

## **Educational Leadership: Completer Effectiveness**

### **2023-2024**

In December, four candidates graduated from the M.Ed. in the Instructional Leader program, seven completed the Ed.D., and a total of 15 earned their license. Sixteen students remain in coursework. Of the 15 who completed the license in December, eight responded with their level of effectiveness for the previous school year. The range reported was 3 – 5. The mean was 4.1. This is higher than the expected level.
