## Career Spotlight: Art Director

**What do they do?** Art directors typically oversee the work of other designers and artists who produce images for television, film, live performances, advertisements, or video games. They determine the overall style in which a message is communicated visually to its audience. For each project, they articulate their vision to artists. The artists then create images, such as illustrations, graphics, photographs, or charts and graphs, or design stage and movie sets, according to the art director's vision.

Art directors work with art and design staffs in advertising agencies, public relations firms, and book, magazine, or newspaper publishers to create designs and layouts. They also work with producers and directors of theater, television, or movie productions to oversee set designs. Their work requires them to understand the design elements of projects, inspire other creative workers, and keep projects on budget and on time.

**Education:** Art directors need at least a bachelor's degree in an art or design subject and previous work experience. Depending on the industry, they may have worked as graphic designers, fine artists, editors, or photographers, or in another art or design occupation before becoming art directors.

**Pay:** The median annual wage for art directors was \$89,820 in May 2016.

**Where can you go?** Programs in art and design are offered at Vanderbilt, Belmont, Lipscomb, UT- Knoxville, Union University, Rhodes College, Lee University, Carson-Newman, University of Memphis, King, ETSU, and many more Tennessee institutions.

## INFORMATION FOR JUNIORS

If you missed the January session, and want to participate in Career Work-Study, make sure to call the office to set up an appointment to make up the Myers-Briggs Personality Inventory with Marc. We look forward to seeing you at the upcoming February session! We will be completing the Self-Directed Search (SDS), another one of your CWS requirements. This assessment will give you further insight into potential careers and options for your Career Work-Study placement! Students who are unable to attend the February session will need a make-up appointment with Marc to complete the SDS.

Here are the first two prompts for the CWS essay (due April 9<sup>th</sup>). The remaining prompts will be administered as we approach the due date.

- Paragraph 1: When you began Junior Seminar, what careers were you considering?
- Paragraph 2: What is your Myers Briggs Personality Type (MBTI)? Explain what your type indicates about you. Explain what your type indicates about careers that might fit you.

### TRIVIA QUESTION

One example of where you will find me, is many locations inside of one building. When I'm new I'm remarkably plain, but after first use, I'm never the same, People clean me a lot, but I'm never like new, the changes come off, but leave residue. You will have seen me in your early years, I'm definitely a tool for the eyes, not the ears, But there is a sound that I can make, to cause the strongest man to quake. I feel I should give more of a clue, but I don't want to make it too easy for you. I may have bored you, or enthralled, but can you tell me what I'm called?

*Email your answer to Jessi ([nicelyj@etsu.edu](mailto:nicelyj@etsu.edu)) by Monday 2/5 at 8:00am. Students with the correct response will be entered into a drawing to win awesome prizes.*

### Spring Session Dates:
