

Fine & Performing Arts Honors Scholars Program

The Fine & Performing Arts Honors Scholars Program invites high-achieving students to join our community of undergraduate scholars pursuing excellence in the many arts represented on our campus.

The program offers a distinctive honors curriculum with a focus on creative accomplishment. Our honors scholars, faculty, and staff will welcome you, challenge you to think critically, assist you with your artistic interests, and help you to excel.

In addition, we sponsor activities, events, and programs designed to enhance the collective cultural and intellectual environment and foster a more global perspective within the university community.

Admission is competitive; 10 funded and 5 unfunded scholars are admitted each fall. Scholarships include 8 semesters of in-state or out-of-state tuition (if applicable), and most fees.
