- 3.3 Cost Proposal**
- 3.3.1 The Cost Proposal must be submitted to the Institution in a sealed package separate from the Technical proposal.

4 GENERAL REQUIREMENTS & CONTRACTING INFORMATION

4.1 Proposer Required Review and Waiver of Objections

Each Proposer must carefully review this RFP and all attachments, including but not limited to defects, objections, or any other matter requiring clarification or correction (collectively called “comments”). All such Comments must be made in writing and received by the Institution no later than the Written Comments Deadline in the RFP Section 2, Schedule of Events. This will allow issuance of any necessary amendments and help prevent the necessity of cancelling the RFP.

Any proposed alternatives, revisions or additions to the Pro Forma Contract (Attachment 6.2) must be made in writing. **Should the Proposer fail to include proposed alternatives, revisions or additions to the Pro Forma by the Written Comments deadline and/or in its Technical Proposal Response, such alternatives, revisions or additions will not be considered.** A proposal that limits or changes any of the terms or conditions contained in the Pro Forma Contract may be considered non-responsive.

- 4.3.6 A Proposer shall not submit multiple proposals in different capacities. This prohibited action shall be defined as a Proposer submitting one proposal as a prime contractor and a second Proposer submitting a proposal with the first Proposer offered as a subcontractor. This restriction does not prohibit different Proposers from offering the same subcontractor as a part of their proposals, provided that the subcontractor does not also submit a proposal as a prime contractor. Submitting multiple proposals in different capacities may result in the disqualification of all Proposers knowingly involved.
- 4.3.7 The Institution shall reject a proposal if the Cost Proposal was not arrived at independently without collusion, consultation, communication, or agreement as to any matter relating to such prices with any other Proposer. Regardless of the time of detection, the Institution shall consider any of the foregoing prohibited actions to be grounds for proposal rejection or contract termination.

4.3.9 The Institution reserves the right, at its sole discretion, to waive a proposal's variances from full compliance with this RFP. If the Institution waives minor variances in a proposal, such waiver shall not modify the RFP requirements or excuse the Proposer from full compliance with the RFP.

4.4 Incorrect Proposal Information

If the Institution determines that a Proposer has provided, for consideration in this RFP process or subsequent contract negotiations, incorrect information that the Proposer knew or should have known was materially incorrect, that proposal shall be determined non-responsive and shall be rejected.

If a proposer offers related goods and/or services in addition to those required by and described in this RFP, the additional goods and/or services may be added to the Contract before contract signing at the sole discretion of the Institution. Proposers must provide a detailed description of each related product and/or service offered in addition to those specified in this RFP to be considered for inclusion in the contract as a separate attachment. Costs associated with additional related goods and/or services must be provided on a separate attachment in the Cost Proposal. Further, any such amendment requiring additional goods and/or services must be signed by both the Institution and the Contractor and must be approved by other state officials as required by applicable statutes, rules, policies and procedures of the State of Tennessee. The Contractor must not provide additional goods or render services until the Institution has issued a written contract amendment with all required approvals.

4.20. Severability

If any provision of this RFP is declared by a court to be illegal or in conflict with any law, said decision will not affect the validity of the remaining RFP terms and provisions, and the rights and obligations of the Institution and Proposers will be construed and enforced as if the RFP did not contain the particular provision held to be invalid.

5 PROPOSAL EVALUATION & CONTRACT AWARD

5.1 Evaluation Categories and Maximum Points

The Institution will consider qualifications and experience, technical approach, and cost in the evaluation of proposals and award points in each of the categories detailed below (up to the maximum evaluation points indicated) to each Proposal deemed by the Institution to be responsive.

CATEGORY	MAXIMUM POINTS POSSIBLE
Mandatory Requirements – Section 6.5 A	Pass / Fail
Qualifications and Experience – Section 6.5 B	300
Technical Requirements – Section 6.5 C	300
Finalist Presentation	100
Cost Proposal	300

5.2 Evaluation Process

The evaluation process is designed to award the contract resulting from this RFP not necessarily to the Proposer offering the lowest cost, but rather to the responsive and responsible Proposer deemed by the Institution to offer the best combination of attributes based upon the evaluation criteria. "Responsive Proposer" is defined as a Proposer that has submitted a response that conforms in all material respects to the RFP. "Responsible Proposer" is defined as a Proposer that has the capacity in all respects to perform fully the contract requirements, and the integrity and reliability which will assure good faith performance.

5.2.1 Technical Response Evaluation

The RFP Coordinator will use the RFP Attachment 6.5, Technical Proposal and Evaluation Guide to manage the Technical Proposal Evaluation and maintain evaluation records.

5.2.1.1 The RFP Coordinator will review each Technical Proposal to determine compliance with mandatory requirements (refer to RFP Attachment 6.5, Technical Proposal and Evaluation Guide, Section A). If the RFP Coordinator determines that a proposal may have failed to meet one or more of the mandatory requirements, the Chief Procurement Officer will review the proposal and document his/her determination of whether: (1) the proposal meets requirements for further evaluation; (2) the Institution will request clarifications; or (3) the Institution will determine the proposal to be non-responsive to the RFP and reject it. A determination that a proposal is non-responsive must be approved by the Chief Business Officer before notice may be sent out that the proposal has been rejected.

5.2.1.2 A Proposal Evaluation Team, appropriate to the scope and nature of the RFP, and consisting of three (3) or more Institution employees, will evaluate each Technical Proposal that appears responsive to the RFP.

5.2.1.3 Each Proposal Evaluation Team member will independently evaluate each Technical Proposal against the evaluation criteria, rather than against other proposals, and will score each in accordance with the RFP Attachment 6.5, Technical Proposal and Evaluation Guide.

- 5.2.1.4 The Institution reserves the right, at its sole discretion, to request Proposer's clarification of a Technical Proposal or to conduct clarification discussions with any or all Proposers. Any such clarification or discussion shall be limited to specific sections of the proposal identified by the Institution. The Proposer shall submit its resulting clarification to the Institution in the format specified in the clarification request.

5.2.2 Finalist Presentation Evaluation

Top three scoring finalists will be invited to present.

5.2.3 Cost Proposal Evaluation

After the Technical Proposal evaluation and possible Presentation evaluation has/have been completed, the RFP Coordinator will open the Cost Proposals and use the RFP Attachment 6.6, Cost Proposal and Scoring Guide to calculate and document the Cost Proposal scores.

5.2.4 Total Proposal Score

The RFP Coordinator will calculate the sum of the Technical Proposal scores, the Presentation scores, and the Cost Proposal scores and record the resulting number as the total score for the subject Proposal. (Refer to RFP Attachment 6.7., Score Summary Matrix).

5.3 Contract Award Process

- 5.3.1 The RFP Coordinator will forward the results of the proposal evaluation process to the appropriate institution official who will consider the proposal evaluation process results and all pertinent information available to make a determination about the contract award. The Institution reserves the right to make an award without further discussion of any proposal.

Notwithstanding the foregoing, to effect a contract award to a Proposer other than the one receiving the highest evaluation score, the requesting department/party must provide written justification for such an award and obtain the written approval of the appropriate institutional official.

- 5.3.2 After the appropriate official's determination, the Institution will issue an Intent to Award to identify the apparent best-evaluated proposal as specified in RFP Section 2, Schedule of Events.

NOTICE: The Intent to Award shall not create rights, interests, or claims of entitlement in either the Proposer with apparent best-evaluated proposal or any other Proposer.

- 5.3.3 The Institution will make the RFP files available for public inspection as in the RFP Section 2, Schedule of Events following issuance of the Intent to Award.

- 5.3.4 The Proposer with the apparent best-evaluated proposal must agree to and sign a contract with the Institution that shall be substantially the same as the RFP Attachment 6.2, Pro Forma Contract.

Prior to contract execution, the Institution reserves the right, at its sole discretion, to add terms and conditions or to revise Pro Forma Contract requirements in the Institution's best interests. No such terms and conditions or revision of contract requirements shall materially affect the basis of proposal evaluations or negatively impact the competitive nature of the RFP process.

- 5.3.5 The Proposer with the apparent best-evaluated proposal must sign and return the Contract no later than the Award of Contract Date in the RFP Section 2, Schedule of Events. If the Proposer fails to provide the signed Contract by the deadline, the Institution may determine that the Proposer is non-responsive to the RFP terms and reject the proposal.

- 5.3.6 If the Institution determines that the apparent best-evaluated proposal is non-responsive and rejects the proposal, the RFP Coordinator will re-calculate scores for each responsive Cost Proposal to determine the new, apparent best-evaluated proposal.

In the event that the funds are not appropriated or are otherwise unavailable, the Institution reserves the right to terminate the Contract upon written notice to the Contractor. Termination under this Section E.2 shall not be deemed a breach of Contract by the Institution. Upon receipt of the written notice, the Contractor shall cease all work associated with the Contract. Should such an event occur, the Contractor shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Contractor shall have no right to recover from the Institution any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.
- E.3. Breach. A party shall be deemed to have breached the Contract if any of the following occurs (However, this list is not exclusive: failure to perform in accordance with any term or provision of the Contract; partial performance of any term or provision of the Contract; any act prohibited or restricted by the Contract; or, violation of any warranty.

For purposes of this Contract, these items shall hereinafter be referred to as a "Breach."

- a. Contractor Breach— Institution shall notify Contractor in writing of a Breach.
- (1) In event of a Breach by Contractor, the Institution shall have available the remedy of actual damages and any other remedy available at law or equity.
 - (2) Liquidated Damages— **[INCLUDE THIS SECTION ONLY IF APPLICABLE AND ADD ATTACHMENT AS DESCRIBED BELOW]** In the event of a Breach, the Institution may assess Liquidated Damages. The Institution shall notify the Contractor of amounts to be assessed as Liquidated Damages. The parties agree that due to the complicated nature of the Contractor's obligations under this Contract it would be difficult to specifically designate a monetary amount for a Breach by Contractor as the amounts are likely to be uncertain and not easily proven. Contractor hereby represents and covenants it has carefully reviewed the Liquidated Damages provisions contained in the above referenced, Attachment [NUMBER] and agrees that the amounts represent a reasonable relationship between the amount and what might reasonably be expected in the event of Breach, and are a reasonable estimate of the damages that would occur from a Breach. It is hereby agreed between the parties that the Liquidated Damages represent solely the damages and injuries sustained by the Institution in losing the benefit of the bargain with Contractor and do not include any injury or damage sustained by a third party. The Contractor agrees that the liquidated damage amount is in addition to any amounts Contractor may owe the Institution pursuant to the indemnity provision or other section of this Contract.

The Institution may continue to withhold the Liquidated Damages or a portion thereof until the Contractor cures the Breach, the Institution exercises its option to declare a Partial Default, or the Institution terminates the Contract. The Institution is not obligated to assess Liquidated Damages before availing itself of any other remedy. The Institution may choose to discontinue Liquidated Damages and avail itself of any other remedy available under

this Contract or at law or in equity; provided, however, Contractor shall receive a credit for Liquidated Damages previously withheld except in the event of a Partial Default.

- (3) Partial Default— In the event of a Breach, the Institution may declare a Partial Default. In which case, the Institution shall provide the Contractor written notice of: (1) the date which Contractor shall terminate providing the service associated with the Breach; and (2) the date the Institution will begin to provide the service associated with the Breach. Notwithstanding the foregoing, the Institution may revise the time periods contained in the notice written to the Contractor.

In the event the Institution declares a Partial Default, the Institution may withhold, together with any other damages associated with the Breach, from the amounts due the Contractor the greater of: (1) amounts which would be paid the Contractor to provide the defaulted service; or (2) the cost to the Institution of providing the defaulted service, whether said service is provided by the Institution or a third party. To determine the amount the Contractor is being paid for any particular service, the Institution shall be entitled to receive within five (5) days of any request, pertinent material from Contractor. The Institution shall make the final and binding determination of the amount.

Upon Partial Default, the Contractor shall have no right to recover from the Institution any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount. Contractor agrees to cooperate fully with the Institution in the event a Partial Default is declared.

- b. Institution Breach— In the event of a Breach of contract by the Institution, the Contractor shall notify the Institution in writing within 30 days of any Breach of contract by the Institution. The notice shall contain a description of the Breach. In the event of Breach by the Institution, the Contractor may avail itself of any remedy available in the Claims Commission; provided, however, failure by the Contractor to give the Institution written notice and opportunity to cure as described herein operates as a waiver of the Institution's Breach. Failure by the Contractor to file a claim before the Claims Commission within one (1) year of the written notice of Breach shall operate as a waiver of the claim in its entirety. It is agreed by the parties this provision establishes a contractual period of limitations for any claim brought by the Contractor.

- E.4. Copyrights and Patents/Institution Ownership of Work Products. Contractor grants Institution a world-wide, perpetual, non-exclusive, irrevocable, fully paid up license to use any proprietary software products delivered under this Contract.
