Galvanizing Interdisciplinary STEM in Tennessee

<https://www.etsu.edu/cas/math/mathexcellence/>
East Tennessee State University
June 5-7, 2019

A workshop to discuss and
collaborate around
interdisciplinary STEM in our
institutions' courses.

STEM Integration

Weaving together science,
technology, engineering,
and mathematics improves
student achievement and
enables deeper
understanding of the
sciences.

G.I.S.T. Goals

- propagate change
- team up
- create coherence
- encourage rich learning
- exchange ideas
- assess progress
- plan for the future

Call to Action

With funding from the
Tennessee STEM Innovation
Network and Nuclear Fuel
Services, G.I.S.T. scholars' travel
and lodging will be provided.
