

DNP Residency/Practicum Non-Precepted Activity Form

The purpose of the residency requirement is to build a community of scholars. Residency provides a doctoral student with significant time for sustained participation with peers and faculty members in scholarly and creative activities that will benefit populations within the student's concentration.

Student Name:

Residency:

Track:

Proposed Activity:

Date of Activity: Location:

Mentor(s)/Preceptor(s):

Financial Support: (Amount, Source)
