## **UETCTM Scheduled Meetings**

The following is a schedule of the upcoming UETCTM scheduled meeting dates. Location and speakers will be announced later.

Tuesday February 14;  
Monday April 10;  
Tuesday May 9

## **Possible MS Mathematics Education Cohorts**

ETSU has launched two MS Programs in Pre-Collegiate Mathematics. See <http://www.etsu.edu/math/precollegiate/precollegiate-math.htm> for details.

1. IT IS LIKELY (subject to funding, we will know about the status of the grant application by Thanksgiving) that a new K-8 cohort will begin in January 2006 with FULL TUITION support. Teachers from partner districts (Elizabethton City, Hancock County, Johnson County, Unicoi County, Kingsport City) are particularly invited, but applications are welcome from ALL K-8 teachers. Classes will be at ETSU once a week. Please tell your colleagues and contact Anant Godbole, [godbolea@etsu.edu](mailto:godbolea@etsu.edu) for more information.
2. IT IS ALSO LIKELY that a new 7-12 cohort will start in January 2006 at the ETSU Bristol Campus, unfortunately with no initial support. Please tell all your colleagues. Contact Anant Godbole, [godbolea@etsu.edu](mailto:godbolea@etsu.edu) for information.

### CAVEATS:

These programs will not provide licensure or an add-on. They are intended to provide a deep understanding of the math teachers will use in the classroom.

## **MATH and BIOLOGY SYMBIOSIS**

UETCTM members Tara Peters, Floyd Brown and Pat Jungkeit will soon be coming to your school to recruit HS seniors for a new program at ETSU – Quantitative Biology. Students will earn \$500, \$1500, \$2500, \$3500 in undergrad research stipends their HS senior year, and freshman, sophomore and junior years in college respectively. KEEP your eyes wide open to IDENTIFY students who are

- Motivated;
- Would like to go to ETSU, more or less on a free ride;
- Do NOT, I REPEAT NOT have a burning desire to do math or biology – we are looking for persons who are more or less “undecided”.

## Membership Application

Complete & return to Floyd Brown with a check for \$10 made payable to UETCTM. Completed Application and check may be mailed to Floyd Brown, Science Hill High School, Mathematics Dept., 1509 John Exum Parkway, Johnson City, TN 37604
