(A.) **Policy/Procedure/Process Statement:**

NOTE: The name of this policy has been changed from the original M4 Attendance Policy to M4 Attendance / Leave Policy.

Students pursuing the MD degree at Quillen College of Medicine are physicians in training who must meet standards of professional conduct and responsibility to develop into effective physicians. Institutional Objective 5.0: Demonstrate a commitment to carrying out professional responsibilities and an adherence to ethical principles. As a professional school, Quillen requires attendance and active participation in all components of the curriculum, as defined by course directors. Active participation in the School’s course activities indicates the student’s understanding and mastery of professional responsibilities.

The **M4 Request for Permission to be Absent Form** is used to document the approval of Medical and/or Residency Interview and/or Quillen Activity and/or Other leave and becomes part of this policy. See attached form.

(B.) **Purpose of Policy/Procedure/Process:**

The granting of the MD degree attests to the fact that the student has demonstrated a commitment. Their professional responsibilities through participation in all aspects of the curriculum as defined by the faculty. When it is necessary for students to be absent from a required MD program activity, students much approach such absences with the same standard of professional responsibility required of practicing physicians; professional responsibility extends to one’s patients and members of one’s team. This policy pertains to the LCME requirements of Element 12.4 as stated above.
Policy Name: M4 Attendance / Leave

(C.) Scope of Policy/Procedure/Process (applies to):
Fourth-Year Medical Students enrolled in the Quillen College of Medicine MD program.

(D.) Activities of Policy/Procedure/Process (start to finish):
Students may request to be absent from their assigned rotation as outlined below.

Electives
Students may be permitted to miss up to twenty-five percent of an elective rotation (five [5] days for a four [4] week rotation; two and a half days [2 ½] for a two [2] week rotation) for residency interview purposes or up to two (2) days for purposes other than residency interview for justifiable circumstances provided a request is submitted at least one (1) week in advance.

Students requesting to miss more than twenty-five (25%) percent of a rotation will be required to:

1) Make up time missed;
2) Have an alternative activity assigned by the instructor to make up for the time missed; or
3) Withdraw from the rotation, however, this must occur at least two (2) weeks in advance of the elective start date.

This policy is not to be construed to mean that a student is entitled to take up to twenty-five (25%) percent of a rotation off for any reason.

Requests must be submitted via the Request for Permission to be Absent form at least one (1) week in advance with supporting documentation of the scheduled interview or other purpose and approved by the instructor.

Selectives
On selective rotations students may request up to two (2) days off for justifiable circumstances. Requests must be submitted at least one week in advance utilizing the Request for Permissions to be Absent form. Time missed for an excused absence is not required to be made up. These guidelines may apply to other circumstances (illness, personal issues) on a case by case basis. The instructor may assign an alternative activity to make up for the time missed which was not approved in advance.

Requests for up to two (2) days off for justifiable circumstances must be submitted at least one (1) week in advance utilizing the Request for Permission to be Absent form and approved by the instructor.

Medical Leave
Students are expected to seek necessary health care to maintain their physical and mental well-being. Examples of necessary health care include preventive health services, visits for acute illness, ongoing care for chronic illnesses, physical therapy, and counseling and psychological services. Consistent with their rights under University policies and the law, students have a right to privacy when seeking care. Documentation of medical necessity may be required.

For planned absences related to healthcare, students must contact the course director or senior clerkship coordinator and preceptors or patient care team leader in advance to coordinate time away from the course. Students need not disclose the specific type of healthcare that is being sought. A student’s decision to seek healthcare during a clerkship should have no impact on their performance evaluation. Students are encouraged to attempt to schedule routine visits so that they do not conflict with required curricular activities.

Unanticipated absences for an illness or emergency, including emergencies involving immediate family, must be communicated to the course director or senior clerkship coordinator and preceptor and patient care team leader as promptly as possible. Absences of greater than two (2) consecutive days requires a note from the student’s personal healthcare provider.
Policy Name: M4 Attendance / Leave

The make-up of missed activities/experiences is at the discretion of the Course Director. Absences requiring making up a required skill/proficiency may require a note from the student’s healthcare provider.

Education Leave/Quillen Activity (Official QCOM Committee or Integrated Grand Rounds/Other Teaching Activity):

- Time off from a required selective of up to three (3) days (inclusive of travel time) MAY be granted by the Course Director for a student to:
  
  o Attend a conference if the student is presenting research at a conference and a completed request form is submitted and approved at least six (6) weeks prior to the conference. The conference agenda, the conference flyer or letter of invitation documenting presentation must be submitted with the completed request.

  o Attend a conference representing Quillen College of Medicine as an elected institutional representative for a regional or national organization. A completed request form must be submitted and approved at least six (6) weeks prior to the conference.

- Students may request time off to participate in an official QCOM committee or Integrated Grand Rounds / Other Teaching Activity if submitted in advance. Approved time for such activities does count toward the total number of days which can be missed as defined above for an elective or selective.

  o A completed request form must be submitted and approved at least one (1) week in advance.

The make-up of missed activities/experiences is at the discretion of the Course Director.

Rotations begin on Monday morning (occasionally Tuesday morning, if Monday is a recognized East Tennessee State University’s Board of Trustees holiday) and continues until 4:30 PM the last Friday of the rotation, including weekends. A leave request must also be submitted for weekend days, unless the course specifies there are no expectations of student participation in required educational activities, such as, but not limited to call or hospital rounds on weekends.

Students are expected to follow the work schedule of the ambulatory or inpatient site they are assigned. East Tennessee State University’s Board of Trustees recognized holidays do not apply to these sites.

Consequences of Policy Violations:

Failure by the student to comply with the policy may result in a Professionalism form being submitted by the rotation director and/or the student receiving an incomplete for the rotation.
