

## School Librarianship

### 2023-2024

**Educator Disposition Assessment:** Studies have revealed educator dispositions -- traits and beliefs that guide thoughts, actions, and character – are just as, if not more, important as knowledge and skill within classroom settings. For this reason, a key assessment in the School Librarianship Program is the Educator Disposition Assessment developed by Educational Dispositional Consultants, LLC. The assessment can be self or instructor driven.

- Fall, 2023 - Spring 2024 – average score (maximum a 4) – 4.0
