Nursing CAS Frequently Asked Questions

- 1. Do I have to send my ETSU transcripts to CAS even if I am an ETSU student?**
YES you do.
- 2. Can I just get my transcripts in a sealed envelope and send them to CAS myself?**
NO. CAS requires that the transcripts come directly from the Registrar's office. Follow directions in the CAS application under Academic History.
- 3. My dual enrollment is on my ETSU transcript, so do I have to request one from the community college where I did my previous work?**
YES you do. The transcript needs to come from the original school.
- 4. My CAS GPA does not match my ETSU transcript. Is something wrong?**
CAS does not exclude repeated grades and will be including transfer work that ETSU does not calculate. We will correctly calculate your GPA when we evaluate your application.
- 5. I requested my transcripts using the CAS form, and they are still not checked off as received. What should I do?**
It can take up to three weeks for CAS to process them. If it has been longer than that, please contact CAS.
- 6. If my application is not verified by the application deadline, am I no longer in the applicant pool?**
As long as you have completed your application, requested your transcripts in a timely manner, submitted your application and paid the fee, **you will still be in the pool.**
- 7. Should I submit reference letters, awards, volunteer or experiential hours, and a personal statement?**
We do not require these, and will not look at them. If you are applying to other programs, you may need them, but not for ETSU's application.
- 8. Should I put my TEAS scores, My ACT or SAT scores or GRE scores on my application?**
You do not need to put any standardized tests scores on your application. We will put your TEAS scores on when we evaluate your application. If you take the TEAS at a location other than ETSU, you will upload a copy of your Individual Performance Profile (which includes scores for all four sections

and the total score) to the CAS application. **Remember that LPN students do not need to take the TEAS.**

9. Should I wait until I have taken the TEAS to submit my application?

ETSU students should not wait. If you are taking the TEAS elsewhere you will need to upload your TEAS Individual Performance Profile to the application before submitting. **Remember that LPN students do not take the TEAS.**

10. Can I meet with an advisor to go over my application and make sure that everything is correct?

Yes; You will indicate your First Choice program, and any other locations you would be willing to attend, should you not be admitted to your first choice.
