1. The "Living Wage" for 1 Adult + 1 Child is \$7/hour for the whole state of Tennessee. "Near" in this specific guide, is defined as 65% of the statewide living wage, which is \$7/hour. Special note that in the original guides for Health Sciences and Technology, Manufacturing and Engineering, Information Technology, and Education, the living wage was \$7 and near was defined as 85% of living wage. Since 2021, the living wage thresholds in Tennessee have rapidly increased and it was decided to benchmark the "Near" living wage to the absolute number in the original 2019 guides. Subsequent iterations of all guides would need to re-benchmark to new living wage scales.
