

How to Hire Student as a Walk-In

1. If the job was never listed on the website or if a supervisor wishes to hire someone other than an applicant who applied online, they should hire the student as a “walk-in,” which means to hire an applicant without them having applied for the position.
2. From the Job Control Panel, Click on the *Actions* drop down list for the job you wish to hire the student into, and select *Hire Applicant*.
 - a. The job must be in Listed or Review status and have available openings listed. You cannot hire students into jobs that are in Storage.

4. The supervisor will then select the student from all relevant matches on the next screen to proceed to the next step in the normal hiring process
 - a. Supervisors commonly use the Hire a walk-in candidate function when promoting a student from one level to another, re-hiring students from one year to the next, or if they already know which student is to be hired into the position (thereby eliminating the need to list the job and accept general applications).
 5. The system will validate the employee’s account to ensure they are eligible to be hired.
 - a. If the employee is NOT eligible to be hired, the system will show a red X next to each eligibility requirement the employee did not meet.
