Interprofessional Perspectives on Global Health (EPID 5700)*

Study Abroad: Ciudad Sandino, Nicaragua

June 28—July 20, 2016

On campus June 28-29, July 19-20; In Nicaragua July 5-18**

Course purpose: This course addresses the knowledge and skills necessary to work in interprofessional healthcare teams in a global health setting. Topical areas include defining global health and social justice, understanding unique epidemiologic challenges in global health, and health priorities.

Course Format: Lectures at ETSU prior to the study abroad trip, a trip to Nicaragua for 12-14 days, and lectures at ETSU following the trip.

Costs:
Graduate Tuition/ Fees ($1,677)+ Program Fees($1,730) = $3,407

Program fees include: airfare (approx. $850), Room and board (dormitory plus three meals a day, $845) and health insurance ($25).

*Open to all graduate/professional students who are interested in global health. Students should determine if this course fits their program requirements.

**Final dates subject to change based on travel itinerary and flight costs.
