Recessional
Dear graduates,

Today represents a milestone event in your life, for it is the culmination of your hard work and dedication over the past several years. It also represents the beginning of a new journey in your life. Whether that journey leads you back to campus to further your education, or into the workforce to put your skills to the test, it has been enhanced by your experience at ETSU.

Today, I encourage you to take a moment to reflect upon the experiences that brought you to this commencement ceremony. Undoubtedly, your own efforts have helped propel you onto this stage. The efforts and support of your family and loved ones, many of whom are with us today to celebrate your success, also played a key role in making today’s celebration possible. In all of the excitement that is graduation day, please do not forget to tell those individuals “thank you” for all that they have done and continue to do to support your endeavors.

I also encourage you to show your appreciation to the faculty and staff who helped you achieve your degree. We are proud of your accomplishments and look forward to hearing where your footprints lead in the coming years. Be sure to stay connected with ETSU and our National Alumni Association. Additionally, I hope that you can return to campus to take in a performance, attend Homecoming or just walk through our beautiful grounds.

Finally, as you realize this dream of a college degree, I ask that you always share with others the importance of higher education. It is through the power of higher education that we can make the biggest difference in our own lives, our communities, and the world.

Congratulations on this outstanding accomplishment.
Godspeed and go Bucs!

Brian Noland
Dr. Brooks Pond, a professor in the Department of Pharmaceutical Sciences, joined East Tennessee State University Bill Gatton College of Pharmacy as a founding faculty member in 2007 and has participated in didactic teaching of students within the College of Pharmacy and the Biomedical Science Ph.D. program.

Her teaching accomplishments have been recognized by both her students and her peers. She is the 2020 recipient of ETSU’s highest teaching honor – the Distinguished Faculty Award in Teaching. For more than a decade, she has instructed and coordinated the Human Physiology course, a major foundational course for student pharmacists. In addition, Pond teaches pharmacology associated with several courses in the second and third years of the pharmacy curriculum.

She has been selected four times as the Gatton College of Pharmacy Teacher of the Year and has been recognized by her college peers when she was named Outstanding Teacher in 2015. Most recently, she was selected as a Teaching and Learning Peer Consultant by the ETSU Center for Teaching Excellence.

Pond also has received accolades from her students over the years. Each year, the Gatton College of Pharmacy graduating class selects a faculty member who has been most influential on their education to serve as a “faculty hooder” at graduation. Pond has received this honor six times, more than any other Gatton faculty member.

During the COVID-19 pandemic, the student experience has been different than in the past, and Pond and her colleagues have had to adapt to changes and technology in the classroom in order to connect with them.

Through her experience in teaching online courses during COVID-19, Pond has studied best practices and developed some of her own techniques for keeping student pharmacists engaged and accountable in a virtual format. She has adapted one of her favorite teaching methods, known as Process Oriented Guided Inquiry Learning, or POGIL, to the online classroom by utilizing break-out rooms where student pharmacists can work on activities in small groups. Pond makes her rounds to each group virtually, just as she would in the physical classroom, and has been pleased with the initiative and engagement among the students.

In addition to her teaching, Pond contributes to the service and research missions at Gatton. Her research focuses on psychostimulants’ long-term effects on the brain, and she has opened her research lab to all types of students, including high school, undergraduate, pharmacy and Ph.D. students. During her tenure, she has mentored 51 student pharmacists through research projects.

Pond earned a B.S. in biochemistry and molecular biology at Centre College in 2000 and a Ph.D. in pharmacology and certificate in cell molecular biology at Duke University in 2004. She also completed a postdoctoral research fellowship at St. Jude Children’s Research Hospital.
Lisa Piercey, MD, MBA, FAAP, was honored to join Governor Bill Lee’s cabinet upon his inauguration in January 2019, as the 14th commissioner for the Tennessee Department of Health. Preceding her public service, Dr. Piercey spent a decade in health systems operations, most recently as Executive Vice President of West Tennessee Healthcare, a public, not-for-profit health system with over 7,000 employees servicing 22 counties. Dr. Piercey is board certified by the American Board of Pediatrics in both General Pediatrics and in the specialty field of Child Abuse Pediatrics. She has remained active in evaluating children for suspected abuse and neglect and serves in a volunteer capacity as Medical Director for the Madison County Child Advocacy Center and faculty member at Vanderbilt University School of Medicine. Professional awards include Senior Healthcare Executive of the Year (2016), Rural Healthcare Executive of the Year (2017), and the WestStar Make-a-Difference Award (2018).

She received her B.S. in Chemistry from Lipscomb University, her M.D. degree and Pediatrics residency training from East Tennessee State University Quillen College of Medicine, and her M.B.A. from Bethel University. Both Dr. Piercey and her husband, David, an industrial safety specialist, are west Tennessee natives and have four children. In her personal time, she enjoys cooking, traveling, drumming, and competing in triathlons.
Beth Bass, former Women’s Basketball Coaches Association CEO, is the U.S. Director, Women’s Sports Marketing for Adidas. As the voice of the Adidas female athlete in America, Bass is responsible for extending the Adidas brand message at all levels of sports, from youth to collegiate to professional, across all Adidas sport categories in the United States. Bass led the Women’s Basketball Coaches Association as Chief Executive Officer for 14 years. During her tenure, she initiated the development and marketing of the Wade Trophy, the top individual player award in women’s NCAA Division I basketball, simultaneously establishing a long-standing relationship with ESPN. She launched the Pink Zone program, now known as Play 4Kay, the highly successful, national, grassroots, cancer awareness program. Bass is a cum laude graduate of East Tennessee State University, lettering in basketball all four years. She earned her Master’s degree and was a graduate assistant in marketing and promotion at the University of Tennessee, working under legendary Lady Vols coach Pat Summitt. She began her professional career at Converse, moving up the ranks from promotional specialist to National Women’s Sports Director, and served as Women’s Basketball Marketing Manager at Nike before joining the Women’s Basketball Coaches Association as Executive Director. Most recently, she was President of the Sports Division of Knight Energy’s Sports Division, providing energy solutions for major sporting venues and organizations nationwide.
Bishop came to ETSU as a temporary faculty member in the College of Nursing in 1978. Since that time, she earned tenure and progressed through the faculty ranks, serving in administrative roles including department chair, dean, and assistant/associate vice president prior to becoming a vice president in 2005. While serving in various administrative roles, she has continued to be a classroom teacher as well as a mentor for doctoral and graduate students.

Throughout her career at ETSU, Bishop has observed and been a part of many important changes at the university. After 11 years of serving as Dean of the College of Public and Allied Health, Bishop was appointed Vice President for Administration and Chief Operating Officer of the university in 2005. This role took her out of the academic arena and into university operations when she assumed responsibility for Athletics, Facilities Planning, Human Resources, Information Technology, Public Safety and Student Affairs. However, her academic background provided a context for decision-making and communication with faculty and staff that was invaluable for her and in many ways for the university.

In 2007, she transitioned to Vice President for Health Affairs, becoming the first non-physician to hold the VPHA title. In this position, she embraced and led the university’s Interprofessional Education Initiative (IPE) and the team-based care that it embodied as the future of quality health care delivery. Through the IPE efforts, ETSU not only created opportunities for shared classroom experiences, but was able to create a building where team-based learning is the priority and students can work and study together in preparation for their future careers as health care providers. The Interprofessional Education and Research Center (Building 60) on the Veterans Administration campus is a physical symbol of vision becoming reality.

Bishop also oversaw the launch of the ETSU Health brand in 2019, which unified the educational, clinical and research pursuits of ETSU’s five health sciences colleges, more than 250 providers and 35 clinical sites.

In her most recent role as Senior Vice President for Academics and Interim Provost, Bishop has focused on bringing together under one management umbrella the academic affairs and health affairs colleges of the university.

Bishop received her Doctor of Public Administration degree from the University of Southern California from which she also earned a Masters of Public Administration and a Masters of Education. She holds a Masters of Nursing and a Bachelor of Science in Nursing from Virginia Commonwealth University. She has been recognized by both of her alma maters for her career achievements. In 2013, she was inducted into the Tennessee Women’s Hall of Fame.

Active in peer review accreditation, in 2019, Dr. Bishop received the James T. Rogers Distinguished Leadership award from the Southern Association of Colleges and Schools Commission on Colleges, the highest award given by the Commission.

Bishop plans to retire on June 30, 2021 after 43 years of service at ETSU.

The three academic degrees generally recognized are the bachelor's, the master's and the doctor's. The name of each degree seems to have been determined by medieval university custom. The bachelor's degree, the baccalaureate, takes its name directly from the medieval practice of “bachelors” wearing a garland of bayberries. The master's degree was equivalent to a license to teach, and sometimes was followed by the express words Licentia Docendi. The doctor's degree was originally a title of respect and a recognition of great learning. Today the doctor's degree indicates advanced study and independent research in a specialized field of learning, whereas honorary degrees are granted for meritorious service and for distinction in public or private endeavor. In the medieval university, students and teachers wore gowns indicating their status and scholastic achievement.

In 1895, an intercollegiate commission drafted a uniform code for the use of academic caps, gowns and hoods in the United States. This code is followed by approximately 95 percent of all colleges and universities. In 1932 and 1935 the American Council on Education reviewed and refined the American academic costume.

Those holding a bachelor's degree traditionally wear a gown of worsted material, fastened at the top, and distinguished by long pointed sleeves hanging nearly to the knees. The master's gown, worn open, is made either of worsted or silk, and has long closed sleeves with an arc appearing near the bottom and a slit for the arm near the middle of the sleeves. The doctor's gown, also worn open, is made of silk, faced with a broad strip of velvet, and has three bars of velvet on each sleeve.

A hood may be worn with the gown and is made of the same material. The master’s hood is three and one-half feet long, faced with a three-inch strip of velvet; the doctor's hood is four feet long, faced with a five-inch strip of velvet. The color of the tassel or the velvet strip on the hood indicates the field of study in which the degree was earned or granted, as for example: Agriculture – Maize; Arts, Letters, Humanities – White; Commerce, Accountancy, Business – Drab; Dentistry – Lilac; Economics – Copper; Education – Light Blue; Engineering – Orange; Fine Arts including Architecture – Brown; Forestry – Russet; Journalism – Crimson; Law – Purple; Library Science – Lemon; Medicine – Green; Music – Pink; Nursing – Apricot; Oratory (Speech) – Silver Gray; Pharmacy – Olive Green; Philosophy – Dark Blue; Physical Education – Sage Green; Physical Therapy – Teal; Public Administration including Foreign Service – Peacock Blue; Public Health – Salmon Pink; Science – Golden Yellow; Social Work – Citron; Theology – Scarlet; Veterinary Science – Gray.

The appropriate cap for all degrees is the familiar “mortarboard.” A tassel, displaying the color signifying the field of specialization, hanging to the left of the face, is appropriate for all degrees. Those holding a doctor's degree may wear a soft velvet cap of the color indicating their field of study, or with the “mortarboard” may wear a tassel in whole or in part of gold thread.

The Presidential Medallion - The presidential medallion is the traditional symbol of office worn at official functions. The design features a torch symbolizing learning; a wreath, symbol of victory, while the star ruby symbolizes excellence.

The Mace - The East Tennessee State University mace is an organic design in forged silver with an ebony handle. The form gives a circular impression, referring to the medieval concept of a heavy armor-breaking club yet losing its warlike appearance by becoming less solid and a more decorative symbol of the university as it encompasses global thinking. A central staff radiates the thrust of the rhythmical branches of the tree of knowledge; the heavier branches representing the well-established disciplines and the more delicate ones the beginnings and growth of the new.

The Flag - The flag of East Tennessee State University is of simple conception, yet representative of the rich heritage of the area and the aspirations of the university.
Students wearing a medallion on a colored ribbon are graduating with honors as follows:
- White ribbon - cum laude (3.50 – 3.64 GPA)
- Yellow ribbon - magna cum laude (3.65 – 3.84 GPA)
- Blue ribbon - summa cum laude (3.85 – 4.00 GPA)

**Academic Honors**

**National Honor Societies**

**Alpha Epsilon Delta**
Purple and red cords signify membership in Alpha Epsilon Delta, the national health pre-professional honor society dedicated to the encouragement and recognition of excellence in pre-professional health scholarship.

**Alpha Sigma Lambda**
The cream colored stoles with deep burgundy and antique gold embroidery signify the credo "First in Scholarship and Leadership." Membership in the Zeta Tau chapter of Alpha Sigma Lambda represents the premier national honor society for nontraditional students.

**Delta Alpha Pi International**
The blue and gold cords signify the participation in the Psi chapter of Delta Alpha Pi, which honors high achieving students with disabilities.

**Gamma Beta Phi**

The Star-Spangled Banner

Oh say, can you see, by the dawn’s early light,
What so proudly we hailed at the twilight’s last gleaming?
Whose broad stripes and bright stars through the perilous fight,
O’er the ramparts we watched, were so gallantly streaming?
And the rockets’ red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
Oh say does that star-spangled banner yet wave
O’er the land of the free and the home of the brave?

Alma Mater

In the shadow of the mountains,
Under skies of blue,
Stands our dear old Alma Mater,
Glorious to view.
Sound the chorus, speed it onward;
Thee we’ll never fail!
Hail to thee, our Alma Mater—
Hail to thee, all hail!

In thy halls we formed our friendships,
Dear old college home;
And to thee we pledge our hearts,
Wherever we may roam.
Sound the chorus, speed it onward;
Thee we’ll never fail!
Hail to thee, our Alma Mater—
Hail to thee, all hail!
