national origin, disability, veteran status, or sexual orientation/gender identity, he/she can seek resolution of the problem by filing a complaint directly with the Equity Compliance Officer. ETSU will not retaliate against a person who files a charge of discrimination, participates in an investigation or opposes an unlawful employment practice.

The Office of University Compliance is responsible for the ongoing analysis and reporting under the Affirmative Action Plan. UNIVERSITY ANALYSES

The East Tennessee State University statistics and goals have been calculated based on the snapshot dates of November 1, 2018 to October 31, 2019. A partner vendor, Berkshire, calculates ETSU data. The University has partnered with Berkshire utilizing the current system for calculation since 2013. This system allows the University to compare its workforce to the national, regional, state and local census defined availability from the University's established recruiting venues. The system also provides an infrastructure to monitor historical progress.

ORGANIZATIONAL PROFILE

41 CFR §60-2.11

The ETSU organizational profile is completed annually as a required component of the Affirmative Action Plan. This information is provided upon request to the OFCCP. The profile is the view of the University at the department level. The profile displays each organizational unit in the University and includes the total number of incumbents by racial group and gender. All race and gender information reported is based on either employee self-identification or observer-identification. ETSU as an employer is required to attempt to allow employees to use self-identification for reporting. However, if an employee declined to self-identify, employment records or observer identification may be used.

This analysis for East Tennessee State University may be found at AAP Appendix A, Workforce Analysis Summary

JOB GROUP ANALYSIS

41 CFR §60-2.12(c)

The ETSU Job Group Analysis is a view of the University in job group categories by race and gender. Job groups are defined by position/titles that are grouped together based on similar duties, responsibilities, opportunities for advancement, professional development, transfer and other employment benefits. Every ETSU position/job title is clustered into an established job group.

All faculty job groups are presented according to rank (professor, associate professor, assistant professor and instructor). Faculty who are classified in the 200D instructor category include adjunct, temporary, lecturer, visiting, etc. Non-Faculty Job Groups represent all other ETSU employees.

This analysis for East Tennessee State University may be found at AAP Appendix B, Job Group Analysis Summary

PLACEMENT OF INCUMBENTS

41 CFR §60-2.13

Executive Order 11246 requires an annual analysis of all job groups at the University. The University must place all employees into a job group and state the percentage of minorities and women in each group. Placement goals must be established where availability is determined to be greater than the current percentage of women or minorities reported in each job group. To determine where placement goals are required it is first necessary to determine availability.

AVAILABILITY ANALYSIS

41 CFR §60-2.13

The ETSU availability data is calculated through the Berkshire system. The University is required to use the most current and reliable statistical information available. Availability is determined by estimating the number of qualified women and individuals of color in specific job groups by completing a two-factor analysis: internal availability and external availability. The estimate is expressed as a percentage of all qualified persons available for employment in the job group.

Internal availability is the estimate or the proportion of women and individuals of color in the University who are considered to be available to be re-trained, promoted, or transferred to fill a vacancy in each job group.

External Availability is an estimate of the proportion of women and individuals of color in the labor force who meet requisite skills in specific recruitment areas for each job group. ETSU recruitment area for executives and assistant professors are, in most cases, calculated based on the national labor pool. The recruitment area in most cases for professors, associate professors, and some lecturers is internal through tenure and promotion. Limited lecturer appointments, instructors, and professional non-faculty positions are calculated based on the labor pool throughout Washington, Carter, Unicoi, Greene, Hawkins and Sullivan counties and the State of Tennessee. All other non-faculty recruitment area estimates are calculated on the immediate surrounding to Washington County and Johnson City, Tennessee.

This analysis for East Tennessee State University may be found at AAP Appendix C, Incumbency vs. Availability.

COMPARING INCUMBANCY TO AVAILABILITY

41 CFR §60-2.15

The East Tennessee State University utilization analysis is a comparison of the availability estimates with the job group analysis. If the percent of incumbent women and individuals of color is lower than availability, there is an underutilization. Having established availability using the factors as prescribed, placement goals are established in any job group where the percentage of women and individuals of color in the labor force fall below the expected availability.

If underutilization exists, an affirmative action placement goal is identified. Placement goals are an opportunity for ETSU to focus its recruitment efforts on the identified areas of underutilization. Focused recruitment efforts are not illegal quotas. Focused recruitment efforts are attainable goals that serve as targets for attention to eliminate underrepresentation of women and individuals of color in the workforce.

This analysis for East Tennessee State University may be found at AAP Appendix D, Utilization Analysis Detail – Veteran and APP Appendix E, Utilization Analysis Detail – Disabled.

ESTABLISHMENT OF PLACEMENT GOALS

41 CFR §60-2.16

For the purposes of East Tennessee State University, full utilization is defined as having the same representation in each job group as the calculated availability of women and individuals of color in the areas where each facility can reasonably expect to recruit.

This analysis for East Tennessee State University may be found at AAP Appendix F.

As part of the ETSU affirmative action program, a thorough analysis is conducted of the total employment process, including the workforce by organizational unit and job group, personnel activity, compensation, and other personnel procedures to determine whether and where impediments to equal employment opportunity exist

Faculty

ETSU recruits faculty both nationally and internationally. Consistent efforts have been made to recruit women and individuals of color to the faculty.

It is the commitment of ETSU to recruit and retain diverse candidates to the faculty and to promote them into higher ranks and into leadership positions. To assist in this process, the Office of the Provost (OOP) coordinates the faculty search and hiring process. In each search process for new faculty, efforts to recruit diverse candidates are documented and monitored in the PeopleAdmin online system. Human Resources reviews and approves each department applicant pool once individuals of color, individuals with disabilities and covered veterans have not been excluded from the process. Human Resources also approves all candidates from these pools who have been recommended for hire to assure that diverse candidates with significant experience have not been excluded. Additionally, every search committee is required to reflect diverse representation of incumbent employees.

Non-Faculty

The ETSU Human Resources Office has responsibility for the recruitment of all non-faculty positions with the exception of graduate assistants. These positions are recruited through academic departments. Note that graduate assistants are not regular employees of the University who are calculated for utilization based on race and gender.

The search for non-faculty employees is also a rigorous process that mirrors the faculty commitment to recruit diverse candidates. These positions are also documented in the People Admin online system with reviews by Human Resources on the applicant pool and recommended candidates for hire. When a search committee is utilized for non-faculty positions, they are also required to reflect diverse representation of both race and gender. Classified and most non-faculty professional positions do not require search committees. Candidates interviewed and recommended for hire without a search are reviewed and selected by the hiring manager. In these instances, Human Resources reviews all steps in the employment process to assure there are no barriers for diverse applicants/candidates.

ETSU recruits for non-professional positions in the local geographical areas of Washington County and the city of Johnson City, Tennessee. Recruitment for professional positions includes the local area, as well as the rest of the State of Tennessee. Non-Faculty Executives are recruited nationally.

ETSU primarily advertises positions on higheredjobs.com, which has targeted advertising to diverse candidates. HigherEdJobs receives traffic from minorities, women, veterans and disabled candidates. Our future plans include an automatic feed from our Applicant Tracking System to HigherEdJobs, so that all vacancies at ETSU are posted to their website. In 2018, HighEdJobs was visited by 1.5+ million unique visitors, broken down as follows: 32% were minorities, 63% were female, 5% were veterans, and 10% were self-identified as disabled.

All open positions are automatically posted to the Higher Education Recruitment Consortium (HERC). HERC member institutions utilize HERC to comply with EEOC requirements by reaching highly diverse jobseekers.

All open positions are automatically posted to www.Jobs4TN.gov. Jobs4TN is maintained by the Tennessee Department of Labor and Workforce Development.

All open positions are posted to the ETSU HR accounts on Twitter, Facebook, and LinkedIn, an RSS Feed and are listed at www.etsu.edu/jobs.

ETSU also advertises positions in publications that target diverse groups, such as Diverse Issues in Higher Education, as well as the local newspapers. ETSU posts our faculty positions on the Southern Regional Education Board Doctoral Program (SREB) job-posting site, which is available to all of their scholars and young faculty members. SREB has 1664 attendees from 107 institutions in 43 states. The race/ethnicity of the students are: 79% African-American, 11% Hispanic, 3% Asian American, 2% American Indian/Alaskan Native, and 5% other; 66% of these students are female.

Support staff positions (non-exempt) are generally only posted on the website www.etsu.edu/jobs; however, departments may choose to run advertisements in the local paper(s) or request posting to HigherEdJobs. Administrative and Faculty positions are posted on the website www.etsu.edu/jobs and are generally required to be posted in at least one other place. Departments can choose to have the positions posted on HigherEdJobs, in a newspaper, or in a journal specific to their discipline/needs. Many departments also utilize listservs for organizations specific to their needs.

DEVELOPMENT AND EXECUTION OF DIVERSITY ORIENTED PROGRAMS

41 CFR §60-2.17(c)

East Tennessee State University continues to make efforts to recruit and retain a diverse workforce. However, there is much work to be completed to address the areas of underutilization at ETSU. The President, through his leadership team, has charged all managers with recruiting and retaining a representative workforce. To that end, it is the goal of ETSU to enhance its efforts toward achieving the established affirmative action goals.

Office of Equity and Inclusion

ETSU's Office of Equity and Inclusion is to:

Build awareness of equity and inclusion institution wide, thereby affirming the educational value of a diverse and fully inclusive campus community. We aspire to become a campus enriched by persons of different backgrounds, points of view, cultures, socioeconomic statuses, and other diverse characteristics by infusing inclusion into all aspects of university life.

As part of the Office of Equity and Inclusion's mission, the Equity and Inclusion Advisory Committee serves as an advisory and working group for the coordination of the university's efforts relating to equity, inclusion, and cultural competency. The committee plays a lead role in advising the creation and coordination of strategies for equitable and inclusive campus activities and outreach. The committee is comprised of a chair and eight members consisting of cross-functional representation of employee groups across ETSU's main campus and the VA campus.

Language and Culture Resource Center

ETSU has a [Language and Culture Resource Center](#) (LCRC) whose vision is to expand community partnerships and to bridge boundaries between the Spanish-speaking and English-speaking communities in East Tennessee. Its mission is to increase the awareness and understanding of diversity by involving the University faculty and students in hands-on, community-based learning experiences; and to bring together people from every age and background, to share cultural strengths and humanity through research and outreach programs as they work toward the acculturation of the local Hispanic communities. The LCRC publishes *EL Nuevo Tennessean*, a bilingual newspaper and provides a bilingual Resource Guide for Washington, Unicoi, Carter, and Greene Counties. The LCRC also provides translation and interpretation services as well as English as a Second Language classes in the community.

The LCRC sponsors an annual Hispanic Student Day at ETSU for high school students of Hispanic heritage to ETSU for a one-day introduction to after high school life. The goal is to encourage Hispanic students to complete high school and further their education.

Women's Resource Center

ETSU has a [Women's Resource Center](#), which is responsible to Equity and Inclusion for facilitating the programs, services and resources involving education and outreach about issues of significance to women and/or issues having to do with gender; identifying resources that support enrichment of women; assisting with and promoting positive institutional change addressing women's concerns; and performing other related duties as assigned.

The Women's Resource Center (WRC) facilitates programming dealing with an extensive variety of issues and concerns affecting women and/or issues having to do with gender; identifying resources that support enrichment of women; assisting with and promoting institutional change addressing women's concerns; and performing other related duties as assigned.

The WRC goal is to enrich and enlighten women on the issues confronting them. The WRC is dedicated to providing seminar and lecture series that explore a wide spectrum of concerns. Although programs are designed to enrich and enlighten women, they are not limited to this group. Many seminars and lectures will interest the entire campus, community, and region. Their core programs are: Personal Finance Series, Women's Health Series, Women's Legal Issues Series, Women's Professional Enrichment Series, Women's Social Change Series, and WRC Book Review Group.

Multicultural Center

ETSU has a [Multicultural Center](#), which is a division of Student Life & Enrollment and is located in the Culp Center. The Multicultural Affairs Center features an open student lounge where students are able to engage in conversations, collaborate on projects and relax. The center also houses staff and offices from the Office of Access and Student Services; International Studies; and the Office of Multicultural Affairs. The Multicultural Affairs Center is a place where all students, faculty, and staff can interact and feel welcome to share their experiences. The vision of the Multicultural Affairs Center is that it will positively affect lives by creating an environment that supports and sustains the affirmation, celebration, and understanding of human differences and similarities. Its mission is to actively promote, lead, and facilitate the University's commitment to diversity; champion the importance of diversity; provide a supportive atmosphere for students; engage the university community in intercultural dialogue; build collaborative relationships among students, faculty, staff, and the community; and overcome barriers to inclusion.

The Multicultural Affairs Center is responsible for creating and fostering a campus-wide climate of respect for each individual and advocating for a culturally diverse and non-discriminatory campus community. The Multicultural Affairs Center embraces all students regardless of ethnicity, gender, color, religion, national origin, disability, or sexual orientation. Students receive many services through the office including counseling, academic advisement, numerous educational programs and social opportunities. The center provides numerous formal and informal opportunities for students of color to learn about their history and take pride in their

heritage. The center affirms and celebrates the diversity of the community through signature programs, cultural programs, and programs and services. The center also advises and collaborates with student organizations to enhance intercultural understanding while assisting the university community in acquiring the knowledge, attitudes, and values necessary to live and work in a changing, diverse, and global community.

UMOJA Festival

ETSU has provided financial support to the [UMOJA \(Unity\) Festival](#) in Johnson City, Tennessee, which was initiated nearly 20 years ago by the African American Community in town. The festival has grown to be inclusive of diversity and unity. The two-day festival attracts close to 30,000 attendees. It offers cultural entertainment and activities. The University has been involved in various ways over the life of the Festival; however, within the past five years, the University has increased its participation in the planning, implementation, and financial support to this diversity effort. This increased participation, in large part, is to support a cultural environment for our faculty, staff, and students that recognized the benefits of unity within diversity and enhance the availability of diverse entertainment opportunities for our community. To that end, the ETSU/UMOJA Collaborative meets on a regular basis (generally quarterly) to discuss the University's participation. The University's involvement has also elevated the community's interest in this festival and is intended to promote the University's commitment to hiring and fostering a diverse community.

Southern Regional Education Board Scholars Program

The [Southern Regional Education Board](#) (SREB) Doctoral Scholars Program's goal is to increase the number of minority students who earn doctorates and choose to become faculty at colleges and universities. The program provides multiple layers of support; not only financial assistance and research funding, but also career counseling, job postings and a scholar directory for networking and recruiting. Since its beginning in 1993, the program has supported approximately 1,600 scholars at 107 institutions in 30 states.

Each fall, SREB Compact for Faculty Diversity sponsors the Institute on Teaching and Mentoring, a four-day conference that has become the largest gathering of minority doctoral scholars in the country. Now in its 25th year, the Institute gives the issue of faculty diversity a national focus and provides minority scholars with the strategies necessary to survive the rigors of graduate school; earn the doctoral degree; and succeed as a member of the professoriate.

In addition, the Institute provides scholars and their faculty mentors with opportunities to share knowledge about research and academia, to meet other scholars and faculty from throughout the country, and to link to a larger community of scholars and faculty in various academic fields.

Scholars can network with faculty representatives and other doctoral scholars to share information on teaching, mentoring, research and building a career in higher education. The hope is that these methods will also increase faculty diversity at the nation's campuses.

Minority Recruitment Program

For the last ten years, ETSU sent a recruitment team to the Institute on Teaching and Mentoring to attend the recruitment fair that spans three of the four days. We actively recruit scholars not only for vacant faculty positions but also to become part of our *A Diverse ETSU* database, which is part of our Minority Recruitment Program. The goal of the program is to identify qualified applicants of diverse and ethnic backgrounds that best fit the needs of ETSU and the professional goals of the applicants and to develop a pool of qualified applicants of diverse backgrounds from which departments may draw when faculty openings occur.

Each February 20-30 scholars from the Minority Recruitment Program are invited to campus for a recruiting visit. They have an opportunity to meet with the University President, Academic Vice President, Health Sciences Vice President, Deans for the college of their field of study and the Chairs of the department of study. They also have the opportunity to spend time in different departments meeting current faculty. Additionally, the scholars are invited to meet influential community members and tour the surrounding area.

ETSU posts our faculty positions on the SREB Doctoral Program job-posting site, which is available to all of their scholars and young faculty members.

Office of Equity and Inclusion Strategic Diversity Plan

The [ETSU Office of Equity and Inclusion](#) published a [Strategic Diversity Plan](#) in 2014 with the intent to lay out a framework for the comprehensive diversity tasks that have been set. In 2020, the plan was updated and extended through 2022.

COMPLIANCE WITH RELIGIOUS AND NATIONAL DISCRIMINATION REGULATIONS

41 CFR §60-50

East Tennessee State University does not discriminate against any employee or applicant on the basis of religion or national origin. As a state institution, it does not and will not require or collect information concerning the religious affiliation (if any) of its employees. The University has taken the following actions:

- I. Created and maintained a policy that prohibits discrimination on the basis of religion or national origin.
- II. Developed procedures to investigate and resolve complaints of discrimination on the basis of religion or national origin.
- III. Advertised available positions in public arenas to which persons of any religious or national origin group should have access.
- IV. Distributed the [ETSU policy prohibiting religious and national origin](#) discrimination on the internet.

ETSU is aware of its obligations to make reasonable accommodations based on an employee's sincerely held religious beliefs. In most situations, changes in work schedules due to religious reasons can be accomplished without undue hardship.

COMPLIANCE WITH REGULATIONS FOR INDIVIDUALS WITH DISABILITIES

41 CFR §60-741

East Tennessee State University is firmly committed to the fullest extent possible to providing full access to individuals with disabilities. In doing so, ETSU intends to fully comply with the Americans with Disabilities Act (1990) as amended (ADAA) and Sections 503 and 504 of the Rehabilitation Act.

It is also the policy of ETSU to ensure that employees are treated fairly and that all personnel actions including, but not limited to, salary, rates of pay, benefits and other forms of compensation, selection for training or professional development opportunities, and all sponsored social and recreational programs are administered in a manner that does not discriminate against individuals with disabilities. Additionally, all employment decisions related to discipline, reductions in force, demotion, tenure denial or termination are administered in a manner that does not discriminate against individuals with disabilities.

Definitions

- An individual with a disability is a person who:
 - Has a physical or mental impairment which substantially limits one or more major life activities;
 - Has a record of such impairment; or
 - Is regarded as having an impairment.
- Qualified Individual with Disability: An individual who meets the skill, experience, education, and/or other job related requirements or the employment position held or desired and who, with or without reasonable accommodation, can perform the essential functions of a position.
- Reasonable Accommodation: A reasonable modification to the work environment or the way things are customarily done that enables an individual with a disability to enjoy equal opportunities.

ETSU policy extends reasonable accommodations to the known limitations of qualified persons with disabilities who are applicants for employment or employees in order for the individual to be able to perform the essential functions of a position and/or participate in the employment application process, as long as the accommodation does not impose an undue hardship on the department or unit. All requests for reasonable accommodation should be made to:

Self-Identification and Reasonable Accommodation Process

ETSU is an affirmative action, equal opportunity employer and is committed to making reasonable accommodations for qualified individuals with disabilities. It is the policy of ETSU that all applicants are considered and that all recruitment and hiring activities and decisions, testing, and medical examinations are not discriminatory against individuals with disabilities.

In general, it is the responsibility of the applicant or employee with a disability to inform ETSU that an accommodation is necessary to participate in the application process, perform the essential job functions, or receive benefits and privileges of employment.

All requests for accommodations are evaluated on a case-by-case basis to determine the appropriateness of the request. Further, employment opportunities shall not be denied because of the need to make reasonable accommodations to an individual's disability. Submission of this information is voluntary and refusal to provide it will not subject any applicant or employee to any adverse treatment. The information provided will be used only in ways that are not inconsistent with the ADAA, as amended. The information submitted is kept confidential, except when it is necessary (1) for supervisors and managers to be informed regarding restrictions on the work or duties and regarding necessary accommodations; (2) first aid and safety personnel may be informed, when and to the extent appropriate, if there is a condition that might require emergency treatment; and (3) government officials engaged in enforcing laws administered by the Office of Federal Contract Compliance. ETSU uses the required OFCCP Self-Identification form for individuals with disabilities.

The process for requesting accommodations is described on the ETSU Disability Services web page. A formal request begins with disclosure of disability and formal request for accommodations by the faculty or staff person using the Employee Request for an ADA Reasonable Accommodation form. This form is also on the web page. The employee makes an appointment with the Director or Disability Services and provides the request form along with appropriate medical documentation that describes the disability and the associate limitation that needs to be accommodated. The employee may also provide the job description for review where needed.

Assessment of Physical and Mental Qualifications

The University does not follow a set schedule for the periodic review of all physical and mental job qualification standards; however, the Offices of Human Resources and University Compliance take affirmative action on a daily basis to prevent any discrimination against applicants and/or employees.

The University's Search Guidelines for Filling Faculty, Administrative, and Clerical/Support Vacancies, PPP-35, provides detailed guidance for all search committees and hiring managers regarding the Americans with Disabilities Act, including the topics of proper position

advertisements; essential job functions; pre-employment testing; interviewing; and reasonable accommodations.

Attached to all Position Classification Questionnaires (job descriptions) for administrative/professional and clerical/support positions is a Questionnaire Supplemental Form. These forms are completed by direct supervisors and include the following job information: Physical Working Conditions; Environmental Working Conditions; and Mental Working Conditions. The Office of Human Resources reviews these forms when positions are created and/or changed by the supervisor. Job information is reviewed in conjunction with the required Essential & Secondary Functions of the position as also noted in the Position Classification Questionnaire. Issues are discussed with the supervisor.

Job advertisements are reviewed by Human Resources on a daily basis before the advertisements are posted to the ETSU job web portal and/or released to off-campus advertising sources. Job advertisements denote any significant physical demands/requirements of a position.

Employees requesting reasonable accommodations may contact the Office of Disability Services for assistance. The Office of Disability Services will work with the Office of Human Resources to amend job requirements as appropriate.

Outreach and Audit

As part of ETSU's commitment to individuals with disabilities the University is making efforts to work toward a utilization of 7.0% of all employees who identify as having a disability at the job group level. ETSU will not impose any quota or ceiling in its efforts to achieve the goal, but rather focus its efforts on better management, coordination, and implementation of its internal process for self-identification. ETSU currently invites qualified individuals with disabilities to apply for vacant positions through its affirmative action equal opportunity statement on all position postings. See posting statement:

East Tennessee State University is an AA/EEO employer and does not discriminate on the basis of race, color, ethnicity, national origin, sex, sexual orientation, gender identity, gender expression, religion, age, disability, veteran's status, genetic information, or any other protected class in its education programs and activities.

ETSU also currently invites applicants to voluntarily self-identify as having a disability at the application and post-offer state of the hiring process before the employee begins working for the University. This effort allows individuals who may have been reluctant to self-identify prior to being selected an opportunity to request accommodations as needed.

Additionally, ETSU collects data through its People Admin online applicant and new hire tracking system at the pre-offer state. The data for this plan year indicates that ETSU is underutilized in all categories.

All contractual agreements (leases, vendors, suppliers, etc.) state that ETSU is an affirmative action and equal opportunity employer. This affirmative action clause includes disability. ETSU

recruitment and hiring decisions do not deny opportunities for employment to qualify with disabilities.

Complaints and Resolution

It is the goal of ETSU to foster an atmosphere of respect and dignity for all employees, student, visitors and individuals who are authorized to conduct business with and/or perform other services on behalf of ETSU. ETSU has a clear, well publicized non-discrimination statement and prevention policies regarding discrimination based on disability. The policies are available on the ETSU website and major publication in Human Resources, the Office of University Compliance, and the Offices of the Provost, VP of Health Affairs and Student Life and Enrollment. The policies and procedures are also posted throughout campus. Individuals who believe they have been discriminated against because of their status as an individual with a disability should contact:

COMPLIANCE WITH REGULATIONS FOR VETERANS

41 CFR §61-300.10

East Tennessee State University does not discriminate against any applicant or employee because he or she is a covered veteran in admission, employment or its programs, services and activities. ETSU is committed to taking affirmative action to employ and advance in employment: (1) disabled veterans; (2) recently separated veterans; (3) active duty wartime or campaign badge veterans; and (4) armed forces service medal veterans.

The ETSU Affirmative Action Plan is implemented in accordance with federal guidelines regarding contractors and subcontractors under the requirements of the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended by the Jobs for Veterans Act of 2002, 38 U.S.C. 4212 (VEVRAA) and the Uniformed Services Employment and Reemployment Rights Act.

Veteran Definitions

- A "disabled veteran" is one of the following: A veteran of the U.S. Military ground, naval, or air service who is entitled to compensation (or who, but for the receipt of military recruitment pay, would be entitled to compensation) under laws administered by the Secretary of Veterans Affairs; or a person who was discharged or released from active duty because of a service-connected disability.
- A "Recently separated veteran" means any veteran during the three-year period beginning on the date of such veteran's discharge or release from active duty in the U.S. Military ground, naval, or air service.
- An "Active duty wartime campaign badge veteran" means a veteran who served on active duty in the U.S. Military ground, naval, or air service during a war, or in a campaign or expedition for which a campaign badge has been authorized under the laws administered by the Department of Defense.
- An "armed forces services medal veteran" means a veteran who, while serving on active duty in the U.S. Military ground, naval, or air service, participated in a United States military operation for which an Armed Forces service medal was awarded pursuant to Executive Order 12985.

Accommodation to the Physical and Mental Limitation of Veterans

ETSU considers all applicants or employees (including veterans) as qualified for its vacancies based on essential functions of a position and reasonable accommodations under the ADAA.

Applicants and current ETSU employees who are disabled veterans are encouraged to self-identify whether they require accommodations that could enable them to perform essential functions of a job they are applying for or currently hold, including special equipment, changes in the physical layout of the job, changes in the way the job is customarily performed, provision or personal assistance services or other accommodations for their disability.

Submission of this information is voluntary and refusal to provide it will not subject any veteran applicant or employee to any adverse treatment. The information provided will be used only in ways that are not inconsistent with the Vietnam Era Veteran's Readjustment Assistance Act of 1974, as amended. The information submitted is kept confidential, except when it is necessary

- (1) for supervisors and managers to be informed regarding restrictions on the work or duties of disabled veterans and regarding necessary accommodations;
- (2) first aid and safety personnel emergency treatment and
- (3) government officials engaged in enforcing laws administered by the Office of Federal Contract Compliance. ETSU uses the required OFCCP self-identification form for disabled veterans.

Employment Procedures for Veterans

It is the policy of ETSU to ensure that employees are treated fairly and that all personnel actions including, but not limited to, salary, rates of pay, benefits and other forms of compensation, selection for training or professional development opportunities, and all sponsored social and recreational programs are administered in a manner that does not discriminate against veterans. Additionally, all employment decisions related to discipline, reductions in force, demotion, tenure denial or termination are administered in a manner that does not discriminate against an individual's status as a veteran.

Outreach and Audit

As part of ETSU'S commitment to veterans, and to make a good faith effort towards achieving the required benchmark of 7.0% employment, the University has begun to enhance its efforts to increase the representation of veteran employees. In this plan year, ETSU is significantly below the representation benchmark for veterans based on self-identification.

ETSU has increased its efforts to work towards the federally established goal. ETSU will not impose any quota or ceiling in its efforts to achieve the goal but rather, focus its efforts on better management, coordination, and implementation of its outreach efforts.

ETSU continues to advertise all permanent positions for employment at JOBS4TN.gov and the site is run by the TN Department of Labor and Workforce Development. Additionally, ETSU continues to monitor its veteran hires through its People Admin monitoring system that supports the recruitment and hiring processes.

(Note: It should be noted that for every position vacancy, the hiring manager is required to review all essential functions and physical or mental qualifications for each position. Human Resources reviews the hiring manager's assessment to assure that the qualifications are appropriate for the position and that there are no barriers to employment.)

ETSU invites applicants to self-identify as a veteran at the application and post offer stage and before the first day of employment. This effort allows individuals who may have been reluctant to self-identify prior to being selected an opportunity to request accommodation if needed.

All contractual agreements (leases, vendors, suppliers, etc.) state that ETSU is an affirmative action and equal opportunity employer.

Covered veterans may have additional rights under USERRA (Uniformed Services Employment and Reemployment Rights Act). In particular, if a veteran was absent from employment to perform service in the uniformed service, he or she may be entitled to be reemployed by ETSU in the position they would have obtained with reasonable certainty if not for the absence due to service. For more information, veterans may contact the U.S. Department of Labor's Veterans Employment and Training Services (VETS), toll-free, at 1-866-4-USA-DOL.

Outreach

ETSU advertises positions and the university in diverse publications that target Veterans, including running ads in U.S. Veterans Magazine for recruitment purposes.

Employees are provided an opportunity during the Human Resources in-processing to identify themselves as a veteran. If they have served in the military, they can elect to: (1) decline to self-identify for HR purposes; (2) identify themselves as a “protected veteran,” or (3) identify themselves as a “Non-Protected Veteran.” Identifying themselves as a protected veteran means they would not object to being highlighted as a veteran.

The University has provided voluntary training opportunities for our staff and faculty to understand our veteran population.

ETSU has a fully-staffed Office of Veterans Affairs, who work with faculty, staff, and students alike on veteran's issues.

ETSU also has a Veterans Affairs Standing Committee comprised of faculty, staff, and students to discuss veteran issues on campus.

ETSU'S Office of Veterans Affairs has conducted outreach to Veterans of Foreign Wars and American Legion Posts within a 50-mile radius to establish a connection with these veterans groups and the university. The Posts visited thus far include: Mountain City, TN; Boone, NC; Elizabethton, TN; Johnson City, TN; Greeneville, TN; and Erwin, TN.

Our ETSU Veterans Affairs Office URL is: www.etsu.edu/academicaffairs/veteransaffairs/

The long-term efforts of the ETSU Veterans Affairs Office, the Veterans Upward Bound Program and participation in the Yellow Ribbon Program led ETSU to be named a Military Friendly School by the magazine GI Jobs.

ETSU's office of Veterans Affairs also has a Facebook page at www.facebook.com/etsuveterans/

ETSU also has a Veterans Upward Bound Program, which helps to enroll veterans and help them succeed within and after their time with the university free of charge. It is funded by a grant from the Department of Education under Title IV.

Complaints and Resolution

It is the goal of ETSU to foster an atmosphere of respect and dignity for all employees, student, visitors and individuals who are authorized to conduct business with and/or perform other services on behalf of ETSU. ETSU has a clear, well publicized non-discrimination statement and prevention policies regarding discrimination based on veterans' status. The policies are available on the ETSU website and major publication in Human Resources, the Office of University Compliance, and the Offices of the Provost, VP of Health Affairs and Student Life and Enrollment. The policies and procedures are also posted throughout campus. Individuals who believe they have been discriminated against because of their status as a veteran should contact:
