RESCUERS SEEK 77 ENTOMBED

Fate of Miners Imprisoned by Blast Doubtful; 16 Known Dead.

Morganton, W. Va., May 2.—(I. N. S.)—Rescue crews Monday had penetrated less than half the distance into the blast-wrecked depths of the New England Fuel and Transportation company's mine at Everettsville, W. Va., near here, where 77 miners, entombed late Saturday afternoon, are still imprisoned.

Presence of gas in the mine is delaying rescue attempts.

Sixteen dead and seven injured have been brought to the surface.

Fate of the entombed men was in doubt, according to reports here from the scene, but rescuers were said to be doubtful of the possibility of finding any great number of them alive.

PRAY FOR BOY
Everetteville Miners Memorial
“The mines had a way of bringing people together; it was a melting pot. You’d go down in the mine together and come out of the mine together...”

George Yost
Son of a Coal Miner
Preserving Everetteville's History

The Everetteville Historical Association's first goal is to protect and preserve the history of our community. We undertake a great many projects to save the cultural and historical resources that are so very valuable to remembering our past, and planning for our future. Below are just a few examples of how the EHA is working hard to keep our cherished heritage alive and safe for the next generation. Please do not forget to Donate to the EHA to help preserve our past!

- Miner's Memorial Services
- Thorn-Morgan Monument
- Veterans Marker Replacement Program
- West Virginia Highway Historical Marker
- WVU Student Visit: 2009

Carolina Mine, Double Bricked Walls for 1 Mile
Carolina, West Virginia

This is a board about the Carolina mine community. The Consolidated Coal No. 86 mine opened on June 16, 1916. The Carolina Coal Mine consistently was rated one of Marion County's top five coal producers in the 1920s, 1930s, and 1940s. In the early 1940s, it was sold to Bethlehem Steel. The site was closed on June 20, 1949.

There were more than 300 attendees at the Swap Meet, including the infamous, Mother Jones.
This project would not have been possible without the support of many individuals and organizations. A special Thank You is owed to the Appalachian Regional Commission, Fairmont State University, The Frank & Jane Gabor WV Folklife Center, and our Community Partners.
