- Dean Hurley Criminal Justice
- Bill McTier Management and Marketing

Human Resources thanks the adjunct faculty pictured above for joining us at the Carillon on a cold and windy day. A special thanks to Virginia Foley for representing the Faculty Senate as we recognize all of our adjunct faculty.

“The profile of the faculty at ETSU is greatly enhanced by the teaching provided by adjunct faculty—many of whom have served the University well for many years. Whether it is in providing needed instruction in sections of large course offerings or whether it is by filling gaps by providing particular academic expertise that complements our curricula, adjunct faculty fill a vital role at ETSU and at any university. The education of our students is enriched by the roles those adjunct faculty play.”

Bert C. Bach - Provost & Vice President for Academic Affairs

“Adjunct faculty members play an important role in the life of universities. Adjunct faculty members bring perspectives and experiences that can be very different than those of tenured and tenure track faculty. Teaching is the focus of adjunct faculty members and students benefit from having instructors with that focus. Adjunct faculty help provide a balance between theory and practice in courses they teach. ETSU is richer for the service of our adjunct faculty members.”

Virginia Foley - Faculty Senate President, Associate Professor, Educational Leadership & Policy Analysis
