

Overall Performance Summary
Meets expectations

To meet expectations at the domain level, the EPP must meet expectations on the required number of key metrics. The required number of key metrics varies depending on the number of metrics within each domain. To meet expectations at the overall level, the EPP must meet expectations on the required number of domains. To see more details by domain review the entire document.

DOMAIN 1: Candidate Recruitment and Selection
Meets expectations

Met GPA Expectation: Number above 2.75 	Met GPA Expectation: Average GPA 3.0 	Met High Needs Threshold: Growth over time OR 75th Percentile 
--	--	--

DOMAIN 2: Employment and Retention
Meets expectations

Met Retention Expectation: 85% Employed for 2 years 
--

DOMAIN 3: Candidate Assessment
Meets expectations

Met Pedagogical Assessment (PLT) Expectation: 90% of completers pass 	Met Literacy Assessment Expectation: 90% of completers pass 	Met Specialty Area Assessment Expectation: 90% of completers pass 
--	---	---

DOMAIN 4: Completer, Partner and Employer Satisfaction

Not currently included on the Performance Report

DOMAIN 5: Completer Effectiveness and impact

N/A

Met LOE 3+ Expectation: 85% of completers with 3+ 	Met TVAAS 3+ Expectation: Meet or exceed state average 	Met Observation 3+ Expectation: 90% of completers with 3+ 
--	---	--

DOMAIN 1: Candidate Recruitment and Selection

Meets expectations

Percentage with Undergrad GPA at or Above 2.75

95% of candidates were admitted with and undergraduate GPA of 2.75 or above

Meets expectations

Average GPA is at or above 3.0

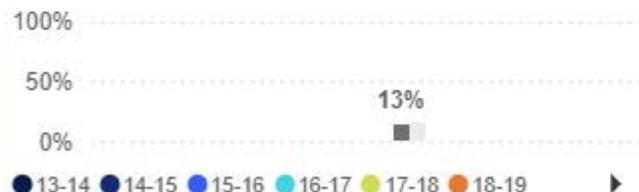

Average undergraduate GPA is at or above 3.0

of Undergraduates with GPA

499

Meets expectations

Percentage of completers who receive a high-needs endorsement

Growth over time OR the EPP is in the 75 percentile (or higher) for production of educators who receive high-needs endorsement

Meets expectations

Growth
3%

Percentile
66

Did your Education Preparation Provider meet Domain 1 Expectations?

An EPP must meet four of the six metrics to meet expectations in Domain 1. If an EPP has fewer than six metrics reported the following scaled set of expectations has been established:

- If an EPP has four or five metrics reported, the EPP must meet expectations for three metrics.
- If an EPP has three or fewer metrics reported, the EPP will not be evaluated on this domain.

DOMAIN 2: Employment and Retention

Meets expectations

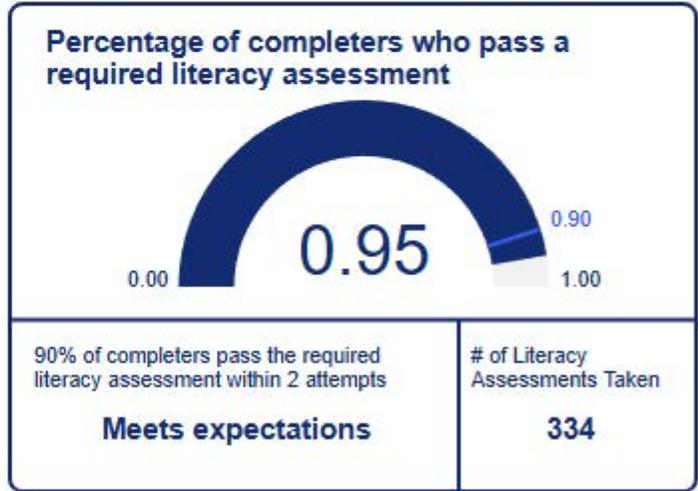

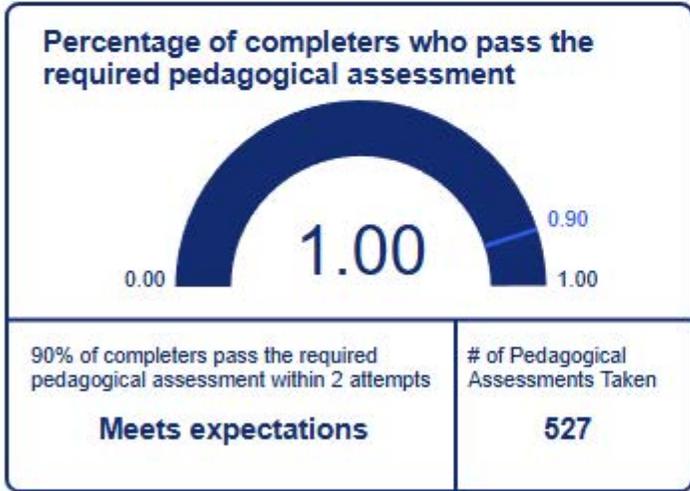

Did your Education Preparation Provider meet Domain 2 Expectations?

An EPP must meet the expectation for this metric to meet expectations for Domain 2. If an EPP is not scored for this domain, it will not count towards the overall expectations.

DOMAIN 3: Candidate Assessment

Meets expectations

Did your Education Preparation Provider meet Domain 3 Expectations?

An EPP must meet two of the three metrics to meet expectations in Domain 3. If an EPP has fewer than three metrics reported the following scaled set of expectations has been established:

- If an EPP has two metrics reported, then expectations for both metrics must be met.
- If an EPP has fewer than two metrics reported, the EPP will not be evaluated on this domain.

DOMAIN 5: Completer Effectiveness and impact

N/A

Percentage of Overall Level of Effectiveness ratings at or above 3

85 percent of completers have LOE ratings are 3 or higher

Meets expectations

of Completers with LOE

125

Percentage of TVAAS ratings at or above 3

Percentage of completers have TVAAS ratings of 3 or higher or exceeds the state average

Does not meet expectations

of completers with TVAAS

42

Percentage of Observations Ratings at or above 3

90 percent of completers have observation ratings of 3 or higher

Meets expectations

of completers with Observation

123

Did your Education Preparation Provider meet Domain 5 Expectations?

An EPP must meet two of the three metrics or meet the TVAAS metric to meet expectations in Domain 5. If an EPP has fewer than three metrics reported the following scaled set of expectations has been established:

- If an EPP has two metrics reported, then expectations for both metrics must be met.
- If an EPP has fewer than two metrics reported, the EPP will not be evaluated on this domain.
- An EPP may meet expectations for this domain by meeting expectations on the TVAAS metric.
