

ATI Products For Students:

These products may assist you as you prepare for classroom exams and ATI CMA's. Some may be assigned in your courses. You are free to use these products to benefit you. For assistance with these products please contact Mrs. Denise Bowser, room 265 Nicks Hall- bowserd@etsu.edu

Learn Tab

Achieve is an interactive tutorial with multimedia that supports student success in study skills, test taking, and learning styles and strategy preferences. The tutorial contains five modules that offer evidence-based recommendations to aid nursing students **at all levels** in enhancing their experience as learners and test takers. The tutorial contains detailed information to aid ESL students in their unique challenges. Achieve includes in-depth information to prepare students for success in completing their clinical experiences. Includes the following 5 modules:

- Test-Taking Skills
- Study Skills
- Classroom Skills
- Preparing for Clinical Experiences
- Challenges for ESL Students

NurseLogic 2.0 is an interactive, media-rich, online tutorial designed to introduce students to the new ATI Helix of Success. This model illustrates how knowledge and clinical judgment, supported by concepts derived from the QSEN Competencies and the Institute of Medicine (IOM) recommendations for nursing education, can prepare the student for academic and NCLEX® success. This robust and interactive tutorial introduces nursing students to core concepts relevant to nursing practice, arms students with study and test taking skills, and introduces them to the NCLEX examination process. Faculty and students both will benefit from a wide array of case studies, applied learning examples, and learning resources that support student success throughout the curriculum. The depth and breadth of the content will provide beginning and advanced students valuable information they can use in classroom and clinical settings. **Modules listed below can be completed at beginner level Semesters 1-2 and advanced levels Semesters 3-5:**

- Knowledge and Clinical Judgment
- Nursing Concepts
- Priority Setting Frameworks
- Testing and Remediation

Pharmacology Made Easy 3.0 is an interactive, media-rich online tutorial designed to help students learn about pharmacology and drugs given in practice. The tutorial contains 12 modules with about 200 prototype drugs addressed.

Each module focuses on drugs that relate to a body system and contains detailed drug information related to the drugs' use in the management of alterations in health. **This product is ideal for study during NRSE 3010 Pharmacology and with each didactic course where drugs are tested. Includes a great review of anatomy and physiology.**

The screenshot displays the ATI Learning Management System (LMS) interface. At the top, the ATI logo is on the left, and navigation links for 'Denise Bowser's Account', 'Online Store', 'Contact Us', and 'Return to Faculty Account' are on the right. Below the logo is a navigation bar with 'HOME', 'MY ATI', 'MY RESULTS', and 'HELP' buttons. The main content area is titled 'Study Materials' and 'Active Learning Templates'. A 'Content Area' dropdown menu is set to 'All'. Below this are tabs for 'LEARN', 'TEST', 'IMPROVE', 'APPLY', and 'NCLEX® PREP'. A 'Type' dropdown menu is set to 'All', and there is a checkbox for 'Hide disabled products (0 hidden)' and an 'ADD PRODUCT' button. The main area contains a grid of 16 course modules, each with a title, a 'MODULES' or 'EBOOKS' button with a count, and an 'Accessed' status. Three blue arrows point to specific modules: the first arrow points to the 'Achieve' module (5 modules), the second arrow points to the 'Nurse's Touch: Wellness and Self-Care' module (5 modules), and the third arrow points to the 'Pharmacology Made Easy 3.0' module (13 modules).

Module Title	Module Count	Accessed

RN eBook Library	9	Never
Sigma Theta Tau Modules 2017	18	Never
Skills Modules 2.0	30	5/15/2019

Test Tab

Learning System RN 3.0 provides practice in content-specific areas, which allows students to identify their strengths and focus efforts on their areas of need. Faculty can identify which areas to direct students' attention to for remediation using ATI practice assessments and tutorials. ATI is committed to increasing student confidence by providing students with experience answering NCLEX-style questions in a variety of quizzing formats. With Learning System 3.0, students can assess their knowledge through pre-set quizzes, build a customized quiz that focuses on specific categories, or test their category specific comprehension in an adaptive quizzing environment.

Students can make dynamic quizzes that are adaptive. Students select topic areas, the level of difficulty, the time for each item, and the number of items in each quiz.

Built in Quizzes include:

- Communication
- Community Health
- Fundamentals 1
- Fundamentals 2
- Maternal Newborn 1
- Maternal Newborn 2
- Med Surg Cardio & Hemat.
- Med surg. Dermatological
- Med Surg. Musculoskeletal
- Med Surg. Neurosensory.
- Med Surg. Renal & Urin.
- Med Surg. Endocrine
- Med Surg. Oncology
- Med Surg. Respiratory
- Med Surg. Gastrointestinal
- Med Surg. Immune & Infect.
- Mental Health 1
- Mental Health 2
- Nursing Care of Children 1
- Nursing Care of Children 2
- Gerontology
- Leadership
- Pharmacology

Targeted Medical Surgical tests

Each 30-item Targeted Medical Surgical test offers an assessment of the student's basic comprehension and mastery of adult medical surgical nursing principles. ATI Nursing identified content for these assessments based on the 2016 NCLEX-RN® test plan, topics in primary references, and collaboration with multiple nursing programs across the U.S. The assessments are only available online, include rationales, and cover the following content areas: • Cardiovascular • Endocrine • Fluid, Electrolyte, and Acid-Base • Gastrointestinal • Immune • Neurosensory and Musculoskeletal • Perioperative • Renal and Urinary • Respiratory

The screenshot shows the ATI website interface. At the top right, there are links for "Denise Bowser's Account", "Online Store", "Contact Us", and "Return to Faculty Account". Below these are navigation buttons for "HOME", "MY ATI", "MY RESULTS", and "HELP". The main content area includes "Study Materials" and "Active Learning Templates". A "Content Area" dropdown menu is set to "All". Below this are buttons for "LEARN", "TEST" (highlighted with an orange box), "IMPROVE", "APPLY", and "NCLEX® PREP". Further down, there are filters for "View" (set to "All"), "Type" (set to "Quiz Banks" and highlighted with an orange box), "Sort" (set to "Date Accessed"), and a checkbox for "Hide disabled products (0 hidden)". An "ADD PRODUCT" button is also present. A note states: "Note: There are currently no proctored exams in session. When a proctored exam is in session, it will display here." with a "Check for Proctors" button. Under "Other available assessments:", a "Quiz Bank" card is shown for "Learning System RN 3.0" with a "QUIZZES 35" button and "Accessed: Never" text.
