POLITICS, HISTORY, AND CULTURE IN CENTRAL EAST EUROPE

SCHOLARSHIPS AVAILABLE

The focus of the course includes contemporary and historical influences on domestic politics, foreign policy, economics, and culture in Poland and the Czech Republic. Learn how these newer members of the EU have transitioned into democratic countries after a turbulent 20th century of war, fascist occupation, communism, and revolution. Discover the rich history of multicultural societies, stroll along the medieval cobblestone streets of Old Town, walk through 14th century castles and cathedrals, duck into a medieval silver mine, listen to live music, and engage in discussions with politicians, academics, and professionals on this unique study abroad experience.
