Norman Daniels, Ph.D.
Mary B. Saltonstall Professor and Professor of Ethics and Population Health Harvard School of Public Health

Livestream: http://elearning.etsu.edu/live/publichealth.htm

Norman Daniels is Mary B. Saltonstall Professor and Professor of Ethics and Population Health at Harvard School of Public Health. He has published over 200 articles and authored and co-authored many books related to health care and social justice, including *Just Health Care; Seeking Fair Treatment: From the AIDS Epidemic to National Health Care Reform; Benchmarks of Fairness for Health Care Reform; Is Inequality Bad for Our Health?; Setting Limits Fairly: Can We Learn to Share Medical Resources?;* and *Just Health: Meeting Health Needs Fairly.* His current research focuses on adapting the "benchmarks of fairness" for use in less developed countries, on developing fair process for priority and limit-setting decisions about resource allocation in various settings, and on issues of global justice.

A member of the Institute of Medicine, a Fellow of the Hastings Center, a Founding Member of the National Academy of Social Insurance and of the International Society for Equity in Health, he has consulted with a remarkably wide range of organizations, commissions, and governments in the U.S. and abroad on issues of justice and health policy. Dr. Daniels received BA degrees from Wesleyan and Oxford, and his PhD from Harvard.

"Is There a Global Right to Health with Better Global Governance?"

Millennium Centre,
2nd Floor Ballroom
6:00 p.m.
