2024

**Overall Performance Summary**

**Meets expectations**

To meet expectations at the domain level, the EPP must meet expectations on the required number of key metrics. The required number of key metrics varies depending on the number of metrics within each domain. To meet expectations at the overall level, the EPP must meet expectations on the required number of domains. To see more details by domain review the entire document.

**DOMAIN 1: Candidate Recruitment and Selection**

**Meets expectations**

Met GPA Expectation:  
Number above 2.75

Met GPA Expectation:  
Average GPA 3.0

Met High Needs  
Threshold: Growth over  
time OR 75th Percentile

**DOMAIN 2: Employment and Retention**

**Meets expectations**

Met Retention  
Expectation: 85%  
Employed for 2 years

**DOMAIN 3: Candidate Assessment**

**Does not meet expectations**

Met Pedagogical  
Assessment (PLT)  
Expectation: 90% of  
completers pass

Met Literacy  
Assessment  
Expectation: 90% of  
completers pass

Met Specialty Area  
Assessment  
Expectation: 90% of  
completers pass

**DOMAIN 4: Completer, Partner and Employer Satisfaction**

Not currently included on the Performance Report

**DOMAIN 5: Completer Effectiveness and impact**

**Meets expectations**

Met LOE 3+  
Expectation: 85% of  
completers with 3+

Met TVAAS 3+  
Expectation: Meet or  
exceed state average

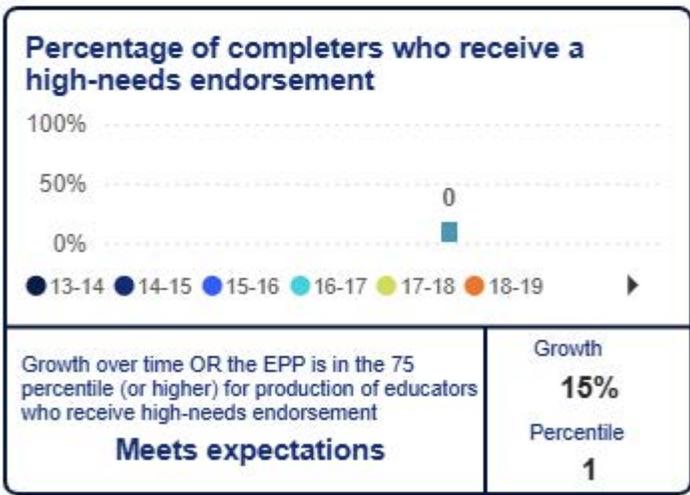

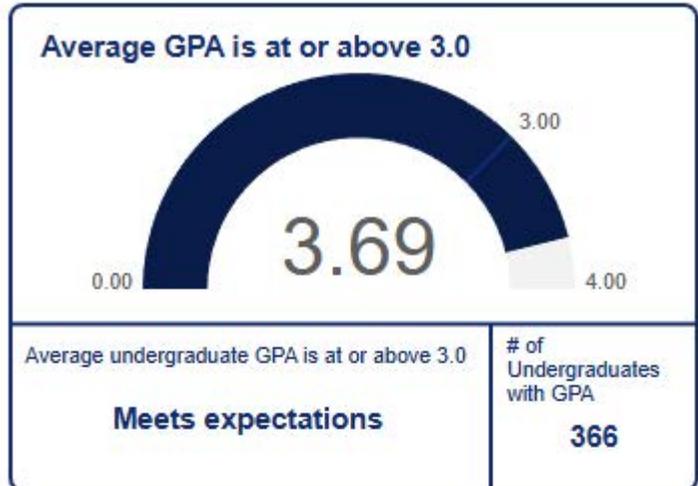

Met Observation 3+  
Expectation: 90% of  
completers with 3+

**DOMAIN 1: Candidate Recruitment and Selection**

**Meets expectations**

**Did your Education Preparation Provider meet Domain 1 Expectations?**

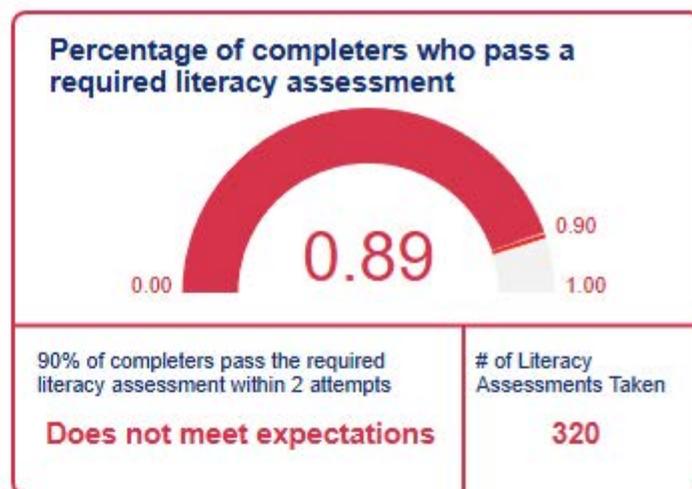

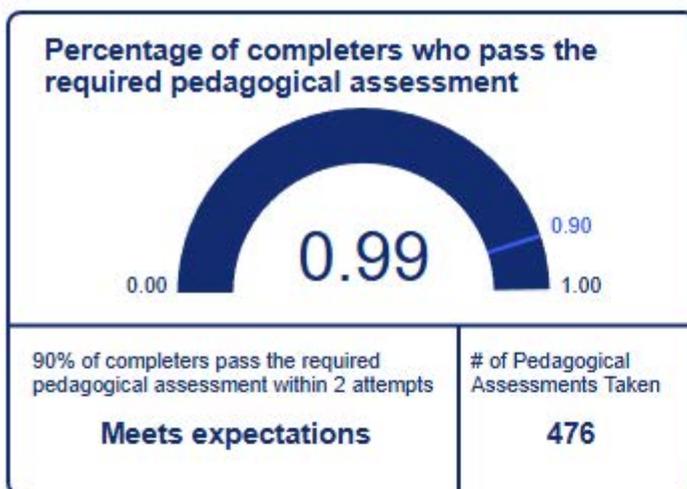

An EPP must meet four of the six metrics to meet expectations in Domain 1. If an EPP has fewer than six metrics reported the following scaled set of expectations has been established:

- If an EPP has four or five metrics reported, the EPP must meet expectations for three metrics.
- If an EPP has three or fewer metrics reported, the EPP will not be evaluated on this domain.

**Did your Education Preparation Provider meet Domain 2 Expectations?**

An EPP must meet the expectation for this metric to meet expectations for Domain 2. If an EPP is not scored for this domain, it will not count towards the overall expectations.

**Did your Education Preparation Provider meet Domain 3 Expectations?**

An EPP must meet two of the three metrics to meet expectations in Domain 3. If an EPP has fewer than three metrics reported the following scaled set of expectations has been established:

- If an EPP has two metrics reported, then expectations for both metrics must be met.
- If an EPP has fewer than two metrics reported, the EPP will not be evaluated on this domain.

**DOMAIN 5: Completer Effectiveness and impact**

**Meets expectations**

**Percentage of Overall Level of Effectiveness ratings at or above 3**

85 percent of completers have LOE ratings are 3 or higher

**Meets expectations**

# of Completers with LOE

**353**

**Percentage of Observations Ratings at or above 3**

90 percent of completers have observation ratings of 3 or higher

**Meets expectations**

# of completers with Observation

**368**

**Percentage of TVAAS ratings at or above 3**

Percentage of completers have TVAAS ratings of 3 or higher or exceeds the state average

**Does not meet expectations**

# of completers with TVAAS

**133**

**Did your Education Preparation Provider meet Domain 5 Expectations?**

An EPP must meet two of the three metrics or meet the TVAAS metric to meet expectations in Domain 5. If an EPP has fewer than three metrics reported the following scaled set of expectations has been established:

- If an EPP has two metrics reported, then expectations for both metrics must be met.
- If an EPP has fewer than two metrics reported, the EPP will not be evaluated on this domain.
- An EPP may meet expectations for this domain by meeting expectations on the TVAAS metric.
