

Upper East Tennessee Council of Teachers of Mathematics

Join us for our first meeting of the year! Get to know teachers from our area! Learn new ideas to take back to your classroom!

When: Tuesday, September 3, 2019 (4:00-6:00)

4:00-4:30: Mix & Mingle with Refreshments.

4:30-4:45: Business Meeting and Fabulous Door Prizes

4:45-6:00: Breakout Session of your choice

You do not have to be a member to attend this meeting!

Where: Ross N. Robinson Middle School

Located at 1517 Jesse Street, Kingsport, TN 37664

Breakout Session Descriptions

Developing Math Fact Fluency with Games (Grades K-5)

Presented by Dr. Jamie Price, ETSU

This session will present games that use materials you already have to help your students develop fluency in all operations.

Preparing for Math Olympiad Competitions (Grades 4-8)

Presented by Cameron Buck and Aubryn Street, Kingsport City Schools & Dr. Anant Godbole and Virginia Holley, ETSU

This session will present information related to the Math Olympiad Competition. Teacher will share perspectives on forming elementary and middle school teams for classroom/school competitions and the regional competition.

Number Talks in the Middle School Classroom (Grades 6-8)

Presented by Amanda Cole, Kingsport City Schools

This session will focus on planning number talks in all domains of the middle school math standards.

Integrating Technology into Task-Based Lessons (High School)

Presented by Ginger Davis, Bristol City Schools

This session will present ideas of how to incorporate programs like Desmos and GeoGebra into the structures and routines of a mathematics task-based lesson.

Not a member? Consider joining our group! Join at the meeting for only \$10 (cash or check) Membership applications available at the meeting or at <https://www.etsu.edu/cas/math/activities/uetctm.php>.
