Accreditation
Commission on Colleges of the Southern Association of Colleges and Schools

East Tennessee State University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia, Telephone number 404-679-4501) to award certificate, associate, bachelor's, master's, educational specialist, doctor of education, Ph.D., and M.D. degrees.

Memberships
The American Council on Education
The American Association of State Colleges and Universities
The Tennessee College Association
The Council for Advancement and Support of Education
The Council of Graduate Schools in the United States
The Council of Southern Graduate Schools
The Tennessee Conference of Graduate Schools
Association of Academic Health Centers
Oak Ridge Associated Universities
Institute of International Education
National Collegiate Athletic Association
Southern Conference

Please Note:
Degree requirements for programs of study initiated under provisions of this bulletin shall remain in effect for six years. Students not completing requirements within the six-year period may be required to meet subsequent criteria; it is further provided, however, that the six-year limitation may be extended for interruption by military service where enrollment is resumed immediately upon release from service.

The course offerings and requirements of ETSU are continually under examination and revision. This bulletin presents the offerings and requirements in effect at the time of publication, but is no guarantee that they will not be changed or revoked. However, adequate and reasonable notice will be given to students affected by any changes. This bulletin is not intended to state contractual terms and does not constitute a contract between the student and East Tennessee State University.

ETSU reserves the right to make changes as required in course offerings, curricula, academic policies, and other rules and regulations affecting students to be effective whenever determined by the institution. These changes will govern current and formerly enrolled students. Enrollment of all students is subject to these conditions.

Current information may be obtained from the following sources: Admission Requirements-Office of Admissions; Course Offerings-department offering course; Degree Requirements-Office of the Registrar; Fees and Tuition-Office of the Comptroller.

ETSU complies fully with the Family Educational Rights and Privacy Act of 1974, as amended. The complete statement of policy may be obtained from the Office of the Registrar. East Tennessee State University is fully in accord with the belief that educational and employment opportunities should be available to all eligible persons without regard to age, gender, color, race, religion, national origin, disability, veteran status, or sexual orientation.

ETSU provides the opportunity for students to increase their knowledge by offering programs of instruction in the various disciplines and programs through faculty who, in the opinion of ETSU, are qualified for teaching at the college level. The acquisition and retention of knowledge by any student are, however, contingent upon the student's desire and ability to learn while applying appropriate study techniques to any course or program. Thus, ETSU must necessarily limit representation of student preparedness in any field of study to that competency demonstrated at that specific point in time at which appropriate academic measurements were taken to certify course or program completion.

Student Conduct, Rights, and Responsibilities

University students are citizens of the state, local, and national governments and of the academic community, and are, therefore, expected to conduct themselves as law-abiding members of each community at all times. Admission to an institution of higher education carries with it special privileges and imposes special responsibilities apart from those rights and duties enjoyed by nonstudents. In recognition of the special relationship that exists between the institution and the academic community which it seeks to serve, the Tennessee Board of Regents has authorized the president of the university to take such action as may be necessary to maintain campus conditions and preserve the integrity of the institution and its educational environment.

Pursuant to this authorization, the Tennessee Board of Regents has developed regulations which are intended to govern student conduct on the campus. In addition, students are subject to all national, state, and local laws and ordinances. If a student's violation of such laws or ordinances also adversely affects the institution's pursuit of its educational objectives, the institution may enforce its own regulations regardless of any proceedings instituted by other authorities. Conversely, violation of any section of the Tennessee Board of Regents regulations or university rules may subject a student to disciplinary measures by the institution whether or not such conduct is simultaneously violative of state, local, or national laws.

A complete statement on institutional student disciplinary rules and procedures can be found in the student handbook.

Campus Security Report

East Tennessee State University makes available to prospective students and employees the ETSU Security Information Report. This annual report includes campus crime statistics for the three most recent calendar years and various campus policies concerning law enforcement, the reporting of criminal activity, and crime prevention programs. The ETSU Security Information Report is available upon request from East Tennessee State University, Department of Public Safety, Box 70646, Johnson City, TN 37614-1702. The report can be accessed on the Internet at: http://www.etsu.edu/dps/security_report.htm.
Student’s Bill of Rights

Students along with faculty, staff, and administrators are all members of the East Tennessee State University community. Inherent with such membership is the responsibility to conduct oneself reasonably to maintain a civil community which respects the rights of all individuals.

The student has certain rights guaranteed by the Federal and State Constitutions or statutorily created legislation including:

1. Freedom of inquiry, freedom of speech, and freedom of expression that is respectful or sensitive to the rights of individuals.
2. The right to peaceably assemble, in accordance with federal, state, local, and ETSU regulations.
3. Religious freedom and a clear division of church and state.
4. Freedom from unreasonable search and/or seizure of person, or personal property.
5. Freedom from discrimination or harassment on the basis of gender, age, race, color, religion, national origin, or other protected status.
6. The right to privacy, including the maintenance of confidential records in accordance with provisions of the Family Educational Rights and Privacy Act of 1974 and 1975, qualified by the Tennessee Open Records Law.
7. The right to due process.

The Tennessee Board of Regents grants additional rights including:

1. The right to due process in disciplinary procedures of the university, including written notification of charges, an explanation of procedures, and a hearing before an appropriate administrator or committee.
2. The right to expeditious review of disciplinary sanctions upon appeal.
3. The right to participate in the decision-making process of the university through the Student Government Association, other student governance organizations, and membership on university standing and advisory committees.
4. The right to affiliate with officially registered student organizations if the membership requirements of those organizations have been met, and the right to seek to establish, through official procedures, additional student organizations of one’s choosing.

East Tennessee State University acknowledges that students have a legitimate expectation that:

1. Classes meet as scheduled, and begin and adjourn on time.
2. Course requirements are clearly specified.
3. The instructor is prepared for class and possesses both oral and written communications skills.
4. Paper project grades and test results are received in a timely manner.
5. Information about progress in coursework is provided.
6. The instructor is qualified to teach the subject matter.

Additionally, students have the right to expect:

1. Accurate information concerning institutional services, regulations, policies, and procedures, in published form.
2. Representation in the university governance system.
3. Sound and accurate academic advice, information regarding courses required for graduation, and their schedule sequence.
4. Reasonable notice of any changes in academic requirements or programs and assurance that such changes will not be made in a way that unduly impedes the academic progress of the student already enrolled.
5. Flexibility in course scheduling (by dropping and adding) or withdrawing within university guidelines.
6. Information about the various types of financial assistance available.
7. Freedom to evaluate courses, programs, and services, and provide input to appropriate segments of the campus administration.

Student Complaint Policy and Procedure

East Tennessee State University is committed to maintaining a learning environment which promotes student academic excellence and personal development. Various departments on campus have written procedures which allow students to appeal actions taken by the department which directly affect the student. If a student wishes to appeal a specific administrative decision, he/she should contact the appropriate department and request an appeal form.

Students who have a concern about their academic advisement or other academic issues, including an action based upon academic policies, procedures, or deadlines, should contact the Director of Undergraduate Student Advisement, P.O. Box 70291, Culp University Center.

Student concerns or complaints pertaining to the offices of Admissions, Financial Aid, or the Registrar should be directed to the Vice Provost, P.O. Box 70731, Burgin Dossett Hall.

Students who have a general complaint pertaining to university policies, procedures, or personnel should provide a written statement outlining the nature of the complaint to the Dean of Students, P.O. Box 70725, Culp University Center.

Student complaints concerning sexual, racial, disability, and other harassment should be filed with the Director of Equal Employment Opportunity/Affirmative Action, P.O. Box 70734, Burgin Dossett Hall. When the charge of harassment is by one student against another student, the complaint should be filed with the Dean of Students.

In every instance, the appropriate individual will investigate the complaint, seek an equitable solution, and respond to the student in a timely manner.
EAST TENNESSEE STATE UNIVERSITY

VISION STATEMENT
To become the best regional university in the country.

ETSU MISSION/INSTITUTIONAL PURPOSE

ETSU opened its doors in 1911 initially to prepare teachers for the region’s public schools and has evolved into a state-supported, comprehensive, regional university in the State University and Community College System of Tennessee, governed by the Tennessee Board of Regents. The University embraces its regional setting and proudly reflects its traditional roots through programs and activities that highlight its Appalachian heritage. Although the majority of students from Northeast Tennessee and adjacent states, many qualified students from throughout Tennessee and from other states and countries also enroll. The University acts on the belief that educational opportunities should be available to all eligible people without regard to age, gender, race, color, religion, national origin, disability, veteran status, or sexual orientation.

ETSU affirms the fundamental values of higher education: protecting free interchange of ideas through academic freedom, promoting curiosity and desire for learning, stimulating thought and self-reflection, and encouraging ethical behavior. It also places a distinctive focus on improving student competency in writing, oral communication, and using information technology. The University expects its faculty, with support from administration and staff, to place primary emphasis on student learning through a strong commitment to effective and innovative teaching.

The University promotes efficient and effective services to support the University’s instructional, research, and public service programs.

The University pursues partnerships and collaboration as a means of enhancing its institutional effectiveness. It places special emphasis on community-based and interdisciplinary education, on service-learning with rigorous student expectations for reflection, on expanding opportunities for students’ intellectual and social development through co-curricular opportunities and academic programs meeting high standards of quality, and on a respect for cultural diversity and programming that enhances global awareness. The University also provides opportunities for communities outreach, public service, and lifelong learning of both a professional and personal nature through its various units. It assumes a leadership role in providing facilities and programs that improve the intellectual, cultural, political, social, and health environment of Northeast Tennessee and the Southern Appalachian region. In addition, ETSU reflects its commitment to quality through a number of specialized centers, bureaus, and Chairs of Excellence.

ETSU offers programs through nine schools and colleges related to five areas: arts and sciences, business, education, health sciences and services, and technology. The University is recognized by the state for its unique mission focus in the area of health sciences and places special emphasis on addressing the needs of Southern Appalachia in areas of rural health care. ETSU’s Division of Health Sciences, composed of the colleges of Medicine, Nursing, and Public and Allied Health, serves the state, region, and nation as a comprehensive academic health sciences center.

ETSU’s undergraduate programs embrace the philosophy of liberal education for all, with special programs leading to a primary level of expertise in the arts and sciences and in selected professional fields. These programs also address needs of students not fully prepared for college-level work, nontraditional students returning to the classroom, and gifted students seeking more challenging educational activities. The University is also committed to providing a rich campus life, expanded residential opportunities, and a viable athletic program.

ETSU offers a broad array of graduate programs that provide advanced specialized preparation in many areas to meet the needs of its student population and facilitate the development of its extensive service region. Those programs include broad master’s-level programming in most liberal arts disciplines as well as technical and professional programs in fields that respond to regional and other clearly defined needs. They include doctoral programs in education and in biomedical sciences and programs leading to the Doctor of Medicine degree.

The University is expanding the availability and enhancing the quality of off-campus programming in viable markets as well as programming offered through distance learning technologies which include the Internet. The University provides programs that expand the region’s access to emerging technologies. ETSU is expanding undergraduate, master’s, graduate certificate, and doctoral programs that support its mission focus on health, wellness, and addressing the needs of rural populations.

Research and scholarship are essential components of the University’s mission. The University supports quality research and scholarly activities in all areas of its academic programs and community service activities. These programs enhance the contributions of East Tennessee State University’s partnerships and collaborations. ETSU’s faculty are responsible for developing and maintaining programs of scholarly activity appropriate to their disciplines. The University seeks to reward practicing researchers and scholars who are current and active in their disciplines and who incorporate the products of their research and scholarship in teaching, professional publications or exhibits or performances, and in professional services to business, education, government, the arts community, and health care systems. (Revised 10/31/2001)
ETSU VALUES
ETSU pursues its mission through a student-centered community of learning reflecting high standards and promoting a balance of liberal arts and professional preparation, continuous improvement, and based on core values where:

• **PEOPLE** come first, are treated with dignity and respect, and are encouraged to achieve their full potential;
• **RELATIONSHIPS** are built on honesty, integrity, and trust;
• **DIVERSITY** of people and thought is respected;
• **EXCELLENCE** is achieved through teamwork, leadership, creativity, and a strong work ethic;
• **EFFICIENCY** is achieved through wise use of human and financial resources; and
• **COMMITMENT** to intellectual achievement is embraced.

ETSU STRATEGIC GOALS FOR THE 2000-2005 PLANNING CYCLE

East Tennessee State University will emphasize its mission-distinctive focus through the following goals:

1. Expand and enrich student learning with
   a) A commitment to a student-centered environment
   b) Demonstrated quality undergraduate and graduate programs
   c) A strong General Education core
   d) A commitment to providing students opportunities for appropriate careers through advising, counseling, and planning
   e) Internship/Co-Op opportunities
   f) A focus on health professions education and services
   g) Community-based programs
   h) Interdisciplinary offerings

2. Conduct faculty and student research, scholarship, and creative activities that
   a) Strengthen the learning environment
   b) Enhance the region
   c) Advance human knowledge

3. Serve and partner with our constituents to
   a) Enhance teaching, learning, and research
   b) Improve the quality of life and economic well-being of the region
   c) Strengthen the community and university

4. Demonstrate a commitment to cultural diversity through
   a) Expanded programs and activities
   b) Enhanced campus environment

5. Enhance efficient and effective use of resources
**ENROLLING AT ETSU**

### Undergraduate Admission

All inquiries about admission, applications for admission, and transcripts of credit should be addressed to:

Office of Admissions  
East Tennessee State University  
Box 70731  
Johnson City, TN 37614-1701.

A personal interview is generally not required during the admissions procedure; however, when circumstances require that enrollment be restricted, an interview may be required.

Any student withholding application information or giving false information may be ineligible for admission or may be denied continuation of studies at the university.

### Requirements for Admission

#### Freshman Admission

Applicants for degree admission as first-time freshmen must provide an official transcript showing graduation from high school. Graduates of high schools in any state are eligible to apply for admission to the freshman class. Graduates of Tennessee public high schools must provide a transcript certifying satisfactory performance on the Tennessee Competency Examination.

Applicants must request that the high school mail a transcript of their high school records to the Office of Admissions at the time of application. The transcript of a Tennessee resident who is home schooled must be an official copy from an affiliated organization as defined by state law (Tenn. Code Ann. 49-50-801), or be accompanied by certification of registration with the local education agency which the student would otherwise attend.

A score report from the American College Testing Program (ACT) must be submitted by all entering freshmen who are under 21 years of age. If ACT scores are not available, SAT scores may be substituted.

The university schedules ACT assessment periodically throughout the year. Applicants for admission and students enrolled at ETSU are eligible to participate in the ACT testing program.

Applications for admission must be approved by the last day of registration (official census date) of a semester in order to be effective with that semester.

*Exceptions made for GED applicants and early admission of first-time freshmen after the junior year in high school.*

### Required High School Courses

The following high school courses are required for freshman applicants who have not reached age 21.

<table>
<thead>
<tr>
<th>Subject Area</th>
<th>Required Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>English</td>
<td>4</td>
</tr>
<tr>
<td>Algebra I and II</td>
<td>2</td>
</tr>
<tr>
<td>Geometry or other advanced math course with</td>
<td>1</td>
</tr>
<tr>
<td>geometry as a major component</td>
<td></td>
</tr>
<tr>
<td>Natural/Physical Sciences, including at least one</td>
<td>2</td>
</tr>
<tr>
<td>unit, with lab, of biology, chemistry, or physics</td>
<td></td>
</tr>
<tr>
<td>Social Studies, including world history,</td>
<td>1</td>
</tr>
<tr>
<td>world geography, ancient history, European</td>
<td></td>
</tr>
<tr>
<td>history, or modern history</td>
<td></td>
</tr>
<tr>
<td>United States History</td>
<td>1</td>
</tr>
<tr>
<td>A single Foreign Language</td>
<td>2</td>
</tr>
<tr>
<td>Visual or Performing Arts, including theatre arts,</td>
<td>1</td>
</tr>
<tr>
<td>visual arts, music theory, music history,</td>
<td></td>
</tr>
<tr>
<td>vocal music, art history, or general music</td>
<td></td>
</tr>
</tbody>
</table>

Applicants with disabilities which directly prevent them from completing any required high school units should provide documentation of the disability during the admission process in order to receive consideration for waiver of the related unit requirements.

In addition to these, an additional unit in the arts, in mathematics, and in foreign languages is recommended. Different requirements may exist for some freshman applicants (e.g., GED, early admission, or international students). Applicants who meet the required high school GPA and/or ACT/SAT, who attended high schools not offering the required courses, may be admitted to the university, but must remove the deficiencies during the first 64 semester hours.

Freshman applicants under age 21 who are not deficient in required high school units are eligible for admission by presenting minimum grade point average and ACT/SAT results according to the following:

a. a minimum grade point average of 2.3 on a 4.0 scale or
b. minimum ACT composite of 19 (or equivalent SAT).

Freshman applicants under age 21 who are deficient in required high school units may, under special circumstances, be admitted to the university; however, the deficiencies must be removed during the first 60 semester hours of college enrollment. College courses taken to remove unit deficiencies must be completed with a grade of ‘C’ or better and will not be included in general education core or major requirements.

#### Admission by Exception

Freshman applicants under age 21 who are deficient in required high school units may be considered for admission according to the following:

a. minimum ACT composite of 21 (or equivalent SAT) — up to two deficiencies;

b. ACT composite of 19 or 20 (or equivalent SAT) and a minimum high school GPA of 2.5 on a 4.0 scale — up to two deficiencies — admission determined by committee review — committee chaired by the Vice Provost.

#### Alternative Admission

A limited number of alternative admission positions (150) is available to freshman applicants under age 21 who do not meet the standards outlined above. Alternate admission positions will be considered only for those who meet the following minimum standards:

a. Tennesseans — minimum high school GPA of 2.0 on a 4.0 scale or an ACT composite score of 17 or higher (or equivalent SAT);

b. Residents of other states — minimum high school GPA of 2.3 on a 4.0 scale or an ACT composite score of 19 or higher (or equivalent SAT).

### Freshman Applicants Age 21 or Older

Freshman applicants age 21 or older who are graduates of high schools in any state are eligible to apply for admission. Graduates of Tennessee public high schools must provide a transcript certifying satisfactory performance on the Tennessee Competency Examination. Admitted students age 21 or older may be subject to required units based on the year of high school graduation. Admitted students over age 21 without recent ACT/SAT scores will be required to complete the COMPASS examination.

#### Admission with the GED-High School Equivalency Diploma

Applicants 18 years of age or older, who are not high school graduates, may apply for admission on the basis of scores presented on the General Education Development test (GED) of the American Council on Education.
Applicants who completed the GED prior to January 1, 1997, must present an average score of 45 or higher, with no single score below 35. Applicants who completed the GED January 1, 1997, or thereafter, must present an average score of 45 with no single score below 40. All applicants under 21 years of age who are admitted on the basis of GED scores must submit ACT or SAT scores. GED scores, ACT scores, and high school records of applicants under 21 years of age are considered in the admission process. Applicants with GED diplomas earned in 1989-1992 are subject to the foreign language unit requirement(s); applicants with GED diplomas earned in 1993 and thereafter are subject to the foreign language and visual/performing arts requirements.

Academic Assessment Placement Program (AAPP)

Applicants who qualify for freshman admission will be required to complete all or part of the COMPASS test battery prior to registration for classes according to the following:

If the -
  a. ACT composite score is less than 19 (or equivalent SAT);
  b. ACT English score or ACT Math score is less than 19 (or equivalent SAT);
  c. age of the admitted freshman is 21 or higher and there are no recent ACT or SAT scores to review.

Early Enrollment Plans

Early enrollment is offered to high school students with superior academic records through plans authorized by the Tennessee Board of Regents. Each application for early admission is reviewed individually and must be endorsed by parents of the applicant, the high school principal or counselor, and admissions officers.

1. Enrollment After the Junior Year in High School: A select group of students who distinguish themselves by high academic achievement in the 9th, 10th, and 11th grades may qualify for admission to the freshman class after the junior year in high school. Minimum selection criteria include a high school grade point average of 3.5 on a 4.0 scale and an ACT composite score of 25 (or equivalent SAT). Successful completion of the prescribed freshman courses at the university satisfies high school graduation requirements.

2. Enrollment During the Junior or Senior Year in High School: High School students who have completed their sophomore year in high school may be admitted for either joint enrollment or dual enrollment or both in order to complete university courses. Minimum academic requirements include a 3.2 high school grade point average on a 4.0 scale and a minimum ACT composite of 23 with no subscore below 19.

3. Academically Talented/Gifted High School Students: Students enrolled in grades 9-12 in public or private high schools who have been identified as academically talented/gifted and whose program of studies is planned on an individual basis by a multidisciplinary team may, with endorsement by the high school and the university, enroll for prescribed courses and earn university credit. Minimum criteria include a high school grade point average of 3.2 on a 4.0 scale.

Inquiries about plans for early enrollment should be directed to the Office of Admissions.

Former Students — Readmission

All former ETSU students who have not been enrolled for one major term (fall or spring) must apply for readmission. Students who have attended another college since their last enrollment at ETSU are required to have an official transcript from that school forwarded to the Admissions Office for review. Attending another higher education institution during a period of academic dismissal may adversely affect readmission to ETSU. Former undergraduate students interested in graduate school must apply for admission to the School of Graduate Studies.

Transfer Student Admission

Students who have completed registration at any degree granting institution of higher education are required to report this fact on the Application for Admission. In addition, official transcripts from each institution must be forwarded to the Office of Admission.

Students who seek to transfer from any degree granting institution of higher education are eligible for admission according to the following:

| Postsecondary Transfer Credit Admission Requirements | | |
|------------------------------------------------------|--------------------------|
| Minimum overall grade point average on transferable hours: | | |
| Attempted Hours GPA | | |
| 12 - 29.0 | 1.4 |
| 29.1 - 45.0 | 1.7 |
| 45.1 - 59.9 | 1.9 |
| 60 - above | 2.0 |

Less than 12 transferable semester hours of credit earned

| Minimum overall grade point average on transferable hours: | | |
|----------------------------------------------------------|--------------------------|
| Attempted Hours GPA | | |
| 1 - 29.0 | 1.4 |
| 29.1 - 45.0 | 1.7 |
| 45.1 - 59.9 | 1.9 |
| 60 - above | 2.0 |

Applicants who do not meet the standards outlined above and who have not been enrolled in any institution of higher education for a minimum of three years may receive individual review by the Vice Provost or designee. If no transferable hours have been attempted, admission may be determined by a review of high school credentials, standardized test scores, and/or course work completed at any degree granting institution of higher education.

Remedial and developmental courses are not used in determining eligibility for transfer admission. Applicants who have enrolled for one term only at any other college or university without obtaining the required grade point average for transfer and who meet regular freshman admission standards or admission by exception standards may be admitted on appropriate academic probation. Students are subject to existing regulations regarding removal of probationary status.
Advanced Standing Credit

ETSU will review for possible credit courses earned from all institutions of higher education previously attended, advanced placement or other examinations, training provided by non-collegiate institutions, or experiential learning. Credit toward a degree will be directly accepted only from college-level institutions for courses that are substantially equivalent in nature, content, and level of credit offered by ETSU. Consideration will be given to the appropriateness and applicability of the credit earned to the programs offered by ETSU, in light of the student's educational goals.

Transfer credit earned from colleges accredited by the Southern Association of Colleges and Secondary Schools (or corresponding agencies for other states and regions of the United States) will be considered for direct application toward a degree. The Office of Admissions will evaluate undergraduate credits for university-wide use. This evaluation will be made using historical precedent, current articulated program information, and/or review by the appropriate ETSU college dean and faculty.

Credit from courses completed at institutions not regionally accredited as described above, advanced placement or other examinations, training provided by non-collegiate institutions, or experiential learning will be reviewed according to the following.

Credit for Service in the Armed Forces

ETSU will award credit for military training courses in the Armed Services of the United States as recommended by the American Council on Education in the publication Guide to the Evaluation of Educational Experiences in the Armed Services. Veterans may submit the following transcripts for consideration.

- Army - Army/American Council on Education Registry Transcript (AARTS)
- Navy/ Marine - Sailors-Marine Corps American Council on Education Registry Transcript (SMART)
- Air Force - Community College of the Air Force Transcript
- Coast Guard - Coast Guard Institute Education Transcript

In addition to the forms mentioned above, an individual may submit a DD214, Certificate of Release or Discharge from Active Duty, a DD295, or an official transcript from Defense Activity for Non-Traditional Education Support (DANTES) subject standardized tests administered by Education Testing Service or other official documentation of completion of military training. No credit is awarded for MOS, rates, and ratings. Military credit will not satisfy writing, oral communication, and using information technology proficiency requirements. Questions regarding military training credit should be referred to the Admissions Office.

Advanced Placement Credit

ETSU participates in the Advanced Placement Program of the College Entrance Examination Board (CEEB). Advanced Placement course participants who score 3, 4, or 5 on the CEEB Advanced Placement Tests will be awarded credit. A grade of 'P' for passed hours will be awarded in appropriate degree courses. A list of Advanced Placement examinations, minimum score requirements, ETSU courses fulfilled and semester hours of credit is available in the Nontraditional Credit guide available from the Office of Admissions. An official transcript of AP credit must be provided from the CEEB.

International Baccalaureate Program

The International Baccalaureate is a secondary curriculum and university entrance examination available in many countries and recognized worldwide. Students completing International Baccalaureate program higher level courses in high school who successfully complete the examinations for such courses with a score of 4, 5, 6, or 7 are awarded passed hours of credit (grade of 'P') in degree courses. Additional information is available from the Office of Admissions.

Credit by examination as outlined below will not award credit in courses previously completed for credit and will not satisfy writing, oral communication, and using information technology proficiency requirements.

College Level Examination Program (CLEP)

CLEP examinations are sponsored by the College Entrance Examination Board (CEEB). Eligible students may earn advanced standing credit by successfully completing certain CLEP general and subject examinations. ETSU generally follows the recommendations of the Commission on Educational Credit and Credentials of the American Council on Education for awarding credit toward degree programs. A grade of 'P' for passed hours of credit will be awarded in appropriate degree courses, but will not replace previously earned grades. A list of CLEP examinations, minimum scores, ETSU courses fulfilled and semester hours of credit is available in the Nontraditional Credit guide available from the Office of Admissions.

Departmental Course Challenge Exams

Comprehensive departmental course challenge exams are available in most undergraduate courses. Students enrolled in ETSU who believe they have sufficient mastery of subject matter in specific ETSU courses may request to attempt a comprehensive examination through the chair of the department offering the course. Grades of A, B, C, D, or F for grades of 'P' for passed hours and 'F' for failed hours may be assigned for satisfactory examination performance as determined by the appropriate academic department. A fee of $15.00 per credit hour sought will be charged. The administration of the examination is at the discretion of the academic department. Information regarding comprehensive departmental examinations is available from the Office of the Registrar.

Excelsior College Examination (formerly Regents College Examination)

The Excelsior College Examination provides a series of college-level examinations designed to measure subject matter attainment primarily outside typical classrooms as a basis for advanced standing credit. A grade of 'P' for passed hours may be assigned for satisfactory examination performance on certain exams. Additional information is available from the Office of Admissions.

National League for Nursing (NLN) Mobility Profile II Testing

The ETSU College of Nursing accepts credit earned through NLN Mobility Profile II testing. Registered nurses may receive credit for Nursing coursework completed at a diploma program or a non-NLN-accredited associate program. This credit may be applied toward the requirements for the Bachelor of Science degree in Nursing (B.S.N.). Additional information is available from the Office of Student Services, College of Nursing.

University Credit for Experiential Learning

(Bachelor of General Studies (B.G.S.), Bachelor of Professional Studies, the Bachelor of Applied Science (B.A.S.) or Bachelor of Interdisciplinary Studies (B.I.S.S.))

Students seeking one of the degrees listed above may provide for review a detailed and documented portfolio of experiential learning for possible credit. Experiential learning is typically learning that has taken place outside of traditional college settings but does not include credit based upon advanced placement or other examinations (i.e., CLEP) or training provided by non-collegiate institutions such as the Armed Forces.
that is reviewed for credit by the American Council on Education. Credit for experiential learning will only be awarded after the appropriate ETSU academic department and college dean have determined that end of course competencies have been evidenced for specific ETSU courses. A grade of "P" for passed hours will be awarded for credit in the B.G.S. degree program. Credit for specific courses will not exceed the credit hour(s) awarded by ETSU for the equivalent course. Students must file the Application for Academic Credit Earned through Experiential Learning Credit may be obtained for applicable courses completed through noncollegiate-sponsored instruction or training as recommended in the American Council on Education National Guide to Educational Credit for Training Programs. Additional information is available from the Office of Admissions or the School of Continuing Studies.

Credit from Non-Regionally Accredited Collegiate Institutions

ETSU will review for possible credit courses earned through non-regionally accredited collegiate institutions. If a student wishes ETSU to consider acceptance of academic credit completed through institutions not accredited by regional accrediting associations, a petition that such credit be reviewed must be filed. This petition, the Application for Academic Credit Earned at a Non-Regionally Accredited Collegiate Institution, is available from the Office of Admissions. The student must obtain this petition form and provide it to the appropriate academic department. Credit will be recorded on a student's record only after the appropriate academic department and dean have reviewed the course and determined it to be equivalent in content to an ETSU course and approval is issued by the Vice Provost for Academic Affairs. Further, the academic department and dean will determine that end of course competencies have been satisfactorily completed by the student. Departmental examinations, standardized testing, validation, and other means may be used by the academic department to determine course competencies. A grade of "P" for passed hours will be recorded for approved courses. One form is required for each course petitioned for acceptance. The Office of Admissions should be contacted for additional information.

Additional Transfer Information

Applicants holding an associate's degree designed for transfer to a university are granted credit toward completion of the baccalaureate degree for appropriate courses completed for the associate's degree program. Applicants holding an associate's degree not designed for transfer to a university are granted credit for level-one (freshman and sophomore) courses that are equivalent to level-one courses offered by the university.

Where a student was not awarded an associate's degree designed for transfer purposes, ETSU will accept those level-one (freshman and sophomore) courses completed at a community college which have been determined to be equivalent to level-one courses offered by the university, as creditable toward completion of relevant requirements for degree programs at ETSU, to the same extent that level-one courses would be creditable toward completion of the degree programs by the university's native students with the same degree major.

A student transferring credits from a two-year collegiate institution must complete as a requirement for the baccalaureate degree a minimum of 60 semester hours in an accredited senior institution. Residency and other degree requirements of the university must be met.

Grades accepted in transfer become a part of the ETSU grade point average. Transfer grades are computed as the same grades would be computed had they been earned in residence at ETSU, including repeated courses. However, ETSU does not recognize forgiveness policies or academic bankruptcies administered by other institutions. In the case of the application of such a policy prior to transfer, all grades are treated at their original face value. If original grades are not contained in original transcripts, then all previous courses are assumed to have been failed.

Students beginning college study fall 1989 or later who have not completed 60 semester hours of transferable work and who have not earned an associate's degree designed for transfer are subject to the same high school units requirement described under "Freshman Admission." Eligible transfer students who have not completed all these courses will be admitted, but must remove any deficiencies within the first 30 semester hours after initial enrollment. Following a review of transfer credit, it may be determined that a transfer student must complete the AAPP (Academic Assessment Placement Program) test in part or total before registering for classes.

Transfer students with less than 60 semester hours of credit who have not earned college-level math or English credit must undergo AAPP assessment in the appropriate area(s). For transfer students with less than 12 semester hours of credit, assessment in reading will also be required.

All transfer applicants should request that the registrar of each college attended mail an official transcript to the ETSU Office of Admissions. Students who began college fall 1989 and thereafter should request that both college and high school transcripts be sent to the Office of Admissions.

Second Undergraduate Degree Students

Students who hold a bachelor's degree from ETSU or any other regionally accredited college or university may apply to earn a second bachelor's degree. Applications should be filed in the Office of Admissions. Additional information on second bachelor degrees is available in the catalog section entitled Degree and Graduation Requirements.

Undergraduate Special Student Admission

An Undergraduate Special Student is one who may or may not have a bachelor's degree who wishes to enroll in undergraduate level courses only, but who is not admitted into an undergraduate or certificate program of study. Undergraduate Special Students may enroll only in undergraduate level coursework.

The classification of "special student" is provided for persons over 18 years of age who are not enrolled for a degree but who wish to enroll for a limited number of courses for vocational or avocational reasons. Special students are not required to submit full application credentials. Undergraduate special students who have not completed appropriate collegiate level math or English shall not enroll for such courses without taking appropriate portions of the COMPASS test battery. In order to have credit apply toward a degree, special students must submit full application credentials, complete the COMPASS test battery where appropriate, and be approved for admission to a degree program.

Admission of Undergraduate Special Students will be through the ETSU Undergraduate Admissions Office. For more information contact the Admissions Office at 423-439-4213.

Visiting Student Admission

The classification of "visiting student" is provided for persons enrolled in a degree program at another institution who have been given permission to enroll for a limited number of courses at ETSU. A letter of good standing may be submitted from the degree-granting institution in lieu of a transcript of the academic record.

Milligan College/Emmanuel/ETSU Agreement

Full-time students (12 credits or more) may take courses at Milligan College and Emmanuel School of Religion. Courses taken through this agreement may be used for elective credit only. Students who wish to cross enroll under this plan may obtain additional information from the Office of the Registrar, Burgin E. Dossett Hall, Room 101.

Students Denied Admission

Applicants who do not meet admission standards and, as a result, are denied acceptance may choose to file a letter of appeal. Appeals will be considered on a timely basis prior to the beginning of each semester.
Academic Fresh Start

Academic Fresh Start is a plan of academic forgiveness provided for students who have a record of poor academic performance. This program is designed to assist students by allowing calculation of grade point average and credit hours toward graduation to be based only on work completed after returning to college under the Academic Fresh Start policy. A period of no less than four years must have elapsed since the candidate was last enrolled in a higher education institution. A student may be granted an Academic Fresh Start only once.

Eligibility

1. Candidates must be undergraduate lower division students and may have attempted no more than 60 hours including remedial and developmental courses.
2. A period of no less than four years (48) months must have elapsed since the candidate last attended a higher education institution.
3. Candidates may apply for Academic Fresh Start prior to re-enrollment or any time prior to the completion of 15 semester hours of credit after re-enrollment.
4. The candidate may never have been granted academic forgiveness according to this or a similar provision at any institution of higher education.

Application Procedure

1. Those meeting the above criteria must complete and file the Academic Fresh Start Contract form and the appropriate application for admission.

Policy Provisions

1. Candidates must meet all conditions for eligibility;
2. All prior coursework from ETSU or other institutions will be forfeited with the exception of previously satisfied COMPASS requirements;
3. The COMPASS examination must be completed by those who have not previously done so;
4. Placement will be determined by the Division of Developmental Studies;
5. The permanent academic record will retain all prior coursework, and the record will include "Granted Academic Fresh Start" and the date.
6. Summary statistics will reflect only the coursework completed after the "fresh start."
7. Fresh Start students will be classified as first-time freshmen.
8. Students in Fresh Start will be subject to Academic Retention Standards in effect at ETSU.
9. Once begun, the Academic Fresh Start is irrevocable.
10. All decisions of the Vice Provost for Academic Affairs are final.

Additional information is available from the Undergraduate Admissions Office at 423-439-4213.

Other Admission Categories

Contact the Office of Admissions for any special requirement.

Registration and Orientation

During the summer, new students, both freshmen and transfer, and their parents are invited to the campus to share in an orientation to university life and to register early for fall semester classes. In this way,
new students and their parents become acquainted with other students, faculty members, and administrators; discuss college plans with academic advisors and career counselors; visit dormitories, classrooms, and laboratories; and enjoy guided tours of the campus. All students attending ETSU for the first time must attend an orientation session. When the day of freshman and transfer orientation and registration is over, students leave the campus with their class schedules completed and with much firsthand information about the university, its academic programs, its faculty, students, and administrators.

Throughout their college careers at ETSU, students have opportunities each semester to participate in career development programs, discuss academic goals with faculty advisors, and register early for the next semester of study.

Student ID Card

All students must obtain a permanent East Tennessee State University ID card in order to have full access to all university facilities and services. This card will not only provide student identification, but will also allow students to create a debit account for convenient use in the bookstore, comptroller’s office, health clinic, craft shop, food services, vending machines, laundry facilities, and controlled access to residence halls. IDs will be issued during orientations or at the ID Office during the term. Please contact the University Center ID Office on the 2nd floor of the D.P. Culp University Center for additional information. Hours: Monday-Thursday: 8:00 a.m. - 7:00 p.m. Friday: 8:00 a.m. - 4:30 p.m.

Expenses

No tuition and fee bills are mailed to students. Account statements are available on GoldLink online. Tuition and fees of the university are subject to change at any time by the Tennessee Board of Regents. School year 2001-2002 fees are as follows.

Tuition and Fees

(Subject to change for 2002-2003 year.)

Application Fee

All applications for admission submitted by persons who have not been enrolled in the university previously must be accompanied by a $15 application fee. ($25 for international applicants.) This fee is nonrefundable.

Undergraduate Registration Fee

One hundred twelve dollars ($112) per semester hour, not to exceed $1,278 per semester (except during Summer Term. See Summer Schedule of Classes.).

All determinations concerning classification of in-state and out-of-state for fee-paying and other purposes are made in the Office of Admission for undergraduate students.

Graduate Registration Fee

One hundred eighty-one dollars ($181) per semester hour, not to exceed $1,716 per semester (except during Summer Term. See Summer Schedule of Classes.).

All determinations concerning classification of in-state and out-of-state for fee-paying and other purposes are made in the School of Graduate Studies for graduate students.

Out-of-State Tuition

Two hundred seventy dollars ($270) per semester hour, not to exceed $3,236 per semester (IN ADDITION TO ABOVE REGISTRATION FEE) (except during Summer Term. See Summer Schedule of Classes.).

Auditing Fees

Same as regular fees.

Pre-Summer

The university offers a three-week pre-summer between the end of spring semester and the beginning of summer term. Students may enroll for concentrated course offerings, special courses, and workshops during this period. Maintenance fees will be assessed by credit hour.

Fees for Summer Term

The summer term is divided into two sessions, each five weeks in duration. Students may enroll for either session separately or for both sessions at the beginning of the summer term. If a student who has registered for first-session courses decides later to enroll for second-session courses, he may do so by adding and paying for such courses on or before the second session begins. Summer maintenance fees are assessed per credit hour with no maximum.

Housing

Single Student Residence Halls

Deposit ....................................................... $  75 - $ 100
Rent-Residence Halls (semi-private) ......................... $ 865 - $ 1020
Buccaneer Ridge Apartments ................................... $1700 - $2160

Family and Graduate Housing

Deposit ............................................................... $ 100

Rent

Graduate efficiency (per month) ......................... $ 275
One-bedroom (per month) ................................ $ 295
Two-bedroom (per month) ................................ $ 335

Some utilities in family and graduate housing are extra. Telephone, cable TV, and water are furnished.

General Expenses

Board

University cafeteria

(estimate per semester) ........................................ $799 - $1084

Books

First-semester freshman

(estimate per semester) ....................................... $ 200 - $ 300

Other, if used books are exchanged

(estimate per semester) ....................................... $ 200

Some books can be used for a full year. In some instances used books are available.

Debt Service Fee ........................................ $  7 per credit
Debt Service Fee ........................................ $ 80 maximum
Student Activity Fee-All students registered for credit (Fall & Spring, Only) ......................... $  4
General Access Fee — Per Hour ......................... $ 28 per credit (nonrefundable)
General Access Fee — Maximum ......................... $197.50 (nonrefundable)

Late Registration .................................................. $ 100.00

Departmental Course Challenge

Exam Fee .......................................................... $ 15.00 per credit hour
Transcripts ........................................................................ No Charge
Music Fee .......................................................... $ 100.00
(Private instruction in voice, piano, organ, wind instruments, etc., one-half hour lesson per week.)
Chemistry Materials Fee ........................................... $18.00
Physics Materials Fee ........................................... $20.00
Biology Materials Fee ........................................... $15.00

Fees and Deposits
The listing of fees in this publication does not constitute a contract between the university and the student. As a condition of registration, each student must pay fees by the established deadline and prior to attending classes.

Returned Checks
Acknowledged bank errors excepted, students will be charged $20 for each check (regardless of amount) that is returned unpaid by their bank. See Regulations Governing Fee Payment below.

Fee Payment
Students are expected to make payment for all classes for which they are enrolled on or before the payment deadline.

Confirmation of Fee Payment
A student’s registration is not complete until the student pays the appropriate fees in the Bursar office. Students with fees paid in full by financial aid must confirm fee payment by authorizing the university to use financial aid proceeds through one of the fee payment methods listed below.

Fee Payment for Financial Aid Recipients
Students receiving financial aid will have estimated awards on their account statement. If the awarding of aid is complete and the student's fees are paid in full, the student's registration will be completed by confirmation of fee payment. If fees are not paid in full by financial aid, the student must pay the balance due by the fee deadline. If you have questions about the payment of fees for financial aid recipients, please consult the “How to Credit Fees” notice mailed with the award letters or contact the Financial Aid Office at 423/439-4300 or the Bursar Office at 423/439-4212.

Other Fees
Post Office Box Rental Fee (per semester) ............... $10.00
Replacement Diploma ............................................... $10.00

Academic Common Market
The Academic Common Market is an interstate agreement among southern states for sharing academic uncommon programs. Participating states are able to make arrangements for their residents who qualify for admission to enroll in specific programs in other states on an in-state tuition basis.

To enroll as an Academic Common Market student, you must (1) Be accepted for admission into an ETSU program to which your state has obtained access for its residents through the Academic Common Market. (2) Obtain certification of residency from the Common Market Coordinator in your home state. Contact the State Coordinator for certification information. (3) Process certification in ETSU Office of Admissions (undergraduate programs) or Graduate Office (graduate programs). Important — Certification must be processed by last day of registration (official census date) of semester in order to be effective with that semester. Certification processed after that date will be effective with the next semester.

*Note: These programs are subject to change by the university, the states, or the Southern Regional Education Board without notice.

Regulations Governing Fee Payment

The university operates on the semester system and a cash basis. Students are required to pay all university fees when registering at the beginning of each semester.

The student ID card is used for admission and identification for athletic contests, social functions, and other activities during the semester for which the student is enrolled.

The engagement of a room in the dormitory is for the full year, payable on a semester basis. However, if a student enters the residence hall after the semester begins, the charges are prorated for the remainder of the semester. Dormitory rent may be paid on deferred payment plan if the student does not have sufficient grant, scholarship, or loan funds to pay all registration fees, including dormitory rent, at the beginning of the semester. There is a charge for this service.

Students shall be held responsible for damages, breakage, or loss of university property. The room reservation fee of $75 is retained as a room breakage deposit for all living in the dormitories.

Students may not reenroll, graduate, or receive a transcript of their records until all indebtedness to the university is removed.

A student’s registration is not completed until the university receives payment in the amount of fees due the university. If payment is made with a check that is not honored (acknowledged bank errors excepted), a late fee will be charged when the student redeems the unpaid check. If the unpaid check is not redeemed within 10 days of return, the student may be disenrolled.

Refund Policies

Refund policies for maintenance fees, out-of-state tuition, and debt service fees are outlined below.

Change of a Student’s Status
Which May Permit a Refund

Change in a full-time student’s schedule which results in the reclassification to a part-time student; change in a part-time student’s schedule which results in a class load of fewer hours.

Situations Which May Permit a Refund

Dropping a course or courses; withdrawing from the institution; cancellation of a class by the institution; death of the student.

Refund Procedures

Refunds are defined as the portion of maintenance and/or tuition and university housing charges due as a rebate when a student drops, withdraws or is expelled from the university. The amount of the refund is determined according to the schedule below.

Seventy-five percent of fees will be refunded for drops or withdrawals within 14 calendar days beginning with and including the first official day of classes or within a proportioned period for a short-term course. Twenty-five percent of fees will be refunded following the 14 calendar days through the expiration of one-fourth (25 percent) of the time covered by the term. These refund procedures are also applicable to dormitory rent. No refund will be made thereafter.

One hundred percent of fees will be refunded for classes canceled by the institution. One hundred percent of fees will be refunded for drops or withdrawals prior to the first official day of classes for the regular academic terms and prior to the beginning of summer term. One hundred percent of fees will be refunded in case of a student’s death.

Return of Title IV Federal Student Aid

This requirement applies to you ONLY if:
1. You receive federal student aid, and
2. You withdraw prior to completing 60 percent of the period for which the aid was provided.

The new federal law requires federal aid recipients to “earn” the aid they receive by staying enrolled in college at least half time. Students who withdraw prior to completing 60 percent of the semester for which they received federal student aid may be required to return some or all of the aid they were awarded.

The new law assumes that you used Title IV student aid to pay your institutional charges – tuition, fees, dorm room, and board. Thus, if you withdraw prior to completing 60 percent of the semester for which you were awarded aid, a pro-rata amount of your aid must be returned to the federal government.

First, the university will restore to the appropriate federal fund source a proportional share of the institutional charges that you paid. In general, the effect of this “return of Title IV aid” by the institution will be to reduce your outstanding loan balance. Second, if the amount returned by the university is not enough to repay the entire “unearned” amount of student aid according to the length of your enrollment, you will be required to return portions of the federal student aid you received to pay noninstitutional charges.

Amounts that must be returned to federal aid sources, whether by the university or by you, will first be applied to your federal loans. With respect to any amount you owe after the university has returned its share, you will be permitted to repay loans based on the original terms of the loan.

In the event you received a grant or scholarship from a Title IV source, you may be required to return portions of the grant or scholarship. In the case of “unearned” portions of federal grants or scholarships, you will be expected to pay 50 percent of the “unearned” portion immediately.

Any refund due to you from the university for amounts you paid to cover institutional charges, will first be applied to obligations to return “unearned aid.” Thus, portions of institutional refunds may be applied on your behalf to your outstanding Stafford or Perkins loan or to the federal portions of your grant or scholarship and not actually refunded to you.

(Title IV refund policy is based on 34 CFR, Section 668.22 of Title IV of the Higher Education Act of 1965, as amended.)

Distribution Order of Refunds

Refunds from withdrawals will be credited back to student aid program accounts in the following order:

Title IV programs
1. Unsubsidized Federal Stafford Loans
2. Subsidized Federal Stafford Loans
3. Federal Perkins Loans
4. Federal PLUS Loans
5. Federal Pell Grants
6. Federal SEOG program,

Other refunds will be credited to
1. State, private, or institutional aid
2. The student

Refund Appeals Procedures

Students contestsing the refund policy may file a refund appeals which may be obtained in the Comptroller’s Office, 202 Dossett Hall. It is the student’s responsibility to provide written documentation substantiating reasons for the appeal. Withdrawals or reductions in course load due to personal illness/injury require a statement from a licensed medical physician stating withdrawal was necessary due to the health of the student; a death in the immediate family can be verified with a copy of the obituary. Immediate family includes spouse, child, stepchild, parent, stepparent, foster parent, parent-in-law, sibling, grandparents, and grandchildren. Other reasons must be supported by written documentation.
Deferred Payment Plan

Although all charges are due and payable at the beginning of each term, students in good financial standing at ETSU may request the deferral of up to 50 percent of their tuition, fees and housing for fall and spring semesters. The deferment of fees is not available for summer terms.

To be eligible for the Deferred Payment Plan, each participant must be prepared to make a minimum down payment of 50 percent of the tuition, fees and dorm rent. A student who has failed to make timely payments in a previous term is denied the right to participate in the Deferred Payment Plan in additional enrollment periods.

The amount deferred will be payable in two monthly installments. For the fall term, installment payments are due by October 1 and November 1. For the spring term, installment payments are due by March 1 and April 1. Participants in this plan must apply all financial aid received, including students loans, toward payment of tuition and room before a deferral will be considered.

Each participant will be charged a $10 service fee each term to defray administrative costs. This fee is payable along with the 50 percent down payment on or before the registration payment deadline listed in the Schedule of Classes. An additional late payment charge of $25 will be assessed for each installment not paid on or before the 10th day of the month that a payment is due.

Dropping a course or withdrawing from the university will not remove charges. Students who drop or withdraw are required to complete the deferred payment plan. Any refund due under the regular refund policy will be credited to the unpaid balance.

Refund of Residence Hall Rent

Refunds of residence hall rent after registration will be prorated on a weekly calendar basis when the student is forced to withdraw from the residence hall: (1) because of personal medical reasons confirmed in writing by a licensed physician; or (2) at the request of the institution for other than disciplinary reasons. Full refund will be made in the case of death. Withdrawals for other reasons, except disciplinary reasons, will be subject to the same 75/25 percent amounts and time periods as maintenance fees. No refund will be made under any other than the above conditions.

Refund of Residence Hall Reservations and Breakage Deposits

Full deposit will be refunded if the institution is notified a minimum of 14 calendar days prior to the first official day of registration, the student is prevented from entering the university because of personal medical reasons confirmed in writing by a licensed physician, or residence hall space is not available. Full refund will be made in the case of death.
UNDERGRADUATE STUDENT ADVISEMENT

Advisement at ETSU is defined as a “continuous interactive process between an advisor and student which facilitates the development and achievement of the student's overall goals.”

Advisement is a distinct part of a student's educational experience, provided by ETSU as a service. Discussions between the student and the advisor should assist in exploring and clarifying educational, career, and life goals. Students should consult with their advisor before making decisions that may affect academic progress and success. Discussions with the advisor may include: career decisions, ETSU resources, dropping a class, withdrawing from school, selecting courses, and understanding degree requirements.

All students have an assigned advisor and should confer with the advisor regularly. Advisors are a personal link between the student and the university. The relationship students develop with their advisor is important to their success at ETSU. An advisor can be assigned or changed by contacting the advisement coordinator for the college or school in which the student’s major is offered.

All students who entered ETSU fall 1997 or later with less than 60 credits are required to meet with an advisor prior to registration. The 60 credit guideline is the minimum advisement requirement.

Some colleges and departments have additional advisement requirements for their students. You should consult with your academic advisor to determine your requirement.

Students who have declared a major should see an advisor in that major. Students who have not declared a major should go to the University Advisement Center located on the second floor of the D.P. Culp Center in the Advisement Resources Career Center (ARC). Students enrolled in Developmental Studies courses will need to see an advisor in Developmental Studies. Students taking classes in Bristol, Kingsport, or Greeneville may contact these centers for advisement information. Other areas may contact the student to discuss additional advisement opportunities such as Athletics, the Center for Adult Programs and Services (CAPS), Student Support Services, Pre-Med and other Pre-Professional areas.

All students will benefit by conferring with their assigned advisor on a regular basis.

The Academic Advising Rights and Responsibilities (listed below) is a guide for students and advisors relating to the advisement process.

ACADEMIC ADVISING RIGHTS AND RESPONSIBILITIES

<table>
<thead>
<tr>
<th>Student Rights and Responsibilities</th>
<th>Advisor Rights and Responsibilities</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. The student has the RIGHT to an advisor and has the RESPONSIBILITY to learn the name and office location of the advisor early in his/her first semester.</td>
<td>1. The advisor has the RESPONSIBILITY to know his/her advisee’s names.</td>
</tr>
<tr>
<td>2. The student has the RESPONSIBILITY to schedule appointments with his/her advisor and to keep them. If the student finds that it is not possible to keep the scheduled appointment, the student will notify the advisor before the appointed time.</td>
<td>2. The advisor has the RESPONSIBILITY to keep all scheduled appointments and to notify the student in advance if it is not possible to keep the scheduled appointment.</td>
</tr>
<tr>
<td>3. The student has the RIGHT to expect his/her advisor to thoroughly understand the university’s structure and its academic policies on such things as registration, add/drop, withdrawal, payment options, and academic grievances.</td>
<td>3. The advisor has the RIGHT to expect the student to be knowledgeable about policies, procedures and requirements. They are listed in a variety of sources (e.g., catalog, schedule of classes, student handbook, department checksheets).</td>
</tr>
<tr>
<td>4. The student has the RIGHT to expect his/her advisor will be familiar with the variety of degree offerings, the procedure for referral to and the types of support services available.</td>
<td>4. The advisor has the RESPONSIBILITY to gain the necessary knowledge and skills to effectively and accurately articulate specific degree requirements, as well as college, Core Curriculum, Areas of Proficiency, TBR requirements, and licensure requirements, if applicable.</td>
</tr>
<tr>
<td>5. The student has the RESPONSIBILITY for decisions made. The student will seek assistance with the decisions to be made rather than expect the advisor to make the decisions.</td>
<td>5. The advisor has the RESPONSIBILITY to provide the student with accurate information about alternatives, limitations and possible consequences of academic decisions.</td>
</tr>
<tr>
<td>6. The student has the RIGHT to expect his/her advisor to help plan a program of study, designed through personal interaction between the student and the advisor, which reflects the student's academic background, course prerequisites, and educational goals.</td>
<td>6. The advisor has the RIGHT to expect that the student will clarify personal values and goals in advance of the advisement session and will be prepared. The student will have an idea of the kind of courses required and a list of alternatives.</td>
</tr>
<tr>
<td>7. The student has the RIGHT to expect the advisor to create an atmosphere of openness, caring and concern so meaningful communication and trust can occur.</td>
<td>7. The advisor has the RIGHT to be treated in a respectful manner and to become acquainted with the advisee.</td>
</tr>
<tr>
<td>8. The student has the RESPONSIBILITY to consult with his/her advisor on a regular basis, when in academic difficulty, prior to changing majors, prior to making changes in an approved schedule, transferring to another college, or withdrawing from college.</td>
<td>8. The advisor has the RESPONSIBILITY to maintain a complete and accurate file on the student in order to monitor progress towards goals and graduation requirements.</td>
</tr>
<tr>
<td>9. The student has the RESPONSIBILITY to follow through with appropriate action after the advising session.</td>
<td>9. The advisor has the RIGHT to expect the student to meet with the advisor at appropriate times to receive advice in a timely fashion.</td>
</tr>
<tr>
<td>10. The student has the RESPONSIBILITY to seek reassignment to a new advisor if differences between the advisor and student should develop.</td>
<td>10. The advisor has the RESPONSIBILITY to assist in that reassignment process. Source: Advising Skills, Techniques, &amp; Resources, David S. Crockett, Editor (NACADA)</td>

FINANCIAL AID AND SCHOLARSHIPS

Introduction

The Office of Financial Aid at East Tennessee State University provides a broad spectrum of programs to assist students in financing their college education. The university is committed to providing access to students through a variety of resources that includes scholarships, grants, loans and work-study programs.

The Free Application for Federal Student Aid (FAFSA) is the federal government’s form for applying for financial aid. Students are encouraged to apply for financial aid as early as possible each year. The Free Application for Federal Student Aid (FAFSA) is generally available January 1 for the upcoming academic year and must be completed each year the student is enrolled in college. The FAFSA provides a comprehensive review of the family’s financial status. The results, including the expected family contribution, are generated on the Student Aid Report (SAR), sent to the student, and sent electronically to the colleges and universities listed by the student on the FAFSA. Students will find links to other helpful financial aid information at http://www.etsu.edu/finaid/financial.htm. A link is also provided to complete the FAFSA electronically.

Tennessee residents with Pell Grant eligibility may qualify for the Tennessee Student Assistance Award (TSAA). This attractive state grant program has limited funding and early completion of the FAFSA is necessary.

Financial aid is a supplement to an applicant’s personal resources. Reasonable family contributions are expected. The majority of financial aid awarded at the university is based on the student’s financial need. Scholarship funds are awarded based on academic merit or other criteria specified by the donor or organization managing the program. Need is defined by federal formulas and based on a student’s estimated cost of attendance less any expected family contribution.

Students should seek scholarship assistance within the university as well as through their communities. High School guidance counselors and the university financial aid counselors can be sources of additional information. Various self-help options may be considered by the student and include both employment and loans. Students are encouraged to consider their ability to repay when they borrow through student loan programs. Students may also want to explore their eligibility for vocational rehabilitation benefits and veterans’ benefits.

Financial aid programs, rules, and regulations are subject to change. Federal and state funds are conditional upon congressional appropriations and receipt of those funds at ETSU.

Counselors are available to assist students with any questions or concerns regarding their eligibility. Any applicant who has a concern that cannot be resolved between the student and a financial aid counselor may appeal to the Associate Director of Financial Aid. Any concern not resolved between the applicant and the Associate Director may be appealed to the Director of Financial Aid. The student may appeal to the Vice Provost if none of the previous steps solved the problem.

The “Student Guide” from the United States Department of Education is a helpful source of information regarding the federal financial aid programs. Copies are available from the Office of Financial Aid or directly from the United States Department of Education. The website address is http://www.ed.gov/policy_info/SFA/StudentGuide/ and the phone number is 800-4FED-AID (800-433-3243).

Student Eligibility

Students must meet the following criteria to receive federal funds:

1. Be enrolled at ETSU as a regular student, attending classes, in a degree or certificate program. Special or transient students are not eligible for federal funds. Exceptions to this requirement are for:

   a. prerequisite coursework required for enrollment in a degree-seeking program or,
   b. coursework required for teacher certification after completion of a previous degree. Aid is limited to a one-time only 12-month period for prerequisite coursework.

2. Be accepted for admission or meet the Financial Aid Satisfactory Academic Progress Policy requirements for continuing students before aid eligibility will be determined.

3. Be a U.S. citizen or eligible noncitizen.

4. Males must be registered with the Selective Service.

5. Have a high school diploma or recognized equivalent.

6. Not be in default or owe a refund or repayment of Title IV funds.

Financial Aid Satisfactory Academic Progress Policy

Federal regulations require that all student financial aid recipients make satisfactory academic progress toward achieving a degree. Progress is measured by the student’s cumulative grade point average and credits earned in relation to those attempted and the length of the academic program. In order to assure that students make progress toward the degree both in terms of number of credits completed and cumulative GPA, East Tennessee State University will utilize the following satisfactory progress policy.

I. Progress Standards

A. Progress Per Award Year: Students must, as a minimum, receive a satisfactory grade (≥) in the courses they attempt fall and spring semesters as outlined below:

When student receives

<table>
<thead>
<tr>
<th>Fall/Spring Enrollment</th>
<th>24 or more credit hours</th>
<th>18 - 23 credit hours</th>
<th>12 - 17 credit hours</th>
<th>6 - 11 credit hours</th>
<th>Less than 6 credit hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>The student must complete financial aid based upon satisfactorily, between fail/spring, a total of:</td>
<td>21 credit hours</td>
<td>15 credit hours</td>
<td>9 credit hours</td>
<td>6 credit hours</td>
<td>Complete all credit hours attempted</td>
</tr>
</tbody>
</table>

(For purposes of financial aid, satisfactory grades are A, A-, B+, B, B-, C+, C, C-, D+, D, S, SP or P. Unsatisfactory grades are F, W, WF, U or I.)

NOTE: Unsatisfactory grades will not be counted as earned credit hours, but will count as attempted credit hours.

B. Cumulative Progress: Students must, in addition to the above, meet the retention standards of East Tennessee State University as outlined in the current East Tennessee State University Catalog.

C. Maximum Eligibility: Attempted credit hours: Students who have reached 150 percent of attempted credit hours toward their degree will become ineligible for financial aid.

II. Evaluation Process

A. A review will be made at the end of the Spring Semester and students who did not make satisfactory academic progress will be notified.

B. Students who receive all "I", "F", or "W" grades in courses attempted in any semester will be removed from financial aid,
IV. Appeal Limits

The maximum number of appeals any student may normally have granted is two (2).

Under extreme circumstances, a third appeal may be granted, provided that the student has documented proof of the circumstances. In the case of a student who files a third appeal, the reasons for the student’s two previous appeals will be reviewed and considered when making a decision. Additionally, the student’s progress within the academic program will be a determining factor in third appeals.

Federal Financial Aid Application Procedures

These steps streamline the financial aid application process for students.

1. Every year, complete the Free Application for Federal Student Aid (FAFSA) as soon as possible after January 1 for the upcoming fall and future semesters. Students are encouraged to complete the FAFSA electronically at http://www.fafsa.ed.gov. The ETSU school code 003487 should be listed on the FAFSA for the University to receive the data electronically.

2. ETSU will review the student’s financial aid record electronically with the National Student Loan Data System (NSLDS). If the student has attended a previous college, discrepancies will be resolved by requesting a financial aid transcript from the student’s previous institution(s).

3. The Federal Processor sends the Student Aid Report (SAR) to the student in response to completing the FAFSA. ETSU will receive the SAR data electronically when the student lists ETSU on the FAFSA. If ETSU was not listed on the FAFSA, the student should send the SAR to the Office of Financial Aid at ETSU. The student is encouraged to review the SAR for accuracy. If the student is selected for verification, the student must complete the verification worksheet and submit copies of the parent(s)/student/spouse IRS 1040 form to ETSU. The university may also request other information.

4. Scholarship applications vary according to each program. Students are encouraged to apply early and be observant of each program’s individual requirements.

5. All students borrowing at ETSU from the Federal Perkins or Federal Stafford Loan Programs are required to complete entrance loan counseling. These counseling sessions are available during orientation and at scheduled times in the Office of Financial Aid. This is mandatory before receiving loan funds for the first time while attending ETSU. Entrance loan counseling must be completed at ETSU and not at another institution.

Entrance and exit loan counseling may be done electronically online at http://mapping-your-future.org/oslc. Upon completion, you must complete an online form. This form will be sent to the Office of Financial Aid at East Tennessee State University confirming your completion of the required loan counseling session.

Important Dates

EARLY application every year remains the most important action in securing funds to assist with financing the student’s education. The university recommends the following dates as guidelines:

- **January 1** - As soon as possible, complete online or mail the FAFSA for processing. The application will require an average processing time of four weeks.

- **February 15** - Tennessee residents applying for TSAA are encouraged to mail the FAFSA no later than this date.

- **April 15** - The priority deadline for making application for scholarships in this brochure, unless otherwise listed. Applications received after April 15 will not be processed.
• **April 15** - ETSU priority deadline to receive financial aid for fall semester. All application materials must be complete in the Office of Financial Aid.

• **November 15** - ETSU priority deadline to receive financial aid for spring semester. All application materials must be complete in the Office of Financial Aid.

• **Thirty Days After Classes Start** - Delayed disbursement of Federal Stafford Loans for first-time freshman borrowers.

**Federal Student Financial Aid Programs**

East Tennessee State University participates in many federal financial aid programs in an effort to meet students’ needs. The FAFSA must be completed before eligibility can be determined.

**Federal Pell Grant Program** - Eligibility is determined from the Expected Family Contribution on the Student Aid Report, the cost of attendance, and the student’s part-time or full-time enrollment each semester. Recipients must be undergraduate students that have not received a previous bachelor's or professional degree. Awards can be up to $4,000 per year.

**Federal Supplemental Educational Opportunity Grant (FSEOG)** - Awarded to undergraduates with exceptional need. Funding is limited and generally offered only to Pell Grant recipients with the lowest expected family contributions.

**Federal Work-Study Program (FWSP)** - Employment is awarded to undergraduate and graduate students with financial need. Students are paid minimum wage each month in various positions available on the campus.

**Federal Perkins Loan Program** - Federally funded loans borrowed from the university at 5 percent interest for both undergraduate and graduate students. Repayment begins nine months after a student ceases at least half-time attendance.

**Federal Stafford Loan Program** - Stafford loans are awarded based on a student's dependency status, financial need, cost of attendance, and grade level. Both undergraduate and graduate students may borrow in this program. These loans will be subsidized when based on need and the federal government will pay the interest while the student remains enrolled at least half time. Unsubsidized loans are also available based on the student's cost of attendance and other financial aid. These loans require the student to pay or accrue the interest while enrolled, although the principal amount of the loan is deferred. Borrowers begin repaying both subsidized and unsubsidized Stafford loans at the end of at least half-time enrollment. Interest rates vary from 7 to 8.25 percent.

**Federal PLUS Loan Program (PLUS)** - Federal PLUS loans are available to parents of undergraduate students. These variable-rate loans cap at 9 percent. Repayment begins 60 days after the loan is disbursed and continues while the student is enrolled. The maximum repayment period is 10 years.

**Tennessee Student Assistance Corporation Programs**

The Tennessee Student Assistance Corporation (TSAC) has a variety of programs available to assist students in meeting the cost of education. Additional information can be found at [http://www.state.tn.us/tsac/](http://www.state.tn.us/tsac/).

**Tennessee Student Assistance Award** - This grant program is awarded to Tennessee residents that are Pell Grant eligible. Students must apply early, as funding is limited. The FAFSA is the required application. Priority deadline is May 1 and is determined by the FAFSA processing date.

**Tennessee Teaching Scholars Program** - A competitive, forgivable loan for junior, senior, and post-baccalaureate teacher education students with a minimum 2.75 GPA. The student must commit to teaching in Tennessee public schools for one year for each year an award is received. The deadline for applying to TSAC is April 15 each year.

**Minority Teaching Fellows Program** - A $5,000 per year award for entering freshmen with a 2.75 high school GPA; high school students must have a minimum 18 ACT or 850 SAT or be in the top 25 percent of the graduating class. A continuing college student may be eligible with a 2.5 GPA. A commitment must be made to teach in Tennessee public schools for one year for each year an award is received. The deadline is April 15 each year.

**Ned McWherter Scholars Program** - Up to $6,000 per year for entering freshmen with a 3.5 high school GPA and a minimum 29 ACT or 1280 SAT. The application deadline is February 15 each year.

**Robert C. Byrd Honors Scholarship Program** - A variable award given to high school seniors with a 3.5 GPA or to students with a GED score of 57 or higher. High school students with a 3.0 GPA and an ACT or SAT in the top quartile nationally may also apply. The application deadline is March 1 each year.

**University Employment**

The ETSU Office of Career Development has information about off-campus jobs and the Cooperative (CO-OP) Education Program. CO-OP gives students the opportunity to gain work experience related to their academic major and career objective. The ETSU School of Graduate Studies has information about graduate assistantships and doctoral fellowships available for qualified graduate students.

Information about the Federal Work Study Program (FWSP) is available in the Federal Student Financial Aid Programs section above.

**The Regular Student Work Program (RSWP)** - The Regular Student Work Program (RSWP), funded by ETSU, is for full-time students who may work on campus while classes are in session. Available jobs are posted in the lobby of the ground floor of Burgin E. Dossett Hall, immediately outside the Office of Financial Aid. Students should contact the office or department in which they wish to work for an interview. Students do not have to qualify for federal financial aid programs to work on RSWP.

**University Loans**

Loans from private donors and ETSU are available for students to borrow with reasonable repayment terms. Funds are limited and students are encouraged to apply early.

**The Alumni Loan Fund** - Made available by donations from alumni. Loans of up to $250 are made to students who demonstrate financial need having a satisfactory academic record (2.0 or better). Two cosigners are required. Interest at the rate of 6 percent per annum will begin on the date the maker ceases to be enrolled full time at ETSU. Apply to the Office of Financial Aid.

**The George Washington Bradley Memorial Loan Fund** - Established to honor the memory of Dr. Bradley, former assistant professor of education and psychology, ETSU. Available funds may be loaned to worthy graduate students majoring in education counseling or guidance who demonstrate financial need and are making satisfactory progress in school. The repayment may be deferred until after graduation, with interest at the rate of 6 percent per annum beginning at that time. Apply to the Office of Financial Aid.

**The East Tennessee State University Loan Fund** - A short-term loan fund administered by ETSU for those students having temporary needs to meet their educational expenses for tuition/fees. There is a processing charge, and repayment is due at least two weeks prior to the end of the semester in which the loan is made. A short-term loan application is required. An original gift of $1,000 from business and professional men of Johnson City established the loan fund. It has been
augmented with gifts from other sources which include: gift from Mrs. Elizabeth Allison in memory of her husband, Mr. M.H. Allison; the American Legion Auxiliary, Kings Mountain Unit No. 24, in memory of Mrs. Ferne Fisher Miller; the Business and Professional Women’s District Loan Fund; the Lt. (j.g.) William C. Dunn Memorial Loan Scholarship Fund; the Ada Hornsby Earnest Loan Scholarship; the Eastern Star Loan Fund, Nolichucky Chapter 194; the Faculty Women’s Club Loan Fund; the Friefberg Memorial Loan Scholarship, established by the Col. D. Henley Chapter of the U.S. Daughters of 1812; the Sidney Gordon Gilbreath Loan Fund established in memory of the first president of the university; the Sarah Hawkins Chapter, DAR Loan Fund; an annual contribution from Home Federal Savings and Loan Association, the Johnson County Loan Fund, established by the Weitzel-McBride Chapter of the U.S. Daughters of 1812; the Jesse M. Jones Memorial by Mr. and Mrs. Doyle Jones; the Ona Main Memorial established by the East Side PTA, Elizabethtown; the Ferne Fisher Miller Memorial Loan Scholarship, established by the Daughters of 1812; the Mae Nave Memorial Loan Fund; the William R. Rigell Memorial Loan Fund; the C.C. Sherrod Memorial Loan Fund, established in memory of the second president of the university; the P.W. Alexander Alumni Memorial Fund; the John Sevier Chapter, DAR Loan Fund, the Tennessee Student’s Loan Fund, a memorial to Hortense Cocke Hayes and J. Normen Powell; the U.S. Daughters of 1812 loan Scholarship, established by the Weitzel-McBride Chapter, the Gen. Nathaniel Taylor Chapter, and the Watauga Chapter; and the YMCA Student Loan Fund. Apply to the Office of Financial Aid.

The Patience Myers McClain Fund - Established by the late Roy B. McClain in memory of his mother. This is a loan fund whereby needy students preparing for ministerial or social welfare work may borrow up to $300 per semester. Repayment begins six months after the maker ceases to be enrolled full time, with interest at the rate of 3 percent per annum. Apply to the Office of Financial Aid.

Veterans Benefits

Veterans should contact the Office of Veteran’s Affairs at East Tennessee State University for information and application procedures.

Vocational Rehabilitation

Funds may be available for education and retraining for disabled students. Students should contact the State of Tennessee, Division of Vocational Rehabilitation in their county of residence and register with the Office of Disability Services at ETSU.

Scholarships

Many scholarship programs are available to assist students in various fields of study. Scholarships are intended to assist students in funding the direct costs of their higher education. Full scholarship support at East Tennessee State University is defined as those scholarships, or combinations of scholarships, that provide current costs, including tuition, fees, standard dormitory housing and meal plans, and in some instances, book allowances. In keeping with the intent of scholarship support, ETSU reserves the right to limit internally funded scholarships to an amount that does not exceed these direct costs. Scholarships or loan amounts received from sources other than East Tennessee State University shall not be limited nor included in assessment of the funds granted for full scholarship support.

Unless otherwise stated, scholarships are not renewed automatically. Recipients are encouraged to read the information sent with the scholarship announcement or ask the program coordinator for renewal information.

This listing of scholarships is divided into the following three categories:

1. Category One Scholarships are the Academic Performance Scholarships and are administered by the Office of Admissions and Office of Financial Aid.

2. Category Two Scholarships are administered by the Office of Financial Aid or by the Office of Admissions for the University Scholarship Committee.

Category One and Category Two scholarships require the student to complete the University Scholarship Application. It is available from the Office of Admissions or the Office of Financial Aid. The application is also available online at http://www.etsu.edu/finaid/Forms/sch0203.pdf. Students must list the individual name of each of the scholarships for which application is being made - not just the category - on the University Scholarship Application. The University Scholarship Application should be returned directly to the Office of Admissions or the Office of Financial Aid as directed in the scholarship descriptions. University Scholarship Applications may be reproduced as needed.

3. Category Three Scholarships require the student to apply directly to the scholarship program listed. The University Scholarship Application is not used for Category Three Scholarships.

Category One Scholarships

Entering freshmen and transfer students apply to the Office of Admissions. Currently enrolled students apply to the Office of Financial Aid. University Scholarship Applications may be reproduced as needed.

- Academic Performance Scholarship Program For Tennessee Residents-Awards are for entering freshmen and transfers for the fall semester each year. Awards are based on academic credentials. Entering freshmen will be considered on the basis of high school grade point average, ACT or SAT scores, and rank in class. Generally, students who earn an ACT composite of 26 or higher and earn a high school GPA of 3.5 on a 4.0 scale or higher qualify. However, selection is competitive and is based upon the credentials of the applicant pool. Transfers will be considered on a competitive basis and should present minimum qualifications including a 3.2 grade point average (4.0 scale) and 24 credits of transferable courses.

Recipients must maintain an overall and semester grade point average of 2.5, pass a minimum of 12 credits per semester, and fulfill a work requirement in order to renew the scholarship for subsequent terms.

Work requirements vary from approximately 3-5 hours per week depending upon the level of the award. Developmental courses do not count toward the minimum of 12 credits earned or in the semester or overall grade point average required for renewal. Currently enrolled students applying for this award must have earned 12 credits in the previous semester.

THE APS PRIORITY DEADLINE IS FEBRUARY 15 FOR NEW FRESHMEN AND MAY 15 FOR NEW TRANSFERS.

Availability of awards is contingent on funding levels. Awards for new students are made on a rolling basis. Initial eligibility and renewal requirements may change in the future. New students accepting an APS must register for fall classes or register to attend an orientation program by July 1 or forfeit the scholarship award.
Category Two Scholarships

Applications for the scholarships in this category should be sent to The University Scholarship Committee in the Office of Admissions or the Office of Financial Aid, as noted in each scholarship description. University Scholarship Applications may be reproduced as needed.

- **A & L Industrial Construction/Little & Adams, Inc. Scholarship**
  For dependents of A & L Industrial and Little & Adams, Inc. employees. Apply to the University Scholarship Committee.

- **The Alltrista Scholarship**
  Greene County High School graduates who are employees of, or dependents of, an employee of Alltrista Corporation with a 2.5 GPA and financial need should apply to the University Scholarship Committee.

- **Berkline Corporation Scholarship**
  For children of current employees of the Berkline Corporation. If there are no applicants from children of the Berkline Corporation, other qualified applicants from Morristown and Hamblen County will be considered in the order listed above. Apply to the University Scholarship Committee.

- **Bosch Braking System, Inc. Scholarship**
  For employees of the Bosch Company or their eligible dependents. Must be full-time undergraduate students. Apply to the Office of Financial Aid.

- **James E. Broach Scholarship**
  Awarded to Tennessee residents enrolled full time in a bachelor’s degree program. Applicants must apply for federal financial aid programs, have unmet need and qualify for student loans, and not receive any federal or state grant. A minimum 3.5 high school GPA and a minimum 26 ACT is required for entering freshman applicants. Enrolled students must have a minimum 3.2 cumulative GPA. Applicants for renewal must maintain a minimum 3.2 cumulative GPA. Applications should be submitted to the University Scholarship Committee by March 1.

- **The George S. Brown Memorial Scholarship Endowment**
  For full-time students who are Carter County, Tennessee high school graduates with a minimum GPA of 2.5 and documented financial need. Contact the University Scholarship Committee.

- **Roy T. Campbell Family Scholarship**
  In memory of Roy T. Campbell, Sr., a 1917 graduate, and his son, Albert, a former ETSU student. For students from Cade County, Tenn. A 2.5 overall GPA required. Financial need considered. Apply to the University Scholarship Committee.

- **Challenge 2000 Scholarship**
  Awarded to students exhibiting evidence of scholastic success, achievement in extracurricular experiences, and high performance on national admissions examinations. Recipients must complete a minimum of 24 credits per year for renewal. Applications should be submitted to the University Scholarship Committee.

- **Chiquola Fabrics, LLC Scholarship**
  For dependents of employees of the Chiquola Fabrics, LLC. Apply to the Office of Financial Aid.

- **Committee of 1000 Scholarship Endowment**
  This scholarship is awarded to students showing academic and leadership qualities. Financial aid is not a factor. Recipients must complete a minimum of 24 semester hours in an academic year in order to qualify. Scholarship awarded by the University Scholarship Committee.

- **Tommy Deakins Scholarship Endowment**
  Awarded to students with demonstrated financial need and a minimum 2.5 high school or college cumulative GPA. First priority is given to graduates of Sullivan North High School. Residents at the time of high school graduation from Holston Methodist Home have second priority. Applications should be submitted to the University Scholarship Committee.

- **John Richard Diehl, Jr. General Scholarship**
  Awarded to students with demonstrated financial need from Holston Home for Children, David Crockett High School, and any other Washington County high school. Applicants must have a 2.0 GPA and a strong desire to complete education. Applications should be submitted to the University Scholarship Committee.

- **Dr. Burgin E. and Nell Jennings Dossett Scholarship**
  Awarded to students with demonstrated financial need or a minimum 3.0 cumulative GPA. Preference will be given to Tennessee residents. Applications should be submitted to the University Scholarship Committee.

- **Wiley and Clara Arnold Estep Memorial Scholarship**
  An annual nonrenewable award for a graduate of a Johnson County, Tenn., or a Carter County, Tenn., public high school; and a first-semester junior in good academic standing. Selection based primarily on financial need. Apply to the University Scholarship Committee.

- **ETSU Family Scholarship Endowment**
  For dependents of ETSU employees. Financial need considered. Apply to the University Scholarship Committee.

- **ETSU Retirees Association Scholarship**
  For entering freshmen or transfer students with good academic record, freshmen 3.2 GPA and at least 26 ACT. Transfers 3.0 GPA. Apply to the University Scholarship Committee.

- **Elizabethton Rotary Club Scholarship**
  For deserving Carter County residents attending East Tennessee State University. Must have resided in Carter County for at least two years. Freshmen, transfers, and continuing students must have a minimum 2.5 GPA. $1000 per year, renewable with good standing, 12 credits earned each semester with a 2.5 GPA. Apply to the University Scholarship Committee.

- **Harry O. Fine Scholarship**
  For Elizabethton High School graduates entering as freshmen at East Tennessee State University. Must have a minimum 2.5 GPA and have participated in interscholastic athletics for at least three years or been a cheerleader for two years. Student must apply for financial aid at East Tennessee State University. Apply to the University Scholarship Committee.

- **First Tennessee Bank Scholarship Endowment**
  For employees’ dependents of First Tennessee Bank. High school students must have a minimum 3.0 GPA and 21 ACT or 970 SAT. Application should be sent to First Tennessee Bank. Selection is made by East Tennessee State University. Apply to the University Scholarship Committee.
• **Margaret Campbell Flanary Scholarship**  
Established in 1974 by an endowment from the estate of Mrs. Flanary. For needy students from Sullivan and Washington Counties, TN. Apply to the Office of Financial Aid.

• **George H. Garrett Memorial Scholarship Endowment**  
Awarded to freshmen from the Tri-Cities area of East Tennessee. Recipients may apply for renewal in future years. Applicants should have demonstrated financial need and demonstrate ability, character, and scholastic performance. Applications should be submitted to the University Scholarship Committee.

• **The Nancy Vaughn Williams Scholarship Endowment**  
Incoming or currently enrolled students with a 2.8 GPA minimum and demonstrated financial need should apply through the University Scholarship Committee.

• **Robert L. Wyatt Memorial Endowment**  
For students specializing in Geographic Information Systems or Urban Studies. Apply to the University Scholarship Committee.

**Category Three**

Students should contact the listed programs directly for application materials. Scholarships are grouped according to general university scholarship programs or alphabetically by college.

**General University Scholarships**

• **Academic Honors Programs**  
Honors programs at East Tennessee State University are available at the university level and within certain disciplines. The University Honors Scholars Program awards up to 20 full scholarships each year, which provide costs of tuition and fees, standard dormitory and meal plans, and a book allowance. A number of Honors-In-Discipline Programs offer varying amounts of support and are available in the colleges of Applied Science and Technology, Business, Nursing, and with Arts and Sciences in the departments of Biological Sciences, Chemistry, Criminal Justice and Criminology, English, History, Physics and Astronomy.

All Honors programs require a special application. Information regarding Honors programs and requests for an application can be obtained by contacting the University Honors Program Office, Box 70294, East Tennessee State University, Johnson City, TN 37614-0294; email Honors@ETSU.edu; phone 423-439-6456; or by visiting the office at 914 West Maple Street on the ETSU campus.

Candidates for the University Honors Scholars Program must be first-time freshmen and meet the minimum qualifications of 29 ACT (1280 SAT) and 3.5 or greater high school GPA. Qualified candidates should contact the University Honors Programs Office for a special application, which is due by February 1 of each year. The following named Honors Scholarships are administered as a group and contribute to scholarships for University Honors Scholars:

- **Academic Honors Scholarship**
- **Woodrow W. & Margaret T. Catherman Honors Endowment**
- **Bruce W. Cunningham Honors Endowment**
- **Burgin E. Dossett, Sr. Honors Endowment**
- **Isaac D. & Lenoir W. Eggers Honors Endowment**
- **Allen Harris, Jr. Honors Endowment**
- **Carl A. Jones Honors Endowment**
- **Roy & Ann Nicks Honors Endowment**
- **Robert C. Petrey Honors Endowment**
- **Pirate Club & Intercollegiate Athletics Honors Endowment**
- **Leslie Parks Pope Honors Endowment**
- **Judge Clifford E. Sanders Honors Endowment**
- **Barbara Jaffe Silvers Honors Endowment**
- **Texas Instruments Honors Endowment**
- **Elizabeth L. Williams Honors Endowment**
- **Stuart E. Wood, Jr. Honors Endowment**

• **Amerace Corporation Scholarship**  
Two awards for employees of the Microporous Products Division of Amerace Corp. or dependents or immediate relatives of employees. Recipients must be full-time students and maintain at least a 2.0 GPA. June 1 application deadline. Scholarship applications are available from Amerace and should be submitted to the University Scholarship Committee.

• **Associates Commerce Solutions Leadership Scholarship**  
Awarded in recognition of a student’s demonstrated leadership potential. Student must have earned a minimum of 12 credits with a 3.0 cumulative GPA. Application information is available through the Office of Student Life and Leadership. Deadline is March 1.

• **Celebration Church Scholarship**  
Scholarships for those active in the Celebration Church with preference given to international students. Applications should be made through the Office of International Programs.

• **The ETSU Reentry Student Scholarship**  
To enable students to prepare themselves to reenter the job market through academic preparation after being primary care takers for their households. Apply by June 1 of each year. Apply to the Center for Adult Programs and Services (CAPS).
The ETSU/UT at Kingsport Award for Academic Excellence
An award to cover the amount of tuition given each fall and spring to a part-time undergraduate student of ETSU/UT at Kingsport earning the highest grade point average for the previous two academic semesters. Apply to the ETSU/UT at Kingsport Center.

Friends of the Reece Museum Art Scholarship
Awarded to full time art majors with demonstrated financial need. Contact the Reece Museum for application information.

Ira M. Gambill Medical Education Trust
Scholarships awarded to graduates of Johnson County High School, Mountain City, Tenn. Apply to the principal of Johnson County High School.

Robert F. Hardin and Yvette Grindstaff Hannen Scholarship
For the graduating seniors with the highest GPAs at Elizabethton High School, Unaka High School, and Hampton High School, Carter County, Tenn., to attend ETSU. Apply to the Principal’s Office, Elizabethton High School, Unaka High School, or Hampton High School.

Harrell Educational Fund
For graduating students from Volunteer High School in Hawkins County, Tenn., who would not otherwise be able to attend college. The maximum award is $1,000 per year. Students must maintain a 2.0 GPA to be eligible to reapply. Apply to Volunteer High School or the Trust Department of First American Bank, Kingsport, Tenn.

Kincaid Family Scholarship Endowment
For students with at least sophomore standing who have been accepted in the Cooperative Education Program and have a 3.0 GPA. Apply to the Office of Career Placement and Internship Services.

F.G. McCloskey Scholarship
For dependents of employees of the Columbus Electric Manufacturing Co. Apply to the Personnel Office of Columbus Electric.

Muse-Moody-Holloway Scholarship
For an outstanding graduate of Johnson County High School, Mountain City, Tenn. Apply to the Guidance Counselor at Johnson County High.

Roan Scholars Leadership Endowment
The Roan Scholars Leadership Program awards four full scholarships that cover the cost of tuition, room, meals and a book allowance. The scholarship is renewable on a yearly basis for four years, based on academic performance. The purpose of the scholarship is to identify students with strong leadership potential, provide well-designed leadership development opportunities during their college experience, and prepare the students to be future community leaders. Students may not apply directly to this program. Selected high schools are invited to nominate the school’s most outstanding student leader(s). Nomination materials are mailed annually to the principals of selected high schools. The following scholarships support the Roan Scholars Leadership Endowment:

Mabel Haire Campbell Roan Scholarship
Eastman Chemical Company Roan Scholarships
Greene County Bank Roan Scholarships
Gump Family Roan Scholarships
Haskell Tate and Ruth Stout Hodges Roan Scholarship
Ted R. Hughes Roan Scholarship
Carl A. Jones Roan Scholarship
Kathryn P. Jones Roan Scholarship

Scott M. Niswonger Roan Scholarships
Iona B. and Helen F. Shields Roan Scholarship
Washington County Bank Roan Scholarship

College of Applied Science and Technology Scholarships

Army ROTC Financial Assistance Program
A two-year scholarship in the amount of tuition, fees, cost of textbooks, laboratory expenses, and classroom materials for juniors and seniors in the ROTC program. Apply to the Department of Military Science.

Wayne G. Basler Incentive Scholarship Endowment
Established by Mr. Wayne Basler for technology majors. Apply to the Department of Technology.

Harryet S. Blackwell Scholarship Endowment
Students must have an above-average GPA with considerations being given to students with demonstrated financial need. Preference will be given to students from Northeast Tennessee (Washington, Carter, Johnson, Unicoi, Sullivan, Greene, Hawkins, Hancock counties) and Southwest Virginia (Scott, Washington, and Lee counties). Applications should be submitted to the Department of Applied Human Sciences by March 1.

Floyd A. Branam Memorial Scholarship Endowment
For declared majors in Building Construction Technology with a 2.5 minimum GPA and demonstrated financial need. Contact the Chair of the Department of Technology.

Kevin Wayne Bunn Memorial Scholarship Endowment
For students who are declared majors in the Department of Geography, Geology, and Geomatics. Must have a GPA of 2.8 with financial need. Contact the Department of Geography, Geology, and Geomatics.

Crouch/Fulton/TAPS Scholarship Endowment
For students majoring in engineering, surveying concentration. Must be a junior or senior. Apply to the Department of Technology.

Dotson Family Army ROTC Scholarship Endowment
For contracted ROTC students with sophomore or junior standing. Must have a 2.8 cumulative GPA with a minimum 3.0 GPA for the previous semester. Apply to the Department of Military Science.

John Foster Memorial Scholarship Endowment
Awarded to students from Virginia studying Surveying and Mapping Science. 2.5 GPA minimum. Submit applications to the ETSU Surveying and Mapping faculty.

Capt. Daniel E. Graybeal Memorial Scholarship Endowment
In honor of the memory of Capt. Daniel E. Graybeal and to provide scholarships for full-time ETSU students contracted in Army ROTC. Apply to the Department of Military Science.

James and Jane Hales Scholarship
Awarded to full time undergraduate, graduate, or doctoral students in the College of Applied Science and Technology. Applicants must have a minimum 3.0 GPA. Applicants must have documented financial need. Applications should be submitted by March 1 to the College of Applied Science and Technology.

Calvin Lee Justis, Jr. Memorial Scholarship Endowment
Awarded to majors in Computer Science with demonstrated financial need. Preference given to re-entry students. Contact the Department of Computer Science.
• **Elsie Artz Memorial Scholarship**  
  For a rising senior with a 3.5 GPA and is a member of Kappa Beta Rho Chapter of Kappa Omicron Nu. Apply to the Department of Applied Human Sciences.

• **Rufus H. Smith, Jr. Housing Foundation Scholarship Endowment**  
  For juniors or seniors from the greater Knoxville region in the Construction Technology Program. Students must have a minimum 2.75 GPA and demonstrate financial need. Apply to the Department of Construction Technology.

• **Texas Instruments Computer-Integrated Manufacturing Scholarship Endowment**  
  For students who demonstrate an academic and professional interest in Computer Integrated Manufacturing with a 3.0 GPA. Apply to the College of Applied Science and Technology or the College of Business, Office of Undergraduate Studies.

• **Lt. Robert B. Thorne Memorial Scholarship Endowment**  
  Awarded to deserving ROTC cadets in memory of Lt. Thorne. Application should be made to the Department of Military Science.

• **Tittle Construction Technology Scholarship**  
  To be awarded to a student studying Construction Technology in the College of Applied Science and Technology. Contact the Dean of the College of Applied Science and Technology.

**College of Arts and Sciences Scholarships**

• **Holly Adams Memorial Scholarship Endowment**  
  In memory of a 1987 graduate. Applicants must be rising juniors majoring in art and design and must have a minimum 2.8 GPA. Apply to Chair, Department of Art.

• **Ruth Corpening Adams Scholarship**  
  This scholarship supports sophomores majoring in art and design. Applicants must be rising sophomores. Apply to Chair, Department of Art and Design.

• **Lamar Alexander Scholarship Endowment**  
  For full-time ETSU students participating in activities of the ETSU Department of Music and the Johnson City Symphony. Awards based on competitive auditions. Currently enrolled ETSU students must maintain minimum 2.8 GPA. Specific course requirements determined by Lamar Alexander Scholarship Committee of the Johnson City Symphony. Apply to the Chairman, Lamar Alexander Scholarship Committee, Johnson City Symphony, P.O. Box 53, Johnson City, TN 37601.

• **Elsie Artz Memorial Scholarship**  
  For a music major concentrating in piano and strings. Apply to the Department of Music.

• **Clive W. and Esther W. Bare Endowed Scholarship**  
  Awarded to students majoring in political science and having demonstrated financial need. Applications should be submitted to the Department of Political Science.

• **Biological Sciences Research Award Endowment**  
  Awarded to graduate students with demonstrated promise in scientific research and for achievement following graduation. Written statement by applicant must describe the research and methods that will increase scientific knowledge to preserve the natural resources of Tennessee. Applications should be submitted to the Department of Biological Sciences.

• **Teresa Bowers Scholarship Endowment**  
  For voice majors. Awarded by the Music Faculty Scholarship Committee on the basis of competitive auditions. Apply to the Chairman, Department of Music.

• **Morton A. Brown Scholarship Endowment**  
  In honor of Dr. Morton A. Brown. For a junior, senior, or graduate history major with a GPA of 3.0 or better. Apply to the Department of History.

• **Chemistry Scholarship Endowment**

• **Dr. Francis Ward Morgan Memorial Scholarship Fund**
  In memory of Dr. Francis Morgan for dental hygiene majors who have completed the first year of dental hygiene with a 3.0 GPA. Apply to the Department of Dental Hygiene.
STUDENT SERVICES AND RESOURCES

Regard for the student as a person, and provision of opportunities for participation in the co-curricular life of the university are basic commitments of East Tennessee State University. Dedicated, caring individuals strive to give the student a sense of belonging to ETSU. Student services include an orientation program, financial aid, housing, personal counseling, and advising to help plan a program of study or choose a vocation. Student services are available to meet the special needs of minority groups, students with disabilities, and those with specific health or academic problems.

Various student services are described below. Additional information about any of these services can be secured by contacting the Office of Student Affairs, upper level of the D.P. Culp University Center, phone 439-4210.

Academic Advising — Advisement at ETSU is defined as a "continuous interactive process between an advisor and student which facilitates the development and achievement of the student’s overall goals." Advisement is a distinct part of a student’s educational experience, provided by ETSU as a service. Discussions between the student and the advisor should assist in exploring and clarifying educational, career, and life goals. Students should consult with their advisor before making decisions that may affect academic progress and success. Discussions with the advisor may include: career decisions, ETSU resources, dropping a class, withdrawing from school, selecting courses, and understanding degree requirements.

All students who entered ETSU fall 1997 or later with less than 60 credits are required to meet with an advisor prior to registration. The 60 credit guideline is the minimum advisement requirement. Some colleges and departments have additional advisement requirements for their students. You should consult with your academic advisor to determine your requirement.

- All students have an assigned advisor and should confer with the advisor regularly. An advisor can be assigned or changed by contacting the advisement coordinator of the college or school in which the student's major is offered.
- Students who have declared a major should see an advisor in that major. Students who have not declared a major should go to the University Advisement Center located on the second floor of the D.P. Culp Center in the Advisement Resources Career Center (ARC). Students enrolled in Developmental Studies courses will need to see an advisor in Developmental Studies. Students taking classes in Bristol, Kingsport, or Greeneville may contact these centers for advisement information. Other areas may contact the student to discuss additional advisement opportunities such as Athletics, the Center for Adult Programs and Services (CAPS), Students Support Services, Pre-Med and the Pre-Professional areas.

- All students will benefit by confering with their assigned advisor on a regular basis.

Adult Programs and Services — The Center for Adult Programs and Commuting Student Services represents a unique collection of academic and student support services designed especially for adults, transfer and re-entry students. Center staff provides a wide spectrum of highly individualized services designed to ease the transition of the new adult student as well as the transfer student into the university setting. Assistance is also available for continuing adult students.

Special adult transition programs for entering students are held before the beginning of each semester. The center also serves as a focal point for information about careers, child care, financial aid, scholarships, off-campus housing, and provides personalized referral for university services. Other services include pre-semester programs for first-time adults as well as transfer students, and a variety of other services for commuting students.

A series of seminars on such topics as career planning, wellness, and successful parenting are scheduled periodically throughout the year. The staff of the center includes adults who have already made a successful transition to college life and are sensitive to the concerns and needs of the returning adult. The Center for Adult Programs and Commuting Student Services is located in the ARC Center on the second level of the Culp University Center and is open from 8 a.m. - 7 p.m. Monday and Tuesday, and 8 a.m. - 4:30 p.m. from Wednesday-Friday, phone 439-5641.

Advisement, Resources, and Career Center — The Advisement Resources and Career Center (ARC) is located on the second level of the D.P. Culp University Center next to the Bookstore, phone 439-8650. The ARC is open Monday-Tuesday from 8:00 a.m. - 7:00 p.m.; Wednesday-Friday 8:00 a.m. - 4:30 p.m. during the fall and spring semesters.

The ARC is staffed by professionals who evaluate students' academic progress as it relates to their personal aspirations and career goals. In addition to advising students, referrals for additional academic assistance are made when necessary.

The ARC is user-friendly so that students can access advisement, career and support services without ever leaving the facility. The ARC serves as a primary resource for students who have a variety of needs including those who are entering the university for the first time, those that are unsure about an academic major or career option, and those who wish to take advantage of various academic support services to enhance their classroom learning. The ARC incorporates several academic and student support services listed below.

- University Advisement Center - Undeclared (439-5244) — The Center offers academic advising and counseling to all students who have not declared a specific major or who are not yet ready to commit to a major at ETSU. Counselors help students understand and complete General Education requirements and assist students to identify careers and coursework that affirm their academic strengths and interests.
- Career Placement and Internship Services (439-5388) — The office provides Internet job access worldwide, electronic placement file registration, resume design, and video conferencing for interactive interviews to enable students and alumni to access the job and career of their choice. Cooperative Education/Internship Services is located in the ARC.
- Center for Adult Programs and Commuting Student Services (439-5641) — Personalized counseling and advisement for first-time, transfer and re-entering adult students. Commuting Student Services: car pool, off-campus listings, transit schedules, area maps and day care/babysitter listings. "One-Stop Shopping" for campus forms, applications, catalogs, schedules and information. The "home" for two adult student organizations: Once Again Students In School (OASIS) and Alpha Sigma Lambda - the adult student honor society. CAPS is "the" place for adult and commuting students.
- NEXUS/Inside Track (439-8653 or 439-6187) — NEXUS is a freshman retention program offering services such as mentoring, career counseling, tutoring, and workshops specifically geared to new freshmen. Inside Track offers individual tutoring in all General Education Core courses. Supplemental Instruction is offered in selected high-risk courses.
- Peer Career Center (439-8651) — Located in the ARC, the Peer Career Center is a starting place for students who are uncertain about their career choice. With the assistance of our professional staff, career interest inventories, personality inventories, and an extensive career library, we can help students identify career options that suit their personal needs. These services are free to current and potential ETSU students, as well as alumni.
• Undergraduate Student Advisement (439-8557) - Responsible for the coordination and continuous improvement of advisement. For advisement information visit our web site http://www.etsu.edu/advismnt.

Alumni Association — The ETSU Office of University Alumni is the campus contact for more than 60,000 university graduates and former students. All of these individuals are members of the ETSU National Alumni Association.

Alumni may participate in a variety of activities, such as regional chapter activities, constituent societies, special alumni programs, alumni student recruitment, reunions, homecoming and various events that support ETSU.

Many alumni are chosen to participate in the popular “Alumni Return to the Classroom” program, which features alumni as “Professors for a Day” sharing their professional experiences with students during homecoming week. Alumni also participate in the “Buc Connection” career development network or support student recruitment through the Alumni Admissions Council.

ETSU’s National Alumni Association, in cooperation with the ETSU Foundation, also supports scholarships for academically outstanding students. The Office of University Alumni is located on campus in mom 303 of Burgin E. Dossett Hall, phone (423) 439-4218.

Arts and Crafts Shop — The Arts and Craft Shop is located on the lower level of the D. P. Culp University Center. The Craft Shop is available for use by students, faculty, staff, and their immediate families. Instruction is offered in ceramics, basket weaving, stenciling, floral decorating, stained glass, and other crafts.

Banking — The Tennessee Teachers Credit Union, located in the University Bookstore, provides full-service banking for students and staff. There is also an ATM machine in the Culp University Center.

Bookstore — The University Bookstore carries a supply of new and used textbooks, paperbacks, imprinted gift items, school and office supplies, art and engineering supplies, stationary, greeting cards and class rings. Gift certificates, computer software and computer supplies are also available. We now offer a free pre-pack service for your textbooks.

The University Bookstore is located on the middle level of the D. P. Culp University Center and is open fall and spring semester Monday-Thursday 7:45 a.m. until 6 p.m. and Friday 7:45 a.m. until 4:30 p.m., phone 439-4426. Summer hours: Monday - Friday 8 a.m. until 4:30 p.m.

Busing System — The university operates a free shuttle system for students, faculty, staff, and visitors, linking parking lots on the perimeter of the campus with main academic and administrative buildings. Operation hours are scheduled during peak class periods as well as in conjunction with selected major campus events. Schedule, route, and other details are available at various locations on campus including the Center for Adult Programs and Commuting Student Services, lower level of the Culp University Center, phone 439-5641.

Career Placement and Internship Services — Since the university realizes that the choice of a career is a complex and yet essential task, a number of services are provided, some for those choosing a career and others to assist in obtaining a job.

The Counseling Center provides the following career services: (1) individualized counseling; (2) printed instruments to help students assess their interests, values, abilities, and personality traits as a means of choosing a career well suited for them; (3) a user-friendly computerized career guidance program to give information about work in specific occupations, trends in the job market, likes and dislikes of workers, beginning salaries, future opportunities, and related fields; (4) lists of professionals in the area willing to discuss the day-to-day opportunities in their field of study. Faculty advisors may discuss opportunities in their field of study.

Consultation with the Office of Career Placement and Internship Services staff can help by providing: (1) job placement opportunities for full-time, part-time, and summer employment; (2) field experience-based cooperative education for academic credit; (3) an occupational and employment information library for information on career opportunities including data on specific area employers; (4) workshops and seminars on career planning, resume writing, interview techniques, and job-hunting skills; (5) computer-assisted job matching and resume design; (6) national employment trends and salary information.

The Office of Career Placement and Internship Services, phone 439-4441, and the Counseling Center, phone 439-4352, are located on the third floor of the D. P. Culp University Center. Cooperative Education and Internship is located in the ARC, second floor, Culp Center (439-5388).

Clinics — See Student Health Services.

Commuting Student Services — The Center for Adult Programs and Commuting Student Services provides specialized student services especially important to the commuting student. These services include transit information, loan of battery cables, and off-campus housing information. An information “HotLine” (439-5641) is provided for university bad weather advisories. These services are offered in the Center for Adult Programs and Commuting Student Services which is located in the D. P. Culp University Center.

Computer Labs — The largest open-access computer lab in the Tennessee Board of Regents System is located on the first level of the Culp University Center next to the post office. Students enrolled at ETSU with a valid ID may use the lab which features 81 IBM-Compatible and six Macintosh PCs. The needs of students with disabilities are met with two computers specially equipped with enlarged monitors, adjustable workstations, speech processing, and optional reader.

WordPerfect, Quattro Pro, SPSS, SAS, and Power Point are some of the programs available in the lab. Students can also access the Internet and use electronic mail.

The lab is open from 8 a.m. to 2 a.m. Monday through Thursday, 8 a.m. to midnight Friday, noon to midnight Saturday, and noon to 2 a.m. Sunday.

Five labs house 160 IBM PCs or compatibles and 30 Macintosh microcomputers. A growing software library is available in each lab from a server attached to the campus local area network. When not in use as classrooms, computer labs are available for walk-in use by any registered student. The microlabs are staffed by microlab monitors (student workers) at all times. They are supervised by a microlab manager. These monitors help users with common problems and keep the labs neat and secure. They are not tutors.

E-mail and Internet access is available to all students from the microlabs.

Computer Resources Code of Ethics — All users of any institutionally maintained electronic data, data files, software, and networks are expected to handle the resource in a responsible and ethical manner. A user’s interest ceases when it invades the right of personal and/or institutional privacy; results in the destruction of personal and/or institutional property; demonstrates a potential for loss, embarrassment, litigation to the individual and/or institution; or causes a limited resource to be used in a wasteful or careless manner.

All information processed through Computer Services is considered sensitive and/or confidential. The responsibility for the release or discussion of data is assigned to the official custodian of the data file(s). Access to information is based on a legitimate “need to know” and directly related to assigned duties.

University electronically maintained data, data files, software, and networks will be used for authorized purposes only. Users are responsible for the security of the resources.
Any use of the resource deemed irresponsible or unethical (as defined in the Faculty Handbook section 1.10.1) will result in the immediate denial of use of the resource. The violation will be referred to the proper authorities for disciplinary and/or legal action including, but not limited to, restitution, restriction, reprimand, suspension, probation, expulsion, termination, and, if necessary, legal action. Appeals will be handled through due process channels (APA) already established for students and/or staff. Student violations will be referred to the Vice President for Student Affairs and/or Vice President for Health Affairs; faculty violations will be referred to the Vice President for Academic Affairs and/or the Vice President for Health Affairs; and staff violations will be referred to the Vice President for Administration and Development.

The following examples attempt to convey the intent of irresponsible and/or unethical use: violation of Federal/State copyright laws; violation of the Family Educational Rights and Privacy Act of 1974; use of the resource for obscene material; deliberate wasteful use of the resource, unauthorized altering of hardware, software, or data; piracy of data or software belonging to another person; or careless use of the resource which may result in the release of restricted information.

**Computer Network and Internet Access: Privileges & Responsibilities** — East Tennessee State University (ETSU) operates a wide-area network that interconnects local area networks in academic and administrative offices, student computer labs, and in the future dormitory rooms. The university maintains connections into the Tennessee Education Cooperative Network (TECnet), the Internet and the World Wide Web. Thus, the university’s network is a part of the global network that provides access to information and information processing technologies. By having access to the university’s network and its resources, students, faculty, and staff can communicate and collaborate among themselves and their counterparts throughout the world. This privilege carries with it responsibilities with which all users must comply.

Everyone within the ETSU community who uses networked computing and communications facilities has the responsibility to use them in an ethical, professional and legal manner, and to abide by TECnet policies. Users should respect the privacy rights of others. ETSU’s facilities and network. Access capabilities should never be used for purposes intended to incite crime. Communications which violate Tennessee, federal, or international law are not acceptable. For example, the use of ETSU’s computer and network resources to threaten or harass others or the misrepresentation of one’s identity in electronic communications for the purpose of illegal or unauthorized actions or activities will not be tolerated.

These statements concerning responsibility are not meant to be exhaustive. Any questionable use should be considered “not acceptable." Serious or repeated instances of abuse will be referred to the proper authority for disciplinary or legal action.

**WARNING** Any person who knowingly brings on campus, has in their possession or distributes any virus without the authorization and written permission of the Division of Information Resources, will be considered to be in violation of the above and will be vigorously prosecuted. **Campus** is defined to include any property owned, leased, maintained or controlled by ETSU and includes any site or area where any system owned, leased, operated and/or maintained by ETSU is housed.

**NOTICE TO USERS:** It is the policy of East Tennessee State University to protect all institutional computing resources including, but not limited to, hardware and software, consisting of the actual equipment being supplied by the university as well as the programs and related materials used in conjunction therewith. In accordance with local, state, and federal law, indiscriminate examination of individual user’s files is not permitted, nonetheless as a means of maintaining the integrity and security of those aforementioned resources.

East Tennessee State University retains the right to inspect individual accounts and files stored on any system owned, maintained and/or leased by said university. While no prior authorization by individual users is required to inspect those files and accounts, the user is, by virtue of accepting the account offered by ETSU and “logging” on to its computing equipment, granting to the university prior unrestricted permission, subject to university policy, to review, examine and/or otherwise view, by any method at the sole discretion of the university and without any additional advance notice to said user, any account and/or file stored on university computer resources.

Should such a review take place, the user will be given notice, as a courtesy only, of the results of said review within a reasonable time after the review is completed. While use of university computing resources for personal use is strictly forbidden, should the user have materials for which he/she has any reasonable expectation of privacy or which the user considers to be confidential for any reason, the user should retain those materials on a disk which can be secured as would any other personal items or materials which one consider private in nature.

For such a policy to work, it is essential that users observe responsible and ethical behavior in the use of the resources. In an effort to assist the user community in effective use of the limited computer resources, it seems reasonable to highlight specific responsibilities and types of behavior that represent abuse of a user’s privilege. The examples do not constitute a complete list but are intended to convey the intent of the code.

Users should not damage or attempt to damage computer equipment or to modify or attempt to modify equipment so that it does not function as originally intended. It is equally wrong to damage or modify or attempt to damage or modify the software components: operating systems, compilers, utility routines, etc.

Users should not use or attempt to use an account without authorization from the owner of that account. Users have the responsibility of protecting their accounts through the proper use of passwords, but the fact that an account is unprotected does not imply permission for an unauthorized person to use it. Further, accounts are to be used only for the purposes for which they have been established.

[Only the individual owner of an account is authorized to use that account. Providing passwords or in any way permitting or making it possible for anyone other than the authorized owner of the account to use computer resources is not authorized and may be a violation of Tennessee Law. Under this condition both the owner and the unauthorized user may be subject to legal action if determined to be appropriate by ETSU legal counsel.] Additionally, it is wrong to use a university-sponsored account for funded research, personal business, or consulting activities.

There are special accounts for such purposes.

Users should not use private files without authorization. Owners of such files should take precautions and use the security mechanisms available. However, the fact that a file is not protected does not make it right for anyone to access it, unless it is specifically designed as a public access file. It is equally wrong for anyone to change or delete a file that belongs to anyone else without authorization. Violation of property rights and copyrights covering data, computer programs, and documentation is also wrong. In the event of accidental access of private files, confidentiality of those files must be maintained.

Any deliberate wasteful use of resources is irresponsible; it encroaches on others’ use of facilities and deprives them of resources. Printing of large unnecessary listings and the playing of games solely for entertainment are examples of such abuse. Users are expected to be aware of the resources they are using and to make reasonable efforts to use these resources efficiently.

All state and federal copyright laws will be abided by at all times. Users must not copy any part of a copyrighted program or its documentation which would be in violation of the law or the licensing agreement without written and specific permissions of the copyright holder.
Serious or repeated instances of abuse of computer facilities and resources will be referred to the proper authorities for disciplinary or legal action including, but not limited to, restitution, restrictions, reprimand, suspension, probation, expulsion, or termination.

Computer Services — ETSU provides a wide range of computer resources in support of instruction, research, administration, and public service. The administrative systems utilize a VAX 6520 under the VMS operating system. The academic mainframe is an IBM ES/9000 model 190 with a VM operating system and utilizing the Conversational Monitoring System (CMS). A vector processor and a number of compilers and software packages are available, including SPSS, SAS, FORTRAN, and PASCAL. Student access to the academic system in support of classroom assignments is available in the microcomputer labs.

Continuing Studies — As an academic service provider for the university, the School of Continuing Studies offers a variety of opportunities. The Division of Cross-Disciplinary Studies makes it possible to offer selected credit courses either at the workplace or in local communities. Four bachelor's degree programs are housed in this division: Bachelor of General Studies, Bachelor of Applied Science, Bachelor of Science in Interdisciplinary Studies, and Bachelor of Science in Professional Studies. The last two are part of the TBR regents online degree program and may be obtained entirely online if the student desires. All four degree programs cater to adults who began a degree sometime in the past, but were not able to complete it. The Master of Arts in Liberal Studies allows adult students to pursue interdisciplinary study in a variety of areas. Regional centers and sites in Bristol, Greeneville, and Kingsport afford students the opportunity to remain close to home and pursue a degree. Distance Education plays a central role in the university's ability to serve students in their own community, thereby saving the students' time and transportation expense. Professional Development offers national or regionally known noncredit programs and can custom design a program for those who have a need. The Tennessee Institute for Economic Development is a partnership venture between the Tennessee Board of Regents and the University of Tennessee which is administered by ETSU, with its primary mission targeted at basic economic development information for elected officials and professionals. The federally supported TRIO Programs provide a great opportunity for low-income, first-generation college students, college-bound students, or veterans.

Cooperative Education — Cooperative education provides an opportunity to earn academic credit in most disciplines for carefully planned and supervised work experience in business, industry, health, and governmental agencies. Students alternate between periods of study on campus and work assignments with a cooperative employer. Information about the cooperative education program can be obtained through the Office of Career Placement and Internship Services located in the ARC Center, 2nd level, D.P. Culp University Center; phone 439-5388.

Counseling Center — The Counseling Center (340 D.P. Culp, University Center) provides an array of counseling and mental health services to ETSU students, including personal counseling, career counseling and assessment, educational programming, psychiatric services, and consultative services. Our staff is comprised of psychologists, an outreach coordinator, psychiatric residents, graduate assistants, and support staff. The Center is also responsible for the Campus Alcohol and Other Drug Program and the Campus Advocates Against Sexual Violence Program. We provide our career services through the Peer Career Center, located in the Advisement, Resources, and Career (ARC) Center. Counseling services are confidential and free to all ETSU students. For more information about our services, contact our main number (439-4841) or contact the Peer Career Center (439-8651).

Developmental Studies — The Division of Developmental Studies was created by East Tennessee State University to address the basic skills deficiencies common among a number of entering college students.
meet the needs of ETSU students. ETSU students can enroll their children ages 3 months to 8 years for blocks of time each semester that will accommodate their child care needs while attending classes and during study times. This program is supported by the Student Activities Allocation Committee and ETSU. Information for the part-time child care program can be obtained by calling 439-7549 or 439-4198.

Students majoring in early childhood education, elementary education, special education, nursing, social work, counseling or psychology may find it beneficial to observe in these programs. Graduate assistantships, Academic Performance Scholarships, Federal Work Study Program employment opportunities, student teaching, and practicum positions are also available.

Financial Aid — A comprehensive financial aid program has been developed to assist eligible students. Counselors are available from 8 a.m. - 4:30 p.m. Monday through Friday. This office is located in Burkin E. Dossett Hall, phone 439-4300 or 800-704-ETSU. Additional details on financial aid are presented elsewhere in this catalog and on the web at www.etsu.edu/finaid/financial.htm.

Games Room — The games room is located in the D. P. Culp University Center and offers a variety of amusements including video games, pinball, pool, table tennis, and "foosball."

ID Card and Campus Debit Card (ID BUCS) — All students must obtain an official East Tennessee State University ID Card in order to have full access to all university facilities and services. Your ID card not only provides student identification, but will also allow access to Sherrod Library services, door access to residence halls, Mini-Dome, CPA, AVL, computer labs, and parking lot gates. Your ID card is also used to access meal plans, to obtain tickets to athletic events, and to participate in student voting.

Students may also choose to create a debit account called ID BUCS. You may use ID BUCS in the Campus Bookstore, all food service locations, laundry facilities in residence halls, Craft Shop, Student Health Clinic, University Press Convenience Center, Sherrod Library, Bursar's Office, and Pepsi, Coke, and snack machines located all over campus. ID cards will be issued during new student orientations or anytime after registering for classes. Please come by the ID Services Office on the second level of the D.P. Culp Center for additional information and a brochure detailing all of the terms and conditions and services.

ID Services Office, P.O. Box 70611, Johnson City, TN 37614, phone: 423-439-8316. Regular office hours: Monday through Thursday, 8 a.m. - 7 p.m., Friday, 8 a.m. - 4:30 p.m.

Immunization Requirements — Students entering college are required by law, to have proof of two doses of MMR vaccine. Documentation must be on file with Student Health Services before you can register for the following semester.

The first dose must have been given on or after the first birthday. MMR vaccinations must be given at least 30 days apart. Students born prior to 1957 are exempt from this requirement.

Student Health is located in room 55 Lamb Hall. All registered ETSU students are eligible for health care services.

Information Areas — For information by phone call 0 if on campus and 439-4112 if off campus. Information via the Internet is available at www.etsu.edu.

The University Center Office on the second floor of the D.P. Culp University Center serves as a general information area from 8 a.m. to 10 p.m., Monday through Saturday and 10 a.m. to 10 p.m. Sunday during the fall and spring semesters.

The Center for Student Life and Leadership located in the D.P. Culp Center provides information on student organizations and campus programs. Hours are 8 a.m. - 4:30 p.m. Monday - Friday. Phone 439-5675.

The Center for Adult Programs and Commuting Student Services, located in the ARC Center on the 2nd level of the Culp University Center, has a supply of most printed material available on campus. Staff members are willing to locate the information desired, if it is not already available in the office. Hours are 8 a.m.-4:30 p.m. Monday-Friday. Phone 0 if on campus and 439-4112 if off campus.

Insurance — It is the responsibility of all students to provide hospitalization insurance for themselves if they desire to have coverage in the event of an illness or in case of injury while attending the university. For those students not having protection under a family insurance plan or for those who want additional coverage, ETSU has arranged for a special student insurance policy. Application forms and information pertaining to this insurance are available in the Student Affairs Office located on the 3rd level of the D.P. Culp Center.

International Programs — The Office of International Programs, located temporarily on the first floor of Yoakley Hall, serves the international community of visiting international students and scholars from more than 60 countries who attend or visit ETSU. Programming, advising, immigration paperwork, community outreach, field trips, Friendship Family Program, and international festivals are among the many services offered by the Office.

The office coordinates both the National Student Exchange (NSE) and the International Student Exchange Programs (ISEP), which provide ETSU exchange opportunities at a cost comparable to that of ETSU.

Leadership Education — Leadership education is a key part of the ETSU experience. Students learn leadership to be more effective in everyday living as well as to excel in their profession and position in the community. It is strongly encouraged that students seek and accept leadership positions in student organizations, service activities, campus governance, university committees, orientation and Preview, peer advisement, and academic departments. The opportunities will build your skills as well as your network of references. Learning leadership is for everyone, not just a select few.

The Center for Student Life and Leadership provides numerous ways for students to become more proficient in their leadership abilities. Students may utilize many of the following offerings; the Munch and Learn series, Leadership Forum, Leadership Transcript, Leadership House (a living learning environment), Leadership Studies and Inter-disciplinary minor.

Contact Student Life and Leadership, phone 439-5675, for more information.

Libraries — The new Sherrod Library, containing the major learning resources that support the university's program of teaching and research, opened in 1999. Seventy-plus public access computer stations and laptop connection areas are distributed throughout this state-of-the-art building which has more than 1,800 seats. The collections include one-half million volumes, over one million microforms, over 2,000 periodical subscriptions, more than 350,000 federal and state documents and maps, audiovisual media, and the state depository collection of K-12 state-adopted textbooks. All of the materials in the collections can be found in the VOYAGER catalog, which is accessible from any Internet-connected computer. There are 25 laptops available for in-library loan to students. Copy machines and printers are located on each floor. A study room open 24 hours a day is accessible with a student ID.

The ETSU/UT at Kingsport Library has a collection of over 25,000 volumes and maintains subscriptions to over 100 periodicals.

The Medical Library is located in Building 4 of the Veterans Affairs Medical Center. The library has a seating capacity of 213 and houses a collection of over 96,000 books, journals, computer databases and media which support the academic, clinical, and research programs of the College of Medicine.

Museum — A campus history project initiated in the late 1920s created a repository that ultimately emerged as the B. Carroll Reece Memorial Museum. Its initial collections were made up of art and artifacts which had been collected and housed by the Department of Art and Design and Sherrod Library. The Carroll Reece Museum was formally dedicated on October 10, 1965. It is a component of ETSU’s Center for
Appalachian Studies and Services and has been accredited by the American Association of Museums since 1972.

The Reece Museum serves as a resource to the university's students and faculty, as well as to the larger community. Reece Museum has three galleries which feature temporary exhibits of art and artifacts, and three galleries which house permanent exhibits consisting of musical instruments, items used during frontier settlement of the region, memorabilia from Congressman B. Carroll Reece, and selected prints from the permanent collection. Services and programs include guided tours of museum exhibits, out-of-town "Discovery Tours," workshops, lectures and other scholarly presentations, musical and other performances, demonstrations, and exhibit openings and receptions. Specialized instruction and programs are available upon request. All events and admission are free to the public. Office hours are weekdays from 8 a.m. until 4:30 p.m. Gallery hours are 9 a.m. until 4 p.m., Monday, Wednesday and Friday, and 9 a.m. until 7 p.m. on Thursday, and 1-4 p.m. on Saturday and Sunday.

National and International Exchange Programs — The National Student Exchange Program, a consortium of 170 schools to which ETSU belongs, offers ETSU students the opportunity to study up to one year at one of the member campuses, at a comparable cost to that of attending ETSU. By participating in this domestic exchange program, students can explore new academic avenues to their area of study, explore job markets and graduate schools, and experience personal growth.

ETSU students who wish to study overseas, for a semester or a year, may apply to study at one of our 18 exchange universities or at one of the 100+ institutions, located in more than 33 countries, offered under the International Student Exchange Program (ISEP).

Generally students may enroll in study abroad programs beginning in their sophomore year. GPA requirements vary but are frequently between 2.5 to 3.5. Some programs offer courses in English, while others in the language of the host country. Acceptance to programs with limited space is subject to competition. Interested students should allow a year of planning which may include the application process, language proficiency tests, financial aid issues, approval for transfer of credits, interviews, etc.

For more information, please visit the Office of International Programs web site at www.etsu.edu/intprograms/ or by visiting the Study Abroad Library, 104 Yoakley Hall.

Placement Service — Placement services are provided as part of the Office of Career Placement and Internship Services. The office processes inquiries from business, industry, school systems, hospitals, and government and social agencies. It also assembles employment materials, checks recommendations, arranges for interviews, distributes credentials, and provides other support service to complete the employment process. The Office of Career Placement and Internship Services is located in room 323 of the D. P. Culp University Center, phone 439-4441.

Pre-Health Reinforcement and Enrichment Program — The Pre-Health Reinforcement and Enrichment Program (PREP) is an umbrella for a variety of health career related summer programs at ETSU. James H. Quillen College of Medicine designed to help high school and college students prepare for a future in the health professions. PREP focuses on enriching academic training, developing problem-solving skills, and assisting students regarding various health careers through an array of programs structured to meet the needs of students at their particular level of academic preparation. PREP provides a wide-range of benefits (such as cash stipends, on-campus housing, travel reimbursement, learning materials, and field trips) depending upon the specific program in which a student participates.

Detailed information is available by contacting the Program Coordinator in the College of Medicine, Office of Student Affairs, room 234, College of Medicine Building, telephone 423/439-5655 or by browsing the web page address: http://faculty.etsu.edu/gaskins/prep/index.html.

Public Safety — The Public Safety Building is located at the entrance of the university on University Parkway and has personnel on duty 24 hours a day for assistance. The emergency telephone number is 911. The public safety staff is comprised of 21 state-certified sworn police officers who are also trained fire fighters. Public safety is a full-service police department encompassing traffic and parking enforcement, uniformed patrol, criminal investigations, and crime prevention education. Public Safety also provides these services: an escort service, engravers, booster cables, and battery booster packs. The non-emergency telephone numbers are 439-4480 for police services and 439-6900 for administrative services.

A traffic and parking regulation brochure has been prepared to inform and to protect all who use the campus roadways and parking areas. It is available in the Public Safety Building or at window #10 on the second floor of Burgin E. Dossett Hall.

Regional Centers — ETSU/UT at Kingsport is located on 97 acres and offers day, evening and weekend classes, including lower and upper division and graduate courses. The selection is sufficient to meet most degree requirements of the university during the first two years. The phone number is 392-8000.

ETSU at Bristol is located at 1227 Volunteer Parkway, Bristol, TN. The site offers a variety of undergraduate and graduate classes leading toward selected majors with day, evening, and weekend schedules. The telephone number is 423/844-6300.

ETSU at Greeneville is located in the Greeneville-Greene County Center for Higher Education building, 215 North College Street in downtown Greeneville. Selected undergraduate and graduate courses are available during the day and evening through an articulation agreement between ETSU and Walters State Community College. The telephone number is 423/787-7300.

The Department of Health Related Professions, located at the Nave Center in Elizabethton, is a multidisciplinary department offering courses of study leading to a Bachelor of Science degree in Allied Health with concentrations in Cardiopulmonary Science and Radiography. The telephone number is 423/547-4900.

Reading Center — The Reading Center, a service component of the Department of Curriculum and Instruction in the College of Education, has both training and service functions. Training functions of the center are: (1) to improve reading of college students and other adults; (2) to provide practicum experiences for university students; and (3) to train reading specialists and others interested in effective teaching of reading. Service functions of the center are: (1) to evaluate children with reading/learning disabilities; (2) to provide consultation and research services. The Reading Center is located in room 304 of Warf-Pickel Hall, phone 439-4298.

Service-Learning — Service-Learning is a teaching strategy that uses meaningful community service combined with guided reflection to enrich and enhance student learning. Located in the Center for Student Life and Leadership, lower level of the Culp Center, the Office of Service-Learning coordinates the Introduction to Service-Learning 3-credit class, helps establish service-learning opportunities in other academic courses, and manages the Leadership Transcript Program for Service-Learning students. The Tennessee Consortium for Service-Learning in higher education is also headquartered in this office. For more information, call 439-8218 or 8219.

Student Life and Leadership, Center for — At the Center for Student Life and Leadership students excel in service and leadership both on campus and in the community. The center brings new and exciting learning opportunities for students through involvement in such programs and activities as student organization, Greek Life, service-learning, and leadership education.

The mission of the Center for Student Life and Leadership is to educate through programs, services, advisement, and other experiences necessary to the growth of students and their development of social awareness and civic responsibility.
Located on the lower level of the D. P. Culp Center, the center is open 8 a.m. - 4:30 p.m. For information contact us at 439-5675 or by e-mail at sllinfo@etsu.edu.

Student Government Association — The Student Government Association (SGA) strives to represent the opinions of the students on every aspect of campus academic and extracurricular life. Its members work closely with students, faculty, and administration to provide advice and information and a strong voice in the governance of the university. The SGA is located near the Office of Student Life and Leadership on the lower level of the D. P. Culp University Center, phone 439-5325.

Student Health Services — East Tennessee State University students enjoy the benefits of a modern health care service. The Student Health Clinic is part of the College of Nursing Faculty Practice Network. Clinic services are available to all enrolled students. The professional staff includes nurse practitioners, physicians, registered nurses, and a health educator. Services include:

- Management of acute, episodic illnesses and injuries
- Referrals for assistance in managing chronic disorders
- Immunizations
- Women’s health program and assistance with family planning
- Men’s health program
- Allergy clinic for those receiving allergy injections
- Patient education programs on a variety of topics

The Student Health Clinic is located in room 55 of Lamb Hall. Please call (423) 439-4225 for further information.

The Dental Hygiene Clinic of the Department of Dental Hygiene offers such comprehensive preventive therapeutic procedures as scaling and polishing teeth, pit and fissure sealants, nutritional counseling, periodontal therapy, patient education and exposing and developing radiographs. All treatment is performed, for a modest fee, by dental hygiene students under the supervision of the licensed dentist and dental hygiene faculty. Services are open to all students, university employees, and the general public. Appointments may be obtained by contacting the Dental Hygiene Clinic at 439-4514 in Lamb Hall, room 71 (Health Building).

The Speech-Language-Hearing Clinic, a component of the Department of Communicative Disorders, provides professional speech-language pathology and audiology services to students, faculty, and the general public. The service is provided by speech-language pathology and audiology graduate students under the direct supervision of licensed Speech-Language Pathologists and Audiologists. The areas of service include speech and hearing evaluation, hearing aid evaluation, and treatment of speech and hearing disorders through therapy. Intervention may be available for deficits in articulation, phonology, language, voice, and fluency. The clinic is located in Room 204 of Lamb Hall. Please call (423) 439-4355 for appointments or information.

Service Programs — ETSU’s commitment to service is evident through the campus mission statement and the numerous opportunities we provide students. Whether community-based and interdisciplinary education, service-learning, and/or co-curricular service opportunities, students are encouraged to expand their intellectual and social development. For more information, contact the Center for Student Life and Leadership at 439-5675 or sllinfo@etsu.edu.

Study Abroad — See International Programs.

Student Organizations — If you are looking for ways to get involved on campus - you have come to the right spot. There are more than 150 registered student organizations on the campus of ETSU, representing the diverse interests of our student population. Students are encouraged to be involved in campus life and our office can help you make the connection.

Student Life and Leadership serves as the resource center for all registered student organizations. We provide services and information, such as registration of organizations, assistance with event planning, maintenance of student activity calendar of events, and leadership training for student organizations.

Nearly 150 student organizations provide involvement opportunities for everyone. Student organizations at ETSU are categorized into one of the following areas which best describes their general purpose: Academic, Community Service, Governance, Greek, Honors, Religious, Residence Life, University Programs, Special Interest, and Sports. Contact Student Life and Leadership, phone 439-5675 for more information.

TRIO Program — Student Support Services, a federally funded TRIO program provides tutoring, mentoring, and academic/career/ personal counseling. Services are available to students who meet the project’s eligibility criteria. NEXUS is the project’s special program designed to help freshman adjust to ETSU.

Inside Track is a university-funded tutoring program which provides one-to-one tutoring in general education courses. Supplemental Instruction, an academic assistance program with tutors who attend selected high-risk classes and conduct study sessions each week, is also provided. Online tutoring is available in selected math and science courses using Blackboard, which can be accessed using student username. For information regarding any of these services, contact Office of Student Support Services, 439-5396, upper level, D. P. Culp Center.

TRIO Outreach Programs (Educational Talent Search, Upward Bound, and Veterans Upward Bound) are federally funded programs which provide and enhance educational opportunities to low-income, potential first-generation college students. Educational Talent Search is designed to identify 600 qualified middle school and high school students with potential for education at the postsecondary level and provide information and encouragement to enroll in postsecondary educational programs. Upward Bound is designed to generate skills and motivation for 145 high school students to enroll in and graduate from postsecondary programs. Veterans Upward Bound is designed to generate skills and motivation for 120 eligible veterans to enroll in and graduate from postsecondary programs.

These TRIO Programs are located on the upper level of the D. P. Culp Center, phone 439-5619.

Tutoring Services — Reading Laboratory - Students may arrange to test their reading ability by appointment. Located in Warf-Pickel Hall (Education Building), room 304, phone 439-4298. The ETSU Writing and Communication Center offers free tutoring to all ETSU students. Tutors will assist with any type of writing or oral communication projects, and will work with students at any stage of the writing or speaking process. The Center is open Monday-Wednesday, 10 a.m.-3 p.m. Tutors are available on a walk-in basis or by appointment. The Writing and Communication Center is located in room 409 Warf-Pickel Hall, phone 439-8202.

Tutoring is available in general education core courses through Student Support Services and Inside Track. Individual tutoring on a one-to-one basis is available, and Supplemental Instruction, a group study program led by tutors who attend selected classes is also an offering. Online tutoring is available in selected math and science courses, using Blackboard. All tutoring is free and application for services can be made in the Student Support Services office, third floor, Culp Center, 439-5396.

University Advisement Center — The University Advisement Center provides high quality academic, career and personal counseling to those students who have not declared a specific major as well as to those students with officially declared majors, who seek to transfer to other departments or colleges. The Advisement Center’s focus on all aspects of student life makes it possible to assist students in the accomplishments of academic success, enhancement of personal development goals, and effective management of the stresses related to academic life. The University Advisement Center seeks to complement ETSU's stated goal of providing an atmosphere of support and acceptance of its diverse
student body so that students may emerge as thoughtful and productive citizens.

The developmental advisement process is fully implemented in the University Advisement Center with timely, personal follow-up contacts made in a systematic manner throughout the semester. Through personalized advisement and guidance, the staff assists students in identifying their personal and academic strengths and interests, in order to explore courses related to degree programs and career interests. The University Advisement Center is located in the ARC Center on the second level of the Culp University Center, phone 439-5344.

University Center, D. P. Culp — The D. P. Culp University Center is one of the most modern student centers in the nation. The specific purpose of the Culp Center is to serve students as an integral part of their educational and recreational life. The Culp University Center provides a wide variety of services, entertainment, and social and recreational activities for the campus community.

In addition to recreational facilities, the Culp University Center houses five separate food service areas, the bookstore, the post office, a mini-market, a computer lab, a variety of administrative offices, meeting rooms and conference facilities, a ballroom, and an auditorium/theater. For information regarding the use and reservation of these facilities, contact the Culp University Center office at 439-4286.

Among the administrative offices housed within the building are the Counseling Center, Career Placement and Internship Services, Vice President for Student Affairs, Student Support Services, Intranet Bound, Food Services, Student Life and Leadership, Center for Adult Programs and Services, Campus ID System Offices, Advisement and Career Resources Center, and the University Center.

The Games Room on the second floor has billiard tables, table tennis, table soccer, and a variety of electronic games. The Craft Shop on the lower level offers both the equipment and instruction to allow students to create many types of craft projects. Walk-in activities are encouraged in addition to scheduled short courses.

University Press — The University Press is located on the lower level of Sam Wilson Hall. The Press produces university catalogs, books, booklets, brochures, fliers, posters, and newsletters. It also provides comprehensive graphic services for faculty, administration, and students. In addition, the University Press Convenience Center is available in the D. P. Culp University Center, outside the bookstore. The center is set up to provide copies, faxes, spiral binding, and transparencies for students, faculty, and staff. The booth is open Monday through Friday from 8 a.m. until 4:30 p.m.

University Productions — Comprised of students, University Productions plans major campus events such as concerts, movies, lectures, comedy shows, and Homecoming. Students can be involved with University Production as a member or programmer, or by attending a show as an audience member. It is a great opportunity to learn the technical, business, and marketing side of the entertainment industry. Located in the Center for Student Life and Leadership, D. P. Culp University Center, lower level, phone 439-6828 or e-mail univprod@etsu.edu.

Veterans Affairs — Coordinates the administration and delivery of educational benefit programs of the United States Department of Veterans Affairs (USDVA) to all veterans and certain dependents of disabled veterans. Currently, the entitlement programs include:

- Montgomery GI Bill-Active Duty Educational Assistance Program (Chapter 30, Title 38 United States Code)
- Montgomery GI Bill-Selected Reserve Educational Assistance Program (Chapter 1606, Title 10 United States Code)
- Dependents' Educational Assistance Program (Chapter 35, Title 38 United States Code)
- Post-Vietnam Era Veterans' Educational Assistance Program (Chapter 32, Title 38 United States Code)

Other miscellaneous veterans' educational benefits programs including, but not limited to, the Educational Assistance Pilot Program (Section 903, Public Law 96-342)
- Veterans' Work-Study Allowance Program
- Veterans' Tutorial Assistance Program

Veterans Affairs can provide information, forms and assist in the application for any of the above educational benefit programs. Students who desire benefits must contact Veterans Affairs each semester to request their enrollments be certified to the USDVA Atlanta Regional Processing Office (RPO). Students must keep Veterans Affairs informed of all changes to reported enrollments.

Information on nearly all veteran educational assistance benefit programs is available from the USDVA Veterans Benefits Administration Education Service on the Internet at www.gibill.va.gov. Inquiries about students' educational assistance benefits payments and other general information may be made directly to the USDVA Atlanta RPO toll-free at 1.888.GI.BILL.1 (1.888.442.4551) or electronically at <atlrpo@vba.va.gov>. The Atlanta RPO's mailing address is: Regional Processing Office, United States Department of Veterans Affairs, Post Office Box 10022, Decatur, Georgia 30031-7022.

New and transfer student veterans are required to provide a photocopy of "Member Copy 4" of Department of Defense (DD) Form 214, Certificate of Release or Discharge from Active Duty, a copy of DD Form 2366, Montgomery GI Bill Act of 1984 (GI Bill election form), if available, or other veterans educational assistance benefit entitlement/eligibility documents, including, but not limited to, college fund or "kicker" contracts if any. Reservists and members of the National Guard need to provide DD Form 2384, Selected Reserve Educational Assistance Program Notice of Basic Eligibility. Dependents of totally and permanently service-connected disabled (or deceased) veterans applying for educational assistance benefits should provide a copy of the disabled veteran's Rating Decision or a copy of their USDVA Certificate of Eligibility, if received from a previously submitted application.

Veterans in an undergraduate standing are required to provide any available official uniformed services' evaluations of education, training and experience that have been prepared in accordance with the American Council on Education's Guide to the Evaluation of Educational Experiences in the Armed Services and/or National Guide to Educational Credit for Training ("ACE Guides"). For example, veterans with Army education and training are required to submit an Army - American Council on Education Registry Transcript (AARTS), Veterans with Navy and/or Marine Corps education and training and separated after October 1, 1999, are required to submit a "Sailors-Marine Corps American Council on Education Registry Transcript" (SMART). Veterans with Air Force education and training are required to submit a Community College of the Air Force Transcript. Former members of the Coast Guard are required to submit a Coast Guard Institute Education Transcript. A DD Form 2586, Verification of Military Education and Training (VMET) should also be provided, if available. Veterans Affairs can provide the forms or specific information for obtaining the above documents. Veterans with nonresident(citizenship) uniformed services education and training should obtain separate official transcripts, if available, for academic credit award consideration. Academic credit is awarded for formal education and training only.

Academic credit voided under "Academic Fresh Start" is not approved for veterans educational benefits. State law provides for deferrals of payment of tuition and fees for students receiving any educational benefits of the USDVA. Active service members, reservists, or National Guard members desiring to use tuition assistance should coordinate their application for such benefits with Veterans Affairs.

Veterans Work-Study Allowance Program opportunities are available locally to eligible students. Students must have remaining educational benefits and be enrolled at least three-quarter time during the semester to participate. Interested students should contact or submit an Application.
Volunteer ETSU is a student-organized community service resource center that promotes, organizes, and supports a variety of public service opportunities for the campus community. It continues a long tradition of service to the community by students, faculty, staff, and alumni of East Tennessee State University.

Named the 417th Point of Light by the Office of the President of the United States, Volunteer ETSU promotes volunteerism and coordinates the major service projects and activities for students, encouraging thoughtful experiences in service, and challenging participants to actively address the problems we face as a society.

For more information or to become involved in Volunteer ETSU or any of its numerous projects, call 439-4254 or e-mail at vetsu@etsu.edu. Volunteer ETSU is located inside the Center for Student Life and Leadership, lower level of the D.P. Culp University Center.

Housing and Residence Life

Student housing is an integral part of ETSU campus life. On-campus living is economical and convenient and offers many educational opportunities for students. Resident students have increased access to the library; computer labs; extracurricular activities; intercollegiate athletics; health facilities; intramural and recreation programs; other students; lectures; concerts; and other campus facilities; services; and programs.

On-campus living offers many ways for residents to experience individual growth and development. Residents have the opportunity to participate in academic and leadership experiences such as: The First Year Program; Leadership House; Residence Hall Association; National Residence Hall Honorary; Residence Hall Judicial Board; Alliance for Safety and Protection; and many residence staff positions. Residents are involved at every level of the housing process.

Residence halls are centrally located and provide an environment for living and learning. University housing includes residence halls/apartments for single students and apartments for family housing. All residence halls have rooms furnished with twin-size beds; desk; chairs; closets; mini-blinds; and telephone and cable TV hookup. Each hall has carpeted hallways for noise reduction; laundry; kitchen and vending facilities; and adjacent parking. Microfridges (combination microwave and refrigerator) are available to rent or students may secure their own. All rooms/apartments are wired for data access. Smoking is prohibited in all campus buildings, including the residence halls and apartments. Private rooms/apartments are available on a first-come, first-served basis.

Trained residence hall staff is available in each hall to assist with the total operation of the hall; enforces rules and regulations; provides programs and activities; advises, counsels and refers students; assists in emergencies; and other assigned duties. The university has adopted visitation plans which are voted on by each hall at the beginning of each school year. Guests of the opposite sex may be entertained in individual rooms only during those specified visitation hours.

Family/Graduate Housing - Buccaneer Village — A limited number of apartments are available for married or single parents or single graduate students. These include one- and two-bedroom apartments for married or single parents, and a limited number of private efficiency apartments for graduate students. Applications for these apartments require a $100 deposit. Rent, which includes water, telephone (except for long-distance calls), data access, and cable TV hookup, are payable by the month, along with the electric bill.

Buccaneer Ridge Apartments — Sophomores and above enjoy the new two and four single occupancy bedroom apartment units. Each apartment contains a furnished living area, single bedrooms with double bed, closet, desk, and chest of drawers; kitchen facilities, including full-sized refrigerator, stove, microwave, and garbage disposal; washer and dryer; patio or balcony; and two bathrooms. Each bedroom is provided with an alarm system; telephone, cable TV, and data jack; and individual locks.

Residents enjoy a clubhouse with copier and fax availability; lounging pool; volleyball and basketball courts; exercise room; access gate; and individual leases with no connection fees.

Application Procedure — An application will be mailed to all students approved for admission to the university or an application may be obtained by contacting the Office of Housing and Residence Life. Early application, preferably before June 1, for fall semester and December 1 for spring semester is encouraged. Assignments for fall semester begin in April and mid-December for spring.

A completed application and a $75/100 reservation/damage is required and accepted at any time. Room/hall assignments are made according to the date of the application and deposit and availability. On-campus students are able to retain their current room or sign for another hall and/or room each semester.

For housing costs, please see “Expenses” in the section entitled “Enrolling at ETSU.”

The Office of Housing and Residence Life is located in room 108, Burgin E. Dossett Hall. The mailing address is:

P.O. Box 70723

Organizations and Activities

Serving in leadership positions on campus and in the community is a necessary part of the educational experience at ETSU. Leadership education is offered to students through credit courses, workshops (Breakfast Club, Leadership Forum), living-learning community in Buc-Ridge Apartments (Leadership House) as well as involvement in 175+ student organizations on campus. Contact the Center for Student Life and Leadership, phone 439-5675 for more information.

Sororities-Fraternities

Greek Life — Greek Life at ETSU offers exciting opportunities for you to enhance your college experience and develop friendships that will last a lifetime. Greek Life provides occasions for social interaction and intramural participation, encourages scholarship and service, and strengthens individual identity and leadership skills. Greeks impact the campus by maintaining high ideals and continuing a long-standing tradition of excellence and honor.

Contact Student Life and Leadership, phone 439-5675 for more information.

Campus Recreation

The department of Campus Recreation, a unit in the Division of Student Affairs, provides a wide range of physical activities and recreational sports for the entire ETSU community. Five types of programs are offered: fitness, intramural sports, non-credit instruction, outdoor adventure, and sports clubs.

All programs operate out of the Center for Physical Activity, a “state-of-the-art” indoor and outdoor complex designed for the exclusive recreational use of the ETSU student body and current employees. The “CPA” was built and operated with student fee dollars. Indoor spaces include: basketball/monitor/volleyball courts, and weight rooms (huge weight room). There is also a casual care service, equipment room, locker room, and personal training suite. Directly adjacent to the CPA is the Basler Challenge course with its towers, walls, and low elements. Also located beside the building are two lighted ballfields that can accommodate a range of team sports. The projects intent will improve the connection students have to ETSU and give them a more complete collegiate experience.

Fitness programs are the most popular types of recreational activity on any college campus. The CPA boasts a 15,000-square-foot weight room with cardiovascular stations, free weights, and weight machines. Aerobic/group exercise classes are scheduled daily in the CPA’s aerobics/martial arts studio. There is also a personal training service with fitness testing, exercise prescription, and supervised workouts. Lap swimming will be scheduled three times daily during the week. Aqua aerobics classes are scheduled as well.

Varieties of team and individual intramural sports are scheduled each semester. Traditional fall team sports are flag football and volleyball. Spring team sports are basketball and softball. The four major leagues play four game regular seasons plus playoffs and contest Men’s A, Men’s B, Women’s, and Co-Rec divisions. Each year’s individual sports include two road races and a golf tournament in the fall, and a bench press contest, racquetball and tennis in the spring. Campus Recreation is also very involved in Homecoming in the fall.

Non-credit instruction classes provide ETSU students with the opportunity to learn new physical activities and recreational sports from qualified instructors. The unit has offered kamite, kayaking, rock climbing and swim lessons, and intends to expand into racquet sports, SCUBA, and self-defense in the near future.

The Basler Challenge Course is the centerpiece of the University’s outdoor-adventure program. The course includes an Alpine Tower, Carolina Straight Wall, and 12 low elements. Campus Recreation stages leadership and team building seminars for academic departments and student groups. For more information or to schedule a seminar, call 439-4266. There are also times for individual students to challenge the tower and climb. All gear is provided. Backpacks, sleeping bags, and tents can be rented from room 230 Brooks Gym. The department stages skydiving, paintball, skiing, and white water rafting most years.

Student leadership and volunteerism in an athletic environment are the focus of sports clubs programs. Individual clubs promote competition, instruction, and social interaction. To learn about currently functioning clubs, or to establish a new one, contact the Campus Recreation office.

Campus Recreation is one of ETSU’s largest employees of student labor. The unit participates in all of the University’s work programs - APS, FWSP, RSWP, and temporary support. Graduate assistant positions are also available.

Preference is given to students majoring in exercise science or sports management, but any ETSU student would find Campus Recreation to be a challenging, rewarding, user-friendly environment. Studies have indicated that students who are employed on campus persist to graduation better than those who work off-campus or do not work at all. Please inquire early in the semester about possible employment opportunities.

There are two options for spouse and dependent use of the CPA. Spouse and dependent memberships may be purchased at the equipment room. Such memberships are available only to the immediate family members of currently enrolled students and currently employed faculty and staff members. Pricing was established based on the $70 student fee increase and other university fee structures and the market value of commercial fitness and recreation centers in the Tri-Cities. Dependents 17 and under must be accompanied by a parent at all times in the CPA. Memberships for dependents 18-21 may also be purchased and those adult users will be issued a picture ID. Access will not be made available to dependents 22 and over. A Saturday morning family program will be held weekly from 9 a.m. - 11 a.m. with free charge. Families will be able to use the pool, climbing wall, and gyms. There will also be instructional programs and special events scheduled on a regular basis. Children must be accompanied by their parents at all times and proper ETSU ID will be required for admission.
Participation in any type of positive activity is an important part of the collegiate experience. However, there are risks involved in any and all sports. Persons injured while participating in recreational activities are responsible for their own medical expenses. ETSU does not carry any type of blanket insurance coverage. The Department of Campus Recreation takes a wide range of precautions to protect its participants, but everyone is encouraged to purchase some type of comprehensive insurance protection.

It is the goal of the Department of Campus Recreation to provide a comprehensive service schedule of events, programs, and services for the entire ETSU community. The program is all-inclusive and previous athletic experience or skill is not a prerequisite for participation. For more information, call 439-4266 or come by the department office in the new Center for Physical Activity.

**Intercollegiate Athletics**

The university is a member of the Southern Conference and the National Collegiate Athletic Association (NCAA). Eligibility of students to participate is determined by rules established by these organizations and by the university. Teams in football, men’s and women’s basketball, baseball, men’s and women’s golf, men’s and women’s cross country, indoor and outdoor track, men’s and women’s tennis, women’s volleyball, women’s soccer, and softball all represent the university in intercollegiate competition. The department also sponsors a Cheerleading team. The Department of Intercollegiate Athletics is located in room 325W of Memorial Center, phone 439-4343 or see www.etsubucs.com.
Classification of Courses by Level

All courses in the 1000 series are freshman courses, all in the 2000 series are sophomore courses, all in the 3000 series are junior courses, and all in the 4000 series are senior courses. All 4xx7 courses are for undergraduate credit but may include students who are taking the class for graduate credit under a 5xx7 number. Graduate students in 5xx7 courses may expect that the course will include undergraduate students taking the course under a 4xx7 number. Graduate students shall be required to do specified work over and above that required of undergraduate students in these courses. All courses in the 5000, 6000, and 7000 series are graduate courses.

Undergraduate students may not enroll in courses numbered higher than one year above their current classification. For example, a sophomore may enroll for junior courses, but may not enroll for senior courses. This policy does not apply in the College of Business where 3000 and 4000 level courses are open only to juniors and seniors who have completed the appropriate course prerequisites. Enrollment in the 5000, 6000, and 7000 series is limited to graduate students. At least 70 percent of all courses taken in a text's program must be in the 5000 series; at least one-half of all courses taken on the doctoral level must be in the 6000 and 7000 series.

Courses numbered below 1000 are offered through the Division of Developmental Studies and are not credited toward the degree.

Major, Area Concentration, Minor

A "major" is the curriculum of study a student wishes to follow in pursuit of a degree. The minimum number of credits for a major is 24 but the total varies according to the area. A "concentration" is a specialized area of study within a major. Most majors require a "minor." A minor is a secondary area of study which requires a minimum of 18 credits. Students must consult the appropriate academic section of this catalog to determine the major and minor requirements for each specific area of study. Close consultation with an advisor in the subject of the chosen major is considered necessary and prudent in order to select the appropriate courses leading to completion of a degree.

Declaring a Major

Undergraduate students must declare a major no later than the first term after completion of 60 semester credit hours. Transfer students who transfer in excess of 60 semester credit hours must declare a major by the end of their first semester at East Tennessee State University. This policy also applies to students in preprofessional programs. Students seeking a second bachelor's degree must declare a major at the time of application.

Grades

Grade Points — Grade points are numerical values assigned to letter grades to provide a basis for quantitative determination of grade (quality) point averages. The four-point system is used. A plus/minus grading system went into effect with grades processed in Fall 1992.

Unless qualified with an exact grade point value, a 'C-' is included when "a grade of 'C' or better" is stipulated.

How to Compute Grade Point Average (GPA)

GPA is computed as follows:

Step 1. Grade Points (see above) x Course Credit Hour = Grade Points for Course

Step 2. Sum the Grade Points for all Graded Courses = Total Grade Points

Step 3. Total Grade Points divided by Credit Hours Attempted (quality hours) = G.P.A.

Example:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Course</th>
<th>Credit Hours</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL</td>
<td>1010</td>
<td>A</td>
<td>4</td>
</tr>
<tr>
<td>BIOL</td>
<td>1040</td>
<td>B</td>
<td>3</td>
</tr>
<tr>
<td>HIST</td>
<td>2010</td>
<td>C</td>
<td>2</td>
</tr>
<tr>
<td>MATH</td>
<td>1710</td>
<td>D</td>
<td>1</td>
</tr>
<tr>
<td>PHED</td>
<td>1140</td>
<td>F</td>
<td>0</td>
</tr>
</tbody>
</table>

Total

<table>
<thead>
<tr>
<th>GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>33</td>
</tr>
</tbody>
</table>

33 divided by 14 = 2.35

Grades that do not influence Grade Point Average:

P — Pass. No grade points; degree credit hours. (See Undergraduate Pass/Fail Policy.)

Cr — Credit. No grade points; degree credit hours. Used to record credit established by nontraditional means. (See Advanced Standing.)

I — Incomplete. Indicates a passing grade at the end of a semester, but an important part of course was not completed, e.g., term paper, outside reading, etc. (See section on Incomplete Grades.)

Au — Audit. (See section on Noncredit-Audit.)

W — Withdrawal. (See Drop/Add and Withdrawal Policies.)

WF — Withdrawal Failing. (See Drop/Add and Withdrawal Policies.)

Grade Appeal Process

A student may appeal a course grade if the student has evidence that the grade was assigned in a malicious, capricious, erroneous, or arbitrary manner. A copy of the grade appeal process for students may be obtained from the following offices: the school or college deans, the Vice Provost for Academic Affairs, the Vice President for Academic Affairs, the Vice President for Student Affairs, or the Vice President for Health Affairs. The grade appeal process is outlined in Spectrum (ETSU Student Handbook) and the Faculty Handbook.

Please Note: A deadline exists for filing a grade appeal. The student should begin the process within 21 days after the beginning of the next term, excluding summer school.
Grade Report Concerns

Grades are provided to all registered students via GoldLink-Touchtone or GoldLink-OnLine, the university’s interactive voice response system and web system. Using a touchtone phone or computer with Internet access, students access their grades once they have been posted and may secure a printed copy by exercising the grade print option at the end of hearing grades on GoldLink-Touchtone or by clicking on Request Grade Mailer on the grade viewing screen in GoldLink-OnLine. The option to request a grade mailer is limited to approximately two weeks after the end of the term. Academic departments are required to retain grade documentation for a period of one year. Specific student concerns regarding academic records, other than the Grade Appeal process described above, will only be addressed within one academic year from the date of posting of grades for the term in question.

Undergraduate Pass/Fail Policy

The purpose of this policy is to allow qualified undergraduate students to explore, in a limited manner, their interests and ability in courses of study that are unfamiliar to them and to receive a pass or fail grade instead of a regular letter grade. This purpose must not impair the need to maintain qualitative and rigorous academic standards of the university. Accordingly, the policy will be regularly evaluated for continuation by the Office of the Provost and Vice President for Academic Affairs.

The policy regulates the qualifications of undergraduate students applying for the P/F grade option, the limitations on the types of courses taken for P/F grades, limitations of P/F credit hours earned, the registration process, and the grading basis limitations. In addition it places academic advising in a critical role in approving requests for the P/F grading option.

The policy applies only to the limited P/F grading option available to individual students and is distinct from any use of non-letter grades for an entire course at the university. Grading in such courses shall not apply to the regulations cited here.

1. Student Qualification.

For the undergraduate student pursuing a degree, a 2.5 overall GPA is required. All ETSU credits plus any credits earned elsewhere and accepted by ETSU for transfer to a university program are counted.

For the undergraduate student not pursuing a degree there is no GPA requirement; however, in the event of a subsequent program change to pursue a degree, the GPA requirement becomes effective.

2. Courses Excluded and Included.

For the undergraduate student pursuing a degree, all General Education Core courses are excluded; that is, Writing, English 1010 and 1020; Using Mathematics, three to four credits; Using Information Technology, CSCI 1100; Science, eight credits; Heritage, nine credits; Arts and the Artistic Vision, three credits; Identity, Ethics and Social Response, three credits; Institutions and Society, six credits. Humanities Elective, three credits; Physical Education, two credits. Also excluded are courses in a student's major or minor. In the event that a subsequent program change places a completed P/F course in a student's major or minor, the student may petition the dean of the college or school in which the newly declared major or minor is offered to have the original letter grade that was earned substituted for the previously recorded P/F grade.

For the undergraduate student not pursuing a degree, any course may be included to a maximum of 12 semester credit hours; however, all courses taken at ETSU and graded P/F which are then brought into a degree program at ETSU are subject to the regulations governing students pursuing a degree.

3. Registration Process and Limitations.

For undergraduate students either pursuing a degree or not pursuing a degree, the P/F grading request must be made at the time of registration. Registration is for no more than one P/F course in a semester, and the registration for the P/F grade in a course must be approved by a student's assigned department or college advisor who must sign the drop/add form to certify review of qualifications and other applicable limitations.

For both the undergraduate student pursuing a degree and the undergraduate student not pursuing a degree, the P/F grade option cannot be requested or approved for a class that is added after the first week of classes. In addition, a regular letter grade basis cannot be changed to P/F, nor can P/F grading basis be changed to regular letter grade basis after the first five days of classes of the semester.

The instructor will not know the identity of students enrolled on a P/F basis and will record letter grades for all students which will be converted to P/F by the Office of the Registrar. P/F courses may be repeated for a regular letter grade at the student's own option.

5. Credit Hour Regulations.

For the undergraduate student pursuing a degree, no more than 12 credit hours earned on a P/F basis at ETSU may count toward graduation. Courses with P/F grades cannot be applied toward a major or minor.

P/F graded courses will be counted as degree credit hours earned, and a failing grade (F) will be computed in a student's GPA. A pass grade (P) will not be computed in the GPA.

In the event that a subsequent program change places a completed P/F course in a student's major or minor, the student may petition the dean of the college or school in which the newly declared major or minor is offered to have the original letter grade that was earned substituted for the previously recorded P/F grade.

P/F grades awarded for departmental challenge exams or other advanced standing examinations are not counted as credit hours earned.

For the undergraduate student not pursuing a degree, any credit hours earned with P/F grades that are brought into a degree program at ETSU are subject to all regulations governing students pursuing a degree.

Credit by Correspondence or Extension

Credit earned by correspondence or extension from an institution that is regionally accredited may be accepted toward the completion of a four-year senior college curriculum, provided that the total hours earned by correspondence and extension or a combination of the two, may not exceed one-fourth of the hours required for a degree.

Student Classification

Freshman: (FR) ..........(0 - 29.9 semester hours earned)
Sophomore: (SO) ......(30.0 - 59.9 semester hours earned)
Junior: (JR) ...........(60.0 - 89.9 semester hours earned)
Senior: (SR) ..........(90.0 and up semester hours earned)

Graduate Non-Degree: (SPG)

A student who holds a bachelor's or higher degree, who is not working toward a degree, and who is not a postdoctoral student, and who are enrolled in graduate courses.

Master's Candidate (Graduate Student): (MS)

A student who has been formally admitted to graduate school for the purpose of pursuing a master's degree.
Undergraduate Special Student: (SPU)
A student who is not working toward a certificate or degree and who is enrolled in undergraduate courses.

Doctoral Candidate, Early Stage: (DE)
A student formally admitted to graduate study whose major academic endeavor consists of formal course work directed toward fulfilling requirements for a doctorate.

Candidate for Specialist in Education: (SED)
A student who has been formally admitted to graduate school for the purpose of pursuing a specialist degree.

Doctoral Candidate, Late Stage: (DL)
A student who has been advanced to candidacy for a doctoral degree, or one whose principal academic endeavor consists of independent study, research, or work toward completion of a dissertation.

Postdoctoral Student: (PD)
A student who holds a doctoral degree and who is pursuing a program of study or training for which a doctoral degree is requisite.

Visiting Undergraduate: (SPU)
An undergraduate student taking work to transfer to another school.

Visiting Graduate: (SPG)
A graduate student taking work to transfer to another school.

Class Load

Fall and Spring Semesters

Standard Load
In order for a student to anticipate graduating in the traditional four-year time frame, a course load of 16-17 hours is recommended. The minimum course load for full-time enrollment is 12 semester hours. The maximum course load is 19 semester hours, unless permission for an overload is approved.

Overload
The academic advisor and the dean of the student's college/school must approve registration for an overload. Following completion of 45 semester hours, students with a cumulative 3.0 GPA may be approved for a load of up to 21 semester hours. Graduating seniors who do not have grade point deficiencies may be approved to enroll for up to 21 semester hours in order to complete graduation requirements during that semester.

Audit enrollment will be used in determining all class loads.

Probationary Load
Any student on academic probation at the time of registration may enroll for not more than 13 hours, including audits, except by approval of the student's advisor and college/school dean.

Summer Term
The maximum course load for the summer term is 17 hours, subject to the maximum for each session as follows:

Pre-Summer, three semester hours
First five-week session, seven semester hours
Second five-week session, seven semester hours

Overloads in summer term, up to a maximum of 21 semester hours, must be approved by the academic advisor and the college/school dean.

Exceptions
Exceptions to the class load policy, as stated above, require approval of the academic advisor, college/school dean, and the vice president of Academic Affairs (or designee).

Class Attendance Policy

1. General Statement of Policy
Class attendance is a contract between faculty and students. It is expected that students will attend class regularly and provide the faculty with a reason for any absence. Failure to attend class regularly can affect students' grades and financial aid. East Tennessee State University does not specify a fixed number of class absences as university-wide policy, but each department within the university has the right to set a maximum number of absences (including absences due to university activities and illnesses) permitted during an academic term. Departmental class absence policy is subject to approval by the dean of the school/college. At the beginning of the course each faculty member must provide a written statement governing attendance policy (including laboratory/clinical sessions where applicable) for the course so that all students may be fully informed of their attendance responsibilities, including penalties which may be imposed for failing to meet these responsibilities. If a student is not in attendance during the class meeting in which the class attendance policy is discussed, it is the student's responsibility to ascertain the policy in that class.

2. Absences Occasioned by University-Sponsored Activities

2.1 For the purpose of this policy university-sponsored activities include those activities sponsored either by a university department or by a student organization officially recognized by the university.

2.2 Absences occasioned by university-sponsored activities must be excused by all faculty members as long as the number of absences does not exceed the number prescribed in an established and previously announced departmental policy and the faculty member has been informed in advance of the intended absence. An excused absence means only that students must be allowed a reasonable opportunity to complete all assignments and tests missed because of the excused absence. It is the responsibility of the student and of the faculty or staff sponsor of the activity to inform the faculty member in charge of the course of the upcoming absence. This information should be provided by transmitting a Class Absence Authorization form to the faculty member. Class Absence Authorization forms can be obtained from the office of the vice president for student affairs. However, it is not necessary to obtain permission for absences from the office of the vice president for student affairs, nor does the office inform the faculty member of the expected absences.

3. Absences Due to Emergency, Special Circumstances or Illness
In case of an emergency (e.g. death in the family or illness) absence from class may be excused, and the student allowed a reasonable opportunity to complete all assignments and tests missed. In such cases it is the responsibility of the student to explain the situation to the faculty member as soon as possible. The faculty member may require verification of the emergency situation or illness from the student. Students confined at home or in a hospital for an extended period of time should notify the faculty member from whose class he/she will be absent so that arrangements can be made for completion of assignments if feasible. The number of such absences may not exceed stated policy for the class and the student must make arrangements to complete missed assignments.

4. Appeal of the Faculty Member’s Decision.
If the student has evidence that a faculty member has not excused an absence which should have been excused within the guidelines stated above, the student can appeal the decision of the faculty member to the chairperson of the department and/or dean of the college or school in which the course was offered.
Minimum Size of Class
The size of classes, both graduate and undergraduate, will be in accordance with the prevailing regulations of the Tennessee Board of Regents.

Repeating a Course
The following regulations apply to repeating courses:

1. A course in which an undergraduate student has an 'A' or 'B' grade may not be repeated.
2. If a course in which the student has a 'C,' 'D,' or 'F' grade is repeated, only the most recent attempt (excluding 'I,' 'W,' or 'WF' grades) will be used in calculating the grade point average. However, all grades earned in the third and subsequent attempts will be used in calculating the summary line (grade point average). Note: All courses attempted count in hours attempted and all attempts will continue to show on the record.

Incomplete Grades
The incomplete grade indicates that a student was passing the course at the end of the semester, but due to circumstances beyond the student's control, was unable to complete a course requirement such as a term paper, outside reading assignment, projects, or an examination. It also indicates that the student received consent from the instructor to complete the work for which an 'I' grade was given. The 'I' grade is not to be used to allow a student to do additional work to raise a deficient grade or to repeat the course.

Following consultation with the student, the instructor will determine the date by which the incomplete shall be removed, but in no case will that date exceed one calendar year or the time of graduation, whichever is earlier. After this period, the incomplete grade becomes an 'F' and is recorded on the cumulative record. Incomplete grades are not removed until the new grade is recorded in the Office of the Registrar.

Noncredit (Audit)
Students are permitted to enroll in regular university courses as auditors. Registration fees are the same for audit as for credit. Regular attendance is required. Audit enrollment will not be considered part of the 12-hour minimum required for a full-time load. Audit enrollment will be counted in determining overloads.

After the published “Last Day To Add a Course” students may not change their enrollment status in a course from credit to audit or from audit to credit.

Persons 60 years of age or older who are domiciled in Tennessee may audit courses without payment of registration fees, if space is available in the classroom. Additional information is available from the Office of Admissions or the Office of the Registrar. Other uncategorized part-time students may enroll for noncredit seminars by paying the fee designated for each semester.

Auditors may be administratively dropped for unsatisfactory class attendance by the instructor.

Drop/Add Policy

Adding a Course
A course(s) may be added during the late registration/late add period without special permission, unless the course has reached the established maximum enrollment. To add any class that has reached the enrollment limit requires permission of the instructor and department chair. After the late registration/late add period, special permission must be obtained from the instructor, the department chair, the dean, and the registrar.

Dropping a Course
A course(s) may be dropped during the first eight calendar weeks of a regular semester. Developmental studies courses cannot be dropped without written permission of the director. Courses dropped during the first four weeks will not appear on the student's permanent record. All drops after the end of the fourth week must be processed in person in the Registrar's Office. The drop function of GoldLink On Line and GoldLink Touchtone is not available after the fourth week of each term. Students who drop a course after the fourth full week of classes through the eighth calendar week will receive the grade of 'W.' (During the summer session, or when courses do not conform with established term dates, this schedule is adjusted appropriately to fit the condensed time frames.)

After the eighth week, a student may not drop a course except where verifiable, extenuating circumstances can be demonstrated. A petition for a late drop may be presented by the student for consideration to the dean of the college or school in which the student is majoring as of the beginning of the semester. Verifiable extenuating circumstances must be reasons beyond the control of the student, such as illness or accidental injury. Poor performance in a class is not an extenuating circumstance. A student whose major is undecided must apply to the dean of the College of Arts and Sciences.

If approved by the dean, the student will receive a grade of 'W' (Withdrawal) or 'WF' (Withdrawn - Failing), as assigned by the instructor of the course. All approved petitions for late drops must be received in the Office of the Registrar no later than 4:30 p.m. two days before the end of classes for all academic terms. Under no circumstances will a student be permitted to drop a course after that time.

Withdrawal Policy
Students withdrawing from the university — discontinuing matriculation in the university — during the first eight weeks of classes will receive a grade of 'W' in all courses. Withdrawals from the university after the eighth week will be recorded with 'W' or 'WF' at the discretion of the instructor. (During the summer session or other shortened terms, this schedule is adjusted appropriately to fit the condensed time frame.) All requests for withdrawal must be received in the Office of the Registrar no later than the close of business hours two days before the last day of classes of any academic term. Under no circumstances will a student be permitted to withdraw from the university after that time.

A student who does not withdraw by the official procedure will receive a 'F' for each course. (See the Schedule Bulletin for more details.)

Student Proficiency in English
By the end of the freshman year, every student enrolled at East Tennessee State University is expected to have a command of the English language that is commensurate with the quality of speech and writing of educated adults.

Deans List
In order to qualify for the Deans List at ETSU, a student must meet the following criteria for the term:

1. Undergraduate classification
2. No grade below 'C' in any course
3. Must pass a minimum of 12 credits (excluding audits, incompletes, repeats, pass/fail, and developmental studies courses)
4. Minimum GPA of 3.700 for the semester in applicable courses (recalculated if courses are excluded)

Academic Probation and Retention Standards
All Undergraduate Programs
Baccalaureate, Associate, and Certificate students who fail during any semester to attain a cumulative grade point average (GPA) at or above the level indicated below on the following table for the credit hours attempted will be placed on academic probation for the subsequent semester (including summer session) of their enrollment.

At the end of the next semester of enrollment, a student on academic probation who has failed to attain the cumulative GPA standard or a 2.0 GPA for that semester will be suspended. A student who attains a 2.0 GPA for that semester will be reinstated.
GPA for that semester, but fails to meet the cumulative GPA standard, will remain on probation.

### Baccalaureate and Associate Programs

<table>
<thead>
<tr>
<th>Semester Quality Hours Attempted</th>
<th>Required Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 — 29</td>
<td>1.4</td>
</tr>
<tr>
<td>29.1 — 45</td>
<td>1.7</td>
</tr>
<tr>
<td>45.1 — 59.9</td>
<td>1.9</td>
</tr>
<tr>
<td>60 +</td>
<td>2.0</td>
</tr>
</tbody>
</table>

### Certificate Programs

<table>
<thead>
<tr>
<th>Semester Quality Hours Attempted</th>
<th>Required Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 — 15</td>
<td>1.4</td>
</tr>
<tr>
<td>15.1 — 30</td>
<td>1.7</td>
</tr>
<tr>
<td>30.1 — Above</td>
<td>2.0</td>
</tr>
</tbody>
</table>

At the end of the next semester of enrollment, a student on academic probation who has failed to attain either the cumulative GPA standard or a 2.0 GPA for that semester will be dismissed.

Students seeking a second baccalaureate degree must maintain a 2.0 GPA each semester regardless of the number of semester hours attempted.

### Period of Suspension

Students on probation who do not meet academic retention standards shall be suspended from the university for one semester. The summer session may not count as a term of suspension. On the second (or subsequent) suspension for failure to meet academic retention standards, the period of suspension is for two semesters or longer and requires that the appeal procedure for reinstatement be followed.

### Appeals for Readmission Following Suspension

Where extenuating circumstances are established as primary factors relating to low grades, a student may petition to waive the period of suspension. This petition must describe the verifiable, extenuating circumstances which may include: illness as evidenced by medical documentation; personal problems, such as divorce or serious domestic problems; accidental injury; or other circumstances beyond the student’s control.

Upon the receipt of:
1. the written petition,
2. a current academic transcript, and
3. any supporting documents,
a preliminary decision will be made as to whether there are extenuating circumstances to warrant a formal appeal hearing. If granted, the student will be notified of the time and place of the appeal hearing before representatives of the Office of Student Affairs and the dean’s office of the student’s major area of study. If the appeal hearing is declined, the student may contact the academic dean in the college in which the student is majoring for a review of the decision.

### Work in Other Institutions

If credits earned at other regionally accredited institutions during a period of academic suspension from East Tennessee State University are found to be acceptable for transfer and if such credits are sufficient to remove the student from academic probation, the student may be readmitted as a transfer student by the director of the Office of Admissions.

### The Honor Code

East Tennessee State University is committed to developing the intellect and moral character of its students. To that end, all instances of plagiarism, cheating, and other forms of academic misconduct shall be punished in accord with Tennessee Board of Regents policy. Any knowledge of conduct of this nature should be reported to the proper authorities. Not reporting instances of academic misconduct represents a fundamental break with honor code policy, and although this offense is not punishable, reflects a callous disregard for yourself, your classmates, and your professors.
DEGREE AND GRADUATION REQUIREMENTS

Degrees

East Tennessee State University confers the following degrees:

**Undergraduate**
- Associate of Applied Science (A.A.S)
- Bachelor of Arts (B.A.)
- Bachelor of Business Administration (B.B.A.)
- Bachelor of Fine Arts (B.F.A.)
- Bachelor of General Studies (B.G.S)
- Bachelor of Music (B.M)
- Bachelor of Science (B.S)
- Bachelor of Science in Education (B.S.Ed.)
- Bachelor of Science in Environmental Health (B.S.E.H.)
- Bachelor of Science in Medical Technology (B.S.M.T.)
- Bachelor of Science in Nursing (B.S.N.)
- Bachelor of Social Work (B.S.W.)

**Graduate**
- Master of Accountancy (M.Acc.)
- Master of Arts (M.A.)
- Master of Arts in Teaching (M.A.T.)
- Master of Business Administration (M.B.A.)
- Master of City Management (M.C.M.)
- Master of Education (M.Ed.)
- Master of Fine Arts (M.F.A.)
- Master of Music Education (M.Mu.Ed.)
- Master of Physical Therapy (M.P.T.)
- Master of Public Health (M.P.H.)
- Master of Science (M.S.)
- Master of Science in Environmental Health (M.S.E.H.)
- Master of Science in Nursing (M.S.N.)
- Education Specialist (Ed.S.)
- Doctor of Education (Ed.D.)
- Doctor of Medicine (M.D.)
- Doctor of Philosophy (Ph.D.)

**Associate Degree Requirements General**

1. A minimum grade average of ‘C’ (2.0 grade point average) on courses grouped, as follows:
   a. All college work including courses transferred from other institutions.
   b. All courses taken at East Tennessee State University.
   c. All courses in the major taken at East Tennessee State University.*
   d. All courses in the major including transferred credit.

*Grades in all courses taken in the major departments are reflected in the grade point average for the major.

2. Students must complete a minimum of 60 semester hours of credit (exclusive of courses designed as not applicable toward the associate degree) including the minimum general education requirements for associate degree and a major. The major must be approved by the chair of the department concerned.

3. Transfer students must complete enough work in residence at ETSU in the major to satisfy the department chair that the student is qualified in the major field. Transfer students must take a minimum of six semester hours at ETSU in the major field.

4. Students must satisfy a residency requirement of not less than two semesters, including the last full semester. This shall be a minimum of 24 hours. Not less than 12 semester hours may be counted as a semester of residence. Courses taken at East Tennessee State University off-campus centers are classified as residence credit.

5. Students must have demonstrated proficiency in written and spoken English.

6. Students must file an Intention to Graduate form with the Office of the Registrar, Graduation Section, no later than the beginning of the semester preceding the semester of graduation. The deadline for this filing is included in the academic calendar and the schedule of classes. It is the responsibility of the student to ensure that this deadline is met. No diploma will be issued to students with an outstanding financial obligation.

7. Compliance with any changes which may be made in the curricula may be required for students not completing degree requirements within six years from the date of first registration.

**Minimum General Education Requirements of All Associate Degree (Career Programs)**

</tbody>
</table>

*Students should select courses which meet both program and general education requirements. Students should meet with an advisor before registering for any course to ensure that program requirements are being met. Otherwise, the student’s program may be extended until all general education and program requirements are completed.

**Bachelor Degree Requirements General**

1. A minimum grade average of ‘C’ (2.0 grade point average) on courses grouped, as follows:
   a. All college work including courses transferred from other institutions.
   b. All courses taken at East Tennessee State University.
   c. All courses in the major and minor subjects (or area concentration) taken at East Tennessee State University.*
   d. All courses in the major and minor subjects (or area concentration) including transferred credits.*

*Grades in all courses taken in the major and minor departments are reflected in the grade point average for the major and minor (or area concentration).

2. Students must complete the requirements of their program of study which shall be a minimum of 120 semester hours credit (exclusive of courses designed as not applicable toward the baccalaureate degree) including the general education core requirements, a major, and a minor. The major and minor programs (or area concentration) must be approved by the chair of the departments concerned.

3. Transfer students must complete enough work in residence at ETSU in both the major and minor to satisfy the chair of the departments that they are qualified in the major and minor fields. Transfer students must take a minimum of six semester hours at ETSU in the major field.

4. Students must satisfy a residency requirement of not less than two semesters during the junior and senior years, including the last full semester. The residency requirement shall be no less than 25 percent of the total requirements of the program of study (i.e., 30 semester hours for a program of study of 120 semester hours). Not less than 12 semester hours may be counted as a semester of residence. Courses taken at East Tennessee State University off-campus centers are classified as residence credit.
5. A minimum of 60 semester hours of credit must have been completed in a senior-level college or university.
6. Students must have demonstrated proficiency in written and spoken English.
7. Students must complete the Core Exit Exam and all other required exit exams, such as the Major Field Test. These exams must be completed with due seriousness and diligence. The results of these tests are to be sent to the university and are used in the evaluation of academic programs. The Core Exit Exam, which measures general education, scholarship, and/or degree completion, should be taken as soon as general education requirements are met and not later than the beginning of the senior year. The Major Field Test is required in all of the core examinations and is administered during the senior year. Departments requiring the Major Field Test and Core Exit test dates are listed each semester in the Catalog of Classes Bulletin and on the web at www.etsu.edu/reg/graduation/exitexam.htm.
8. Students must file an Intention to Graduate form with the Office of the Registrar, Graduation Section, no later than the beginning of the semester preceding the semester of graduation. The deadline for filing this form is included in the academic calendars of the catalogs and the Schedule of Classes. It is the responsibility of the student to ensure that this deadline is met. No diploma will be issued to students who have outstanding financial obligations.
9. Compliance with any changes which may be made in the curricula may be required for students not completing degree requirements within six years from the date of first registration.

Foreign Language Proficiency
(B.A.)

Students studying for a bachelor of arts (B.A.) degree shall be required to demonstrate proficiency in a foreign language equivalent to the completion of two years of college-level work.

Second Bachelor's Degree

Students who hold a bachelor's degree from ETSU or any other regionally accredited college or university may subsequently earn a second bachelor's degree from ETSU by satisfactorily completing: 1) a minimum of 34 semester credits of study at ETSU; 2) all course requirements for the additional degree and major being pursued; and 3) all Tennessee Board of Regents undergraduate degree requirements. A student pursuing a second bachelor's degree is subject to all departmental admission requirements and to all departmental and university graduation requirements. Application to enroll for a second bachelor's degree must be made through the Office of Admissions.

Honor's Distinction

Baccalaureate degree candidates receive honors distinction at graduation based upon the cumulative, college-level grade point average, as follows:

- Cum Laude: 3.50-3.64
- Magna Cum Laude: 3.65-3.84
- Summa Cum Laude: 3.85-4.00

Associate degree recipients having a 3.50 grade point average or above receive their degree "with honor."
The grade point average used in conferring academic honors at graduation includes work at this university as well as all other college work attempted.

Application for Degree

Not later than the close of the first month of the senior year (sophomore year for associate degree), each candidate for a degree shall file a Notice of Intention to Graduate (application for degree) with the Office of the Registrar, Graduation Section.

Not later than the close of the first week of the final semester, the candidate shall file the following forms: approved major and minor sheets (or major area sheet).

All scholastic deficiencies shall be removed at least one week before the date on which the degree is to be conferred.

All fees and financial obligations shall be settled in full at least one week before the degree is to be conferred. Neither the diploma nor transcripts can be released until all accounts are cleared.

Additional information is available at www.etsu.edu/reg/graduation.

All candidates for degrees are encouraged to take advantage of the placement service in the Career Development Office, located in the Culp Center.

Degrees are conferred three times a year: at the end of the fall, spring, and summer terms. Commencement ceremonies are held twice a year: at the end of the fall and spring terms. Summer degree recipients attend the fall ceremony.

Double Majors

Simultaneous Fulfillment of Requirements for Multiple Baccalaureate-Level Majors in a Single Degree Designation

A multiple major is the completion of two or more majors leading to the same degree designation (e.g., completion of a B.S. degree with majors in History and Political Science). A student may qualify for multiple majors by meeting the total requirements of each major. Consult the "Degree Programs, Majors and Concentrations" section found elsewhere in this catalog.

Double Degrees

Simultaneous Fulfillment of Requirements for Multiple Degrees at the Same Level

A student may concurrently receive multiple undergraduate degrees at a single degree level if he or she has fulfilled the total requirements for each degree (e.g., B.A., B.S., B.B.A., etc.) and for each major.

Fulfillment of Requirements for both TBR and the University of Tennessee System Institutions

The Tennessee General Assembly passed legislation mandating the transferability of 60 semester hours effective at all public institutions of higher education in Tennessee. A transfer track module that incorporates both the TBR and the University of Tennessee System minimum degree requirements consists of 60 semester hours in eight categories of courses and includes a provision to incorporate 12 to 15 semester hours of pre-major courses and/or electives. Completion of the module will permit students to transfer to any public institution of higher education in Tennessee.

Students transferring from other state public universities should consult the catalog from their home institution for a full list of courses satisfying each major.

Achievement Test Requirements

All students will be required to take one or more tests designed to measure General Education achievement and/or achievement in selected major areas as a prerequisite to graduation. In addition, students may be required to take other tests deemed necessary by the institution. The results of these tests will be used for evaluation of academic programs and student achievements. A commitment to performing well is expected.

Eligibility For Participation In Graduation Ceremonies

It is the policy of East Tennessee State University that only students who have completed their degree requirements participate in graduation ceremonies. There are two graduation ceremonies each year. May graduates attend the May ceremony. Students who finish requirements in any of the summer terms receive their diplomas in late August and are invited to attend the following December ceremony along with the December graduates.
GENERAL EDUCATION REQUIREMENTS

The General Education requirements here described apply to all undergraduate students pursuing a baccalaureate degree. The purpose of the program resides in the "Philosophy and Goals of General Education."

To fulfill the goals, students must take the prescribed core curriculum and fulfill related requirements.

PHILOSOPHY AND GOALS OF GENERAL EDUCATION

The purpose of general education is to provide a common experience that enables students to acquire important skills and knowledge, as well as the ability to think critically and perceive interdisciplinary relationships. Students should develop qualities of thought and character that foster a lifetime of learning, full and rounded lives, the ability to meet expectations of the workplace, and the desire for quality living in a complex and changing world.

Proficiencies

ETSU’s general education program seeks to ensure that graduates possess at a minimum the following proficiencies:

1. the ability to write clear, coherent, and grammatically correct expository prose;
2. the ability to communicate orally in a succinct, persuasive, and grammatically correct manner, as well as to adapt one’s mode of communication to the needs and expectations of various audiences, including those who are literate in various academic disciplines;
3. the ability to read and comprehend serious texts in a variety of academic areas, to relate what one reads to what one knows, and to distinguish fact from opinion;
4. the ability to understand and make use of basic mathematical concepts and tools that are of general use in various academic disciplines; and
5. the ability to use information and creative resources that are available electronically.

Areas of Familiarity

Beyond these proficiencies the general education program also seeks to ensure that ETSU graduates are familiar with important information and modes of thinking or investigation in various areas of study. This knowledge is not an end in itself. Its purpose is to aid the educated person in perceiving relationships among areas of study and continuing to learn.

It is the expectation of the ETSU faculty and administration that those courses which constitute the general education curriculum will collectively represent a common experience for all students and that in total they will ensure the following:

1. that students understand selected basic scientific principles and technological accomplishments that have shaped our culture and others; that, through in-depth awareness of at least one field of science, students come to understand that science is the process used to discover the fundamental laws of our natural world; and that students recognize the power and limitations of the scientific method, quantitative thinking, and technology;
2. that students understand major components of our nation’s heritage—its people, ideas, and wealth of cultural diversity—and how that heritage intersects with and influences our own lives both today and for the future;
3. that students understand how the arts and humanities influence our ability to perceive and appreciate beauty, that students understand the relationship between art and other elements of culture, and that students recognize how art expresses and influences the complex fabric of assumptions that undergird any society;
4. that students identify their own beliefs, values, ethical basis for decision-making, and sense of social responsibility by using the humanities and literature to experience some of the great thinking about personal identity, social relationships, and social and personal responsibility; and
5. that students, in the interest of social and ethical responsibility, are exposed to varied value and belief systems and the historical and cultural processes that produce them; that students are able to think critically about how individuals are influenced by political, economic, cultural, or family institutions in our own or other cultures; and that students are able to explore how institutions might be directed toward constructive ends.

In summary, ETSU’s general education program serves two paramount goals. First, it seeks to ensure that students who earn the baccalaureate degree possess those basic proficiencies that denote an educated person and one suitable for employment. Second, ETSU’s general education aims to ensure that graduates understand information and modes of investigation that will permit them to continue to learn, to see relationships and verify learning experiences, and to find their own voices. This understanding will enable students to adapt to change, appreciate cultural variation, and show respect and suspend judgment toward others when exploring different viewpoints and alternatives to problems.
GENERAL EDUCATION PROGRAM

The university’s general education program includes two parts. Part I is a Core Curriculum of 44-45 semester credit hours that address specific academic “Proficiencies” and “Areas of Familiarity.” Part II, Requirements Reinforcing Academic Proficiencies, requires students to complete a minimum number of courses that provide intensive experiences in writing, oral communication, and using information technology.

PART I: CORE CURRICULUM

WRITING 6 Credits

ENGL 1010 Critical Reading and Expository Writing (3 cr.)
ENGL 1020 Critical Thinking and Argumentation (3 cr.)

Students eligible to enroll in ENGL 1010 must do so during their first term. Students required to take DSPW courses should enroll in this course the next term after completing DSPW 0800.

USING MATHEMATICS 3-4 Credits

Select one course from the following:

MATH 1820 Calculus for Business (3 cr.)
MATH 1840 Analytic Geometry and Differential Calculus (3 cr.)
MATH 1530 Probability and Statistics - noncalculus (3 cr.)
MATH 1910 Calculus I (4 cr.)

Students eligible to enroll in one of these math courses must do so during their first calendar year of enrollment or prior to accumulating 33 semester credits at ETSU. Students required to take DSPM courses should complete the math requirement after completing DSPW 0850, and must do so in the next calendar year or prior to accumulating 33 more semester credits at ETSU.

USING INFORMATION TECHNOLOGY 3 Credits

CSCI 1100 Using Information Technology (3 cr.)

Students must demonstrate a working knowledge of word-processing, spreadsheets, electronic communication, and online searches during their first calendar year of enrollment or prior to accumulating 33 semester credits at ETSU. This requirement may be met by passing the UIT challenge exam or by completing successfully CSCI 1100, Using Information Technology.

AREAS OF FAMILIARITY 8 Credits

Select two courses from the following (required labs are shown with the lecture numbers):

ASTR 1010 Astronomy I (4 cr.)
ASTR 1020 Astronomy II (4 cr.)
BIOL 1010-1011 Biology for Non-majors I (4 cr.)
BIOL 1020-1021 Biology for Non-majors II (4 cr.)
BIOL 1110-1111 Biology for Science Majors I (4 cr.)
BIOL 1120-1121 Biology for Science Majors II (4 cr.)
BIOL 1130-1131 Biology for Science Majors III (4 cr.)
CHEM 1100-1111 General Chemistry (4 cr.)
CHEM 1120-1121 General Chemistry (4 cr.)
CHEM 1320-1321 Introductory Chemistry (4 cr.)
GEOL 1040 Physical Geology (4 cr.)
GEOL 1050 Historical Geology (4 cr.)
GEOG 1110 Earth Science: Weather and Climate (4 cr.)
GEOG 1120 Earth Science: Landforms and Processes (4 cr.)
HSCI 2010-2011 Anatomy and Physiology I (4 cr.)
HSCI 2020-2021 Anatomy and Physiology II (4 cr.)
PHYS 2010-2011 General Physics I - Non-Calculus (4 cr.)
PHYS 2020-2021 General Physics II - noncalculus (4 cr.)

Open to Nonscience Majors only:

CHEM 1000 Chemistry and Well Being (4 cr.)
CHEM 1030 Introduction to Chemistry Survey (4 cr.)
PHYS 1030 Introduction to Physics Survey (4 cr.)

HERITAGE 9 Credits

HIST 2010 The United States to 1877 (3 cr.)
HIST 2020 The United States Since 1877 (3 cr.)

And one of the following:

ENGL 2030 Literary Heritage (3 cr.)
ENGL 2130 American Literature (3 cr.)
ENGL 2210 British Literature I (3 cr.)
ENGL 2220 British Literature II (3 cr.)
ENGL 2430 European Literature (3 cr.)
ENGL 2330 World Literature (3 cr.)

ARTS AND THE ARTISTIC VISION 3 Credits

Select one of the following:

ARTA 2010 Art History Survey I (3 cr.)
ARTA 2020 Art History Survey II (3 cr.)
HUMT 2310 Introduction to the Humanities I (3 cr.)
HUMT 2320 Introduction to the Humanities II (3 cr.)
MUSC 1030 Introduction to Music (3 cr.)
MUSC 1035 History of Jazz (3 cr.)
PEXS 3500 Dance as Human Experience (3 cr.)
THEA 1030 Introduction to the Theatre (3 cr.)

East Tennessee State University
**IDENTITY, ETHICS, AND SOCIAL RESPONSIBILITY**  
3 Credits

Select one of the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 3150</td>

<tr>
<td>IDENTITY, ETHICS, AND SOCIAL RESPONSIBILITY</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**INSTITUTIONS AND SOCIETY**  
6 Credits

Select two of the following (only one course from ECON):

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ECON 1050</td>
<td>Economics and Society</td>
<td>(3 cr.)</td>
</tr>
<tr>
<td>ECON 2210</td>
<td>Principles of Economics Part I</td>
<td>(3 cr.)</td>
</tr>
<tr>
<td>GEOG 1012</td>
<td>Introduction to Cultural Geography</td>
<td>(3 cr.)</td>
</tr>
</tbody>
</table>

**PART II: REQUIREMENTS REINFORCING ACADEMIC PROFICIENCIES**

Courses that fulfill writing-intensive, oral communication-intensive, and using information technology-intensive requirements are indicated in the Schedule of Classes each term. A complete listing of proficiency-intensive courses is also available at http://www.etsu.edu/reg/intensiv.htm.

**WRITING**  Students must complete a minimum of four writing-intensive courses. At least two of these courses must be in the major field of study. At least two of the four courses must be at the 3000-4000 levels.

**ORAL COMMUNICATION**  Students must complete a minimum of two oral communication-intensive courses. At least one of these courses must be in the major field of study.

**USING INFORMATION TECHNOLOGY**  Students must complete a minimum of one using information technology-intensive course in the major field of study.

**READING**  Students who are required to take the AAPP test (see “Enrolling at ETSU”) and who are assessed as being deficient in reading must complete DSPR0800 prior to accumulating 33 semester credits at ETSU. Faculty in any course who question whether a student is reading at a reasonable college level may remand the student to the Developmental Studies Program for assessment.

**SPECIAL NOTES ON MEETING CORE REQUIREMENTS:**

1. The following categories of students are only required to take TWO writing-intensive courses, ONE oral communication-intensive course, and ONE using information technology-intensive course:
   a. Transfer students with an associate degree designed for transfer;
   b. Transfer students with 60 or more transferrable semester credits; and
   c. Readmission students with 60 or more hours, whose last term of enrollment at ETSU was prior to 1995.

2. Students must meet proficiency intensive requirements through courses taken at ETSU.

3. A student has six years to complete the requirements of the undergraduate catalog under which he or she entered ETSU. ETSU also provides transfer students the opportunity to meet the ETSU catalog degree requirements in effect for a period of six years from the date of first entrance into higher education.

**Additional Requirements for Graduation:**

<table>
<thead>
<tr>
<th>PHYSICAL EDUCATION</th>
<th>Credits</th>
<th>Requirements</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>2</td>
<td>One PHED course from the fitness activity category (any 1000 level course) and one PHED course from the lifetime activities category (any 2000 level course). Marching Band MUSC 1201 or Military Science MSCI 1217, 2130, or 3217 may fulfill either the fitness or the lifetime activity category.</td>
</tr>
</tbody>
</table>

**NOTE:** Two courses must be taken to fulfill the requirement.
All universities and community colleges in the Tennessee Board of Regents System (TBR) share a common set of Minimum Requirements for baccalaureate degrees or associate degrees designed for transfer. The Minimum Degree Requirements specify thirty-two semester credit hours in the following subject areas:

<table>
<thead>
<tr>
<th>Subject Area</th>

### Physical Education Activity Courses

(to be taken as two one-semester credit hour courses.)

(Institutions may substitute satisfactory participation in ROTC, marching band, or armed forces experiences for physical education activity courses.)

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>All PHED</td>
<td>- - - -</td>
</tr>
</tbody>
</table>

**TOTAL** 32

Every TBR institution incorporates the thirty-two semester hours listed above into its degree program requirements and accepts all courses designated as meeting these requirements at other TBR institutions. By ensuring the transferability of courses fulfilling the Minimum Degree Requirements, the TBR has eliminated unnecessary repetition of these courses by students transferring to institutions within the TBR system. Because each TBR institution has a unique mission and its own distinctive curriculum, an institution may require students to complete additional courses in the Minimum Degree subject areas and in other areas that may comprise an institutional General Education Program. Students planning to receive a bachelor of arts or associate of arts degree must demonstrate proficiency in a foreign language as prescribed in the institutional degree requirements.

**Identifying Courses Satisfying the Minimum Degree Requirements**

Although the courses fulfilling the minimum degree requirements may vary in actual design among institutions, many contain similar content. These courses are identified by common course rubrics (prefixes) and numbers in all TBR institutions to facilitate transferability. The actual courses designated by each institution to fulfill the Minimum Degree Requirements, including courses that may not be a part of the common course prefix and numbering pattern, are denoted in catalogs by the symbol. A complete matrix of courses that satisfy the Minimum Degree Requirements in all TBR institutions and an explanation of the common course rubric and numbering system are available on the TBR web page (www.tbr.state.tn.us).

The primary mission of the various Academic Honors Programs at ETSU is to provide unique educational opportunities for academically talented students. Within this mission, our goals focus on recruiting exceptional students, nurturing their intellectual growth through challenging curricula, promoting their commitment to lifelong learning and service, and instilling in them a desire to advance knowledge in their chosen fields.

In order to accomplish these goals, Honors Programs enlist exceptional faculty, who are provided opportunities to promote innovative and creative approaches to teaching in their classrooms and laboratories. Honors Scholars are provided opportunity to work collaboratively with professors in research and scholarly activities, and receive assistance in the pursuit of fellowships, awards, and access to continued studies in graduate and professional programs.

Academic Honors Programs offered include the University Honors Scholars program and a variety of Honors-in-Discipline programs that are identified by major field of interest. All Honors Programs provide out-of-state tuition waivers, and some offer additional scholarship opportunities. The University Honors Programs Office directly administers the University Honors Scholars Program and provides oversight and coordination for all Honors-in-Discipline programs.

Honors-in-Discipline Programs

For more information about these programs, refer to descriptions and instructions provided in each of these academic areas within this catalog. New Honors-in-Discipline programs become available each year; please direct inquiries about potential new programs to the University Honors Programs Office, P.O. Box 70294, ETSU, Johnson City, TN 37614-1701; 423/439-6456; email to Honors@etsu.edu.

Honors programs in academic majors are offered in the following areas:

- College of Applied Science & Technology
- College of Business
- College of Nursing
- within the College of Arts & Sciences, the
  Department of Chemistry
  Department of Biological Sciences
  Department of Criminal Justice & Criminology
  Department of English
  Department of History
  Department of Mathematics
  Department of Physics and Astronomy
- within the College of Education, the
  Teacher Certification Program
- and within the College of Public and Allied Health, the
  Department of Environmental Health

University Honors Scholars Program

The University Honors Scholars Program is a four-year program specially designed for outstanding students who desire an interdisciplinary approach to general education, in addition to their chosen fields of interest. University Honors Scholars may major in any academic program available at ETSU. Each year, 20 exceptional high school students are invited to join the program. Each student is provided a full scholarship that includes tuition, fees, costs of standard dormitory and meal plans, and a book allowance; students are expected to reside on campus during their freshman and sophomore years in the program. Scholarships are granted for four years, depending upon successful completion of coursework, attainment of minimum GPA standards (see below), and completion of an Honors Thesis. Students work closely with a faculty mentor in their major or minor area of interest. University Scholars receive special workshops on campus resources, study abroad and exchange programs, fellowship/award opportunities, and graduate/professional school application procedures. Students are encouraged to participate with their colleagues in the Honors Student Council, as student representatives on the Honors Advisory Committee, and as active members of student organizations across campus.

Through our institutional membership in the National Collegiate Honors Council, ETSU University Scholars are provided access to state, regional, and national council positions. A variety of social and cultural activities are provided. University Scholars have unrestricted access to Honors House, with computer facilities, conference and meeting rooms, lounge, and study areas. Honors House is located at 914 W. Maple Street and is home to the University Honors Programs Office. Interested potential candidates are encouraged to visit Honors House and meet with the Director; call 423/439-6456 or email Honors@etsu.edu for more information or to make an appointment.

Admission to the University Honors Scholars Program requires special application. Applications are available only from the University Honors Programs Office, P.O. Box 70294, ETSU, Johnson City, TN 37614-1701. Minimal qualifications for consideration for admission include a 29 ACT or 1280 SAT and a high school GPA of 3.5 (4.0 scale). High school curriculum, letters of recommendation, extracurricular activities, high school scholastic honors, and a personal essay are considered in the application process. Students that do not meet minimum test scores, but with unique qualifications in other areas, may be considered for admission. Scholarships are awarded on a competitive basis each year. The application deadline typically is the end of January for admission the following fall semester. Graduates from the program receive special regalia, and “University Honors Scholar” designation on transcripts and diploma.

The University Honors Scholars program provides special general education courses with small class sizes that emphasize writing and discussion. Most requirements in general education are provided in year-long, interdisciplinary honors seminars, including Quest for Meanings & Values, Artistic Experience, Institutions & Society, Great Ideas in Science and Honors Colloquium. All Honors Scholars must successfully complete a semester of Calculus, a year of Honors U.S. History, all honors general education courses, and an Honors Thesis. For their Honors Thesis, students work in their major or minor interest in collaboration with a faculty member on a significant creative research project. Skills acquired by completing this requirement provide a capstone experience for students in their senior year and enhance their preparation for continued studies or professional occupations.

In order to be retained in the program, University Honors Scholars are required to complete 15 credit hours per semester, and to maintain the following GPA standards: 1st semester, 2.75; 2nd semester 3.0; 3rd semester, 3.15; 4th and remaining semesters, 3.25. Probationary status may be granted for one semester only before scholarship support is withdrawn.
The mission of the College of Applied Science and Technology is to promote specialized and professional competence in a variety of technological and applied science programs of study. The curriculum includes, in addition to the major topics of study, coursework in business, humanities, science, mathematics, and the social sciences. Emphasis is placed on communication and problem-solving competency; the development of interpersonal skills; and the application of basic scientific and research knowledge. A strong background in science and mathematics is recommended for entry into the programs.

The College of Applied Science and Technology offers baccalaureate and master's degrees in the departments of Applied Human Sciences; Computer and Information Sciences; Geography, Geology and Geomatics; and Technology. Military Science, Pre-engineering, and the Division of Vocational Education programs are also administered within the college.

### Engineering Transfer Program

Students planning to pursue an academic program in engineering may take the first two years of study directed by an advisor. Students should be fully aware of the required curriculum of the institution to which they plan to transfer and must follow close advising.

A rigid high school program in mathematics and high ACT scores are essential indicators of success and later transfer. High school mathematics credits should include two years of algebra; one year of geometry; one year of trigonometry/precalculus. One or more computer-type courses as well as one year of calculus are highly recommended.

Students entering without deficiency spend two years (four semesters) and usually follow a prescribed program. During the second year applications are submitted to the engineering school of choice. It is important that freshman students decide which university they plan to transfer to for their B.S. in engineering and check the program of the school for specific requirements in the selected engineering discipline.

### College Honors Program

The College of Applied Science and Technology has specifically designed a program of study for honors students that is taught by outstanding faculty. It includes courses in professional ethics, technical communication, methods of research, honors thesis and the opportunity for international study. Additionally, there are specific departmental courses in a student's major where further enrichment opportunities are provided. Scholarships are awarded, and cooperative education and intern experiences are encouraged.

College honors students are assigned mentor professors who serve to guide, support and advise. Class size is small with much interaction and discussion. Students are encouraged to be active in the departmental professional organizations, honor societies and other ETSU groups.

Students can qualify for admission to the College Honors Program by achieving a score of 29+ ACT or 1280+ SAT and/or a high school grade point average of 3.5 on a 4.0 scale.

### Cooperative Education

Cooperative Education is an important part of the College departments' curriculum. It provides the university, the public and private sectors an opportunity to work together to support students. It gives students an opportunity to gain valuable hands-on experience while working under the guidance of a professional in the field. The chance to learn, practice, and mature makes the students' on-campus study more meaningful and opens doors for future employment.

Students enrolling in cooperative education in the College of Applied Science and Technology need to be aware of and follow regulations set forth by the College. To be eligible for enrollment, all students are required to meet the following criteria:

1. Must have completed a minimum of 32 semesters credit hours of course work at an accredited college or university.
2. Must have completed the basic foundation courses in the major in which the student plans to coop. This is to be determined by the student's academic advisor and the CAST co-op coordinator.
3. Must have a minimum 2.50 GPA in their major.
4. Must have a minimum of a 2.25 GPA in all of their coursework at ETSU and other institutions.
5. Students are limited as to the number of semester credit hours of other courses they can register for during the semester they coop.
The Department of Applied Human Sciences (AHSC)
P.O. Box 70671 Phone: 423/439-7532

Accredited by: Tennessee State Board of Education
American Dietetic Association (Approved)

The Department of Applied Human Sciences offers the bachelor of science degree with a major in Applied Human Sciences and a major in Early Childhood Development.

**B.S. in Applied Human Sciences**

The Applied Human Sciences curriculum is designed to prepare students for professional careers in child and family studies, dietetics and food systems management, interior design, apparel merchandising, interiors merchandising, family and consumer education, and business. A major in Applied Human Sciences offers an area concentration with a minimum of 48 semester credit hours. The following five concentrations are offered:

**Child and Family Studies**
This concentration provides preparation for professional careers in programs that support families and children in their near environment.

**Dietetics/Food Systems Management**
The dietetics emphasis provides the undergraduate preparation required by the American Dietetic Association in preparation for qualifying for Registered Dietitian (R.D.) status through the American Dietetic Association Commission on Dietetic Registration. The food systems management emphasis provides preparation for management positions within commercial, health care, educational, and institutional food service operations. By including prescribed coursework, students may receive School Food Service Supervisor Certification required for positions as certified school food service supervisors in Tennessee.

**Family and Consumer Sciences Education**
This concentration meets the requirements for Vocational Consumer Homemaking certification Grades 5-12 in Tennessee. Occupational Endorsement may be earned in Care and Guidance of Children; Clothing Management, Production and Services; or Food Management, Production and Services.

**Interior Design**
This concentration provides preparation for professional careers related to the design of interior environments.

**Merchandising**
This concentration includes two emphases, apparel and interiors. Both provide the educational and on-site experiences for a variety of careers in the apparel, textile, and interiors industries to include: retail store management; sales representatives; buying; visual merchandising; advertising and promotion; consulting; and entrepreneurship.

**Minor**
A minor in Applied Human Sciences consists of a minimum of 21 semester hours. The minor may be focused within a concentration. Refer to the concentration curriculum for specific course suggestions. The requirements include:

- AHSC A minimum of nine semester hours of courses at the 3000-4000 level ............................................. 9
- AHSC Applied Human Sciences Electives ....................... 12

**Total Required for Minor** ........................................ 21

**Curriculum**

Students seeking the B.S. degree in Applied Human Sciences are required to complete the General Education Core Requirements of the university, the Applied Human Sciences core requirements, Applied Human Sciences courses identified for the chosen concentration, supporting courses from other departments that have been designated as required courses for the chosen concentration, other supporting courses as identified, and electives. Applied Human Sciences students seeking Vocational Consumer Education certification must complete the General Education program for teacher education, professional education requirements, Applied Human Sciences core requirements, Applied Human Sciences courses identified for the chosen concentration, and electives. Students should consult their Applied Human Sciences advisor for specific courses recommended from the university core and/or supporting courses. A minor in a related area may be planned.

DIETETICS/FOOD SYSTEMS MANAGEMENT

CONCENTRATION DIETETICS EMPHASIS

Students who complete the dietetic emphasis are issued a “Verification Statement” by the director of the Didactic Program in Dietetics (DPD). This statement indicates the student is qualified to apply for an American Dietetic Association accredited internship and/or an American Dietetic Association internship leading toward eligibility to take the national Registered Dietitian (R.D.) examination.

**FAMILY AND CONSUMER SCIENCES EDUCATION**

Requirements for teacher education can be found in the College of Education section of this catalog. Those desiring certification should consult a departmental advisor.

All ETSU students desiring to complete a teacher education or other public school licensure program (for initial licensure, add-on endorsement, or advanced study in education) must file a Declaration of Intent in the Office of Education Student Services, Room 321, Warf-Pickel Hall. The Declaration of Intent should be filed before 30 semester hours of coursework have been completed or, in the case of transfer and post-baccalaureate students, in the first semester at ETSU. Delay or failure to file the Declaration of Intent may result in incomplete advisement. Students who have not filed the Declaration of Intent will not be considered for admission to teacher education and may be ineligible to enroll in many professional education courses.

**General Education Core**

Students must complete the ETSU general education core of 41-44 semester hours as adopted by the university. When meeting the General Education Requirements, students must take a minimum of three of the following six courses:

- ENGL 2330 World Literature ........................................... 3
- PEMS 3500 Dance as a Humane Experience ................. 3
- WMST 2010 Introduction to Women's Studies ............... 3
- GEOG 1012 Introduction to Cultural Geography ............ 3
- JOU 1240 Introduction to Cultural Anthropology ........... 3
- HUMN 2320 Introduction to Humanities II ................. 3

Additionally, when meeting the General Education Requirements, students must take a minimum of one of the following three courses:

- PHIL 1030 Self and World .............................................. 3
- PHIL 2020 Values and Society ....................................... 3
- PHIL 2210 Introduction to the Study of Religion ........... 3

**Admission:** Any student who chooses to pursue family and consumer sciences education for licensure in grades 5-12 must apply for admission to the teacher education program. The requirements for admission to the program are as follows:

1. Declaration of Intent form and Program of Study Form
2. PPST, ACT or SAT minimal test scores
3. 2.5 GPA
4. Completed courses EDFN 2100 and EDFN 2300 with a grade of 'C' or better.
5. If a student has met all of the above requirements for teacher education, then student must complete the application for the Board to enter teacher education program.
6. Upon completion of successful interview with College of Education Admission Board, student will be admitted to the teacher education program.
7. After admission to Teacher Education, the candidate should complete the approved program of study under the direction of the departmental advisor and the College of Education advisor in order to ensure that both licensure and degree requirements are met. The candidate should apply for a student teaching placement the semester prior to the term in which student teaching is planned. All admission criteria must have been met and maintained. A 2.5 minimum grade point average must be demonstrated overall, in the major, and in the professional education courses. Further, no grade less than a 'C' can be accepted in the licensure area or in professional education. Student teaching placements will be planned by the College of Education in consultation with the candidate's program advisor.

### General Minor in Family and Consumer Sciences Education

AHSC A minimum of nine semester hours of courses at the 3000-4000 level ..................... 9  
AHSC Applied Human Science Electives ........................................................................ 12  
Total Required For Minor .................................................................................... 21

### INTERIOR DESIGN CONCENTRATION

Students who complete 56 credit hours in the Interior Design Concentration, earn a B.S. degree, and complete two years of work experience are able to take the interior design licensing examination.

After 27 (and before 36) credit hours of interior design course have been completed, the students must notify their major advisor that they would like to submit samples of work completed in each interior design course for review before advancement to courses AHSC 3650 and above. The portfolio of samples are to be submitted to the student's major advisor within eight weeks into the semester following completion of the designated credit hours. A committee of three including the student's major advisor will review and evaluate each portfolio. Students whose work shows evidence of ability to succeed in the interior design field may register for upper level courses. Others will be advised of remedies such as additional lower level coursework and re-submission at a later date or alternative concentrations.

</tbody>
</table>

Students in the merchandising concentration must choose an emphasis in either apparel or interior merchandising. The apparel merchandising emphasis prepares students for a variety of career options available in the apparel and textile industries, including retail store management, apparel and textile buying, visual merchandising, advertising and promotion, fashion and image consulting, entrepreneurship, etc. The apparel merchandising emphasis requires the merchandising core, the apparel merchandising emphasis courses, and the support block courses.

Apparel merchandising emphasis students are required to take 21 hours in support courses. These support courses can be chosen from a marketing block, art block, or communication block, depending on the student's career objective. Students are encouraged to discuss their choice with their advisor. The following courses are required in each block of support courses:

**Marketing Block**

<table>
<thead>
<tr>
<th>Course Description</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ECON 2210 Principles of Economics (I)</td>
<td>3</td>
</tr>
<tr>
<td>ECON 2220 Principles of Economics (II)</td>
<td>3</td>
</tr>
<tr>
<td>ACCT 2010 Principles of Accounting (I)</td>
<td>3</td>
</tr>
<tr>
<td>MKTG 3200 Principles of Marketing</td>
<td>3</td>
</tr>
<tr>
<td>MKTG 3202 Consumer Behavior</td>
<td>3</td>
</tr>
<tr>
<td>MKTG 3310 Business Logistics</td>
<td>3</td>
</tr>
<tr>
<td>MKTG 3740 Sales Force Management</td>
<td>3</td>
</tr>
<tr>
<td>TOTAL</td>
<td>21</td>
</tr>
</tbody>
</table>

**Art Block**

<table>
<thead>
<tr>
<th>Course Description</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ARTA 1204 Color Theory</td>
<td>3</td>
</tr>
<tr>
<td>ARTA 2120 Basic Figure Drawing</td>
<td>3</td>
</tr>
<tr>
<td>ARTA 2220 Basic Photography</td>
<td>3</td>
</tr>
<tr>
<td>*ARTA Electives</td>
<td>12</td>
</tr>
<tr>
<td>TOTAL</td>
<td>21</td>
</tr>
</tbody>
</table>

*Four courses in an art concentration (photography, illustration, fiber) must be approved by the chair of the Department of Art and Design and the AHSC advisor prior to enrollment.

**Communications Block**

<table>
<thead>
<tr>
<th>Course Description</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MCOM 1030 Introduction to Mass Communication</td>
<td>3</td>
</tr>
<tr>
<td>**MCOM Electives</td>
<td>18</td>
</tr>
<tr>
<td>TOTAL</td>
<td>21</td>
</tr>
</tbody>
</table>

*Six courses in mass communications concentration (advertising, journalism, public relations) selected in consultation with the Department of Communication chair and the AHSC advisor and formally approved by the mass communications faculty, are required. Approval for the total of 21 semester hours must be obtained before 15 hours of coursework in mass communications have been completed.

**Apparel Merchandising Concentration Minor**

<table>
<thead>
<tr>
<th>Course Description</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>AHSC 2220 Consumer Clothing Concerns</td>
<td>3</td>
</tr>
<tr>
<td>AHSC 3220 Textiles (I)</td>
<td>3</td>
</tr>
<tr>
<td>AHSC 3230 Fashion Fundamentals</td>
<td>3</td>
</tr>
<tr>
<td>AHSC 4220 Fashion Merchandising</td>
<td>3</td>
</tr>
<tr>
<td>AHSC Electives*(at 3000-4000 level)</td>
<td>9</td>
</tr>
<tr>
<td>TOTAL</td>
<td>21</td>
</tr>
</tbody>
</table>

*Suggested electives include:

*AHSC 3221 Textiles (II)*
*AHSC 4225 Merchandising Planning & Control*
*AHSC 4230 Merchandise Buying*
*AHSC 4250 Fashion Advertising and Promotion*
*AHSC 4257 Merchandising Study Tour of New York City*
*AHSC 4260 Merchandising Seminar*
*ASHC 4261 Merchandising Internship*

However, electives may be selected from any of the Apparel Merchandising courses, provided the prerequisites have been met.

The interiors merchandising emphasis prepares a student for a variety of careers in retail store management, sales representation, furniture, equipment, and lighting, visual merchandising, etc. The interiors merchandising emphasis requires the merchandising core, the interiors merchandising emphasis courses, and the support block courses.

Department of Computer and Information Sciences (CSCI)
P.O. Box 70711 Phone: 423/439-5332
E-mail: counter@etsu.edu

The computer science concentration is accredited by the Computer Science Accreditation Commission (CSAC) of the Computer Science Accreditation Board (CSAB).

Major

The department offers a bachelor of science degree with three areas of concentration: Computer Science, Information Systems Science, and Information Technology. Majors may choose a minor, however; it is not required.

Computer Science (CS) Concentration

The CS concentration is for students who wish to enter the field of software systems analysis and development in a scientific, engineering, or mathematical environment, and by those who plan graduate study in computer science or applied computational mathematics.

Information Systems Science (IS) Concentration

The IS concentration is for students who wish to enter the field of software systems analysis and development in an application area such as accountancy, criminal justice, geography/geology/geomatics, management, and urban/regional studies, and by those who plan graduate study in certain areas of management science or information science.

Information Technology (IT) Concentration

The IT concentration is for students who wish to enter the field of web development, database and network management, and for those who plan graduate study in applied areas of computer science.

Grade Requirements

In order to graduate, a computer and information sciences major must attain:
1. an overall GPA of 2.5 or better; and
2. a GPA of 2.5 or better in all computer and information science courses; and
3. a grade of ‘C-’ or better in all major requirements. This includes both common core and concentration specific courses, but not natural sciences and
4. a minimum grade of ‘C-’ in English 1010 and 1020.

All concentrations must complete 128 credit hours, including the ETSU General Education Requirements, the Common Computer and Information Sciences Core, and the Concentration Specific Courses.

MAJOR REQUIREMENTS

Common Core: All CSCI Concentrations ...........(31 credits)
CSCI 1510 Student in University* ................................................................. 3
CSCI 2150 Computer Organization ............................................................... 4
CSCI 3220 Introduction to Database Systems .................................................. 3
CSCI 3250 Software Engineering I .................................................................. 3
CSCI 3350 Software Engineering II .................................................................. 3
CSCI 3400 Network Fundamentals ................................................................... 3

Department of Geography, Geology and Geomatics (GGGS)

P.O. Box 70648 Phone: 423/439-3151 E-mail: chandler@etsu.edu

Geography is a multiple character discipline that embraces physical science, social science and technology. Geographic inquiry is concerned with the spatial aspects and interrelationships within the earth’s human and physical environments.

The Department of Geography, Geology, and Geomatics offers a major in geography leading to the bachelor of science degree. A geography major will provide a student with an appropriate preparation to enter such professional areas as: location analysis, landscape analysis, cartography, remote sensing, government service, environmental intelligence, and elementary and secondary education. Coursework in geographic techniques (airphoto and map interpretation, cartography and remote sensing) also is of significant value to persons majoring in many related disciplines. The department major concentrations are in geography, geography education 7-12 (education licensure), and resource management (applied physical science). The department also offers a bachelor’s degree program in surveying and mapping science.

**Minor**

A minor in geography consists of a minimum of 20 semester hours of study (nine of which must be upper division courses). Lower division course requirements include: GEOG 1110 or 1120 and GEOG 1012 or 1013. Consult with departmental advisor.

**Transfer Students**

The department will approve a major program in geography only after 10 hours have been completed at the university with at least a C average. Courses in geography taken at another institution shall count toward a major or minor only if they directly parallel courses offered by this department.

**BACHELOR OF SCIENCE DEGREE IN GEOGRAPHY**

**Major** - A student majoring in geography must complete a minimum of 30 semester hours in geography.

**Major Requirements:**
- GEOG 1110 Earth SC: Weather/Climate ............................................ 4
- GEOG 1120 Earth SC: Landforms/Procs ........................................... 4
- GEOG 1012 Introduction to Cultural Geography .......................... 3
- GEOG 1013 Introduction to World Regional Geography ............. 3
- GEOG 1510 Student in University OR ENTC 1510 Student in University ........................................ 3
- GEOG 2210 Modern Geographic Concepts ................................ 3
- GEOG 3210 Cartography ................................................................. 3
- GEOG 4007 Geography of the United States ............................... 3
- GEOG 2000 to 4000 level courses(s) .............................................. 4

**Total:** .......................................................................................... 30

**General Education ........................................................................ 44 Credits**
- ENGL 1010 Critical Reading/Expository Writing ......................... 3
- ENGL 1020 Critical Thinking & Argumentation ......................... 3
- MATH 1530 Probability & Statistics - Non-Calculus ................... 3
- GEOG 1100 Using Information Technology .............................. 3

**SCIENCE - Select two courses [can be Geography 1110 and 1120] in the Areas of Familiarity ...................................................... 8**
- HIST 2010 The United States to 1877 ........................................ 3
- HIST 2020 The United States Since 1877 ................................. 3

**Plus one of the ENGL courses listed under Heritage .................. 3**

**Select one course from Arts and the Artistic Vision .................. 3**

**Select one course from Identity, Ethics & Social Responsibility .. 3**

**Include GEOG 1012 with one other course from**

**Institutions and Society ................................................................. 6**

**Select one unduplicated course from the Humanities**

**E elective section ........................................................................ 3**

**Intensive Courses** - Students who enter ETSU as freshmen or with less than 60 transfer hours must take: two oral communication-intensive courses, of which one must be in the major; one using information technology-intensive course in the major; four writing-intensive courses. At least two of these must be in the major; at least two must be at the 3000-4000 level.

**Physical Education ......................................................................... 2**

**Two courses, one being from the fitness activity category and one from the lifetime activities category.**

**Suggested Course Sequence for Majors in Geography**

**with a Concentration in Geography**

**Freshman - First Semester**
- GEOG 1510 Student in University ................................................. 3
- GEOG 1110 Earth SC: Weather/Climate ....................................... 4
- ENGL 1010 Critical Reading/Expository Writing ....................... 3
- MATH 1530 Probability & Statistics - Non-Calculus ................... 3
- Additional CSCI courses (see below) ........................................... 10
- Physical Education ...................................................................... 1

**Total: ........................................................................................................ 17**

**Sophomore - First Semester**
- HIST 2010 The United States to 1877 ........................................ 3
- GEOG 1120 Earth SC: Landforms/Procs ...................................... 4
- ENGL 1010 Critical Thinking & Argumentation ....................... 3
- MATH 1530 Probability & Statistics - Non-Calculus ................... 3
- GEOG 1012 Introduction to Cultural Geography ....................... 3
- Physical Education ...................................................................... 1

**Total: ........................................................................................................ 17**

**Sophomore - Second Semester**
- ENGL 1010 Critical Reading/Expository Writing ....................... 3
- ENGL 1020 Critical Thinking & Argumentation ....................... 3
- Select one course from Identity, Ethics & Social Responsibility .. 3
- Select one course from Arts and the Artistic Vision .................. 3
- Select one course from Heritage .................................................. 3
- Select one course from Institutions and Society ....................... 3
- Select one course from the Humanities ...................................... 3
- Select one course from the Elective section ............................. 3

**Physical Education ......................................................................... 2**

**Two courses, one being from the fitness activity category and one from the lifetime activities category.**

**Suggested Course Sequence for Majors in Geography**

**with a Concentration in Geography**

**Junior - First Semester**
- GEOG 1013 Introduction to World Regional Geography ........... 3
- GEOG 2210 Modern Geographic Concepts ................................ 3
- Minor .......................................................................................... 3
- Identify, Ethics, & Social Responsibility ..................................... 3
- Free Electives ............................................................................... 3

**Total: ..................................................................................................... 16-17**

**Junior - Second Semester**
- GEOG 3210 Cartography ......................................................... 3
- Minor .......................................................................................... 3
- Humanities Elective ................................................................. 3
- Free Electives ............................................................................... 3

**Total: ..................................................................................................... 15**

**Additional CSCI courses for the minor must include at least two courses numbered 3000 or above and may not include GEOG 1100, 110X, or 1510.
## Resource Management Concentration

This concentration provides preparation for careers pertaining to resource management in both the private and public sectors. A minor is required with this concentration and Biology is recommended.

- **CUIA 4580**: Student Teaching 12
- **EDFN 4581**: Seminar in Education 3
Teacher Education

Students interested in pursuing a teacher education program for certification as a geography teacher in grades 7-12 are asked to see a department advisor or the professional advisor in the Office of Student Services, 321 Warf-Pickel, College of Education. Students should be aware that admission to the university does not mean that one is admitted to Teacher Education. Students would be advised to read the requirements for admission to Teacher Education in the College of Education section of the undergraduate catalog, and to seek further information from that college’s advisor about when one should apply for admission.

Suggested Course Sequence for Majors with a Concentration in Geography Education

**Freshman - First Semester**
- ENGL 1010 Critical Reading/Expository Writing ...........................................3
- GEOG 1110 Earth Sc. Weather/Climates ..........................................................4
- MATH 1530 Probability & Statistics-Calculus ..................................................3
- HIST 2010 The United States to 1877 ..............................................................3
- GEOG 1012 Introduction to Cultural Geography ..............................................3
- Physical Education ..........................................................................................1

**Total** ............................................................................................................. 17

**Freshman - Second Semester**
- ENGL 1020 Critical Thinking/Argumentation ..................................................3

Geology

Geology is the study of earth, which considers its materials, its processes, and its development through time. The science of geology involves the application of knowledge about the earth’s physical system to the modern problems of mineral resources, fuels and energy, engineering and the physical hazards of the environment. Geologists work with fossils and rocks to interpret the past and look to astronomy and space science in seeking answers about the origin of our planet. The study of geology provides the student with a practical and aesthetic appreciation of our planet and may be directed toward training as a professional geologist or in employment in one of the many associated peripheral areas. Student who wish to follow a geology curriculum should complete a geology minor and a major in geography (Physical). They should also see their advisor for appropriate courses outside the discipline - e.g. chemistry and mathematics.

**Minor**

The geology minor consists of 22 semester hours of study in geology.

**Course Requirements:**
- GEOG 1040 Physical Geology .......................................................................4
- GEOG 1050 Historical Geology .....................................................................4
- GEOG 3112 Mineralogy II .............................................................................4
- GEOG 4120 Petrography ..............................................................................4
- GEOG Electives ............................................................................................6

Substitutions may be made for the above courses, but must have the advisor’s approval.

**BACHELOR OF SCIENCE IN SURVEYING AND MAPPING**

This program is accredited by the Applied Science Accreditation Commission of the Accreditation Board for Engineering and Technology (ASAC of ABET).

Students in Surveying and Mapping Science pursue coursework in professional land surveying practice and may include specialty areas such as Cartography, Remote Sensing, and Geographic Information Systems (GIS). Core courses include plane, geodetic, photogrammetic and boundary surveying. By taking a minimum of 58 semester hours in surveying-related courses, students are well prepared for future licensing and professional-level positions with surveying and engineering firms, government service, utility companies and related industries.

**General Education Core Requirements:**
- ENGL 1010 Critical Reading & Expository Writing ....................................3
- ENGL 1020 Critical Thinking & Argumentation ..........................................3
- MATH 1910 Calculus I ..................................................................................4
- MATH 1920 Calculus II ..................................................................................4
- CSCI 1100 Using Information Technology ...................................................2
- PHYS 2010-11 General Physics I with Lab* Non-Calculus .........................4
- PHYS 2020-21 General Physics II with Lab* Non-Calculus ..........................4
- PHYS 2030, 2130, 2210, 2220, or 2330 (Heritage elective) .........................3
- Art & The Artistic Vision elective ...............................................................3
- Identity, Ethics, and Social Responsibility elective .....................................3
- ECON 2210 Principles of Economics I .........................................................3
- PSYC 1310 Introduction to Psychology .......................................................3
- ENTC 3020 Technology and Society ...........................................................3

**Total** ............................................................................................................. 44

*PHYS 2110 and 2210 Technical Physics I and II (Calculus-based) may be substituted
**Intensive Courses** - Students who enter ETSU as freshmen or with less than 60 transfer hours must take:

a. four writing intensive courses, of which at least two must be in the major; at least two must be at the 3000-4000 level;  
b. two oral communication-intensive courses, of which at least one must be in the major;  
c. one using information technology-intensive course in the major.

Students must meet proficiency-intensive requirements through courses taken at ETSU.

Students with more than 60 transfer hours must take two writing-intensive courses, one oral-intensive course, and one using information technology-intensive course.

**Physical Education** .......................................................2 credits  
P_EXS/PHEd, Military Science, Marching Band ..........................2

If a student selects the PHED option, one course must be from the fitness activity category and one must be from the lifetime activity category.

**Other Requirements:**

ENTC/SURV 1510 Student in University ........................................3  
ENTC 2170 CADD (Auto CAD) ....................................................3  
ENTC/SURV 3030 Technical Communications ..............................3  
ENTC 4017 Industrial Supervision ..............................................3  
MATH 1920 Calculus II ..................................................................4  
MATH 2010 Linear Algebra ..........................................................3  
GEOX 1040 Physical Geology ......................................................4  
CSCI elective 1250 or 2100 or 1310 or 1800...............................3-4  
(Basic Science elective).........................................................3-4  
Total .....................................................................................29-31

The Basic Science elective can be selected from GEOX 3060 or 4257 or ENTC 3400 or 3620.

**Survey Core Requirements:**

SURV 2550 Surveying Measurement Fundamentals .....................4  
SURV 2560 Surveying Graphics ....................................................4  
SURV 3510 Engineering and Construction Surveys .......................4  
SURV 3520 Land Survey Systems ...............................................2  
SURV 3530 Surveying Measurements & Computational Analysis ........4  
SURV 3540 Surveying Projects .....................................................3  
SURV 3550 Advanced Surveying Mathematics ............................3  
SURV 3560 Geodetic Science ......................................................4  
SURV 4510 Photogrammetry .......................................................4  
SURV 4520 Survey Science Topics .............................................3  
SURV 4530 Land Boundary Location ..........................................4  
SURV 4540 Land Subdivision and Platting ..................................4  
SURV 4550 Automated Surveying and Mapping .........................3  
FNCE 3130 Real Estate Law ........................................................3  
ENTC 4427 Engineering Economy .............................................3  
(Survey Science elective).........................................................6  
Total .....................................................................................58

**Transfer Students** - Transfer students without a B.S. from another institution, must take a minimum of 60 credits from ETSU to receive a B.S. in Surveying and Mapping Science. Transfer students with a B.S. from another institution must take a minimum of 34 credits from ETSU and meet all other requirements to receive a B.S. in Surveying and Mapping Science. Articulation agreements with several two-year institutions are available for smooth transfer to ETSU. Students are encouraged to contact the program coordinator to discuss their individual needs.

**Total Credit Hours** ..........................................................133-135

---

---

1 Select from CSCI 1250 or 2100 or 1310 or 1800.  
2 PHYS 2110 and 2120 will also satisfy the Physics requirement.  
3 Basic Science Elective – Choose 3-4 credits from GEOX 3060 Geomorphology, GEOX 4257 Geog. of Soils, ENTC 3400 Construction Materials, or ENTC 3620 Thermal and Fluid Technologies.  
5 Survey Science Electives – (6 cr. from) GEOX 3210 Cartography, GEOX 4227 Remote Sensing, GEOX 4237 Advanced Remote Sensing, GEOX 4217 Introduction to GIS, GEOX 4317 Advanced GIS or approved substitute.
The military science program is a cooperative enterprise between ETSU and the U.S. Army. The program is designed to develop the students' managerial and leadership abilities, introduce students to the mission and organization of the U.S. Army and prepare advanced-course students for service as commissioned officers in the Active Army, Army Reserve or Army National Guard.

MAJOR

An academic major in military science is not offered at ETSU. However, completion of the program qualifies the student for a commission as a second lieutenant.

MINOR

Students may select military science as a minor, consisting of 25 semester hours of study. All military science advanced courses may be applied toward a minor in military science. To receive credit for a military science minor, students must complete Military Science III (3110 and 3120); ROTC Advanced Camp (4580); and Military Science IV (4110 and 4120). Students must be commissioned in order to receive the minor in military science.

SUBSTITUTION FOR PHYSICAL EDUCATION

Mountaineering, Leadership and Survival may be taken in lieu of the requirement for lifetime activities in physical education. Also, both physical training courses offered by the Department of Military Science may be taken in lieu of the fitness activity requirement for physical education.

COURSE CREDIT

Students interested in participating in the advanced phase may receive basic phase credit for having prior active or reserve component military service, three years of junior ROTC at the high school level, or for completion of ROTC's Camp Challenge.

ROTC SCHOLARSHIPS

Army ROTC scholarships pay annual tuition costs and a textbook allowance. Scholarship cadets also receive a tax-free subsistence allowance of $200 a month for up to 10 months each school year in which the scholarship is in effect. In addition, the university now provides 30 housing scholarships for Army ROTC scholarship recipients. High school students interested in the four-year scholarship program should contact:

Army ROTC
East Tennessee State University
Box 70648
Johnson City, TN 37614
(423) 439-5291/5288

College students interested in a two- or three-year scholarship should also contact the Department of Military Science.

ROTC BASIC COURSE

Any student may enroll without obligation in the Department of Military Science's Basic Course Classes. Those classes listed as 1000- and 2100-series classes are considered part of the Basic Course of military science. Students desiring to enter the Advanced Course of the ROTC program through the four-year program must complete all four Basic Course Classes. In certain cases, the professor of Military Science may waive one of these class requirements.

The basic phase is designed to introduce the U.S. Army as an institution, the military as a profession, and to impart to all students basic leadership skills which can be used in a civilian environment as well as in the military. The basic phase includes both formal classroom instruction and field practice periods. Subject matter deals with the organization and history of the U.S. Army, the dynamics of leadership and management, military skills, and mountaineering.

ROTC CAMP CHALLENGE

This is a five-week, paid summer course at Ft. Knox, Ky., designed for students who have two academic years remaining and who have not participated in the basic course program or received equivalency credit. Camp Challenge attendees receive pay and travel allowances. Training is practical in nature and consists of exercises in which the cadet is an active participant. There are no military or other obligations for basic camp attendance. Students may earn up to six credit hours and a two-year Army ROTC Scholarship.

ROTC ADVANCED COURSE

Advanced military science cadets continue their studies in leadership and tactics with the scope of instruction expanded to include subjects such as military law, battle simulations, group dynamics, organizational management, and decision making. Advanced Course contract students receive $200 a month up to a maximum of 20 months (equivalent to two academic years) and an appointment upon graduation as a second lieutenant. Contracted students incur a military obligation in the Active Army, the Reserve, or the National Guard. This obligation can consist of as little as three months active duty, with the remainder spent on Reserve or National Guard status. Students who prefer Reserve or National Guard duty may be guaranteed that they will not be assigned to active duty except for the short period needed to complete a branch basic officer course (three to six months depending on the branch selected). Students interested in enrolling as a contract cadet must contact the Department of Military Science for specific program requirements, guarantees, benefits, and military information.

ROTC ADVANCED CAMP

Advanced Course cadets are required to attend the five week advanced camp at Fort Lewis, Wash., upon completion of the senior year of military science. Advanced camp attendance is a prerequisite to commissioning but may be delayed until completion of the senior year with the approval of the U.S. Army and the professor of Military Science at ETSU.

COURSE SEQUENCE REQUIREMENTS

To receive a commission in the U.S. Army through the military science program, a student must successfully complete 11 semester hours of courses at the basic level (1100 or 2100 courses), 16 hours at the advanced level (3100 or 4100 courses) and ROTC Advanced Camp (six semester credit hours). Equivalency credit may be given for the basic level courses for those cadets who are (1) veterans, (2) graduates of junior ROTC programs, or (3) graduates of the ROTC Camp Challenge. One of the following two sequences will be utilized to obtain a commission as a second lieutenant.

FOUR-YEAR PROGRAM COURSE SEQUENCE

MSCI 1210 Mountaineering, Leadership, and Survival I
MSCI 1220 Mountaineering, Leadership, and Survival II
MSCI 2110 Dynamics of Leadership and Management
and 1180 Practicum I
MSCI 2150 Military Skills I and
MSCI 1181 Practicum II
MSCI 3110 Military Skills II
MSCI 3120 Military Skills III
MSCI 4580 Advanced Camp
MSCI 4110 Advanced Tactics
MSCI 4120 Advanced Leadership

82
The Department of Technology offers a master of science degree. The concentrations available are: (1) an industry-oriented program of studies, and (2) a program for technology educators.

**MAJORS**

The Department of Technology offers a four-year bachelor of science degree. Major concentrations are available in the following programs: 1) biomedical engineering technology; 2) construction technology; 3) electronics engineering technology; 4) digital media (pending TBR approval); 5) industrial technology; 6) manufacturing engineering technology; and 7) technology education.

**TRANSFERRING TECHNICAL ASSOCIATE DEGREES**

All non-technology coursework such as math, science, and English is evaluated for transfer by an analyst in the Office of Admissions. All technology coursework submitted for transfer will be analyzed by the department chair or the appropriate program coordinator. The following criteria apply:

1. Coursework must have been taken at a regionally accredited two- or four-year institution.
2. Coursework must be equivalent to an ETSU course; if not, it will count as elective credit.
3. Only courses for which a grade of 'C' or higher was earned will be accepted for transfer credit for courses in technology, mathematics or science.

In consultation with the associate degree-holding student, an agreement will be written listing the coursework that must be successfully completed by the student to receive a bachelor of science degree with a major in technology.

Students contemplating the transfer of their technology-based associate degree should read the policy statement regarding transfer student admissions elsewhere in this catalog and confer with a Department of Technology advisor.

**Minor**

A minor in technology is available to students who wish to acquire technical knowledge and skills. Requirements for the minor are 21 semester hours (nine of which must be upper division courses) of study in the department. Concentration study in a particular technical area is encouraged. Students must meet the prerequisites listed in the catalog for a particular course they wish to take or obtain permission of the instructor.

Students who transfer technical courses from technical institutes, colleges, or military technical schools who wish a minor in technology must complete a minimum of three courses in the department regardless of the number of credit hours transferred.

---

TERMS OF USE

### BIOMEDICAL ENGINEERING TECHNOLOGY CONCENTRATION

This concentration is designed to prepare graduates to work as hospital-based biomedical engineering technologist.

At the present time, four clinical sites are used for ENTC 4350 Biomedical Internship. I. Students must have transportation to their internship site. Students must also furnish evidence of having met health examination requirements for their internship.

Currently there are adequate clinical sites for student internships. In the event student applications for internships exceed clinical positions available, the faculty reserves the right to initiate selection criteria for the assignment of students.

### CONSTRUCTION ENGINEERING TECHNOLOGY CONCENTRATION

This program is accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology. This concentration offers a diversified curriculum that prepares individuals for employment in construction management. This program of training involves field operations and office management.

**ELECTRONICS ENGINEERING TECHNOLOGY CONCENTRATION**

This program is accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET). This concentration emphasizes electronics specialities in the areas of Telecommunications and Instrumentation and Automation. It prepares individuals for job opportunities in all areas of electronics with selection of the general speciality.

**Technology and General Education**

2002-2003 Undergraduate Catalog
To Students Transferring into the Electronics Engineering Technology Program at ETSU

All students, including transfer students, must complete the published curriculum in electronics engineering technology in effect the year of their entry into the program. All students transferring into the B.S. degree program must take a minimum of four electronic courses that include ENTC 3310, Circuit Analysis, and ENTC 3330, Electronics III. A computer science course is a prerequisite/corequisite for ENTC 3310, Circuit Analysis. No associate degree course work will be accepted for electronic coursework at the 4XXX level.

If the transfer student is from a program that is not accredited by the Accreditation Board for Engineering and Technology (ABET), the required minimum must also include ENTC 3320, Electronics II. It is the student's responsibility to provide evidence that the transferred coursework was completed at an ABET-accredited institution. This information would usually be found in the school's catalog. Note that ENTC 3310, Circuit Analysis, is a prerequisite for ENTC 3320, Electronics II.

DIGITAL MEDIA
(Pending TBR Approval)

The B.S. in Digital Media is a course of study with four mutually complementary areas of concentration, each rooted in principles of human-Computer Interface (HCI) design constructed in relation to professional work and supervisory settings:

- **Visualization** — modeling and rendering visually meaningful interpretations of scenarios, products, and contexts,
- **Multimedia** — selecting, designing and delivering digital content by appropriate vehicle,
- **Hypermedia** — designing, rendering and implementing user-centered information architectures to provide access to digital content on the World Wide Web of the Internet or corporate and industrial intranets,
- **Product Design** — using advanced digital visualization technology to design and prototype new products.

There are four Areas of Concentration:

- Visualization
- Multimedia
- Hypermedia, and
- Product Design

Each concentration comprises a sequence of four area-specific courses: Introduction, Intermediate, Advanced, and Senior Project.

Digital Media Area Concentration Requirements: Credit Hours

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>

Industrial Technology Concentration

This concentration is a management-oriented curriculum with studies drawn from a variety of disciplines related to industry. The graduate develops skills to help solve managerial, technical, and production problems.

**Technology and General Education**

Core Requirements: ................................................................. 72-74

**Additional Requirements:**

- ENTC 1120 Manufacturing Processes and Specification .... 3
- ENTC 2200 Machine Tool Technology ........................................ 4
- ENTC 2310 Electrical Principles .................................................. 4
- ENTC 3260 Introduction to CIM .................................................. 3
- ENTC 3600** Manufacturing Technology .................................... 3
- ENTC 3620 Thermal & Fluid Technologies ................................. 4
- ENTC 4037 Quality Assurance I .................................................. 3
- ENTC 4227 Engineering Economics ........................................... 3
- ACCT 2010 Principles of Accounting ........................................... 6
- CSCI 2100 Introduction to C ....................................................... 3
- MATH 1720 Precalculus ............................................................. 3
- MATH 1840 Analytic Geometry & Differential Calculus .......... 3
- MGMT 3000 Organizational Management ................................. 3
- MGMT 3310 Legal Environment of Business ......................... 3
- SPCH 2300 Public Speaking ...................................................... 3

**Total Credit Hours (Minimum) Required for Industrial Technology Concentration: .................................................. 130-132**

**Notes:**

- **Cooperative Education (ENTC 4989-99) may be substituted for ENTC 3600.**
- *** Technical and general electives should be selected with the goal of developing a depth of understanding in one or two technical areas. Select courses from manufacturing, electronics, engineering design graphics, computer science, management science, construction, or surveying.
- CSCI 1310 (4) or CSCI 1800 (4) may be substituted for CSCI 2100.
MANUFACTURING ENGINEERING TECHNOLOGY CONCENTRATION

This program is accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology.

This concentration provides students with experiences in the major elements of manufacturing. Graduates are able to apply their knowledge and understanding to manufacturing processes and supervision.

Technology and General Education
Core Requirements: ......................................................... 72-74

Manufacturing Core Requirements:
- ENTC 1120 Manufacturing Processes and Specification .... 3
- ENTC 2200 Machine Tool Technology ........................ 4
- ENTC 2310 Electrical Principles ................................ 4
- ENTC 3260 Introduction to Computer-Integrated Manuf. ... 3
- ENTC 3620 Thermal & Fluid Technologies .................... 4
- ENTC 3710 Manual CNC Programming ........................ 3
- ENTC 4037 Quality Assurance I ................................ 3
- CSCI 2100 Introduction to C ...................................... 4
- MATH 1720 Precalculus ............................................ 3
- MATH 1840 Analytical Geometry & Diff. Calculus 2 ....... 3
- MATH 1850 Integral Calculus for Technology 2 .......... 3
- PHYS 2020-21 General Physics II - Non-Calculus Lecture/Lab3 .............................................. 4
- Total: ................................................................. 41

Speciality Sequence (Choose One)6
Programming & Automation Sequence
- ENTC 2320 Electronics ............................................. 4
- ENTC 3370 Electronics – Digital Circuits ......................... 4
- ENTC 4277 Instrumentation & Process Control ............... 4
- ENTC 4337 Microprocessors I ..................................... 4

Choose any two or more of the following ENTC classes
- ENTC 3350 Industrial Electronics .................................. 3
- ENTC 4287 Introduction to Robotics .............................. 3
- ENTC Technical electives 5 ........................................ 3
- Total: ................................................................. 22

Total Credit Hours w/Prog. & Auto. Seq. ...... 134-136

General Manufacturing Sequence
- ENTC 3010 Statis & Strength of Materials ...................... 3
- ENTC 3240 Engr. Materials & Materials Testing ............. 4
- ENTC 4257 Plant Layout & Materials Handling ................. 3

Choose any three or more of the following ENTC classes
- ENTC 3600 Manufacturing Technology 6 ..................... 3
- ENTC 3680 Polymers and Composites .......................... 3
- ENTC 4227 Engineering Economy ............................... 3
- ENTC 4237 Time and Motion ...................................... 4
- ENTC 4247 Operational Analysis ................................. 3
- ENTC Technical electives 6 ........................................ 3
- Total: ................................................................. 19

Total Credit Hours w/Gen. Mfg. Sequence .. 133-135

1 CSCI 1250, 1310, or 1800 may be substituted for CSCI 2100.
2 MATH 1910 and 1920 will satisfy the MATH 1840/1850 Sequence.
3 CHEM 1120/1121 may be substituted for PHYS 2020/2021.
4 In special cases and only with the approval of a MET program advisor, a student may develop a track of technical electives selected with the goal of developing proven technical understanding and competence in one or two manufacturing areas.
5 ENTC electives may be chosen from any of the offerings in the other specialty sequence or any of the following: ENTC 4217, 4347, 4900, 4957, 4989, 4999
6 Cooperative Education (ENTC 4989/4999) may be substituted for ENTC 3600.

TECHNOLOGY EDUCATION CONCENTRATION

This concentration offers a curriculum designed to prepare individuals for teacher certification in the public schools. It includes a variety of laboratory and classroom experiences that prepare the prospective teacher to help students learn about technology, its evolution, systems, techniques, utilization in industry and other fields, and its social and cultural significance.

General Education Requirements and other requirements for the technology education concentration:

- ENGL 1010 Critical Reading & Expository Writing ........ 3
- ENGL 1020 Critical Thinking & Argumentation ............. 3
- MATH 1530 Probability & Statistics ............................ Non-Calculus .............................................. 3
- CSCI 1100 Using Information Technology* .................. 3
- CHEM 1100/1111 General Chemistry .......................... 4
- PHYS 2010/2011 General Physics I - Non-Calculus ........ 4
- GEGO 1012 Introduction to Cultural Geography ............. 3
- HIST 2010/2020 History of United States ...................... 6
- ENGL 2330 World Literature ..................................... 3
- ENTC 3020 Technology and Society ............................. 3
- PEXS 3500 or HUMT 2320 (Arts & Artistic Vision) .......... 3
- PHL 1030, 2020, 2210 or WMTS 2010 (Identity, Ethics & Social Responsibility) .......................... 3

Elective (Institutions and Society) .................................. 3
- ENTC 1510 Student in University** ............................ 3
- ENTC 3030 Technical Communication ........................ 3
- PEXS/PHED, MSCI, or Marching Band ......................... 2
- Total: ................................................................. 52

Professional Education Requirements:
- HDAL 2330 Adolescent Psychology ................................ 3
- HDAL 3310 Educational Psychology ............................ 3
- EDFN 2100 Orientation to Profession of Education ......... 1
- EDFN 2300 Foundations for Teaching ......................... 3
- EDFN 3301 Issues in Education .................................. 3
- SPED 2300 Exceptional Learners in Schools .................. 3
- ENTC 4647 Job Analysis & Curriculum Organization ........ 3
- ENTC 4747 Instructional Management Indust. Educ. .......... 3
- ENTC 4767 Coordinating Student Clubs & Leadership .... 3
- ENTC 4787 Methods Teaching Voc/Tech Education ........ 3
- READ 4437 Reading in Middle/Secondary School ........... 3
- CUIA 4580 Student Teaching ...................................... 12
- EDFN 4581 Seminar in Education ............................... 3
- Total: ................................................................. 46

Technical Requirements:
- ENTC 1110 Engineering Drawing ................................. 4
- ENTC 1600 Introduction to Technology Education ........... 3
- ENTC 1610 Woodworking Technology .......................... 3
- ENTC 2160 or 2170 CADD ....................................... 3
- ENTC 2200 Machine Tool Technology .......................... 4
- ENTC 2821 Desktop Publishing ................................. 4
- ENTC 3600 Manufacturing Technology ......................... 3
- ENTC 3610 Construction Technology ......................... 3
- ENTC 3650 Applied Electricity ................................... 4
- ENTC 3660 Communication Systems Technology .......... 3
- ENTC 3670 Energy/Power/Transportation ...................... 3
- ENTC 4287 Introduction to Robotics ............................ 3
- Total: ................................................................. 40

Program Total: ......................................................... 138

*Can be completed by passing the UT Challenge Exam
**Required of all entering students with less than 15 semester hours of college credit.

Teacher Education Entrance Requirements:

All ETSU students desiring to complete a teacher education or other public school licensure program (for initial licensure, add-on endorsement, or advanced study in education) must file a Declaration of Intent in the Office of Education Student Services, Room 321, Warf-Pickel Hall. The Declaration of Intent should be filed before 30 semester hours of coursework have been completed or, in the case of transfer and post-baccalaureate students, in the first semester at ETSU. Delay or failure to file the Declaration of Intent may result in incomplete advisement. Students who have not filed the Declaration of Intent will not be considered for admission to teacher education and may be ineligible to enroll in any professional education courses.

Additionally, students must obtain a designated minimal test score on the PPST, ACT, or SAT and have a 2.5 GPA in 30 earned hours. Course EDFN 3300 must be completed with a grade of ‘C’ or better and the candidate needs to be successful in the College of Education Admission Board interview.

**Division of Vocational Education**

The Division of Vocational Education is a coordinating unit which provides assistance concerning vocational education matters in the areas of business education, health occupations education, home economics, and trade and industrial education. The division coordinates all curricular and program designs for the bachelor's and master's degrees in these areas. The division also serves as the contact unit regarding vocational matters between the university and outside persons and/or agencies. Personnel are available for consulting on vocational matters whenever their expertise is needed. This activity is subject to university policy.

All students enrolled in any of the programs for which the Division of Vocational Education serves as coordinator will be enrolled in the College of Applied Science and Technology.

For specific information regarding the division’s programs, students should contact the director of the division or the dean of the College of Applied Science and Technology.

**Programs Available**

The Division of Vocational Education offers the following programs:

1. **B.S. degree with a major in home economics.** (For preparation of secondary home economics education teachers, see Applied Human Sciences.)
2. **Trade and industrial and health occupations education.** The required 18 semester hours for the professional certification of trade and industrial and health occupations teachers is available in the Department of Technology. Initial endorsement in trade shop is issued by direct application to the Division of Teacher Education and Certification, State Department of Education, Nashville. For further information, see the subheading section of this catalog, titled “Trade and Industry.”
3. **Minor** is offered in Applied Human Sciences.

**Teacher Education**

The division has a state-approved teacher education program for the preparation of teachers in family and consumer sciences, and trade and industrial education. General education, professional education, and other requirements necessary for Tennessee certification may be found under “Teacher Education.” Special departmental requirements are listed under the section of this catalog for the respective departments.

**Trade and Industry**

**Vocational Trade and Industrial Certification**

The following courses have been approved by the State Department of Vocational Education and the State Board of Education for the professional certification of trade and industrial teachers. The applicant must complete 18 semester hours which include the following courses:

Learning is a lifelong process. Education in the liberal arts provides the means of discovering and using knowledge to elevate the standards of human existence today and in the future. Such study liberates the individual to become a more effective citizen.

The College of Arts and Sciences consists of the departments of Art and Design, Biological Sciences, Chemistry, Communication, Criminal Justice and Criminology, English, Foreign Languages, History, Mathematics, Music, Philosophy and Humanities, Physics, Political Science, Psychology, Social Work, and Sociology and Anthropology. Interdisciplinary studies are also offered in African and African American Studies, Film Studies and Women’s Studies.

The college offers a well-rounded liberal education program which enhances students’ ability to lead satisfying personal lives, provides academic background for prospective elementary and secondary teachers; and offers professional training in criminal justice, journalism, and social work. The college’s curriculum introduces students to major fields of interest in humanities, social sciences, natural sciences, and selected service professions.

The College of Arts and Sciences defines liberal education as including three major components: 1) the central elements of knowledge, 2) essential skills for analysis, communication, decision making, and lifelong learning, and 3) constructive orientation toward society.

Central Elements of Knowledge
1. Students should recognize and appreciate central facts and concepts of history and culture.
2. Students should have a basic comprehension of the natural and physical world.
3. Students should develop the ability to analyze and to understand social groupings throughout the world. To achieve this capability, coursework is required in the arts, humanities, and social sciences.
4. Students should demonstrate understanding and application of methods of inquiry central to the natural and physical sciences.

Skills for Analysis, Communication, Decision Making, and Lifelong Learning

Arts and Sciences students learn how to learn, and how to develop skills in expressing what they have acquired. College requirements aim to ensure that students read and analyze at an appropriate level. Students must speak and write clearly and effectively. The skills of spoken and written analysis, synthesis, and criticism are developed. Students are encouraged to conceptualize and to use abstract thought in order to enhance general understanding.

A Constructive Orientation Toward Society

Liberal education should benefit society by enhancing each individual’s capacity to make informed and responsible choices. Educated people have a stronger level of support for democratic ideals. The abilities provided by liberal education strengthen democratic values and behavior.

Preprofessional Studies

The College of Arts and Sciences offers programs designed to prepare students for advanced studies and for professional schools. These preprofessional areas include CRIMINAL JUSTICE, PRE-MEDICAL ILLUSTRATION (Department of Art and Design); concentrations in ADVERTISING, BROADCASTING, JOURNALISM, and PUBLIC RELATIONS (Department of Communication); PRE-LAW; PRE-ENGINEERING; and a variety of MEDICAL PROFESSIONS.

Students following preprofessional programs in Criminal Justice, Pre-Medical Illustration, or the Communication areas should consult an advisor in the appropriate department. Candidates for Pre-Law should contact the University Pre-Law Advisor in the Department of Political Science. Pre-Engineering students will be advised through the College of Applied Science and Technology. Pre-Pharmacy students should contact the appropriate advisor in the Department of Chemistry. The College of Arts and Sciences’ Office of Medical Professions Advisement assists students preparing for careers in the Medical Professions, such as chiropractic, medicine, optometry, osteopathic medicine, dentistry, physician assistant, podiatric medicine, and veterinary medicine.

Students considering careers in the Medical Professions should consult their advisor before enrolling at ETSU. All preprofessional curricula are specific and structured, and a failure to register for appropriate courses during the first year may result in the loss of an academic year of progress. The medical professions advisor provides assistance regarding:
1. proper skills for successful competition in undergraduate and professional schools,
2. standardized test procedures,
3. alternate career opportunities, interview success,
4. timing of coursework and entrance tests, and
5. procedures for application to the medical profession schools.

Direct inquiries concerning medical professions careers to:

Office of Medical Professions Advisement
P.O. Box 70592, East Tennessee State University
Johnson City, TN 37614
(423) 439-5602.

B.A./B.S. - M.B.A. 3/2 Program

Well-qualified undergraduate students in the College of Arts and Sciences who are interested in pursuing a Master of Business Administration (M.B.A.) degree in a total of five years should consider the joint 3/2 program with the College of Business. These students should consider the General Business Minor (See under Department of Economics, Finance, and Urban Studies, College of Business) as part of their program of study. Students who complete this minor and use free electives within their major to complete business prerequisite coursework should be able to complete the M.B.A. with one additional year of graduate coursework. Interested students should contact the Director of Graduate Programs in the College of Business (Room 214 Sam Wilson Hall, (423) 439-5314) for additional information.
**COLLEGE OF ARTS AND SCIENCES B.A. AND B.S. DEGREE REQUIREMENTS**

Students majoring in the College of Arts and Sciences must meet the following requirements for the B.A., B.S., or the B.S. with a social or behavioral sciences concentration. Some of these requirements are in addition to the General Education Core, whereas others specify which courses within the General Education Core must be taken.

Candidates for the following undergraduate degrees should consult the appropriate section of this catalog: B.F.A. (Studio Art), B.M. (Music), B.S.W. (Social Work).
The African and African American Studies Program promotes the awareness and understanding of issues related to peoples of African descent. Drawing upon the broad resources of the university, the program offers a wide variety of co-curricular and extracurricular activities. It encourages regular course offerings on both African and African American topics in a number of departments. A multidisciplinary faculty committee oversees the work of the program. An effort is made to consult with interested students to ensure that the activities and course offerings are responsive to students’ needs.

Because of its great flexibility, the program serves as an attractive option for students in a wide variety of majors. In consultation with an African and African American Studies advisor, students may plan a course of study in the AFAM minor which will complement their majors, enhance their employment skills, and enrich the knowledge gained in their university studies.

**African and African American Studies Minor**

A minor in African and African American studies requires the completion of 21 hours of coursework, including the following:

- **HIST 3720** History of Africa ................... 3 credits
- **HIST 3900** African American History to 1877 ........ 3 credits
- **HIST 3901** African American History since 1877 .. 3 credits
- **SOAA 3110** Minorities ........................................ 3 credits

An additional 9 credits of upper division coursework must be approved by an advisor. At least 3 credits must be in African studies and 3 credits must be in African American studies.

Appropriate classes, including special topics and independent study courses, may be taken in any field; however, no courses counting toward the student’s major may be counted toward satisfying the minor’s requirements. ........................................ 9

**TOTAL** .................................................. 21

**A Partial Listing of Courses in African and African American Studies**

**Sociology and Anthropology (SOAA)**

| SOAA 3110 | Minorities .......................................... 3 |
| SOAA 4957 | Special Topics: Any topic related to Africa or African Americans ............................. 3 |

### Appalachian Studies Minor (APST)

The Appalachian Studies minor is an interdisciplinary program for students who would like to gain a greater appreciation for the history and heritage, problems and potentials of the Appalachian region and who may be interested in pursuing careers in the region. To complete the Appalachian Studies minor, students are required to take Introduction to Appalachian Studies (APST 2060), and Current Issues in Appalachian Studies (APST 4997) and then select 12 credit hours of electives for a total of 18 credit hours. Students are required to take courses in at least two different departments to develop an interdisciplinary study while allowing them to focus on their personal interests in regionally related issues. No more than three credit hours taken as part of the Appalachian Studies minor may be counted toward a major in any field.

Students are encouraged to design a course grouping in consultation with the Appalachian Studies coordinator that suits their own personal and professional interests. The 12 hours of electives should be selected from 1) regularly offered courses, 2) topical or special problems courses, and 3) independent studies courses focusing on regional issues. Independent studies and special problems courses should be arranged in consultation with the instructor and the coordinator of the Appalachian Studies minor. Students wishing to explore the Scottish and Irish heritage of the Appalachian region should enroll in Appalachian, Scottish and Irish Studies (APST 4957/ENGL4957) which is co-sponsored by the Center for Appalachian Studies and Services, Department of English, Office of International Programs, and University of Edinburgh.

Possible course groupings include, but are not limited to:

**Regional History and Culture:**

(choose 18 credits total, including APST 2060 and APST 4997)

- **APST 2060** Introduction to Appalachian Studies .............. 3
- **APST 4997** Current Issues in Appalachian Studies ............. 3
- **SOWK 2400** Social Institutions and Appalachian Culture .... 3
- **ENGL 3650** American Folklife .................................. 3
- **ENGL 4067** Literature of Southern Appalachia .................. 3
- **ENGL 4957** Appalachian, Scottish & Irish Studies .............. 3
- **GEOG 4077** Geography of Southern App. .......................... 3
- **HIST 4167** History of Southern Appalachia ...................... 3
- **HIST 2030** History of Tennessee ................................ 3
- **HIST 4147** The Old South, 1807-1860 ............................ 3
- **HIST 4157** The South Since 1865 ................................. 3

**Total Credit hours for minor** ..................................... 18

**Regional Politics and Community Development:**

(choose 18 credits total, including APST 2060 and APST 4997)

- **SOAA 2060** Introduction to Appalachian Studies .............. 3
- **SOWK 2400** Social Institutions and Appalachian Culture .... 3
- **HIST 4167** History of Southern Appalachia ...................... 3
- **PSCI 4457** Power and Politics in Appalachia .................... 3
- **PSCI 4637** Local and Regional Planning .......................... 3
Regional Music and Folk Culture:
(Choose 18 credits total, including APST 2060 and APST 4997)

APST 2060 Introduction to Appalachian Studies .............. 3
MUSC 1280 Bluegrass Band .............................................. 1
*MUSC 1871 Applied Guitar ..............................................1.2
*MUSC 1881 or 1882 Guitar Class ....................................1
SOAA 2040 Folk Culture in the Modern World ................. 3
SOAA 4357 Mass Communications & Popular Culture .......... 3
MUSC 2120 History of Country Music ............................. 3
SOAA 4627 Ethnographic Fieldwork Techniques ............. 3
READ 4147 Basic Storytelling ....................................... 3
APST 4997 Current Issues in Appalachian Studies .......... 3
SOAA 2150/MUSC 2150 American Folk Music .................... 3
Total Credit hours for minor ......................................... 18

*Note: Individual instruction is also available for mandolin, fiddle and oldtime banjo. These courses carry 1 credit hour.

Regional Environment and Ecology:
(choose 18 credits total, including APST 2060 and APST 4997)

APST 2060 Intro. to App. Studies ................................. 3
BIOL 4247 App. Flora .................................................. 3
BIOL 4257 App. Fauna .................................................. 3
HIST 4167 History of Southern App. ............................ 3
PSCI 3710 State and Local Government ...................... 3
APST 4997 Current Issues of App. Studies ................. 3

Regional Arts and Crafts:
(choose 18 credits total, including APST 2060 and APST 4997)

APST 2060 Intro. to App. Studies .......... ......................... 3
ARTA 2071 or 3071 Weaving .............................................3
ARTA 3073 Fiber Construction for Weaving ......................3
ARTA 3380 Vegetable Dyeing ...........................................3
ARTA 3091 or 3092 Ceramics ...........................................3
HIST 4167 History of Southern App. ................................3
ENGL 4067 Literature of Southern App. .......................3
SOAA 4357 Mass Comm. & Popular Culture ....................3
APST 4997 Current Issues in App. Studies ................. 3

Statement of Purpose

The Department of Art and Design has the responsibility to provide education of high quality in the professional art and art education disciplines. Our mission is to prepare and produce students who are equipped to function capably in their chosen area of the visual arts.

Undergraduate degrees that may be earned include: B.F.A., B.S., and B.A. The B.F.A. is recommended for those students who wish to follow a professional career in the studio arts. The B.A. is available for students who desire a career as an elementary or secondary art teacher. There is a concentration under the B.S degree in pre-medical illustration. The B.A. is also available for students who wish to major in art history or studio art. Please see the programs listed below for more details.

Graduate degrees that may be earned include: M.F.A. and M.A. The M.F.A. is the terminal degree in studio art for practicing artists, and university or college teaching of art. The M.A. may be earned in art studio, art education, or art history. Please see the graduate catalog for more details.

An approved teacher education program for K-12 teachers is available. Art majors must take the following art courses during the freshman year:

Semester I
ARTA 1110 2-D Design ..................................................3
ARTA 1201 Drawing .....................................................3
ARTA 2010 Art History Survey I ......................................3

Semester II
ARTA 1140 3-D Design ..................................................3
ARTA 1204 Color Theory ................................................3
ARTA 2020 Art History Survey II ....................................3

Teacher education students should see that section for details. Transfer students should consult the chair of the Department of Art and Design concerning departmental limitations on transfer credit.

The B.F.A. Degree

The professional undergraduate degree in the visual arts is the bachelor of fine arts degree. This degree allows the student to specialize in a particular area of art in order to prepare for a professional career. No grade of "C-" or less in art may be applied to the B.F.A. major. No minor is required.

After 36 hours in art and before 45 hours in art have been completed, the B.F.A. student must take the Works in Progress Review. The student must pass this review in order to graduate with a B.F.A. degree in art.

Students in the B.F.A. program should be aware that the final advanced study courses taken in the area of specialization should have as the primary goal the production of art work of exhibition quality and that examples of this work will be exhibited by the Department of Art and Design as proof of the student’s excellence in a required senior exhibit. A committee of three art faculty including the student’s major advisor will review and evaluate each student’s B.F.A. exhibit.

</table>

Each area of specialization has a list of required classes to be taken. The students must take 4916 Portfolio and Exhibit during the last semester of undergraduate work. The B.F.A. program requires a total of approximately 133 credit hours.

It is essential that students work closely with their art advisor in selecting classes.

**B.S. with Major in Art Pre-Medical Illustration Concentration**

The pre-medical illustration concentration is designed to provide education for entry into the biomedical illustration and communication job market and as preparation for graduate work at the master's level in medical illustration and communication. In addition to specified courses in art, a minor in biology is required. The student must develop a strength in...
representational rendering and keep above-average grades in science courses. Check with the Department of Art and Design for an advisor. The B.S. degree in Pre-Medical Illustration requires a total of approximately 136 credit hours.

Minor in Art under the B.S. or B.A.

The minor in art may be taken in conjunction with a major in another department.

Art minor: Seven art courses selected in consultation with the chair of the Department of Art and Design for a total of 21 semester hours.

**Teacher Education**

Students interested in pursuing a teacher education program for certification as an art teacher are asked to see the area advisor in the Department of Art and Design AND the professional advisor in the Office of Student Services, 321 Warf-Pickel, College of Education. Please refer to the section on “Admission to Teacher Education” for basic admission requirements in the College of Education section of this catalog.

**Pre-Teacher Education**

Declarations of Intent - All ETSU students desiring to complete a teacher education or other public school licensure program (for initial licensure, add-on endorsement, or advanced study in education) must file a Declaration of Intent in the Office of Student Services, 321 Warf-Pickel Hall. The Declaration of Intent should be filed before the final semester hours of coursework have been completed or, in the case of transfer and post-baccalaureate students, in the first semester at ETSU. Delay or failure to file the Declaration of Intent may result in incomplete advisement. Students who have not filed the Declaration of Intent will not be considered for admission to teacher education and may be ineligible to enroll in many professional education courses.

**Professional Education Requirements** - There is a total of 43 credit hours required for Professional Education. Please refer to the Professional Education Requirement section in the Department of Education in this catalog for a list of the required courses. The B.A. degree in Art Education requires a total of approximately 145 credit hours.

**Content Courses in the Department of Art and Design for teacher licensure** - Please inquire at the department office for an art education program form.

**Graduate Study in Art**

The Department of Art and Design also offers the master of fine arts and master of arts degrees. Further information on the program is contained in the Graduate Catalog.

**Penland Courses**

Students may earn East Tennessee State University credit by taking art courses at the Penland School of Crafts in Penland, N.C.

Penland School hosts renowned instructors for short-term (one- to eight-week) courses of study in the following areas: wood, surface design, fiber, iron, jewelry, printmaking, photography, paper, book arts, glass, design, drawing, clay, and “specials,” which includes such topics as Arts Administration and Crafts Criticism.

For a catalog or information, call 704-765-2359 or write to:

Registrar
Penland School of Crafts
Penland, NC  38765
Department of Biological Sciences (BIOL)
P.O. Box 70703  Phone: 423/439-4329

The Department of Biological Sciences offers a major in biology leading to the bachelor of science or the bachelor of arts degrees. The major is designed for students who plan to enter such professions as biology, science education, medicine, veterinary medicine, agriculture, conservation, and industry. Courses are also offered for students in other fields of study who desire to acquaint themselves with the phenomena of living organisms. The department also offers the M.S. in biology. Further information on graduate programs is contained in the Graduate Catalog.

In addition to the requirements listed below, a student majoring in biology must complete requirements for the General Education Program and the College of Arts and Sciences requirements for the B.A. or the B.S. degree.

### Biology Major

In addition to certain required science and math courses the “standard” Biology major requires 36 semester hours of approved biology courses; a student choosing this major must also complete a minor; An alternative “concentration” in Biology requires 50 semester hours of biology courses; a student meeting that requirement need not complete a minor. In addition, there are two specialized alternative curricula that may be followed for a degree. For a major in Biology, the College of Arts and Sciences requires the General Education Program; students choosing this major must also complete a minor. An alternative Biology major requires 36 semester hours of approved biology courses; a student choosing this major must also complete a minor. The Biochemistry curriculum is for B.S. only.

### Advising

Students should consult one of the following advisors when planning their curricula:

- “Standard” Biology Majors: Carolyn Wetzel
- “Concentration” in Biology: Carolyn Wetzel
- Secondary Biology Education: Dan M. Johnson
- Biology Honors Program: Karl Joplin
- Biochemistry Concentration: Lee M. Pike
- Pre-professional students: J. Leonard Robertson
- General advising: Dan M. Johnson

### Biology Minor

A minor consists of 24 semester hours. The courses required are:

- **BIOL 110/1111** Biology for Science Majors I and Lab ……… 4
- **BIOL 1120/1121** Biology for Science Majors II and Lab ……… 4
- **BIOL 1130/1131** Biology for Science Majors III and Lab ……… 4
- **BIOL 3100** General Genetics ……… 3

The remaining courses may be selected to reflect the student’s interests. Credit for the following courses will not apply toward a major or minor in the department:

- **BIOL 1000** Academic Advantage ……… 2
- **BIOL 1010/1011** Biology for Non-majors I ……… 4
- **BIOL 1020/1021** Biology for Non-majors II ……… 4
- **BIOL 4417** Teaching Biology in High School ……… 3

### General Education

#### General Interest Area

- The following courses are designed to satisfy the university’s General Education Curriculum requirements in Science, specific educational requirements, or may be taken for general interest.

The remaining courses may be selected to reflect the student's interest to reach a total of at least 36 semester hours of B I O L for the "standard" major or 50 for the "concentration."

SECONDARY BIOLOGY EDUCATION CURRICULUM

Teacher Education

Students interested in pursuing a teacher education program for certification as a science/biology teacher are asked to see both a Biology advisor (Dan Johnson) and professional advisors in the Office of Student Services, 321 Warf-Pickel, College of Education (Michelle Banner and Jack Rhoton, Curriculum and Instruction).

Required Courses:

<table>
<thead>
<tr>
<th>Course Code</th>

- or HSCI 3320/3321 General Microbiology and Lab .................. 4

*This Introduction to Biochemistry may not satisfy the requirements of graduate schools or professional schools which generally require Organic Chemistry (CHEM 2010/2011, 2020/2021).
**These Biochemistry courses have an organic chemistry prerequisite.

The remaining courses may be selected to reflect the student's interest to reach a total of at least 36 semester hours of B I O L for the "standard" major or 50 for the "concentration."

BIOCHEMISTRY CONCENTRATION CURRICULUM

This is a joint program with the Department of Chemistry (College of Arts & Sciences) and the Department of Biochemistry (Quillen College of Medicine). The student may major in either Biology or Chemistry. Courses are required in both departments. The student should consult frequently with an advisor to ensure completion in a judicious manner. The biology advisor is Lee Pike. The chemistry advisor is Richard Kopp.

Required Courses:

All students pursuing a biology major must take the following courses:

- BIOL 1110/1111 Biology for Science Majors I ..................... 4
- BIOL 1120/1121 Biology for Science Majors II ..................... 4
- BIOL 1130/1131 Biology for Science Majors III .................... 4
- BIOL 3100 General Genetics ............................................ 3
- BIOL 3141 Genetics Laboratory ......................................... 2
- BIOL 4147/4157 Biochemistry of Macromolecules and Lab ........ 5
- BIOL 4167/4177 Biochemistry of Metabolism and Lab ........... 5
- CHEM 1110/1111, 1120/1121 General Chemistry I and II .......... 4, 4
- CHEM 2220/2221 Quantitative Analysis ................................ 4
- CHEM 3611 Introduction to Integrated Lab .......................... 2
- CHEM 3710 Principles of Physical Chemistry ..................... 3
- CHEM 3750 Physical Chemistry I ....................................... 3
- MATH 1910, 1920 Calculus ............................................. 4, 4
- or PHYS 2110, 2120 Tech. Physics-Calculus based I, II .......... 5, 5

The Biology major with a biochemistry concentration must complete an additional 9 hours in biology. Four (4) of those hours must be selected from the following courses:

- BIOL 3150/3151 Cell Biology & Lab .................................. 5
- BIOL 4597 Recombinant DNA Laboratory ............................. 3
- BIOL 4647 Molecular Biology .......................................... 3
- HSCI 3320/3321 General Microbiology and Lab .................... 4
- HSCI 3540 Immunology .................................................. 3
- PHYS 3510 Biophysics ................................................... 3

To satisfy the Biology degree requirements, students must select at least one (1) course from two (2) of the advanced biology areas (Organismal level, Population level, or Biodiversity level). See Biology curriculum requirements.

Approved students may enroll in one of the following courses in the Department of Biochemistry during their last semester of coursework.

- BIOC 5100 Protein Structure and Function .......................... 3
- BIOC 5350 Molecular Immunology ..................................... 3
- BIOC 5600 Genetics and Molecular Biology .......................... 4
- BIOC 5700 Macromolecular Interactions ............................. 3
A research experience is strongly advised for students with good academic records, especially those planning advanced study. The student should consult with an advisor concerning research opportunities. The following courses are recommended:

Total credit hours = 129; Total BIOL credit hours = 36

*A student may choose to complete 50 hours of biology courses in lieu of a “minor”.

*For B.A. only MATH 1530 is required. For B.S. MATH 1530 may be substituted for MATH 1920.

*PHYS 2110/2120 (Technical Physics) may be substituted for 2010/2011.

*If minor area course requirements and general education required courses are completed prior to the Senior year, electives may be substituted.

**PROGRAM OPTIONS:**

**Physics.** Students may take Technical Physics I and II (PHY S2110/2120, 10 hours) rather than General Physics I and II (PHY S2010/2011 and PHY S2020/2021, 8 hours).

**Chemistry.** Students may take Physical Chemistry I and II (CHEM 3750/3760, 6 hours) and Advanced Integrated Lab (CHEM 4611, 4621, or 4631, 2 hours), rather than Principles of Physical Chemistry (CHEM 3710, 3 hours). Additional chemistry courses are available:

Biochemistry, Quillen College of Medicine. Approved students who have completed Biochemistry of Macromolecules (BIOL 4147) and Biochemistry of Metabolism (BIOL 4167) may enroll for one of the listed courses during their last semester of coursework.

- BIOC 5100 Protein Structure and Function ......................................... 3
- BIOC 5350 Molecular Immunology ................................................... 3
- BIOC 5600 Genetics and Molecular Biology ........................................ 4
- BIOC 5700 Macromolecular Interactions ......................................... 3

Research. Research is strongly advised for students with good academic records, especially those planning advanced study. Research Orientation (BIOL 3992, 2 hours) is available in the sophomore year. Independent Study (Department of Biological Sciences, BIOL 4900, 1-4 hours), Research in Chemistry (Department of Chemistry, CHEM 4900, 1-3 hours), or Special Problems (Department of Biochemistry, BIOL 4900, 2-5 hours), can be taken during the senior year and/or during the preceding summer. Faculty members from the departments of biochemistry, biological sciences, or chemistry may direct the research project. It is expected that a departmental seminar will be presented based upon the research.

Department of Chemistry (CHEM)
P.O. Box 70695 Phone: 423/439-4367

The Department of Chemistry offers a course of study leading to the bachelor of science degree that meets the needs of students who plan a career in chemistry, who plan to teach chemistry in secondary schools, or who need a strong chemistry background for their chosen field. It offers four concentrations designed for different career goals, a minor, and a teacher education program.

Select one unduplicated course from the Humanities Elective \( \text{3} \)

*MATH 1840 or 1850 acceptable for Chemistry concentration.

**Intensive Courses** - Students who enter ETSU as a freshman or with less than 60 transfer hours must take: two oral communication-intensive courses, of which one must be in the major or minor; one using information technology-intensive course in the major or minor; four writing-intensive courses; at least two must be in the major or minor; at least two must be in the 3000-4000 level. Students must meet proficiency-intensive requirements through courses taken at ETSU.

**Physical Education .......................................................... 2**

Two courses, one from the fitness activity category and one from the lifetime activities category.

**Chemistry** - This is the recommended concentration for preprofessional students and students preparing for chemically-oriented occupations. This concentration requires a minimum of 33 semester hours of study.

A minor is required with this concentration.

Also required are:

- MATH 1910/1920 Calculus ........................................................................ 8
- PHYS 2010/2011, 2110/2120 Gen Physics-Non-Calculus .......................... 8
- or PHYS 2110/2120 Tech. Physics-Cal. based ..................................... 10

* These labs may be taken in any order, two of three required. Additional work in mathematics and physics would be especially useful. In addition, two years of a foreign language is strongly encouraged for those students who expect to do graduate work in chemistry.

In order to have sufficient time for advanced courses in the senior year, students are strongly encouraged to consult with the chemistry department advisor each semester.

### ACS-Approved Chemistry - This concentration is designed for students who intend to follow a career in the field of chemistry or who intend to enter a graduate program in this science. The curriculum is based on the recommendations of, and is approved by, the American Chemical Society (ACS). As such, it is subject to change upon notice from the ACS. A minor is not required with this concentration.

#### Course Requirements

A minimum of 53 semester hours of study is required. These include all courses required in Chemistry Professional concentration (including all three advanced integrated labs, 4611, 4621, and 4631 may be taken in any order) and Biochemistry, BIOL 4147 or 4167, (note these have a prerequisite of BIOL 1110/1111). In addition, three credit hours must be selected from the list below. Physical Chemistry is recommended or required as a prerequisite to these courses:

- CHEM 4530 Advanced Organic .................................................. 3
- CHEM 4817 Intro Indus Chem .................................................. 3
- CHEM 4900 Research ............................................................. 1-3
- CHEM 4957 Special Topics ...................................................... 3

A minor is required with this concentration.
**Biochemistry Concentration** – This is a joint concentration with the Department of Biological Sciences (College of Arts and Sciences) and the Department of Biochemistry (Quillen College of Medicine). The students may major in either biology or chemistry, and coursework is required in both departments. The student should consult frequently with an advisor to ensure completion in a judicious manner. The biology advisors are Pike and McIntosh. The chemistry advisor is Richard Kopp.

A minor is not required with this concentration.

**Course Requirements**

All students pursuing a chemistry major must take the following courses:

- **BIOL 1110/1111, 1120/1121, 1130/1131** Biology for Science Majors .................. 12
- **BIOL 3100** Gen. Genetics .................................................. 3
- **BIOL 3141** Genetics Lab .................................................. 2
- **BIOL 4147, 4157** Gen. Biochemistry ................................. 5
- **BIOL 4167, 4177** Gen. Biochemistry ................................. 5
- **CHEM 1110/1111, 1120/1121** Gen. Chemistry .................. 8
- **CHEM 2220/2221** Quantitative Analysis ............................ 4
- **CHEM 3750, 3760** Physical Chemistry .............................. 6
- **CHEM 3611** Intro. Integ. Lab .......................................... 2
- **CHEM 4611, 4621, or 4631** Adv. Integ. Lab .......................... (2 credits each)
- **MATH 1910, 1920** Calculus ............................................. 8
- **PHYS 2110, 2120** Tech. Physics-Calculus based ............... 10

The chemistry major with a biochemistry concentration must select 6 credit hours from:

- **BIOL 3150/3151** Cell Biology ......................................... 5
- **BIOL 4647** Molecular Biology ........................................ 3
- **BIOL 4597** Recombinant DNA Lab ................................. 3
- **HSCI 3320/3321** General Microbiology ............................ 4
- **HSCI 3540** Immunology .................................................. 3
- **PHYS 3510** Biophysics .................................................. 3

Additional coursework in chemistry is recommended.

Approved students may enroll in one of the following courses in the Department of Biochemistry (Quillen College of Medicine) during their last semester of coursework:

- **BIOC 5100** Protein Structure and Function .......................... 3
- **BIOC 5350** Molecular Immunology .................................. 3
- **BIOC 5600** Genetics and Molecular Biology .................... 3
- **BIOC 5700** Macromolecular Interactions ........................... 3

A research experience is strongly advised for students with good academic records, especially those planning advanced study. The student should consult with an advisor concerning research opportunities. The following courses are recommended:

- **BIOC 3992** Research orientation ...................................... 2
- **BIOC 4900** Spec. Problems in Biochemistry ...................... 1-5
- **BIOC 4900** Independent Study ....................................... 1-4
- **CHEM 4900** Research in Chemistry .................................. 1-3

**Minor** - The chemistry minor consists of a minimum of 26 semester hours of study. General Chemistry (1110-11 and 1120-21) eight hours; plus an 18-hour selection of basic courses offered by the Department of Chemistry (other than 1000 or 1030).

**Teacher Education** - Students interested in pursuing a teacher education program for certification as a teacher are asked to see the area advisor in the Department of Chemistry AND the professional advisor in the Office of Student Services, 321 Warf-Pickel, College of Education. Please refer to the section on "Admission to Teacher Education" for basic admission requirements in the College of Education section of this catalog.

**Pre-Teacher Education** – Declaration of Intent – All ETSU students desiring to complete a teacher education or other public school licensure program (for initial licensure, add-on endorsement, or advanced study in education) must file a Declaration of Intent in the Office of Student Services, 321 Warf-Pickel Hall. The Declaration of Intent should be filed before 30 semester hours of coursework have been completed or, in the case of transfer and post-baccalaureate students, in the first semester at ETSU. Delay or failure to file the Declaration of Intent may result in incomplete advisement. Students who have not filed the Declaration of Intent will not be considered for admission to teacher education and may be ineligible to enroll in many professional education courses.

**Professional Education Requirements** – There is a total of 44 credit hours required for Professional Education. Please refer to the Professional Education Requirement section in the Department of Education in this catalog for a list of the required courses.

**Cooperative Education** – The Department of Chemistry actively participates in the university’s cooperative education program. Positions are normally available for chemistry majors each semester at a number of industrial and government locations.

**Graduate Study** - The Department of Chemistry offers a major and minor in graduate study. Further information on graduate programs is contained in the Graduate Catalog.

Speech Communication — The speech communication degree program offers a traditional major as a base for preprofessional study as a supporting program for career preparation in fields such as business, church operation, government service, health administration, the ministry, panegyric services, social service, and other professions involving public contact. It also provides pre-law preparation.

The speech communication concentration major requires 36-38 credit hours of coursework; the minor, 21 credits. A teacher education major in speech communication requires 29 credit hours; the minor, 24 credit hours.

Theatre — The Division of Theatre believes that classroom study and practical experience are of equal and complementary value. Production opportunities are available in acting and directing, design, theatre technology, and management in our Bud Frank Theatre and in the historic Veteran’s Memorial Theatre.

The Division of Theatre produces at least four productions per school year as well as producing plays and a Renaissance Faire in Rogersville during the summer. Within the Department of Communication, students have the option to select one of the following: a 36-hour Theatre Concentration; a 21-hour Theatre Minor; or a 36-hour Theatre Concentration in Teacher Education.

Mass Communications — The concentrations in advertising and broadcasting consist of prescribed sequences of 33 semester hours of coursework. The journalism and public relations concentrations require 36 credit hours in mass communications, and public relations also requires nine credit hours in speech.

In the mass communications major, 80 credit hours must be completed outside of mass communications courses, and at least 65 of those 80 credit hours must be in traditional liberal arts subjects.

No more than 12 credit hours of transfer credit may be applied to the requirements in mass communications concentrations.

Specialized minors of 21 credit hours may be designed for individual students in advertising and broadcasting with the prior approval of the department. The journalism minor consists of 24 credit hours of prescribed coursework. No minor is available in public relations.

Students must consult regularly with a departmental advisor to avoid problems in scheduling. For other problems, see one of the career advisors listed below.

Total Credit Hours for B.A. degree ....................................... 128

---

**Department of Criminal Justice and Criminology (CJCR)**

P.O. Box 70555
Phone 423/439-5346
Web Address: www.etsu.edu/crimjust

**Program Objectives** - The criminal justice and criminology program of East Tennessee State University seeks to accomplish four major objectives:

1. To develop a critical understanding of crime and the role and function of the criminal justice system in a democratic society.
2. To provide courses of instruction that complement the education received by students in related disciplines.
3. To prepare students for professional service in the criminal justice system.
4. To provide an opportunity for persons currently serving in criminal justice professions to advance their level of education.

The criminal justice and criminology curriculum is highly interdisciplinary, encompassing the study of law, the social and behavioral sciences, and other academic areas. Consistent with the above objectives, the curriculum seeks a careful balance of theoretical inquiry and applied knowledge and features a core curriculum that all majors are required to complete.

The Department of Criminal Justice and Criminology offers the bachelor of science degree in criminal justice and criminology, the bachelor of arts degree in criminal justice and criminology, and the master of arts degree in criminal justice and criminology.

**Departmental Honors Program**

The Criminal Justice Honors-in-Discipline program will provide students with an additional opportunity to reach their full academic potential. Students who are accepted into the honors program will enroll in the same courses as other students, but will be required to complete extra assignments (e.g., papers, readings, projects) in their classes. Students will also be required to write a Senior Honors Thesis. Out-of-state tuition waivers will be available for students accepted into the program and some Academic Performance Scholarships may be available for Tennessee Residents only.

The minimum requirements for application to the honors program are as follows:

**Entering Freshmen:**
High School GPA of 3.2 or a minimum ACT composite score of 25

**Entering after Freshman year:**
Overall GPA of 3.2, a Criminal Justice GPA of 3.5 and have earned no more than 60 credit hours.

**Transfer Students:** Overall GPA of 3.5

Students will also be asked to submit a personal statement and two letters of reference with their application. For further information or an application, please contact:

Dr. Stephen Brown, Director
Criminal Justice Honors-in-Discipline Program
Department of Criminal Justice and Criminology
Box 70555
Johnson City, TN 37614
(423) 439-4388
CRIMINAL JUSTICE AND CRIMINOLOGY
B.S./B.A. REQUIREMENTS

1. Completion of General Education Core Requirements of the university and requirements of the College of Arts and Sciences B.A. or B.S. in social and behavioral sciences.

2. Completion of criminal justice and criminology core curriculum as follows:

<table>
<thead>
<tr>

FIELD EXPERIENCE PROGRAM

Students majoring (B.S./B.A. degree) in criminal justice and criminology are encouraged to enroll in the field experience program during their senior year. The program is designed to integrate academic preparation with practice in the criminal justice system. Student interest in this program will be discussed with the director of undergraduate advisement in the course of general advisement. A limited number of positions are available.

Application for field experience should be made to the director of field experience during the spring semester. Selection is made by a faculty committee. It is offered during summer semesters only.

Department of English (ENGL)

P.O. Box 70683 Phone: 423/439-4347
Web Address: www.etsu.edu/English

English is the study of human thought, feeling, and communication through the experience of literature, language, and writing. The study of English helps a person to understand the human condition, as it emerges in cultural contexts, to examine ideas, and to think and write clearly and effectively.

The Department of English offers programs leading to teaching careers, to further study at the graduate level, and to professions requiring a broad liberal education, such as law, public relations, and government service. The department also offers a wide variety of electives for nonmajors seeking to diversify their educational programs.

**Major** – The English major consists of 36 credit hours above the freshman level. All English majors are expected to complete a minor in another area of study with no overlapping between the major and an interdisciplinary minor. English majors must meet requirements for the B.A. in the College of Arts and Sciences.

**Nonteaching majors** – The major who does not seek teacher certification must complete at least 36 hours, as specified below:
Major Requirements

ENGL 2130, 2210, or 2220 ................................................. 9*
(or Honors Equivalent)
ENGL 2330, 2430
ENGL 3000-level courses (3) .......................................... 9
ENGL 4000-level courses (2) ........................................... 6
ENGL Electives (at 3000/4000 level) .............................. 12
Total: ........................................................................ 36

*Three hours may be substituted from ENGL 2330 or 2430 if desired.

- Credit from the 3000 level must include a genre course and either a language course or literary criticism.
- Credit from the 4000 level must include at least 3 hours from ENGL 4700 (Chaucer), 4690 (Milton), or 4200 (Shakespeare).
- Students may elect to complete a 12-hour Writing Emphasis or Language Emphasis in place of 12-hour general elective requirement in English.

General Education 46-47 Credits

ENGL 1010 Critical Reading & Expository Writing .......... 3
ENGL 1020 Critical Thinking & Argumentation ............... 3
CSCI 1100 ................................................................. 3
Social Responsibility .................................................... 3
Math 1 ................................................................. 3-4
Heritage (Including HIST 2010 & 2020) ......................... 9
Arts & Artistic Vision .................................................. 3
Institutions & Society .................................................. 6
Science (Areas of Familiarity) ....................................... 8
Physical Education ...................................................... 2
Humanities Electives ....................................................... 3

Intensive Courses - Students who enter ETSU as freshmen or with less than 60 transfer hours must take: two oral communication-intensive courses, of which one must be in the major; one using information technology-intensive course in the major; four writing-intensive courses, of which two must be in the major (at least two must be at the 3000-4000 level).

B.A. Requirements

Single foreign language at or above 2000 level ............... 6
Non-U.S. History ........................................................ 3

Minor ................................................................................. 6-12

Electives (3000-4000 level) ........................................... 11-22 Credits

Total Credit Hours Required for Degree .................... 128

Departmental Honors - The department offers an Honors Program consisting of 18 credit hours of honors courses, including a senior thesis, which can become part of an English major or minor. Students may enter the Honors Program with a high school GPA of 3.2 and one of the following: and ACT score of 25, an equivalent SAT, or an AP score of 4 in English. Transfers and students already enrolled at ETSU must meet slightly different criteria. Please contact the program director, Prof. Marcia Senger, at 423-439-6675 or sengerm@etsu.edu for further information.

Teaching majors - The major who seeks teacher certification must complete at least 36 hours, as specified below. Twenty-seven (27) credit hours, according to the following distribution:

ENGL 2130 American Literature
ENGL 2210 British Literature I
ENGL 2220 British Literature II
ENGL 2430 European Literature or
2330 World Literature
ENGL 3100 Introduction to Linguistics or
3200 History of the English Language or
4120 Descriptive Linguistics or
4130 Social and Psychological Aspects of Language

ENGL 4117 Grammar and Usage
ENGL 3130 Advanced Composition or
4057 Writing: Theory and Teaching
ENGL 4077 Adolescent Literature
ENGL 4200 Shakespeare and His Age

Nine (9) hours of electives, to be taken from 3000- or 4000-level courses, including at least one course in American Literature

In addition to the 36-hour major, students seeking certification must complete 3 credit hours of methods, counted as an education requirement, and 3 credit hours of reading, as follows:

ENGL 4417 Teaching English in Secondary Schools
READ 3110 Teaching the Process of Reading, or
READ 4027 Diagnostic and Remedial Procedures in Reading

Note: See both the "General Education" and "Professional Education" requirements for Secondary and K-12 certification listed under the College of Education in this catalog.

Sample Curriculum

A typical program of study, leading to a major in English (with foreign language requirement for B.A.), a minor in History (for example), and completion of the General Education Core = 128 hours.

Freshmen - Fall Semester

Minor in English – The minor consists of 24 credit hours above the freshman level (except for ENGL 2030, not offered for credit toward a minor), at least 18 of which must be at the 3000 or 4000 level, with a minimum of nine hours at the 4000 level.

Graduate Study – The Department of English also offers a master's degree. See the graduate catalog for further information.

Film Studies Minor (FILM)
P.O. Box 70683 Phone: 423/439-5897
Web Address: www.etsu.edu/English

The Film Studies Minor seeks to educate students about film in an interdisciplinary context. The goals of this program are to encourage serious consideration of film as an art form; to explore film as a medium of communication; and to examine the power of film in shaping attitudes, values, and our understanding of society and the world.

Courses are designed to provide students with knowledge of the techniques of the filmmaking process, the historical development of film as an institution, film theory, methods of critical analysis, and an awareness of the relationship of film to broader issues within various disciplines.

The Film Studies Minor requires 21 credit hours of coursework. A 12 credit hour core is required of all minors. Students may select 9 credit hours of elective courses to complete the minor course of study.

**Required Core**

<tr>
<td><strong>TOTAL</strong></td>
<td><strong>9</strong></td>
</tr>
</tbody>
</table>

NOTE: Broadcast Practicum may be elected by students with special interest in production and may be applied to any school. Research Practicum may be applied towards a major requirement. Course must be chosen as an elective.

With approval of the Film Studies Committee, additional special topics courses may be counted in the minor; however, no courses counting toward the student’s major may be counted toward satisfying the minor’s requirements.

The Department of Foreign Languages offers courses in French, German, Japanese, Latin, and Spanish designed to give the student a working knowledge of a language in the areas of reading, writing, listening and speaking, and to help create in students an appreciation and understanding of languages and cultures other than their own. In addition to the cultural objective and personal satisfaction, the student will find that foreign language study is an aid in scientific study, business, foreign trade, travel, and international politics.

**Placement** – Registration for courses is in accordance with previous preparation. To facilitate proper placement the following guidelines are suggested: No previous study, or less than one year in high school - 1010; students with one year in high school who feel their background is weak - 1010; one year in high school - 1020; two years in high school - 2010; three years in high school - 2030; four years in high school - 3000-level courses. The above regulations may not be applicable if students have had no professional instruction in their chosen foreign language within the past two years. Bilingual students and students with foreign language background should see a foreign language advisor for placement.

**Labs and Practica** – Students transferring to ETSU are advised to check the catalogs of professional and graduate schools for entrance requirements.

**Graduate Study** – The Department of Foreign Languages has been approved to offer graduate courses in French, German, and Spanish that may lead to 15 semester hours of concentration in French, German, or Spanish as part of a master of arts degree in secondary education. Further information on graduate programs is contained in the School of Graduate Studies catalog.

**Teacher Education** – Students interested in pursuing a teacher education program for certification as a foreign language teacher are asked to see their foreign language advisor in the College of Arts and Sciences.
AND their professional advisor in the Office of Student Services, 321 Warf-Pickel, College of Education.

**Pre-Teacher Education** - Declaration of Intent - All ETSU students desiring to complete a teacher education or other public school licensure program (for initial licensure, add-on endorsement, or advanced study in education) must file a Declaration of Intent in the Office of Student Services, 321 Warf-Pickel Hall. The Declaration of Intent should be filed before 30 semester hours of coursework have been completed or, in the case of transfer and post-baccalaureate students, in the first semester at ETSU. Delay or failure to file the Declaration of Intent may result in incomplete advisement. Students who have not filed the Declaration of Intent will not be considered for admission to teacher education and may be ineligible to enroll in many professional education courses.

**Professional Education Requirements** - There is a total of 44 credit hours required for Professional Education. Please refer to the Professional Education Requirement section in the Department of Education in this catalog for a list of the required courses.

Students majoring in foreign languages who wish to fulfill teacher certification requirements must complete course LANG 4417, Teaching Foreign Languages.

Several programs of study leading to the B.A. in foreign languages are available. The traditional major, with concentrations in French, German, or Spanish, emphasizes the liberal arts training needed in a variety of jobs. These include library or museum work, general business, and teaching. These curricula are designed to help prepare students for employment in fields where knowledge of a foreign language is of particular advantage. In addition to the General Education Core Requirements, there are degree requirements in the College of Arts and Sciences outlined in the earlier pages of this section.

Requirements for the different programs are as follows:

Traditional Major in Foreign Languages, with concentrations in French, German, or Spanish - A minimum of 33 semester hours above the 1000 level, in the language of the concentration.

Coursework, as well as a Portfolio, should be planned in consultation with the major advisor. Exit requirements for the major include the completed Portfolio and the Oral Exit Interview.

All Foreign Language majors also require a minor. Students may select a minor from a number of fields that will enhance their professional opportunities, such as business, communications, criminal justice, film studies, health education, history, international studies, political science, sociology, urban studies, or a second foreign language.

Credit hours to be chosen from the following:

SPAN 2010 Second Year Spanish I ......................... 3
SPAN 2020 Second Year Spanish II ...................... 3
SPAN 3003 Basic Spanish Grammar ...................... 3
SPAN 3013 Spanish Conversation/Composition I ........ 3
SPAN 3035 Hispanic Readings and Composition .......... 3
SPAN 3113 Spanish Conversation/Composition II ........ 3
SPAN 3213 Spanish Phonetics & Pronunciation .......... 3
SPAN 3313 Civilization of Spain ........................... 3
SPAN 3413 Civilization of Latin America ................. 3
SPAN 3513 Survey of Spanish Literature .................. 3
SPAN 3613 Survey of Spanish-American Literature ....... 3
SPAN 3713 Hispanic Poetry .................................... 3
SPAN 4007 Golden Age Drama ................................. 3
SPAN 4017 Advanced Spanish Grammar I.................. 3
SPAN 4027 Advanced Spanish Grammar II ................ 3
SPAN 4107 Cervantes ............................................... 3
SPAN 4117 Hispanic Cinema .................................... 3
SPAN 4407 Twentieth-Century Spanish Literature ........ 3
SPAN 4507 Spanish Short Story .................................. 3
SPAN 4607 Modernist Movement in Spanish America .... 3
SPAN 4707 Spanish-American Theatre ......................... 3
SPAN 4737 Art at the Prado Museum ....................... 3
SPAN 4807 Spanish-American Novel ......................... 3
SPAN 4903 Special Studies in Spanish ...................... 3
SPAN 4957 Topics in Spanish .................................... 3

In addition to the 33 credit hours, students wishing to be certified in Spanish must complete the following course, counted as an education requirement:

LANG 4417 Teaching Foreign Languages ................... 3

APPLIED SPANISH: COMMUNITY STUDIES MINOR  
(Pending TBR approval)

Minor Pre-requisites ........... 2 years college Spanish or equivalent

Required Core .................................................. 9 credits
SPAN 4127 Applied Spanish: Introduction to Spanish-Speaking Communities ......................................................... 3
SPAN 4137 Applied Spanish: Translation and Community Outreach ................................................................. 3
SPAN 4147 Applied Spanish: Interpretation and Community Outreach ................................................................. 3

Guided Electives ............................................... 6 credits
SPAN 3413 Civilization of Latin America ...................... 3
SPAN 3613 Survey of Spanish-American Literature ....... 3
SPAN 4117 Hispanic Cinema .................................... 3
SPAN 4607 Modernist Movement in Spanish America .... 3
SPAN 4900 Independent Study ................................ 3

Guided Electives .................................................. 3 credits
PSCI 3830 Government and Politics of Latin America ....... 3
GEOG 4307 Regional Geography of Latin America ....... 3
HIST 4730 Latin America: Revolution and Nationalism .... 3
SOAA 4957 Special Topics: People and Culture of Latin America ................................................................. 3
FCNU 4907 International Primary Health Care Practicum (Health Science students only) ......................... 3
SOWK 3300 Cultural Diversity in Social Work Practice .... 3
HDAL 4666 Cultural Influences in Development ............ 3
PUBH 4030 Community Health .................................. 3

Total credits ...................................................... 18

**Department of History**  
(HIST)

P.O. Box 70672 Phone: 423/439-4222  
Web Address: www.etsu.edu/cas/history/hist.htm

History is the study of humans as revealed by the past. The study of history is an indispensable intellectual endeavor for students who desire to understand and appreciate the human condition in all its diversities as well as the historical process that has shaped their personal lives. The Department of History offers a wide array of courses in the history of Asia, Africa, Europe, Latin America, and the United States designed to acquaint students with the complexities of today’s multicultural “global village” and to deepen their understanding of the events, opinions, ideas, and facts they will need to make informed political, social, and personal judgements throughout their lives. The study of history provides an appropriate background for almost any career. The history degree is particularly useful in preparation for professional and graduate studies, such as law and religion. The preprofessional historian can find a rewarding career in teaching, archival work, museums, journalism, government, administration, and other occupations that call for a strong liberal arts background.

**Major** – A student majoring in history must complete requirements for the B.A., B.S., or B.S./s.s. (social and behavioral sciences concentration.)

**Major Requirements:**

HIST 1110 & 1120 World Civilization ........................................ 6
HIST 3410 Intro. to Historical Study ........................................ 3
HIST 3000-level courses (2)* .................................................. 6
HIST 4000-level courses (5)* ............................................... 15
One course at either the 3000 or 4000 level* .............................. 3

Total: ........................................................................... 33

*Of the 24 credit hours taken at the 3000 and 4000 levels, at least 6 credits must be taken in each of the general areas of U.S., European, and World History.

**General Education** ................................................. 44-47 Credits
ENGL 1010 Critical Reading & Expository Writing .................. 3
ENGL 1020 Critical Thinking & Argumentation ..................... 3
MATH See specific B.A., B.S., B.S./s.s .................................... requirements .................................................. 3-6
CSCI 1100 Using Information Technology ............................. 3
Science Select two courses in the Areas of Familiarity (see specific B.A., B.S., B.S./s.s. requirements) ................. 8
HIST 2010 The United States to 1877 ................................... 3
HIST 2020 The United States since 1877 ............................... 3
Plus one of the ENGL courses listed under Heritage .............. 3
Select one course from Arts and the Artistic Vision ............... 3
Select one course from Identity, Ethics and Social Responsibility ................................................................. 3
Select two courses from Institutions and Society ................. 6
Select one unduplicated course from the Humanities Elective section ......................................................... 3

**Intensive Courses** – Students who enter ETSU as freshmen or with less than 60 transfer hours must take: two oral communication-intensive courses, of which one must be in the major; one using information technology-intensive course in the major, four writing-intensive courses. At least two of these must be in the major; at least two must be at the 3000-4000 level. Students must meet proficiency-intensive requirements through courses taken at ETSU.

**Physical Education** ................................................... 2
Two courses, one being from the fitness activity category and one from the lifetime activities category
### B.A. Requirements

<table>
<thead>
<tr>
<th>Requirement</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Select MATH 1530, 1820, 1840, or 1910</td>
<td>9</td>
</tr>
<tr>
<td>Two courses of a single language at or above the 2000 level</td>
<td></td>
</tr>
<tr>
<td>One course of Non-U.S. History</td>
<td></td>
</tr>
</tbody>
</table>

### B.S. Requirements

<table>
<thead>
<tr>
<th>Requirement</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Select MATH 1850 or 1910, including experience in the differential and integral calculus</td>
<td>8</td>
</tr>
<tr>
<td>8 credit hours of single laboratory science in addition to General Education Core</td>
<td></td>
</tr>
</tbody>
</table>

### B. S. (Social & Behavioral Sciences) Requirements

- MATH 1530 Prob & Stats - Noncalculus: 3
- 3 credit hours from each of the following areas:
  - Social Statistics: 1
  - Reasoning and Argumentation: 2
  - Research Design for Social Science (subject to departmental restrictions): 1
- Microcomputer Skills: 4

<table>
<thead>
<tr>
<th>Requirement</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MINOR</td>
<td>18-26</td>
</tr>
<tr>
<td>Electives</td>
<td>10-26</td>
</tr>
</tbody>
</table>

**Total Credit Hours required for Degree**: 128 Credits

**Minor** - A minor in history requires completion of a minimum of 21 semester hours of study, including the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>HIST 1110 &amp; 1120 World Civilization</td>
<td>6</td>
</tr>
<tr>
<td>HIST 4000-level courses (3)*</td>
<td>9</td>
</tr>
<tr>
<td>HIST 3000- or 4000-level courses (2)*</td>
<td>6</td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td><strong>21</strong></td>
</tr>
</tbody>
</table>

*Of the 15 credit hours taken at the 3000 or 4000 levels, at least 3 credits must be taken in each of the following areas: History, Language, Literature, and Social Science.*

**Transfer Students** - Transfer students must meet the specific requirements for the history major or minor. Regardless of the number of credits in history they transfer, they must take a minimum of two 3000-level courses and three 4000-level courses for the major, or one 3000-level course and two 4000-level courses for the minor. Transfer students must maintain a minimum average of “C” in courses taken in the department.

**Teacher Education** - Students interested in pursuing a teaching education program for certification as a history teacher in grades 7-12 are asked to see the subject area advisor in the Department of History AND the professional advisor in the Office of Student Services, 321 Warf-Pickel, College of Education.

**Pre-Teacher Education** - Declaration of Intent - All ETSU students desiring to complete a teaching education or other public school licensure program (for initial licensure, add-on endorsement, or advanced study in education) must file a Declaration of Intent in the Office of Student Services, 321 Warf-Pickel Hall. The Declaration of Intent should be filed before 30 semester hours of coursework have been completed or, in the case of transfer and post-baccalaureate students, in the first semester at ETSU. Delay or failure to file the Declaration of Intent may result in incomplete advisement. Students who have not filed the Declaration of Intent will not be considered for admission to teacher education and may be ineligible to enroll in many professional education courses.

**Professional Education Requirements** - There is a total of 44 credit hours required for Professional Education. Please refer to the Professional Education Requirement section in the Department of Education in this catalog for a list of the required courses.

**Graduate Study** - The Department of History offers graduate programs leading to a master of arts. Further information on graduate programs is contained in the Graduate Catalog.

---

### Department of Mathematics (MATH)

**P.O. Box 70663**

**Phone: 423/439-4349**

**Web Address: [www.etsu.edu/math/math.htm](http://www.etsu.edu/math/math.htm)**

The Department of Mathematics offers courses to serve a variety of programmatic needs, including coursework to support training in pure and applied mathematics, mathematics education for secondary certification, statistics, computer science, business, and the physical and life sciences. The programs of study enable students to select courses suited to a variety of career goals. Advising plays an integral role in achieving these objectives. Consequently, each student selecting mathematics as a major is assigned an advisor to assist with scheduling and career planning. A minor in mathematics is also available to the student choosing to complement another choice for major.

### Financial Support

Scholarships and loans are available for the conscientious mathematics majors who are seeking support for their education. The Edward Stanley Scholarship, Jeffrey Lynn Hightower Memorial Scholarship, Charles F. Wilkey Scholarship, Wilson-Hartsell Scholarship, Depew Scholarship, Faber-Neal Scholarship, and Buesel Awards are scholarships designated for mathematics and science majors. To encourage students to teach mathematics in the public schools of Tennessee, the Teacher Loan/Scholarship program has been instituted to cover tuition and fees at East Tennessee State University. The interested student should consult the Financial Aid section of this catalog.

### Diagnostic/Placement Program

The AAPP program explained elsewhere in this catalog is designed to place a student in a mathematics course ensuring the best possible chance for success. Moreover, the Department of Mathematics strongly recommends that each student meet with an advisor to see what mathematics course to take based on mathematics background and program requirements.

### Service Courses and General Education Requirements

Besides those mathematics courses designed for the mathematics major, mathematics minor, and other technical programs of study, there are a number of mathematics courses designed specifically to serve the needs of other programs.

**Science and Technology Majors** - These majors are expected to complete the three-course sequence 1720, 1840, and 1850. As electives, the interested students may wish to include coursework in linear algebra or in statistics.

**General Education Requirements** - See major or minor listing for courses to satisfy this requirement. To fulfill the General Education requirement in mathematics, the student must successfully complete one of the following courses: MATH 1840, MATH 1530, or MATH 1910. Undeclared majors or students in programs with no specified mathematics course should enroll in MATH 1530.
## Programs of Study in Mathematics

The programs of study in mathematics available to students are briefly described here. Specific program requirements are explained in greater detail later.

**Mathematics Major** - The B.S. degree is available for undergraduate mathematics majors. A major must complete the mathematics core requirements and then select one of three tracks: mathematical sciences, mathematical statistics, or mathematics education. Curriculum requirements for each of the three tracks are given below. Students planning to teach mathematics at the secondary level must choose the education track. In addition, such students must complete professional education requirements for secondary education students. Students planning to pursue careers in industry or a field that utilizes statistics should choose the statistics track. All other majors, such as those intending to pursue a graduate degree in mathematics or those desiring a job in research or industry utilizing areas of mathematics other than statistics, should choose the mathematical sciences track. The latter track offers the most flexibility. Due to the number of hours required for the major, a minor is not mandatory for students majoring in mathematics.

**Mathematics Minor** - Students majoring in other disciplines may wish to complement their programs by completing a minor in mathematics. The program consists of 23 credit hours of mathematics as follows: 1910, 1920, 2010 are required. The remaining coursework must be selected from 2050, 2110, 2800, or upper level (junior/senior) courses. The interested student should be advised by the undergraduate mathematics advisor.

**Co-op Program** - Consult the chair for information.

**Graduate Program** - The master of science degree in mathematical sciences is available. Consult the graduate catalog for details.

## Major in Mathematics Program

**Overview** - The requirements for the Bachelor of Science (B.S.) in mathematics are as follows:

1. Completion of the university and college general education requirements (see the core curriculum requirements in this catalog).
2. Completion of the mathematics core requirements listed below, as well as completion of the requirements for one of the three mathematics tracks, also listed below.

### Mathematics Core Requirements

<table>
<thead>

**Recommendations**

A student who plans to major in mathematics is encouraged to:
1. obtain a program sheet from the Department of Mathematics which outlines the specific requirements for the selected program of study,
2. read the catalog to determine other requirements for the degree he/she is seeking, and
3. work closely with an advisor. The student, and not the advisor, is responsible for knowing the program requirements for the particular degree he/she is seeking.

A Minor is not required.
A total of 153 hours is required for the education track program.
The Department of Music at East Tennessee State University was established in 1946 and is a fully accredited member of the National Association of Schools of Music.

The Department of Music provides specialized training in music to prepare students for professional work or advanced study, for teaching music in the elementary and secondary schools, and for general cultural attainment.

The curriculum of the Department of Music is designed to present the learning of music as an integrated whole. Solo and ensemble performance, theoretical and historical studies, concert attendance, and electives both within and outside the department are intended to provide a balanced education.

In addition to training in the various professions of music, the department provides general music studies and activities for the non-music major, the university, and the community.

Major Fields of Study and Degrees

Undergraduate instruction in the department leads to the Bachelor of Music (B.M.) degree with a specialization in Music Education or in Performance. Students choosing music education will identify a specialization in instrumental, vocal, or keyboard/vocal. These students must also complete the core courses required as part of the professional education program, included later in this section. Students may also pursue a minor in music.

The Department of Music also offers training in the Suzuki method for flute. Courses in this program meet certification guidelines of the Suzuki Association of the Americas (SAA).

The Department of Music also offers a wide variety of courses for the non-music major. Any student can enroll in music survey and music fundamentals courses, private lessons (depending on faculty availability), ensembles, and beginning voice and guitar classes.

Events

The Department of Music offers a wide variety of recitals, concerts, lectures, and other programs by students, faculty, and distinguished guest artists. Most of the programs are free and open to the public. The events schedule can be found at www.etsu.edu/music/events.html.

Student Organizations

The Department of Music encourages participation in music-related student organizations. Active chapters of Delta Omicron, Music Educators National Conference, Percussive Arts Society, and Phi Mu Alpha Sinfonia provide social, service and professional opportunities for both music and non-music majors.

Scholarships and Awards

Upon recommendation of the faculty, students may be awarded scholarships for talent in music. Awards vary in size and include the following:

- The Lamar Alexander Scholarship
- The Elsie Arzt Memorial Scholarship
- The Teresa Bowers Scholarship
- The Floyd Cramer Scholarship
- Ella V. Ross Scholarship
- The Mary Florence and Virgil C. Self Scholarship
- Band and Choral Performance Scholarships
- The Powell Choral Scholarship
- Richard Compton Memorial Scholarship
- W.G. Patton Scholarship
- Robert LaPella Vocal Scholarship

Other awards based upon academic excellence and performance ability are also available from the Department of Music.

Admission and Enrollment Policies

Any student seeking a degree in music at ETSU must first meet the general university admission requirements. Once that admission is granted, the student must audition for admission to the music degree program. Auditions are held on selected dates during the spring (see the department Web page, www.etsu.edu/music, for dates), at all orientation sessions, and by appointment.

The audition may be performed live or via videotape (if the student lives more than 250 miles from campus). The audition is approximately 10 minutes in length and should demonstrate the student's technique and musicianship. The audition is judged by music department faculty.

If a student meets the audition requirements and is admitted to the program, an academic advisor will assist the student in determining courses to be taken. Students who do not meet the audition requirements may register for applied music and for ensembles and may audition again at a later date. It is not recommended that a student audition more than twice without being admitted, as the student's academic progress will be seriously delayed if a major is not declared by the sophomore year.

Applied Music

Music majors must register for a minimum of seven semesters of applied music (private instruction) in their major area of performance; lessons must be taken with a member of the department faculty. Students may register for either one or two credit hours per semester. Each hour of credit represents a minimum of one half-hour lesson and six hours of practice per week. A fee of $100 per credit hour is assessed.

Admission to applied music is by audition only. Non-music majors may register for applied music when faculty loads permit. All students must have permission from the department to register for lessons.

Jury examinations are held at the end of each semester of applied study; the purpose of the juries is to determine student progress in the performance area. Applied study for music majors and minors is offered at three levels. Students who remain at Level I for three semesters may be advised to change to another major. Students who are retained in the music program are expected to achieve Level III (upper-division standing) during the third year of study, and a minimum of one semester of study at Level III must be successfully completed prior to graduation.

Additional performance and jury requirements are found in the Music Student Handbook, available at http://www.etsu.edu/music.

Performance Requirements

All music majors must perform a solo work in public each semester. Freshman music majors are expected to perform once during the year: “In public” includes studio class or recital, department recital, half or full recital, or other public events as approved by the applied instructor.

All music majors, regardless of concentration, must perform a 30-minute half recital. Music performance majors must also perform an hour-long full recital. A student must be admitted to Level III prior to presenting a half or full recital.

In addition to the performance component of the half recital, students must prepare a written document demonstrating their understanding of theoretical and historical constructs related to the music being performed, as well as program notes. Details about this document are found in the Student Handbook section of the department Web page.
Specific information about the recital approval process is also available in the Student Handbook.

**Piano Proficiency**

All music majors are required to meet minimum proficiency levels on piano. Beginning with the first semester of residence, music majors must enroll for piano study, either through group keyboard classes or through private lessons, every semester until the piano proficiency examination is passed. Music education majors must pass the examination prior to student teaching. Specific details about the examination are found in the Music Student Handbook.

**Sight-Reading Proficiency**

All music majors must successfully pass two sight-reading proficiency examinations. The examination is part of the jury for advancement from one level to another. Students advancing to Level II are expected to sight-read at Grade 7 on the Associated Board scale; students advancing to Level III must sight-read at Grade 8.

**Ensembles**

Performing experience in ensembles is a vital part of the training of all musicians. Thus, all music majors are required to participate in an ensemble every semester of full-time enrollment. Wind and percussion majors in the music education concentration must be in band (wind ensemble, concert band, or marching band) each semester, including at least three semesters of marching band. Performance majors may substitute orchestra or wind ensemble for marching band if they hold a regular, permanent position with the orchestra or wind ensemble; string majors must play in the symphony every semester. Voice and keyboard majors participate in choir. Keyboard majors also enroll in Accompanying for ensemble credit.

Students are not limited to a specific number of ensembles, but music majors must enroll for a minimum of ten (10) non-ensemble credits each semester of full-time attendance.

**Recital Attendance**

Attendance at recitals and concerts is considered critical to the education of a musician. All music majors must submit evidence of recital attendance for seven semesters; records are maintained in the student's advisement file in the department office.

Details regarding the requirements for each semester's attendance can be found in the Student Handbook on the department Web page.

**Advising**

All music majors will be assigned an academic advisor upon entrance to the degree program. Students should consult the Music Major Program Guidesheets for specific course requirements required in the Bachelor of Music degree.

Music education majors should consult an academic advisor in the College of Education for specific certification requirements.

- CJA 4581 Seminar in Education ....................................................... 3

**TOTAL** .................................................................................. 15
**PHILOSOPHY MAJOR WITH EMPHASIS IN RELIGIOUS STUDIES**

A minimum of 30 hours is required, including:

- **PHIL 3010** History of Ancient Philosophy ................................................. 3
- **PHIL 3030** History of Modern Philosophy ................................................. 3
- At least one course in western religions ..................................................... 3
- At least one course in non-western religions .............................................. 3
- **PHIL 4017** Ethical Theory .......................................................... 3
- **PHIL 4047** Philosophy of Religion ...................................................... 3
- Plus 12 other hours .......................................................... 12

**TOTAL** ................................................................. 30

The last 12 hours may include any courses in philosophy or in religious studies; they may also include the following specific courses from other departments.

- **ENGL 3280** Mythology .......................................................... 3
- **HIST 3910** History of Christianity ..................................................... 3
- **SOAA 3800** Religion, Society, and Culture ........................................... 3
- **HIST 3920** History of Islam .......................................................... 3

**PHILOSOPHY MINOR**

A minimum of 18 hours in philosophy (12 must be upper division). Religious studies courses do not count toward a minor in philosophy with the exception of 3230, 4047, and 4220. Students should plan their minor in consultation with an advisor from the Department of Philosophy and Humanities.

**RELIGIOUS STUDIES MINOR**

A minimum of 21 hours is required, including:

- **PHIL 2210** Intro to the Study of Religion ................................................ 3
- At least one course in western religions ..................................................... 3
- At least one course in non-western religions .............................................. 3
- **PHIL 4047** Philosophy of Religion ...................................................... 3

Other courses in philosophy do not count toward a minor in religious studies without approval of the department. The following courses from other departments or other previously approved courses may be included.

- **ENGL 3280** Mythology .......................................................... 3
- **HIST 3910** History of Christianity ..................................................... 3
- **SOAA 3800** Religion, Society, and Culture ........................................... 3
- **HIST 3920** History of Islam .......................................................... 3

It is possible to major in philosophy and minor in religious studies.

**HUMANITIES MINOR**

Humanities seeks to provide a base for students to construct a better understanding of the spirit and meaning of their civilization. It draws fully on other departments within the university and attempts to show the interdependence of the various disciplines. By the consideration of the vast storehouse of historical, philosophical, religious, and artistic expressions, students are better able to understand and cope with the many issues that beset humankind, and they are better able to find meaning for themselves as individuals. It is designed for the student desiring a firm background in the humanistic disciplines, and it should be of special interest to students planning to enter such professions as the ministry, law, or college teaching.

A minimum of 24 hours is required including:

- **HUMT 2310** Intro to the Study of Humanities I ..................................... 3
- **HUMT 2320** Intro to the Study of Humanities II ..................................... 3
- **HUMT 4950** Senior Seminar .......................................................... 3
Twelve hours must be upper division (3000 level or above).

The specific courses for this program must be approved by the humanities advisor, including courses in the following disciplines:

History
English (literature courses)
Art History
Introduction to Music or Music History
Philosophy and Humanities

No courses counting toward the student's major field or Service-Learning or General Education Core courses may be counted toward satisfying the humanities minor.

**Department of Physics and Astronomy (PHYS)(ASTR)**

P.O. Box 70652  Phone: 423/439-4231

Physics is the study of the properties of matter, energy, radiation, and their interactions. It is generally regarded as basic to all the natural sciences, and as such is a fundamental part of the professional preparation of biologists, chemists, engineers, and other scientists and technologists.

The major program in physics provides the foundation for a broad spectrum of challenging careers in scientific and non-scientific fields. Baccalaureate physics majors find employment opportunities as, for example, research associates in commercial and government laboratories, sales and engineering representatives for manufacturers of technical products, industrial management trainees, and teachers at the secondary school level.

Most of ETSU's graduates in physics continue their studies in graduate and professional schools, where they specialize in a wide variety of disciplines.

**Major** - A major in physics at the bachelor's level requires a minimum of 34 semester hours of study in physics. These shall include the following courses.

### Course Requirements:

- PHYS 2110-20 Tech. Physics-Calcul based ........................................... 10
- PHYS 3010 Mechanics ........................................................................ 4
- PHYS 3710 Electricity and Magnetism ............................................... 4

At least one of the advanced courses:

- PHYS 4117, 4617, 4717 ........................................................................ 4

Physics electives chosen from:

- PHYS 3110, 3210, 3310, 3510, 3610, 4117, 4617, 4717, 4850, 4860, and 4900 ........................................ 12

**Total (Minimum)** ........................................................................ 34

Students are also strongly encouraged to take mathematics at least through ordinary differential equations, and such additional elective courses in physics, mathematics, and chemistry as their curriculum will permit.

All major programs in physics must be approved by the chair of the department.

To complete university graduation requirements, students must complete a minor in another subject area.

The Department of Physics and Astronomy offers a major in physics with the B.S. degree. The physics major must satisfy the General Education Core Requirements (page 50), and College of Arts and Sciences B.S. requirements on page 89.

**Minor** - A minor in physics at the bachelor's level requires a minimum of 20 semester hours of study in physics, distributed as follows:

Course Requirements:

- PHYS 2110-20 Technical Physics- Calc. based I, II .............................. 10
- PHYS Electives chosen from: PHYS 3010, 3110, 3210, 3310, 3510, 3610, 3710, 4117, 4617, 4717, 4850, 4860, 4900 ........................................ 10

**Total (Minimum)** ........................................................................ 20

**Transfer Students** - Transfer students majoring in physics should contact the chair of the department for advising as soon as possible. This will ensure that the student's previous work will be coordinated efficiently with ETSU requirements.

**Teacher Education** - Students interested in pursuing a teacher education program for certification as a physics teacher in grades 7-12 are asked to see the department chair in the Department of Physics and Astronomy and the professional advisor in the Office of Student Services, 321 Warf-Pickel, College of Education.

**Pre-Teacher Education** - Declaration of Intent - All ETSU students desiring to complete a teacher education or other public school licensure program (for initial licensure, add-on endorsement, or advanced study in education) must file a Declaration of Intent in the Office of Student Services, 321 Warf-Pickel Hall. The Declaration of Intent should be filed before 30 semester hours of coursework have been completed or, in the case of transfer and post-baccalaureate students, in the first semester at ETSU. Delay or failure to file the Declaration of Intent may result in incomplete advisement. Students who have not filed the Declaration of Intent will not be considered for admission to teacher education and may be ineligible to enroll in many professional education courses.

**Professional Education Requirements** - There is a total of 44 credit hours required for Professional Education. Please refer to the Professional Education Requirement section in the Department of Education in this catalog for a list of the required courses.

**Graduate Study** - Students interested in graduate studies in physics may elect to participate in the mathematics sciences program. Further information is contained in the Graduate Catalog.

**Department of Political Science (PSCI)**

P.O. Box 70651  Phone: 423/439-4217

Political Science is the study of government, politics, and public affairs in the United States and other countries, and of the relations among nations and states in the world community. The Political Science curriculum is designed to provide students with factual knowledge of these subjects and with the ability to critically analyze and evaluate competing ideologies, governmental systems, political practices, and policy proposals. The study of Political Science prepares students to be informed and engaged citizens as well as to pursue careers in law, public affairs and many other fields.

**Major** - Students majoring in Political Science must complete requirements for the General Education Program, both the core curriculum requirements and the requirements reinforcing academic proficiencies (see General Education Program section of this catalog). Students must also complete the degree requirements of the College of Arts and Sciences, either for the Bachelor of Arts (B.A.), or the Bachelor of Science (B.S.), or the Bachelor of Science with a social and behavioral sciences concentration (B.S.) (See college of Arts and Sciences degree requirements in this catalog.) The Political Science major itself requires the completion of 36 semester credit hours.

- PSCI 1110 Political Life ................................................................. 3 credits
- PSCI 1120 Intro. to American Government ................................... 3 credits
Legal Studies Minor - The Legal Studies Minor is a 21-semester-hour interdisciplinary program which includes courses from the departments of Political Science, Criminal Justice & Criminology, Communications, Management and Marketing, and Environmental Health. The program is designed for students who are interested in the legal system and the application of the law in specific areas, and it will complement a broad education program for certification as a government teacher in grades 7-12. Students interested in pursuing a teacher education program for certification as a government teacher in grades 7-12 are asked to see an advisor in the Department of Political Science and the professional advisor in the College of Education in 321 Warf-Pickel Hall.

Pre-Teacher Education - Declaration of Intent: All students desiring to complete a teacher education program or other public school licensure program must file a Declaration of Intent in 321 Warf-Pickel Hall. For filing deadlines and other information, see the professional advisor in 321 Warf-Pickel.

Professional Education Requirements - There is a total of 44 credit hours required for Professional Education. Please see the Professional Education Requirement section in this catalog.

The objectives of the various programs of the Department of Psychology are to acquaint students with the subject matter and profession of psychology. These objectives are achieved largely through the department's undergraduate and graduate degree programs and partly through the department's student organizations. The purpose of the undergraduate program is to provide academic experiences in psychology for students planning careers in psychology; the department also provides basic and applied psychology courses in support of the nonbehavioral disciplines and the other behavioral disciplines. The master's degree program in psychology prepares students for employment in psychology and for doctoral study in psychology. In addition to the requirements listed, a student majoring in psychology must complete requirements for the General Education Core and the College of Arts and Sciences requirements for the B.A., B.S., or the B.S. in the social and behavioral sciences, page 80.

Major - Twenty-nine semester hours in psychology, plus General Biology I and II or III (8 hours) are required. No grade below a “C” will be accepted in psychology major courses. Psychology majors also are required to complete a minor in another discipline.

Minor - Nineteen semester hours in psychology are required. No grade below “C” will be accepted in minor courses.

Advising - Academic and professional advising is recommended for all psychology majors. Students are encouraged to read the catalog to determine requirements for the degree they are seeking. Students are responsible for knowing the program requirements.

Teacher Education - Students interested in pursuing a teacher education program for certification as a psychology teacher in grades 7-12 are asked to contact the area psychology advisor in the College of Arts and Sciences AND the professional advisor in the Office of Student Services, 321 Warf-Pickel, College of Education.

Pre-Teacher Education - Declaration of Intent - All ETSU students desiring to complete a teacher education or other public school licensure program (for initial licensure, add-on endorsement, or advanced study in education) must file a Declaration of Intent in the Office of Student Services, 321 Warf-Pickel Hall. The Declaration of Intent should be filed before 30 semester hours of coursework have been completed or, in the case of transfer and post-baccalaureate students, in the first semester at ETSU. Department of Social Work (SOWK)
P.O. Box 70645 Phone: 423/439-4372

B.S.W. Major accredited by: Council on Social Work Education

The Department of Social Work offers an undergraduate curriculum leading to the bachelor of social work degree. The program provides a basic knowledge of the social welfare system, the social work profession, and the professional knowledge, values, and skills necessary for beginning professional social work practice. The program also prepares students to pursue graduate study in social work and related professions.

The program builds upon a liberal arts base and encompasses an interdisciplinary perspective, drawing from such fields as psychology, sociology, political science, and human biology.

The program’s overall mission is to prepare students for entry-level generalist practice in a culturally diverse society and to instill in those students a lifelong commitment to addressing social problems and to challenging all forms of oppression and injustice. The total program functions to provide leadership and instruction that will ensure preparation of a continuous pool of social work graduates who are able to assume professional positions in a variety of social welfare settings, particularly in Northeastern Tennessee and the southern Appalachian region. The mission of ETSU’s B.S.W. Program supports the philosophy of social work and its major aim to restore, maintain, enhance, and promote the social functioning of individuals, families, groups, organizations, and communities by helping them to accomplish life tasks, to prevent and alleviate distress, and to utilize resources.

The faculty believes that the philosophy of social work must be demonstrated as it is taught and, as such, must be incorporated into not only faculty-student relationships but also between the program and the social work practice community. The social work faculty believes that social workers should function in accordance with the profession’s purpose and with adherence to the profession’s ethical canon and therefore programatically emphasizes acceptance of difference between and among individuals, as well as within and among groups and other larger systems.

The Baccalaureate Social Work Program’s mission is reflected and implemented in the seven broad goals of the program.

1. To build upon students’ liberal arts foundation by facilitating their knowledge and understanding of the development, implementation, and growth of social welfare and social work practice.
2. To prepare students as beginning generalist social work practitioners who possess the knowledge, values, and skills necessary for carrying out effective change efforts, in various social contexts, helping individuals, families, groups, organizations, and communities to enhance or restore their capacity for social functioning.

3. To prepare students to take an active role, personally and professionally, in addressing social problems and advocating for social, economic, and environmental justice for client systems of various sizes and types.

4. To prepare students to serve social welfare needs, particularly those of Northeastern Tennessee and the Southern Appalachian region, in a culturally competent manner.

5. To provide a sound educational foundation that instills in students the need for continued professional development, which may include graduate-level education in social work or in other allied programs of study.

6. To provide an educational environment that nurtures learning, stimulates self-reflection, encourages open dialogue, and is characterized by honesty, integrity, trust, and respect.

7. To provide selective courses and extra-curricular events to non-social work students and members of the local community who want to increase their understanding of social problems and the professional social work response to them.

B.S.W. Program Objectives

As a result of the B.S.W. experience, graduates should be able to:

1. Apply critical thinking skills within the context of professional social work practice.

2. Practice within the values and ethics of the social work profession and with an understanding of and respect for the positive value of diversity.

3. Demonstrate professional use of self.

4. Understand the forms and mechanisms of oppression and discrimination and the strategies of change that advance social and economic justice.

5. Understand the history of the social work profession and its current structures and issues.

6. Apply the knowledge and skills of generalist social work to practice with systems of all sizes.

7. Apply knowledge of bio-psycho-social variables that affect individual development and behavior, and use theoretical frameworks to understand the interactions among individuals and between individuals and social systems (i.e., families, groups, organizations, and communities).

8. Analyze the impact of social policies on client systems, workers, and agencies.

9. Evaluate research studies and apply findings to practice, and, under supervision, to evaluate their own practice interventions and those of other relevant systems.

10. Draw on practice knowledge and skills to interact effectively with clients, colleagues, and individuals in other practice contexts who have differing social, cultural, racial, religious, spiritual, sexual orientation, and class backgrounds.

11. Use supervision appropriate to generalist practice.

12. Function within the structure of organizations and service delivery systems, and under supervision, seek necessary organizational change.

13. Function effectively as generalist practitioners, particularly in the culturally diverse area of Northeastern Tennessee and the Southern Appalachian region.

14. Use a variety of learning strategies to promote lifelong learning and ongoing professional development.

15. Identify how personal values can impact service delivery and reconcile value conflicts that will prevent effective service provision.

Social work majors must take 41-44 credit hours to fulfill the General Education Core Requirements, 48 credit hours of social work courses, 6 credit hours of cognates, and the remainder of credit hours in academic proficiencies and electives, for a total of 128 credit hours required for graduation. Social work majors must complete 12 credit hours in social and behavioral sciences. Six credit hours in the social and behavioral sciences, Sociology 1020 and Psychology 1310, are taken as part of the General Education Core Requirements. The remaining six hours are required cognates, Political Science 1120 and HDAL 2310. As part of the General Education Core Requirements, social work majors must complete 8 credit hours in the sciences, with 4 of those credits in a human biology chosen from the following list: Biology 1010-1011, 1110-1111, or Health Sciences 2010-2011. The remaining 4 credit hours of science can be fulfilled by any of the other core science courses. Math 1530 is required to fulfill the General Education Core Requirement in math.

All social work majors are required to complete the curriculum outlined below. All students who enroll in social work courses must comply with course prerequisites. Academic credit for life experience and previous work experience shall not be given in whole or in part, in lieu of the field practicum or any other required social work course.

Major - Forty-eight credit hours in social work plus Political Science 1120 and HDAL 2310. A grade of "C-" or below will not be accepted in the required courses offered by the program, and in English composition. A minor is not required for social work majors.

TRANSFER STUDENTS
Course Sequencing and Suggested Schedule

The plan below for entry to ETSU assumes that SOWK 1010 (Intro), Psych 1310 (Intro), and one human biology course (BIO1 101/11, 102/11, 21, 111/111, or HSCI 200/111) have been taken prior to ETSU matriculation. Other courses on the ETSU social work degree plan that have not been taken at another institution can be used to fill in each semester's schedule. Requests to receive credit for transfer courses in social work must be submitted to the B.S.W. Program Director who, along with other faculty, will determine course equivalency using submitted documentation such as copies of the catalog course description, course syllabus, and the name of the course text.

First Semester
SOWK 2400 Rural and Appalachian Culture .................................... 3
SOWK 2500 Interviewing & Recording Skills .................................... 3
SOWK 3000 Human Behavior I ......................................................... 3
SOWK 4310 Development Life Span Psychology ............................. 3
SOWK 3430 Social Welfare Policy & Services .................................... 3
TOTAL ................................................................. 15

Second Semester
MATH 1530 Probability & Statistics ................................................. 3
SOWK 3330 Cultural Diversity in Social Work Practice ...................... 3
SOWK 3430 Social Welfare Policy & Services .................................... 3
SOWK 4310 Social Work Practice I ................................................. 4
TOTAL ................................................................. 16

Third Semester
SOWK 4210 Social Work Research .................................................. 3
SOWK 4230 Social Work Practice II ............................................... 4
Electives ............................................................................... 9-12
TOTAL ................................................................. 16-19

Admission - Requirements for admission to the social work major are as follows: (1) completion of Introduction to Social Work 1010 and six additional hours in required social work courses, (2) a minimum overall grade point average of 2.25 and a 2.5 average in required social work courses completed, (3) identified potential and suitability for the social work profession, (4) completion of 40 clock hours as a volunteer in one or more social service agencies, and (5) removal of a grade of C- or below in required social work courses prior to admission. (The social work faculty has modified admissions criteria, and those revisions are pending approval by ETSU's Academic Council and the Tennessee Board of Regents. Once fully approved, the revised criteria will go into effect immediately and will be provided to students via their advisors through updated departmental handbooks and handouts.)

Only students approved as majors are eligible to take Social Work Practice I and II. Transfer students, as well as ETSU students who declare social work as their major, must arrange an interview with their faculty advisor during their first semester in social work.

Continuance and Termination - Continuance in the program requires compliance with admission requirements and suitability standards, as outlined in the program's Academic Performance Review Policy and Code of Conduct. (See Student Handbook.)

Nondiscrimination - Every aspect of the Social Work program's organization and implementation is conducted without discrimination on the basis of race, color, gender, age, creed, ethnic or national origin, disability, or political or sexual orientation.

Advising - Advising, both academic and professional, is essential in social work education. Therefore, advising of all social work majors is required throughout their period of study.

Each student will be assigned a faculty advisor at the time the student declares social work as a major. When appropriate, the student may select a different advisor.
Field Instruction - Social Work Field Experience 4453 must be taken during the student's senior year after completion of all required major courses and General Education Core courses. Only summer graduates are permitted to take field experience during the summer term. A 2.25 overall grade point average and a 2.5 grade point average in required social work courses are prerequisites to field experience. Also, only students whose written application to major in social work has been approved are eligible for the field experience.

Students are assigned full time to an agency, where they provide services to consumers under the supervision of a social work field instructor. A list of field instruction agencies is available in the Department.

School Social Work Licensure - Licensure by the Tennessee State Department of Education is available to social work majors who successfully complete the requirements for a B.S.W. degree plus the following four courses:

- SPED 2300 Exceptional Learners in Schools & Comm.
- EDFN 3301 Issues in Education
- ELPA 6820 Law For Educational Leaders
- SOWK 4467 Seminar in Social Work

Information about licensure exams is available from the Certification Analyst in the College of Education.

Department of Sociology and Anthropology
( SOAA )
P.O. Box 70644 Phone: 423/439-4370 Email: harville@etsu.edu

Sociology is the study of people interacting with others at the individual level, in groups, and in social systems. Anthropology is the study of human diversity via biological and cultural evolution. An understanding of people, culture and society will prepare the graduate for useful employment in many occupations and professions, as well as further study at the graduate level. A major or minor can be earned in sociology and a minor in anthropology is available. For other students, courses in sociology and anthropology are excellent electives in any degree program. In addition to specific department requirements listed below, students majoring in sociology must complete requirements for the general education core as well as requirements specific to the College of Arts and Sciences degrees of B.A., B.S., or B.S./s.s. (social and behavioral sciences concentration).

Major – A student majoring in sociology must complete 30 semester hours of approved courses. In addition to maintaining an overall grade point average of at least 2.0 in the major, a student must earn a grade of "C" or above in each required course in the major.

Course Requirements:

- SOAA 1020 Introduction to Sociology ............................................ 3
- SOAA 2020 Social Problems .......................................................... 3
- SOAA 3210 Sociological Research ................................................. 3
- SOAA 3350 Social Statistics .......................................................... 3
- SOAA 4027 Advanced Principles of Sociology ............................ 3
- SOAA 4807 Modern Social Theory .............................................. 3
- SOAA Electives* .......................................................................... 9

TOTAL: .................................................................................. 30

Minor – A student majoring in anthropology must complete 18 semester hours of approved courses. In addition to maintaining an overall grade point average of at least 2.0 in the major, a student must earn a grade of "C" or above in each required course in the major.

Course Requirements:

- SOAA 2020 Social Problems .......................................................... 3
- SOAA 3210 Sociological Research ................................................. 3
- SOAA Electives ........................................................................... 6

TOTAL: .................................................................................. 18

Intensive Courses - Students who enter ETSU as freshmen or with less than 60 transfer hours must take: two oral communication-intensive courses, of which one must be in the major; one using information technology-intensive course in the major; four writing-intensive courses, at least two of which must be in the major and at least two must be at the 3000-4000 level. Students must meet proficiency-intensive requirements through courses taken at ETSU.

- HIST 2020 United States since 1877 ............................................ 3
- ENGL - - - - One English course listed under the Heritage Section ........................................... 3
- Select one course from Arts and the Artistic Vision ................ 3
- Select one course from Identity, Ethics and Social Responsibility ................................................. 3
- Select two courses from Institutions and Society ................. 6
- Select one unduplicated course from the Humanities elective section ..................................... 3

Intensive Courses - Students who enter ETSU as freshmen or with less than 60 transfer hours must take: two oral communication-intensive courses, of which one must be in the major; one using information technology-intensive course in the major; four writing-intensive courses, at least two of which must be in the major and at least two must be at the 3000-4000 level. Students must meet proficiency-intensive requirements through courses taken at ETSU.

Physical Education ........................................................................ 2

Two courses, one being from the fitness activity category and one from the lifetime activities category.

B.A. Requirements .......................................................................... 9

Two courses of a single language at or above the 2000 level ... 6
One course of non-U.S. History ..................................................... 3
(Select MATH 1530 to satisfy core requirement)

B.S. Requirements ........................................................................... 8

8 credit hours of single laboratory science in addition to General Education Core.
(Select MATH 1850 or MATH 1910, including experience in the differential and integral calculus).

B.S. (Social and Behavioral Sciences) Requirements .... 12

MATH 1530 Probability & Statistics - Noncalculus .............. 8
8 credit hours of single laboratory science
3 credit hours form each of the following areas:
(1) Social Statistics
(2) Reasoning and Argumentation
(3) Research Design for Social Science
(4) Microcomputer Skills

MINOR .................................................................................. 18-26 Credits
Electives .................................................................................. 10-26 Credits
Total Credit Hours Required for Degree ......................... 128

Minor – A student majoring in anthropology must complete 18 semester hours of approved courses. In addition to maintaining an overall grade point average of at least 2.0 in the major, a student must earn a grade of "C" or above in each required course in the major.

Course Requirements –

- SOAA 1020 Introduction to Sociology ............................................ 3
- SOAA 2020 Social Problems .......................................................... 3
- SOAA 3210 Sociological Research ................................................. 3
- SOAA Electives ........................................................................... 9

TOTAL: .................................................................................. 18

Anthropology Minor – The anthropology minor provides students a fundamental understanding of anthropological perspectives on cultural diversity, human biological and cultural evolution, and the dynamic relationship between biology and culture.

A minor in anthropology requires the completion of 18 hours. Students must earn at least a grade of "C" in each required course in the minor and achieve an overall grade point average of 2.0 in courses counted for the minor.

Course Requirements –

- SOAA 1020 Introduction to Sociology ............................................ 3
- ENGL - - - - Critical Thinking & Argumentation ............................ 3
- MATH - - - - See specific B.A., B.S., and B.S./s.s. requirements) ........................................... 3-6
- CSCI 1100 Using Information Technology .................................. 3
- Science Select two courses in the Area of Familiarity
(See specific B.A., B.S., and B.S./s.s. requirements) ..................... 8
- HIST 2010 United States to 1877 .............................................. 3

Total Credit Hours Required for Degree ................................. 18
Course Requirements -
SOAA 1240  Intro. to Cultural Anthropology ............................ 3
SOAA 1280  Intro. to Physical Anthropology and Archaeology ........................................... 3
SOAA Electives .......................................................................................................................... 12
TOTAL: .................................................................................................................................. 18

*The electives, which are listed below, should be chosen in consultation with an anthropology advisor. Students are strongly advised to complete both SOAA 1240 and SOAA 1280 before enrolling in elective courses.

SOAA 2040  Folk Culture in the Modern World .................................... 3
SOAA 2150  American Folk Music ................................................................. 3
SOAA 3070  Medical Anthropology ............................................................... 3
SOAA 3500  Appalachian Folk Medicine ..................................................... 3
SOAA 3700  Peoples and Cultures of Latin America .................................. 3
SOAA 3800  Religion, Society, and Culture .................................................. 3
SOAA 4627  Ethnographic Fieldwork Techniques ..................................... 3
SOAA 4957  Special Topics in Sociology and Anthropology ... 3

NOTE: Students majoring in sociology who elect to minor in anthropology cannot apply credit hours acquired for the anthropology minor for the sociology major and vice versa.

Transfer Students - Transfer students must meet the specific requirements for the sociology major and minor, or the anthropology minor. There is no predetermined maximum number of credit hours that a transfer student may apply to the sociology or anthropology curriculums. That will be decided by the chairperson of the department.

Teacher Education - Students interested in pursuing a teacher education program for certification as a sociology teacher in grades 7-12 are asked to speak both with an advisor in the Department of Sociology and Anthropology and the professional advisor in the Office of Student Services, 321 Warf-Pickel, College of Education.

Pre-Teacher Education - Declaration of Intent - All ETSU students desiring to complete a teacher education or other public school licensure program (for initial licensure, add-on endorsement, or advanced study in education) must file a Declaration of Intent in the Office of Student Services, 321 Warf-Pickel Hall. The Declaration of Intent should be filed before 30 semester hours of coursework have been completed or, in the case of transfer and post-baccalaureate students, in the first semester at ETSU. Delay or failure to file the Declaration of Intent may result in incomplete advisement. Students who have not filed the Declaration of Intent will not be considered for admission to teacher education and may be ineligible to enroll in many professional education courses.

Professional Education Requirements - There is a total of 44 credit hours required for Professional Education. Please refer to the Professional Education Requirement section in the Department of Education in this catalog for a list of the required courses.

Graduate Study - The Department of Sociology and Anthropology offers graduate programs leading to a master of arts degree. Further information on graduate programs is contained in the Graduate Catalog.

2002-2003 Undergraduate Catalog 125
Women's Studies Minor

The major purpose of the women’s studies minor is to provide students with an interdisciplinary education about history, society, culture, politics, economics, and legal issues as related to women. The goals of this endeavor are to create an increased awareness of gender issues, foster individual development and decision-making, and encourage effective participation in our complex social world. Courses are designed to assist the students in developing philosophical and historical perspectives on gender; appreciating the contribution of women to the arts, sciences, and humanities; and making informed choices as individuals and professionals.

Students who minor in Women's Studies can use their knowledge about women’s issues to work as advocates for women in social service and activist organizations. In addition, the minor complements careers related to criminal justice, politics, health care, teaching, the media, social work, communication, and a variety of other arenas. The minor can also help prepare students for the Women's Studies option in the interdisciplinary Master of Arts in Liberal Studies degree program. Regardless of career choice, the Women’s Studies minor prepares students to serve as a progressive voice for change and equality in our society.

The minor in Women’s Studies requires the completion of 18 hours of coursework chosen from among the following courses:

**Course Requirements:**
- WMST 2010  Introduction to Women’s Studies ......................... 3
- Senior Seminar ................................................................. 3
- (Select from approved upper-division electives)
  Approved Electives ...........................................................12
  Total ................................................................................ 18

**Approved Electives**
- CJCR 4670  Race, Gender, and Crime ............................. 3
- CJCR 4957  Special Topics: Violence Toward Women ........ 3
- ENGL 3500  Women Authors ............................................. 3
- ENGL 4087  Themes in Women's Literature ....................... 3
- ENGL 4290  Film Genres: Women in Film ......................... 3
- FCNU 4500  Women's Health Issues ................................. 3
- HIST 4237  Women in the Ancient World ......................... 3
- HIST 4247  History of Women in U.S., Settlement to 1945 ... 3

- SOAA 3030  Gender and Society ....................................... 3
- SOWK 3000  Human Behavior in the Social Envir ................ 3
- SPCH 4957  Special Topics: Gender and Communication ...... 3

*With approval of the Women’s Studies Committee, additional special topics courses may be counted in the minor. Students must meet any departmental prerequisites, or obtain the instructor’s permission.*
Accredited by: AACSB - The Association to Advance
Collegiate Schools of Business

The mission of the College of Business is to provide high-quality
educational experiences to equip students, other individuals and
organizations, primarily within the Southern Appalachian region, with the
abilities and technological skills necessary to succeed in business, government
and related professions increasingly engaged in global activities; and to
provide leadership in supporting regional, national, and international
constituencies by collaborating for the progressive development of business,
government, health care systems, and the professions.

To achieve this mission, undergraduate students receive an understanding of
(1) the economic, social, legal, political, and technological environments
that influence our society, (2) the significant functions of all private and
public-sector business organizations, and (3) a specialized area of expertise
within the field of business. The importance of a broad educational
background is emphasized.

The College of Business Bachelor of Business Administration (B.B.A.)
curriculum includes general education requirements in the liberal arts and
sciences, College of Business core requirements, and major program
requirements.

Five undergraduate majors and several concentrations leading to the
B.B.A. degree are available in the College of Business. The majors are
accountancy, economics, finance, management, and marketing.
Concentrations within some of the majors, include business economics,
general business and economics, corporate finance and investments, banking,
real estate, human resources management, operations management, general
management, management information systems, legal studies, integrated
marketing communications, and food marketing.

The college also offers the Bachelor of Arts degree (B.A.) in Economics
which is a non-business degree.

The college prepares students to pursue graduate study in accountancy,
business, economics, and law. In addition, it provides the opportunity and
environment for faculty research and service to the business community.

College of Business Honors Program

The College of Business has initiated an Honors Program to attract,
retain and recognize outstanding students. The program provides an
enriched academic experience for selected students. It features 21 credit
hours of college-wide and department-specific honors courses and seminars
in business.

Applicants to the program should have a high school grade point average
of 3.5 or greater and an ACT score of 29 or more (or an equivalent SAT
score). Scholarships are available. Interested students should contact the
College of Business Honors Program Director, East Tennessee State
University, P.O. Box 70699, Johnson City, TN 37614.

College Of Business Internship Program - The College of Business
offers an Internship Program for business students wishing practical
experience in their major. Students must be College of Business majors
with an overall GPA of 2.7 and have a GPA of 3.0 in College of Business
courses. Students should have completed at least two courses in their major
before applying for an internship.

Successful completion of the 130 hours of on-site learning earns students
two elective credits in their major. Approval from the respective department
chair must be given to allow the course to substitute for another course in
the major. Only one internship course per student is permitted.

Course Level Requirements – All 1000 and 2000 level (lower division)
courses should be completed by the end of the sophomore year. All students
enrolling in 3000 and 4000 level (upper division) College of Business
courses must have junior- or senior-level standing and have completed
prerequisite courses.

Major – Students in the College of Business meet the requirements for
their major by completing the courses listed under their major program.

Entering business students are classified as pre-business (FBUS) until
the requirements listed below are met. Prior to the completion of 60 semester
credit hours, each student planning to pursue a B.B.A. will be classified as a
pre-business student. At the beginning of the junior year, each qualified
business student must select a specific major within the college. Qualified
students who do not apply for a specific major will be assigned a major in
economics with a concentration in general business and economics. See
the special admission requirements for College of Business undergraduate
majors.

At least 50 percent of the B.B.A. core requirements and major program
requirements for the Bachelor of Business Administration degree must be
earned at East Tennessee State University.

All College of Business B.B.A. majors are required to complete the
curriculum outlined below.

Basic Curriculum for All
College of Business B.B.A. Majors

General Education Requirements:………………. 49 Credit Hours

ENGL 1010 Critical Reading & Expository Writing………………. 3
ENGL 1020 Critical Thinking and Argumentation………………… 3
MATH 1530 Probability & Statistics - Non-Calculus……………. 3
CSCI 1100 Using Information Technology…………………………………….. 3
Physical Education, Military Science, or Marching Band…………….. 2
HIST 2010 The United States to 1877………………………………………………. 3
HIST 2020 The United States, 1877 - Present…………………………………….. 3
Heritage option ENGL 2030, 2130, 2210,2220,2230, 2430……………… 3
Arts and The Artistic Vision option*……………………………………… 3
Identity, Ethics, and Social Responsibility option*………………….. 3
Natural Sciences option*……………………………………………………….. 6
ECON 2210 and 2220 Principles of Economics I and II………………… 6
Humanities option*………………………………………………………………. 3
Institutions and Society option*……………………………………………… 3

B.B.A. Core Requirements:…………………………36 Credit Hours

ACCT 2010 & 2020 Principles of Accounting I and II…………………. 6
ECON 2070 & 2080 Quantitative Methods
for Business I & II……………………………………………………………….. 6
MGMT 3000 Organizational Behavior & Management……………… 6
MGMT 3050 Decision Science……………………………………………….. 3
MGMT 3310 Legal Environment of Business……………………………… 3
MKTG 3200 Principles of Marketing……………………………………….. 3
FNCE 3220 Business Finance…………………………………………………. 3
MGMT 3100 Production and Operations Management……………….. 3
MGMT 3220 Management Information Systems…………………...……. 3
MGMT 4910 Policy and Strategy Formulation…………………………. 3

Major Program Requirements:……………….24-27 Credit Hours**

See separate catalog listings for requirements in each major.

Freshman Requirement:

BADM 1130 Introduction to Business………………3 Credit Hours
Free Electives………………………………………3 Credit Hours
Non-business Electives………………………………10-13 Credit Hours
Total Hours Required for Degree………………128 Credit Hours

*See university General Education Core Requirements for options.
**The marketing major and the general management concentration have 24 credit hours of
major program requirements and 14 credit hours of non-business electives. All other business
majors and concentrations have 27 credit hours of major program requirements and 11 credit
hours of non-business electives.
All business graduates must earn a minimum 2.0 overall GPA in all core requirements and in all major program requirements.

**Special Admission Requirements for College of Business B.B.A. Majors**

1. Each student planning to pursue the B.B.A. degree in business must apply for admission to a business major upon completion of 60 credit hours.
2. Upon completion of 60 credit hours, each student who applies for admission to a major in business will be admitted if the following requirements are met:
   a. The student must have attained a minimum overall grade point average of 2.0 except accounting majors who must attain a minimum of 2.5.
   b. The following English composition and mathematics courses of the General Education Requirements must have been successfully completed:
      - ENGL 1010 Critical Reading & Expository Writing
      - ENGL 1020 Critical Thinking & Argumentation
      - MATH 1530 Probability & Statistics - Non-Calculus
3. These admission standards apply to all entering ETSU students, to ETSU students seeking to change from a nonbusiness to a business major, to students seeking to transfer from other institutions, and to students readmitted to ETSU.

Additional information regarding College of Business admissions and retention policies, as well as career opportunities in business, may be obtained in the college’s Office of Undergraduate Studies in room 213, Sam Wilson Hall, phone (423) 439-5275.

**Minor** - A minor is not required for students who have B.B.A. majors.

**Graduate Studies** - The College of Business offers the Master of Business Administration (M.B.A.) degree, the Master of Accountancy (M.Acc.) degree, the Master of Public Management (M.P.M.) degree, and the Master of City Management degree (M.C.M.). Further information on graduate programs is contained in the School of Graduate Studies Catalog or may be obtained from the college’s Office of Graduate Studies in room 214, Sam Wilson Hall. Phone: 423/439-5314.

**Computer-Integrated Manufacturing Program (CIM)** - The computer-integrated manufacturing program is a cooperative effort involving the College of Applied Science and Technology, the College of Business, other university sectors, and industry.

**Center for Banking** - The Center for Banking conducts research and education programs for bank managers and for students with an interest in banking careers. Included are an internship program providing students with practical, on-the-job experience and a speakers program which brings banking and government officials to the classroom.

**Suggested Course Sequence for All B.B.A. Majors in the College of Business**

*Students with fewer than two years of high school algebra should enroll in a developmental mathematics course before attempting MATH 1530. MATH 1530 must be completed as soon as possible.

**Please see the appropriate College of Business academic department for upper division course scheduling or contact the Office of Undergraduate Studies in Sam Wilson Hall.

NOTE: Students who anticipate working part time or full time should reduce their class loads accordingly. Actual class loads per semester may vary as long as a minimum total of 128 credit hours is completed for graduation. While the above is not a required sequence, it is strongly recommended in order to avoid scheduling problems due to course prerequisites.

**College Of Business Intensive Courses**

At the present time the following business courses have been designated as intensive courses to meet university general education requirements. Writing-Intensive (WI) courses are Accountancy 3000 and 4610; Economics 4447 and 4610; Finance 3300, 4447, 4520, 4560, 4597, 4617 and 4620; Management 3300, 3320 and 4910; Marketing 3750 and 4910. Oral Communication-Intensive (OCI) courses are Accountancy 3000; Economics 3700; Finance 4597, 4617 and 4620; Management 3200, 4010 and 4020; Marketing 3740. Using Information Technology (UIT) courses are Accountancy 4310; Economics 2080; and Management
Accredited by: AACSB - The Association to Advance Collegiate Schools of Business

The Department of Accountancy offers a major in accountancy within the bachelor of business administration degree. The program is aimed at students seeking a general degree in accounting. Students seeking professional positions in accountancy should enroll in the Master of Accountancy program after completing their accountancy B.B.A. degree. The M.Acc. is a 33-semester-hour graduate program that enables students to achieve mastery of accounting and auditing theory and procedures and current professional topics. It also meets the educational requirements for certification as a certified public accountant, certified management accountant, or certified internal auditor.

Admission - Requirements for admission to the accountancy major: (1) have a minimum overall GPA of 2.5; (2) earn a minimum of a "C" in each accounting course; and (3) meet College of Business admission requirements.

Accountancy Major Credit Hours
ACCT 3000 Professionalism in Accountancy ........................................ 3
ACCT 3010 Financial Accounting I ............................................. 3
ACCT 3020 Financial Accounting II .......................................... 3

Interdisciplinary Minor in Leadership Studies

The Department of Management and Marketing serves as the academic host for the interdisciplinary minor in leadership studies. It is designed to provide students with the necessary knowledge, skills and experiences to fulfill future community-based and business leadership roles. It is designed to complement any major at ETSU. The minor consists of 21 credits and 8 experiences for a portfolio. Once the student has officially declared the intent to participate in the minor, a portfolio advisor will be assigned from the Center for Student Life and Leadership. It is recommended that a student begin work on the portfolio as soon as possible. Assignment of a community/campus mentor will not be made until the end of the junior year.
Core Competency

Ethics and Social Responsibility
Select one course from: ...................................................... 3
HUMT 1020 Introduction to Service-Learning
SPCH 4366 Communications Ethics
PHIL 4017 Ethical Theory
MGMT 3320 Management and Social Responsibility
ENGL 3150 Literature, Ethics, and Values

Oral Communication
Select one course from: ...................................................... 3
MGMT 3200 Organizational Communication
SPCH 2320 Argumentation and Debate
SPCH 3380 Dynamics of Group Leadership
SPCH 4346 Business and Professional Communication
SPCH 4357 Communications in Organizations

Written Communications
Select one course from: ...................................................... 3

Marketing Minor

Economics Major

The Bachelor of Arts Degree in Economics

The Bachelor of Arts degree in Economics (B.A.) is a non-business degree. The most significant differences between the Bachelor of Business Administration degree (B.B.A.) and the Bachelor of Arts degree in Economics (B.A.) are:

Non-Business B.A. Students:
1. ARE REQUIRED to satisfy “Bachelor Degree Requirements” listed below.
2. DO NOT complete the College of Business “BASIC CURRICULUM FOR ALL COLLEGE OF BUSINESS B.B.A. MAJORS” found on page 127 of this catalog.
3. ARE REQUIRED to demonstrate proficiency in a foreign language (see page 108 of this catalog).
4. ARE REQUIRED to limit their Business Administration and Management courses to no more than 25 percent of the total number of hours completed for the B.A. degree. The 25 percent limit includes courses in Accounting, Finance, Management, and Marketing.

Requirements for the Bachelor of Arts in Economics (B.A.)

General Education Requirements: ................................. 49 Credit Hours
ENGL 1010 Critical Reading & Expository Writing ................ 3
ENGL 1020 Critical Thinking & Argumentation .................... 3
CSCI 1100 Using Information Technology ......................... 3
PHYS 2110 Physical Education (Lifeline) .............................. 1
PHYS 2120 Physical Education (Fitness) .............................. 1
HIST 2010 United States to 1877 ...................................... 3
HIST 2020 United States Since 1877 .................................. 3

*These electives must be approved by the chair of the Department of Management and Marketing prior to enrollment.
Requirements for the Bachelor of Arts in Economics (B.A.)

The School of Continuing Studies is the academic unit responsible for the special needs of adult and nontraditional students. In addition to the Office of the Associate Vice President for Public Service and Dean of Continuing Studies, there are several centers with special programs or services.

Division of Cross-Disciplinary Studies

The Division of Cross-Disciplinary Studies administers the Bachelor of General Studies, Bachelor of Applied Science, Bachelor of Science in Interdisciplinary Studies, Bachelor of Science in Professional Studies and the Master of Arts in Liberal Studies degrees. The Division also facilitates credit classes at sites other than Johnson City, Bristol, Greeneville, and Kingsport. Arrangements for off-campus courses can be made by calling Cross-Disciplinary studies at (423) 439-4223. In order to serve the needs of organizations such as business/industry and school systems, courses are taught on-site at organizations when appropriate faculty are available. The courses can be existing classes, or course content can be tailored to the organization’s needs within approved limits established by ETSU academic departments and faculty.

Office of Professional Development

The Office of Professional Development responds to the demand for specialized continuing education, lifelong learning opportunities, and training by offering courses and activities throughout the region, while highly defined and technical programs allow the scope of this unit to extend beyond the region. This unit is a major source for seminars, workshops, conferences, non-credit courses, teleconferences, and customized training for the professional, cultural, industrial, educational, and business communities. In-house programs can be designed to fit the needs of private or public sector employers and professional organizations. Interaction with the community occurs on a daily ongoing basis. Lifelong learning and serving the public are major goals. Professional Development partners with other ETSU departments and offices, when applicable, to achieve these goals.

ETSU/UT at Kingsport

Kingsport - Day, evening, and weekend classes including lower division, upper division, and graduate courses are offered each term at the ETSU/UT at Kingsport campus in Kingsport, Tenn. Undergraduate offerings meet most of the freshman and sophomore degree requirements of most ETSU programs. Graduate evening courses are available in selected academic areas. Scholarships for full- and part-time students are available. Courses are taught by full-time ETSU faculty based at the center, faculty from the main campus in Johnson City, and adjunct instructors from the community. Career counseling, academic advising, and financial aid assistance are available. A variety of intramural and other student activities are also available.

The University of Tennessee Kingsport Graduate Program serves students enrolled in graduate engineering programs and students who are interested in the University of Tennessee’s online programs through their office of distance education and independent study. Facilities on the 100-acre site include computer registration via GoldLink Online, bookstore, library, biology and chemistry labs, computer labs, and a gymnasium/weight room.

ETSU at Bristol

Bristol – Day and evening classes, including lower division, upper division, and graduate courses, are offered each term at ETSU at Bristol, located at 1227 Volunteer Parkway, Executive Park Plaza. Undergraduate core courses plus selected courses from several undergraduate and graduate majors are available. Courses are taught by full-time faculty or adjunct instructors from the community. Academic advising is available by appointment and additional support services are provided at designated times each semester. Student services and facilities include registration and fee payment, student financial aid information, I.D.s and tutoring, library with computer connections to main campus, a computer laboratory, three instructional television classrooms, a bookstore annex, and a Grand Hall for community events.

Students may pursue a Bachelor of General Studies (B.G.S.) or take classes leading to majors in business, education, criminal justice and engineering technology. The entire R.N. to B.S.N. nursing program is available on selected weekends. Other master's degrees include: Professional Communications, Early Childhood Education, Secondary Education/Classroom Technology, and Master of Business Administration (M.B.A.).

Office of Professional Development

The Office of Professional Development responds to the demand for specialized continuing education, lifelong learning opportunities, and training by offering courses and activities throughout the region, while highly defined and technical programs allow the scope of this unit to extend beyond the region. This unit is a major source for seminars, workshops, conferences, non-credit courses, teleconferences, and customized training for the professional, cultural, industrial, educational, and business communities. In-house programs can be designed to fit the needs of private or public sector employers and professional organizations. Interaction with the community occurs on a daily ongoing basis. Lifelong learning and serving the public are major goals. Professional Development partners with other ETSU departments and offices, when applicable, to achieve these goals.

ETSU at Greeneville

Greeneville – Working cooperatively with Walters State Community College, ETSU offers junior, senior and graduate-level courses from selected academic disciplines to the residents of the Greeneville area each semester. Both day and evening courses are delivered through ETSU’s distance education program and in the traditional classroom setting. A state-of-the-art computer lab provides Greeneville students with access to the ETSU Library and the Internet.

Located in the Greeneville-Greene County Center for Higher Education, at 215 North College Street, this new site represents a sharing of facilities between two Tennessee Board of Regents institutions and enhanced access to opportunities for advanced education and lifelong learning. ETSU and Walters State have an articulation agreement in Greeneville that improves student transfer between the community college and the university. Current ETSU coursework at the Greeneville Site is centered around the academic disciplines addressed in the articulation agreement and other courses and cohort programs designed for the specific needs of the local community. The Greeneville site is also home to the Tennessee Institute for Economic Development, a unique public service partnership between the TBR and UT systems.

Office hours: Monday-Thursday 8:00 a.m. - 7:00 p.m.
Telephone: (423) 787-7300
Fax: (423) 787-7305
East Tennessee State University

Office of Distance Education
P.O. Box 70427 Phone: 423/439-6809

The Office of Distance Education offers live, interactive televised courses, professionally produced telecourses through public broadcast and by video checkout, and WWW/Internet-based courses.

Live, interactive Television Courses. These courses usually scheduled campus classes transmitted to off-campus locations at ETSU/UT at Kingsport, ETSU at Bristol, and ETSU at Greeneville. ETSU can link with other educational institutions to deliver or receive live courses or programs outside of our primary service area. All interactive television distribution systems allow the university to serve undergraduate and graduate students at off-campus locations while also integrating them into the regular campus classroom. Classroom facilitators meet with the students during class at all receive-site locations. All class meetings are taped and copies are placed in the Sherrod Library Media Center (311 Sherrod Library), ETSU/UT at Kingsport Library, ETSU at Greeneville and ETSU at Bristol for students to view at the sites if they miss a class or need to review a class session.

Telecourse. Each spring and fall semester, the university offers a few professionally produced telecourses through WSJK, channel 2, and WKOP, channel 15, East Tennessee’s public television stations. A limited number of telecourses are also available through video check-out. For public broadcast and video check-out, telecourses are intended for students who have past college experience, are self-motivated, and can learn in a more independent learning environment than is required for regular courses. Although telecourses eliminate the requirement to attend weekly in-class lectures, the other regular academic requirements remain, e.g., textbooks, tests, and research papers. Students are supervised by a faculty member and attend scheduled meetings during the semester. An orientation for each course is held at the beginning of the semester. Videotapes of lessons are available in the Sherrod Library Media Center (311 Sherrod Library) for viewing from 8 a.m. - 10:30 p.m., Monday through Thursday, on Fridays from 8 a.m. - 6 p.m., on Saturdays from 10 a.m. - 6 p.m., and on Sundays from 2 p.m. - 10:30 p.m. Videotapes are also available at the ETSU/UT at Kingsport library (423-392-8000), ETSU at Kingsport (423-844-6300), and ETSU at Greeneville (423-787-7300).

Internet and Web-Enhanced Courses. ETSU’s Office of Distance Education licenses Blackboard CoursesInfo, a course management system, and maintains servers for Internet/WWW and web-enhanced courses. ETSU policy states that a course is classified as an Internet/WWW course when more than 50 percent of the course is taught online. A web-enhanced course includes course materials available online that supplement instruction for traditional face-to-face instruction, telecourses, and live, interactive television courses.

Several graduate and undergraduate Internet/WWW-based courses are offered every semester. In fall 2001, the Associate in Science to Bachelor of Science in Dental Hygiene degree from the College of Public and Allied Health began.

Students should be mature and self-motivated and directed and feel comfortable working in an independent learning environment. Students should also have access to a computer and the Internet. A few Internet/WWW courses are conducted entirely online. For other Internet/WWW courses, faculty may require students to obtain permission to enroll, have mandatory orientations at the beginning of the semester, and/or require in-class meetings to conduct lab sessions, and for review and exams throughout the term. For each Internet course, faculty create a public page that includes a course description, prerequisites, objectives/goals, assignments, and other items that a student will need to know before enrolling. All Internet/WWW courses are password protected. Complete information is available online for students to access and navigate Internet/WWW courses.

Bachelor of General Studies (B.G.S.)

P.O. Box 70659 Phone: 423/439-4223

The School of Continuing Studies offers the Bachelor of General Studies (B.G.S.) to provide adult students an alternative to traditional degree programs. A learner-centered program, the B.G.S. allows students to develop an individualized program of study specifically tailored to their learning needs.

The program is intended for the mature student, generally 21 or older, who wishes to complete an undergraduate degree while still fulfilling employment and family responsibilities. Each student follows an Individual Learning Plan (ILP). This plan is a written summary developed by the student and B.G.S. advisor that includes the ETSU general education core, previous college-level work and elective credits to meet graduation requirements and the student's personal and professional goals. Recognizing that learning takes place in nonacademic settings, the B.G.S. program encourages students to pursue credit for college-level prior learning. Credit may be earned through such programs as the College Level Examination Program (CLEP), departmental challenge exams, or submission of a prior learning portfolio that is evaluated by ETSU faculty. Due to the unique nature of this degree, double majors are not allowed.

Admission Requirements:
1. A student must be admitted to the university through the Office of Admissions.
2. Once accepted, the student must apply for admission to the B.G.S. program through the School of Continuing Studies and meet these requirements.
   a. The student must be 21 or older but not have 100 or more semester hours. (Exceptions to the 100 hours completed may be appealed to the Associate Dean, Division of Cross-Disciplinary Studies.)
   b. The student must complete the Cross-Disciplinary Studies application.
   c. The student must write a brief essay that includes academic goals and objectives and the reason the B.G.S. program is appropriate.
   d. The student must interview with the B.G.S. advisor. The student must show evidence of ability to do highly independent work. Students better served by traditional academic programs will be referred to those programs.

- PHED Lifeline
- Proficiency intensives

2. Individual Learning Plan (ILP). The student's Individual Learning Plan, designed with the help of an academic advisor, must include the following course: BGSD 3210 Professional Field Experience (three semester hours). The ILP is prepared early in the student's program. Each student's ILP consists of prior learning and all planned new learning. Prior learning includes previous coursework, credit for CLEP and other exams, credit recommended by the American Council on Education, and prior learning portfolio credit. New learning consists of the ETSU courses the student plans on completing to meet degree requirements. B.G.S. majors are required to limit their hours from the College of Business to no more than 25 percent of the total number of hours completed for the B.G.S. degree.

3. Senior-Level Institution. A minimum of 60 semester hours must be completed at a senior-level (four-year) institution.

4. Upper Division and Residency. 34 credits of the student's total program must be upper division (3000/4000 levels). At least 30 semester hours of credit must be completed in residence at ETSU. Evening, off-campus courses, and credit earned through the portfolio are considered residence credit.

5. Grade Point Average. A minimum grade point average of 2.0 is required to graduate.

6. Minor. A minor is not required for B.G.S. students but students may choose to pursue a minor if it fits their goals.

7. Professional Field Experience. Satisfactory completion of the B.G.S. Professional Field Experience (BGS 3210) is required to graduate.

8. Total Hours. 120 semester hours are required.

BGS 3210. Professional Field Experience (3 credits) – Required of all B.G.S. students. Senior standing. The purpose is to increase the student's knowledge in a particular personal or career-related area through a practical learning experience. This must be new learning by the student and submitted in the form of a culminating project.

The Prior Learning/Experiential Learning Portfolio

The prior learning portfolio is an option available only to B.G.S., B.S.I.S., and B.S.P.S. students that allows them the opportunity to earn credit for their college-level learning that has taken place outside the traditional college classroom. In consultation with the advisor, students prepare a prior learning portfolio. The finished portfolio is submitted to the advisor to appraise form and content. Final approval is made by the appropriate departmental faculty. Credit may only be awarded for prior learning that directly equates to specific ETSU courses.

If a student transfers from the B.G.S., B.S.I.S., B.S.P.S. and B.A.S. to another major, hours earned through the prior learning portfolio cannot be applied to the new major. No more than 25 percent of the degree may be earned through the prior learning portfolio process. In a 120-semester-hour program, this limit is 30 semester hours. Credit earned through the prior learning portfolio is ungraded and does not affect the student's grade point average. Portfolio credit does count as ETSU residence credit.

The Bachelor of Applied Science (B.A.S.) degree is designed to offer students with Associate of Applied Science (A.A.S.) degrees in technical fields the opportunity to obtain a baccalaureate degree by using more of their A.A.S. hours than normally transfer to a four-year institution. It is not intended for students with degrees in health-related areas where articulation agreements with ETSU already exist. The B.A.S. is an individualized program that allows students to design a program of study that best meets their needs for professional development and career enhancement.

Admission Requirements

1. Students must have the A.A.S degree in a field that does not have an articulated program with ETSU.

2. Students apply to ETSU and must meet ETSU general admission requirements.

3. Upon acceptance to ETSU, students complete an admissions interview with a B.A.S. advisor.

4. The B.A.S. advisor recommends admission or denial to the Associate Dean, Division of Cross-Disciplinary Studies.

5. The Associate Dean accepts or denies admission.

General Education Core Total: 44-45

Additional graduation requirements:
- PHED Fitness
- PHED Lifeline
- Proficiency intensives

3. A.A.S. degree transfer hours. Up to 60 credits from the student's A.A.S. degree may be applied to the B.A.S. degree.

4. Gateway Courses. Gateway courses are five ETSU courses required by all B.A.S. students, including the following: ENGL 1020, MATH 1530, and HIST 2010 and/or advisor approved courses. (These courses...
all apply to the student's degree.) Each course must be completed with the minimum 2.0 prior to petitioning to earn credit for the following technical specialty courses from their A.A.S. degree.

After completion of all Gateway courses as required, the B.A.S. advisor will complete a form to petition for credit for up to 30 technical specialty hours to be used in the degree program. These hours will be assigned to special categories used only for this degree. The advisor will determine how these hours may be applied to the student's program.

4. Technical Specialty. Technical courses from A.A.S. degree that did not have direct transfer. In order to petition to earn credit for up to 30 of these hours, students must have met two conditions: (1) completion of all Gateway courses with minimum 2.0 in each course and (2) a minimum overall 2.0 GPA for all ETSU work.

5. Professional Development Concentration. This consists of either:
   (1) an existing ETSU minor (Minors that require fewer than 27 hours must be complemented with approved electives to total 27 hours.) OR
   (2) a self-designed program. This option must include a total of 30 hours of upper-division coursework (3000/4000 level) in total degree program.

6. General Electives. Approved electives to complete 120 total hours.

7. All other graduation requirements of the university must be met. See index for listing of these requirements in front section of the catalog.

8. Total Credits. 120 credits required.

---

### Bachelor of Science in Interdisciplinary Studies (B.S.I.S.)

**A Regents Online Degree Program (RODP) at ETSU**

P.O. Box 70659  
916 W. Maple St.  
Phone: 423/439-4223

The web-based Bachelor of Science in Interdisciplinary Studies (B.S.I.S.) is part of the TBR Regents Online Degree Program (RODP) that began fall 2001. It is designed especially to meet the needs of those whose access to higher education has been limited. This population is generally composed of returning adult students whose work, geographical restriction, family obligation, and/or other confinements have made difficult and unlikely attendance in traditional courses on campus. It is intended for adults who have completed an associate degree, or at minimum, some college credit. The B.S.I.S. is not designed for those who have previously earned another four-year degree. The B.S.I.S. features the opportunity for students to integrate personal and professional growth through the exploration of perspectives, philosophies and experience in a variety of disciplines. Additionally, it requires two areas of concentration where the students may choose a minor or 12 hours of related coursework appropriate to their educational and professional goals. This degree may be obtained totally online or in a combination of traditional classroom and online courses.

### Admission Requirements

1. Students apply to ETSU and must meet ETSU general admission requirements.
2. Upon acceptance to ETSU, students complete an admissions interview with a B.S.I.S. advisor. The interview may be completed over the telephone or through some other electronic means. The purpose of the interview is to determine whether the B.S.I.S. is the best program for the students, or if the student would be better served by another degree program.
3. Students must complete the Cross-Disciplinary Studies application.
4. The B.S.I.S. advisor recommends admission or denial to the Associate Dean, Division of Cross-Disciplinary Studies.
5. The Associate Dean accepts or denies admission.

### Curriculum Requirements

1. **General Education Core Requirements.** Students may choose regular ETSU general education core courses or RODP general education core courses that are currently developed.*

   **General Education Core Total**

   **Curriculum Requirements**

2. **Technical Specialty.** If a student changes majors, these courses will not fulfill the regular graduation requirements.

3. **Guided electives.** The student will complete up to 51 hours of advisor-approved elective courses.

4. **Upper division requirement.** 34 hours of the student's entire B.S.I.S. degree program must be at the 3000/4000 levels.

5. All other graduation requirements of the university must be met. See index for listing of these requirements in front section of the catalog.

6. **Total Credit Hours.** A total of 120 credit hours are required.
The web-based Bachelor of Science in Professional Studies (B.S.P.S.) is part of the TBR Regents Online Degree Program (RODP) that began fall 2001. It is designed especially to meet the needs of those whose access to higher education has been limited. This population is generally composed of returning adult students whose work, geographical restriction, family obligation, and/or other confinements have made difficult and unlikely attendance in traditional courses on campus. It is intended for adults who have completed an associate degree, or at minimum, some college credit. The B.S.P.S. is not designed for those who have previously earned another four-year degree. Students will choose to complete one of two concentrations: information technology or organizational leadership. The information technology concentration provides knowledge of the management information systems field and prepares students to work in most information systems departments in business, industry or government. The organizational leadership concentration provides the students the opportunity to learn and develop skills in management and communication for work in various management areas. This degree may be obtained totally online or in a combination of traditional classroom and online courses.

**Admission Requirements**

1. Students apply to ETSU and must meet ETSU general admission requirements.
2. Upon acceptance to ETSU, students complete an admissions interview with a B.S.P.S. advisor. The interview may be completed over the telephone or through some other electronic means. The purpose of the interview is to determine whether the B.S.P.S. is the best program for the students, or if the student would be better served by another degree program.
3. Students must complete the Cross-Disciplinary Studies application.
4. The B.S.I.S. advisor recommends admission or denial to the Associate Dean, Division of Cross-Disciplinary Studies.
5. The Associate Dean accepts or denies admission.

   SOLVE: RODP MAJORS (B.S.I.S. and B.S.P.S.) ONLY:
   a. BIT 1150 R50, Intro to Microcomputers, may be used to fulfill the CSCI 1100 requirement.
   b. HMSE 1100 R50, Concepts of Fitness and Wellness, may be used to fulfill the physical education requirement.

   If a student changes majors, these courses will not fulfill the regular graduation requirements.

2. **Professional Core.** The professional core is a total of 18 hours. The student chooses one course from each of the following six areas:

   - **Area One: Administration and Supervision (3 credits)**
     - Principles of Administration
     - Public Administration
     - Principles of Management and Organization Behavior

   - **Area Two: Organizational Systems (3 credits)**
     - Non-profit Organizations
     - Complex Organizations and Occupations
     - Organizational Theory and Behavior
     - Nursing Management
     - Organizational Theory and Development

   - **Area Three: Teamwork and Organizational Relationships (3 credits)**
     - Organizational Communication
     - Small Group Communication
     - Integrated Corporate Communication
     - Psychology of Stress Management
     - Developing Volunteer Programs
     - Professional Development

   - **Area Four: Statistical Methods (3 credits)**
     - Social Statistics
     - Applied Sociology
     - Introduction to Social Research
     - Basic Statistics for Behavioral Science

   - **Area Five: Written Communications (3 credits)**
     - Technical and Professional Writing
     - Computers, Writing, and Literature
     - Professional Communication I
     - Professional Writing
     - Software and Technical Writing
     - Technical Communication
     - Written Professional Communication

   - **Area Six: International Context (3 credits)**
     - International Relations
     - International Communication
     - Latin America: The Country and Peoples
     - International Law
     - Sociology of Mass Communication
     - International Health: Problems and Issues
International Political Economy
Mass Media and Cultures

3. Concentrations. Students will choose to complete one of the following 24-credit concentrations.

Information Technology (24 credits)
Intro to Management Information Systems ............................................. 3
Files/Operating Systems (Systems Analysis Methods) .................... 3
Database Management ........................................................................... 3
Network Design and Management ...................................................... 3
Software - Analysis and Design ............................................................ 3
Internship or 6 credits of Approved Coursework ......................... 6
Capstone ...................................................................................... 1-3

OR

Organizational Leadership (24 credits)
Management of Human Resources .................................................. 3
Sociology of Occupations ................................................................. 3
Legal Environment .............................................................................. 3
Interpersonal Communication ........................................................... 3
Psychology of Personality ................................................................. 3
Internship or 6 credits of Approved Coursework ......................... 6
Capstone ...................................................................................... 1-3

NOTE: Courses continue to be developed for the above, so titles only are listed at this time.

4. Guided Electives. The maximum total of electives is 33 hours.
5. All other graduation requirements of the university must be met. See index for listing of these requirements in front section of the catalog.
6. Total Credit Hours. A total of 120 credit hours are required.
Organization

The college includes the departments of Curriculum and Instruction (interdisciplinary studies [elementary], secondary teaching, reading, instructional media, instructional technology, and science education); Human Development and Learning (child development, early childhood education, educational foundations, counseling, and special education); Physical Education, Exercise and Sport Sciences (physical education, exercise science, and sport management and leisure services); and Educational Leadership and Policy Analysis (beginning administrator). There is also a concentration at the doctoral level for persons in postsecondary and private sectors who do not have teacher certification.

A child study center is operated as a part of the early childhood education program. In addition, a campus school, grades K-12, is operated in association with the College of Education.

For a listing of majors, degrees, and concentrations, see the section of Degrees and Graduation Requirements and subsection Majors, Degrees, and Concentrations.

Teacher Education

The university is approved for the offering of courses appropriate to initial teacher licensure, renewal of the Teachers Professional Certificate, and planned added endorsements. Policies of the Tennessee State Board of Education and of East Tennessee State University must be followed in completing programs leading to the university's recommendation for teacher licensure.

Entering students who are pursuing degrees leading to teacher licensure in elementary education, early childhood education, physical education, or special education are classified as Pre-Education (PRED) until they meet the requirements for admission to teacher education (see below). These students receive advising from the Office of Student Services located in room 321 of Warf-Pickel Hall. Once students are formally admitted to Teacher Education, they declare a major in early childhood education, interdisciplinary studies, special education, or physical education and are assigned a faculty advisor for their program.

Students who want to teach in an area usually taught in secondary schools major in the teaching content area (ex. History). Initial advising for students in secondary education is provided by personnel in the department that offers the teaching major or minor (or area concentration). Advising is available from College of Education personnel for secondary education students who identify themselves to the College of Education. A professional advisor is available in room 321 of Warf-Pickel Hall. All students should check with their advisors frequently to make sure they are completing the correct requirements for their particular situations.

All students planning to teach must be formally admitted to the university's approved teacher education program as described in this section of the catalog. One prerequisite for teacher education is a satisfactory performance on a prescribed test of basic skills mandated by the Tennessee State Board of Education.

Students holding the bachelor's degree who want to become eligible for initial classroom teacher licensure in special education must meet all requirements for admission to teacher education as well as other requirements for the bachelor's degree for teachers. In all other licensure areas, the College of Education requires the completion of an appropriate master's degree for initial certification of individuals who hold a non-teaching baccalaureate degree. For further information consult the professional advisor of the College of Education, 321 Warf-Pickel Hall.

Responsibilities of the College of Education include planning, coordinating, and implementing all university teacher education programs leading to initial or advanced preparation of public school teachers or school service personnel; providing professional services as requested by schools in the service area of the university; providing or assisting in the provision of appropriate in-service and professional development activities as requested; and planning and conducting research and development studies growing out of needs identified in academic programs or in the public schools.

Non-teaching Programs

In addition to those majors and concentrations leading to teacher licensure, the College offers additional majors and concentrations that do not have a teaching focus. The Department of Human Development and Learning offers three non-teaching concentrations. These are the early childhood development (general) concentration in the early childhood development major (jointly with the Department of Applied Human Sciences), the human development and learning (career) concentration in the human development and learning major, and the special education (non-teaching) major. The Department of Physical Education, Exercise and Sports Science offers two non-teaching concentrations. These are: a) exercise science and b) sports management and leisure services. Admission to these concentrations may take place at the time of admission to the university. Advisement is provided by faculty in the respective departments.

Center for Early Childhood Learning and Development

The Center for Early Childhood Learning and Development operates a model early childhood program for both infants and toddlers and an early learning program for children ages 3, 4, and 5. The programs are designed to include both normally developing and young children with disabilities. The center is used in preparing students to work in early childhood development and other related areas. Students may observe and participate in both center programs. For additional information call 439-7555.

Pre-Teacher Education – Declaration of Intent

All ETSU students desiring to complete a teacher education or other public school licensure program (for initial licensure, add-on endorsement, or advanced study in education) must file a Declaration of Intent in the Office of Student Services, 321 Warf-Pickel Hall. The Declaration of Intent should be filed before 30 semester hours of coursework have been completed or, in the case of transfer and post-baccalaureate students, in the first semester at ETSU. Delay or failure to file the Declaration of Intent may result in incomplete advisement. Students who have not filed the Declaration of Intent will not be considered for admission to teacher education and may be ineligible to enroll in many professional education courses.
Who must file a Declaration of Intent?

- undergraduates pursuing first-time teaching licensure
- transfer students pursuing first-time teaching licensure
- post-baccalaureate students pursuing first-time teaching licensure or additional endorsements; and
- students enrolled in master's degree programs desiring to earn teacher licensure or additional public school endorsement

Admission to Teacher Education

Students admitted to Teacher Education must:

1. Make formal application to the College of Education Teacher Education Program.
2. Complete 30 semester hrs. of General Education courses including the following: Writing (6 hrs.); Sciences (8 hrs.); Using Mathematics (3 hrs.); and 13 additional hours chosen from Using Information Technology; Heritage; Institutions and Society; Arts and Artistic Vision; Identity, Ethics and Social Responsibility; and Humanities.
3. Achieve a G.P.A. of at least 2.50 on all general education coursework attempted as reflected in the calculated grade point average, excluding Developmental Studies courses.
4. Meet standardized test requirements (either A.C.T. composite score of at least 22; or S.A.T. combined score of at least 920 (1020 if taken after 4/1/95); or minimum Praxis I scores for Reading (174, PPST or CBT), for Math (173, PPST or CBT), and for Writing (173, PPST or CBT)).
5. Submit a portfolio as initiated in EDFN 2100 Orientation to the Profession of Education.
6. Complete a successful interview with the College of Education Admission Board.
7. Demonstrate good moral character and freedom from any condition that would impair effectiveness as a teacher.
8. Complete EDFN 2100 Orientation to the Profession of Education with a grade of “C” or better and EDFN 2300 Foundations for Teaching with a grade of “C” or better. (Early Childhood majors must complete AHSC 2120 Foundations for Early Childhood with a grade of “C” or better.)

Because of the nature of the program, the university reserves the right to change the requirements in the teacher education program at any time when it is needed to meet state licensure standards.

Following admission to teacher education, students may declare a major in early childhood education, interdisciplinary studies, physical education (K-12 licensure), or special education.

Directed Student Teaching

All requirements for unconditional admission to teacher education must have been completed before enrolling in student teaching. Prior to admission to student teaching, students shall declare the areas in which they seek recommendation for licensure. Students will be placed in their major fields as well as other areas in which recommendation for licensure is sought with the approval of the appropriate department. ETSU will not recommend initial endorsement for areas that have not been declared before directed student teaching. Applicants who have completed a teacher preparation program in a Tennessee higher education institution approved by the Tennessee State Board of Education for the preparation of teachers in the area of licensure sought of a secondary endorsement to an elementary license or the addition of an elementary endorsement to a secondary license. A person who holds a Tennessee Teachers Professional License and wishes to add an endorsement to an existing teacher's license must complete the approved program in the area of licensure sought.

Students declaring a second field must have completed at least two-thirds of this requirement, as well as lower-division cognate courses, before being eligible for directed student teaching.

Applications for admission to the directed teaching program should be submitted to the Director of Field Services, 321 Warf-Pickel Hall, during the first week of the semester preceding the semester in which placement is requested. Students will not normally be placed earlier than one full semester following official acceptance of the application. Applications will be processed according to filing date. Students who delay applying for admission to teacher education, who delay in completing requirements, or who delay in applying for student teaching should be aware that they will be considered for placement on a space-available basis only.

Applications should indicate preference for placement in the locations being used in the semester concerned. However, the university reserves the right to exercise its best judgment in final determination of student placement based on student performance, teaching situations available, the number of applicants for a specific instructional area, and personal hardships.

A minimum academic average of 2.50 overall, in professional education courses (with no grade below “C-”), and in all areas for which endorsement is sought (with no grade below “C-”) is required for admission to student teaching. Candidates who student teach beginning fall 2001 are required to meet state mandated test score requirements on the Praxis II (formerly NTE) examination no later than two weeks prior to student teaching.

Applications must be endorsed by the major department not only for academic qualifications but also for physical, moral, and emotional health attributes to the teaching profession. If a second field is sought, the applicant must also have the endorsement of that department.

Questions regarding clarification of these policies should be referred to the Director of Field Services.

LICENSURE

Elementary teacher education students must complete the approved sequence of courses described in the Department of Curriculum and Instruction section.

Secondary teacher education students at East Tennessee State University must complete an approved teaching major or an approved teaching concentration. If other areas of licensure are sought, the appropriate approved program must be completed.

The initial Tennessee teacher's license will be issued only to those applicants who have completed a teacher preparation program in a Tennessee higher education institution approved by the Tennessee State Board of Education for the preparation of teachers in the area of licensure sought.

If the initial license is not obtained following completion of the approved program, requirements in effect at the time of application must be satisfied. In all cases, current state licensure requirements must be met regardless of when the student enters the program.

A person who holds a Tennessee Teachers Professional License may add teaching area endorsements by completing teacher education programs after the original license has been issued. Such programs include the addition of a secondary endorsement to an elementary license or the addition of an elementary endorsement to a secondary license. A person who holds a Tennessee Teachers Professional License and wishes to add an endorsement in another teaching area should contact the licensure analyst, room 321, Warf-Pickel Hall.

Requirements are established by the Tennessee State Board of Education for renewal of any type of license it issues. Such requirements include teaching experience and credit earned after issuance of the license.

The Tennessee State Board of Education has adopted regulations regarding the issuance of an initial license or adding an endorsement to such license for persons having completed a program in an out-of-state institution. The procedure for such applicants is prescribed by the State Board of Education. Application for initial licensing based on such programs should be made directly to:

Tennessee Department of Education
Office of Teacher Licensing
5th Floor, Gateway Plaza
710 James Robertson Parkway
Nashville, TN 37243-0377
(615) 532-4885.
All applicants for a teaching license in Tennessee must submit satisfactory scores on specified Praxis II tests. Applicants should request that a copy of their test scores be sent to:

College of Education  
East Tennessee State University  
Recipient Code #1198

Request current information about Tennessee test requirements at the Office of Education Student Services, room 321, Warf-Pickel Hall. Praxis Registration Bulletins are available at the University Testing Center, Room 428, Warf-Pickel Hall.

Following is a list of the teacher education programs leading to initial licensure that East Tennessee State University is approved to offer:

Licensure Fields

Elementary Education K-8  
English 7-12  
Foreign Language 7-12 (French, German, Spanish)  
Mathematics 7-12  
Psychology 9-12  
Science 7-12 (Biology, Chemistry, Physics, Earth Science)  
Social Studies 7-12 (History, Government/Political Science, Geography, Economics)  
Sociology 9-12  
Speech Communication 7-12  
Vocational Consumer Homemaking 5-12  
Technology Education 5-12  
Visual Arts K-12  
Music Education K-12 (Vocal, Instrumental)  
Theatre K-12  
Special Education  
Modified K-12  
Comprehensive K-12  
Preschool/Early Childhood PreK-1  
Speech/Language Pathology PreK-12 (master’s program, only)  
Health K-12  
Physical Education K-12  
Early Childhood Education PreK-4  
School Social Worker

In addition to the above programs for initial licensing, the college offers “add-on” endorsements in many of these areas, occupational home economics, and reading. An appropriate initial license must be verified in order to apply for an “add-on”. Consult the licensure analyst for information about specific programs.

The college also offers extensive graduate work, including school licensing programs in counseling and administration. Consult the Graduate Catalog for details.

Interdisciplinary Studies  
(ISED/Elementary Education K-8)

Teacher education students admitted to Interdisciplinary Studies prior to fall 2000 complete the program of study for the major and licensure under the catalog of entry. Specific general education core courses are mandated for all students who wish to complete the interdisciplinary studies program.

Interdisciplinary Studies Majors interested in 5-8 specialization should contact the professional education advisor in room 321, Warf-Pickel Hall in the College of Education.

Please read carefully the following information:

1. Interdisciplinary Studies Majors are required to complete the Initial Level Portfolio for presentation to the Department of Curriculum and Instruction Admission Board, the Evaluative Level Portfolio presentation at a designated benchmark, and the Student Teaching Portfolio for presentation to a panel of peers and faculty.

**Retention Criteria**

1. Review of students’ grades and personal/professional functioning will be undertaken. Coursework, fieldwork, and any other pertinent factors will be considered by the faculty of the Department of Curriculum and Instruction. Recommendations will be made for continuance in the program, continuance with specified remediations, or discontinuance.

2. During the semester prior to student teaching, each student will be evaluated. Factors to be considered will be coursework, field experiences, ethical behavior, and personal/professional concerns. The review will culminate in either approval for entry into student teaching or disapproval. A disapproval will result in a conference with the student and a description of necessary remedial steps. All remedial conditions must be removed prior to student teaching.

### Secondary Education K-12 Teacher Education

The requirements for teacher education programs at the secondary and K-12 levels are described below. Specific major field requirements may be found in the departmental sections of the catalog. Students should also consult the Professional Advisor in room 321, Warf-Pickell Hall or the Secondary Education program advisors in the Department of Curriculum and Instruction.

### General Education Requirements for Secondary and K-12 Teacher Education Students

The student should examine proposed major or second field department programs to determine the specific requirements in the following general areas:

<table>
<thead>
<tr>
<th>Proficiencies</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Writing (W)</td>
<td>6</td>
</tr>
<tr>
<td>Using Mathematics (UM)</td>
<td>3-4</td>
</tr>
<tr>
<td>Using Information Technology (UIT)</td>
<td>0-2</td>
</tr>
</tbody>
</table>

### Areas of Familiarity

| Science (S) | 8 |
| Heritage (H) | 9 |
| Arts and the Artistic Vision (AA) | 3 |
| Identity, Ethics, and Social Responsibility (IESR) | 3 |
| Institutions and Society (I) | 6 |
| Humanities Elective | 3 |

### Total in Core

| 41-44 |

In order to provide experience in cultural diversity and global perspectives, secondary and K-12 teacher education students must select as part of the general education requirement:

1. Three courses from the following:
   - ENGL 2230 World Literature
   - HUMT 2320 Introduction to Humanities II
   - PEXS 3500 Dance as Human Experience
   - WMST 2100 Introduction to Women's Studies
   - GEOG 1012 Introduction to Cultural Geography
   - SOAA 1240 Cultural Anthropology
   - HIST 1110 World History & Civ. to 1500
   - HIST 1120 World History & Civ. Since 1500
   - PHIL 1030 Self and World
   - PHIL 2020 Values and Society
   - PHIL 2210 Intro. to the Study of Religion
   - PHIL 2040 Philosophy as Conversation

### Please read carefully the following information:

1. Students in Secondary Education K-12 teacher education are required to complete the Initial Level Portfolio for presentation at the Department of Curriculum and Instruction Admission Board, the Evaluation Level Portfolio at a designated benchmark, and the Student Teaching Portfolio for presentation to a panel of peers and faculty.

### Professional Education Requirements for Secondary and K-12 Teacher Education Students

| EDFN 2100 Orientation to the Profession of Educ. | 1 |
| EDFN 2300 Foundations for Teaching | 3 |
| EDFN 3301 Issues in Education | 3 |
| HDAL 2310 Developmental Psychology (K-12) | 3 |
| HDAL 2330 Adolescent Psychology (Secondary) | 3 |
| HDAL 3310 Educational Psychology | 3 |
| MATA 3570 Educational Technology | 3 |
| SPED 2300 Exceptional Learners in Schools & Communities | 3 |
| READ 4437 Reading in the Middle Secondary School | 3 |
| CUAI 4417 Secondary School Curriculum & Methodology | 3 |
| CUAI 4427 Secondary School Curriculum & Methodology | 3 |
| **TOTAL** | **44** |

Please read carefully the following information:

1. Students are required to complete the Initial Level Portfolio for presentation to the Department of Curriculum and Instruction Admission Board, the Evaluation Level Portfolio presentation at a designated benchmark, and the Student Teaching Portfolio for presentation to a panel of peers and faculty.
Retention Criteria

1. Review of students' grades and personal/professional functioning will be undertaken. Coursework, fieldwork, and any other pertinent factors will be considered by the faculty of the Department of Curriculum and Instruction. Recommendations will be made for continuance in the program, continuance with specified remediations, or discontinuance.

2. During the semester prior to student teaching, each student will be evaluated. Factors to be considered will be coursework, field experiences, ethical behavior, and personal/professional concerns. The review will culminate in either approval for entry into student teaching or disapproval. A disapproval will result in a conference with the student and a description of necessary remedial steps. All remedial conditions must be removed prior to student teaching.

READING (READ)

The Reading Program offers courses in reading and storytelling that are required for licensure. Elective courses at the undergraduate level are provided for those interested in any aspect of teaching reading.

SCIENCE EDUCATION (SCED)

The Science Education Program offers an approved teacher education program leading to 7-12 licensure in a primary discipline such as biology, chemistry, physics, or earth science. After completing the program for one of the approved disciplines, the student would be eligible for licensure in the primary discipline, middle school science (7th and 8th), and physical science. Please note that a minor is required.

The entire program consists of the general education core for secondary and K-12 teachers, the professional education requirements, the general science basic core, and a specialization in one of the basic sciences. Students should confer with the appropriate discipline advisor; the science education advisor, and the College of Education professional advisor.

Educational Media and Educational Technology (MEDA)

The Educational Media and Educational Technology program offers courses in both school library media and technology.

The Educational Media and Educational Technology program offers coursework required for school library media specialist licensure for the state of Tennessee.

Department of Human Development and Learning (EDFN, HDAL, SPED)

P.O. Box: 70548 Phone: 423/439-7688

Chair: Dr. Patricia Robertson Phone: 423/439-7688
E-mail: robertpo@etsu.edu

Human Development and Learning offers programs that focus on the application of development, learning, and other psychological principles in a wide variety of settings including home, school, and community. Courses in the behavioral sciences are provided both for majors and students in other academic areas. Areas of emphasis include developmental, educational and applied psychology, psychological assessment, counseling, early child development, and special education.

The Department of Human Development and Learning offers three undergraduate programs leading to the bachelor of science degree: early childhood development, human development and learning, and special education. The department offers individuals holding professional teaching certification an opportunity to add an endorsement in special education. Also offered are programs leading to the master of arts and master of education degrees in early childhood, school counseling, marriage and family therapy, community agency counseling, and special education.

Students failing to demonstrate ethical and/or professional behaviors, as required by either the appropriate professional associations and/or the National Educational Association, upon review and substantiation (with due process), may be denied continuance in departmental programs. If intervention is indicated and completed, the student may petition the department for readmission.

Special Education (SPED)

P.O. Box 70548 Phone: 423/439-7688

Program Coordinator: Dr. Lori Marks Phone: 423/439-7685
E-mail: marks@etsu.edu

Students receiving a B.S. in special education (SPED) will obtain licensure in both the Modified and Comprehensive concentrations. This licensure in the state of Tennessee enables students to teach K-12. The Modified concentration will enable students to provide direct services in resource room and inclusive classroom settings plus consultative services to teachers in regular classroom settings. The Comprehensive concentration enables students to provide direct intensive services in more restrictive settings such as a self-contained classroom or a segregated setting. Students may earn a bachelor's degree after four years.

In addition to initial licensure at the baccalaureate level, post-baccalaureate programs are provided for adding a special education endorsement to existing education licenses. Licensure in Early Childhood special education is available at this level. This license will enable professionals to provide intervention services to children with developmental delays and their families.

Special education licensure programs in Tennessee are non-categorical covering mental retardation, learning disabilities, physical and multiple handicapped, emotionally disturbed, and gifted/talented. Students planning to teach in those states requiring categorical certification should meet with their advisor(s) to plan their programs according to the certification/licensure requirements of those states.

The non-teaching major and minor in special education assist persons preparing to work in ancillary positions, or who desire to learn more about special education programs/practice, but who are not planning to become classroom teachers. They do not lead to teacher licensure.

Special education programs require a minimum of 120 clock hours in the field prior to the student teaching experience. Mentor teachers, as well as university supervisors, will be involved in the assessment of each prospective student teacher's overall competency in actual classroom settings. Records are maintained and skills and competencies are evaluated following each field experience. Students who have difficulties in field experiences may be required to complete additional hours in the field.

Admission, Student Teaching, and Retention Standards

Admission Procedures

Students must meet the requirements for admission to teacher education as developed by the College of Education. Students majoring in special education, who desire admission to teacher education, must also meet the following conditions:

1. Successful completion of 30 semester hours of general education core, which includes completion of all English, Math, and Science coursework.
2. Grade point average of at least 2.5 in the above coursework.
3. Acceptable ACT, SAT, or PPST scores. (See standards as specified by the College of Education.)
4. Submission of a brief (2-3 pages) typewritten statement addressing reasons for choosing special education as a major field.
5. An interview with a panel, consisting of faculty from the special education program and representatives from community school districts.
6. Completion of EDFN 2100 and EDFN 2300 with a grade of C or better.

Following a review of the above by the special education faculty, the student will complete any additional coursework or remediation outlined by the SPED faculty. Admission to SPED is provisional.

Retention Criteria

1. Maintenance of 2.5 GPA in all coursework.
2. Special education courses with grades lower than C (2.0) must be repeated. In computing SPED grade point average (GPA) all grades received will be included.
3. Review of students’ grades and personal/professional functioning will be undertaken each semester. The SPED faculty will consider coursework, fieldwork, and any other pertinent factors. Recommendations will be made at this time for continuance in the program, continuance with specified remediations, or discontinuance.
4. During the semester before the student teaching/internship experience, each student will be evaluated. Factors to be considered will be coursework, field placement experiences, ethical behavior, and personal/professional concerns as described in the International Council for Exceptional Children code of ethics. The review will culminate in either approval for entry into the student teaching/internship in SPED, or disapproval. A disapproval will result in a conference with the student and a description of the necessary remedial steps. All remedial conditions must be removed prior to the student teaching clinical internship experience.

Student Teaching Criteria

Students wishing to apply for student teaching in special education must meet the following conditions:
1. Admission to Teacher Education.
2. Completion of all educational and special education methodology classes.
3. Grade point average of at least 2.5 in all coursework.
4. Grades of “C-” or better in all special education coursework.

GRADUATION REQUIREMENTS

General Education Requirements

Refer to the ETSU general education core of 41-44 semester hours as outlined previously in this catalog. When meeting the General Education Requirements, students must take three of the following eight courses:

- **ENGL 2330** World Literature
- **PEXS 3500** Dance as Human Experience
- **WMST 2010** Introduction to Women’s Studies
- **GEOG 1012** Introduction to Cultural Geography
- **SOAA 1240** Introduction to Cultural Anthropology
- **HUMT 2320** Intro. to the Humanities II: 1600 to present
- **HIST 1110** World History to 1500
- **HIST 1120** World History Since 1500

Additionally, when meeting the General Education Requirements, students must take one of the following courses:

- **PHIL 1030** Self and World
- **PHIL 2020** Values and Society
- **PHIL 2040** Philosophy as Conversation
- **PHIL 2210** Introduction to the Study of Religion

Professional Education Requirements

- **EDFN 2100** Orientation to Profession of Teaching .......................... 1
- **EDFN 2300** Foundations for Teaching ........................................ 3
- **EDFN 3301** Issues in Education ................................................. 3
- **READ 3100** Foundations of Reading OR .................................... 3
- **HDAL 4150** Literacy in Young Children OR ................................. 3
- **READ 4437** Reading for Middle & Secondary Schools ................. 3
- **HDAL 2310** Developmental Life-Span Psy. .................................. 3
- **HDAL 3310** Educational Psychology .......................................... 3
- **SPED 2300** Intro to Special Education ....................................... 3
- **MEDA 3570** Educational Technology ......................................... 3
- **EDFN 4581** Seminar in Education ............................................ 3
- **SPED 4850** Student Teaching in Special Educ. .............................. 12

Additional Program Requirement

- **PUBH 2030** First Aid and Emergency Care ................................. 3

Special Education Core

- **SPED 3300** Instructional Methodology in Special Education ............. 3
- **SPED 3350** Medical Aspects in Special Education ....................... 3
- **SPED 3400** Behavior Management for Individuals with Disabilities .......... 3
- **SPED 3410** Preclinical Experience in Behavior Management ............ 1
- **SPED 3445** Assistive Technology ............................................ 3
- **SPED 4477** Assessment in Special Education ............................... 3
- **SPED 4487** Collaboration with Families, Agencies, and Schools .......... 3
- **SPED 4700** Adaptations & Modifications for the Inclusive Classroom .... 3
- **SPED 4710** Preclinical Experience in Special Ed ............................ 2

Special Education Concentration

- **SPED 3365** Integrating Functional Skills into the Curriculum ............ 3
- **CUAI 3430** Methods in Teaching Elementary Mathematics .............. 3
- **SPED 4497** Curriculum in Special Education ............................... 3
- **SPED 4725** Management Strategies for Individuals with Severe Behaviors .......... 3
- **SPED 4757** Curriculum-Based Assessment .................................. 3
- **SPED 4750** Instructional & Transitional Services for ........................ 3

Nonteaching Minor

- **SPED 2300, 3350, 4477**, plus 9 hours of approved electives

Nonteaching Major

- **HDAL 3310**,  
- **SPED 2300, 3322, 3300, 3445, 3350, 4477, 4487**,  
- **PEXS 3032**,  
  plus 6 hours of approved electives (one of which represents an upper division writing-intensive course in addition to EDFN 3301).

Program Coordinator: Dr. Laurelle Phillips
Phone: 423/439-7903
E-mail: phillipl@etsu.edu

The Department of Human Development and Learning in the College of Education and the Department of Applied Human Sciences in the College of Applied Science and Technology offer an interdisciplinary undergraduate program leading to the bachelor of science degree in early childhood development. The program is designed to provide academic preparation in the growth and development of young children (0-8), their families, and environmental factors influencing their development. This major leads to licensure in PmK-3 in the state of Tennessee. The current program is being revised to meet new licensure standards for PmK-4 that are effective September 1, 2002. Please contact program advisors for details.

Advising: Each student will be assigned a faculty advisor when he or she enters the early childhood development program. Beyond the major requirements, the students and their advisors will determine the courses needed that are consistent with the students’ professional interests and goals.

Early Childhood Development (PreK-Grade 3 Licensure)

This program in early childhood is designed to meet the state competencies for licensure in PreK-3. It includes courses in early childhood development, a professional education component, and a student teaching experience in both PreK-K and grades 1-3.

General Education Requirements

Refer to the ETSU general education core of 41-44 semester hours as outlined earlier of this catalog. In order to provide experience in cultural diversity and global perspectives, students must take three of the following eight courses:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 2330</td>
<td>World Literature</td>
</tr>
<tr>
<td>GEOG 1012</td>
<td>Introduction to Cultural Geography</td>
</tr>
<tr>
<td>HIST 1110</td>
<td>World History &amp; Civilization to 1500</td>
</tr>
<tr>
<td>HIST 1120</td>
<td>World History &amp; Civilization since 1500</td>
</tr>
<tr>
<td>HUMT 2320</td>
<td>Intro. to the Humanities II:1600 to present</td>
</tr>
<tr>
<td>PEXS 3500</td>
<td>Dance as Human Experience</td>
</tr>
<tr>
<td>SOAA 1240</td>
<td>Introduction to Cultural Anthropology</td>
</tr>
<tr>
<td>WMST 2010</td>
<td>Introduction to Women’s Studies</td>
</tr>
</tbody>
</table>

Additionally, students must take one of the following four courses:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHIL 1030</td>
<td>Self and World</td>
</tr>
<tr>
<td>PHIL 2020</td>
<td>Values and Self</td>
</tr>
<tr>
<td>PHIL 2040</td>
<td>Philosophy as Conversation</td>
</tr>
<tr>
<td>PHIL 2210</td>
<td>Introduction to the Study of Religion</td>
</tr>
</tbody>
</table>
**Professional Education Requirements:**

EDFN 2100  Orientation to Professional Education .................. 1
AHSC 2120  Foundations of Early Childhood ......................... 3
EDFN 3301  Issues in Education .......................................... 3
HDAL 2310  Developmental Life-Span Psychology .................... 3

HDAL 4617  Student Teaching: Primary ................................... 6
HDAL 4957  Seminar in Student Teaching ............................... 3

**Additional Program Requirements:**

PUBH 2030  First Aid and Emergency Care ............................. 3
PEXS 3032  Psychomotor Development in Young Children ....... 3
READ 4147  Basic Storytelling ............................................ 3
SCED 4020  Wildlife Conservation ....................................... 3
CUAI 3430  Elementary Methods of Mathematics ................... 3

**Early Childhood Development**

AHSC 1110  Family Development ......................................... 3
AHSC 2110  Infant/Toddler/Child Development ....................... 3
AHSC 3110  Parent/Child/School Relations ............................ 3
AHSC 3120  Computers & Technology in Early Childhood ...... 1
AHSC 3140  Guiding Young Children ..................................... 3
SPED 3322  Early Intervention Strategies for the Exceptional Child ......................................................... 3
HDAL 3130  Evaluation of Young Children ............................. 3
HDAL 3155  Creative Development in Young Child ................. 3
HDAL 4150  Literacy in Young Children ................................. 3
HDAL 3117  Learning Environments in Early Childhood ........... 3
HDAL 4217  Program Planning for Young Children ................. 3

**Admission:** Any student who chooses to pursue early childhood for licensure in PreK-3 must apply for admission to the Teacher Education Program.

**Transfer Students:** Transfer students should apply for admission into the program and meet with an early childhood development advisor to plan their program. These students must meet the requirements of the university regarding transfer and program admission.

**MAJOR**

**Early Childhood Development**

This is an interdisciplinary degree that combines the early childhood offerings in Applied Human Science and Human Development and Learning. This major is not designed for licensure.

A minimum of 34 hours is required for this program in early childhood development plus a six-hour practicum/field experience. Students must have earned a grade of "C" or higher in all courses included in the undergraduate major in early childhood development. In addition, students need to declare a minor.

**Major in Early Childhood Development**

**Total PROGRAM HOURS** .................................................................. 129

**Minor:** A student majoring in this Early Childhood Development non-licensure program must select a minor in another area and meet the requirements of that specific program. A minor may include, but is not limited to, the following:
Human Development and Learning (HDAL)

Program Coordinator: Dr. Andi Clements  
Phone: 423/439-7682  
E-mail: clements@etsu.edu

The program in human development and learning leads to the bachelor of science degree (B.S.). It is designed to provide an applied behavioral science background for persons interested in working with people. It is also suitable for individuals planning to seek licensure as educators and for a wider audience including parents and others who seek a scientific understanding of how humans develop and learn.

Study in human development and learning can serve as a foundation for graduate study in human service fields such as teaching, counseling, and marriage and family therapy. Although it does not lead to professional licensure, it can serve as a knowledge base for careers in human service, human resource development, and jobs in a variety of public and private-sector organizations. It can also serve as a second area of academic emphasis for individuals majoring in other fields of study.

Students may choose a program of study that includes a minor and electives (at least 128 hours) which leads to the bachelor of science in human development and learning (HDLC). Students seeking teaching licensure may complete the bachelor of science program that includes a minor and electives (at least 128 hours) and subsequently obtain licensure by completing a 15-month (approximately 51-54 hours) master of arts in teaching program.

Admission

1. Students are not formally admitted to the program until they have completed 30 semester hours; however, interested students are encouraged to seek advising earlier. Students seeking advising or admission should see the program coordinator.

2. A broadly based determination of the applicant’s potential for academic and professional success will be made by departmental faculty. Factors considered for admission will include the applicant’s academic record, entrance examination scores, career goals, and communication skills. The following indicators of academic performance will be given particular attention.
   a. Scores on either the ACT or SAT will be considered in the context of the applicant’s high school and college record.
   b. A grade point average of 2.5 on all college-level courses completed at the time of admission is a minimum criterion.
   c. Effective communication skills are required. Students who lack acceptable communication skills but who are otherwise qualified for admission may be asked to complete certain courses or undergo other experiences in order to correct the noted deficiencies. Upon completion of the assigned remedial experiences, admission will either be denied, denied or additional work will be recommended.

3. Certain students who fail to meet minimum requirements for admission may be admitted on a probationary basis provided they have acceptable communication skills as noted above. Those students who present evidence of significant work experiences with children or adults, or those students whose admission test scores and/or grades are determined to have been diminished by cultural, linguistic, or certain educational factors may be admitted with the written understanding that they maintain a minimum grade point average of 2.5. Students who also lack acceptable communication skills must satisfy the requirements described in item 2 c. above prior to probationary admission.

Course and Graduation Requirements

1. The following courses are required for a major in human development and learning. These courses (30 semester hours) must be taken by students pursuing any of the program options or by a student enrolled in any program who majors in human development and learning. As indicated below, two lower division prerequisites are required for entrance into certain of the major courses. They are: Child Psychology-HDAL 2320 or Developmental Life Span Psychology-HDAL 2310, and Elementary Statistics-PSYC 2810 or Probability and Statistics (Non-Calculus)-MATH 1530.

<table>

<td>Cultural Influences in Development (prerequisites: PSYC 1310 and HDAL 2310 or 2320)</td>
<td>3</td>
</tr>
<tr>
<td>HDAL 4950</td>
<td>Research in Learning and Dev. (prerequisite: MATH 1530 or PSYC 2810)</td>
<td>3</td>
</tr>
</tbody>
</table>

The above listed courses and their lower division prerequisite (Child Psychology-HDAL 2320 or Developmental Life Span Psychology-HDAL 2310) must be completed with a grade of “C” or higher in order to be accepted for major credit. Otherwise they must be repeated.

2. In addition to the courses constituting the HDAL major (and their prerequisites), students majoring in HDAL are required to complete the university’s general education core, a minor or second major, and electives chosen by the student and approved by the faculty advisor. In all, students must complete 128 semester hours (see typical program of study).
The following minors and/or second majors are suggested options:

**Advertising**
Occupational Health & Safety*

**Athletic Coaching***
Philosophy

**Broadcasting**
Political Science

**Criminal Justice**
Public Health

**Early Childhood Dev.**
Psychology

**English**
Social Work*

**Environmental Health**
Sociology

**History**
Special Education

**Journalism**
Speech

**Management***
Theatre

**Marketing***
*Minors only

3. A minimum grade point average of 2.5 is required for all work completed at the time of graduation.

4. Provided they have satisfied all other university, college, and departmental requirements, students may be granted the bachelor of science degree if:
   a. they have completed the major described in item one above;
   b. and the approved general education core and the minor or second major; and electives described in item two;

### Human Development and Learning Minor

(Pending TBR approval)

The minor in Human Development and Learning (HDAL) consists of 18 credit hours. Required courses make up twelve (12) of the credit hours. The other six (6) must be chosen from the guided electives. Nine (9) credit hours of the total minor must be Upper Division Courses.

The baccalaureate degree program in the Department of Physical Education, Exercise, and Sport Sciences has three areas of concentration: K-12, teacher education, exercise science, and sport management and leisure services. The teacher licensure program prepares students as professional physical educators in grades K-12. Please contact Dr. Diana Mozen (423/439-6157) for specific information about this program. The exercise science program prepares students to work in fitness management, wellness programs, and exercise prescription/rehabilitation. The sport management/leisure services concentration prepares students to work as leaders in the sport and leisure industry. The department is currently proposing a new B.S. major in sport and leisure management that should be in place by fall 2002. Please contact Dr. Tom Coates (423/439-5261) for further information. In conjunction with these primary areas of study,
there are opportunities for students to prepare for careers in coaching, recreation and related sport sciences.

The leisure services minor has been designed along a broad spectrum in order to allow students completing this minor to either begin work in a recreational capacity or to pursue other educational advancement on a graduate program level.

The athletic coaching minor has been designed to enable students to develop competencies necessary to coach in public or private schools or recreational settings. Emphasis is placed on psychology and physiology of sport, care and prevention of athletic injury, and advanced skill in coaching.

A variety of basic instruction courses aids students in developing and maintaining an active, healthy, and rewarding lifestyle.

Degree: B.S. in Physical Education

Concentrations: K-12 Teaching, Exercise Sciences, Sport Management and Leisure Services

K-12 TEACHING CONCENTRATION

The K-12 teaching concentration prepares students for teacher licensure in physical education in the state of Tennessee. When students satisfy the requirements for teacher licensure, they will be licensed to teach physical education in grades kindergarten through 12. The program of study provides extensive training in elementary and secondary pedagogy and supports the mission of the College of Education—Educating Leaders in the 21st Century. Teacher candidates are trained to assume leadership roles in the classroom, school, and community, while developing skills and knowledge in professional content and pedagogy with a special emphasis on technology, multicultural, and inclusion education. Physical Education specialists develop skills in reflective thinking and decision-making as they grow personally into caring lifelong learners. Students must be admitted to Teacher Education prior to enrolling in PEXS 3700, 3710, 4700, and 4710, EDFN 3301, MEDA 3570, CUAI 4580, and EDFN 4581.

EXERCISE SCIENCE CONCENTRATION

The exercise science concentration is a multidisciplinary approach to exercise, fitness, and wellness. The primary emphasis is on the effects of exercise on various body systems. Support studies from psychology, health education, and applied human sciences provide a knowledge base in the psychological aspects of health and behavior, generally oriented toward lifestyle maintenance and health promotion risk reduction.

SPORT MANAGEMENT AND LEISURE SERVICES

The sport management/leisure services concentration provides instruction and training in planning, organization, and leadership as they relate to the field of sport management and leisure services. Students are prepared to work in a consumer-driven and constituent-based profession. Clinical experience is a significant part of this program of study.

### MINORS

#### LEISURE SERVICES MINOR  (18 credits)

(Pending TBR approval)
- SALM 3100 Introduction to Leisure Services ............... 3
- SALM 3105 Programming & Leadership in Leisure Services .... 3
- SALM 3110 Interpretation of Cultural, and Natural Resources ....... 3
- SALM 3117 Recreation for Special Populations .................. 3
- SALM 3120 Outdoor Recreation Skills ............................ 3
- SALM 3135 Administration in Leisure Services .............. 3

Students selecting the leisure services minor should contact Dr. Tom Coates, 305 East Mini-Dome, 439-5261.

#### SPORT MANAGEMENT MINOR  (18 credits)

(Pending TBR approval)
- MGMT 3000 Organizational Management ........................ 3
- SALM 3220 Facility and Event Management ..................... 3
- SALM 3225 Public Relations and Marketing ..................... 3
- SALM 4205 Issues in Sport Management .......................... 3
- SALM 4225 Sport Management ..................................... 3
- SALM 4230 Fund Raising in Sport Management .................. 3

#### ATHLETIC COACHING MINOR  (20 credits)

(Pending TBR approval)
- PEXS 2955 Care & Prevention of Athletic Injuries .......... 3
- PEXS 3850 Scientific Basis of Human Performance .......... 3
- SALM 4215 Psychology of Sport & Leisure ..................... 4
- SALM 4225 Management of Sport & Leisure Activities ........ 3
- PEXS 4600 Athletic Coaching Practicum .......................... 3
- PEXS Two Electives from 3021, 3022, 3061, 3062, 3071, or 3072 ..... 4

Students selecting this minor should see Dr. Tom Roberts, in the Department of Physical Education, Exercise, & Sport Sciences.

---

East Tennessee State University

2002-2003 Undergraduate Catalog 153
PHYSICAL EDUCATION MINOR

The minor in physical education consists of 18 semester hours of study to be chosen by the student in consultation with an advisor assigned by the Department of Physical Education, Exercise & Sport Sciences. Courses taken prior to approval by an Advisor may not count for the minor. The minor in physical education does not meet Tennessee teacher certification requirements. One-hour activity courses and general education core courses may not be used to fulfill the requirements of this minor. Students selecting this minor should see the Chair of the Department of Physical Education, Exercise & Sport Sciences.

GRADUATE

Graduate Study - The Department of Physical Education, Exercise & Sport Sciences offers a graduate major in physical education leading to the master of arts or master of education degree. More information on these programs is contained in the two-course catalog.

PHYSICAL EDUCATION BASIC INSTRUCTION PROGRAM REQUIREMENTS (BIP)

University regulations require each student to complete two courses from the physical education basic instruction program (BIP) or an approved equivalent. University-approved equivalents include Marching Band (2 semesters) and MSCI 1130 (Mountaineering) = Lifetime activity and MSCI 1217 (PT) = Fitness activity. These courses should be completed during the freshman and sophomore years and are selected from departmental offerings listed under Physical Education Fitness Activities and Lifetime Activities. Major and minor courses may not be substituted for activity courses without permission from the department chair.

Students with disabilities may be eligible to enroll in PHED 2600, Adapted Physical Education. Approval for students who are physically challenged to enroll in PHED 2600 must come from the university physician in conjunction with Dr. Tom Coates (423/439-5261).

Students must select one course from the Fitness Activity category (1XXX) and one course from the Lifetime Activity category (2XXX) listed below to meet the two-course graduation requirement.

Fitness Activities

All Fitness Activities classes have a common lecture format, a common written examination, and a common fitness assessment. These activities are designed to provide students with a common fitness experience.

1115 Aerobic Dance ..............................................(1 credit)
1120 Aquafitness ..................................................(1 credit)
1130 Fitness for Life* ............................................(2 credits)
1135 General Conditioning .....................................(1 credit)
1137 Power Walking .............................................(1 credit)
1140 Strength Conditioning ....................................(1 credit)
1150 Weight Management Exercise* ....................(1 credit)

Lifetime Activities

2105 Beginning Ballet ........................................... (1 credit)
2110 Intermediate Ballet ...................................... (1 credit)
2115 Contemporary Dance ..................................... (1 credit)
2120 Folk Dance .................................................. (1 credit)
2125 Jazz Dance ................................................... (1 credit)
2130 Modern Dance Techniques ............................. (1 credit)
2135 Social Dance ................................................ (1 credit)
2145 Square Dance .............................................. (1 credit)
2150 Tap Dance ................................................... (1 credit)
2160 Country & Western Dance .............................. (1 credit)
2205 Archery ...................................................... (1 credit)
2210 Badminton ................................................... (1 credit)
2215 Basketball ................................................... (1 credit)
2220 Billiards ...................................................... (1 credit)
2225 Bowling* ..................................................... (1 credit)
2230 Fencing ...................................................... (1 credit)
2240 Gymnastics/Tumbling ................................. (1 credit)
2255 Racquetball .................................................. (1 credit)
2260 Softball ...................................................... (1 credit)
2265 Soccer ...................................................... (1 credit)
2270 Tennis ....................................................... (1 credit)
2275 Advanced Tennis ......................................... (1 credit)
2280 Volleyball ................................................... (1 credit)
2305 Karate* ....................................................... (1 credit)
2310 Judo* ..........................................................(1 credit)
2315 Self Defense* .............................................. (1 credit)
2320 Shao Lin ...................................................... (1 credit)
2325 Tai Chi* ...................................................... (1 credit)
2400 Beginning Swimming ..................................... (1 credit)
2410 Advanced Swimming .................................... (1 credit)
2420 Lifeguarding .............................................. (2 credits)
2430 Water Safety Instructor ................................. (3 credits)
2440 Scuba* ....................................................... (1 credit)
2505 Camping & Canoeing* ................................. (2 credits)
2510 Horseback Riding & Equitation* ..................... (1 credit)
2515 Marksmanship* ............................................ (1 credit)
2520 River Rafting ............................................... (1 credit)
2525 Rock Climbing ............................................. (1 credit)
2530 Mountain Biking ........................................ (1 credit)
2535 Canoeing ................................................... (1 credit)
2540 Snowboarding ............................................ (1 credit)
2545 Skiing* ...................................................... (1 credit)
2550 Orienteering .............................................. (1 credit)
2553 Backpacking .............................................. (1 credit)
2555 Outdoor Living Skills ................................. (1 credit)
2600 Adapted PE (Restricted enrollment) ............... (2 credits)

*Additional fees are required in this course.
Division of Health Sciences

In March 1988, the Tennessee Board of Regents approved the expansion of the Division of Health Sciences, which includes the College of Medicine, the College of Nursing, and the College of Public and Allied Health. A broad range of health-related professional degrees are offered through studies in this division of East Tennessee State University. The primary objective of the Division of Health Sciences is to provide more health care providers and better access to health services in Northeast Tennessee. In addition to the traditional programs offered in each college, an innovative interdisciplinary rural track initially provided by the W.K. Kellogg Foundation, is available.

A detailed description of each program offered in the College of Nursing and the College of Public and Allied Health is presented on the following pages. A general description of the College of Medicine is also presented and detailed information is provided in the College of Medicine Catalog.

In addition to the programs in the Division of Health Sciences, an M.S. in clinical nutrition is offered by the Department of Applied Human Sciences in the College of Applied Science and Technology. An approved program in dietetics at the baccalaureate level is also available through that department.

College of Medicine

Accredited by: Accreditation Council for Continuing Medical Education, Accreditation Council for Graduate Medical Education, Liaison Committee on Medical Education, National Accrediting Agency for Clinical Laboratory Sciences

The James H. Quillen College of Medicine at East Tennessee State University was established by act of the Tennessee General Assembly in March 1974 and graduated its first class in 1982. The primary purpose of the College of Medicine is to provide more physicians and a full range of medical care in Northeast Tennessee and the surrounding region. Through a diversified program of education, the college seeks to provide well-qualified students with the opportunity to acquire a sound basic education in medicine and to foster the development of lifelong habits of scholarship and service. The college emphasizes primary care as a major educational objective.

Another important role for the College of Medicine is the advancement of knowledge through research. Investigations include biologically oriented studies, studies related to cultural and behavioral aspects of medicine, methods for the delivery of health care, and the medical education process. The college is responsible for the development of graduate education to produce practitioners, teachers, and investigators, both through clinical residency programs and advanced degree programs in the basic medical sciences. The College of Medicine actively produces and participates in programs of continuing medical education aimed at maintaining and improving the competence of those professionals engaged in caring for patients.

The College of Medicine includes the departments of Anatomy, Biochemistry, Biophysics, Microbiology, Pharmacology, Physiology, Family Medicine, Internal Medicine, Obstetrics/Gynecology, Pathology, Pediatrics, Psychiatry, and Surgery. Also included are the sections of Anesthesiology, Radiology, and Medical Education, the Library and Learning Resources Center, the Office of Continuing Medical Education, and the division of Forensic Pathology.

The College of Medicine does not offer any courses or degree programs at the undergraduate level. It does cooperate with the College of Arts and Sciences in presenting a combined premedical-medical program. This program, which accepts students after one year of undergraduate study, allows a student to combine arts and sciences with medical college to achieve both an undergraduate and medical degree. No time savings in overall education is realized. A student in this program must have a minor or major in humanities studies. For further information, please contact the preprofessional advisor in the College of Arts and Sciences or the executive associate dean for Academic Affairs in the College of Medicine. Information pertaining to graduate biomedical science programs in the College of Medicine is available in the ETSU Graduate Catalog. Information concerning the medical curriculum of the College of Medicine is presented in the College of Medicine Catalog.

For a medical school catalog or additional information please write: Office of Student Affairs, James H. Quillen College of Medicine, East Tennessee State University, P.O. Box 70580, Johnson City, TN 37614-0580, Telephone: (423) 439-4753.
The mission of the College of Nursing at East Tennessee State University is to facilitate the health of the community through excellence in nursing education, professional leadership, scholarship, and innovative practice. Fundamental to these goals for students and faculty are the pursuit of lifelong learning, responsiveness to changing health care needs, generation and dissemination of new knowledge, and service to the public and the profession. The college provides undergraduate and graduate programs. Information on the master's and doctoral degree programs is found in the Graduate Catalog. In addition, programs of advanced placement are available to eligible diploma or associate degree prepared nurses and to eligible licensed practical nurses interested in pursuing a Bachelor of Science in Nursing degree.

Students who complete the baccalaureate degree program may be recommended by the dean to write the National Council Licensure Examination for Registered Nurses (NCLEX-RN). Graduates of the nursing program who have been convicted of a violation of the law other than a minor traffic violation (i.e., misdemeanor and/or felony) may be denied a license to practice as a registered nurse by the Tennessee Board of Nursing. Questions about eligibility for licensure should be directed to the Tennessee Board of Nursing (1-888-310-4650).

The programs are approved by the Tennessee Board of Nursing and accredited by the National League for Nursing Accrediting Commission (NLNAC). The NLNAC is an additional source of information regarding tuition, fees, and program length (61 Broadway - 33rd Floor, New York City, NY 10006; 1-800-669-1656). The College of Nursing is affiliated with the National Student Nurses' Association. Membership in the Epsilon Sigma Chapter of Sigma Theta Tau, the International Nursing Honor Society, is available to eligible candidates.

Bachelor of Science in Nursing

Accredited by: National League for Nursing Accrediting Commission

The Bachelor of Science in Nursing (B.S.N.) degree program prepares a generalist in nursing with leadership skills, basic research abilities, and a holistic health approach to professional nursing with a community-based focus. A broad foundation in science and liberal arts enables the professional nurse to enter into the collaborative health care process in a variety of settings.

The Bachelor of Science in Nursing degree is the foundation for professional nursing practice. The professional nurse practices in collaboration with other health care providers and is responsible for organizing and implementing comprehensive health care for individuals, families, groups, and communities, and assuming management and leadership positions in nursing practice.

A course of study that meets the degree requirements and the university’s General Education Program Requirements will be planned with the student through regular advising sessions each semester.

Admission Requirements

Students must first apply and be admitted to East Tennessee State University as pre-nursing students. Admittance to the university does not assure admission to the major.

Because limited numbers of students can be admitted to the nursing major, students must make a separate application to the College of Nursing. Applications for admission to the major and other information can be obtained through the College of Nursing Office of Student Services, Room 46, Lamb Hall, (423) 439-4578 or 1-888-37NURSE, or by e-mail, admitnur@etsu.edu.

The College of Nursing admits students to the B.S.N. major twice a year: the fall semester and the spring semester. The deadline for application to the fall semester is February 1 and the deadline for application to the spring semester is October 1.

To be considered for admission to the baccalaureate nursing major, the applicant must have a minimum cumulative grade point average of 2.60 on a 4.0 scale (on all college-level work) as computed by East Tennessee State University. The actual GPA for admission may be higher, depending on the applicant pool. Developmental studies/remedial coursework is not included in the calculation of the cumulative grade point average for College of Nursing admission purposes.

The applicant must have completed, or have in progress, all of the following courses, or their equivalents: ENGL 1010 & 1020; 12 s.h. that will satisfy course requirements under “Areas of Familiarity,” BIOL 1110/11; CSCI 1100; HSCI 2230/31; 1 s.h. of Physical Education; HIST 2010 & 2020; MATH 1530; AHSC 2420; approved literature course; and HSCI 3000.

The applicant must have earned a minimum of “C” (2.0) in each of the required science and health science courses. No more than two science/health science courses may be repeated, and no more than one science/health science course may be repeated more than once in order to achieve a minimum of “C” (2.0).

Selection Process

After the deadline for application, eligible applicants will be ranked ordered by cumulative college-level grade point average. Class size is limited. Should there be more eligible applicants than there are spaces available, conditional admission will be offered to the top-ranked students in the applicant pool.

Eligible students who cannot be accommodated will be notified in writing and may reapply during the next application period. No waiting list is maintained for admission. All applicants will be notified in writing of their admission status.

Maintenance and Progression

A final verification of eligibility will be made once semester grades become available. Students who at the end of the semester of acceptance are no longer eligible will not be permitted to maintain their enrollment in nursing major courses and must reapply.

Students admitted to the clinical major must earn a minimum grade of “C” (2.0) in each required theory and/or clinical nursing course. Grades of “C”, “D+”, “D”, and “F” indicate that the course content has not been mastered and are nursing failures. Students who earn a grade less than “C” (2.0) in any two required nursing courses (classroom or clinical practice) will be academically dismissed from the College of Nursing. This policy applies even if one of the failed courses has been repeated previously with
a grade of “C” (2.0) or higher. Students who earn a grade of “F” in any one clinical course will be academically dismissed from the College of Nursing. Students who earn a grade of less than “C” (2.0) in a required nursing course and wish to repeat the course and progress, must file an appeal with the College of Nursing Student Affairs Committee. For additional information, contact the college’s Office of Student Services.

Fully admitted students who continue to successfully progress in the curriculum on a full-time basis can expect to complete degree requirements in five semesters in the nursing major. Students may elect to complete the program on a part-time basis. Students should meet with a nursing advisor to develop an individualized plan for part-time study.

**Policies and Clinical Course Requirements**

Students will obtain a copy of the written policies of the College of Nursing, including the substance abuse policy, clinical course requirements, and information on Core Performance Standards from the college’s Office of Student Services. Students must sign forms indicating they have read the College of Nursing policies and agree to abide by them.

After admission to the major and before beginning any clinical practice courses, students must furnish evidence of having met clinical course requirements, including evidence of good health and freedom from communicable diseases (as documented on the health verification form), CPR certification, professional liability insurance coverage, and knowledge of universal precautions. Additional information may be required. Students may be asked to present evidence of physical or mental health at any time during the nursing program, and program continuance may be contingent upon this evidence.

Many sites are used for clinical nursing courses, and students must provide or arrange for their own transportation. Opportunities exist for rural, interdisciplinary clinical experiences, as well as international nursing experiences.

Given the rapid change in health care and technology, the faculty maintains the right and responsibility for revising the curriculum to anticipate societal needs for nursing care. Students are strongly advised to contact the college for current requirements.

**Bachelor of Science in Nursing Curriculum**

The nursing courses listed are from the three departments in the College of Nursing: Adult Nursing (ALNU), Professional Roles/Mental Health Nursing (PMNU), and Family/Community Nursing (FCNU). The ratio of credit hours to clock hours per week is 1:1 for didactic courses and 1:2 for clinical courses, unless otherwise specified.

**Required Non-nursing Support Courses ...............Credits**

**Total Semester Hour Credits Required ................. 138**

A “C” (2.0) or higher is required for all science/health science and nursing courses.

**Intensive Courses**

Students who enter ETSU as freshmen or with less than 60 transfer hours must take: two oral communication-intensive courses; one using information technology-intensive course, and four writing-intensive courses. At least one of the oral communication-intensive courses and the using information technology-intensive course must be in the major. At least two of the writing-intensive courses must be in the major; at least two must be at the 3000-4000 level. Students must meet proficiency-intensive requirements through courses taken at ETSU.

**Advanced Placement for R. N. and L. P. N. Students**

Eligible graduates of L.P.N., diploma, and associate degree nursing programs who are seeking additional study in nursing may be given advanced standing by articulation, comprehensive examination and/or validation processes. Candidates should schedule an academic advising session with a College of Nursing advisor to plan their program of study.
To facilitate the education of registered nurses, the College of Nursing has developed an upper division sequence of courses leading to the B.S.N. degree. In addition to meeting GPA and science grade requirements, the applicant must be a graduate of an accredited program and hold licensure as an R.N. in Tennessee to take full advantage of this articulation program. Graduates of diploma and non-accredited programs must also have a minimum of 64 semester hours of specified courses to be eligible for the major. R.N. students are encouraged to schedule an appointment with a College of Nursing advisor to develop a specific plan of study. Weekend classes are available in Johnson City, Kingsport, Bristol, Morristown and Cleveland, Tennessee.

Advanced placement and support services for the eligible L.P.N. are also available. Information may be obtained from the College of Nursing Office of Student Services.
Mission Statement

The mission of the College of Public and Allied Health is to integrate teaching, research, and service to create an environment conducive to quality education; to provide fundamental human and scientific understanding with applied experience necessary for lifelong learning in the health professions; and to promote a spirit of cooperation among members of the college.

Goals

1. To develop a strong sense of community among students, staff, and faculty within the college.
2. To continually strive to improve teaching, learning, and critical thinking skills within the college.
3. To provide students with experience in current technologies and the skills necessary to adapt to a changing environment.
4. To promote appreciation and sensitivity to the social, mental, intellectual, physical, and spiritual factors influencing the health and well-being of diverse populations.
5. To contribute to basic knowledge and practice in the health sciences and health professions through a strong research program involving faculty, graduate students, and undergraduate students.
6. To apply the expertise of college members in providing services which improve the health and intellectual environment in the Northeast Tennessee and southern Appalachian Region.
7. To foster multidisciplinary approaches to health promotion and the prevention, control, and treatment of infirmities.

Strategic Intent

To provide graduates of choice for the health professions.

Physical Therapy  PHYT  M.P.T.

*Offered in conjunction with Biological Sciences

Admission Requirements

Admission to some programs in the College of Public and Allied Health is selective. Students seeking admission to Dental Hygiene and Health Related Professions must first apply and be admitted to ETSU. However, this admittance to the university does not assure acceptance into these programs. Refer to admission requirements in the ETSU Undergraduate Catalog and appropriate departmental literature regarding separate admission/progression policies.

Special Programs

There are two types of special programs within the College of Public and Allied Health. Graduates of associate degree programs may designate their health technology area as their minor, complete the additional General Education Requirements and the courses required for a baccalaureate degree major, and receive a bachelor's degree in a content area which offers a university-approved program.
College Special Services

Speech-Language-Hearing Clinic

The Department of Communicative Disorders provides clinical services to individuals having speech, language, or hearing problems. Evaluation and treatment procedures are performed by qualified students under the supervision of certified faculty for a nominal fee. All persons are eligible for the services. Appointments may be scheduled by contacting the Department of Communicative Disorders at (423) 439-4355.

Dental Hygiene Clinic

The Department of Dental Hygiene offers clinical services including dental inspection, dental prophylaxis (scaling and polishing the teeth), preventive treatments (application of fluorides and dental sealants), preventive periodontal treatment, and diagnostic dental X-rays. All treatment is provided by qualified dental hygiene students under the supervision of a licensed dentist and dental hygiene faculty for a nominal fee. All persons are eligible for the services. Appointments may be scheduled by contacting the Department of Dental Hygiene at (423) 439-4514.

Graduate Study Offered

The Department of Communicative Disorders offers study for the master of science degree with a major in communicative disorders. The student may elect audiologist or speech-language pathology as the area of concentration. Clinical doctorate in audiology (AUD) is under review currently.

The Department of Environmental Health offers study for the master of science in environmental health degree. The student may elect the administrative concentration or the specialist concentration.

The Department of Health Sciences offers study for the master of science degree in microbiology in conjunction with Biological Sciences.

The Department of Public Health offers the master of public health degree with area concentrations in community health and public health administration.

The Department of Physical Therapy offers a post-baccalaureate entry-level master's in physical therapy (M.P.T.) degree.

A graduate certificate in gerontology and a graduate certificate in health administration are offered in conjunction with other academic units on campus. Information about these programs is available from the Dean's office.

Dental Career Advisement

The College of Public and Allied Health offers advisement for students pursuing dental careers. A dental hygiene program is offered within the college. Students considering dentistry as a career should seek advisement with the pre-dental advisor.

Students interested in application to dental school must meet requirements as prescribed by each dental school. ETSU pre-dental advisement offers assistance in the following areas: determining course requirements, application for Dental Admissions Testing (DAT), guidance in selecting a relevant major, and procedures for application to dental school.

Pre-dental requirements generally include two semesters of each of the following courses: Critical Writing, General Chemistry, General Biology, General Physics, and Organic Chemistry (laboratory courses are required for all science courses).

Pre-dental students enhance their application to dental school with successful completion of a bachelor's degree. The major field of study may be selected by the student consistent with individual academic interests.

Students interested in dental careers should direct inquiries to:
Rebecca Nunley, D.D.S.
East Tennessee State University
P.O. Box 70690
Johnson City, TN 37614-1709
(423) 439-4497; nunley@etsu.edu

Students interested in the Dental Hygiene programs should direct inquiries to:
Charles Faust, R.D.H., Ed.D Admissions Chair, ETSU Box 70690
Johnson City, TN 37614
423-439-4497; faust@etsu.edu

Department of Communicative Disorders (CDIS)
P.O. Box 70643 Phone: 423/439-4272

The field of communicative disorders encompasses the professions of audiology and speech-language pathology. Persons working in the field assist individuals who have difficulties with hearing, speech, and/or language communication. Professionals are skilled in the techniques of evaluation, in (re)habilitation treatment, and in aspects of counseling communicatively handicapped individuals and their families. Audiologists and speech-language pathologists provide services to all age groups. Such services may be located in medical, educational, and private settings.

The Department of Communicative Disorders graduate programs in audiology and speech-language pathology are fully accredited by the American Speech-Language-Hearing Association (ASHA). Undergraduate students may receive preparation for the graduate programs in CDIS by: 1) choosing to major in communications with an emphasis in Communication Sciences, or 2) selecting any major with a minor in CDIS. The minor is proposed currently for Fall 2002. At the graduate level, the master of science is offered with a major in Communicative Disorders. The student may choose a concentration in either audiology or speech-language pathology. Completion of the graduate program in Communicative Disorders prepares the student to meet the requirements for professional certification by ASHA. The programs also meet licensure requirements for the Tennessee Board of Health Related Professions and the Tennessee Board of Education.

Application deadline for the graduate program is mid-February and may be completed while enrolled in prerequisite coursework (See Graduate Catalog for specific application information). For students who have already completed an undergraduate degree, conditional acceptance to the graduate program will be considered. The prerequisite coursework for the graduate program in Communicative Disorders includes the following:

At least 6 semester hours in the Biological/Physical Science and Mathematics (at least one course in each area)
At least 6 semester hours in the Behavioral and/or Social Sciences including study that pertains to understanding normal/abnormal human behavior, developments across the life span, social interaction, and issues of culturally diverse populations.

Communication Oriented Courses .................... Term Offered
CDIS 4000 Communication Sciences and Disorders (3) ....... Fall
CDIS 4030 Language Development (3) ......................... Spring
CDIS 4010 Speech and Hearing Science I (4) ............... Fall
CDIS 4020 Speech and Hearing Science II ............... Spring
CDIS 4200 Clinical Process (3) ......................... Spring
The dental hygienist is a member of the dental team in the prevention and control of dental disease and has the opportunity to work in diverse settings. In addition to the private dental office, dental hygienists may work in such practice settings as federal, state, and local health departments; hospitals; nursing homes; school systems; educational programs for dental hygiene; and dental assisting students. Private business/industry; correctional facilities; private and public centers for pediatric, geriatric, and other individuals/groups with special needs; and health maintenance organizations.

The dental hygienist, a recognized member of the dental team, is devoted to helping patients prevent dental disease and maintain good oral health. The responsibilities of a licensed dental hygienist in Tennessee include scaling and polishing teeth, applying topical fluoride agents, placing pit and fissure sealants, providing nutritional counseling, exposing and processing dental radiographs and educating the patient in the proper care of their teeth and supporting structures.

Practice and Licensure: For licensure, most states require dental hygiene graduates to pass both the National Dental Hygiene Board Examination and a licensing examination prescribed by the individual state board of dental examiners. Most states require dental hygienists to practice under the supervision of a licensed dentist.

The ETSU Department of Dental Hygiene offers three degree programs: (1) Associate of Applied Science in Dental Hygiene (A.A.S.), (2) Bachelor of Science in Dental Hygiene (B.S.D.H.); and (3) an online degree completion program for dental hygienists with an associate degree, leading to a B.S.D.H.

Program Admission: All students applying to the department must meet the requirements for the specific degree program listed in this catalog. All applicants must first apply and be admitted to the university. This admittance, however, does not assure acceptance to the dental hygiene program. Applications for the university should be addressed to:

Office of Admissions
P.O. Box 70731
East Tennessee State University
Johnson City, TN 37614

The separate departmental application must be received by March 1 for consideration by the admissions committee. Students may secure academic advisement prior to admission by contacting the Department of Dental Hygiene Admission’s Chair. Requests for the application forms should be addressed to:

Admissions Chair, Department of Dental Hygiene
College of Public and Allied Health
P.O. Box 70690
East Tennessee State University
Johnson City, TN 37614

You may also obtain the information by calling 423/439-4497 or from our web site at http://www.etsu.edu/ehd/dental.

Requests for the B.S.D.H. online degree completion program for practicing dental hygienists may also be obtained from above address, phone number, and web site address. Please be certain to specify which program you are interested in pursuing.

Expenses (for A.A.S. and B.S.D.H. programs): In addition to the usual registration and tuition, students are required to purchase such personal items as uniforms, dental instruments, specialized textbooks, laboratory materials, and a dental hygiene pin. Expenditures for these items, which are the personal property of the student, are approximately $2,000.00. Most of this additional expense occurs during the first year of study.

Retention - Progression Policy: Dental Hygiene students will be allowed to progress in the dental hygiene curriculum as all dental hygiene courses and basic science courses (Anatomy and Physiology, Microbiology, and Chemistry) are completed with a grade of “C” or better. Progression status will be evaluated at the close of each semester. Students receiving less than a 2.0 in any of the classes listed above will be placed on probation. A student on probation who receives a second grade of less than 2.0 in one of the classes listed above will not be permitted to progress in the dental hygiene curriculum. Students earning failing grades in any dental hygiene course will be reviewed by faculty to determine feasibility of progression. Following faculty review of student performance, an individual plan for curriculum completion will be presented for consideration for any student affected.

Associate of Applied Science

The A.A.S. degree in dental hygiene consists of 48 semester hours of study in dental hygiene and 35 semester hours of study in other university departments. All courses offered in the Department of Dental Hygiene must be taken in sequence as presented in the curriculum. Courses outside of the Department may be taken prior to entry into the program. Applicants should complete as many of the non-dental hygiene courses prior to application to be competitive in the class selection process.

Admission Requirements (A.A.S.)

Candidates for admission must be graduates of a high school program which has included the study of biology and chemistry. Priority will be given to those students having completed Anatomy and Physiology I and II (HSCI 2230 and 2231) or their equivalent at another university, with a “C” or higher grade, and with a 2.0 or higher overall college average. Evidence of university admission, updated H.S. and/or college transcripts, and dental hygiene application forms must be returned to the dental hygiene office by March 1 for the applicant to be considered by the admission’s committee. Also a personal interview will be scheduled with the applicant after the applicant’s file is complete. All applicants will be notified in writing of the action taken by the dental hygiene admission committee.

Bachelor of Science

The B.S.D.H. degree consists of 66 semester hours of dental hygiene core classes and 59 semester hours of general education core classes for a total of 125 semester hours of study. All courses offered in the dental hygiene core curriculum must be taken in sequence. The general education core classes may be taken prior to entry into the program. Because of the rigors of the curriculum, students are encouraged to complete all general education core classes prior to application.

Admission Requirements (B.S.D.H.)

Admission to the ETSU Department of Dental Hygiene requires that the applicant be admitted to the university before application to the professional program can be considered. If the applicant is in the process of applying to the university, he/she may receive conditional acceptance until the final university admission is received. If the applicant is a former ETSU student, he/she must be readmitted to the university. Admission to the B.S.D.H. program requires the following information be submitted: (1) evidence of admission to the university, (2) completed departmental application form, and (3) official college transcripts from all institutions attended. The department must receive all information by March 1. Upon receipt of this information, the admission’s chair will review all aspects of the applicant’s record to determine if the applicant will be considered for an interview. Entry into the B.S.D.H. program requires completion of all of the first-year classes listed in the curriculum. The equivalent courses at another institution will be accepted if the university accepts them as transfer credit.

Degree Completion Program (B.S.D.H.)

The Department of Dental Hygiene offers a B.S.D.H. online degree completion program. Eligible students must have earned an Associate Degree or Certificate in Dental Hygiene from an accredited institution and have a minimum of two (2) years experience in the dental hygiene profession. An earned Associate/Certificate Degree in Dental Hygiene is accepted as 46 hours of lower division course credit. In addition, two (2) years of professional experience as well as successful completion of DHYG 3100 (5-hour online course) will earn the student 16 hours of upper division credit. An additional 13 hours of coursework online and completion of ETSU graduation requirements will earn the student a Bachelor of Science in Dental Hygiene.

Computer Requirements: A moderate level of computer literacy is required to successfully complete this online program. Students are advised to acquire the necessary computer skills prior to beginning this program. Applicants should also contact the department to determine the minimum system requirements for participation in the program.

Admission Requirements: Admission to the B.S.D.H. Degree Completion Program Online requires the following information be submitted:

1. Evidence of admission to the university
2. Official transcripts from all institutions attended and proof of graduation from an accredited dental hygiene program.
3. Eligibility for licensure within the student's state of residence.
4. Evidence of dental hygiene experience equivalent to a minimum of two years of full-time practice.

The Department of Dental Hygiene will review applications in February and October for acceptance in the fall and spring.

B.S.D.H. Degree Completion Requirements

Application and Admission =

credit for A.A.S./Certificate ........................................ 46 credit hours (Lower Division)

DHYG 3100 Contemporary Dental Hygiene
Theory & Practice ........................................... 5 Credit Hours

With successful completion of DHYG 3100 the completion student will receive course credit for DHYG 3031 (Clinical Practice II), 3120 (Pharmacology), 4000 (Dental Radiographic Interpretation), 4021 (Dental Hygiene Clinical Practice III), and 4121 (Dental Hygiene Clinical Practice IV). .............16 credit Hours

DHYG Online Curriculum:

DHYG 4200 Issues in Dental Hygiene ................. 1 Credit Hour
DHYG 4010 Teaching Strategies ....................... 3 Credit Hours
DHYG 4020 Clinical Seminar III ..................... 1 Credit Hour
DHYG 4030 Anesthesia & Pain Control ............. 1 Credit Hour
DHYG 4110 Supportive Perio. Therapy .......... 3 Credit Hours
DHYG 4120 Clinical Seminar IV ..................... 1 Credit Hour
DHYG 4130 Geriatrics ..................................... 2 Credit Hours
DHYG 4141 Community & Rural Den. Hth ........ 1 Credit Hour

B. Environmental Health Requirements:
   PUBH 3000 Introduction to Biostatistics
   PUBH 3080 Principles of Epidemiology
   ENVH 3400 Introduction to Air Pollution
   ENVH 3500 Environmental Safety
   * ENVH 4088 Environmental Health Practice
   ENVH 4207 Principles of Radiological Health
   ENVH 4340 Occupational Health
   ENVH 4347 Ergonomics
   ENVH 4357 Toxicology
   ENVH 4360 Industrial Hygiene Laboratory
   ENVH 4387 Biological Analysis in Envi. Health
   ENVH 4397 Environmental Analysis
   ENVH 4400 Environmental Health Program Planning & Admin.
   ENVH 4607 Food Sanitation Principles

   Total .................................................................. 101

   Total hours for completion of the program ............ 132

*Three hours of ENVH 2989, ENVH 3989, or ENVH 4989 will substitute for ENVH 4080.

Minor in Environmental Health

The objective of offering this minor is to enable students to find a wider selection of employment opportunities. For example, the students may wish to major in biological sciences, chemistry, criminal justice, physics, geography, geology, health science, technology, and pre-med or pre-engineering. A minor in environmental health will broaden their knowledge and augment their chances of employment in their chosen field. If employment is not available in their chosen field, they may be employed in environmental health/public health protection types of work.

A student with a major in the sciences and a minor in environmental health has an enhanced opportunity of finding employment in some industrial settings. As an example, the chemical industry needs environmental control personnel who are trained in chemistry.

Preprofessional majors, who choose not to or are unable to continue in professional school, will be much better prepared to seek employment within a federal, state, or local public health agency.

Admission Requirements – In addition to meeting the requirements for admission to the university, applicants must apply to the Department of Environmental Health. Students must have an overall GPA of 2.3.

Course Requirements:

A. *PUBH 3080 Principles of Epidemiology, and
   ENVH 3040 Environmental Sanitation ...................... 6

B. Select at least one of the following:
   *ENVH 4387 Bio. Analysis in Envir. Health, or
   *ENVH 4397 Environmental Analysis ..................... 4

C. Select at least two of the following:
   ENVH 3100 Water Supplies and Wastewater Treatment
   ENVH 3400 Introduction to Air Pollution
   ENVH 3700 Solid Waste Management
   ENVH 4340 Occupational Health
   *ENVH 4607 Food Sanitation Principles .................. 6

D. At least six hours of other environmental health courses.
   These courses must be approved by the Department of
   Environmental Health .............................. 6

   Total .................................................................. 22

*Note Prerequisites

Minor in Safety

The objective of a minor in safety is to allow students in other disciplines to supplement their major knowledge with safety training. For example, students may wish to major in chemistry and minor in safety and thus enhance their chances of being employed in an industry where a strong knowledge of safety programs is needed. Students with the following majors would find a safety minor to be of particular interest: engineering technology, technology, biological sciences, chemistry, criminal justice, and management.

Students minoring in safety should be qualified for a wide variety of employment opportunities with local, state, and federal agencies, as well as with industry. Graduates of this program would be able to offer employers a variety of safety training as opposed to the expensive alternative of retraining an employee in safety management.

Admission Requirements – In addition to meeting the requirements for admission to the university, applicants must apply to the Department of Environmental Health.

The Department of Health Sciences is a multidisciplinary department offering a variety of courses concerning those sciences relevant to or implicating the human body. The department offers the B.S. degree in Health Sciences. Two concentrations are available, Microbiology and Medical Technology. In addition, minors in Health Sciences and Microbiology are offered. These courses of study are designed for students who plan to pursue such professions as medicine, dentistry, veterinary medicine, microbiology, and medical technology. Courses are also offered for students in other disciplines who desire to acquaint themselves with a scientific attitude and the phenomena of living organisms.

All Health Sciences majors must complete the following courses:

The American Society for Microbiology (ASM) program certification requires that the student have at least 20 semester hours in microbiology as broadly defined. In addition to the ASM requirements and a year of Physics (2010-2011, 4 hours; 2020-2021, 4 hours), the National Registry of Microbiologists requires a minimum of one year of work experience before an applicant for registration may take written examinations in general microbiology and in at least two specialty areas. The specialties include both theoretical and applied aspects of pathogenic bacteriology, immunology and serology, parasitology, mycology, virology, and the combined areas of food, dairy, and sanitation microbiology, of agricultural and industrial microbiology.

Medical Technology Concentration - Students may become eligible for a national certification examination (registry) and also the bachelor of science in health sciences degree from ETSU by successfully completing the three-year curriculum at ETSU; by successfully completing an approved program (12 months) in a hospital school of medical technology; and by qualifying for the registry.

Admission to the Hospital Practicum is selective based upon the number of approved positions and admission criteria established by the hospital affiliates. Frequent advising is required, particularly to be aware of admission requirements and number of hospital schools affiliated with the ETSU program.

This concentration will satisfy the university’s requirement for a major and a minor field of study. All majors and minors must work in close consultation with their departmental advisors in preparing their schedules. Failure to do so could result in improper scheduling which might require extra course work. All graduates must complete the General Education Core Requirements as listed in this catalog.

Graduate Study - The department also offers the M.S. in microbiology. Further information on graduate programs is contained in the Graduate Catalog.
baccalaureate degree in Allied Health with a Radiography concentration requires 130 credit hours and Cardiopulmonary Science requires 129 credit hours. The curriculum in each concentration’s professional phase is sequential and all students must follow that schedule.

Admission Requirements for BS

Admission to the professional curriculum under the baccalaureate Allied Health degree is a competitive process and is entirely separate from the student’s admission to ETSU. A limited number of students are admitted annually to each concentration by an Admissions Committee. Each applicant is evaluated on the basis of academic record, a personal interview, and clinical observation. Evidence of university admission, updated high school and/or college transcripts, and department application forms must be returned to the departmental office by May 1 for the applicant to be considered by the Admissions Committee.

To gain admittance to a concentration area, the student must complete all admission, health, and academic requirements. Due to the large number of applicants, limited enrollment, and accreditation standards, all candidates are evaluated through a number of different instruments.

To be considered for admission to the Bachelor of Science in Allied Health, applicants must meet the requirements for admission to ETSU. Prior to entering the professional core, applicants must complete the following degree requirements:

1. Maintain a college GPA of 2.5 or better on a 4.0 scale;
2. Complete prerequisite general education and all allied health courses as required by the concentration obtaining a grade of "C-" or better in each course within the first two attempts by the time of admission to the professional core;
3. Complete an additional minimum of 16 credit hours from the general educational core (not including prerequisite courses) maintaining a college GPA of 2.5 or better on a 4.0 scale; and,
4. Meet specific health and/or essential functions.

Prerequisite General Education and Allied Health: These prerequisite courses MUST be completed prior to enrolling in any concentration course.

Note: These prerequisite courses are included in the General Education and Allied Health core.

Cardiopulmonary Concentration

(CPSC)

Accredited by: Commission on Accreditation of Allied Health Education Programs

The Respiratory Therapist applies scientific knowledge and theory to practical clinical problems of respiratory care. The Respiratory Therapist is qualified to assume primary responsibility for all respiratory care modalities, including the supervision of certified respiratory care practitioners. The Respiratory Therapist may be required to exercise considerable independent clinical judgement, under the supervision of a physician in the treatment of patients with respiratory dysfunction. The Respiratory Therapist may perform the following respiratory care modalities: advanced airway management, pediatric and neonatal critical care, hemodynamic monitoring, metabolic cart studies, cardiopulmonary stress testing, and other advanced procedures.

Upon successful completion of the requirements for the Cardiopulmonary Science concentration, students are eligible to apply for admission to sit for three examinations administered by the National Board for Respiratory Care. Candidates are required to pass the Certified Respiratory Therapist entry-level examination as a prerequisite to the two advanced practitioner examinations.

Licensure requirements for respiratory care practitioners vary according to state statutes. In Tennessee, practitioners are required to pass the national examinations for certified and/or registered respiratory therapist respectively.

Radiography Concentration

(RADT)

Accredited by: Joint Review Committee on Education in Radiologic Technology
20 N. Wacker Drive, Suite 900
Chicago, Illinois 60606
(312) 704-5300

The radiography profession plays an invaluable role in the practice of medicine and encompasses a variety of specialties. This discipline provides vital information concerning structure and function of the human body, both normal and abnormal, enabling physicians to make accurate diagnoses in care and treatment. The radiographer calculates correct technical exposure factors, positions the patient, practices radiation protection, evaluates radiographs for technical quality, assumes care for the physical and psychological needs of the patient during procedures, and assists physicians in the performance of medical imaging procedures.

Upon successful completion of the requirements for the Radiography concentration, students are eligible to apply for admission to sit for the American Registry of Radiologic Technologists.

Advance Standing/Transfer Students

Eligible graduates of accredited university, community college, or certificate programs who seek additional study in allied health at the baccalaureate level may be given advance standing through articulation agreements, comprehensive examinations, and/or validation processes governed by ETSU policies. Individuals who are interested in this process should contact the program directors of the specific allied health concentration.

Department of Physical Therapy (PHYT)

P.O. Box: 70624 Phone: 423/439-8275

Physical Therapy, which is the care and services provided by or under the direction and supervision of a physical therapist, includes: 1) examining and evaluating patients with health-related conditions, impairments, functional limitations, and disability in order to determine a diagnosis, prognosis, and intervention; 2) alleviating impairments and functional limitations by designing, implementing, and modifying therapeutic interventions; 3) preventing injury, impairments, functional limitations, and disability, including promoting and maintaining fitness, health, and quality of life in all age populations; and 4) engaging in consultation, education, and research. (Adopted by the American Physical Therapy Association (APTA) Board of Directors in March 1995 (B/D 03-95-24-64)

The university offers a post-baccalaureate entry-level master’s in physical therapy (M.P.T.). Students interested in applying to the graduate program should contact the department advisor for information.

Department of Public Health (PUBH)

P.O. Box 70674 Phone: 423/439-4332

Approved by: Society of Public Health Education/Association for the Advancement of Health Education Approval Process for Undergraduate Programs.

The Bachelor of Science degree through the Department of Public Health prepares students for careers as public health professionals. There are currently four program concentrations offered - Community Health, Patient Education, School Health, and Health Care Administration. Through these concentrations, students gain the knowledge and skills necessary to become effective as health educators, administrators and community health specialists who are capable of developing and implementing health programs for a variety of health care settings.

Students completing the community health or school health education program concentrations are eligible to sit for the national credentialing exam - Certified Health Education Specialist (C.H.E.S.) within six months of graduation. Students completing the health administration option with a minor in management and completing an internship at a long-term care facility may take the Tennessee State Licensing Exam for Nursing Home Administrator.

The department has an approved teacher education program (school health concentration). These students can seek licensure by the Tennessee State Board of Education. Please review the Department of Curriculum and Instruction (CUAI) section of this catalog for teacher education admission and professional education requirements.

Students enrolling in the Community Health concentration may elect the Interdisciplinary Rural & Community Health program option. This option focuses on work in communities through interdisciplinary projects with students from the Colleges of Medicine and Nursing over four semesters. A field placement is not required for students completing this option.

Licensure (K-12) - Consists of 31 hours and includes the following courses: Personal Health 1010, Health Sciences 2010-11, Health Sciences 2020-21, and/or Health Sciences 2230-31, First Aid and Emergency Care 2030, Principles of Nutrition 2420, School Health 2120, Environmental Sanitation 3040, Consumer Health 3500, Thanatology 4357, Gerontology 4607, and Community Health 4030.

Minor - A minor in Public Health consists of 22 hours and includes Personal Health 1010, First Aid and Emergency Care 2030, School Health 2120, Microbiology 1230-31 or 3320-21, Community Health 4030, and any three of the following courses: Accident Prevention 3010, Consumer Education 3500, Gerontology 4607, Family Health 4220, or Thanatology 4357.

Transfer Students - Transfer students who major or minor in public health shall earn a minimum of 18 hours of credit (12 hours must include either field experience or student teaching) with an average grade of "C" or above in this department. (See section of catalog for transfer students for other requirements.)

Graduate Study - The Department of Public Health offers graduate courses for an M.P.H. degree. Further information on the graduate program is contained in the Graduate Catalog.

Total Credit Hours for degree: 132

2002-2003 Undergraduate Catalog
The School of Graduate Studies currently offers 15 master's degrees, covering a wide range of academic disciplines, as well as the Education Specialist degree (Ed.S), the Doctor of Education (Ed.D.), and the Doctor of Philosophy (Ph.D.) degrees. In addition to these degree programs, ETSU offers four graduate certificates: Business Administration, Gerontology, Health Care Management, and Advanced Nursing Practice.

Specific degree and certificate program requirements are found in the Graduate Catalog. Upon completion of the bachelor's degree, a student may take courses in a degree program or as a non-degree graduate. Undergraduates are welcome to apply for admission during their final year of coursework and can be admitted contingent upon completion of the undergraduate degree.

**Graduate Liaisons**

Each graduate program or major is represented by a Graduate Liaison who is prepared to assist students with all aspects of the graduate process, from admission through graduation. If you have questions or would like to explore options for graduate study, please contact the appropriate Liaison listed below:

- **Robin O'Dell**  
  (423)439-6148  
  odell@etsu.edu  
  Non-Degree Students, Counseling, Early Childhood Education, Elementary and Secondary Education, MAT, Media Services, Physical Education, Reading/Storytelling, and Special Education

- **Mary Duncan**  
  (423)439-4302  
  duncanm@etsu.edu  
  Biomedical Sciences, Communicative Disorders, Environmental Health, Nursing, Physical Therapy, Public Health, and three certificate programs: Advanced Nursing Practice, Gerontology and Health Care Management

- **Judy Lawson**  
  (423)439-6590  
  lawsonj@etsu.edu  
  MBA, Accountancy, City Management, Public Management, all degrees in Educational Leadership and Policy Analysis, and the Certificate in Business Administration

- **Kathleen Cureton**  
  (423)439-4703  
  cureton@etsu.edu  

**Application for Graduate Study**

Any student wishing to take graduate courses, whether degree seeking or non-degree, may submit a traditional paper application or an electronic application. Paper applications are available in the Graduate Office, located at 920 Maple Street, and will be mailed on request. Electronic applications are available at the Graduate School web site:  
http://www.etsu.edu/gradstud/gradad.htm

Both paper and electronic formats contain complete instructions and requirements for admission.

**Non-Degree Students**

Students who wish to take graduate coursework but do not wish to pursue a graduate degree should apply for admission as Graduate Non-Degree students. Graduate Non-Degree classification is limited to those students who have earned a bachelor's degree and who wish to take graduate-level classes. All Graduate Non-Degree applicants must provide official transcripts verifying that they have earned a bachelor's degree from a regionally accredited institution and must receive approval to register from the chair or graduate coordinator of the appropriate department. All questions regarding non-degree status should be directed to Robin O'Dell,  
(423) 439-6148, odell@etsu.edu.

**Advanced Admission for Undergraduates**

A senior lacking no more than nine semester hours for graduation at East Tennessee State University may petition to register for graduate courses during the final semester of undergraduate enrollment. The petition form is available in the Graduate Office. The following stipulations apply:

1. Student must be within 9 hours of completion of the undergraduate degree at ETSU.
2. The total course load for a senior enrolled for graduate coursework may not exceed 12 credit hours.
3. Student must meet the undergraduate grade point average required in his or her specific program.
4. Undergraduate degree must be completed during the semester in which the student is allowed to register for graduate work.

**Graduate Catalog**

The School of Graduate Studies issues a Catalog which includes detailed information about graduate program offerings and requirements for admission. The Catalog is available in hard copy and online. For a hard copy, please send an e-mail to gradsch@etsu.edu or write to the School of Graduate Studies, East Tennessee State University, P.O. Box 7020, Johnson City, TN 37614-1710. The online Catalog is available at:  
http://www.etsu.edu/reg/grad-cat-index.htm

East Tennessee State University

2002-2003 Undergraduate Catalog
Accountancy

ACCT

NOTE: All accountancy majors and minors must earn a grade of "C" or better in each accounting course. All students enrolled in 4000-level accounting courses must have a declared major. All students enrolling in 3000- and 4000-level (upper division) College of Business courses must have junior or senior standing.

ACCT 2010. Principles of Accounting I (3 credits) — Prerequisite: Required freshman Math courses as defined by the student’s major. A study of accounting theory and procedures underlying financial statement preparation. Additional topics include accountability, financial auditing, financial statement analysis, and income tax accounting.

ACCT 2020. Principles of Accounting II (3 credits) — Prerequisite: ACCT 2010. A continuation of ACCT 2010 and a study of management accounting including costing, cost-volume-profit analysis, budgeting, productivity analysis, capital investment decisions, planning and control, and managerial decision-making in advanced manufacturing environments. Additional topics include accounting information systems and quality control measurements.

ACCT 3000. Professionalism in Accountancy (3 credits) — Prerequisite: A minimum grade of "C" (2.0) in ACCT 2010 and 2020; junior standing. This course emphasizes professional ethics and legal requirements of the accounting profession, report writing, impact of Securities and Exchange Commission and other regulatory agencies, career choices in accountancy, and legal and educational requirements of various professional certifications.

ACCT 3010. Financial Accounting I (3 credits) — Prerequisites: A minimum grade of "C" (2.0) in ACCT 2010 and 2020; junior standing. An advanced study of financial accounting and reporting including historical development, theoretical structure, the accounting process, financial statements, revenue recognition, current asset and liability recognition, and inventory valuation.

ACCT 3020. Financial Accounting II (3 credits) — Prerequisites: ACCT 3000 and 3010 with a minimum grade of "C" (2.0) and admission to a major. Continuation of ACCT 3010. A study of financial accounting theory and practice for recording and reporting plant assets, financial instruments, income taxes, stockholders’ equity, earnings per share, and capital maintenance theories.

ACCT 3090. Administrative Accounting (3 credits) — Prerequisites: ACCT 2020; junior standing. The study of accounting as it relates to administrative planning and control in the business environment. Topics addressed will include budgeting, responsibility accounting systems, financial statement analysis, and special quantitative decision techniques. NOT FOR ACCOUNTANCY MAJORS OR MINORS.

ACCT 3110. Management Accounting (3 credits) — Prerequisites: ACCT 2020; junior standing. A study of cost accounting emphasizing job order costing, process costing, capital budgeting, and budget control analysis.

ACCT 3410. Federal Income Taxes (3 credits) — Prerequisites: ACCT 2020; junior standing. A study of federal income tax law with emphasis on taxation of individuals with an introduction to taxation of partnerships and corporations.

ACCT 4010. Advanced Financial Accounting (3 credits) — Prerequisite: ACCT 3020 and admission to a major. A study of leases, pension, and application of accounting theory to partnerships, branches, business combinations, consolidated financial statements, installment sales, consignments, and corporate reorganization.

ACCT 4018. Senior Honors Seminar (3 credits) — Prerequisite: ECON 3088 and admission to the College of Business Honors Program. A seminar for College of Business honors students who are working on senior honors theses or their approved projects. Upon successful completion of the course, students will have demonstrated the ability to complete the research process by creating a written product suitable for submission to the College of Business faculty.

ACCT 4127/5127. Cost Accounting II (3 credits) — Prerequisite: ACCT 3110. A study of cost accounting emphasizing managerial cost information for forecasting, planning, control, and behavioral factors.

ACCT 4310. Accounting Information Systems (3 credits) — Prerequisites: ACCT 3020 and 3110; CSCI 1100; MGMT 3220 and admission to a major. A study of accounting information systems concepts and applications. Topics include conceptual foundation of AIS, technology of information systems, design processes and concepts, and AIS applications in several functional areas.

ACCT 4427/5427 Federal Income Taxes II (3 credits) — Prerequisite: ACCT 3140. Continuation of ACCT 3140. A study of federal income taxation of partnerships, corporations, trusts, gifts, and estates.

ACCT 4527/5527 Financial Statement Analysis (3 credits) — Prerequisite: ACCT 2010 or ACCT 5000. An in-depth study of the methods used to analyze balance sheets, income statements, cash flow statements, and other financial information. The types of analyses studied include ratio analysis, cross-sectional analysis, time-series analysis, and capital market analysis.

ACCT 4610. Auditing Theory and Practice (3 credits) — Prerequisites: ACCT 3020 and 4310 and admission to a major. (May be taken concurrently with ACCT 4310.) An introduction to the theory, concepts, and principles of auditing, emphasizing audit evidence, audit risk, ethical conduct and legal restrictions, professional standards, audit planning, and audit reports.

ACCT 4627/5627. Auditing II (3 credits) — Prerequisite: ACCT 4610 or equivalent. A continuation of ACCT 4610 with emphasis on the uses of statistical sampling, auditing EDPS systems, analytic review techniques and objectives, and methodology of operational auditing.

ACCT 4707/5707. Financial Accounting Standards (3 credits) — Prerequisite: ACCT 3020 or equivalent. A basic study of authoritative financial accounting literature including the rationale for topical inclusion, an evaluation of the propriety of the authoritative pronouncements, and possible future developments.

ACCT 4710. Not-for-Profit Entity Accounting (3 credits) — Prerequisite: ACCT 3020 and admission to a major. Theory, concepts, organization and functions of not-for-profit entity accounting units; an intensive study of accounting, budgeting, financial processes, reporting, and auditing in the not-for-profit entity environment.

ACCT 4900. Independent Study in Accountancy (1-3 credits) — A course designed for advanced students who, under the direction of a Department of Accountancy faculty member, wish to engage in independent research or an intensive study of subjects not covered in other available courses. Prior departmental and college approval is needed.

ACCT 4905. Accountancy Internship (3 credits) — Prerequisites: Must have completed a minimum of six semester credits at the upper division level in the student’s major. Junior or senior standing and a GPA of 2.7 or above. Students are selected through a competitive process for assignments in approved business or public-sector organizations as interns under the supervision of the internship coordinator and field placement supervisors. Students may not earn more than three semester credits for this course which can be used as a free elective or an elective within a business major with prior approval by the chair.

ACCT 4957/5957. Topics in Accountancy (3 credits) — Prerequisites: Senior or graduate standing and permission of instructor. This course gives students an opportunity to study special problems and new developments in the field of accountancy.

Graduate Course Listing

For descriptions and prerequisites see the Graduate Catalog.

ACCT 5000. Essentials of Accounting (3 credits)
ACCT 5010. Seminar in Financial Accounting I (3 credits)
ACCT 5020. Seminar in Financial Accounting II (3 credits)
ACCT 5100. Managerial Accounting (3 credits)
ACCT 5110. Seminar in Managerial Accounting (3 credits)
ACCT 5120. Seminar in Management Advisory Services (3 credits)
ACCT 5130. Seminar in Taxation (3 credits)
ACCT 5140. Seminar in Auditing (3 credits)
ACCT 5150. Government Accounting Issues (3 credits)
ACCT 5160. Seminar in International Accounting (3 credits)
ACCT 5189. Professional Accounting Experience (3 credits)
ACCT 5500. Independent Study in Accountancy (1-3 credits)
Advertising
ADVR
ADVR 2070. Advertising Graphics (3 credits) — Fundamentals and practice in the creation and production of advertising communication using computer technology.
ADVR 3240. Advertising Principles (3 credits) — Advertising fundamentals in relation to the media and business activities. Stress on communications aspects of advertising.
ADVR 3250. Advertising Copy and Layout (3 credits) — Prerequisites: ADVR 3240 and a grade of "C" or better in ADVR 2070. Instruction and practice in preparing advertising copy and layouts for presentation to potential customers. Ideas and their translation into persuasive words and pictures for both print and broadcast media.
ADVR 3260. Radio/TV Advertising (3 credits) — Prerequisite: ADVR 2600 or 3240. The role of the radio and television industry as an advertising medium with a study of its organization, its agencies and principles, and practices in the techniques of advertising campaigns.
ADVR 3270. Advertising Media Planning (3 credits) — Prerequisite: ADVR 3250 or consent of instructor. Instruction in fundamental concepts of media-buying decisions, including media arithmetic, creative strategy, and vehicle selections.
ADVR 3750. Advertising Campaign Management (3 credits) — Cross-listed with MKTG 3750. Prerequisite: ADVR 3270. Instruction in planning and implementing the complete advertising campaign. Stresses managerial practices of: setting objectives, creative and media strategies, budgeting, measuring effectiveness, and dealing with agencies. (Students cannot receive credit for both ADVR 3750 and MKTG 3750.)
ADVR 4080. Advertising Internship (3 credits) — Prerequisite: Permission of instructor. Supervised professional experience in advertising.
ADVR 4101. Topics in Advertising (2-6 credits) ADVR 4250. Advertising Agency Management (3 credits) — Prerequisite: ADVR 3270. Instruction in the decision-making processes of advertising agency managers; current social, legal and ethical issues; advertising agency relations; and agency management. Students will generate alternatives and develop solutions using case study methods.
ADVR 4900/5900. Independent Studies in Advertising (1-3 credits)

Graduate Course Listing
For descriptions and prerequisites see the GraduateCatalog.
ADVR 5105. Topics in Advertising (2-6 credits)
ADVR 5900 Independent Study in Advertising (1-3 credits)

African & African American
AFAM
AFAM 3989. Cooperative Education (3 credits) — Prerequisite: Permission of program advisor. May not be repeated for credit. Planned and supervised employment which is related to African/African-American Studies.
AFAM 3999. Cooperative Education (3 credits) — Prerequisite: Permission of program advisor. May not be repeated for credit. An extension of a planned and supervised employment which is related to African/African-American Studies.
AFAM 4900. Special Studies (3 credits) — Prerequisite: Permission of program advisor. May provide credit for an approved travel-study program or an approved program of independent study. Designed to afford opportunities for study not provided for in regular course offerings for undergraduates.

Applied Human Sciences
AHSC
AHSC 1038. Honors Orientation Seminar (1 credit) — Prerequisites: Admission to College of Applied Science and Technology or University Honors Program. This course will fully orient the student to the College expectation for an honors student. Discussion and activities will relate to preparation for academic success and developing information technology skills.
AHSC 1110. Family Development (3 credits) — The study of individual development beginning with infancy and continuing through the formation of the family. Basic concepts, principles, and issues in human and family growth will be stressed.
AHSC 1410. Food Selection and Preparation (4 credits) — Food selection, preparation, and management for all food classifications. Consumer concerns and meal organization to meet nutritional needs. Laboratory activities will demonstrate desirable standard products. Laboratory.
AHSC 1510. Career Management in Applied Human Sciences (3 credits) — Prerequisite: Freshman standing or permission of instructor. Introduction to the development, scope, and characteristics of career opportunities addressed in the Department of Applied Human Sciences curriculum and professional organizations. Emphasis on goal setting, decision making, and resource management as applied to personal and professional lives. Required of all first semester AHSC freshmen.
AHSC 1620. Introduction to Contemporary Interiors (3 credits) — Corequisite: Concurrent enrollment with ARTA 1110. An introductory study of the basic elements and principles for creative, comfortable, and aesthetically pleasing contemporary interiors. An emphasis is placed on the use of interior materials. Professional designer techniques are introduced.
AHSC 1621. Design Communications: Studio I (3 credits) — Corequisite: Concurrent enrollment with ENTC 2410. Introduction to the terminology and symbols used in interior design. Students develop floor plans, sections, 3-D models and paced drawings to communicate ideas.
AHSC 2000. Preparation for Marriage (3 credits) — A study in human relations in dating, courtship, early marriage, alternatives, and variations. Special attention will be given to personal self-development, mate selection, role expectations, contraception and conception, child rearing and personal, social and sexual adjustment in premarital, marital, and extramarital experiences.
AHSC 2038. Honors Professional Ethics (3 credits) — Prerequisites: Admission to College of Applied Science and Technology or University Honors Program and sophomore standing. A case-study approach to basic ethical issues likely to confront engineers, computer scientists, family and consumer scientists in their professional practices.
AHSC 2110. Infant/Toddler/Child Development (3 credits) — An in-depth study of the physical, cognitive, and socio-emotional development of the child from birth through age nine. Development, care, and guidance of the child will also be examined in relationship to the various developmental theories. Family and other socialization agents will be explored.
AHSC 2120. Foundations of Early Childhood Development (3 credits) — Permission of education professional advisor must be obtained for all TRED and ECDV majors. TRED and ECDV majors must pass the mandated state exam before enrollment in this course. An overview of early childhood development and services for young children and their families. Will include historical roots, societal changes, needs of young children, program differentiation, and future trends.
AHSC 2205. Principles of Clothing (4 credits) — Study of concepts involved in the use of commercial patterns to construct basic apparel products. Emphasis will be placed on construction principles and personal fit. Class meets double periods.
AHSC 2220. Consumer Clothing Concerns (3 credits) — An exploration of clothing in relation to the individual, the family, and society. The social psychology of clothing, and essential factors in consumer clothing decisions will be emphasized.
AHSC 2420. Principles of Nutrition (3 credits) — Introduction of scientific nutrition principles with emphasis on nutritional requirements; dietary sources of nutrients; nutrient utilization; and the impact of nutrition on energy intake and weight control, fitness, disease prevention, the life cycle, food technology, food safety, and the environment.
AHSC 2611. Kitchen and Bath Planning (3 credits) — Prerequisites: AHSC 1620, 1621 and ARTA 1110. Corequisite: Concurrent enrollment with AHSC 3615. Integration of body measurements, movements, sensory mechanisms, and aesthetic considerations into supportive and attractive furnishings, equipment, accessories, and lighting in kitchen and bath settings.
AHSC 2620 Design for Human Behavior (3 credits) — Prerequisite: AHSC 1621 and ARTA 1110. Exploration of the relationships between the designed environment and the behavior; feelings, and values of occupants. Introduction to proxemics, territoriality, way-finding, and other environment/behavior concepts.
AHSC 2630. Presentation: Studio II (3 credits) — Prerequisites: AHSC 1620, 1621 and ARTA 1110 or 1204; or consent of instructor. Etching, simulation, display, photography, and other visual techniques to convey design concepts.

AHSC 2989-99. Cooperative Education (1-3, 1-3 credits)

AHSC 3030. Technical Communication (3 credits) — Prerequisites: ENGL1010 and 1020. Preparation of written information on scientific and technical fields, including reports, specifications, handbooks, and papers designed for publication in technical and scientific journals. Exercises in oral communication as applied to scientific and technical fields will also be an integral part of the course.

AHSC 3048. Honors Methods of Research (3 credits) — Prerequisite: Admission to College of Applied Science and Technology or University Honors Program. Analysis of the materials and methods of research appropriate to Applied Science and Technology.

AHSC 3110. Parent/Child/School Relations (3 credits) — A study of the parent-child relationship as it evolves from the prenatal period through adolescence. Theoretical approaches describing the parent-child socialization process will be examined with emphasis on the parenting environment and child outcomes.

AHSC 3120. Computers and Technology in Early Childhood (1 credit) — Prerequisite: CSCI 1100. This course is designed to provide a comprehensive overview of the application of computers in the early childhood setting. Theory, research, and application as it relates to the use of computers in the early childhood setting will be reviewed. Students will acquire the skills to evaluate and assess the appropriateness of computer software, learn how to design and implement a computer station in the early childhood setting, and acquire the knowledge to integrate computers into the existing early childhood curriculum. Laboratory work with microcomputers and technology will be required.

AHSC 3140. Guiding Young Children (3 credits) — The student will develop the skills and techniques necessary in handling behavioral and disciplinary issues of the child from birth through age nine. Students will also create and design creative experiences and activities for children from birth through age nine in a variety of professional settings.

AHSC 3210. Apparel Quality Analysis (4 credits) — Prerequisite: AHSC 2205 or departmental approval. Application of advanced clothing construction techniques in the development of analysis skills for determining quality of apparel products. Construction skills, time management, solutions to problems of fit, and experience with contemporary fabrics and designs will be emphasized. Class meets two double periods.

AHSC 3220. Textiles (I) (3 credits) — Prerequisites: BIOL 1010/1011 and BIOL 1020/1021 or CHEM 1110/1111 and Chem 1120/1121 or CHEM 1130 and 1130-1131 and junior standing. Study of textiles from fiber to finished fabric, with emphasis on fiber characteristics, yarn structures, and fabric structures which determine choice, uses, and care of textile products. All topics studied will emphasize a consumer point of view. New developments in legislation and current issues in textiles will be explored.

AHSC 3221. Textiles (II) (3 credits) — Prerequisite: AHSC 3220 or departmental approval. Study of fabric classifications, finishes, and dyeing and printing processes. Emphasis will be placed on appropriate consumer choice, use, and care of apparel and home furnishings textile products and will include discussion of textile and apparel economics, new developments in legislation, and current issues in textiles.

AHSC 3230. Fashion Fundamentals (3 credits) — Prerequisite: Junior standing. An overview of the fashion business. The influence of historic costume on modern dress, fashion terminology, design processes, techniques of analysis and prediction, and fundamentals of apparel manufacturing will be explored.

AHSC 3420. Nutrition Throughout the Lifecycle (3 credits) — Prerequisite: AHSC 2420. An in-depth discussion of nutritional needs throughout the lifecycle with special emphasis on pregnancy, lactation, infancy, childhood, adolescence and during aging. Specific attention will be given to nutrition-related problems seen in these periods, including the premature infant and the pregnant adolescent.

AHSC 3430. Community Nutrition (3 credits) — Prerequisite AHSC 2420. Current trends in nutrition programs on the local, state, federal, and international levels and methods used to survey populations. Food practices of subcultures within the U.S. and their nutritional impact.

AHSC 3465. Human Nutrition and Metabolism (3 credits) — Prerequisite: AHSC 2420. Corequisites HSCI 3020 or equivalent, BIOL 3000/01 or equivalent. A study of the digestion, absorption, metabolism, storage, and excretion of nutrients with emphasis on the adult stage of the life cycle.

AHSC 3610. Historical Interiors (3 credits) — Prerequisite: AHSC 1620, 1621 and ARTA 1110 or 1204. A historical survey of interiors from antiquity through contemporary, emphasizing the influence on today's interiors.

AHSC 3615. Space Planning: Studio III (3 credits) — Prerequisite: AHSC 1620, 1621, and 2630. Corequisite: Concurrent enrollment with AHSC 2611. Application of the space planning process to meet codes, standards, and program requirements for interior spaces up to 10,000 square feet.

AHSC 3621 Residential Design and Housing (3 credits) — Prerequisites: AHSC 2611, 2630, & 3615. Advanced residential design and housing issues.

AHSC 3630. Advanced Lighting (3 credits) — Prerequisite: AHSC 2611. Concurrent registration with AHSC 4611. Advanced study of lighting for various non-residential applications. Emphasis on selection criteria and effects.

AHSC 3650. Contract Design (3 credits) — Prerequisites: ENTC 2410 and 2160; AHSC 3621. Concurrent registration with AHSC 4610 and instructor approval. Laws, codes, standards, and specifications relative to nonresidential interiors.

AHSC 3989-99 Cooperative Education (1-3, 1-3 credits)

AHSC 4018. Honors Thesis (3 credits) — Prerequisites: Satisfactory completion of all college honors classes and advisor approval. The thesis is a capstone academic experience bringing into focus the result of the student's learning and career interest.

AHSC 4048. Honors International Study (3 credits) — Prerequisites: Satisfactory completion of all CAST Honors courses or college honors committee approval. This course will consist of a two-week international study and cultural experience in addition to a re-tour orientation.

AHSC 4127/5127. Divorce: Causes and Consequences (3 credits) — Explores the social-psychological impact of divorce on families. The economics, legal, social, emotional, co-parental, and former spouse consequences of divorces will be discussed. The various theoretical models explaining both the movement toward divorce, as well as the divorce transition, will be described. Special attention will be given to the impact of divorce on children.

AHSC 4137/5137. Youth Violence - Intervention to Prevention (3 credits) — This course is designed to inform and train individuals in a variety of fields that deal with children and youth. The course is a combination of defining the concept of violence in society, evaluating current research in the field, and looking at practical strategies for developing protective factors for youth. Students will view various media representations of violence patterns and solutions, review current literature, and listen to some brief lectures. The majority of time will be spent on student interaction with each other and the instructor.

AHSC 4167/5167. Student Teaching: Pre-K to K (6 credits) — A supervised 150-credit practicum in an approved early childhood program. Seminars will be held to coordinate and evaluate experience. (Must be taken with HDAL 4617 Early Childhood Practicum.)

AHSC 4217/5217. Furniture Marketing (3 credits) — Prerequisite: Senior level. An overview of all aspects of furniture marketing in the United States. This course is designed to give the student a foundation in furniture marketing from the perspective of both the furniture manufacturer and the furniture retailer.

AHSC 4220. Fashion Merchandising (3 credits) — Prerequisite: AHSC 230. The study of merchandising procedures as they are applied to the marketing of apparel. Merchandising practice will be studied as a segment of the total apparel marketing system.
AHSC 4225. Merchandising Planning and Control (3 credits) — Prerequisite: AHSC 4220 and MATH 1530, 1820, 1840, or 1910. Merchandising Planning and Control is designed to help students become knowledgeable about the numerical terminology, concepts, and calculators that are the language of retail management. The concepts of sales, costs, expenses, profits, markdowns, markups, open to buys, sales per square foot and returns on investments, help retailers plan activities that result in sales, monitor results against goals, and renew and assess performance for future decisions.

AHSC 4230. Merchandise Buying (3 credits) — Prerequisite: AHSC 4225. The study of the purchase of apparel merchandise for resale to the ultimate consumer. The role of the buyer, including planning, buying, pricing, stockkeeping, and selling will be explored.

AHSC 4240. Visual Merchandising (3 credits) — Prerequisites: ARIA 1110 and 1140, and AHSC 4220 or departmental approval. An overview of the visual design process as it is applied to the merchandising of apparel and home furnishing products. Emphasis centers on the development of skills needed to plan, implement, and evaluate effective merchandise presentations in varied retail settings.

AHSC 4250. Advertising and Promotion (3 credits) — Prerequisite: AHSC 4220. A study of the purposes and applications of advertising and promotion in the fashion industry, including procedures, methods, and techniques used in the organization, execution, and evaluation of various promotional activities.

AHSC 4257/5257. Merchandising Study Tour (1-3 credits) — Prerequisites: AHSC 3230 and 4220. The Apparel Merchandising Study Tour will acquaint students with major apparel market centers, providing exposure to design, manufacturing, and retail organizations of historic importance or current prominence. Interaction with professionals will be provided with a lecture series and a trip to selected United States or European market centers.

AHSC 4260. Merchandising Seminar (3 credits) — Prerequisites: AHSC 3230 and 4220 and departmental approval. A capstone course is designed to promote the application of concepts learned in merchandising courses by providing opportunities for analysis synthesis and evaluation. Success in the merchandising field is dependent upon the ability to analyze situations, make decisions, and communicate effectively with others in the retail organization. Management personnel must be able to promote customer service by demonstration as well as instructing other associates.

AHSC 4261. Merchandising Internship (3 credits) — Corequisite: AHSC 4260 or departmental approval. Retail managers need to be problem-solvers, idea-generators, decision-makers, and action-takers. This course permits undergraduate students to complete a formal university internship which meets these criteria with local retailers while completing coursework. The internship course experience fosters transfer of knowledge and skill into competencies required for successful performance in a retail management career.

AHSC 4330. Management of Family Material Resources (3 credits) — A study of consumer and financial management problems encountered by today's families; emphasis placed on consumer rights and responsibilities, legislation, fundamentals of business, factors influencing consumer behavior, budgeting, credit, insurance, savings, taxes, and estate planning.

AHSC 4417/5417. Food Systems Operations (3 credits) — Corequisite: AHSC 3460. Operational, financial, and quality control of institutional food services with emphasis on computer-assisted food service management.

AHSC 4427/5427. Diet in Disease (I) (3 credits) — Prerequisites: AHSC 3465, HSCI 3020 or equivalent, and BIOL 3000/01 or equivalent. Principles of clinical dietetics management, medical terminology, medical documentation, design and implementation of nutrition care plans. Begin the application of principles of clinical nutrition to prevention and treatment of disease, drug-nutrient interaction, nutritional assessment, and nutritional support.

AHSC 4437/5437. Diet in Disease (II) (3 credits) — Prerequisite: AHSC 4427/5427 or departmental approval. A continuation of Diet in Disease (I) with emphasis on the principles of clinical nutrition and their application in prevention and treatment of disease, drug-nutrient interactions, nutritional assessment, and nutritional support.

AHSC 4447/5447. Advanced Nutrition (3 credits) — Prerequisites: AHSC 3465, BIOL 3000/01 or equivalent, HSCI 3020 or equivalent. A study of nutrition as the science that integrates life processes from the cellular level on through the multi-system operation of the total organism. The focus will be on current trends in normal biochemical and physiological human nutrition.

AHSC 4457/5457. Nutrition Education (3 credits) — Prerequisites: AHSC 3430, 3465 or departmental approval. Nutrition education designed for elementary, middle, and high school teachers, and others involved in nutrition. Nutrition concepts will be integrated with examples of instructional techniques to make nutrition challenging. Individual curriculum plans will be developed for integrating nutrition education with other school subjects, K-12.

AHSC 4467/5467. Quantity Food Procurement and Production (4 credits) — Corequisite: AHSC 3460. Application of quantity food procurements, production planning, preparation and evaluation in institutional settings; use and care of large equipment; and use of standardized recipes. Structured laboratory experience included.

AHSC 4480. Food Systems Management Internship (3 credits) — Prerequisites: Must have completed a minimum of 12 semester credits at the upper-division level in the Food Systems Management emphasis. Senior standing and a GPA of 3.0 or above. Requires departmental approval. Students are selected through a competitive process for assignments in approved public and private-sector organizations as interns under the supervision of the field study coordinator. Students may not earn more than three semester credits for this course. This course will substitute for three semester credits of required field study (AHSC 4537). This course may be used as a free elective.

AHSC 4487/5487. Nutrition and Disease Prevention (3 credits) — Prerequisite: AHSC 4427 and 4447. A study of nutrition and its relation to prevention of chronic diseases. A review of the current scientific literature and research related to the etiological factors in the development of degenerative diseases such as cardiovascular disease, cancers, and osteoporosis.

AHSC 4497/5497. Administration of Food Service Organizations (4 credits) — Prerequisites: AHSC 1410, 2420 or departmental approval, and junior standing. Decision making, management, organization, staffing, and administration of institutional food service operations with an emphasis on computer-assisted food service management and food service layout and design.

AHSC 4517/5517. Demonstration Techniques (3 credits) — Prerequisite: Senior standing. Application of the principles and techniques involved in demonstrations and presentations.

AHSC 4520. Senior Seminar (3 credits) — Prerequisites: Senior standing. Combines the expertise of hospitality and consumer science as dynamic professionals, which integrate diverse occupational specializations to meet the changing needs of individuals and families. Development of job search skills. Study public policy affecting families and ways to affect change. Required of all majors.

AHSC 4537/5537. Field Studies (3-9 credits) — Prerequisite: Senior standing and departmental approval. Supervised field studies in student's major area of interest.

AHSC 4547/5547. Corporate Etiquette (3 credits) — Designed to help students present themselves with confidence to outclass the competition. Topics covered include introductions, conversation skills, working a room, business attire, dining in corporate America, wine selection, resume writing, interviewing, international business and more. Skills should help you obtain a job, advance to a higher position, and make career changes.

AHSC 4610. Health Care Studio IV (3 credits) — Concurrent registration with AHSC 3650, 4615 and departmental approval. Application of the design process in planning interior health care environments for the children, the elderly, physically challenged, and other special populations.

AHSC 4611. Hospitality: Studio V (3 credits) — Prerequisites: AHSC 4610, concurrent registration with AHSC 3650, and departmental approval. Complex problem-solving in hospitality design. Involvement with historic rehabilitation or preservation, government policies and/or community issues.

AHSC 4615. Professional Practices in Interior Design (3 credits) — Concurrent registration with AHSC 3650, 4610, or departmental approval. Professional business practices, contracts, ethics, responsibilities, liabilities, etc. Introduction to professional organizations, markets, and financial services. Employment practices.
AHSC 4657/5657. Architectural Study Tour (1 - 3 credits) — Prerequisites: Six hours earned in AHSC and consent of the instructor. Classroom and on-site study of interior and exterior architecture in various parts of the United States. Structured semi-independent study and travel.

AHSC 4717/5717. Vocational Family and Consumer Services Curriculum (3 credits) — Prerequisites: Admission to teacher education or permission of department. A comprehensive overview of family and consumer sciences education programs and their place within the total school curriculum. Emphasis will be placed on the organization and administration of family and consumer sciences education programs. Students will be provided experiences in curriculum development, as well as program planning.

AHSC 4727/5727. Methods for Vocational Family and Consumer Sciences Education (3 credits) — Prerequisite: AHSC 4717. Emphasis given to program planning, methodology, teaching strategies, and techniques for family and consumer sciences education. Evaluation of teaching-learning process, as well as total program evaluation.

AHSC 4737/5737. Occupational Family and Consumer Sciences Programs (3 credits) — Prerequisites: AHSC 4727, and departmental approval. A comprehensive overview of occupational family and consumer sciences programs including: legislation and funding, labor laws, curriculum development, components of programs, HERO, advisory committees, placement and follow-up, program evaluation, and resource materials. This course is required for Occupational Home Economics Endorsements #453, 451, 452, and 453.

AHSC 4900. Independent Studies (1-9 credits) — Prerequisites: Permission of department chair and instructor.

AHSC 4957/5957. Special Topics in Applied Human Sciences (3 credits) — Selected subjects in student’s area of interest in areas not included elsewhere in course offerings; may be repeated for credit when content varies.

AHSC 4989-99. Cooperative Education (1-3, 1-3 credits)

Graduate Course Listing
For descriptions and Prerequisites see the Graduate Catalog.

AHSC 5410. Seminar in Nutrition (1 credit)
AHSC 5420. Maternal-Child Nutrition (3 credits)
AHSC 5421. Lifespan Nutrition Practicum I (2 credits)
AHSC 5422. Lifespan Nutrition Practicum II (2 credits)
AHSC 5423. Lifespan Nutrition Practicum III (2 credits)
AHSC 5430. Complex Adult Nutritional Care (3 credits)
AHSC 5431. Medical Nutrition Therapy Practicum I (2 credits)
AHSC 5432. Medical Nutrition Therapy Practicum II (2 credits)
AHSC 5433. Medical Nutrition Therapy Practicum III (2 credits)
AHSC 5450. Advanced Nutrition Therapy (3 credits)
AHSC 5451. Nutrition & Food Systems Management Practicum I (2 credits)
AHSC 5452. Nutrition & Food Systems Management Practicum II (2 credits)
AHSC 5453. Nutrition & Food Systems Management Practicum III (2 credits)
AHSC 5460. Capstone Research Project (3 credits)
AHSC 5900. Independent Study (1-9 credits)
AHSC 5960. Thesis (1-3 credits)
AHSC 5990. Readings & Research (3 credits)

Allied Health
ALHE

ALHE 2000. Seminar (3 credits) — An integration of allied health theories, principles, procedures, and equipment presented throughout the declared area of concentration. Reinforcement of basics will be stressed. Current developments and innovations will be included.

ALHE 2010. Introduction to Allied Health (2 credits) — A course familiarizing the student with the many facets of allied health professions including types of health care professionals, medical ethics, terminology, safety, infection control, and microbiology.

ALHE 2020. Patient Care and Assessment (3 credits) — Prerequisite: Current CPR certification. This course emphasizes medical techniques and nursing procedures required during medical procedures for allied health majors. Assessment of vital signs, pharmacology, venipuncture, legal implications, and patient and physician rights will be introduced. Agency protocol for the various disciplines will be presented.

ALHE 3010. Allied Health Professionals (3 credits) — The purpose of this course is to serve as a transition course for the student in pursuit of a baccalaureate degree in Allied Health. Theories and concepts of professional allied health practitioners are explored in relationship to their roles in the health care system. The course includes content about practice and expectations of a baccalaureate degree allied health practitioner in a multicultural society.

ALHE 4060. Research in Allied Health (3 credits) — Prerequisite: Permission of instructor. This course is intended to enhance the allied health practitioner’s skills in the development and interpretation of research. Discussions will be conducted on various research designs, statistical procedures, sampling techniques, and literature reviews. Assignments inclusive of advanced writing applications and technology utilization will be required.

ALHE 4070. Leadership in Allied Health (3 credits) — Prerequisite: ALHE 4060 or permission of instructor. This course provides a historical perspective of leadership theory. Various models will be discussed to allow the student to develop their personal leadership style. An analysis of trends in motivational studies, conflict resolution, and organizational change will be conducted. Professional specific knowledge will be reviewed to assure students transition into the health care system. Basic issues concerning human resource management will be included.

Adult Nursing
ALNU

ALNU 3000. Pathophysiology: Concepts of Disease Process (3 credits) — Prerequisites HSCI 3000 or HSCI 2010/11 & HSCI 2020/21, HSCI 3020. This course examines the pathophysiology of disease processes throughout the life span. Alterations in the mechanisms of inflammation, immunity, pain, sensory-motor, regulatory, and cellular development that result in disease are presented.

ALNU 3005. Dosage Calculations (1 credit) — This course focuses on the necessary steps involved in solving clinically oriented calculations. A basic math review includes number systems, conversion of systems, fractions, decimals, ratio and proportion, and percentage. Methods of dosage calculation are included as a prerequisite to solving practical calculation problems for oral, injectable, and intravenous medications.

ALNU 3010. Pharmacology for Nursing (3 credits) — Prerequisites: HSCI 3000 or HSCI 2010/11 & HSCI 2020/21, HSCI 3020. This course focuses on concepts required by nurses to make sound decisions about the administration of pharmacotherapeutic agents. The nursing process is used to discuss pharmacotherapeutic agents in relation to disease prevention and health promotion, health protection and maintenance.

ALNU 3020. Foundation of Nursing Skills (3 credits) — Prerequisites: PMNU 2020, 2310, FCNU 2010, 2030. This course introduces the foundations for nursing care of clients’ human needs. Emphasis is placed on independent and interdependent nursing interventions that aid adult clients and families in meeting their needs related to hygiene, mobility, safety, oxygenation, comfort, rest, sleep, and elimination.

ALNU 3021. Adult and Family Care I (5 credits) — Prerequisites: PMNU 2020, 2310, FCNU 2010, 2030. Pre-corequisites ALNU 3000, 3010, 3020. This course focuses on the development of nursing skills that meet a variety of client needs. The student will be expected to utilize the concepts of caring, nursing process, critical thinking, and communication in the provision of nursing care to adults who have diverse health care needs.

ALNU 3170. Transition to Professional Practice for Licensed Practical Nurses (3 credits) — Prerequisites FCNU 2010, 2030, PMNU 2020. Pre-corequisites ALNU 3000 & 3010, FCNU 3030. This course is designed as a transition course for the Licensed Practical Nurse pursuing a baccalaureate degree in nursing. The course focuses on utilization and enhancement of previously learned skills as well as the development of new knowledge and skills for the practice of professional nursing in the 21st Century.
ALNU 4000. Care of the Middle Aged Adult (4 credits) — Prerequisite: FCNU 3051, or permission of the department. Content of this course covers the care of the adult between the ages of 30 and 65 with emphasis on commonly occurring acute and chronic health problems. Nursing interventions to reduce risk, promote and restore health and to assist clients in adapting to chronic conditions are explored in varied environments.

ALNU/FCNU/PMNU 4008. Honors Mentorship in Nursing (1 credit) — may be taken twice for credit. Prerequisite: Acceptance into the College of Nursing Honors Program. An individualized course in which the student collaborates with a mentor to create a program a learning experience that supports academic and professional goals.

ALNU 4010. Gerontological Nursing (3 credits) — Prerequisite: Completion of FCNU 3051. Provides additional study of delivery of nursing care to both the healthy and ill older client. Includes discussion of nursing implications of theories of aging, psychosocial and physiological changes in aging, and health issues relevant to elder care. Emphasis on increasing repertoire of critical thinking and nursing interventions to maximize functional health status of the aging client. (Elective)

ALNU/FCNU/PMNU 4018. Nursing Honors Thesis (3 or 6 credits) — Prerequisites: Admission to the College of Nursing Honors Program; Honors Mentorship in Nursing or permission of instructor: An independent course for the senior-level honors student to complete a thesis suitable for presentation. The written paper will demonstrate scholarship, basic understanding of the research process, and relevance to professional trends and issues.

ALNU 4020. Care of Older Adults (2 credits) — Prerequisite: FCNU 3051. Content of this course focuses on the care of the older adult experiencing commonly occurring health problems. The course emphasizes promotion of health, restoration, and rehabilitation for the older adult and palliative measures for the dying client.

ALNU 4021. Adult and Family Care III (8 credits) — Prerequisites: ALNU 4000, 4020. This course focuses on the physical and behavioral health care of middle-aged and older adults with complex health problems. Diverse settings are used to plan, evaluate, and manage complex nursing care.

ALNU 4030. Nursing Process and Research in Adult Care (3 credits) — Prerequisite: FCNU 3060 or equivalent. This course introduces theory, research, and practice concepts pertaining to middle-aged and older adults.

ALNU 4300. Skills Validation (1 credit) — Prerequisite: Admission to the nursing major. Selected clinical skills will be reviewed and evaluated specific to the students' particular level in the nursing program. May be repeated. (Elective)

ALNU 4900. Nursing Independent Study (1-3 credits)
ALNU 4905/5905. Special Topics in Nursing (1-6 credits) — Prerequisite: Permission of instructor. Special topics related to nursing and health care will be presented. Course may include didactic and experiential methods of instruction. May be repeated for credit if course content is significantly different or advanced. (Elective)

ALNU/FCNU/PMNU 4989. Cooperative Education in Nursing (3 credits) — Prerequisite: Permission of department chair. This course, with 1-3 credits as arranged, allows the student to spend time in a career-related work experience. Formal agreements are established by the university and the employer to help students accomplish specific educational outcomes. (Elective)

Graduate Course Listing

For descriptions and Prerequisites see the Graduate Catalog.

ALNU 5009. Health Assessment Throughout the Life Span (3 credits)
ALNU 5010. Health Assessment Practicum (3 credits)
ALNU 5011. Life Span Assessment and Clinical Management: Young & Middle Adults (2 credits)
ALNU 5012. Life Span Assessment and Clinical Management: Young & Middle Adult Practicum (3 credits)
ALNU 5013. Life Span Assessment and Clinical Management: Older Adults (2 credits)
ALNU 5014. Life Span Assessment and Clinical Management: Older Adult Practicum (3 credits)
ALNU 5016. Pathophysiology for Nursing Diagnoses and Interventions (3 credits)
ALNU 5018. Advanced Clinical Pharmacology (3 credits)
ALNU 5021. Case Management (2 credits)
ALNU 5022. Case Management Practicum (3 credits)
ALNU 5031. Care of the Older Adult in Structured Settings (2 credits)
ALNU 5032. Practicum in the Care of the Older Adult in Structured Settings (3 credits)
ALNU 5900 Independent Study (1-3 credits)
ALNU 5960 Thesis (1-6 credits)
ALNU 5990 Readings & Research (1-3 credits)

Appalachian Studies

APST 2060. Introduction to Appalachian Studies (3 credits) — An introduction to the study of the Appalachian region, focusing on the idea of Appalachia in American and world consciousness and its treatment in the social sciences, media, literature, and the arts. Required for Appalachian Studies minor.

APST 4957/5957. Appalachian, Scottish, & Irish Studies (3-6 credits) — This course explores the relationship between Appalachia and its Scottish and Irish heritage. The course includes lectures by scholars from Edinburgh University and covers a wide range of topics including oral and written literature, language, history, music, folklore, and others concerned with traditional Scottish and Irish cultural influences upon Appalachia. Also included are several field trips to various cultural locations around Appalachia, Scotland, and Ireland.

APST 4997/5997. Current Issues in Appalachian Studies (3 credits) — Seminar surveying major issues and concerns in Appalachian Studies since the 1970s. Required for Appalachian Studies minor.

Art and Design

ARTA 1110. 2-D Design (3 credits) — A fundamental exploration of the elements of two-dimensional art (line, shape, texture, value, and color) and their relationship to the principles of design (balance, rhythm, variety, and unity). Stress is placed on visual thinking through the use of problem-solving structures.

ARTA 1140. 3-D Design (3 credits) — An examination of three-dimensional design forms in order to gain a deeper understanding of the elements and principles of design. An exploration of a variety of media, processes, and applications of three-dimensional work.

ARTA 1201. Drawing Fundamentals (3 credits) — An introductory drawing course based primarily on direct observation techniques, analysis, basic pictorial composition and spatial organization. An exploration of a variety of media, processes and techniques as related to drawing and the visual arts.

ARTA 1204. Color Theory (3 credits) — Prerequisite: ARTA 1110 or 1201 or permission of instructor. An introduction to the basic principles of color theory as related to the visual arts to include both additive and subtractive color systems. An exploration of a variety of media and processes which stress the use of a problem-solving structure.

ARTA 2010. Art History Survey I (3 credits) — A survey of architecture, painting, sculpture, and the minor arts in the western world from prehistoric times to the end of the Middle Ages.

ARTA 2012. Intermediate Drawing (3 credits) — Prerequisite: ARTA 1110, 1140, 1201, 1204 or permission of the instructor. A course based on the observation of various subject matters and their representation through various drawing materials. Emphasis on colored drawing and more complex pictorial and spatial problems. Non-objective and abstract problems will be included. Development of individual responses will be encouraged.

ARTA 2020. Art History Survey II (3 credits) — A survey of architecture, sculpture, and painting in the Western world from the Italian Renaissance to the present.

ARTA 2051. Foundations in Painting (3 credits) — Prerequisite: ARTA 1110, 1140, 1201, or permission of instructor: An introductory course with an emphasis on a variety of materials, techniques, and approaches.

ARTA 2071. Beginning Weaving (3 credits) — An introduction to floor-loom weaving through the study of basic two- and four-harness weaves, fiber types and color relationships. Emphasis on the development of technical skills, color and design.

ARTA 2081. Jewelry and Metalsmithing (3 credits) — Prerequisite: ARTA 1140 or permission of instructor. Basic techniques and concepts of jewelry design and construction.
ARTA 2091. Intro to Ceramics (3 credits) — Prerequisite: ARTA 1110, 1140, or permission of the instructor. This is an introductory course. Concentration on hand-forming processes and basic information about clays, glazes, and firing.

ARTA 2120. Basic Figure Drawing (3 credits) — Prerequisite: ARTA 1110, 1140, 1201, 1204, or permission of instructor. An introductory course in drawing in human figure to emphasize observation, proportion and a more intuitive approach to human anatomy. Students will work directly from the skeleton and models to analyze the figure and explore a variety of media and pictorial problems.

ARTA 2200. Basic Photography (3 credits) — Introductory course in black and white photography. The course will cover basic photographic techniques and darkroom procedures from the taking of the picture to the finished print. Each student should have a camera that can be used in the course.

ARTA 2210. Introductory Printmaking (3 credits) — A survey of printmaking, materials, and processes (relief and screen process) with emphasis on the visual quality of the work produced.

ARTA 2401. Commercial Art (3 credits) — Prerequisite: ARTA 1110, 1140 Basic Design, or permission of instructor. An introductory studio course in the design and reproduction of commercial art and visual communications.

ARTA 2501. Introduction to Sculpture (3 credits) — Prerequisite: ARTA 1140. An introduction to sculptural techniques and concepts, including figure study, abstraction, work with clay, wood, plaster, mixed media and site specific sculpture. Slide lectures covering historical and contemporary approaches to sculpture will be an ongoing component.

ARTA 2957. Topics in Art (1-6 credits)

ARTA 2989. Cooperative Education (1-3 credits)

ARTA 3010. Advanced Drawing (3 credits) — Prerequisite: ARTA 2012 or 2020 or permission of instructor. A visual investigation of advanced concepts in drawing with further exploration of traditional and non-traditional subject matter and materials. Students will work toward thematic development through small series and will be encouraged to develop personal iconography.

ARTA 3071. Intermediate Weaving II (3 credits) — Prerequisite: ARTA 2071 or by permission of instructor. A study of intermediate multi-harness weaving techniques to include complex pattern weaves, twills and doubleweave. Focus on functional or fine art application while emphasizing technical skills/craftsmanship, experimentaton, color and design.

ARTA 3072. Intermediate Weaving III (3 credits) — Prerequisite: ARTA 2071 and 3071 or by permission of the instructor. This course explores the image-making potential of the woven textile; including: inlay, tapestry, brocade, painted and ikat-dyed advanced considerations of color, design, construction and finishing techniques.

ARTA 3073. Fiber Construction (3 credits) — Off-loom textile processes explore three-dimensional form in fiber; using traditional and non-conventional materials. Emphasis is placed on the development of technical skills, form and concept.

ARTA 3081, 3082. Jewelry and Metalsmithing (3,3 credits) — Prerequisite: ARTA 2061 or permission of instructor. Intermediate techniques including: fabrication, stone setting, casting, forging, raising, and jewelry design.

ARTA 3091. Beginning Throwing (3 credits) — This is a beginning course in ceramics. It concentrates on the potter’s wheel as a major tool. It deals with the vessel in traditional and non-traditional format.

ARTA 3092. Intermediate Ceramics (3 credits) — Prerequisite: ARTA 3091. An intermediate course in ceramics. Forming techniques will be used in combination. There will be lectures on clays, glazes, and firing techniques.

ARTA 3110. Intermediate Painting (3 credits) — Prerequisite ARTA 2051 or permission of the instructor. A course that concentrates on building color relationships and visual clarity.

ARTA 3120. Life Painting (3 credits) — Prerequisite: ARTA 2051, 3110, or permission of instructor. An oil painting course with an emphasis on selecting subject matter, painting from nature, still life, and the figure.

ARTA 3130. Watercolor Painting (3 credits) — Broad range of problems and techniques.

ARTA 3147. Advanced Watercolor Painting (3 credits) — Advanced projects in watercolor.

ARTA 3201. Intermediate Figure Drawing (3 credits) — Prerequisite: ARTA 2120 or permission of the instructor. An additional exploration of the figure and its expressive potential with advanced analysis of human anatomy including musculature and surface features. Ink and color drawing will be emphasized along with expanded problem solving.

ARTA 3211. Lithography (3 credits repeatable) — An exploration of direct lithographic printing as an artist’s medium.

ARTA 3221. Screen Process (3 credits repeatable) — An exploration of screen-process printing as an artist’s medium.

ARTA 3301. Intaglio (3 credits repeatable) — An exploration of the intaglio process as an artist’s medium.

ARTA 3321. Art Experiences with Children (3 credits) — Prerequisites: All freshmen and sophomore required art courses. A course for curriculum art majors and minors and/or qualified elementary education majors. Two credits per week will be spent guiding children in art experience. Weekly seminars and studio sessions will be required for those enrolled.

ARTA 3341. Relief (3 credits repeatable) — An exploration of the relief printing process as an artist’s medium.

ARTA 3401. Typography (3 credits) — The design and use of typographic material.

ARTA 3402. Commercial Art (3 credits) — Prerequisites: ARTA 2401 and 3401. A studio course devoted to the design and preparation of two-dimensional materials for commercial reproduction.

ARTA 3501. Intermediate Sculpture (3 credits) — Prerequisite: ARTA 2501. Continued development of sculptural techniques and concepts, including metal fabrication and casting, stone carving, and work of the student’s choice. Students will complete several projects.

ARTA 3502. Intermediate Sculpture (3 credits) — Prerequisite: ARTA 2501. Continued development of sculptural techniques and concepts; students will complete several projects.

ARTA 3601. Intermediate Photography (3 credits) — Prerequisite: ARTA 2300 or permission of instructor. Projects in black and white photography above the basic level, concerning natural lighting, darkroom, composition, camera and lens, processing, and special effects. The emphasis is on visual communication.

ARTA 3602. Color Photography (3 credits) — Prerequisite: ARTA 2200 or permission of the instructor. Projects in color transparency and color print materials, concerning learning the technical and aesthetic aspects of the photographic color medium. Students will do all their own processing with total control as the goal.

ARTA 3603. Alternate Photographic Processes (3 credits) — Prerequisite: ARTA 2200 or permission of instructor. Emphasis on the design elements in photography. Experience in high contrast materials, solarization and print manipulation, as well as non-silver materials. Emphasis on exploration of the creative possibilities of the medium.

ARTA 3989. Cooperative Education (1-3 credits)

ARTA 4002. Graphic Design (3 credits) — Prerequisite: ARTA 2401. A studio course devoted to the design and preparation of two-dimensional material for reproduction.

ARTA 4017/5017. Classical Art (3 credits) — A survey of the arts of Greece and Rome. (Offered in alternate years.)

ARTA 4027/5027. Art History of the Middle Ages (3 credits) — A survey of European architecture, sculpture, and painting from Late Antiquity to the end of the Gothic period. (Offered in alternate years.)

ARTA 4037/5037. Art History of the Renaissance Period (3 credits) — A survey of European art from 1300 to 1600 with emphasis on Italian and Flemish art. (Offered in alternate years.)

ARTA 4047/5047. Art History of the Baroque Period (3 credits) — A survey of the major styles of European art from 1600 to 1750: Baroque, Classicism, Realism, and Rococo. (Offered in alternate years.)

ARTA 4057/5057. Art History of the 19th Century (3 credits) — A survey of the major styles and trends in art from Neoclassicism to Postimpressionism. (Offered in alternate years.)

ARTA 4067/5067. Twentieth Century Art (3 credits) — Major developments in painting and sculpture from Postimpressionism through Surrealism. (Offered in alternate years.)
ARTA 4071. Advanced Weaving II (3 credits) — Prerequisites: ARTA 2071, 3071 and 3072 or by permission of the instructor. Students work independently while developing an individual direction. Technical, aesthetic, and conceptual input will be structured toward individual needs; and professional practices within the independent studio, or for industry, will be addressed.

ARTA 4072. Advanced Weaving III (3 credits) — Prerequisites: ARTS 2071, 3071, 3072 and 4071 or by permission of instructor. Students work independently while developing an individual direction. Technical, aesthetic, and conceptual input will be structured toward individual needs; and professional practices within the independent studio, or for industry, will be addressed.

ARTA 4073. Fabric Design (3 credits) — Prerequisite: ARTA 1204. An introduction to applied textile design. Hand-printed and dyeing techniques include stamping, block-printing, tie-dye/shibori, discharge and other techniques to develop imagery and color/ pattern relationships on fabric.

ARTA 4077/5077. Contemporary Art (3 credits) — A survey of art since 1945.

ARTA 4081, 4082. Jewelry and Metalsmithing (3,3 credits) — Advanced courses in metal techniques and jewelry design.

ARTA 4087/5087. Oriental Art (3 credits) — A study of the arts of India, China, and Japan. Topics vary each semester.

ARTA 4089/5089. Art History, Theory, and Criticism (3 credits repeatable) — An investigation of art theory and criticism in relation to the art of a particular time and place. Times and places chosen will vary, e.g., 19th century European romantic art, classic Brahmanical Hindu art, medieval sacred art, or modern symbolism.

ARTA 4107/5107. Art Study Tour (1-3 credits, variable) — This course is designed to acquaint the student with original works of art. The lecture series is followed by a trip to selected museums in the U.S. and/or in Europe.

ARTA 4110. Combined Media Painting (3 credits) — Prerequisite: ARTA 2051, 3110 3120, or permission of the instructor. Painterly approaches to alternative methods and techniques in image-making. A focus on concept, visual communication, and craftsmanship.

ARTA 4120. Figure Painting (3 credits) — Prerequisite: ARTA 2051, 3110, 3120, 2120 or permission of the instructor. A studio course in oil painting, utilizing traditional, as well as contemporary, approaches to the human figure.

ARTA 4201. Advanced Figure Drawing (3 credits) — Prerequisite: ARTA 2120 and 3201 or permission of the instructor. An advanced course in the study of the human form. Emphasis is placed on individual expressive content using the figure as a point of departure.

ARTA 4202. Mixed Media Drawing (3 credits) — Prerequisite: ARTA 2012 or 2120 and 3010 or permission of the instructor. A focus on alternative drawing methods and formats emphasizing combined media. Advanced studies in content and visual communication with special emphasis on contemporary drawing directions.

ARTA 4211. Advanced Lithography (3 credits repeatable) — Advanced studio work in direct lithographic printing.

ARTA 4217/5217. Book Arts (3 credits) — A course exploring adhesive and non-adhesive book formats. Emphasis is placed on a book as a complete format of cover, text, and image. Paper decoration, books as sculptural objects, and time-based directions will be addressed.

ARTA 4221. Advanced Screen Process (3 credits repeatable) — Advanced studio work in screen-process printing.

ARTA 4271. Advanced Ceramics I (3 credits) — Prerequisites: ARTA 2091, 3091, 3092. Advanced class which will allow students to work on special problems and techniques on an individual basis. It will also include lectures on clay, glazes, and firing techniques.

ARTA 4272. Advanced Ceramics II (3 credits) — Prerequisites: ARTA 2091, 3091, 3092, 4271. A continuation of 4271, emphasizing individual direction, expression, and work at an advanced level.

ARTA 4273. Technical Ceramics (3 credits) — Prerequisites: ARTA 2091, 3091. This course deals with the technical considerations of ceramics: clay, glazes, firing techniques, kilns, raw materials, testing and specific firings. It will be a lecture format course with lab work.

ARTA 4301. Displays and Package Design (3 credits) — Prerequisite: ARTA 3401, 3402, or permission of instructor. An advanced studio course in the design and preparation of three-dimensional material for commercial reproduction.

ARTA 4302. Illustration (3 credits) — An advanced studio course in the design and preparation of two-dimensional material for commercial reproduction.

ARTA 4303. Computer Art and Design (3 credits) — Prerequisites: 2401, 3401, 3402, or permission of the instructor. An advanced studio course which focuses on the computer as a creative tool for visual communication problem-solving. Course emphasizes computer methods for solving graphic design problems and the development of computer skills in creating art, design and illustration.

ARTA 4320, 4330. Elementary School Art (3, 3 credits) — Required course for all elementary education majors. Should be taken in the junior year. ARTA 4330 is required of all students desiring certification in art. The courses include art media experiences and art appreciation.

ARTA 4401. Advanced Intaglio (3 credits) — Advanced studio work in intaglio printing.

ARTA 4419. Teaching Art in Secondary Schools (3 credits) — A study of the aims, philosophy, and curricula of the secondary school art program based on an examination of available literature. Required for certification in art. There can be no substitute. This course counts as education credit and cannot be used to meet the art course requirement for a minor or major in art. (At the beginning of the course the student will submit a portfolio of his/her art works to the art education faculty for review.)

ARTA 4501. Advanced Sculpture (3 credits) — Prerequisite: ARTA 3501 or 3502. Students develop work on an individual basis, working on specific problems and processes developed in consultation with the instructor. Both creative thinking and technical skills will be emphasized.

ARTA 4502. Advanced Sculpture (3 credits) — Prerequisite: ARTA 3501 or 3502. Continued advanced work in sculpture, emphasizing personal direction and self-motivation in sculpture, both technically and conceptually.

ARTA 4601. History of Photography (3 credits) — Exploring the history of photography from its beginning to the present day.

ARTA 4602. View Camera Photography (3 credits) — Prerequisite: ARTA 3601 or permission of instructor. An advanced course using 4 x 5 or 8 x 10 view cameras furnished to students enrolling in this course for its duration, concerning view camera techniques, the zone system, and development of professional quality.

ARTA 4603. Intro to Studio Photography (3 credits) — Prerequisite: ARTA 2200, 3601, or permission of instructor. Basic studio lighting techniques. Projects concerning portrait, fashion, and product lighting. Work toward professional quality.

ARTA 4901-4902. Independent Study in Sculpture (1-6 repeatable) — Prerequisite: ARTA 3502 or 3502. Independent Studies in studio art making, photography, metalsmithing and jewelry design, ceramics, sculpture, weaving, drawing, painting, graphic design, art history, art education, and internship in pumped illustration.

ARTA 4912. Independent Studies in Photography (1-6 credits repeatable)

ARTA 4915. Independent Studies in Weaving (1-6 credits repeatable)

ARTA 4916. Portfolio and Exhibit (1-3 credits variable) — The B.F.A. student takes this course in the last semester before graduation. The course is designed to allow the student to prepare a portfolio for the job market and to prepare work for the final required undergraduate B.F.A. exhibition in the department gallery. Students will take this course with a professor in the area of concentration, and provide the Art Department with slides of their exhibition materials.

ARTA 4957/5957. Special Topics in Art (1-6 credits repeatable)

ARTA 4989. Cooperative Education (1-3 credits)

Graduate Course Listing
For descriptions and Prerequisites see the Graduate Catalog.

ARTA 5061. Metalsmithing and Jewelry Design (1-6 credits repeatable)

ARTA 5110. Ceramics (1-6 credits repeatable)

ARTA 5130. Painting (1-6 credits repeatable)

ARTA 5140. Photography (1-6 credits repeatable)

ARTA 5160. Sculpture (1-6 credits repeatable)

ARTA 5170. Fibers (1-6 credits repeatable)

ARTA 5200. Drawing (1-6 credits repeatable)

ARTA 5202. Field Experience in Art Education (3 credits)

ARTA 5330. Elementary School (3,3 credits)

ARTA 5340. Teaching Art in the Secondary School (3 credits)

ARTA 5350. Graphic Design (1-6 credits repeatable)
Astronomy

ASTR

♦ ASTR 1010. Astronomy I (4 credits) — An introductory course which includes historical astronomy, celestial motions, properties and observation of light, and physical characteristics of the solar system and the sun. Includes laboratory activities involving telescope observations of solar system and stellar objects. Designed for students desiring a laboratory science for its general education value. Three credits lecture, two credits laboratory each week.

♦ ASTR 1020. Astronomy II (4 credits) — Introduces students to the study of stars, galaxies, and the universe as a whole. Includes laboratory activities involving telescope observations of star systems, nebulae, and galaxies. Three credits lecture, two credits laboratory each week.

Business Administration

BADM

BADM 1130. Introduction to Business (3 credits) — OPEN ONLY TO FIRST-YEAR AND TRANSFER STUDENTS. This course is designed to provide an overview of business operations, the role of business in society, the ethical issues in business, and the various disciplines within a business organization. Guidance to first-year university students as they begin their academic work through coverage of lifestyle issues, career planning, and other relevant topics is provided.

General Studies

BASD

BASD 3210. Professional Field Experience (3 credits) — Required of all B.G.S. and B.S.P.S. students. Dean’s approval required; Junior standing. The purpose is to increase the student's knowledge in a particular personal or career-related area through a practical personal or career-related area through a practical learning experience or internship. This must be new learning by the student and submitted in the form of a culminating project.

BGMT 4950. Special Topics in Adult Continuing Education (1-6 credits) — Prerequisites: Junior or senior status and permission of the instructor. Open to bachelor of general studies students only. This course gives students the opportunity to study special topics and new developments in the field of adult continuing education.

BSIS

BSIS 3210. Professional Field Experience (3 credits) — Required of all B.G.S. and B.S.P.S. students. Dean’s approval required; Junior standing. The purpose is to increase the student's knowledge in a particular personal or career-related area through a practical personal or career-related area through a practical learning experience or internship. This must be new learning by the student and submitted in the form of a culminating project.

BSPS

BSPS 3210. Professional Field Experience (3 credits) — Required of all B.G.S. and B.S.P.S. students. Dean’s approval required; Junior standing. The purpose is to increase the student's knowledge in a particular personal or career-related area through a practical personal or career-related area through a practical learning experience or internship. This must be new learning by the student and submitted in the form of a culminating project.

Biological Sciences

BIOL

BIOL 1000. Academic Advantage (2 credits) — This course helps the first-year student make the transition to the university, develop a better understanding of the learning process, and enhance essential academic skills. The course provides a support group for students in a critical transitional year by examining problems and issues common to the first year of college. Elective credit only; does not apply toward the major or minor requirements.

♦ BIOL 1010. Biology for Non-majors I (4 credits) — Corequisite: BIOL 1011. A biology course with laboratory experience in general education. The role of biology in today's society, with an emphasis on current issues in ecology, evolution, and behavior, will be discussed. Three hours of lecture and two hours of lab (BIOL 1011) per week. Students must register for 1011; a common grade will be given in 1010 and 1011. Fall, Spring.

♦ BIOL 1011. Biology for Non-majors Laboratory (0 credits) — Corequisite: BIOL 1010. Laboratory exercises corresponding to Biology for Non-majors I. One two-hour laboratory per week. Students must register for 1010; a common grade will be given in 1010 and 1011. Fall, Spring.

♦ BIOL 1020. Biology for Non-majors II (4 credits) — Corequisite: BIOL 1021. A biology course with laboratory experience in general education. The role of biology in today's society, with an emphasis on current issues in reproduction, growth, genetics, and biotechnology, will be discussed. Three hours of lecture and two hours of lab (BIOL 1021) per week. Students must register for 1021; a common grade will be given in 1020 and 1021. Fall, Spring.

♦ BIOL 1021. Biology for Non-majors Laboratory (0 credits) — Corequisite: BIOL 1020. Laboratory exercises corresponding to Biology for Non-majors II. One two-hour laboratory per week. Students must register for 1020; a common grade will be given in 1020 and 1021. Fall, Spring.

♦ BIOL 1110. Biology for Science Majors Lec. I (4 credits) — Principles of molecular and cellular biology, including metabolism and genetic inheritance. Designed for biology majors, minors, and others who plan to take upper-level courses for which this is a prerequisite. Three hours of lecture and two hours of lab (BIOL 1111) per week. Students must register for 1111; a common grade will be given in 1110 and 1111. Fall, Spring.

♦ BIOL 1111. Biology for Science Majors Lab. I (0 credits) — Corequisite: BIOL 1110. Laboratory exercises to gain the ability to identify and use the processes of biological science with materials corresponding to Biology for Science majors. One two-hour laboratory per week. Students must register for 1111; a common grade will be given in 1110 and 1111, Fall, Spring.

<tr>
<td>BIOL 3260</td>
<td>Animal Physiology (4 credits)</td>
<td>Prerequisites: BIOL 1110-1111, 1120-1121, 1130-1131, or equivalent; plus one year general chemistry. An introductory course in general and comparative physiology dealing with physical and chemical processes in animals. Two hours lecture and two two-hour laboratories per week.</td>
<td>4</td>
</tr>
<tr>
<td>BIOL 3350</td>
<td>Ecology (4 credits)</td>
<td>Prerequisites: BIOL 1110-1111, 1120-1121, 1130-1131, or equivalent. An introduction to the principles of ecology with emphasis on interspecific and organismal-environmental relationships as they affect the size, development, distribution, and structure of populations, communities, and ecosystems. Three hours lecture and one two-hour laboratory per week.</td>
<td>4</td>
</tr>
<tr>
<td>BIOL 3410</td>
<td>Vertebrate Zoology (4 credits)</td>
<td>Prerequisites: BIOL 1110-1111, 1120-1121, 1130-1131, or equivalent. Biology, collection, identification, museum preparation, and natural history of vertebrates. Lecture, laboratory, and field studies. Emphasis on vertebrates of Eastern U.S. Two hours lecture and two two-hour laboratories per week.</td>
<td>4</td>
</tr>
<tr>
<td>BIOL 3420</td>
<td>Plant Biology (4 credits)</td>
<td>Prerequisites: BIOL 1110-1111, 1120-1121, 1130-1131, or equivalent. Basic biology of plants, including morphology, reproduction, development, physiology, ecology, and relationships of major plant groups and their green algae ancestors. Two hours lecture and two two-hour laboratories per week.</td>
<td>4</td>
</tr>
<tr>
<td>BIOL 3460</td>
<td>Invertebrate Zoology (4 credits)</td>
<td>Prerequisites: BIOL 1110-1111, 1120-1121, 1130-1131, or equivalent. Morphology, biology, life cycles, and relationships of the invertebrate organisms. Two hours lecture and two two-hour laboratories per week.</td>
<td>4</td>
</tr>
<tr>
<td>BIOL 3480</td>
<td>General Embryology (4 credits)</td>
<td>Prerequisites: BIOL 1110-1111, 1120-1121, 1130-1131, or equivalent. The biology of insects including their anatomy, physiology, life histories, behavior, taxonomy, geological history, and economic importance. Two hours lecture and two two-hour laboratories per week.</td>
<td>4</td>
</tr>
<tr>
<td>BIOL 3550</td>
<td>Microtechnique (2 credits)</td>
<td>Prerequisites: BIOL 1110-1111, 1120-1121, or equivalent. Methods for the study of plant and animal tissues. Two two-hour laboratories per week.</td>
<td>2</td>
</tr>
<tr>
<td>BIOL 3992</td>
<td>Research Orientation (2 credits)</td>
<td>Prerequisites: BIOL 1110-1111, 1120-1121, 1130-1131, or equivalent; must have permission of instructor. An extended field-oriented ecology course (approximately three weeks camping) to outstanding biomes of North America, i.e., deserts, alpine tundra, boreal forest, and prairies, involving field instruction, specimen collection, identification of organisms in their natural habitats. Some pre-trip and post-trip classroom sessions. Extra fees. Course can be repeated for credit with limit of one credit toward major.</td>
<td>2</td>
</tr>
<tr>
<td>BIOL 4047</td>

</table>
BIOL 4247/5247. Appalachian Flora (3 credits) — Prerequisite: BIOL 1110-1111, 1120-1121, 1130-1131, or equivalent, permission of the instructor. Field and laboratory identification and ecology of plants of the Southern Appalachian environs. Sixteen hours lecture and laboratory/field per week. Summer.

BIOL 4257/5257. Appalachian Fauna (3 credits) — Prerequisites: BIOL 1110-1111, 1120-1121, 1130-1131, or equivalent, permission of the instructor. Field and laboratory identification and ecology of the animals of the Southern Appalachian environs. Sixteen hours lecture and laboratory/field per week. Summer.

BIOL 4267/5267. Plant Development (4 credits) — Prerequisites: BIOL 3100, or permission of instructor. Pattern of plant development from zygote or spore to mature plant. Emphasis on cell and tissue differentiation, organogenesis, and the influence of growth regulators. In the laboratory, students will observe morphogenesis and will design and undertake a project of their choice. Two hours lecture and four hours laboratory per week. Spring, odd years.

BIOL 4277/5277. Neurobiology (4 credits) — Prerequisites: BIOL 1110-1111, 1120-1121, or equivalent. An introduction to the study of neurobiology. Topics include fundamentals of cellular communication (action potentials, synaptic transmission, synaptic integration), sensory systems, motor systems, the neural basis of behavior, developmental plasticity, and learning. Examples are drawn from invertebrates as well as vertebrates. Four hours lecture per week. Fall.

BIOL 4337/5337. Plant Systematics (4 credits) — Prerequisites: BIOL 1110/1111, 1120/1121, 1130/1131 or equivalent. Flowering plant classification and evolution. Characters and methods of traditional plant taxonomy, and computer-based phylogenetic methods using morphological and molecular data sets will be introduced. Plants will be studied in field and lab, and students will use data collected from plant specimens and from GenBank to conduct phylogenetic analysis in various angiosperm groups. Two hours of lecture and four hours of laboratory per week. (fall semester, odd years).

BIOL 4347/5347. Biogeography (2 credits) — Prerequisites: BIOL 1130 or equivalent or permission of instructor. Global and regional patterns in the distribution, abundance, and variation of plants and animals related to geographic conditions and earth history. One two-hour lecture per week. Fall, even years.

BIOL 4357/5357. Ethology (3 credits) — Prerequisites: BIOL 1110-1111, 1120-1121, 1130-1131, or equivalent. An introduction to the study of animal behavior. Emphasis is placed on the ecology and evolution of behavioral patterns. Three hours lecture per week. Fall.

BIOL 4360. Evolution (3 credits) — Prerequisites: Completion of 20 credits of biological science courses. A survey of current topics related to the evolution of life on earth. Intended for senior biological sciences majors. One hour lecture and two hours discussion per week. Spring.

BIOL 4367/5367. Systems Ecology (3 credits) — Prerequisite: BIOL 3350, or permission of instructor. Computer simulation modeling of ecological systems. Three hours lecture/discussion/workshop per week. Spring, even years.

BIOL 4373/5373. Plant Systematics (4 credits) — Prerequisite: BISC 1110-1111, 1120-1121, 1130-1131, or equivalent. Characters and methods of traditional plant taxonomy, and computer-based phylogenetic methods using morphological and molecular data sets will be introduced. Plants will be studied in field and lab, and students will use data collected from plant specimens and from GenBank to conduct phylogenetic analyses in various angiosperm groups. Two hours of lecture and four hours of laboratory per week. Fall, odd years.

BIOL 4417/5417. Teaching Biology in High School (3 credits) — Prerequisites: Twenty-seven credits in biology and approval of advisor. Methods and materials in the teaching of biology. Not accepted for credit toward biological sciences majors and minors. Fall.

BIOL 4450. Bryophytes, Ferns, and Seed Plants (4 credits) — Prerequisite: BIOL 1110-1111, 1120-1121, 1130-1131, or equivalent. Principal taxa of land plants characterized and compared in terms of structural, functional, and reproductive adaptations. Two hours lecture and two two-hour laboratories per week. Spring.

BIOL 4467/5467. Ichthyology (3 credits) — Prerequisite: BIOL 3410, or permission of instructor. An introduction to the methodology of fish collection, preservation, and identification of fishes. Quantitative analysis and preparation of summary reports on field collections will be emphasized. Two one-hour lectures and one three-hour laboratory per week.

BIOL 4477/5477. Ornithology (4 credits) — Prerequisite: BIOL 3410, or permission of instructor. An introduction to the methodology of field identification, population censuses, seasonal diversity, and ecology of birds. One three-hour lecture and one three-hour laboratory per week. Spring.

BIOL 4597/5597. Recombinant DNA Laboratory (3 credits) — Prerequisites: BIOL 1110-1111, 1120-1121, or 1130-1131, or equivalent; plus one year organic chemistry or permission of instructor. Theory and practice in molecular biology and recombinant DNA techniques, including recombinant DNA construction and gene transfer. One hour lecture and two three-hour laboratories per week. Spring.

BIOL 4647/5647. Molecular Biology (3 credits) — Prerequisites: BIOL 3100, plus one year organic chemistry; BIOL 3150 recommended. Investigations into gene structure, gene expression and its regulation, and modern molecular methodology. Three hours lecture per week. Spring.

BIOL 4737/5737. Conservation Biology (4 credits) — Prerequisites: BIOL 3100, or equivalent. Underlying ecological and population genetic forces governing the structure and dynamics of populations. Evaluation of current conservation strategies. Labs include field experiments on biodiversity, species monitoring strategies, field trips and use of population viability analysis. Two hours lecture, one hour discussion, and three hours laboratory per week. Fall, even years.

BIOL 4747/5747. Population Genetics (4 credits) — Prerequisites: BIOL 3100, or equivalent. An exploration of mechanisms of genetic change in populations. Theoretical predictions and empirical evidence are considered. Emphasis on molecular-based methods. A combination of field and lab exercises. Three hours lecture and one three-hour laboratory per week. Fall, odd years.

BIOL 4757/5757. Developmental Biology (3 credits) — Prerequisites: BIOL 3230, or permission of instructor. A study of advanced topics in developmental biology such as the role of extracellular matrix and gene regulation on gametogenesis and embryogenesis. Two one-hour lectures and one two-hour laboratory per week. Fall, odd years.

BIOL 4767/5767. Plant Physiology (4 credits) — Prerequisites: BIOL 1110-1111, 1120-1121, 1130-1131, or equivalent; plus CHEM 2010. A course in plant physiology dealing with physical and chemical processes affecting the growth, metabolism, and reproduction of plants. Includes study of the highly developed and diverse responses of plants to their environment. Three hours lecture, one hour oral component per week. Spring, even years.

BIOL 4857/5857. Aquatic Biology (3 credits) — Prerequisites BIOL 3350, or permission of instructor. Field trips collection, identification, and ecology of freshwater plants and animals. One hour lecture and two two-hour laboratories per week.

BIOL 4867/5867. Marine Biology (4 credits) — Prerequisites: BIOL 1110-1111, 1120-1121, 1130-1131, or equivalent; BIOL 3460 recommended. Principles of marine biology with emphasis on habitats and ecological processes. Two hours lecture and two two-hour laboratories per week. Spring.

BIOL 4900. Independent Studies (1-4 credits) Fall, Spring.

BIOL 4917/5917. Philosophy of the Biological and Biomedical Sciences (3 credits) — Topics of philosophical and theoretical interest generated by the biological and biomedical sciences. Includes consideration of the broader social and cultural implications of biological and biomedical theory. Fall.

BIOL 4957/5957. Special Topics in Biological Sciences (2-6 credits) — Prerequisites: Dependent on subject matter. Selected topics in biological sciences. Offered upon sufficient demand for specific subject matter. May be repeated for different topics. Consultation with the instructor is recommended before enrollment. Fall, Spring.

BIOL 4999. Cooperative Education (1-3 credits) Fall, Spring.

Graduate Course Listing

For descriptions and Prerequisites see the Graduate Catalog.

BIOL 5100. Topics in Cell and Molecular Biology (3 credits)

BIOL 5200. Topics in Organismal Biology (3 credits)

BIOL 5300. Topics in Ecology and Evolution (3 credits)

BIOL 5400. Topics in Systematic Biology (3 credits)

BIOL 5600. Bibliographic Research (1 credit)

BIOL 5700. Seminar (1 credit)

BIOL 5900. Independent Studies (1-4 credits)

BIOL 5960. Thesis (3 credits)

BIOL 5990. Readings and Research (1-3 credits)

BIOL 5989-99. Cooperative Education (1-3 credits)
Communicative Disorders

CDIS 4000. Communication Sciences and Disorders (3 credits) — An introduction to the professions of audiology and speech-language pathology providing an overview of communication sciences and normal communicative processes contrasted to disorders of speech, language, and hearing.

CDIS 4010. Speech and Hearing Science I (4 credits) — A study of the basic anatomy and physiology of speech/hearing mechanisms. Information pertaining to the biology and physics of spoken language are also presented. This course provides a laboratory experience that includes an introduction to the International Phonetic Alphabet and transcriptions of the speech from typical speakers with different regional dialects.

CDIS 4020. Speech and Hearing Science II (4 credits) — Prerequisites: CDIS 4010. A study of the physiologic acoustics of the auditory periphery, neurophysiology of the speech and hearing systems, and an introduction to research tools in speech and hearing science. The laboratory portion of the course provides interactive demonstrations pertaining to the physiologic acoustics of the auditory periphery, neurophysiology of the speech and hearing systems, and an introduction to instrumentation used in speech and hearing science.

CDIS 4060. Language Development (3 credits) — Prerequisites: CDIS 4000 and 4010. A study of the psycholinguistic aspects of language including cultural influences; the complex nature of language and the language-learning process; and the strategies involved in analyzing normal child communication.

CDIS 4200. The Clinical Process (3 credits) — Prerequisite: CDIS 4000. A lecture-discussion-demonstration course which includes supervised observation of the evaluation and treatment of children and adults with disorders of speech, language, and/or hearing as well as information related to clinical procedures and reports.

Graduate Course Listing

For descriptions and Prerequisites see the Graduate Catalog.

CDIS 5015. Language Disorders in Children (3 credits)
CDIS 5025. Clinical Phonology (3 credits)
CDIS 5030. Fluency Disorders (3 credits)
CDIS 5035. Motor Speech Disorders (3 credits)
CDIS 5040. Adult Language Disorders (3 credits)
CDIS 5045. Dysphagia (3 credits)
CDIS 5070. Voice Disorders (3 credits)
CDIS 5115. Audiologic Evaluation I (3 credits)
CDIS 5140. Amplification Systems (3 credits)
CDIS 5145. Pathologies of the Auditory System (3 credits)
CDIS 5150. Psychosocial Aspects of Disability (3 credits)
CDIS 5160. Audiologic Techniques II (3 credits)
CDIS 5180. Pediatric Audiology (3 credits)
CDIS 5185. Electrophysiology (3 credits)
CDIS 5200. Speech-Language Pathology in the Public Schools (3 credits)
CDIS 5210. Communication Problems of the Aging (3 credits)
CDIS 5240. Pediatric Organic Disorders (3 credits)
CDIS 5260. Seminar in Intervention Issues (3 credits)
CDIS 5270. Augmentative Communication (3 credits)
CDIS 5290. Advanced Adult Neurogenic Cognitive Communication Disorders (3 credits)
CDIS 5300. Rehabilitative Audiology for Children (3 credits)
CDIS 5310. Rehabilitative Audiology for Adults (3 credits)
CDIS 5320. Auditory Processing Disorders (3 credits)
CDIS 5330. Speech Perception (3 credits)
CDIS 5340. Audiology Clinical Practice Management (3 credits)
CDIS 5400. Research Methods in Communicative Disorders (3 credits)
CDIS 5510. Audiology Clinic for Speech-Language Pathologists (1 credit)
CDIS 5520. Audiology Clinic (3 credits)
CDIS 5590. Externship Audiology (6-9 credits)
CDIS 5610. Speech-Language Pathology Clinic for Audiologists (1 credit)
CDIS 5620. Speech-Language Pathology Clinic: Child Evaluation/Treatment (3 credits)
CDIS 5640. Speech-Language Pathology Clinic: Adult Evaluation/Treatment (3 credits)
CDIS 5670. Speech-Language Pathology Clinic: Adults, Advanced (3 credits)
CDIS 5690. Externship: Speech-Language Pathology (3 credits)
CDIS 5900. Independent Study (3 credits)
CDIS 5960. Thesis (3-6 credits)
CDIS 5990. Readings and Research (1-3 credits)

Chemistry

CHEM 1000. Chemistry and Well-Being (4 credits) — A terminal semester course designed to fulfill the General Education core requirement for a laboratory science course for non-science majors. The course will include discussions of chemistry and its relevance in society and our individual well-being. It will explore the role chemical science plays in understanding environmental issues, nutrition and health, drugs, medicine, genetic engineering, modern materials, energy sources, and other chemical technological progress important to our standard of living. Experimental projects to be done inside or outside of the classroom setting are included. These experiments are designed to illustrate and explore the principles/concepts and applications of chemistry.

CHEM 1030. Introduction to Chemistry Survey (4 credits) — This course, designed for the non-science major, presents an interdisciplinary approach to the basic principles of chemistry. The importance of chemistry in today's society, its relevance to many environmental questions, and other current issues involving chemistry will be emphasized. Three hours of lecture and one hour of laboratory/discussion per week.

CHEM 1110-20. General Chemistry Laboratory (4, 4 credits) — Corequisites: CHEM 1111-21. The basic course for students who expect to major in chemistry as well as those who wish to meet entrance requirements of professional schools. Three hours of lecture-recitation per week. A common grade will be given in 1110 and 1111 as well as in 1120 and 1121.

CHEM 1111-21. General Chemistry Laboratory (0, 0 credits) — Corequisites: CHEM 1110-20, respectively. Laboratory to accompany 1110-20. One three-hour laboratory per week. A common grade will be given in 1111 and 1110 and in 1121 and 1120.

CHEM 2221. Quantitative Analysis Laboratory (2 credits) — Corequisite: CHEM 2220. Laboratory to accompany 2220. One four-hour laboratory period per week.

CHEM 2010-20. Organic Chemistry Lecture (3, 3 credits) — Corequisites: CHEM 2011-21, respectively. The basic course in the study of compounds of carbon. Three hours of lecture per week. Must be taken in proper sequence.

CHEM 2011-21. Organic Chemistry Laboratory (2, 2 credits) — Corequisites: CHEM 2010-20, respectively. Laboratory to accompany 2010-20. One four-hour laboratory period per week. Must be taken in proper sequence.

CHEM 2989-99. Cooperative Education (3, 3 credits) — The application of classroom learning experience to on-the-job training.

CHEM 3110. Descriptive Inorganic Chemistry (3 credits) — Prerequisites: CHEM 1120-21. A study of properties and reactions of inorganic compounds with emphasis on trends in the Periodic Table. Three hours of lecture-recitation per week.

CHEM 3611. Introductory Integrated Laboratory (2 credits) — Corequisites: CHEM 3710 or CHEM 3750. An introduction to advanced chemistry laboratory techniques with emphasis on physico-chemical measurements. Includes data handling, report writing, and work with classical and instrumental methods. One four-hour laboratory period per week.

CHEM 3710. Principles of Physical Chemistry Lecture (3 credits) — Prerequisites: CHEM 2220-21, Prerequisites or corequisites: CHEM 2101 and General Physics. Corequisite: CHEM 3611. A brief physical chemistry course for the Chemistry Concentration program, with a life science emphasis. Three hours of lecture per week.
CHEM 3750-60. Physical Chemistry (3, 3 credits) — Prerequisites: Physics and Calculus. Prerequisites or corequisites: CHEM 210-11, 2220-21. Corequisites: CHEM 4611, 4621, or 4631, respectively. Physical chemistry for those planning a career in the field of chemistry. Elements of thermodynamics, kinetics, and quantum chemistry. Three hours of lecture per week.

CHEM 3989-99. Cooperative Education (3, 3 credits) — For senior chemistry majors and minors. Research reports by students, faculty, and invited outside speakers on recent advances in chemistry. (May be repeated once for credit.)

CHEM 4110. Advanced Inorganic Chemistry Lecture (3 credits) — Prerequisite or corequisite: CHEM 3750-60. Principles of theoretical and descriptive inorganic chemistry. Three lecture-recitation hours per week.

CHEM 4200. Principles of Instrumental Analysis (3 credits) — Prerequisites: CHEM 2220-2221. Theory, instrumentation, and application of spectral methods (UV-VIS, IR, RAMAN, AA, AE, NMR, MS, etc.), electroanalytical methods (potentiometry, voltammetry, etc.) and separation techniques (GC, HPLC, TLC, etc.). Three hours of lecture per week.

CHEM 4611. Advanced Integrated Laboratory - Dynamics (2 credits) — Prerequisite: CHEM 3611. Advanced chemistry laboratory with emphasis on dynamic properties of chemical systems. Both classical and modern spectroscopic methods, such as UV-VIS, IR, and NMR, will be used. When possible, compounds used will be synthesized by the student. One four-hour laboratory period per week.

CHEM 4621. Advanced Integrated Laboratory - Structure (2 credits) — Prerequisite: CHEM 3611. Advanced chemistry laboratory with emphasis on structural analysis by modern instrumental techniques. When possible, compounds will be synthesized by the student. One four-hour laboratory period per week.

CHEM 4631. Advanced Integrated Laboratory - Analytical Techniques (2 credits) — Prerequisite: CHEM 3611. Advanced chemistry laboratory with emphasis on modern analytical techniques. Uses and limitations of the various techniques will be stressed. When possible, compounds used will be synthesized by the student. One four-hour laboratory period per week.

CHEM 4817/5817. Introduction to Industrial Chemistry (3 credits) — Prerequisite CHEM 2020-21. Engineering of chemical reactions, mass and energy balance, process development and control, polymer chemistry and industrial pollution.

CHEM 4900. Research in Chemistry (1-3 credits) — Prerequisite: Permission of the chair of the department. Independent, directed research for the advanced student. Field of study to be determined by mutual consent of the student and faculty advisor.

CHEM 4957/5957. Special Topics in Chemistry (3 credits) — CHEM 4989-99. Cooperative Education (3, 3 credits)

Graduate Course Listing

For descriptions and Prerequisites see the GraduateCatalog.

CHEM 5010. Seminar in Chemistry (1 credit)
CHEM 5110. Advanced Inorganic Chemistry I (3 credits)
CHEM 5120. Advanced Inorganic Chemistry II (3 credits)
CHEM 5142. Reaction Mechanisms of Coordination Compounds (3 credits)
CHEM 5210. Advanced Analytical Chemistry I (3 credits)
CHEM 5220. Advanced Analytical Chemistry II (3 credits)
CHEM 5450. Advanced Laboratory in Chemistry (1-4 credits)
CHEM 5510. Advanced Organic Chemistry (3 credits)
CHEM 5541. Organic Reaction Mechanisms (3 credits)
CHEM 5710. Chemical Thermodynamics (3 credits)
CHEM 5741. Chemical Kinetics (3 credits)
CHEM 5743. Quantum Chemistry (3 credits)
CHEM 5950. Research in Chemistry (2 credits)
CHEM 5960. Thesis in Chemistry (1-4 credits)
CHEM 5989-99. Cooperative Education (3, 3 credits)
CHEM 5990. Readings and Research (3 credits)
CHEM 5989-99. Cooperative Education (1-3 credits)

Criminal Justice and Criminology

CJCR 1100. Introduction to Criminal Justice (3 credits) — Conceptions of law and crime; the nature and extent of crime; overview of the interrelated criminal justice agencies.

CJCR 1200. Human Relations in Criminal Justice (3 credits) — An examination of models of human behavior, with particular emphasis on antecedents and conditions that affect personnel performance in criminal justice environments.

CJCR 1500. Criminal Investigation (3 credits) — Fundamentals of criminal investigation procedures, crime scene search and recording, collecting and preserving evidence, scientific and technical aids, case preparation.

CJCR 1600. Forensic Science (3 credits) — An introduction to methods used by crime laboratories and the chemical and physical interpretation of the data obtained by crime scene search; to include blood samples, fingerprints, tool marks, and fiber and fabric identification.

CJCR 2000. Research Methods for Criminal Justice and Criminology (3 credits) — Problems in the design and execution of criminal justice research. Various research strategies, including sample surveys, observation, experiments, and evaluation are discussed. Also reviewed are various sources of criminal justice data.

CJCR 2540. Criminal Law (3 credits) — The historical foundations of criminal law, elements of crime, purposes and functions of law, defenses to prosecution, and limits of the law.

CJCR 2989-99. Cooperative Education (1-3 credits)
CJCR 3000. Statistics for Criminal Justice and Criminology (3 credits) — Prerequisite: MATH 1530 or equivalent. Criminal statistics, hypotheses and theories, research and related problems, and ways and means of evaluating the effectiveness of criminal justice activities.

CJCR 3100. Patterns of Criminal Behavior (3 credits) — The social and psychological aspects of criminal behavior; criminality as a developmental process. Specific offender types will be examined.

CJCR 3300. Criminal Justice Ethics (3 credits) — Examination of ethical issues arising in the criminal justice field including police deviance, judicial misconduct, control of inmates in correctional settings, and field research dilemmas.

CJCR 3310. Criminology (3 credits) — An analysis of the major sociological theories of crime causation, sociological aspects of types of offenders, and techniques of measuring crime.

CJCR 3330. Police in America. (3 credits) — Historical and philosophical evolution of the police. Emphasis on functions and control of police in a democratic society. Analysis of policing from a social science perspective.

CJCR 3440. Corrections in America (3 credits) — Philosophical and historical evolution of punishment in the U.S. Emphasis on prisons, jails, community-based corrections. Efficiency of social control policies, such as "boot camp" prisons, rehabilitation, juvenile detention, capital punishment, etc., examined.

CJCR 3444. Microcomputers as a Research Tool (3 credits) — Prerequisites: CSCI 1100, MATH 1530, CJCR 3000. In-depth application of microcomputers in criminological research. Emphasis on data analysis using various software (SPSS/PC+ SAS); requires use of e-mail and Internet.

CJCR 3989-99. Cooperative Education (1-3 credits)
CJCR 4007/5007. Correctional Counseling (3 credits) — An overview of counseling methods; principles and procedures of therapeutic techniques; and processes for use in various correctional environments.

CJCR 4026. Themes of Justice (3 credits) — Introduction to philosophical concepts of justice utilizing a variety of films. Examination of issues such as prejudice, violence, punishment, and peacemaking in the context of social and criminal justice.
CJCR 4027/5027. Media and Crime (3 credits) — Examination of relationship between media and crime, with special emphasis on television. Course content examines both reporting and non-news media content relevant to crime and the criminal justice system, the study of audience effects and different response theories about media dissemination of news, opinion, information, and entertainment.

CJCR 4222. Criminal Justice Administration (3 credits) — Examination of principles of management and administration of criminal justice organizations. Emphasis on planning, budgeting, staffing, decision making, policy development, and program evaluation.

CJCR 4560. White-Collar Crime (3 credits) — Etiology and epidemiology of upper-class criminality. Emphasis on occupational, organizational, and crimes by the government. Functions of social control, punishment, and regulatory agencies are examined.

CJCR 4580. Violence: The American Experience (3 credits) — Examination of the role of violence in American society. Etiological and epidemiological issues addressed: emphasis on various forms of violence such as homicide, gangs, hate groups, and white-collar crime, and violence against women.

CJCR 4590. The Death Penalty in America (3 credits) — Historical, philosophical, and empirical examination of capital punishment. Emphasis on race, class, gender and death penalty. Legal issues including jury decision making, cruel and unusual punishment, and execution of the mentally ill, juveniles, and the innocent.

CJCR 4670. Race, Gender and Crime (3 credits) — Examination of experiences of women and people of color with agencies of social control. Comparison of crime rates, types of criminal offending, and victimization. Includes discussion of sexual and racial harassment in workplace.

CJCR 4800. Field Experience in Criminal Justice (6 credits) — Prerequisites Prior management with instructor, senior status, and departmental approval of application. A 225-hour field experience placement in a local or regional criminal justice agency or facility. The student will learn through orientation, observation, conferences, and work experience.

CJCR 4850. Criminal Justice and Family Violence (3 credits) — An examination of the various forms of family violence as they relate to the criminal and juvenile justice systems. Evaluation of alternative policies for intervention by police, courts, and correctional agencies.

CJCR 4900. Independent Study in Criminal Justice (1-3 credits) — Prerequisite: Consent of department chair. Directed study in specific areas of criminal justice literature not covered by organized undergraduate courses. A detailed research paper will be required.

CJCR 4950. Special Topics in Criminal Justice and Criminology (3 credits) — A seminar on selected topics of contemporary interest in criminal justice and criminology.

CJCR 4957/5957. Special Topics in Criminal Justice (3 credits variable) — Prerequisite: Senior or graduate status. A seminar on selected topics of contemporary interest.

CJCR 4989-99. Cooperative Education (1-3, 1-3 credits) — By permission of department chair only.

Graduate Course Listing

The department offers the M.A. in criminal justice with courses in criminology, corrections, and police studies.

For descriptions and prerequisites see the Graduate Catalog.

CJCR 5000. Criminology Theory (3 credits)
CJCR 5005. Ethics and Social Justice (3 credits)
CJCR 5010. The American System of Justice (3 credits)
CJCR 5040. Law, Society, & Criminal Justice (3 credits)
CJCR 5850. Research Design in Criminology (3 credits)
CJCR 5950. Quantitative Methods in Criminology (3 credits)
CJCR 5960. Thesis (3 credits)
CJCR 5980. Research Practicum (1 credit)

Electives
CJCR 5020. American Policing (3 credits)
CJCR 5026. The Death Penalty in America (3 credits)
CJCR 5027. Media & Crime (3 credits)
CJCR 5030. Issues in Correctional Treatment (3 credits)
CJCR 5031. American Corrections (3 credits)
CJCR 5050. Seminar in White-Collar Crime (3 credits)
CJCR 5070. Juvenile Justice and Delinquency (3 credits)

CJCR 5580. Violence: The American Experience (3 credits)
CJCR 5800. History of Criminological Theory (3 credits)
CJCR 5900. Special Problems in Criminal Justice (3 credits)
CJCR 5990. Readings & Research (1-3 credits)

Cardiopulmonary Science

CPSC 3000. Foundations of Cardiopulmonary Science (3 credits) — Prerequisites ALHE 2010 and 2020. Acceptance into the Cardiopulmonary Science program. Corequisites CPSC 3010 and 3040. Basic modes of cardiopulmonary care are examined to understand their principles of application to patients. A discussion will be provided on the indications, hazards, contraindications, and assessments of various patient care modalities. Modes of care include medical gas therapy, aerosol and humidity therapy, postural drainage and percussion, and lung hyperinflation.

CPSC 3010. Foundations of Cardiopulmonary Science Lab (3 credits) — Prerequisites ALHE 2010 and 2020. Acceptance into the Cardiopulmonary Science program. Corequisites: CPSC 3000 and 3040. Cardiopulmonary equipment utilized to perform basic modalities of care will be examined in detail. Emphasis will be placed on the assembly, maintenance, troubleshooting, adjustment, and application of equipment to patients. Laboratory practice will allow students to obtain operational proficiency prior to actual clinical experience. A wide variety of equipment will be introduced to include oxygen therapy, aerosol and humidity therapy, hyperinflation devices, chest physical therapy, and non-invasive monitors.

CPSC 3100. Cardiopulmonary Critical Care (3 credits) — Prerequisites CPSC 3000, 3010, and 3040. Corequisites CPSC 3110 and 3150. Study and practice of acute and emergency airway care, arterial blood gas analysis, mechanical ventilation, infectious control, and other areas of critical care.

CPSC 3110. Cardiopulmonary Critical Care Lab (3 credits) — Prerequisites CPSC 3000, 3010, and 3040. Corequisites CPSC 3100 and 3150. This course is the corresponding laboratory course for CPSC 3100. Students will set up, operate, maintain, and troubleshoot machines that are used in the treatment of critically ill patients. Students are required to demonstrate operational proficiency in various cardiopulmonary critical care equipment and procedures prior to enrolling for CPSC 3350.

CPSC 3140. Cardiopulmonary Disease Pathology (2 credits) — Prerequisites CPSC 3100 and 3110. Corequisite CPSC 3350. A discussion will be conducted on the etiology, pathophysiology, clinical manifestations, and prognosis of various cardiopulmonary diseases. Included will be the respiratory care practitioner's role in the successful treatment of these disorders.

CPSC 3150. Clinical Education I (3 credits) — Prerequisites: CPSC 3000, 3010, and 3040. Corequisites: CPSC 3100 and 3110. Clinical experience will introduce the student to the basic modalities in the treatment of cardiopulmonary diseases. Students will rotate to several local hospitals during the semester. Students will obtain proficiency in oxygen therapy, aerosol and humidity therapy, hyperinflation devices, chest physical therapy, patient assessment, and medical gas therapy.

CPSC 3350. Clinical Education II (4 credits) — Prerequisite: CPSC 3150. Corequisite: CPSC 3140. This course affords the student to apply critical care principles taught in courses CPSC 3100 and 3110 in actual clinical settings. Students will be responsible for the initiation, discontinuation, and evaluation of various cardiopulmonary critical care equipment.

CPSC 4100. Advanced Cardiopulmonary Critical Care (3 credits) — Prerequisites: CPSC 3100, 3110, and 3140. Corequisites: CPSC 4150, 4500, and ALHE 4060. This course provides a study of advanced cardiopulmonary technology utilized in the critical care settings. Students will be required to complete Advanced Cardiac Life Support as part of this course. Also, topics include hemodynamic monitoring, advance mechanical ventilation, and therapist-driven protocols.
CPSC 4150. Clinical Education III (3 credits) — Prerequisites: CPSC 3350. Corequisites: CPSC 4100, 4500, and ALHE 4060. This course will place the student in advanced and specialized areas in cardiopulmonary care. During the semester the student will be exposed to clinical areas including advanced critical care monitoring, intubation, neonatal/pediatrics, home health care, sleep disorders, cardiopulmonary stress testing, and metabolic cart studies.

CPSC 4200. Neonatal and Pediatric Cardiopulmonary Care (3 credits) — Prerequisites: CPSC 4100 and 4500. Corequisites: CPSC 4350 and ALHE 4070. The process of growth and development associated with cardiopulmonary care from the fetus to the adolescent will be discussed. Coursework will include a dialogue on the complications and risk factors associated with birth. Techniques of diagnosis and treatment of neonatal cardiopulmonary emergencies will be discussed. Upon the successful completion of this course, students will fulfill the requirements for the Neonatal Advanced Life Support program.

CPSC 4350. Clinical Education IV (3 credits) — Prerequisite: CPSC 4150. Corequisites: CPSC 4200 and ALHE 4070. This course emphasizes cardiac diagnostics, cardiac and pulmonary rehabilitation, neonatal/pediatrics, pulmonary function testing, and long-term care. Students are required to successfully complete computerized clinical simulation modules to review, enhance, and synthesize professional cognates and skills.

CPSC 4500. Cardiopulmonary Diagnostic and Therapeutic Care (3 credits) — Prerequisites: CPSC 3100, 3110, and 3140. Corequisites: CPSC 4100, 4150, and ALHE 4060. A discussion will be held on the use of diagnostic equipment utilized in the therapeutic treatment of patients with cardiopulmonary diseases. Topics include cardiac diagnostic tools, pulmonary rehabilitation, polysomnography, cardiopulmonary stress testing, metabolic cart, and pulmonary function studies.

Computer and Information Sciences

CSCI 1038. Honors Orientation Seminar (1 credit) — Prerequisites: Admission to College of Applied Science and Technology or University Honors Program. This course will fully orient the student to the College for the honors student. Discussion and activities will relate to preparation for academic success and developing information technology skills.

CSCI 1100. Using Information Technology (3 credits) — Students will gain a working knowledge of word-processing, spreadsheets, electronic communication, and online database searching and will learn the skills necessary to integrate electronic information from various sources. Students learn through both lecture and hands-on experience.

CSCI 1101. Introduction to Spreadsheets (1 credit) — Prerequisite: CSCI 1100. This course introduces students to the fundamental concepts and procedures of designing spreadsheets, manipulating numeric information, developing formulas, presenting numeric information, and incorporating spreadsheet information into other electronic formats. This course will include both lecture and hands-on instruction.

CSCI 1102. Introduction to Database Applications (1 credit) — Prerequisite: CSCI 1100. Students learn how to use database software to create specific applications. Emphasis will be placed on creating databases, forms, reports, and queries. This course will include both lecture and hands-on instruction.

CSCI 1250. Introduction to Computer Science I (4 credits) — Prerequisite: MATH 1040 or two years of high school algebra (students who are required to take developmental math must successfully complete it before taking CSCI 1250). Introduction to all aspects of the programming and problem-solving process and the elements of good programming style. A high-level language will be used as a vehicle for introducing these concepts. Laboratory use of the computer in designing, coding, debugging, and executing programs is an integral part of the course.

CSCI 1260. Introduction to Computer Science II (4 credits) — Prerequisite: CSCI 1250 or permission of the instructor. Programming in a high-level language, including programming concepts, good style, algorithms, documentation, and elementary data structures.

CSCI 1270. Business-Oriented Programming (4 credits) — Prerequisite: CSCI 1250 or permission of instructor. Designing and writing programs for business applications in a standardized high-level language with emphasis on structure, algorithms, and good programming practice.

CSCI 1510. Student in University (3 credits) — This course is meant to provide guidance to first-year university students as they begin their search for directions to take in self-definition, intellectual growth, career choices, and life skills.

CSCI 1600. Visual Programming with Applications (3 credits) — Corequisite: CSCI 1100. An introduction to developing applications using a scripting language. This course is designed to show how to analyze problems, design solutions, and implement applications using a visual programming language in conjunction with applications such as word processing, spreadsheets, presentation software, and database management. Laboratory use of software and team participation are essential to this course.

CSCI 1710. World Wide Web - Design and Creation (3 credits) — Prerequisite: MATH 1720 or two years of high school algebra and Corequisite: CSCI 1100 - Using Information Technology or Proficiency Exam. An introduction to the World Wide Web as both a user and a developer. This course is designed to take the user from creating web pages to designing a large web site. Emphasis will be on the use of existing software applications that generate web-ready code. Other topics will include: HTML, multi-media integration, and browser plug-ins. Laboratory use of software and team participation is an integral part of this course.

CSCI 1720. World Wide Web - Advanced Concepts (3 credits) — Prerequisite: CSCI 1710. May not be used as a CSCI major elective if CSCI 2910 is also taken. A study of browser scripting languages to control web content (such as, JavaScript and ActiveX). Topics will include: using browser interpreted language to control web content; writing back-end/server programs to handle interactive web pages (CGI); web design strategies; control structures; and implementation considerations. Students will design and implement real-world applications. Laboratory use of software and team participation is an integral part of this course.

CSCI 1800. Visual Programming I (3 credits) — Prerequisite: CSCI 1100. An introduction to all aspects of the programming and problem-solving process and the elements of good programming style. Visual Basic will be used as a vehicle for introducing these concepts. Laboratory use of the computer in designing, implementing, debugging, and executing programs is an integral part of the course.

CSCI 2038. Honors Professional Ethics (3 credits) — Prerequisites: Admission to College of Applied Science and Technology or University Honors Program and sophomore standing. A case-study approach to basic ethical issues likely to confront engineers, computer scientists, family and consumer scientists in their professional practices.

CSCI 2100. Introduction to “C” (3 credits) — Syntax and structure of the C language. The laboratory use of the computer in designing, coding, debugging, and executing programs in C is an integral part of the course.

CSCI 2150. Computer Organization (4 credits) — Prerequisites: CSCI 1250 or CSCI 1800. An introduction to Boolean algebra, combinational and sequential circuits. Gate and flip-flop characteristics. An introduction to machine architecture and system components to include memory subsystems and I/O subsystems. An introduction to operating systems including I/O handling, memory management, interrupt handlers, and other system programs. Concepts and techniques such as multiprogramming, virtual storage, and virtual machines. Data and instruction representation. Design, implementation, and demonstration of combinational and sequential logical functions will be an integral part of the course. A laboratory component of this course will provide hands-on experience in upgrading, repairing, and maintaining personal computers.

CSCI 2160. Assembly Language (4 credits) — Prerequisite: CSCI 1260 and 2150. The assembly language of a modern computer including the instruction set, pseudo-operations, macros, and conditional assembly. Object code, use of dumps, coding and linkage conventions, addressing techniques, use of the assembler. Laboratory use of the computer in designing, coding, debugging, and executing programs is an integral part of the course.

CSCI 2210. Data Structures (4 credits) — Prerequisites: CSCI 1260 Strings, lists, stacks, queues, arrays, trees and graphs. Laboratory use of the computer in designing, coding, debugging, and executing programs is an integral part of the course.

CSCI 2230. File Processing (4 credits) — Prerequisite: CSCI 2210. Techniques of information storage and retrieval. System utilities, use of DASD and other media. Sequential and random processing, consecutive, indexed, and other relative access methods. Laboratory use of the computer in designing, coding, debugging, and executing programs is an integral part of the course.
CSCI 2235. Introduction of Unix (1 credit) — Prerequisite: CSCI 1250 or 1800. An overview of the Unix operating systems environment, with special emphasis on bash scripting. Topics include the basic Unix command set; Unix text editing; filters; key utility programs; bash shell programming; and Unix multiprocessing and job control commands.

CSCI 2800. Visual Programming: Advanced Concepts (4 credits) — Prerequisite: CSCI 1800. A study of computer programming as a rapid application development (RAD) tool using a windows interface. Object-oriented design and programming concepts will be emphasized including: interface design, program flow, data flow, control structures, data types, elementary data structures, subprograms, and reusability. The current platform is Visual Basic.

CSCI 2910. Client and Server-Side Programming (4 credits) — Prerequisite: CSCI 1710 and CSCI 2800, corequisite: CSCI 2235. A study of programming client and server-side applications for the Internet. Topics will include: client side programming, server-side programming, web-server scripting languages, common gateway interface applications; and real-world implementation considerations.

CSCI 2989-99. Cooperative Education (1-3, 1-3 credits)
CSCI 3030. Technical Communication (3 credits) — Prerequisites: ENGL 1010 and 1020. Preparation of written information in scientific and technical fields, including reports, specifications, handbooks, and papers designed for publication in technical and scientific journals. Exercises in oral communication as applied to scientific and technical fields will also be integral part of the course.

CSCI 3048. Honors Methods of Research (3 credits) — Prerequisite: Admission to College of Applied Science and Technology or University Honors Program. Analysis of the materials and methods of research appropriate to Applied Science and Technology.

CSCI 3220. Introduction to Database Systems (3 credits) — Prerequisite: CSCI 2210 and 2230, or 2910. A study of the use and underlying principles of database management systems, and approaches for database design with an emphasis on the relational approach. Students will learn how to use good design techniques and implement methods for both small and large databases. Laboratory use of database software for designing, implementing, debugging, and maintaining database systems will be an integral part of this course.

CSCI 3250. Software Engineering I (3 credits) — Prerequisite: CSCI 2210 and 2230, or CSCI 2910. An introduction to software systems development as an engineering discipline. All phases of the software development life cycle are examined, with particular emphasis on requirements analysis, requirements specification, and preliminary design. Participation on realistic team projects, use of automated tools, written and oral communication skills, exposure to legal, professional, and ethical issues are stressed.

CSCI 3310. Advanced Programming Techniques (4 credits) — Prerequisites: CSCI 1260 and 2160, or permission of the instructor. Development of software through good programming practices and software life cycle methodologies in a high-level language. Laboratory use of the computer in designing, coding, debugging, and executing programs is an integral part of the course.

CSCI 3350. Software Engineering II (3 credits) — Prerequisite: CSCI 3250. Software development as an engineering discipline with emphasis on detailed design, implementation, testing, maintenance, project management, verification and validation, configuration management, software quality assurance. Communications (written and oral), legal, professional, ethical issues. Participation on team projects, use of automated tools are integral.

CSCI 3400. Networking Fundamentals (3 credits) — Prerequisite: CSCI 2150. A study of computer networks. Topics include the OSI model of network operation; network media; theory and practice of local area networking; bridging, switching, and routing; and principles of TCP/IP network operation.

CSCI 3989-99. Cooperative Education (1-3, 1-3 credits)
CSCI 4018. Honors Thesis (3 credits) — Prerequisite: Satisfactory completion of all college honors classes and advisor approval. This thesis is a capstone academic experience bringing into focus the result of the student’s learning and career interest.

CSCI 4048. Honors International Study (3 credits) — Prerequisites: Satisfactory completion of all CAST Honors courses or college honors committee approval. This course will consist of a two-week international study and cultural experience in addition to a pre-tour orientation.

CSCI 4157/5157. Interactive Graphics (3 credits) — Prerequisites: CSCI 2210 and MATH 2250 or permission of instructor. Point plotting, vector generation, interactive techniques, two- and three-dimensional transformations, perspective depth, hidden line elimination, shading, colors, and mapping.

CSCI 4171/5171. Ethical Issues in Computing (3 credits) — Prerequisite: CSCI 2250. A study of the ethical issues facing computer users and computer professionals including an examination of the techniques for the analysis and resolution of these issues consistent with standards of the computing profession.

CSCI 4227/5227. Advanced Database Systems (3 credits) — Prerequisite: CSCI 3220. Introductions to Database Systems. A study of the use and underlying principles of database design begun in CSCI 3220. Students will learn more of the internal working of database management systems, as well as exploiting approaches other than the relational. Laboratory use of database software for designing, implementing, debugging, and maintaining database systems will be an integral part of this course.

CSCI 4317/5317. Law and the Internet (3 credits) — Prerequisites: Minimum of 60 hours completed or approval of the instructor. A multi-disciplinary overview of the relationship between the Internet and the laws of privacy, right to accurate information, access to information, first amendment, patents, trade secrets, trademarks and unfair business practices, jurisdiction, e-commerce, telecommunication, and antitrust.

CSCI 4417/5417. Introduction to System Administration (3 credits) — Prerequisites: CSCI 3400 and 2235. A survey of concerns related to management and design of local area networks. Topics include the practice of system administration: overview of network operating systems; best practices for system administration; fundamentals of Unix and Windows system administration; routing; network design; and remote network access. The course will provide hands-on experience with setting up and administrating Unix and Windows network operating systems.

CSCI 4517/5517. Essentials of Multi-Media (3 credits) — Prerequisites: Senior standing or permission of instructor. A study of the basic elements of multi-media including text, graphic art, sound, animation, and video. This course will cover the methods of creating each of the elements of multimedia, and how to combine them into meaningful units for maximum effect. The instruction will be interactive and project-oriented. Teamwork and good design will be emphasized.

CSCI 4527/5527. Computer-Based Authoring Systems (3 credits) — Prerequisites: Senior standing or permission of instructor. A survey of methods in computer-based authoring systems. This course will cover the design, implementation, and evaluation of computer-based training modules using one or more authoring systems. Emphasis will be on the use of hypermedia and multimedia tools, analysis of instructional goals and their evaluation, and using the World Wide Web for delivery of instruction. Laboratory experiences and group projects will be integral parts of this course.

CSCI 4717/5717. Computer Architecture (3 credits) — Prerequisite: CSCI 2160 and CSCI 2210, or permission of instructor. Computer systems are viewed as consisting of a series of layers or levels, one on top of another. Topics of computer architecture are presented. Microprogramming stack computers, parallel computers, pipeline processing, multiprocessors, virtual storage, cache storage, addressing schemes, I/O and interrupt structure.

CSCI 4727/5727. Operating Systems (3 credits) — Prerequisite: CSCI 2160 and CSCI 2210, or permission of the instructor. The study of operating systems which are the primary resource managers of computer hardware. The main features provided by operating systems, including process management, storage management, processor management, and auxiliary storage management are studied in detail. Topics of networking and security are introduced. Case studies of representative commercial operating systems highlight the main features common to operating systems. Use of the computing laboratory is an integral part of the course.

CSCI 4800. Senior Project in Information Technology (3 credits) — Prerequisite: CSCI 3220. This course is designed for the last semester of study. It is a capstone course that will enable the student to tie many of his/her learning experiences together. Students will work in teams to identify software projects on campus and in the community that can be accomplished in 15 weeks. Lectures will focus on professional issues that include the short-term and long-term future of IT; strategies for finding and securing employment; non-technical elements of professional competence; and strategies for continuing career development after college.
CSCI 4857/5857. User Interface Programming (4 credits) — Prerequisite: CSCI 1250 and CSCI 1260, or equivalent. The concepts and programming techniques used to create applications with modern user interfaces. The course will focus on current technology as it applies to a modern operating system and software development tools. The course will focus on the user interface rather than underlying applications. Course will not count toward graduate degree requirements in Computer Science.

CSCI 4900. Independent Study (1-6 credits) — Prerequisite: Permission of the department. Individual or group projects done with permission of and under supervision of faculty. May be repeated for credit with approval.

CSCI 4910. Selected Topics in Computer Science (1-6 credits) — Prerequisite: Permission of instructor. Selected special topics in computer science not covered in other courses. May be repeated for credit with departmental approval if topics are significantly different.

CSCI 4957/5957. Special Topics in Computer Science (1-6 credits) — Prerequisite: Permission of instructor. Special topics not covered in other courses. May be repeated for credit with departmental approval if the topics are significantly different.

CSCI 4989-99. Cooperative Education (1-3 credits)

**Curriculum and Instruction**

**CUAI**

CUAI 2440. Computer Applications in Education (3 credits) — Prerequisites: CSCI-1100 (or the proficiency exam). This course is an examination of the specific ways computer technology contributes to the quality of the educational environment.

CUAI 3450. Elementary Methods in Mathematics (K-8) (3 credits) — Prerequisites: HDAL 2320, HDAL 3310, SPED 2300, and admission to teacher education. Designed to explore current methodology for teaching children and youth with a variety of learning and lifestyles. Modern techniques of classroom management are included. Appropriate field experiences are required.

CUAI 4210. Integrated Teaching: Language Arts (3 credits) — Prerequisites: Admission to teacher education, MEDA 3570, HDAL 3310, READ 3100, and SPED 2300. This course is taken concurrently with CUAI 4220, and CUAI 4230. This course focuses on planning for teaching and learning, writing objectives, identifying materials, and defining strategies for teaching listening, speaking, reading, and writing in grades K-8. The emphasis is on planning, implementing, and assessing an integrated program on student learning and effective teaching. (Evaluable level portfolio required)

CUAI 4220. Integrated Teaching: Social Studies (3 credits) — Prerequisites: Admission to teacher education, MEDA 3570, HDAL 3310, READ 3100 and SPED 2300. This course is to be taken concurrently with CUAI 4210, and CUAI 4230. This course is designed to explore the current methodology and content of early- and middle-grade social studies education. Students design and implement learning experiences that incorporate meaningful uses of social studies concepts during field experiences. (Evaluable level portfolio required)

CUAI 4230. Integrated Field Experience I (1 credit) — Prerequisites: Admission to teacher education, MEDA 3570, HDAL 3310, READ 3100 and SPED 2300. Course is to be taken concurrently with CUAI 4210 and CUAI 4220. This course is a school-based field experience that accommodates the requirements for CUAI 4210 and CUAI 4220. Students participate in planning, implementing, and evaluating integrated instruction appropriate for students of varying backgrounds and abilities.

CUAI 4310. Integrated Teaching: Mathematics (3 credits) — Prerequisites: Admission to teacher education, CUAI 4210, CUAI 4220, and CUAI 4230. This course is taken concurrently with SCED 4320 and CUAI 4330. This course addresses methodology and theories for teaching and learning elementary mathematics (K-8) with attention paid to problem solving, diversity, current technologies, assessment (including diagnosis and remediation), current issues in mathematics education, reflective teaching and learning, and the application of mathematics to everyday life. (Evaluable level portfolio required)

CUAI 4330. Integrated Field Experience II (1 credit) — Prerequisites: Admission to teacher education, CUAI 4210, CUAI 4220, and CUAI 4230. This course is to be taken concurrently with CUAI 4310 and SCED 4320. This course is a school-based field experience that accommodates the requirements for CUAI 4310 and SCED 4320. Students participate in planning, implementing, and evaluating integrated instruction appropriate for students of varying backgrounds and abilities.

CUAI 4407/5407. Integrating the Creative Art: K-8 (3 credits) — Prerequisites: Completion of the Arts and Artistic Vision course requirement in General Education and of fine arts course in K-8 concentration. Strategies for promoting the creative processes in children K-8 will be studied. Areas of focus will include visual arts, music, dance, and theatre. The importance of the arts in the development of children and their capacity for expression will be emphasized. The arts will lead to interdisciplinary study with authentic connections among and across other disciplines.

The following courses are designed to examine current methodology for teaching youth and adults possessing a variety of learning and lifestyles in the secondary school (7-12). Prerequisites: Admission to Teacher Education.

CUAI 4417/5417. Secondary School Curriculum and Methodology (3 credits) — Prerequisite: Admission to Teacher Education. Corequisite: Enrollment in CUAI 4427/5427. This course focuses on teaching and learning in secondary school and includes the study of curriculum and methodology suitable for a variety of life and learning styles. Offered fall and spring semesters. (Evaluable Level Portfolio required)

CUAI 4427/5427. Secondary School Curriculum and Methodology Field Experience (1 credit) — Prerequisite: Admission to Teacher Education. Corequisite: Enrollment in CUAI 4417/5417. This field experience provides students with a school setting to implement class activities. Students are required to spend 30 hours working primarily with one mentor and a single class of students. Offered fall and spring semesters. (Evaluable Level Portfolio required)

CUAI 4580. Directed Student Teaching (1-12 credits) — Prerequisites: Admission and retention in teacher education and admission to student teaching. Supervised teaching in the modern public school for elementary (K-8), or secondary (7-12) levels. (Professional Level Portfolio required)
CUAI 4587/5587. Internship (1-12 credits) — Prerequisites: Admission and retention in teacher education and approval of the director of student teaching. A supervised teaching experience at kindergarten, elementary (1-8), or secondary level. May be repeated for credit as deemed necessary by the director of student teaching. Students enrolling for the internship must enroll also for CUAI 4687.

CUAI 4687/5687. Seminar for Interns (3 credits) — Corequisite: Enrollment in CUAI 4687 Internship. Current issues and problems will be discussed as they relate to the internship experience. May be repeated for credit as deemed necessary by the director of student teaching.

CUAI 4707/5707. Classroom Management and Discipline In Regular Classroom Settings (3 credits) — Prerequisites EDFN 3300 and 3310 or Teacher Licensure. Major theoretical and empirical approaches to classroom management and discipline, applications of principles to specific routine and non-routine situations in regular K-12 classrooms, and problem solving strategies.

CUAI 4900. Independent Study (1-6 credits) — Departmental approval required.

CUAI 4957/5957. Topics in Curriculum & Instruction (1-6 credits) — Prerequisite: Dependent on subject matter. Selected topics of current interest in curriculum and instruction. Offered upon sufficient demand for specific subject matter. May be repeated for different topics. Consultation with the instructor is recommended before enrollment.

Graduate Course Listing

For descriptions and Prerequisites see the Graduate Catalog.

CUAI 5110. Elementary Curriculum (3 credits)
CUAI 5111. Curriculum and Instruction Workshop (1-6 credits)
CUAI 5113. Instructional Excellence in Mathematics (K-8) (3 credits)
CUAI 5114. Instructional Excellence In Science (K-8) (3 credits)
CUAI 5115. Instructional Excellence in Social Studies (K-8) (3 credits)
CUAI 5199. Teaching in a Diverse Society (3 credits)
CUAI 5200. Middle School/Junior High Curriculum (3 credits)
CUAI 5210. Curriculum Development (3 credits)
CUAI 5220. Secondary School Curriculum (3 credits)
CUAI 5415. Block I: Communications (6 credits)
CUAI 5416. Block II: Reasoning (6 credits)
CUAI 5418. Creative Drama and Movement for Teachers (2 credits)
CUAI 5419. Block I: Communications Field Experience (1 credit)
CUAI 5420. Elementary and Middle School Curriculum (K-8) (1 credit)
CUAI 5421. Block II: Reasoning Field Experience (1 credit)
CUAI 5580. Enhanced Student Teaching for MAT (9 credits)
CUAI 5900. Independent Study (1-6 credits)
CUAI 5901. Independent Study (K-8) (1-6 credits)
CUAI 5902. Independent Study (7-12) (1-6 credits)
CUAI 5910. Assessment Techniques in the Classroom (3 credits)
CUAI 5960. Thesis (3 credits)
CUAI 5990. Readings and Research (1-3 credits)

Dental Hygiene

DHYG 1000. Dental Anatomy (2 credits) — A study of morphology, structure, and function of deciduous and permanent teeth and their surrounding tissues. Tooth identification and oral structures to be emphasized.

DHYG 1100. Intro to Head and Neck Anatomy (1 credit) — A study of the anatomy of the oral cavity and the head and neck. Emphasis is placed on osteology of the skull and mandible, muscles of the head and neck region, the arterial, venous, lymphatic, and nervous supply to the head.

DHYG 1200. Preclinical Dental Hygiene I (3 credits) — An introduction to the knowledge, responsibilities, and skills required by the dental hygienist in rendering oral health services to patients.

DHYG 1201. Preclinical Dental Hygiene Lab I (2 credits) — Eight credits of laboratory experience in conjunction with DHYG 1200. Acquired concepts and skills will be demonstrated and utilized by students in a supervised clinical setting.

DHYG 1300. Histology and Embryology (2 credits) — An introduction to general histology with emphasis placed on the histology of the oral and paranasal tissues and the embryological development of the head, face, and neck, including the blood and nerve supply to the oral and paranasal structures.

DHYG 1400. Introduction to Dental Office Emergencies (1 credit) — Prerequisite: CPR certification. A study of frequently occurring dental office emergencies with emphasis placed on recognition and treatment of these emergencies.

DHYG 1600. Preclinical Dental Hygiene II (2 credits) — Prerequisites DHYG 1200, 1201. A continuation of preparation necessary for the dental hygienist rendering oral health services.

DHYG 1601. Preclinical Dental Hygiene Lab II (2 credits) — Prerequisites: DHYG 1200, 1201. Six hours of laboratory experience in conjunction with Dental Hygiene 1600. Emphasis is placed on the application of instrumentation techniques in a supervised clinical setting.

DHYG 1700. Intro to General and Oral Pathology (3 credits) — An introduction to general and oral pathology including discussion of the more common diseases affecting the human body and study of the clinical manifestations of the common diseases affecting the oral and paraoral structures.

DHYG 1800. Dental Nutrition (2 credits) — A study of general nutrition and its application to preventive dentistry.

DHYG 1900. Dental Radiology II (1 credit) — Prerequisites: DHYG 1500, 1501. A two-credit lecture/laboratory to study the interpretation of periapical, bitewing, occlusal, and panoramic radiographs for recognition of periodontal conditions, dental caries, and other pathological conditions.

DHYG 2010. Preventive Dentistry I (1 credit) — Prerequisites: DHYG 1200, 1201, 1600, and 1601. This course is offered in conjunction with DHYG 2000 and is a part of the clinical education continuum. Major content emphasis includes dental hygiene treatment planning and patients with special needs.

DHYG 2020. Dental Anatomy and Histology (3 credits) — Prerequisite: Acceptance in the Dental Hygiene curriculum or special department approval. An introduction to the embryology, histology, and morphology of the structures found within the oral cavity. Study will include physiologic function of oral structures, tooth identification, and normal variants of oral anatomy. Root morphology will receive special emphasis.

DHYG 2030. Pre-Clinical Lecture (3 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. An introduction to the knowledge, responsibilities, and skills required by the dental hygiene therapist to provide oral health care.

DHYG 2031. Pre-Clinical Laboratory (2 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. Preclinical Dental Hygiene Lab includes basic concepts of dental hygiene therapy in conjunction with DHYG 2500. Clinical skills will be introduced on dental manikins. Resulting skills will be mastered on clinical lab partners with direct faculty supervision.

DHYG 2040. Dental Office Emergencies (2 credits) — Prerequisite: Acceptance to dental hygiene program or special permission. CPR health care provider. The study of medical emergencies, as it relates to the practice of dental hygiene.

DHYG 2050. Occupational Safety for Dental Healthcare Workers (1 credit) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. A study of transmissible and acquired diseases and disorders associated with the practice of dental hygiene. The techniques and practices required to prevent such diseases will also be introduced.

DHYG 2060. Introduction to Dental Hygiene (1 credit) — Prerequisites: Acceptance in Dental Hygiene curriculum or special departmental approval. Lecture and group discussion regarding the history, professional, legal, and ethical aspects of dental hygiene. The course is intended to introduce the dental hygiene student to the field of dental hygiene and the practice of dentistry.

DHYG 2130. Dental Hygiene Clinical Seminar I (1 credit) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. To provide the dental hygiene student with the knowledge and skills required to treat the patient with special needs.

DHYG 2131. Dental Hygiene Clinical Practice I (4 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. This course is a continuation of DHYG 2501, and provides a supervised clinical setting for dental hygiene students to practice and demonstrate acquired skills and concepts with patient care.
DHYG 2160. Periodontology (3 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. The study of periodontics, designed to prepare students for clinical practice including treatment of early periodontal disease.

DHYG 2170. Dental Radiology (3 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. A study of the use of radiography in dentistry. Emphasis is placed on the formation of radiation and the properties which affect the dental image, dental radiographic techniques, radiographic processing, radio biological health, and the evaluation of dental radiographs for dental disease.

DHYG 2171. Dental Radiology Laboratory (1 credit) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. Laboratory experience in processing procedures and the techniques necessary to expose both bisecting and paralleling technique full-mouth series, interproximal surveys, panoramic, occlusal, and extramoral radiographs.

DHYG 2200. Introduction to Dental Materials Lecture (2 credits) — A study of the characteristics, physical properties, manipulation, uses, and care of materials used in the practice of dentistry.

DHYG 2201. Introduction to Dental Materials Lab (1 credit) — A three-credit laboratory that includes demonstration, participation, and practice with accepted materials and techniques commonly utilized in dental practice.

DHYG 2400. Clinical Practice II (4 credits) — Prerequisites: DHYG 2000, 2010. Three four-credit sessions per week of supervised clinical practice. Emphasis is placed on treatment of the periodontally involved patient and performance of selected expanded services.

DHYG 2410. Entry Clinical Seminar II (1 credit) — Prerequisites: DHYG 2000, 2010. This course is offered in conjunction with DHYG 2400 and is a part of the clinical education continuum. Major content emphasis includes the dental specialties.

DHYG 2500. Introduction to Community Dentistry (3 credits) — Survey of the theory and practice of dental public health, including field experiences in planning and development of dental health programs, dental survey, and screening methods and interpretation of results.

DHYG 2600. Introduction to Pharmacology (2 credits) — Prerequisites: CHEM 1310, 1311, HSCI 2010, 2020, 2230, 2231. The study of drugs currently used in dentistry with emphasis on their classification, usage, dosage, methods of administration, toxicology, and fundamentals of prescription writing.

DHYG 2700. Seminar in Ethics and Jurisprudence (1 credit) — A study of the principles of professional ethics, laws, and jurisprudence as they relate to the practice of dentistry and dental hygiene. Also includes a study of state dental practice acts and procedures for obtaining a position in dental hygiene.

DHYG 2800. Clinical Dental Hygiene (4 credits) — Prerequisites: DHYG 2400, 2410. Three four-credit sessions of supervised clinical practice with continued emphasis on the periodontally involved patient and the performance of selected expanded services.

DHYG 2810. Entry Preventive Dentistry III (1 credit) — Prerequisites: DHYG 2400, 2410. This course is offered in conjunction with DHYG 2800 and is a part of the clinical education continuum. Major content emphasis includes patient anxiety and pain control.

DHYG 2900. Problems in Dental Hygiene (3 credits) — Prerequisite: Permission of the instructor. An independent study plan. Individual student or group of students, select a significant problem in dental hygiene, then work under the direction of a faculty member to formulate, develop, and implement a plan of action appropriate to the problem. Areas of concentration may include clinical dental hygiene, dental public health, education, administration, or research.

DHYG 2950. Geriatric Dentistry (2 credits) — An introduction to the special considerations of the segment of the geriatric population confined to long-term care facilities. Special emphasis on dental health teaching strategies will be incorporated to assist students' design and presentation of inservices to nursing home staff.

DHYG 3010. Head and Neck Anatomy (2 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. The study of head and neck anatomy as it applies to oral evaluation, radiographic interpretation and dental hygiene treatment.

DHYG 3020. General and Oral Pathology (3 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. An introduction to general and oral pathology focusing on those diseases that most frequently manifest in the oral cavity. Study will include etiology, clinical signs and symptoms, and treatment of diseases known to affect the oral cavity.

DHYG 3030. Dental Hygiene Clinical Seminar II (2 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. The study of management skills essential to the contemporary dental hygiene practice including the use of computers in practice management.

DHYG 3031. Dental Hygiene Clinical Practice II (4 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. Clinical Practice II is a continuum of previous clinical courses. Skills and concepts are refined and expanded.

DHYG 3100. Contemporary Dental Hygiene Theory and Practice (5 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. A study that will provide licensed dental hygienists the opportunity to evaluate current dental hygiene theories interpreting them for application in dental hygiene practice.

DHYG 3110. Dental Materials (2 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. A study of the characteristics, physical properties, manipulation, uses, and care of materials used in the practice of dentistry and dental hygiene.

DHYG 3111. Dental Materials Laboratory (1 credit) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. Three-hour laboratory that includes demonstration, participation, and practice with accepted materials and techniques commonly utilized in dental hygiene practice.

DHYG 3120. Pharmacology for Dental Hygiene (3 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. The study of pharmacology as it relates to dental hygiene practice.

DHYG 3130. Community Dental Health (3 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. Survey of the theory and practice of dental public health, with emphasis on assessment, planning, implementation, and evaluation of community health problems. Includes the study of biostatistics, epidemiology, and their relationship to dental public health.

DHYG 3200. Issues in Dental Hygiene (1 credit) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. A study of dental and dental hygiene practice setting, legal and ethical issues, methods of procuring employment, compensation mechanisms and types of insurance.

DHYG 4000. Radiographic Interpretation (1 credit) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. A laboratory course introducing the dental hygiene student to the principles of radiographic interpretation of anomalies and the identification of normal anatomical landmarks.

DHYG 4010. Teaching Strategies for Allied Health (3 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. A study of the basic principles of developing and implementing classroom presentations. Emphasis will be placed on the basics of the educational process, and will lead to the development of a dental health lesson plan for the dental hygienist.

DHYG 4020. Dental Hygiene Clinical Seminar III (1 credit) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. Utilization of current technology to research selected dental hygiene topics and prepare multimedia presentations.

DHYG 4021. Dental Hygiene Clinical Practice (4 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. Clinical Practice IV is a continuum of previous clinical courses. Skills and concepts continue to be refined and expanded.

DHYG 4030. Anesthesia and Pain Control (1 credit) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. This course provides theory and delivery techniques required to administer local anesthetics for pain control during dental hygiene therapies.

DHYG 4110. Supportive Periodontal Therapy (3 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. The advanced study of periodontics, designed to prepare students for clinical practice including treatment of early periodontal diseases.
DHYG 4120. Dental Hygiene Clinical Seminar IV (1 credit) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. Methods used in biostatistical research will be reviewed in an effort to assist the dental hygiene students in the construction of instruments which collect valid and reliable data.

DHYG 4121. Dental Hygiene Clinical Practice IV (4 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. Clinical Practice IV is a continuum of previous clinical courses. Skills and concepts continue to be refined and expanded.

DHYG 4130. Geriatric Dental Hygiene (2 credits) — Prerequisite: Acceptance in Dental Hygiene curriculum or special departmental approval. An introduction to the special considerations of the segment of the geriatric population confined to long-term care facilities. Dental health education strategies will be incorporated to assist students’ design and presentation of in-services to nursing home staff.

**Digital Media**

**DIGM** (Pending TBR Approval)

**DIGM 2820. Industrial Illustration (4 credits)** — An introductory study in rapid 3-D visualization and illustration techniques using traditional media to communicate and illustrate industrial product design. Lecture and Laboratory.

**DIGM 2821. Desktop Publishing (4 credits)** — Study of history, basic processes, materials, and methods of graphic arts and communication industries with emphasis on methods of computer-based production. Lecture and Laboratory.

**DIGM 2822. Presentation Media (4 credits)** — Introduction to organizing media projects and delivering clear and dynamic computer-based presentations of proposals and descriptions. This course prepares students for communicating and coordinating with others in collaborative projects. Lecture and Laboratory.

**DIGM 2825. Digital Media Systems (4 credits)** — Introductory study of computer-based media systems with emphasis on universal standards and practices in hardware and software platforms. Includes overview and issues regarding computer media used in industrial, corporate, institutional work environments and for entertainment. Lecture and laboratory.

**DIGM 2830. Introduction to Multimedia (4 credits)** — Prerequisites: DIGM 2825. Introduction to media and tools used to develop and deliver computer-based interactive multimedia: bitmap and vector graphics, animation, video, and audio. Students work with various computer software tools to create assets and author interactive control programs for various applications, such as CD-ROM, information kiosk, or delivery across the World Wide Web of the Internet. Lecture and laboratory.

**DIGM 2840. Introduction to Visualization (4 credits)** — Prerequisites: DIGM 2825. An introduction to 3-D digital visualization for specific applications (such as games, animation, product manufacturing, and architecture) using industry standard computer software to explore fundamentals of modeling, texturing, and animating. Includes study of the basic history of computer graphics technology. Lecture and laboratory.

**DIGM 2850. Introduction to Hypermedia (4 credits)** — Prerequisites: CSCI 1710, DIGM 2825. An introduction to hypermedia as information architecture comprising digital media elements linked across computer networks such as the World Wide Web and enterprise information systems, with emphasis on issues of usability and long-term maintenance of site and page design. Lecture and laboratory.

**DIGM 2860. Introduction to Product Design (4 credits)** — Prerequisites: DIGM 2825. An introduction to the product design cycle from initial concept to final manufacture. Emphasis is on direct experience of process factors affecting concept rendering, quality assurance, manufacturing efficiency, and marketing. Lecture and laboratory.

**DIGM 3830. Intermediate Multimedia (4 credits)** — Prerequisite: DIGM 2830. Multimedia production using digital video and interactive animation for Internet and industrial information applications. A comprehensive overview of video image processing and composite media project development using professional caliber software and hardware. Lecture and laboratory.

**DIGM 3840. Intermediate Visualization (4 credits)** — Prerequisite: DIGM 2840. A study in advanced digital 3-D modeling, texturing and lighting techniques. Introduction to basic animation, animations and storyboarding. Animation topics will include modifiers, hierarchies, free-form deformations, motion paths, etc. Lecture and laboratory.

**DIGM 3850. Intermediate Hypermedia (4 credits)** — Prerequisites: CSCI 1720, DIGM 2850. Designing and building data-intensive information systems as custom solutions for delivering interactive digital media using Extensible Markup Language (XML) and associated technology. Lecture and laboratory.

**DIGM 3860. Intermediate Product Design (4 credits)** — Prerequisite: DIGM 2860. Computer-based design using 3-D modeling in combination with physical models to conceive, prototype, and refine new products for manufacture. Lecture and laboratory.

**DIGM 4560. Digital Imaging (3 credits)** — Study of digital imaging and processing as related to modern industrial problems. Areas of study will include a review of historical methods of manipulating images compared with recent innovations in technology and the use of digital formats. Graphic design, color usage and computer-based production of both traditional and digital publications will be studied.

**DIGM 4837/5837. Advanced Multimedia (4 credits)** — Prerequisite: DIGM 3830 or permission of instructor. Methods and best practices for producing and delivering quality multimedia projects on time and within budget. Emphasis is on management guidelines for each stage of the project life cycle present from a project manager’s view using task-related exercises. Course content is directed toward online collaborative project execution and is directed toward online marketing and distribution via multimedia vehicles. Lecture and laboratory.

**DIGM 4839. Senior Project in Multimedia (4 credits)** — Prerequisite: DIGM 4837. Working under supervision of a faculty member the student proposes, executes, and delivers a comprehensive project in multimedia to be reviewed and graded by a committee of Digital Media faculty.

**DIGM 4847/5847. Advanced Visualization (4 credits)** — Prerequisite: DIGM 3840 or permission of instructor. A study in advanced animation techniques. Topics may include, but are not limited to 3-D parametric animation (particle system), forward kinematics, inverse kinematics, bones systems and native character animation procedures with a focus on motion, timing and storytelling. Lecture and laboratory.

**DIGM 4849. Senior Project in Visualization, (4 credits)** — Prerequisite: DIGM 4847. Working under supervision of a faculty member the student proposes, executes, and delivers a comprehensive project in visualization to be reviewed and graded by a committee of Digital Media faculty.

**DIGM 4857/5857. Advanced Hypermedia (4 credits)** — Prerequisites: DIGM 3850 or permission of instructor. Collaboratively designing and implementing large-scale linked media publishing architectures (for Internet, intranet and extranet), with emphasis upon user-centered requirements gathering and work-centered design and documentation techniques. Lecture and laboratory.

**DIGM 4859. Senior Project in Hypermedia (4 credits)** — Prerequisite: DIGM 4857. Working under supervision of a faculty member the student proposes, executes, and delivers a comprehensive project in hypermedia to be reviewed and graded by a committee of Digital Media faculty.

**DIGM 4867/5867. Advanced Product Design (4 credits)** — Prerequisite: DIGM 3860 or permission of instructor. Issues of efficient product design, manufacturing constraints, and project documentation are examined in context of computer-based modeling and presentation for marketing and manufacturing. Lecture and laboratory.

**DIGM 4869. Senior Project in Product Design. (4 credits)** — Prerequisite: DIGM 4867. Working under supervision of a faculty member the student proposes, executes, and delivers a comprehensive project in product design to be reviewed and graded by a committee of Digital Media faculty.
English (DSPW)

**DSPW 0800. Fundamentals of Composition (3 credits)** — A course designed to help students develop essential skills for completing essay length assignments. This course concentrates on thematic organization, prewriting strategies, revising, editing, grammar, paragraphing, diction, and supporting a point. (The graduation requirement is increased by three credits for students enrolled in this course.)

**Mathematics (DSPM)**

**DSPM 0800. Elementary Algebra (3 credits)** — An algebra course emphasizing the fundamental operations of integers, fundamental operations of polynomials, exponents, factoring, algebraic fractions, linear equations with applications and solving quadratic and rational expressions by factoring. (The graduation requirement is increased by three credits for students enrolled in this course.)

**DSPM 0850. Intermediate Algebra (3 credits)** — An algebra course emphasizing radicands, exponents, quadratic equations, inequalities, linear equations, functions, and graphing. (The graduation requirement is increased by three credits for students enrolled in this course.)

**DSPM 0990. Plane/Analytical Geometry (3 credits)** — A course designed to fulfill a high school deficiency in geometry. The study of lines, angles, polygons, circles, surfaces, solids, the cartesian plane, and the development of critical thinking skills are stressed. These concepts are reinforced through activities on the computer.

**Reading (DSPR)**

**DSPR 0800. Fundamental Reading (3 credits)** — This course builds expertise in academic reading for university courses. Strategies taught in the course target the following reading proficiencies: acquisition of general vocabulary and discipline-specific terminology; recognition and expression of superordinate and subordinate concepts; interpretation of an author’s purpose, opinion, and tone; fluency in reading; thoughtful response to written information and narration; summarization; and research techniques. (The graduation requirement is increased by three credits for students enrolled in this course.)

**Study Skills (DSPS)**

**DSPS 0800. Learning Strategies (3 credits)** — This course builds students’ personal and academic management skills through work with the following topics: university resources and services for students, time management, cultural diversity, social management, career planning, lecture notetaking, study strategies, test-taking concerns, and academic anxiety. (The graduation requirement is increased by three credits for students enrolled in this course.)

**Economics (ECON)**

**ECON 1050. Economics and Society (3 credits)** — An examination of economics and its relationship to current issues and other social sciences. This course will examine the major components of the nation’s economic systems, how they relate to political and other institutions, and their impact upon the national heritage, international relations, and current events.

**ECON 1088. Principles of Economics I - Honors (3 credits)** — An introduction to macroeconomic analysis, which concentrates on the economy as a whole and includes such topics as inflation, unemployment and economic growth. This view provides an overview of several economic perspectives. These viewpoints are further developed through classroom debates on current economic issues, and the writing and presentation of policy position papers.

**ECON 2070. Quantitative Methods of Business I (3 credits)** — Prerequisite: MATH 1080. Prepares students in the quantitative methods and data analysis methods commonly used in business with an emphasis on business applications utilizing methodologies such as fundamental algebra, systems of linear equations, differentiation, optimization, and business applications of probability and statistics.

**ECON 2080. Quantitative Methods of Business II (3 credits)** — Prerequisite: ECON 2070. This course advances the quantitative sequence begun by MATH 1080 and ECON 2070 by presenting more advanced topics in statistical inference: analysis of variance, nonparametric statistics, regression and correlation, index numbers, and time series analysis as these topics relate to business decisions.

**ECON 2210. Principles of Economics I (3 credits)** — An introduction to macroeconomic analysis which concentrates on economy-wide systematic issues such as inflation, unemployment, and the level of economic activity.

**ECON 2220. Principles of Economics II (3 credits)** — A study of economics which concentrates on micro-theoretical concepts such as pricing, consumer choice, business production, and profit decisions.

**ECON 3030. Microeconomics: Theories of Business Behavior (3 credits)** — Prerequisites: ECON 2070, 2210 and 2220. An exposition of price theory and its applications.

**ECON 3040. Macroeconomics: Analysis and Policy (3 credits)** — Prerequisites: ECON 2070, 2210 and 2220. Determination of the aggregate level of income, employment, and price. An examination of economic policy: fiscal policy, monetary policy, and income policy, as related to problems of inflation, recession, and economic growth.

**ECON 3088. Research Methods and Statistics - Honors (3 credits)** — Prerequisite: MATH 1530, ECON 2070, and 2080. The student will obtain an understanding of the process used in conducting business research and its place in the development of sound business policy. Research methods will include the scope of business research, problem identification, hypothesis testing, data analysis, and survey research. Statistical analysis topics include chi-square tests, z and t tests, analysis of variance, regression and correlation, and nonparametric methods. Students will be expected to appoint members to their honors thesis committee and to prepare and present their thesis research proposal as part of the course requirements.

**ECON 3310. Monetary Economics (3 credits)** — Prerequisites: ECON 2210 and 2220. Functions of the monetary systems of the American and international economies and their influence on economic activity.

**ECON 3700. History of Economic Concepts (3 credits)** — Prerequisites: ECON 2210, 2220, and declared major. A study of the development of economic theory from Adam Smith to the present day.

**ECON 4018. Senior Honors Seminar (3 credits)** — (ECON 4018, 4019, DSPW 4018, or DSPW 4019). A seminar for College of Business honors students who are working on senior honors theses or other approved projects. Upon successful completion of the course, students will have demonstrated the ability to complete the research process by creating a written product suitable for submission to the College of Business faculty.

**ECON 4317/5317. Health Economics (3 credits)** — Prerequisites: ECON 2210 or prior approval needed. An overview of the economics of the health care industry; topics include the production and pricing of health, the demand and supply of medical care and health insurance, the markets for physician and hospital services, health manpower; medical education, and the role of government and legislation in health care.

**ECON 4327/5327. Labor Economics (3 credits)** — Prerequisites: ECON 2210 and 2220. Theoretical and real world operations of labor markets. Labor relations systems in the United States, Europe, and Japan including the role of labor unions. Major issues in labor relations such as labor law reform, wage inequality, and employment discrimination.

**ECON 4337/5337. Government Finance and Public Choice (3 credits)** — Prerequisites: ECON 2210 and 2220. The economic functions of government in a market-oriented economy; how governments allocate expenditures according to the preferences of individuals that comprise society; how governments raise money to finance their expenditures.

**ECON 4447/5447. Urban and Regional Economics (3 credits)** — Prerequisites: ECON 2210 and 2220, or consent of instructor. An examination of the theories of urban and regional economic growth and development.
**ECON 4457/5457. Industrial Organization and Regulation (3 credits)** — Prerequisites: ECON 2210 and 2220. An overview of the structure and performance of the U.S. economy. Review and evaluation of public policies adopted to improve economic performance, such as antitrust and public utility regulation. Current issues include competitiveness, deregulation, high technology, and foreign competition.

**ECON 4527/5527. International Economics (3 credits)** — Prerequisites: ECON 2210 and 2220. Economic specialization and international trade and investment. The growth of the global economy and economic integration. The gains and losses to consumers and producers. Government policies to promote and/or restrict international business activities. Role and operation of the international financial system. The rise of multinational companies and global markets.

**ECON 4610. Managerial Economics (3 credits)** — Prerequisites: ECON 2000, 2210, and 2220. Application of economic theory and statistics to various business and economic problems facing the management of a firm. Major topics include economic forecasting, demand analysis, cost analysis, pricing, investment decisions, and linear programming. This course is mathematically oriented.

**ECON 4900. Independent Study in Economics (1-3 credits)** — Designed for advanced students who, under the direction of an economics faculty member, wish to engage in independent research or an intensive study of subjects not covered in other available courses. Prior departmental and college approval is needed.

**ECON 4905. Economics Internship (3 credits)** — Prerequisites: (Must have completed a minimum of six semester credits at the upper division level in the student’s major, junior or senior standing and a GPA of 2.7 or above.) Students are selected through a competitive process for assignments in approved business or public-sector organizations as interns under the supervision of the internship coordinator and field placement supervisors. Students may not earn more than three semester credits for this course which can be used as a free elective or an elective within a business major with prior approval by the chair.

**ECON 4957/5957. Topics in Economics (3 credits)** — Prerequisite: Senior or graduate standing and permission of instructor. This course gives students an opportunity to study special problems and new developments in the field of economics.

### Economics Graduate Course Listing

For descriptions and Prerequisites see the Graduate Catalog.

- **ECON 5000. Essentials of Economics** (3 credits)
- **ECON 5010. Essentials of Statistics** (3 credits)
- **ECON 5510. Current Social and Economic Issues** (3 credits)
- **ECON 5900-01. Independent Study in Economics** (1-3 credits)

### Foundations of Education

**EDFN 2100. Orientation to the Profession of Education (1 credit)** — This course will provide the student interested in the teaching profession with an overview of the opportunities, problem, and realities of teaching. Students will learn about matters concerning the requirements that must be met in order to complete the teacher education program at ETSU.

**EDFN 3301. Issues in Education (3 credits)** — Prerequisite: Students should successfully complete EDFN 2100, Orientation to the Profession of Education and EDFN 2300, Foundations for Teaching or AHSC 2120 Foundation of Early Childhood (if appropriate), prior to enrolling in this course. Students must also be admitted to the Teacher Education Program prior to enrolling in this course. Issues in education are examined in the context of historical, philosophical, and sociocultural foundations of teaching. Issues of gender, social class, and ethnicity are discussed. Field experience is required.

**EDFN 4581. Seminar in Education (3 credits)** — Corequisite: Enrollment in Student Teaching. This seminar is designed to address issues of importance to student teachers. Seminar participants will focus on issues such as formal and informal assessment for instructional and motivational purposes; classroom management and discipline; skills in observing, analyzing, and critiquing teaching for improvement; and practical application of principles to specific routine and non-routine situations in K-12 classroom. Field assignments will be completed during student teaching.

### Graduate Course Listings

- **EDFN 5000. History and Philosophy of Education** (3 credits)
- **EDFN 5010. Interdisciplinary Seminar** (1 credit, may be repeated for a total of 3 credits)
- **EDFN 5050. Social and Political Influences on School** (3 credits)
- **EDFN 5400. Current Issues in Education Seminar** (3 credits)
- **EDFN 5405. The Profession of Teaching** (1 credit)
- **EDFN 5410. Foundations of Education** (3 credits)
- **EDFN 5411. Exploring School** (3 credits)
- **EDFN 5950. Methods of Research** (3 credits)
- **EDFN 6906. Independent Study in Foundations of Education** (3 credits)
- **EDFN 6730. Foundations: Historical and Philosophical Foundations of Education** (3 credits)

### Educational Leadership & Policy Analysis

**ELPA/MGMT 4460. Leadership Studies (3 credits)** — The study of leadership from an historical and contemporary perspective. Students will identify, apply, and reflect on aspects of leadership development, including concepts of personal change toward effective leadership in a changing environment. Topics cover personal assessment and development, values and ethics, power and influence, followership, group dynamics, controversy with civility, and citizenship.

**English (ENGL)**

(See Developmental Studies for below college-level courses.)

**ENGL 1000. Academic Advantage (2 credits)** — This course helps the first-year student make the transition to the university, develop a better understanding of the learning process, and enhance essential academic skills.

**ENGL 1006. English as a Second Language (3 credits)** — International students may enroll in this sequence rather than in ENGL 1010-1020. English taught as a second language; emphasis on composition, grammar, and comprehension of college-level texts.

**ENGL 1008. English as a Second Language (3 credits)** — International students may enroll in this sequence rather than in ENGL 1010-1020. English taught as a second language; emphasis on composition, research, and comprehension of college-level texts.

**ENGL 1007, 1009. English as a Second Language Laboratory (1 credit)** — Emphasis on pronunciation, classroom listening skills, and English conversation. Required of all undergraduate students registered for ENGL 1006 and 1008.

**ENGL 1010. Critical Reading and Expository Writing (3 credits)** — Writing paragraphs and essays based on close readings of various texts; emphasis on clear, grammatically correct expository prose. Students must take this course during the first eligible semester at the university.

**ENGL 1018. Honors Composition I (3 credits)** — Prerequisite ACT score of 25 or permission of the English Honors Director. Writing essays based on critical reading of various texts; presupposes basic competency in grammar, mechanics, and organizational skills; develops advanced degrees of stylistic and formal fluency and critical sophistication.
ENGL 1020. Critical Thinking and Argumentation (3 credits) — Prerequisite: ENGL1010 or equivalent. Writing essays based on critical analyses of various literary texts; emphasis on sound argumentative techniques; requires documented research paper.

ENGL 1028. Honors Composition II (3 credits) — Prerequisites: ENGL 1010, 1018 or equivalent and permission of the English Honors Director. Writing essays based on critical analyses of various literary texts; emphasis on sound argumentative techniques and a documented research paper. Students are expected to exhibit stylistic fluency and organizational sophistication.

ENGL 2030. Literary Heritage (3 credits) — Prerequisites: ENGL1010 and 1020 or equivalents. Satisfies requirement for 3 hours in the “Heritage” area of familiarity but does not meet requirements for a major or minor in English. An introduction to literature revolving around the theme of heritage, particularly as heritage is illustrated in Western and Non-Western culture through short fiction, poetry, and drama.

ENGL 2130. American Literature (3 credits) — Prerequisites: ENGL 1010 and 1020 or equivalents. A survey of important American writers from Colonial times to the present.

ENGL 2138. Honors Survey of American Literature (3 credits) — Prerequisites: ENGL 1010 and 1020 or Honors equivalents. Open only to those in English Honors or with permission of the English Honors Director: A broad survey of American literature from Colonial times to the present.

ENGL 2210. British Literature I (3 credits) — Prerequisites: ENGL 1010 and 1020 or equivalents. Survey of major British writers from Anglo-Saxon Period through 18th century.

ENGL 2220. British Literature II (3 credits) — Prerequisites: ENGL 1010 and 1020 or equivalents. Survey of important British writers from the Romantic Period to the present.

ENGL 2238. Honors Survey of British Literature (3 credits) — Prerequisites: ENGL1010 and 1020 or Honors equivalents. Open only to those in English Honors or with permission of the English Honors Director: A broad survey of English literature from Beowulf to the present.

ENGL 2330. World Literature (3 credits) — Prerequisites: ENGL1010 and 1020 or equivalents. Various genres from such non-European cultures as early Middle East, Asian, African, and Latin American.

ENGL 2338. Honors Survey of World Literature (3 credits) — Prerequisites: ENGL1010 and 1020 or Honors equivalents. Open only to those in English honors or with permission of the English Honors Director: A broad survey of literature from non-European cultures.

ENGL 2430. European Literature (3 credits) — Prerequisites: ENGL 1010 and 1020 or equivalents. Various genres from ancient texts and European literature which form the basis of Western heritage in literature and many of the arts.

ENGL 2438. Honors Survey of European Literature (3 credits) — Prerequisites: ENGL 1010 and 1020 or Honors equivalents. Open only to those in English honors or with permission of the English Honors Director. Various genres from European literature which form the basis of Western heritage.

ENGL 3010. Poetry (3 credits) — Study of poetry as a genre with attention to its form and techniques. Reading and analysis of poems written by acknowledged masters of the genre.

ENGL 3020. Fiction (3 credits) — Course focuses on fiction as genre, with emphasis on technique and form in fiction, such as style and point of view. Readings include masters of both the short story and novel.

ENGL 3030. Drama (3 credits) — Study of drama as a genre with attention to its development and techniques. Readings and analysis of plays written by acknowledged masters of the genre.

ENGL 3040. Literary Nonfiction (3 credits) — Special attention to the history and forms of the essay. Subgenres covered may include autobiography and memoir; history as literature; travel writing, reportage and journalism.

ENGL 3065. Southern Appalachian Literature (3 credits) — Survey of Southern Appalachian literature from the eighteenth century to the present.

ENGL 3100. Introduction to Linguistics (3 credits) — The nature of language: different approaches to languages in various disciplines, such as psychology, sociology, computer linguistics, and speech pathology.

ENGL 3118. Honors Literature Focus (3 credits) — Prerequisites: ENGL 2138, 2238, 2338, or 2438. Open only to those in English Honors or with permission of the English Honors Director: Concentration on an area of literature studied more generally in one of the honors survey courses. Content will vary.

ENGL 3128. Honors Special Topics (3 credits) — Prerequisites: ENGL 2138, 2238, 2338, or 2438. Open only to those in English Honors or with permission of the English Honors Director: Study of special topics associated with the discipline of English. Content will vary. May be repeated for credit when content changes.

ENGL 3130. Advanced Composition (3 credits) — Skills of exposition with emphasis on traditional grammatical principles; methods of organizing reviews, articles, and sketches.

ENGL 3134. Computers, Writing, and Literature (3 credits) — An introduction to uses of computers in writing and literature, including document design and publishing on computers, interactive fiction and poetry, and Internet resources for literary study.

ENGL 3141. Creative Writing I (3 credits) — Prerequisites ENGL1010 and 1020 or equivalents and one 2000-level literature course. An introduction to creative expression in a single genre, such as fiction, poetry, or drama. May be repeated for credit when content changes.

ENGL 3150. Literature, Ethics, and Values (3 credits) — ENGL 1010 and 1020 or equivalents. Readings and discussions which reveal ethics and values in literature, including contexts of philosophy, history, and art, designed to enable students to form their own ethical positions and social values.

ENGL 3200. History of the English Language (3 credits) — Study of the development of the English language from origins with attention to phonological analysis and the dynamics of change in language.

ENGL 3270. Literature of Popular Culture (3 credits) — Selected topics in popular culture; supernatural, detective fiction, westerns, etc.

ENGL 3280. Mythology (3 credits) — Classical mythology and myths from other cultures; relation of myth to literature, psychology, and popular culture.

ENGL 3290. Introduction to Film (3 credits) — The techniques and aesthetics of cinema, studied through presentation of feature and short film.

ENGL 3300. Literary Criticism (3 credits) — Theories of literature and criticism; application of major theories to selected works.

ENGL 3400. African American Literature I (3 credits) — Survey of literature ranging from slave narratives to contemporary works by African American writers, with particular attention to cultural influence and inspiration.

ENGL 3500. Women Authors (3 credits) — Study of significant women writers, including essayists, and how their works address gender issues.

ENGL 3650. American Folklore (3 credits) — Folklore as a basic element in the understanding of American culture and literature.

ENGL 4008. Honors Shakespeare (3 credits) — Prerequisites: ENGL 3118 and 3128. Open only to those in English Honors. Study of selected poems and plays by Shakespeare.

ENGL 4010. British Novel (3 credits) — Study of the development of the British novel from beginnings until present, usually including Defoe, Austen, Dickens, Eliot, among others.

ENGL 4012. American Novel (3 credits) — A survey of representative American novels from the nineteenth century to the present.

ENGL 4017/5017. Children’s Literature (3 credits) — History, genres, methods of presentation, emphasis on sources of criticism, and bibliography.

ENGL 4018. Honors Thesis (3 credits) — Open only to those in English Honors. Directed research in an approved topic; required for departmental honors.

ENGL 4020. British Poetry (3 credits) — Study of the development of British Poetry by major contributors to the genre, with attention to various forms and poetic techniques.

ENGL 4022. American Poetry (3 credits) — Study of the development of American poetry from colonial times to the present.

ENGL 4030. Modern Drama (3 credits) — Representative writers of the Modern Era; includes O’Neill, Williams, Synge, Shaw, Eliot, Beckett, and O’Shorn.
ENGL 4032. African Literature (3 credits) — Short stories, novels, poetry, and drama of African writers; includes translations as well as works written in English.

ENGL 4040. Modernism and Postmodernism (3 credits) — Readings in Modernist and Postmodern literature, including fiction and poetry. May include drama, performance, and cross-genre experimentation. Focus on works written in English but may include some works in translation.

ENGL 4047/5047. African American Literature II (3 credits) — Focus on central issues addressed by African American Literature, with emphasis on such topics as "The Harlem Renaissance," African American Autobiography and Bildungsroman.

ENGL 4057/5057. Writing: Theory and Teaching (3 credits) — An examination of current theory and research in composition and pedagogical techniques.

ENGL 4077/5077. Literature for Adolescents (3 credits) — Wide reading, evaluation, and selection of literature appropriate to persons from 12 to 18.

ENGL 4087/5087. Themes in Women’s Literature (3 credits) — Studies of themes and issues affecting women as portrayed in selected fiction, poetry and drama.

ENGL 4100. Writing in the Professions (3 credits) — Study of and practice in writing appropriate to professional settings: reports, proposals, letters, including conventions of electronic discourse.

ENGL 4120. Descriptive Linguistics (3 credits) — The nature of language through the framework of descriptive linguistics with emphasis on the role of phonology, morphology, and syntax in language systems.

ENGL 4130. Social and Psychological Aspects of Language (3 credits) — Study of various principles that govern the way language is used, with attention to mental processes involved in language use.

ENGL 4137. Dialectology (3 credits) — Study of regional and social language variations, including dialect geography and sociolinguistics. Emphasis on linguistic features of Appalachian dialects.

ENGL 4200. Shakespeare and His Age (3 credits) — Course emphasizes Shakespeare’s drama, including selections from tragedies, histories and comedies, with some attention to his contemporaries, such as Marlowe and Jonson.

ENGL 4207/5207. Literature of the South (3 credits) — Significant works of Southern writers including Simms, Faulkner, Warren, Wolfe, and Welty.

ENGL 4217/5217. Irish/Scottish Literature (3 credits) — Study of major writers in Irish and Scottish literature with attention to folklore and culture.

ENGL 4290. Film Genres (3 credits) — A genre approach including but not limited to comedy, western, film noir, and documentary; may be repeated for credit when content varies.

ENGL 4320. Film Criticism (3 credits) — Explores various critical approaches to film, including textual, genre, author, scholarly and specialized. Emphasizes students’ written expression of their own evaluations.

ENGL 4340. Topics in Film (3 credits) — Selected film topics not included elsewhere in course offerings such as sports film, African-American films, films of Appalachia. May be repeated for credit when content varies.

ENGL 4417/5417. Teaching English in Secondary Schools (3 credits) — Instruction in the methods and materials to be used by English teachers in middle and high schools. Offered during fall semester. Counts as professional education credit.

ENGL 4507/5507. Literature in Film (3 credits) — Film adaptations of significant literary works.

ENGL 4690. Milton and His Age (3 credits) — Paradise Lost, Paradise Regained, Samson Agonistes and selected short poetry; examination of Milton’s role as artist and thinker in his time and in the modern world.

ENGL 4700. Chaucer and Medieval Literature (3 credits) — The Canterbury Tales and other selections from the period.

ENGL 4857/5857. Technical Writing (3 credits) — Course emphasizes organization and presentation of technical material through effective applied writing, such as use of graphics, indexing, storyboarding, etc.

ENGL 4896. Studies in English (3 credits) — Study in selected topics/themes in literature.

ENGL 4907/5907. Creative Writing II: Fiction (3 credits) — Prerequisite ENGL 3141 or permission of the instructor. Advanced course in writing of fiction. Considerable attention to craft and form of stories written by acknowledged masters of the genre.

ENGL 4917/5917. Creative Writing II: Poetry (3 credits) — Prerequisite ENGL 3141 or permission of the instructor. Advanced course in writing of poetry. Considerable attention to craft and form of poems written by acknowledged masters of the genre.

ENGL 4957/5957. Topics in English (3 credits) — Selected topics in the discipline. Can be repeated for credit when content changes.

ENGL 4989. Cooperative Education (1-3 credits) — Students must clear arrangements through the Cooperative Education office prior to registration. Only six credits allowed as part of major requirements. Planned and supervised work in business, industry, and government agencies. Students may alternate between periods (usually two semesters) of full-time study and employment with a C.E. employer. Credit received carries full academic value, and students receive compensation as full-time employees.

Graduate Course Listing
For descriptions and Prerequisites see the Graduate Catalog.

ENGL 5019. Supervised Experience in Teaching (3 credits)
ENGL 5020. Medieval Literature (3 credits)
ENGL 5021. Supervised Experience in Research (3 credits)
ENGL 5039. Supervised Experience in Administration (3 credits)
ENGL 5060. Literature of Southern Appalachia (3 credits)
ENGL 5160. Renaissance Literature (3 credits)
ENGL 5200. Restoration and 18th Century Literature (3 credits)
ENGL 5250. Eighteenth Century British Novel (3 credits)
ENGL 5300. Romantic Literature (3 credits)
ENGL 5350. Victorian Literature (3 credits)
ENGL 5400. Nineteenth Century British Novel (3 credits)
ENGL 5420. Twentieth Century British Literature (3 credits)
ENGL 5440. Twentieth Century British Novel (3 credits)
ENGL 5450. Colonial and Federal American Literature (3 credits)
ENGL 5500. Nineteenth Century American Poetry (3 credits)
ENGL 5550. Nineteenth Century American Fiction (3 credits)
ENGL 5600. Twentieth Century American Poetry (3 credits)
ENGL 5650. Twentieth Century American Fiction (3 credits)
ENGL 5670. Seminar in Folklore (3 credits)
ENGL 5680. Seminar in Linguistics (3 credits)
ENGL 5730. Seminar in British Literature (3 credits)
ENGL 5750. Seminar in American Literature (3 credits)
ENGL 5800. Seminar in Continental Literature (3 credits)
ENGL 5910. Independent Studies (1-3 credits)
ENGL 5920. Studies in English Education (3 credits)
ENGL 5935. Seminar in Professional Writing (3 credits)
ENGL 5940. Seminar in Creative Writing (3 credits)
ENGL 5950. Methods of Research (3 credits) (Required)
ENGL 5960. Thesis in English (3 credits) (Required)
ENGL 5990. Readings and Research (1-3 credits)
ENGL 5989. Cooperative Education (variable)

Technology

ENTC 1038. Honors Orientation Seminar (1 credit) — Prerequisites Admission to College of Applied Science and Technology or University Honors Program. This course will fully orient the student to the College expectation for an honors student. Discussion and activities will relate to preparation for academic success and developing information technology skills.

ENTC 1110. Engineering Drawing (4 credits) — Technical communication including geometric construction, orthographic projection, auxiliary and section views, and pictorials with emphasis on sketching, lecture and laboratory.

ENTC 1120. Manufacturing Processes and Specification (3 credits) — Prerequisite: ENTC 1110 or equivalent. The study of engineering manufacturing processes and development of engineering documentation with particular emphasis on size specification and information processes required in a modern manufacturing environment and the physical processes involved in the manufacture of goods. Lecture.
ENTC 1130. Descriptive Geometry (2 credits) — Prerequisite: ENTC 1110 or one year of high school technical drawing. Development of graphic techniques for the solution of spatial relationship design problems. Lecture and laboratory.

ENTC 1510. Student in University (3 credits) — This course is meant to provide guidance to first-year university students as they begin their search for directions to take in self-definition, intellectual growth, career choices, and life skills.

ENTC 1600. Introduction to Technology Education (3 credits) — A study of the technological processes central to communication, manufacturing, construction, transportation, and biotechnical systems. An analysis of the discipline of technology through its equipment, processes, products, problems, and the interrelationships of technological systems and our environment. Lecture and laboratory.

ENTC 1610. Woodworking Technology (3 credits) — Woodworking technology is an introductory-level course in woodworking and wood technology with a primary thrust on the development of both cognitive and manipulative aspects related to tools, materials, and processes found in modern wood-related industries. Stresses safety, construction techniques, and a study of allied occupations. Extensive laboratory experience will allow the student the opportunity to design and construct objects using wood and wood products. Lecture and laboratory.

ENTC 2038. Honors Professional Ethics (3 credits) — Prerequisite: Admission to College of Applied Science and Technology or University Honors Program and sophomore standing. A case-study approach to basic ethical issues likely to confront engineers, computer scientists, family and consumer scientists in their professional practices.

ENTC 2130. Machine Design Drawing (4 credits) — Co or Prerequisite: ENTC 1120, 1130, 2170, and 2200. Limit dimensioning, geometric form and positional tolerancing, drafting standards, cams, gears, production, and working drawings. Lecture and laboratory.

ENTC 2160. Architectural CAD (3 credits) — Prerequisite: ENTC 1110 or similar experience. An introduction to the principles of architectural computer-aided drafting on a microcomputer. Lecture and Laboratory.

ENTC 2170. CADD (Computer Aided Design Drafting) (3 credits) — Co or Prerequisite: ENTC 1110 or drafting experience. An introduction to the principles of computer-aided design drafting.

ENTC 2200. Machine Tool Technology (4 credits) — Prerequisites: ENTC 1110 and MATH 1720. The use of metalworking machine tools and accessories including the mill, lathe, saw, drill press, and surface grinder with emphasis on safety. Precision measuring tools and hand tools. Machining characteristics of commonly machined metals. Cutting speeds and feed rates. Cutting tool types, geometry, and applications. Lecture and laboratory.

ENTC 2210. Electrical Principles (4 credits) — Prerequisites: ENTC 1110, MATH 1720. Introduction to electricity. DC circuits, power, DC meters, conductors, insulators, capacitance, magnetism, and electromagnetic induction. AC circuits, reactance, impedance, AC power, power factor, and resonance. Lecture and laboratory.

ENTC 2320. Electronics I (4 credits) — Prerequisites: ENTC 2310, MATH 1840. Devices, rectification, filters, voltage regulation, characteristic curves, graphical analysis of amplification, amplifier configurations, amplifier equivalent circuits, gain equations, static and dynamic load lines, and biasing. Lecture and laboratory.

ENTC 2420. Residential and Commercial Planning (4 credits) — Prerequisite: ENTC 2410. An outline study of architectural styles; the design of an original residential or commercial building developed through consideration of site conditions, space requirements, and adaptability of materials. Student will develop plans and a model. Lecture and laboratory.

ENTC 2440. Mechanical Systems (4 credits) — Prerequisite: ENTC 2410-2420 and PHY S 2010/2011. A study of the terminology and methods associated with commercial HVAC (heating, ventilation, air conditioning, and cooling) and plumbing systems. Detailed exercises will be employed in the design of simple systems with emphasis on appropriate equipment types and sizes. Lecture and laboratory.

ENTC 2899-99. Cooperative Education (1-3,1-3 credits)

ENTC 3010. Statics and Strength of Materials (4 credits) — Prerequisites: MATH 1850 and PHY S 2010/2011. The study of forces and their effects on statically determinate structures including a study of shear, moment and thrust diagrams, stresses and combined stresses, and properties of materials. Lecture and Laboratory.

ENTC 3020. Technology and Society (3 credits) — Prerequisite: ENGL 1020. How does technology impact society and one's daily life? Historical aspects of the development of technology beginning with Stone Age peoples through the Industrial Revolution, to modern concepts. An atmosphere where group discussions struggle with some of the dilemmas of modern life.

ENTC 3030. Technical Communication (3 credits) — Prerequisites: ENGL 1010 and 1020. A comprehensive study of technical and professional communication in written and oral form. Covers rhetorical principles and their application in a variety of types of business correspondence, reports, and technical/scientific documents. Lecture and classroom exercises.

ENTC 3048. Honors Methods of Research (3 credits) — Prerequisite: Admission to College of Applied Science and Technology or University Honors Program. Analysis of the materials and methods of research appropriate to Applied Science and Technology.

ENTC 3120. Engineering Design Modeling (4 credits) — Prerequisite: ENTC 1130, ENTC 2170 or 2160. Modeling associated with the field of design. Laboratory activity includes development of a comprehensive model.

ENTC 3140. Technical Illustration (3 credits) — An introductory study in rapid 3-D visualization and illustration techniques using traditional media. Lecture and laboratory.

ENTC 3170. Network Systems (4 credits) — Prerequisites: ENTC 2320. An introduction to Network Hardware. Both wire and wireless systems will be examined. Hardware for LAN, WAN systems will be examined.

ENTC 3230. Industrial Ceramics (3 credits) — Analysis of industrial ceramic industries, production methods, problems and processes in product design and application. Effect of state and shape of raw materials on manufacturing processes and final properties of product. Lecture and laboratory.

ENTC 3240. Engineering Materials and Testing (4 credits) — prerequisite: ENTC 2200 and CHEM 1110/1111. A study of modern engineering materials with emphasis on their chemical, physical, and mechanical properties. Experimental determination of structural and processing variables, service behavior, and industrial applications. Lecture and laboratory.

ENTC 3310. Circuit Analysis (3 credits) — Prerequisite: ENTC 2310 and MATH 1850. Loop equations and node voltage analysis, principles of phasors and complex numbers applied to alternating current circuits, superposition, Thévenin's and Norton's Theorems, solving circuit problems using the computer.

ENTC 3320. Electronics II (4 credits) — Prerequisites: ENTC 2320, 3310. Multistage amplifiers, coupling, frequency response, classes of amplification, power amplifiers, feedback amplifiers, sinusoidal oscillators, multivibrator circuits and operational amplifier circuits. Lecture and laboratory.

ENTC 3340. Electrical Machinery (3 credits) — Prerequisite: ENTC 2310. Motors, generators, alternators, motor controllers, three phase electrical systems, polyphase transformers, wattmeters. Lecture and laboratory.

ENTC 3350. Industrial Electronics (3 credits) — Prerequisite: ENTC 2320. SCR devices, silicon controlled rectifier circuits, relay circuits, timing circuits, photoelectric devices, unification transistors, diacs, triacs, saturable core reactors, rectification of three phase, industrial controls, programmable logic controllers, and fiber optics.

ENTC 3370. Electronics-Digital Circuits (4 credits) — Prerequisite: One computer science course. Introduction to digital logic, binary numbers and codes, Boolean algebra, gating networks, flipflops, counters, registers, arithmetic circuits, code conversion, decoding, and memory circuits. Lecture and laboratory.

ENTC 3400. Construction Materials (4 credits) — Prerequisites: ENTC 2410 and PHY S 2010/2011. Study of materials used in highway and building construction including production and appropriate specifications and testing. Study includes design calculations and laboratory testing. Lecture and laboratory.

ENTC 4287/5287. Introduction to Robotics (3 credits) — Prerequisite: CSCI 2100 or permission of instructor: Theory, fundamental concepts, and applications of robotics and computer-aided manufacturing. History, robot elements and types, actuators and manipulators, programmable systems, vision systems, safety and robotic work cells, applications, and economic analysis. Lecture and laboratory.

ENTC 4310. Electronics-Communications (4 credits) — Prerequisite: ENTC 3330. RF transmitting and receiving circuits, amplitude and frequency modulation and detection, phase modulation, antennas and RF transmission lines, multiplexing, television transmission, and reception. Lecture and laboratory.

ENTC 4337/5337. Microprocessors (4 credits) — Prerequisite: ENTC 3370. Introduction to microprocessors. Instruction is developed around a microprocessor trainer. Topics include assembly language programming, examples of hardware and software tradeoffs, interrupt system, alternative approaches to input/output and timing, the use of programmable LSI devices, and how microcomputers can communicate with external systems. Lecture and laboratory.

ENTC 4347/5347. Digital Signal Processors (4 credits) — Prerequisite: ENTC 4337. A continuation of ENTC 4337. Instruction is developed around a microprocessor single board computer. Topics include review of microprocessor hardware and instruction set, arithmetic operations, serial data communications, interfacing analog devices, using interval timers, stepper motor control, and an introduction to troubleshooting. Lecture and laboratory.

ENTC 4350. Biomedical Instrumentation I (4 credits) — Prerequisites: HSCI 2020-2021, PUBH 2750, ENTC 3320. A first course in biomedical instrumentation. Content includes hospital equipment safety, biopotentials, electrodes and transducers, the principles of electrocardiographs, pacemakers, defibrillators, IV pumps, catheters and ventilators. Also, information flow, medical indications and complications, the patient-machine interface, how to teach others to use the equipment. Laboratory experiments on medical circuits will be studied or performed.

ENTC 4357/5357. CIM Applications (3 credits) — Prerequisite: Junior standing. An interdisciplinary course concerned with the concepts of business, computers, and manufacturing designed to explore the integration of these dynamic disciplines in the development of the Computer-Integrated Enterprise. Field trips and demonstrations will be used to support the lectures.

ENTC 4360. BMET Internship I (2 credits) — Prerequisites: HSCI 2020-2021, PUBH 2750, ENTC 3320. Corequisite: ENTC 4350. The student will be assigned to a selected regional hospital for eight credits per week after the fourth week of classes, and then for 40 hr/week for three weeks after the semester ends. The student will work under the supervision of a senior BMET or clinical engineer. Assignments will include PM, calibration, troubleshooting and repair, and management of equipment taught in ENTC 4350. The student will be required to pass a pre-employment physical examination and have liability insurance before being assigned to internship.

ENTC 4370. BMET Instrumentation II (4 credits) — Prerequisite: ENTC 4350. A second course in biomedical instrumentation. Content includes biomedical equipment analysis, clinical lab equipment, ultrasonics, lasers, surgical equipment and troubleshooting of medical equipment.

ENTC 4380. BMET Internship II (2 credits) — Prerequisites: ENTC 4350, ENTC 4360. Corequisite: ENTC 4370. The student will be assigned to a regional hospital for eight credits per week for 15 weeks. The student will work under the supervision of a senior BMET or clinical engineer. Assignments will include hands-on repair, PM and calibration of and management of hospital equipment studied in ENTC 4370. The student may be required to pass a pre-employment physical exam and acquire liability insurance before being assigned to an internship.

ENTC 4390. Medical Imaging Equipment Technology (3 credits) — Prerequisite: ENTC 3320. Medical diagnostic equipment, including x-ray, ultrasonic equipment, ultrasonics, nuclear imaging, magnetic resonance imaging, and newer Emission Scanners will be discussed. Medical imaging processing based on Fourier Analysis will be developed. Emphasis is on physical principles, information flow, patient interface, indications and hazards.

ENTC 4417/5417. Construction Financing & Administration (3 credits) — Prerequisites: ENTC 2410, 2420, CSCI 1010. A detailed study of the methods of financing construction projects as well as the construction company. Included are a discussion of interest rates, bonds, insurance, amortization, and depreciation. Lecture.

ENTC 4600. Technical Practicum (4 credits) — Prerequisites: Senior standing, ENTC 3030, and at least 24 credits in a technology concentration. A senior-level capstone course in advanced problem solving by organized team methods. Requires the student to synthesize and apply subject matter studies in previous required courses. For example, in manufacturing, students will design, use their knowledge and skills to solve a complex problem. Units of instruction will include project planning (GANTT and PERT), human factors, design aesthetics, systems methods, and group dynamics. Major requirements include a team presentation and a comprehensive technical report. Lecture and Laboratory.

ENTC 4617/5617. Vocational Guidance (3 credits) — An orientation to the value and use of vocational guidance for vocational education. The roles of people as well as the tools for guidance will be studied along with determining ways and means of providing current career information to students. Meeting the needs of the disabled and disadvantaged in vocational classes will be explored.

ENTC 4637/5637. Evaluation in Industrial Education (3 credits) — Fundamental concepts and terminology of the testing movement. Classification, characteristics, and use of tests in industrial education. Construction of informal tests, use of standardized tests, and interpretation of test results are covered. Also, the use of advisory committees in the evaluation of industrial education courses and programs.

ENTC 4647. Job Analysis and Curriculum Organization (3 credits) — An introduction to the systematic and orderly processes of identifying and organizing instructional materials. Experience in writing job descriptions, preparing and performing analysis, and sequencing selected course content. Also, curriculum development coordination and integration of courses and programs, and curriculum trends. Development of teaching materials appropriate in teaching a specified course.

ENTC 4717. Computer-Assisted Numerical Control Programming (3 credits) — Prerequisite: ENTC 3710. A study of computerized methods for generating numerical control (N/C) programs utilizing (1) tool path definition software applicable to CADD drawing data bases and (2) N/C programming languages including APT and CO/MAC/CT II. Source program structure including initialization, geometry definition, and cutter path definition statements. Links and post processors. Syntax conventions. Writing, running, and debugging source programs to generate list/cutter location files and tape files. Lecture and laboratory.

ENTC 4747. Instructional Management in Industrial Education (3 credits) — The processes involved in developing a physical learning environment for teaching laboratory courses. Utilizing the teacher and the advisory committee in layout of facilities that reflect efficiency of use, safe working conditions, and industrial orientation. The same criteria will be applied in identifying courses and curriculum in the community.

ENTC 4767/5767. Coordinating of Student Clubs and Leadership (3 credits) — Coordination of formal student groups such as VICA and TSA. A study of the management, operation, and planning of these organizations. Leadership activities and exercises.

ENTC 4777/5777. Safety Management (3 credits) — Prerequisite: PSYC 1310. Junior standing or permission of instructor. A study of the methods of planning, organizing, and controlling a safety program. The study will include: the safety problem, accident causation, motivational and marketing methods of safety, safety training and leadership, and a study of OSHA and TOSHA practices and procedures.

ENTC 4787/5787. Methods of Teaching Vocational/Technology Education (3 credits) — Prerequisites: Upper-division standing or permission of instructor, and admission to Teacher Education; for students seeking teaching certification in the applied sciences and technology. Introduction to basic instructional processes appropriate for vocational/technology education. Criteria for selecting instructional method. Emphasis on establishing measurable goals and objectives as well as individualized instruction. Types and utilization of instructional technology materials.

ENTC 4900. Independent Study in Technology (1-6 credits) — Prerequisites: Minimum of 12 credits in the subject area and approval of the instructor who will supervise the study. An industrial problem by arrangement with a faculty member. An independent study plan. Technical report plus laboratory experiences required.

ENTC 4957/5957. Special Topics in Technology (2-6 credits) — Special topics of current interest to groups of students concerning content not presented in regular course offerings. May be repeated for credit if material covered is significantly different or advanced.
ENTC 4989-99. Cooperative Education (1-3, 1-3 credits)
Graduate Course Listing
For descriptions and Prerequisites see the Graduate Catalog.
ENTC 5010. Modern Industry (3 credits)
ENTC 5020. Technical Management (3 credits)
ENTC 5030. Investigations in Technology (3 credits)
ENTC 5050. Leading Continuous Improvement (3 Credits)
ENTC 5060. Scheduling for Project and Quality Management (3 Credits)
ENTC 5070. Leading Empowered Problem Solving Teams (3 Credits)
ENTC 5110. Photo-Realistic 3D Animation & Effects (6 credits)
ENTC 5600. History & Philosophy of Voc. Ed. (3 credits)
ENTC 5610. Content and Method in Industrial Education (3 credits)
ENTC 5620. Administration and Supervision in Industrial Education (3 credits)
ENTC 5630. Project Management (3 credits)
ENTC 5640. Innovative Entrepreneurship (3 credits)
ENTC 5650. Forest Products Technology (2 credits)
ENTC 5800. Strategic Experience (3 credits)
ENTC 5900. Independent Study in Technology (1-9 credits)
ENTC 5950. Methods of Research (3 credits)
ENTC 5960. Thesis (3 credits)
ENTC 5989-99. Cooperative Education (1-3, 1-3 credits)
ENTC 5990. Readings and Research (1-3 credits)

Environmental Health

ENVH 1800. Human Ecology and Environmental Education (3 credits) — Gives the student an understanding and appreciation of peoples' relationships to their environment and the consequences of manipulation, alteration, and pollution of their natural habitat. Environmental education as a means of environmental improvement is emphasized.

ENVH 2989. Cooperative Education (1-3 credits)

ENVH 3040. Environmental Sanitation (3 credits) — Not for environmental health majors. Deals with problems of general sanitation, water supply, disposal of excreta, insect and rodent control, sanitary control of milk, shellfish, and other foods, school and camp sanitation, and inspection services. Consideration given current problems in housing, heating, ventilation, and lighting.

ENVH 3100. Water Supplies and Wastewater Treatment (3 credits) — An introduction to water and wastewater treatment, municipal, semiprivate, and individual systems. Reviews sources, chemical and bacteriological quality, and water pollution.

ENVH 3400. Introduction to Air Pollution (3 credits) — A study of the causes, effects, and control of air pollution. Emphasis is placed on ways individuals, communities, metropolitan areas, and industry can prevent or control pollution.

ENVH 3500. Environmental Safety (3 credits) — Considers the principles and practices of environmental health and safety in natural bathing places, swimming pools, campsites, day nurseries, parks, schools, colleges, and industry.

ENVH 3700. Solid Waste Management (3 credits) — An investigation of the problems and solutions to the generation, storage, collection, and disposal of solid wastes, including aspects of vector control. Includes the management aspects of planning, organizing, designing, and operating refuse collection and disposal systems.

ENVH 3989-99. Cooperative Education (3 credits), may substitute for ENVH 4080.

ENVH 4000. Public Health Law (3 credits) — An introduction to Public Health Law, including a study of the legal powers available for implementing programs, methods for their most effective use, and recognition and management of legal problems; an analysis of the legal relationship of an environmentalist to the government, the staff, and the public. Not required of international students.

ENVH 4080. Environmental Health Practice (3 credits) — Prerequisite: Open to environmental health majors only. Field experience in environmental health.

ENVH 4100. Shelter Environments (3 credits) — A course covering the principles of healthful housing and environmental control of mobile homes, jails, motels, and hotels.

ENVH 4207/5207. Principles of Radiological Health (3 credits) — Prerequisite: CHEM 1110/1111 or permission of instructor. The basic principles and procedures pertaining to the safe control of all common sources of ionizing radiation and the causes, effects, and control of radiation are included. The laboratory experiments include safety monitoring, radiation detection, and the use of survey meters.

ENVH 4340. Occupational Health (3 credits) — Prerequisite: CHEM 1110/1111 or permission of instructor. Familiarizes the student with health problems encountered in industry and various occupations. The causes of occupational diseases and ways to prevent the diseases are emphasized. Introduction to types of radiation, with emphasis on controlling the amount of radiation a person receives.

ENVH 4347/5347. Ergonomics (3 credits) — A study of human factors engineering concerning people, their work, and the work environment. Includes a discussion of the ergonomics approach to the work environment, including sensory and motor control, workplace design, heat stress, noise, vibrations, illumination, the measurement of work, anthropometric data, and related topics.

ENVH 4357/5357. Toxicology (3 credits) — Prerequisites: CHEM 1101/1111 and HSCI 3321 or permission of instructor. A study of the essentials of toxicology, including toxicity determinations and measurements, and biologic factors important in understanding toxicity. A review of toxic substances in air, water, foods, and the workplace with a consideration of exposure limits, their rationale and evaluation methods.

ENVH 4360. Industrial Hygiene Laboratory (4 credits) — Evaluation of chemical and physical hazards in industrial work places. Potential hazards include noise, glare, heat, dust, solvents, radiation, etc.

*ENVH 4387/5387. Biological Analysis in Environmental Health (4 credits) — Prerequisite: A course in general microbiology HSCI 3320/3321 or HSCI 3330/3331 and permission of the instructor. The principles of microbiology with emphasis on growth requirements and the effects of chemical and physical agents as used for control, principles of aquatic toxicology. Instrumentation used in qualitative and quantitative analysis of the biologic environment.

*ENVH 4397/5397. Environmental Analysis (4 credits) — Prerequisites: Seniors only. CHEM 1110/1111 and 1120/1121 and permission of the instructor. Provides training in physical and chemical analysis of water, wastewater, food, air, and toxic materials, principles of applied toxicology. Experience in the use of chemical instruments, as well as field test kits, will be obtained.

ENVH 4400. Environmental Health Program Planning and Administration (3 credits) — Prerequisites: ENVH 3100, 3400, 3700 or 4000, 4080, 4087 permission of the instructor. A study in how to administer, plan, and evaluate environmental health programs. The availability of resources and the relationship with other health agencies are given.

ENVH 4607/5607. Food Sanitation Principles (3 credits) — Prerequisite General microbiology, HSCI 3320/3321 or HSCI 3330/3331. A study of food composition, engineering principles, processing and preservation methods, food-borne diseases, and food regulatory programs.

ENVH 4710. Introduction to Hazardous Waste (3 credits) — Considers hazardous waste in its various forms: solid, liquid, and gaseous. Topics covered include generation, storage, transport, and disposal of the waste.

ENVH 4905. Independent Studies in Environmental Health (1-4 credits)
ENVH 4957/5957. Special Studies in Environmental Health (1-4 credits)
ENVH 4989-99. Cooperative Education (1-3 credits)

*Students will complete three credits of lecture and one credit of lab per week.

Graduate Course Listing
For descriptions and prerequisites see the Graduate Catalog.

ENVH 5100. Environmental Health Practice I (3 credits)
ENVH 5200. Environmental Chemistry (4 credits)
ENVH 5250. Environmental Microbiology (4 credits)
ENVH 5500. Air Pollution Principles (3 credits)
ENVH 5600. Water Pollution Principles (3 credits)
Family/Community Nursing

FCNU 2010. Care of Communities I (3 credits) — Prerequisite: Admission to the nursing major or permission of the department. This course considers historical, social, political, economic, cultural, and ethical issues. Based on application of epidemiological principles to actual community assessments, population-focused prevention strategies are planned.

FCNU 2030. Health Assessment (3 credits) — Prerequisites: HSCI 3000 or HSCI 2009/11 & 2020/21. Admission to the major or permission of the department. This course is the first in a series of two health assessment courses. Emphasis is given to the acquisition of history-taking skills and physical examination techniques in laboratory and community settings. Students will learn skills primarily related to young and middle-aged adults.

FCNU 3028. Health Assessment for Public Health Nurses (3 credits) — Prerequisite: HSCI 3000 (or equivalent). Current active licensure as a registered nurse. A health assessment course designed for public health nurses with emphasis on the acquisition of history-taking skills and physical examination techniques in laboratory and community settings. Students will learn skills primarily related to pediatric and young and middle-aged adult clients.

FCNU 3030. Assessment of Special Populations (2 credits) — Prerequisite: FCNU 2030 or permission of the department. This course is the second in the series of health assessment courses. The focus is on variations of health status related to developmental or other special characteristics of at-risk and vulnerable populations across the lifespan.

FCNU 3040. Care of Infants and Children (2 credits) — Prerequisite: ALNU 3021. Pre- or corequisites: FCNU 3060. This course focuses on the care of infants and children from birth to preadolescence. Developmental and situational circumstances that affect health and illness are explored. Nursing interventions are taught that promote and restore health or assist children and their families in adapting to hospitalization and chronic or terminal illnesses.

FCNU 3050. Care of Adolescents and Young Adults (4 credits) — Prerequisite: ALNU 3021. Pre- or corequisites: FCNU 3060. Course content focuses on the physical and behavioral health care of adolescents and young adults as clients within the family and as members of the community. Emphasis is placed on the developmental factors of adolescence, young adulthood, and reproductive health.

FCNU 3051. Adult and Family Care II (8 credits) — Prerequisite: ALNU 3021. Pre- or corequisites: FCNU 3040, 3050, & PMNU 3070. This course focuses on the physical and behavioral health care of infants, children, adolescents, and young adults. Diverse settings are used to plan and evaluate nursing care that includes primary prevention strategies, as well as acute, chronic, and terminal care.

FCNU 3060. Nursing Process and Research in Family Care (2 credits) — Prerequisite: PMNU 2020 or the equivalent. This course emphasizes the relationship of theory, practice, and research pertaining to the care of families within health care delivery systems.

FCNU 3300. Promoting Academic Success in Nursing (1 credit) — Prerequisite: Admission to the nursing major. This course is designed to promote academic success in nursing students through their understanding of test-taking and study skills, and the application of these skills on nursing tests. May be repeated (Elective)
Finance

FENCE 2220. Personal Finance (3 credits) — THIS COURSE IS NOT OPEN TO SENIORS MAJORING IN THE COLLEGE OF BUSINESS. A consumer-oriented introduction to finance. Budget priorities, credit, interest rates, insurance, investments, housing, and estate planning are all treated in a straightforward manner.

FENCE 3120. Principles of Real Estate (3 credits) — Prerequisites: ECON 2210 and 2220 or consent of instructor. A study concerning economic, social, financial, and legal problems involved in acquiring, holding, and disposing of real estate.

FENCE 3130. Real Estate Law (3 credits) — Prerequisite: FENCE 3120. A study of property rights and liabilities, real estate instruments, estates, leases, and liens. The approach is from the businessperson's viewpoint.

FENCE 3220. Business Finance (3 credits) — Prerequisite: ACCT 2010. Emphasis upon the decision-making tools used in financial management including ratio analysis, operating and financial leverage, interest factors, capital budgeting, valuation, cost of capital, and dividend policy.

FENCE 3300. Principles of Investment (3 credits) — Prerequisite: FENCE 3220. Stock, bond, and option markets; mutual funds; the stock brokerage business; investment advisory services; introduction to the basics of investment decision making.

FENCE 3500. Capital Budgeting (3 credits) — Prerequisite: FENCE 3220 and a declared major. An advanced course in financial management emphasizing capital asset selection under conditions of risk.

FENCE 4018. Senior Honors Seminar (3 credits) — Prerequisites: ECON 3088 and admission to the College of Business Honors Program. A seminar for College of Business honors students who are working on senior honors theses or other approved projects. Upon successful completion of the course, students will have demonstrated the ability to complete the research process by creating a written product suitable for submission to the College of Business faculty.

FENCE 4320. Real Estate Appraisals (3 credits) — Prerequisite: FENCE 3120 or consent of instructor. A study of the fundamentals of appraising various properties and of the three major approaches to finding value: cost, income, and market.

FENCE 4330. Real Estate Finance (3 credits) — Prerequisite: FENCE 3120 or FENCE 3220. A study of the various sources of funds for financing real estate transactions, and of problems encountered in financing real estate.

FENCE 4340. Real Estate Brokerage (3 credits) — Prerequisite: FENCE 3120, FENCE 3220 or consent of instructor. A study of agency operations, including listing, prospecting, advertising, showing property, and closing transactions.

FENCE 4350. Real Estate Management (3 credits) — Prerequisite: FENCE 3120 or consent of instructor. A basic course dealing with the functions, qualifications, and responsibilities of the property manager. The nature and kinds of property with which the manager might be involved are discussed.

FENCE 4360. Real Estate Appraisal Problems (3 credits) — Prerequisite: FENCE 4320. A course designed to study appraisal problems in actual field situations as well as in the classroom.

FENCE 4447/5447. Banking and Financial Intermediation (3 credits) — Prerequisites: FENCE 3220 and ECON 3310. The workings of financial markets and institutions with special reference to banking.

FENCE 4500. Credit Management (3 credits) — Prerequisite: FENCE 3220. The nature and importance of credit. An analysis of principles underlying the extension of credit and the management of credit operations.

FENCE 4520. Bank Policy (3 credits) — Prerequisite: FENCE 3220. A course in bank management. Emphasis will be placed on key financial concepts and their application in financial management decisions. Use of case problems.

FENCE 4560. Portfolio Theory and Valuation (3 credits) — Prerequisite: FENCE 3300. Selection and valuation of portfolios of securities.

FENCE 4597/5597. International Financial Management (3 credits) — Prerequisite: FENCE 3220. Financial problems of multinational corporations including the theory of capital movements, foreign exchange markets, concepts of the balance of payments mechanisms, trade policy, and the functioning of the international monetary systems.

FENCE 4617/5617. Applied Portfolio Management (3 credits) — Prerequisites: FENCE 3300, 3500, 4560. This course provides a solid practical foundation in Investment and Portfolio Management through the management of a portfolio of funds provided by the Tennessee Valley Authority (TVA).

FENCE 4620. Financial Analysis and Policy (3 credits) — Prerequisites: FENCE 3300, 3500, and senior standing. An integrative course designed to provide insight and experience in problem solving in finance. The course utilizes cases and computer applications. This is the capstone course for all finance majors.

FENCE 4697/5697. International Investments (3 credits) — Prerequisites: FENCE 3220 and FENCE 3300 or permission of the instructor. To immerse you in the world of international investments. Advanced course designed to equip students with the theoretical background, quantitative skills, and practical tools required to be successful managers in the field of international investments. Topics will include a review of parity conditions; foreign exchange rate forecasting; benefits of international diversification; international asset pricing; international equity markets, instruments, concepts, and techniques; emerging stock markets; futures, options, international performance analysis; structuring the international process.

FENCE 4900. Independent Study in Finance (1-3 credits) — A course designed for advanced students who, under the direction of a finance faculty member, wish to engage in independent research or an intensive study of subjects not covered in other available courses. Prior departmental and college approval is needed.

FENCE 4905. Banking Internship (3 credits) — Prerequisites: (Must have completed a minimum of six semester credits at the upper-division level in the student’s major, junior or senior standing, and a grade point average of 2.7 or above.) Students are selected through a competitive process for assignments in approved financial institutions as interns under the supervision of the internship coordinator and field placement supervisors. Students may not earn more than three semester credits for this course which can be used as a free elective or an elective within a business major with prior approval by the chair.

FENCE 4957/5957. Topics in Finance (3 credits) — Prerequisites: Senior. This course gives students an opportunity to study special problems and new developments in the field of finance.

Finance Graduate Course Listing
For descriptions and Prerequisites see the Graduate Catalog.

FENCE 5000. Essentials of Finance (3 credits)
FENCE 5490. Security Analysis and Portfolio Management (3 credits)
FENCE 5600. Case Study in Banking (3 credits)
FENCE 5900. Independent Study in Finance (1-3 credits)

French

FREN 1010-20. Beginning French (3, 3 credits) — Introduction to the French language and to the culture, geography, and history of French-speaking countries.

FREN 2010-20. Second-Year French (3, 3 credits) — Continuation of first year, with an introduction to French literature.

FREN 3010-3110. French Conversation and Composition (3, 3 credits) — Practice in conversation, with emphasis on idioms, syntax, and current expressions. Study of grammar through compositions.

FREN 3210. Readings in French (3 credits) — A study of techniques and strategies to improve reading skills in French.

FREN 3310. French Civilization (3 credits) — Geography, history, and culture of France.

FREN 3510. Survey of French Literature Before 1700 (3 credits) — Study of major French authors from the Middle Ages through 1700.
FREN 3610. Survey of French Literature After 1700 (3 credits)  
— Works of major French authors from the 18th century through the present.
FREN 4117/5117. French Drama from 1600 to the Present (3 credits)  
— Selected plays from major French dramatists from 1600 to the present.
FREN 4217/5217. Sixteenth Century French Literature (3 credits)  
— Selected works by the principal 16th century writers and poets of the Renaissance.
FREN 4317/5317. Seventeenth Century French Literature (3 credits)  
— Selected works from the prose, poetry, and theatre of the principal authors of the Classical Period.
FREN 4337/5337. French Phonetics and Pronunciation (3 credits)  
— A study of the International Alphabet, incorporating phonetic dictation and transcription.
FREN 4417/5417. Eighteenth Century French Literature (3 credits)  
— Selected works of the French philosophers and authors of the Age of Reason.
FREN 4517/5517. Nineteenth Century French Literature (3 credits)  
— Selected works from the prose and poetry of the major authors of French Romanticism.
FREN 4617/5617. Twentieth Century French Literature (3 credits)  
— Selected works from the prose and poetry of major French authors of the 20th century.
FREN 4900. Special Studies in French (1-3 credits)  
— Designed to provide opportunities for study in areas not provided for in the regular course offerings for undergraduates. Students desiring to enroll must obtain permission from the instructor.
FREN 4957/5957. Topics in French (3 credits)  
— This course gives the students an opportunity to study special problems and new developments in the field of French.

Graduate Course Listing  
For descriptions and prerequisites see the GraduateCatalog.

FREN 5900. Special Studies in French (1-6 credits)

Geography

GEOG 1012. Introduction to Cultural Geography (3 credits)  
— A survey of the spatial characteristics and value systems of cultures throughout the world.
GEOG 1013. Introduction to World Regional Geography (3 credits)  
— A survey of the major regions of the world with emphasis on their physical and cultural interrelationships.
GEOG 1038. Honors Orientation Seminar (1 credit)  
— Prerequisite: Admission to College of Applied Science and Technology or University Honors Program. This course will fully orient the student to the College expectation for an honors student. Discussion and activities will relate to preparation for academic success and developing information technology skills.
GEOG 1510. Student in University (3 credits)  
— This course is meant to provide guidance to first-year university students as they begin their search for directions to take in self-definition, intellectual growth, career choices, and life skills.
GEOG 2038. Honors Professional Ethics (3 credits)  
— Prerequisites: Admission to the College of Applied Science and Technology or University Honors Program and sophomore standing. A case-study approach to basic ethical issues likely to confront engineers, computer scientists, family and consumer scientists, geographers and surveyors in their professional practices.
GEOG 2210. Modern Geographic Concepts (3 credits)  
— Concepts current in the field of geography are used as means for understanding in spatial and ecological points of view of the world.
GEOG 2310. Field Studies in Geography (3 credits)  
— Investigation of historic, current and physical features. Conducted as a traveling class to various areas of the United States and Canada. Offered every summer session and occasionally during other times during the academic year.
GEOG 2989. Cooperative Education (3 credits)
GEOG 2999. Cooperative Education (3 credits)
GEOG 3010. Economic Geography-Manufacturing and Service Industries (3 credits)  
— Evaluation of the distribution of different types of manufacturing and service industries and the factors underlying their locative choices. Analysis of the role of manufacturing and service activities in a modern urban-industrial society.
GEOG 3020. Economic Geography-Agricultural and Extractive Industries (3 credits)  
— A study of the spatial distribution and characteristics of agricultural and extractive industries of the world.
GEOG 3030. Technical Communication (3 credits)  
— Prerequisites: ENGL 1010 and 1020. A comprehensive study of technical and professional communication in written and oral form. Covers rhetorical principles and their application in a variety of types of business correspondence, reports, and technical/scientific documents. Lecture and classroom exercises.
GEOG 3040. Conservation of Natural Resources (3 credits)  
— Investigation into the use, abuse, and allocation of natural resources.
GEOG 3048. Honors Methods of Research (3 credits)  
— Prerequisite: Admission to the College of Applied Science and Technology or University Honors Program. Analysis of the materials and methods of research appropriate to Applied Science and Technology.
GEOG 3060. Geomorphology (4 credits)  
— A study into the physical processes responsible for landforms.
GEOG 3090. Meteorology & Climatology (4 credits)  
— A study of atmospheric elements and processes and climatic controls and patterns as they influence and are influenced by human life.
GEOG 3120. Introduction to Geography of Southern Appalachia (3 credits)  
— A study of spatial organizations, compositions, interrelations, and interactions which characterize the Southern Appalachian region.
GEOG 3210. Cartography (3 credits)  
— Prerequisite: MATH 1040 or permission of the instructor. An application of the principles of map construction, compilation, and the techniques of map drawing and map reading.
GEOG 3300. Political Geography (3 credits)  
— A study of the geographic foundations of a state in terms of national power; an evaluation of geopolitical theories and practices, territorial and commercial rivalries, and basic concepts of military strategy.
GEOG 3989-99. Cooperative Education (1-3, 1-3 credits)
GEOG 4007/5007. Geography of the United States (3 credits)  
— A regional study of the physical and cultural elements of the United States.
GEOG 4017/5017. Advanced Cartography (3 credits)  
— Prerequisites: GEOG 3210 or permission of instructor. A second course in the study of the science and art of mapmaking. Emphasis is placed upon three components of modern cartography: 1) the input, storage, and output of digital spatial data; 2) advanced and contemporary thematic mapping techniques; and 3) computer-assisted map design. Topics are presented during lecture and applied by the students in a laboratory setting. Students also gain experience in developing and implementing their own individualized map projects.
GEOG 4018. Honors Thesis (3 credits)  
— Prerequisite: Satisfactory completion of all college honors classes and advisor approval. This thesis is a capstone academic experience bringing into focus the result of the student's learning and career interest.
GEOG 4048. Honors International Study (3 credits)  
— Prerequisites: Satisfactory completion of all College of Applied Science and Technology Honors courses or college honors committee approval. This course will consist of a two-week international study and cultural experience in addition to a pre-tour orientation.
GEOG 4077/5077. Seminar in Geography of Southern Appalachia (3 credits)  
— A seminar in the use of geographic methodology in the study of regional Appalachian issues.
GEOG/URBS 4107/5107. Urban Geography and Planning (3 credits) — A geographical analysis of cities and urban regions. Urban growth patterns, location and interaction analysis, planning for urban regions and travel behavior are emphasized.

GEOG 4117/5117. Resource Management (3 credits) — The study of cultural attitudes, conceptual approaches, and evaluation techniques in resource management. Analysis of selected resource issues at various areal scales.

GEOG 4217/5217. Geographic Information Systems (3 credits) — Prerequisite: GEOG 3210 or permission of instructor. The field of GIS is relatively new and expanding and is concerned with techniques and theory of cartographic and spatial data rectification and enhancement, and spatial information extraction.

GEOG 4227/5227. Remote Sensing (3 credits) — Prerequisite: GEOG 3210 or permission of instructor. A systematic treatment of elements involved in interpreting, measuring, and mapping of images that appear on aerial photographs.

GEOG 4237/5237. Advanced Remote Sensing (3 credits) — prerequisite: GEOG 3210 or permission of instructor. A study of different types of remotely sensed images and their interpretation.

GEOG 4257/5257. Geography of Soils (3 credits) — An introduction to soil science. Particular attention is focused on soil morphology, soil classification, and the study of distributional patterns of soils and their relationships to other geographical elements.

GEOG 4267/5267. Hydrology (4 credits) — The study of water as it occurs in all phases of the hydrologic cycle and the analysis of currently developing water problems on the local, regional, and national level.

GEOG 4307/5307. Regional Geography (3 credits) — Under this cover title, individual courses will be offered in such areas as Europe, Latin America, Asia, Soviet Union, and Africa. Course may be repeated as subject matter changes.

GEOG 4317/5317. Advanced Geographic Information Systems (3 credits) — A critical examination of the contemporary issues involved with Geographic Information Systems and digital spatial data. One-half of the course content will be dedicated to practical training on the sophisticated vector-based GIS software called Arc/Info. A hands-on understanding of the nature and functionality of this software will be acquired within a workstation computer environment.

GEOG 4417/5417. The Teaching of Geography & Earth Science (3 credits) — A course in methods and materials for teaching geography in grades seven to twelve, which will include teaching experiences in an area school. This course earns education credit only and does not meet requirements for a major or minor in geography.

GEOG 4807/5807. Advanced Field Methods in Geography (3 credits) — A study of methods of measuring, recording, and synthesizing field data in geography.

GEOG 4907/5907. Independent Studies (1-3 credits) — Prerequisite: Permission of department chair is required.

GEOG 4957/5957. Topic in ___________ (2-6 credits) — Prerequisite: Dependent on subject matter. Selected topics of current interest in geography. Offered upon sufficient demand for specific subject matter. May be repeated for different topics. Consultation with the instructor is recommended before enrollment.

GEOG 4989-99. Cooperative Education (1-3, 1-3 credits)

Graduate Course Listing

For descriptions and prerequisites see the Graduate Catalog.

GEOG 5000. Quantitative Techniques (3 credits)

GEOG 5010. Location Theory (3 credits)

GEOG 5110. Seminar in Physical Geography (3 credits)

GEOG 5130. Seminar in Urban Geography and Planning (3 credits)

GEOG 5140. Seminar in Regional Geography (3 credits)

GEOG 5210. Geography of Settlement and Land Use (3 credits)

GEOG 5310. Evolution of Geographic Thought (3 credits)

GEOG 5901. Independent Studies (1-3 credits)

GEOG 5960. Thesis in Geography (1-3 credits)

GEOG 5989. Cooperative Education (1-3, 1-3 credits)

GEOG 5990. Readings & Research (1-3 credits)

GEOG 5999. Cooperative Education (1-3 credits)

Geology

GEOG 1040. Physical Geography (4 credits) — A study of the earth and earth processes including mountains, rivers, ocean basins, glaciers, volcanoes, earthquakes, and plate boundaries with an introduction to rocks and minerals. Three credits lecture and two laboratory periods per week.

GEOG 1050. Historical Geography (4 credits) — A survey of the earth’s history, physical and biological, as revealed by rock formations and the fossil record. Three credits lecture and two laboratory periods per week.

GEOG 2480. Geology Field Methods (4 credits) — Prerequisites: GEOG 1040, 1002, 3580, or permission of instructor. An introduction to the methods of measurement, sampling techniques, and data collection used by the field geologist. Plane table and airphoto techniques of mapping, section measurement and description, structure description and analysis will be treated. Three credits lecture and two laboratory periods per week.

GEOG 2989. Cooperative Education (3 credits)

GEOG 2999. Cooperative Education (3 credits)

GEOG 3011. Economic Geology I (3 credits) — Prerequisites: GEOG 1040, 1002, and 3112. A study of the origin, nature, distribution, and exploitation of the major metallic minerals.

GEOG 3012. Economic Geology II (3 credits) — Prerequisites: GEOG 1040, 1002, and 3112. Emphasis on industrial mineral deposits, fossil and mineral fuels, and alternate energy sources.

GEOG 111. Mineralogy (4 credits) — Prerequisites GEOG 1040, 1002, and introductory chemistry. The study of minerals through their crystal structure and morphology, and their optical properties.

GEOG 3112. Mineralogy II (4 credits) — Prerequisites: GEOG 1040, 1002, and introductory chemistry. Identification of the major rock forming and accessory minerals, their environments of formation and their common associations.

GEOG 3391. Invertebrate Paleontology (4 credits) — Principles of taxonomy, classification, paleoecology, evolution, and geologic records of the major invertebrate phyla are considered. Three credits lecture and two laboratory periods each week.

GEOG 3400. Geologic Illustration (2 credits) — Development of skills in the preparation of illustrations for publication and oral presentations. Topics include ink work, layout, proportion, reproduction materials and methods, lettering, and preparation. Course content is also relevant to other fields. One lecture and two laboratory periods each week.

GEOG 3481. Environmental Geology (3 credits) — This course considers specifics in man’s relationship to the physical environment. Natural environmental hazards, such as volcanoes, earthquakes, subsidence, soil flow, landslides, floods, and sedimentation, are examined. The limitations of natural resources and future projections are considered along with the impact of man’s demands upon the environment. Oil spills, surface mining, waste disposal, water supplies, and other problems of a geologic nature that are pertinent to the environment are discussed from the standpoint of specific case histories.

GEOG 3580. Structural and Engineering Geology (4 credits) — Prerequisites GEOL 1040, 1002, and Trigonometry. A study of rock structures, mechanics of deformation, and regional structural styles. Three credits lecture and two laboratory periods per week.

GEOG 3989. Cooperative Education (3 credits)

GEOG 3999. Cooperative Education (3 credits)

GEOG 4120. Petrography (4 credits) — Prerequisite: GEOL 3112 or permission of instructor. Igneous, sedimentary, and metamorphic rocks are examined both in hand specimen and in thin section. The student learns to apply principles of rock classification and identification.

GEOG 4540. Sedimentation-Stratigraphy (4 credits) — Prerequisites GEOL 1040, 1002, or permission of instructor. The first part of the semester is devoted to the origin, classification, and interpretation of sediments and modern sedimentary environments. The second part is devoted to the recognition of these environments in the geologic record through stratigraphic analysis. The latter includes principles of correlation, stratigraphic paleontology, compilation of stratigraphic maps, and interpretation of the geologic column.

GEOG 4900. Senior Thesis (4 credits) — Prerequisite: Permission of department chair is required.

2002-2003 Undergraduate Catalog
GEOL 4905. Independent Study (1-4 credits) — Prerequisite: Permission of department chair is required. This course is designed for students who would like to study an area of geology not covered in the curriculum. Students are expected to work independently, but under the close supervision of an instructor. A paper presenting their findings is required.

GEOL 4989. Cooperative Education (3 credits)

German

GERM 1010-20. Beginning German (3, 3 credits) — Introduction to the German language, and to the culture, geography, and history of German-speaking countries.

GERM 2010-20. Second-Year German (3, 3 credits) — Continuation of first year, with an introduction to German literature.

GERM 3011. Survey of German Literature Before 1700 (3 credits) — German literature from its origins to the 17th century.

GERM 3021. Survey of German Literature Since 1700 (3 credits) — German literature from the age of Goethe to the present.

GERM 3111. German Civilization (3 credits) — Geography, history, and culture of Austria, Germany, and Switzerland.

GERM 3121-41. German Conversation and Composition (3, 3 credits) — Practice in conversation, with emphasis on idioms, syntax, and current expressions. Study of grammar through written compositions.

GERM 4121. Twentieth Century German Literature (3 credits) — Impressionism, Post War Literature.

GERM 4137/5137. The Age of Goethe (3 credits) — Selected works of the principal authors of the Sturm and Stress, Classical, and Romantic periods in German Literature.

GERM 4147/5147. The German Short Narrative (3 credits) — Selected short-prose works of representative authors of the late 19th and the 20th century.

GERM 4157/5157. Austrian Literature (3 credits) — Selected works of principal Austrian writers and their impact on German literature.

GERM 4167/5167. Advanced German Grammar (3 credits) — In-depth review of troublesome aspects of German grammar. Review of grammar in context as well as practice in composition and translation.

GERM 4901. Special Studies (1-3 credits) — Designed to provide opportunities for study in areas not provided for in the regular course offerings for undergraduates. Students desiring to enroll must obtain permission from the instructor.

GERM 4957/5957. Topics in German (3 credits) — This course gives students an opportunity to study special problems and new developments in the field of German.

Graduate Course Listing

For descriptions and prerequisites see the Graduate Catalog.

GERM 5901. Special Studies in German

Human Development and Learning

HDAL

HDAL 1000. College Adjustment (1 credit) — Designed to assist the new student in adapting to college life. Emphasis is on understanding human development, improving decision-making skills, study skills, and clarifying values. The course will also assist in identifying campus resources, career materials, and university administrative requirements/procedures regarding the academic status system, transcripts, official records, etc. (This course cannot be used to satisfy requirements for general education or a major/minor in human development and learning.)

HDAL 1010. Career Planning & Life Skills (3 credits) — An introduction to the theory and practice of career planning and decision making with an emphasis on: (1) occupational choice; (2) self-assessment; (3) career decision making; (4) occupational information; and (5) selection of a college major. Students will be expected to apply this knowledge to the development of a personal career plan.

HDAL 2310. Developmental Life-Span Psychology (3 credits) — A study of the human learning and development principles applicable to infancy, early childhood, childhood, adolescence, early adulthood, adulthood and the geriatric phase of life.

HDAL 2320. Child Psychology (3 credits) — A study of child learning and development with an emphasis on application of behavioral science to parenting and teaching.

HDAL 2325. Child and Adolescent Development (3 credits) — The intent of this course is to focus on human development from conception through adolescence with examples and applications primarily focusing on educational settings. It provides a multi-theoretical approach to the aspects of human development that are impacted by human interaction and nurturing as well as those that are relatively unaffected by environmental input. Key concepts include, but are not limited to, gross and fine motor development, temperament, visual and auditory perception, family characteristics, genetic inheritance, attention, cognitive tempo, play, and language development as they impact academic learning.

HDAL 2330. Adolescent Psychology (3 credits) — A study of adolescent learning and development with emphasis on applications of behavioral science to parenting and teaching.

HDAL 3117. Learning Environments in Early Childhood (3 credits) — Prerequisite: AHSC 2110 and admission to teacher education. A study of the basic principles of good health as they relate to the child in the family, child care center, and the community. Accident prevention and safety will receive special attention. Issues related to development of appropriate learning environments will be explored.

HDAL 3130. Evaluations of Young Children (3 credits) — Prerequisites: AHSC 2110, 2120, 3140. This course will cover assessment for children from birth to eight years of age. Both formal and informal instruments will be discussed with the emphasis on tools which can be used by teachers of young children. Considerations in choosing, administering, and reporting results of assessments will also be addressed. Field work is required.

HDAL 3155 Creative Development in Young Children (3 credits) — Strategies for promoting the emergent creative dispositions of the young child are explored. Areas of focus include art, music, movement, play, dramatics, and creativity. Field participation is required.

HDAL 3310. Educational Psychology (3 credits) — Prerequisites: HDAL 2310, 2320, 2325, or 2330. A study of the systematic application of psychological and behavioral principles to educational settings.

HDAL 4007/5007. Applications of Group Process (3 credits) — This course will provide students in various non-counseling disciplines with an experience of group process and practice, tailored to the professional needs of the various disciplines that make use of the course. This course will focus on group leadership skills, cohesion and development, group performance, and handling group conflict.

HDAL 4010. Managing Child Behavior (3 credits) — Prerequisites: PSYC 1310 and HDAL 2310 or 2320. A study of the theory and practice of child behavior management in family, school, and community settings. Procedures for individuals or groups and for well-adjusted or disruptive children will be presented.

HDAL 4011. Developmental Psychology II (3 credits) — Prerequisites: PSYC 1310 and HDAL 2310 or 2320. A study of human biological and behavioral development in the context of hereditary, environmental, and evolutionary influences.

HDAL 4150. Literacy in Young Children (3 credits) — Prerequisites: AHSC 2110, 2120, HDAL 3117, 3130 and admission to Teacher Education. Examines the development of literacy during the early years, birth to eight. Includes the study of environmental influences and methods that enrich or delay emerging literacy and language. Group activities for early childhood programs are explored. Writing Intensive Course.

HDAL 4217/5217. Program Planning in Early Childhood (3 credits) — Prerequisites: AHSC 2110, 2120, HDAL 3117, 3130 and admission to Teacher Education. Examines children's thinking as it influences curriculum design in early childhood. Explores the educational needs of the young child in the cognitive realm of scientific, social, mathematical, and language learning. Field participation in early childhood is required.
HDAL 4257/5257. Mentoring in Early Childhood Education (3 credits) — This course is designed to train Early Childhood professionals in effective methods and principles of mentoring adults who have varying levels of training. Emphasis will be on the role of the mentor as a facilitator of adult learning. As leaders, these mentors will be implementing change that can lead to improved quality in programs and classrooms that serve young children, birth through eight years of age.

HDAL 4260. Learning in Human Development (3 credits) — In this course students will study how major theories of learning are related to developmental changes throughout the lifespan. The merits of theories will be critically examined. Significant attention will be given to the implications and applications of the valid principles within those learning theories for various settings, including classroom, family, business, and social settings.

HDAL 4517/5517. Family, Community, and School K-8 (3 credits) — Prerequisite: Admission to Teacher Education. Theoretical models of home-school relations will be examined as they have evolved through the 20th century. Strategies for initiating and maintaining effective home-school-community collaboration will be identified with special emphasis on benefits to parents, children, community, and school personnel.

HDAL 4617/5617. Student Teaching: Primary/Early Childhood Practicum (6 credits) — Corequisite: Must be taken in conjunction with AHSC 4167 and EDPN 4581. A supervised 150-hour teaching practicum in an approved Early Childhood primary grade program. Seminars will be held to coordinate and evaluate the student teaching experience.

HDAL 4666. Cultural Influences in Development (3 credits) — Prerequisites: PSYC 1310 and HDAL 2310 or 2320. An intensive study of familial, societal, economic, and religious influences on psychological development. The emergence of the individual person across a broad spectrum of national, ethnic, linguistic, and religious subcultures is examined.

HDAL 4817/5817. Introduction to Psychological Testing (3 credits) — Prerequisite: A course in statistics. A history and overview of the standardized evaluation methods commonly used in the assessment of individuals and groups. Topics covered are validity, reliability, and statistical concepts for the evaluation and interpretation of test data. The student is given an overview of ability tests, interest tests, and personality tests.

HDAL 4900. Independent Study (1-3 credits)

HDAL 4950. Research in Learning and Development (3 credits) — Prerequisites: PSYC 1310 and MATH 1080 or PSYC 2810. The study and application of research methods appropriate to the behavioral sciences for consumers of developmental research. Observation, research design, and data analysis appropriate to the applied setting is emphasized.

HDAL 4957. Special Topics in Human Development and Learning (1-6 credits)

Graduate Course Listing

For descriptions and prerequisites see the Graduate Catalog.

HDAL 5010. The Principles and the Administration of Counseling Services (3 credits)
HDAL 5100. Human Relations and Group Processes (3 credits)
HDAL 5110. Cross Cultural Issues and Perspectives (3 credits)
HDAL 5150. Career Planning Systems (3 credits)
HDAL 5200. Advanced Educational Psychology (3 credits)
HDAL 5210. Advanced Child Development (3 credits)
HDAL 5230. Advanced Developmental Psychology (3 credits)
HDAL 5260. Principles of Teaching and Learning (3 credits)
HDAL 5400. Consultation Techniques (3 credits)
HDAL 5420. Theories of Marriage and Family Counseling (3 credits)
HDAL 5422. Marital Therapy (3 credits)
HDAL 5430. Legal and Ethical Issues in Counseling (3 credits)
HDAL 5549. Substance Abuse (3 credits)
HDAL 5550. Counseling Theories (3 credits)
HDAL 5561. Counseling Techniques for Children (3 credits)
HDAL 5562. Counseling Techniques for Adolescents and Adults (3 credits)
HDAL 5570. Supervised Counseling Practicum (3 credits)
HDAL 5800. Seminar Practicum School Psychology (3 credits)
HDAL 5830. Individual Mental Testing (also Psychology 5830) (4 credits)
HDAL 5860. Theories of Learning (3 credits)
HDAL 5861. Applied Behavior Analysis (3 credits)

HDAL 5880. Internship (1-6 credits)
HDAL 5900. Independent Study (1-3 credits)
HDAL 5960. Thesis (3 credits)
HDAL 5990. Readings and Research (1-3 credits)

Early Childhood Education

HDAL 5210. Advanced Child Development (3 credits)
HDAL 5330. History & Philosophy of Early Childhood Education (3 credits)
HDAL 5331. Infancy (3 credits)
HDAL 5332. Designing An Early Childhood Environment (3 credits)
HDAL 5333. Designing an Early Childhood Environment: Learning in Infants and Young Children (3 credits)
HDAL 5334. Social Development of Young Children (3 credits)
HDAL 5335. Assessment of Young Children (3 credits)
HDAL 5344. Parent Education and Involvement (3 credits)
HDAL 5345. Research in Early Childhood Education (3 credits)
HDAL 5352. Theories of Play (3 credits)
HDAL 5355. Administration and Management of Programs in Early Childhood (3 credits)
HDAL 5356. Language Development in Early Childhood (3 credits)
HDAL 5440. Treating Abuse in the Family (3 credits)
HDAL 5590. Student Teaching in Early Childhood Program (3 credits)

History

HIST 1110. World History and Civilization to 1500 (3 credits) — A general survey of the cultural, religious, political, and social development of major world civilizations from their beginnings to c. 1500.
HIST 1120. World History and Civilizations Since 1500 (3 credits) — A general survey of the cultural, religious, political, and social development of major world civilizations from 1500 to the present.
HIST 2010. The United States to 1877 (3 credits) — A survey of the settlement and development of the colonies, the revolutionary period, the making of the Constitution, the diplomatic, economic, and political problems of the new government, the nature of economic sectionalism, Jacksonian democracy, territorial expansion, the Civil War, and Reconstruction.
HIST 2018. Honors United States to 1877 (3 credits) — Prerequisite: Permission of the department. Honors course for exceptional students who wish to study in a small seminar-type class.
HIST 2020. The United States Since 1877 (3 credits) — Growth of the United States as an industrial and world power since Reconstruction.
HIST 2028. Honors United States Since 1877 (3 credits) — Prerequisite: Permission of the department. Honors course for exceptional students who wish to study in a small seminar-type class.
HIST 3030. History of Tennessee (3 credits) — An intensive study of selected periods and topics in Tennessee history.
HIST 3020. Minority and Ethnic History (3 credits) — A study of selected minority and ethnic groups in the United States with attention to geographical origin, migration patterns and their impact on and adaptation to American culture.
HIST 3310. Ancient History (3 credits) — A survey of the origins of ancient urban civilization, including river valley civilizations of Egypt and Mesopotamia, Israel, and Greece, with emphasis on the development of cultural, religious, political, and social institutions.
HIST 3320. Medieval History (3 credits) — Prerequisites: HIST 1120, 2010, 2020, or by permission of instructor: Introduction to the study of medieval history from the decline of ancient civilization to the beginning of the Renaissance. Emphasis on institutional and cultural development.
HIST 3330. Main Currents of Early Modern Europe (3 credits) — A study of major forces and events that shaped Europe from the mid-sixteenth century to the French Revolution: the Reformation and wars of religion, absolutism, and constitutionalism, the Scientific Revolution and the Enlightenment, and aspects of popular culture (the witchcraft craze, marriage and family life, religion).
HIST 3340. Modern Europe (3 credits) — A study of the 19th-century origins of modern Europe; the development of the European industrial economy and society; diplomatic developments and the nature of the balance of power system; Europe and the two World Wars; the development of post-World War II Europe.

East Tennessee State University

2002-2003 Undergraduate Catalog 209
HIST 3410. Introduction to Historical Methods (3 credits) — An introductory survey of historical methods and thinking, including consideration of the philosophy of history, historiography, historical research, and the writing of history.

HIST 3710. A Survey of the Middle East (3 credits) — A survey of the land, people, and problems of the Middle East from ancient times to the modern period.

HIST 3720. History of Africa (3 credits) — An introduction to the history of the entire African continent from earliest times to the present. Primary emphasis is placed on the achievements of Africans rather than those of foreigners in Africa.

HIST 3730. Conquest to Independence in Latin America (3 credits) — A study of the colonial period and independence movements with emphasis upon colonial and early national institutions that are of significance for understanding the peculiar mix of reaction and revolution visible in contemporary Latin America.

HIST 3740. History of Asia (3 credits) — A survey of Asian history from earliest times which stresses the formation and development of the long-lived political cultures of China and Japan, including their strategies for protecting their national sovereignty.

HIST 3900. African-American History to 1877 (3 credits) — African-American History to 1877 is a survey course which explores the political, economic, social, and cultural experiences of African-Americans, from their African roots through the Reconstruction period in America. The course will emphasize the struggle for equality along with the collective and individual contributions of African-Americans to U.S. and world culture.

HIST 3901. African-American History Since 1877 (3 credits) — African American History Since 1877 is a survey course which explores the political, economic, social and cultural experiences of African Americans, from U.S. Reconstruction to the present. The course emphasizes the Civil Rights movement, along with the struggles and achievements of African Americans.

HIST 3910. History of Christianity (3 credits) — A survey of the history of the Christian movement, from the early Church to the diverse expressions of Christianity in the modern world.

HIST 3920. History of Islam (3 credits) — A survey of pre-Islamic Arabia, the Prophet and his career, the Qur'an, doctrine and ritual, law, Sufism, sects in Islam, the Caliphate, and Islam in the modern world.

HIST 3940. War in the Modern World (3 credits) — A study of war since the 18th century, including how armies reflect the values of a society; changes in warfare in the modern era; the American way of war; strategy, tactics, generalship, weapons; and the impact of war on society.

HIST 3989-99. Cooperative Education (1-3, 1-3 credits) — A study of the establishment of European settlements in America and the development of colonies in the 16th and 17th centuries.

HIST 4037/5037. The American Revolution (3 credits) — A survey of the origins and development of revolutionary sentiment in 18th century America.

HIST 4047/5047. The Early Republic (3 credits) — A study of the Federalist Period, the Jeffersonian Revolution and the War of 1812.

HIST 4057/5057. The Age of Jackson (3 credits) — A study of the era of good feelings, the age of Jackson, sectionalism, and territorial expansion to the eve of the Civil War.

HIST 4067/5067. The Civil War (3 credits) — An advanced course in the history of the Civil War, with emphasis upon secession, economic and military mobilization, battles and campaigns and the cultural, diplomatic, and political developments in the period from 1861 to 1865.

HIST 4097/5097. The Emergence of United States, 1865-1933 (3 credits) — Prerequisites: HIST 4100 and 4101. A study of the rise of big business, big labor, big government, and the agrarians in the late 19th century; the Progressive Movement, World War I, League of Nations, and the Depression.

HIST 4071/5107. Recent United States 1933-Present (3 credits) — Prerequisites: HIST 4070 and 4071. A study of the New Deal, World War II, the significant changes in American society since the war and the exercise of great power status in international affairs in the third quarter of the 20th century.

HIST 4127/5127. Social and Intellectual History of U.S. to 1877 (3 credits) — A study of selected and representative social, cultural, and intellectual themes in American history from the colonial period to the end of Reconstruction.

HIST 4137/5137. Social and Intellectual History of U.S. Since 1877 (3 credits) — A study of selected and representative social, cultural, and intellectual themes in American history from the end of Reconstruction to the present.

HIST 4147/5147. The Old South, 1607-1860 (3 credits) — An advanced course in the history of the South from colonial times to the Civil War, with emphasis upon economic, social, and political developments, including the slavery controversy.

HIST 4157/5157. The South Since 1865 (3 credits) — A study of the recent South with special attention to its politics, economy, society, culture, and relationship to national history.

HIST 4167/5167. History of Southern Appalachians (3 credits) — A study of the political, economic, social, and cultural developments in southern Appalachia from settlement to the 20th century.

HIST 4177/5177. The West in the Life of the Nation (3 credits) — A study of westward expansion and the impact of the frontier on American institutions from the Old Southwest and Northwestern frontiers to the Pacific Coast.

HIST 4207/5207. Ancient Religions (3 credits) — A study of the origins, development, and function of religion in the ancient world of the Middle East, the Indian subcontinent, Greece and Rome. The course will cover the religions of ancient Egypt, Mesopotamia, Palestine, Greece and Rome, as well as Gnosticism, Jainism, and Zoroastrianism.

HIST 4217/5217. History of Ancient Greece (3 credits) — A study of ancient Greece from its origins in the Bronze Age through the Hellenistic Age, with special emphasis on the political, philosophical, and intellectual ideas which formed the basis of Western civilization.

HIST 4227/5227. History of Rome (3 credits) — A survey of ancient Rome from its origins to the fourth century A.D., including the Roman period, the struggle of the Orders, the growth of the republic, Roman institutions, the Roman conquest of Italy, the fall of the Republic and the growth of autocracy, adjustments in the Empire, the early Christian church, and the culture of Rome and of its subject peoples.

HIST 4230. Renaissance and Reformation Europe (3 credits) — A survey of Europe during its transition from medieval to early modern times, with emphasis on the roots of the Renaissance culture of the 15th and the religious upheaval of the 16th centuries and their impact on institutions and behavior, including the role of women, family life, popular culture, witchcraft/the occult, and the rise of modern science.

HIST 4237/5237. Women in the Ancient World (3 credits) — A study of the history and circumstances of women in antiquity, including the cultures of Egypt, Mesopotamia, Greece, and Rome.

HIST 4247/5247. History of Women in U.S., Settlement to 1945 (3 credits) — An investigation of the social, economic, and political roles of women in the life of the nation, from European contact with Native Americans to the end of World War II.

HIST 4327/5327. Expansion of Europe Overseas, Since 1492 (3 credits) — Prerequisite: HIST 1120. A study of European expansion and its impact on the modern world.

HIST 4377/5377. Intellectual History of Europe Since the French Revolution (3 credits) — A study of the history of European thought from the French Revolution to the present day.

HIST 4387/5387. History of the Holocaust (3 credits) — A study of the background and origins of the Holocaust, including the legacy of anti-Semitism in Christian Europe and the emergence of racial anti-Semitism, the impact of World War I, Hitler's ideology, the racial ideas of the Nazi state. Emphasis will also be put on the decision for and implementation of the Final Solution, with emphasis on the perpetrators, victims, and bystanders, as well as how the initially limited Nazi killings expanded into the Holocaust as we know it. Finally, the meaning and possible uniqueness of the Holocaust will be explored.

HIST 4417/5417. Methods of Teaching History (3 credits) — Content and methods for teaching history and social studies with emphasis in secondary education. This course earns education credit only and does not meet requirements for a major or minor in history or the MAT degree.

HIST 4507/5507. England to 1714 (3 credits) — A survey of English history from the Roman period to the 18th century. The course will examine the main themes of England’s heritage — Christianity, medieval monarchy, common law, the Tudors — with considerable attention given to how men and women lived, worked, prayed, studied, and enjoyed life.
HIST 4517/5517. England, 1714-Present (3 credits) — A study of British history from 1688 to the present with primary attention directed to the political, economic, and social changes that led the nation from an agrarian and aristocratic kingdom to an industrial and democratic state in the 20th century.

HIST 4617/5617. History of Russia to 1917 (3 credits) — A study of politics, society, and culture in Russia from Kievan Rus to the end of tsarism, with emphasis on the latter period.

HIST 4617/5617. History of Russia Since 1917 (3 credits) — A study of Russia, with emphasis on politics, ideology, culture, and economic development from the collapse of tsarism and the Russian Revolution through the Soviet period and the post-Soviet period, including its successor states.

HIST 4627/5627. Modern Germany (3 credits) — A study of the causes and consequences of German unification; the Bismarckian period; the Wilhelminian Age; Weltpolitik and World War I; the Weimar Republic; Hitler and the Nazi Era; World War II and its aftermath. Emphasis will be placed on political, economic, social, and diplomatic developments.

HIST 4707/5707. East Asia Since 1900 (3 credits) — The transformation of China and Japan from regional to international economic powers.

HIST 4717/5717. Modern Middle East, 1800-Present (3 credits) — A study of the Middle East from Napoleon through Khomeini, with emphasis on modernization trends and Islamic responses.

HIST 4827/5827. America in the 1960s (3 credits) — An advanced, in-depth examination of African social, economic, political, cultural, and intellectual history since about 1880, with special emphasis on the reestablishment of African independence.

HIST 4730. Latin America: Revolution and Nationalism (3 credits) — A study of the national development of several Latin American countries (Mexico, Argentina, Chile, Cuba, and Brazil) to show some of the dramatic differences as well as some of the common features of Latin American social, economic, and political structures today.

HIST 4827/5827. America in the 1960s (3 credits) — The domestic history of the United States during the 1960s, with emphasis on the era’s social and cultural forces; Civil Rights (Martin Luther King, Jr., Malcolm X, the Black Power Movement), Social Policy (John F. Kennedy’s New Frontier and Lyndon B. Johnson’s Great Society), the impact of Vietnam and 1968 on the home front (Antwar Protests, the Counterculture, Student Rights), Modern Feminism, environmentalism, and the popular music and literature of the decade.

HIST 4837/5837. American Women Since World War II (3 credits) — An examination of the social, political, economic, commercial, legal, sexual, and racial issues faced by American women since the end of World War II. Topics will include the domestic containment of the 1950s, Betty Friedan’s 1963 groundbreaking study, The Feminine Mystique, birth control, Roe v. Wade, the origins of protest movements, women’s liberation, defeat of the Equal Rights Amendment, and the rise of radical and conservative feminism.

HIST 4900. Independent Study (1-3 credits) — The Independent Study option is designed for students who would like to pursue study in areas of history not covered in the department’s curriculum. Students are expected to work independently, but under the supervision of a faculty member. Students desiring to use this option must prepare for appropriate signatures, a written application with the faculty which describes course objectives, research methods (including reading list), requirements for presentation of findings of such independent study, anticipated date for completion of all requirements, and method of faculty’s evaluation of the independent study project.

HIST 4910. Survey of the Modern World (3 credits) — Prerequisites: Suggested that majors and minors have taken HIST 1110 or 1120, 2010 and 2020. A recapitulation and synthesis of the main themes of modern history designed to enable majors and minors to acquire a reasonable overview of the past.

HIST 4927/5927. World War II in Europe (3 credits) — A study of the background, origins, progress, and consequences of World War II in Europe. Emphasis will be placed not only on political, diplomatic, and military aspects of the war, but also on its broader social, economic, technological, and ideological ramifications.

HIST 4937/5937. World War II in the Pacific (3 credits) — A study of the origins, course and consequences of World War II in the Pacific. Emphasis will be placed not only on the political, diplomatic, and military aspects of the war but also on the racial, technological, and ideological ramifications. The course will begin with the outbreak of the Sino-Japanese War in 1937 and end with the beginning of the Cold War and the rebuilding of Japan.

HIST 4957/5957. Topics in History (1-3 credits) — A series of special interest subjects will be offered under this title on the basis of student interest and faculty capability. The course may be repeated.

Graduate Course Listing

For descriptions and prerequisites see the Graduate Catalog.

HIST 5010. Studies in United States History (3 credits)
HIST 5020. Studies in European History (3 credits)
HIST 5030. Studies in World History (3 credits)
HIST 5900. Independent Studies (1-3 credits)
HIST 5940. Studies in Historiography (3 credits)
HIST 5950. Introduction to Historical Research (3 credits)
HIST 5960. Thesis (3 credits)
HIST 5990. Reading and Research (1-3 credits)

Health Sciences

HSCI 1000. Academic Advantage (2 credits) — This course helps the first-year student make the transition to the university, develop a better understanding of the learning process, and enhance essential academic skills. The course provides a support group for students in a critical transitional year by examining problems and issues common to the first year of college. Elective credit only; does not apply to the major or minor requirements.

HSCI 2020. Anatomy and Physiology Laboratory I (1 credit) — Prerequisite or Concurrent: HSCI 2010. Consists of the study of anatomy using charts, models, manikins, slides, and dissection of animals. Appropriate laboratory exercises in physiology are included. Laboratory will cover those systems listed under HSCI 2010. One two-hour laboratory per week.

HSCI 2020. Anatomy and Physiology Laboratory II (1 credit) — Prerequisites: HSCI 2010. Continuation of HSCI 2010. Includes a study of the circulatory, excretory, reproductive, and nervous systems. Two hours lecture.

HSCI 2021. Anatomy and Physiology Laboratory II (1 credit) — Prerequisite or concurrent: HSCI 2010. Continuation of HSCI 2011. Laboratory will cover those systems listed under HSCI 2020. One two-hour laboratory per week.

HSCI 2230. Introduction to Microbiology (4 credits) — A survey of the principles and techniques of microbiology, parasitology, virology, immunology, and laboratory procedures, with special application to disease prevention and health maintenance. (Student must register for HSCI 2231 also and receives common grade.)

HSCI 2231. Introduction to Microbiology Laboratory (0 credits) — Laboratory designed to coordinate with Introduction to Microbiology HSCI 2230. Two one-hour laboratories per week. (Student must register for HSCI 2230 also and receives common grade.)

HSCI 3000. Human Anatomy (4 credits) — Prerequisite: General biology recommended. A systematic study of the human body with an emphasis on functional gross anatomy is presented to facilitate an understanding of body structure and function. Laboratory provides a learning experience through the use of anatomical specimens, models, and charts. Three hours lecture and three hours laboratory per week.

HSCI 3020. Human Physiology (4 credits) — Recommended: HSCI 3000. Inorganic chemistry recommended. A study of the homeostatic mechanisms in man as they pertain to normal physiology and mechanisms of disease. The teaching laboratory provides the students an opportunity to learn by measuring many of the vital physiological processes. Three hours lecture and three hours laboratory per week.
HSCI 3320. General Microbiology (4 credits) — Prerequisites: One year college biological sciences and one year inorganic chemistry recommended. A comprehensive basic course emphasizing biological properties and natural activities. For students desiring or needing a broad background and understanding, or with special interest in microbiology. (Student must register for HSCI 3321 also and receives common grade.)

HSCI 3321. General Microbiology Laboratory (0 credits) — Laboratory to coordinate with HSCI 3320. Emphasizes the distribution, isolation, cultivation, morphology, and identification of microorganisms as well as physical and nutritional means of control. Fundamental principles and techniques Prerequisite to advanced courses. Two two-hour laboratories per week. (Student must register for HSCI 3320 also and receives common grade.)

HSCI 3510. Pathogenic Microbiology (3 credits) — Prerequisite: HSCI 3320. A lecture and laboratory course designed to introduce the student to the basic techniques for the isolation and identification of pathogenic bacteria and the relationship of these pathogenic bacteria to infectious disease processes.

HSCI 3540. Immunology (3 credits) — A lecture presenting current concepts of the basic mechanisms of immunity and selected laboratory techniques to study the development of the immune response.

HSCI 4067/5067. Neurology (4 credits) — Prerequisites: Human or vertebrate anatomy and physiology. A basic study of human neuroanatomy and neurophysiology. This course explores the motor and sensory pathways as well as the integration systems of the central nervous system. Laboratory work utilizes preserved human specimens, models, slides and charts. Two hours lecture and two two-hour laboratories per week.

HSCI 4480. Clinical Parasitology (4 credits) — Prerequisite: One year of biological science or equivalent. Lecture and discussion of parasites of public health importance. Life cycles, pathology, and diagnostic stages are emphasized. Standard procedures of specimen collection, staining, concentration, and parasite identification are studied in the laboratory. Two hours lecture and two two-hour labs per week.

HSCI 4590. Independent Studies (1-4 credits) — Prerequisites: Upper-division status and permission of instructor and department chair. Independent research under the supervision of staff members. A plan of the research must be approved in advance of registration. May be retaken to a total of four credits.

HSCI 4607/5607. Bacterial Physiology (3 credits) — Prerequisites: HSCI 3320 and Organic Chemistry required, biochemistry recommended. A consideration of the biochemical nature of the growth of microorganisms. Includes studies of bacterial cytology, enzymes, nutritional requirements, metabolic pathways, and genetic regulation. Laboratory includes studies of selected aspects of metabolism during bacterial growth and the use of bacterial vectors for cloning DNA. Two hours lecture and three hours laboratory per week.

HSCI 4730. Molecular and Microbial Genetics (2 credits) — Prerequisites: A course in cellular or microbial biology and organic chemistry. The principles of genetic transmission by meiotic mechanisms, the organization of the hereditary material and the nature of its expression, recombination mechanisms-methods of genetic mapping; and analysis of complementation and fine structure. Two hours lecture.

HSCI 4747/5747. Mycology (4 credits) — Prerequisites HSCI 3320 and Organic Chemistry. A survey of the fungi with emphasis on form, structure, genetics, growth and nutrition, classification, ecology, and economic importance. The fundamentals of general mycology and the procedures used for the isolation and identification of fungi including yeasts, mold, and actinomycetes are investigated in the laboratory. Two hours lecture and two two-hour laboratories per week.

HSCI 4770. Virology (2 credits) — Prerequisites: HSCI 3320 or equivalent. A study of the current concepts of the chemistry, structure, replication, and interaction of animal viruses with their host cells. Two hour lecture.

HSCI 4771. Virology Laboratory (2 credits) — Prerequisites or corequisite: HSCI 4770. Laboratory experiments will be conducted which illustrate basic techniques used to study the physical, chemical, and serological properties of viruses. Two two-hour laboratories per week.

HSCI 4957/5957. Special Topics in Health Sciences (2-6 credits) — Prerequisite: Dependent on subject matter. Selected topics in health sciences. Offered upon sufficient demand for specific subject matter. May be repeated for different topics. Consultation with the instructor is recommended before enrollment.

HSCI 4989. Cooperative Education (1-3 credits)

HSCI 4999. Cooperative Education (1-3 credits)

Graduate Course Listing

For descriptions and prerequisites see the Graduate Catalog.

HSCI 5100. Pathogenic Microbiology (2 credits)

HSCI 5101. Pathogenic Microbiology Laboratory (2 credits)

HSCI 5110. Immunology (2 credits)

HSCI 5111. Immunology Laboratory (2 credits)

HSCI 5160. Advanced Virology (3 credits)

HSCI 5900. Independent Studies (1-4 credits)

HSCI 5960. Thesis (1-3 credits)

HSCI 5989. Cooperative Education (1-3 credits)

HSCI 5990. Readings and Research (1-3 credits)

HSCI 5999. Cooperative Education (1-3 credits)

Humanities

HUMT

HUMT 1020. Introduction to Service-Learning in the Community (3 credits) — This course allows the student to study the role of the volunteer and to be involved in service and learning in area agencies in order to provide a bridge between the campus and community populations. Integral components of class time include critical thinking, reflective practices as related to service, and honing the caring capacity of the individual. Emphasis is placed on written and oral expression and on exposing the student to potential career choices. Requires a 40-hour service placement and a one-day service project with students from other campuses.

HUMT 2000. Advanced Service-Learning (3 credits) — Prerequisites: Completion of HUMT 1020 or instructor permission. A continuation of work of introductory course. Group work to produce a project of lasting community impact, area Agency tours, and in-depth study of issues.

HUMT 2310. Introduction to the Humanities I: Ancient Greece to 1400 (3 credits) — An examination of the arts and ideas of ancient and medieval cultures.

HUMT 2320. Introduction to the Humanities II: 1400 to Present (3 credits) — An examination of the arts and ideas of modern cultures. HUMT 2310 is not a Prerequisite for this course.

HUMT 3000. Cherokee Immersion Project (3 credits) — Six-week course offered in pre-summer and first session. Studies study the history and culture of the Cherokee prior to spending three weeks camping on Ossia Boundary, N.C., and participating in service projects designated by the Cherokee. Permission of instructor required. Students must also register for PHED 2555 Outdoor Living Skills. Students must contact instructor(s) for interview prior to registering for courses.

HUMT 4930. Independent Studies in Humanities (3 credits)

HUMT 4950. Senior Seminar (3 credits)

Japanese

JAPN

JAPN 1010-20. Beginning Japanese (3, 3 credits) — Introduction to the Japanese language, both spoken and written, and to the culture and customs.

JAPN 3015-25. Japanese Conversation and Composition (3, 3 credits) — Practice in conversation, with emphasis on idioms, syntax, and current expressions. Study of grammar through written compositions.

JAPN 4015-25. Advanced Japanese (3, 3 credits) — Emphasis on all four skills: speaking, listening, writing and reading. Study of syntax and idiomatic expressions through reading materials.

JAPN 4975. Topics in Japanese (3, 3 credits) — This course gives students an opportunity to study special topics in the field of Japanese.
JOUR 2050. History and Issues of Journalism (3 credits) — Examination of the evolution of ethical and historical issues that have shaped the field of journalism.

JOUR 2120. Writing for Print Media I (3 credits) — Prerequisites: Completion of ENGL 1010 and 1020; ability to type. Instruction and practice in fundamentals of journalistic writing, with main emphasis on format and style of news stories.

JOUR 2130. Writing for Print Media II (3 credits) — Prerequisite: A grade of “C” or better in JOUR 2120. Instruction and extensive laboratory practice in newspaper reporting. Focus is on gathering information, interviewing and writing news and feature stories. Campus beats are covered, and most stories are considered for publication in the university’s student newspaper. Because of lengthy lab sessions, students may need to consult with the instructor to work out schedules before enrolling.

JOUR 3120. Opinion Writing (3 credits) — Prerequisite: A grade of “C” or better in JOUR 2130. Besides editorials and interpretive writing about public affairs and current events, the course explores types of opinion writing such as news analysis, personal columns and critical reviews.

JOUR 3130. In-Depth Reporting (3 credits) — Prerequisite: A grade of “C” or better in JOUR 2130. State-of-the-art, hands-on course that addresses how to produce in-depth and investigative stories from story conception to library research to interviewing local, state, and national experts and finally putting the story or series of stories in a cogent package. Use of computer-based reporting operations emphasized.

JOUR 3150. Copy Editing (3 credits) — Prerequisite: A grade of “C” or better in JOUR 2130, or a grade of “C” or better in PUBR 2770. Instruction and practice in editing copy for print media and in headline writing.

JOUR 3160. Newspaper Design (3 credits) — Prerequisite: JOUR 3150 or permission of instructor. Lecture-laboratory instruction in preparation of camera-ready pages with computers to achieve pagination. Principles and methods of organizing and integrating information for the reader.

JOUR 3301. Photojournalism (3 credits) — Basic visual and technical aspects of photojournalism along with exercises in general news events, sports, features, and other newspaper and magazine subjects. Includes digital camera and Photoshop techniques.

JOUR 3350. Advanced Photojournalism (3 credits) — Prerequisite: JOUR 3301 or permission of instructor. Advanced study in photojournalism concentrating on the newspaper and magazine story; advanced digital camera and Photoshop techniques.

JOUR 3430. Magazine Article Writing (3 credits) — Prerequisite: JOUR 2120 or permission of instructor. Writing non-fiction articles for consumer magazines as well as business, trade, and professional publications.

JOUR 4080. Journalism Internship (3 credits) — Prerequisite: Permission of instructor. Supervised professional experience in journalism.

JOUR 4107/5107. Reporting Public Affairs (3 credits) — Prerequisite: A grade of “C” or better in JOUR 2130. Instruction and practice in coverage of local, county, and state governments, the court system and law enforcement agencies. May include field trips for which students must defray personal expenses.

JOUR 4420. Magazine Editing and Production (3 credits) — Prerequisite: JOUR 3150 or permission of instructor. Lecture-laboratory tracing the magazine from original manuscripts to completed production. Lab makes use of computers to produce camera-ready magazine with illustrations.

JOUR 4900. Independent Studies in Journalism (1-3 credits)

JOUR 4957/5957. Topics in Journalism (2-6 credits)

Graduate Course Listing

For description and prerequisites see the Graduate Catalog.

JOUR 5900. Independent Study in Journalism (1-3 credits)

JOUR 5957. Topics in Journalism (3 credits)

Foreign Languages

LANG

Also see FREN, GERM, JAPN, LATN, RUSS, SPAN

METHODS

LANG 4417/5417. Teaching of Modern Languages (3 credits) — For seniors preparing to teach French, German, and Spanish. Topics include methodology and current trends in second language education and their application.

LATN

LATN 1010-20. Beginning Latin (3, 3 credits) — Introduction to Latin vocabulary, syntax, conjugations, and declensions, working toward prose and poetry.

LATN 2010-20. Second-Year Latin (3, 3 credits) — Continuation of first year, with reading from Latin prose and poetry and some prose composition.

Mathematics

MATH

(See Developmental Studies for below college-level courses.)

Special Requirement: Students in mathematics courses may be required to possess designated hand-held calculators with functions appropriate to the course.

MATH 1090. Seminar in Mathematics I (2 credits) — Prerequisite: Successful completion of Calculus I or concurrent enrollment in MATH 1910. Designed to introduce mathematics majors to areas of mathematics other than calculus at a beginning level.

MATH 1410. Number Concepts & Algebraic Structure (3 credits) — Prerequisite: Two years of high school algebra and one year of high school geometry or the equivalent. This course will (1) investigate the role of numbers as a logical and predictable system for expressing and relating quantities, and (2) explore a variety of functional relationships which arise from diverse problem situations.

MATH 1420. Logic, Problem Solving and Geometry (3 credits) — Prerequisite: MATH 1410 or permission of instructor. Logic and problem solving will be used to discover geometric concepts. Examples from theorems of great mathematicians of the past will be studied. Students will be expected to understand and construct logical arguments. Use of technology to explore geometric relationships will be an integral part of the course.

◆ MATH 1530. Probability and Statistics - Noncalculus (3 credits) — Prerequisites: Two years of high school algebra. Descriptive statistics and its relevance, including probability, experimentation, measurement, sampling and surveys. Informal statistical inference and hypothesis testing are included.

MATH 1531. Statistical Computing (1 credit) — Corequisite: MATH 1530. Open only to majors in Computer Science. The use of computers to do basic statistical analysis including tabulation, graphing regression, estimation and test of hypothesis.

MATH 1710. College Algebra (3 credits) — Prerequisite: Two years of high school algebra. The real number system, linear and quadratic equations, Cartesian coordinates, systems of equations, and applications.

MATH 1720. Precalculus (3 credits) — Prerequisite: Two years of high school algebra or MATH 1710 or the equivalent. A study of functions and their graphs, including polynomial and rational functions, exponential and logarithmic functions, and trigonometric functions.

MATH 1810. Analysis for Business (3 credits) — Prerequisites: Two years of high school algebra. Course is designed for business majors. Topics include algebra, functions, graphs, systems of linear equations, matrices, average rates, limits, instantaneous rates, and differentiation.

◆ MATH 1820. Calculus for Business (3 credits) — Prerequisite: MATH 1810. Elementary calculus course designed for business students. Topics include applications of the derivative, exponential and logarithmic functions, integration, and functions of several variables.

◆ MATH 1840. Analytic Geometry and Differential Calculus (3 credits) — Prerequisites: MATH 1720 or two years of high school algebra and high school trigonometry. A course in differential calculus with technical applications. Analytic geometry, quadratic equations, and additional topics in trigonometry as foundation to the calculus. Limits, the derivative, and applications.
MATH 1850. Integral Calculus for Technology (3 credits) — Prerequisite: MATH 1840. A course in integral calculus with technical applications. Sequences and series, the integral, exponential and logarithmic functions, and differentiation and integration of transcendental functions.

MATH 1910. Calculus I (4 credits) — Prerequisites: Two years of high school algebra, one year of plane geometry, and trigonometry, or MATH 1720. Functions, limits of functions, derivatives and applications, and introduction to the integral.

MATH 1920. Calculus II (4 credits) — Prerequisite: MATH 1910. Applications of the integral, inverse trigonometric functions, exponential and logarithmic functions, techniques of integration, indeterminate forms and improper integrals, sequences and series.

MATH 2010. Linear Algebra (3 credits) — Prerequisites: MATH 1840, 1820, or 1910. Systems of linear equations, matrix algebra, inner products, vector spaces, linear transformations, eigenvalues and three-space vector geometry.

MATH 2050. Foundations of Probability and Statistics - Calculus Based (3 credits) — Prerequisite: MATH 1910. A calculus-based introduction to probability and statistical inference. Basic probability concepts, mathematical expectation, discrete and continuous probability distributions, sampling distributions, one and two-sample estimation, and hypothesis testing techniques will be developed and used. Linear regression and correlation.

MATH 2110. Calculus III (4 credits) — Prerequisite: MATH 1920. Conics, parametric equations and polar coordinates, vectors and vector-valued functions, multivariable calculus.

MATH 2710. Discrete Structures (3 credits) — Prerequisite: MATH 1840 or 1910. Set theory, mathematical induction and recursion, relations and digraphs, functions, trees and languages, semigroups, finite-state machines, and languages.

MATH 2780. Statistical Data Analysis (3 credits) — Prerequisite: MATH 1530 or 2050. This is an applied and computer-oriented course. Production of data through experimentation and surveys, work with sources of statistical data in the Internet. Preparation and handling of data files using SPSS and SAS. Analysis of categorical and quantitative data: tests and statistics for two way tables, simple and multiple regression, one- and two-way ANOVA.

MATH 2800. Mathematical Reasoning (3 credits) — Prerequisites: MATH 1920 and 2010. Introduction to mathematical methods and arguments using the subjects of logic, set theory, number theory, geometry, algebra, and analysis.

MATH 2989. Cooperative Education (1-3 credits) — Prerequisites: MATH 2110 and 2010. Designed for students who wish to pursue a temporary apprenticeship or experiential activity in a cooperative endeavor with an approved agency.

MATH 3040. History of Mathematics (3 credits) — Prerequisites: MATH 2110, 2800, and 2010. A study of mathematics and those who contributed to its development. Recommended for teachers and those desiring to expand their view of mathematics.

MATH 3090. Seminar in Mathematics II (2 credits) — Prerequisites: MATH 1920 and 2010. Designed to introduce students to other areas of mathematics not normally covered in the undergraduate curriculum, including recent advances.

MATH 3120. Elementary Number Theory (3 credits) — Prerequisites: MATH 2800 & junior or senior status. Introduction to number theory, treating divisibility, congruences, linear Diophantine equations and quadratic residues. Some history of the development of the discipline will also be included.

MATH 4047/5047. Mathematical Statistics I (3 credits) — Prerequisites: MATH 2650, 2010 and 2110. An introduction to the theory of probability and mathematical statistics. Topics will include discrete and continuous probability distributions and their applications, mathematical expectations and moment generating functions, functions of random variables and transformations, sampling distributions, the central limit theorem, Chi-square, t and F distributions.

MATH 4057/5057. Mathematical Statistics II (3 credits) — Prerequisites: MATH 4047 or 5047. A continuation of Mathematical Statistics I. An introduction to the theory of mathematical statistics, estimation, and hypothesis testing. Topics will include efficiency, consistency, sufficiency, robustness, methods of estimation, confidence intervals as well as the Neyman-Pearson lemma, power functions, likelihood ratio tests, hypothesis tests, and applications.

MATH 4127/5127. Introduction to Modern Algebra (3 credits) — Prerequisites: MATH 2100 and 2800. Introduction to the basic algebraic systems, including groups, rings, integral domains, and fields.

MATH 4130. Introduction to Modern Algebra II (3 credits) — Prerequisites: MATH 4127/5127. The study of rings is continued to include topics of factor rings, ideals and factorization. The study of field theory is expanded to include extension fields and splitting fields. Time permitting, Galois theory is included.

MATH 4157/5157. Introduction to Modern Geometry (3 credits) — Prerequisites: MATH 2250 and 2800 (or concurrent enrollment). An introduction to Euclidean and non-Euclidean geometries, emphasizing the distinction between the axiomatic characterizations and the transformational characterizations of these geometries. Some history of the development of the discipline will also be included.

MATH 4217/5217. Analysis I (3 credits) — Prerequisites: MATH 2110 and 2800. Elements of point set topology, limits and continuity, differentiability, Taylor's theorem, approximation, Riemann integral.

MATH 4227/5227. Analysis II (3 credits) — Prerequisite: MATH 4217. Infinite sequences and series, power series, real-valued functions of several variables, vector-valued functions of several variables, implicit function theorem, integral of multivariate functions.

MATH 4287/5287. Applications of Statistics (3 credits) — Prerequisite: MATH 1530, or 2050, or 4047, or permission of instructor. Topics covered include statistical methods for rates, ratios, various nonparametric procedures, regression, correlation, and analysis of variance. A course designed for the physical and social science students.

MATH 4307/5307. Sampling and Survey Techniques (3 credits) — Prerequisite: MATH 1530, or 2050, or 4047, or permission of instructor. Topics to be selected from survey designs; simple random, stratified and systematic sampling, questionnaire construction, interviewing techniques; methods of estimation and costs.

MATH 4337/5337. Complex Variables (3 credits) — Prerequisites: MATH 1920 and 2010. Complex numbers and their algebra, complex differentiation and integration, analytic and elementary functions, residues and power series.

MATH 4340. Applied Combinatorics and Problem Solving (3 credits) — Prerequisites: MATH 2800, 4127 or permission of instructor. Topics include basic counting techniques, generating functions, recurrence relations, and applications of these.

MATH 4350. Combinatorics and Graph Theory II (3 credits) — Prerequisites: MATH 4340 or permission of instructor. Topics include the inclusion/exclusion principle, Polya theory of counting, the pigeon hole principle, Ramsey theory, graph theory, and experimental design. Optional topics include coding theory and optimization.

MATH 4377/5377. The Theory of Interest (3 credits) — Prerequisites: MATH 2110 or the equivalent, or permission of instructor. Topics include measurement of interest, accumulated and present value factors; annuities certain, yield rates, amortization schedules and sinking funds; and bonds and related securities.

MATH 4387/5387. Actuarial Mathematics I (3 credits) — Prerequisites: MATH 2650 and 4377/5377, or equivalent courses, or permission of instructor. Topics include survival distributions and life tables: life insurance; life annuities; benefit premiums; benefit reserves; and analysis of benefit reserves.
MATH 4397/5397. Actuarial Mathematics II (3 credits) — Prerequisites: MATH 4387/5387 or permission of instructor. This is a continuation of MATH 4387/5387. Topics include multiple life functions; multiple decrement functions; applications of multiple decrement theory; insurance models including expenses; and business and regulatory conditions.

MATH 4417/5417. Teaching of Secondary Mathematics (3 credits) — Prerequisites: MATH 4127 and 4157 (or concurrent enrollment). Introduction to methods and materials appropriate to the teaching of secondary school mathematics. Topics include mathematics problem solving, integration of computing technology into mathematics instruction, systematic study of the foundations of secondary mathematics, and a survey of ideas and techniques associated with planning, delivering, and evaluating instruction in mathematics.

MATH 4900. Independent Study (2-6 credits) — Prerequisite: MATH 4127. Designed for students who wish to pursue a study of an area of mathematics not covered in the curriculum. Students are expected to work independently, but under the close supervision of an instructor. A paper presenting their findings is required.

MATH 4957/5957. Topics in Mathematics (2-6 credits) — Prerequisites: MATH 2110 and 2110. Selected topics of current interest in mathematics. Offered upon sufficient demand for specified subject matter. May be repeated twice for different topics. Consultation with the instructor is recommended before enrollment.

MATH 4989. Cooperative Education (3 credits) — Prerequisite: MATH 4127. Designed for students who wish to pursue a temporary apprenticeship or experiential activity in a cooperative and endeavor with an approved agency.

MATH 4999. Cooperative Education (3 credits) — Same as above.

Graduate Course Listing
For description and prerequisites see the Graduate Catalog.

MATH 5010. Patterns and Problem Solving for Elementary and Middle School Teachers (3 credits)
MATH 5015. Probability and Statistics for Elementary and Middle School Teachers (3 credits)
MATH 5025. Foundations and Structure of Mathematics I (3 credits)
MATH 5026. Foundations and Structure of Mathematics II (3 credits)
MATH 5040. Reasoning in Mathematics (3 credits)
MATH 5050. Analysis for Teachers (3 credits)
MATH 5060. Algebra for Teachers (3 credits)
MATH 5070. Theory of Numbers (3 credits)
MATH 5090. Theory of Matrices (3 credits)
MATH 5210-20. Real Analysis I & II (3 credits)
MATH 5310. Differential Geometry (3 credits)
MATH 5330. Axiomatic and Transformational Geometries (3 credits)
MATH 5340. Graph Theory and Its Applications (3 credits)
MATH 5350. Topology (3 credits)
MATH 5410-20. Modern Algebra I & II (3 credits)
MATH 5510-20. Complex Analysis I & II (3 credits)
MATH 5610-20. Applied Mathematics I & II (3 credits)
MATH 5710-20. Statistical Methods I & II (3 credits)
MATH 5810-20. Operations Research I & II (3 credits)
MATH 5850-60. Numerical Analysis I & II (3 credits)
MATH 5900. Independent Study (1-6 credits)
MATH 5960. Thesis (1-3 credits)
MATH 5990. Readings and Research (1-3 credits)

Mass Communications
MCOM

The department will accept a maximum of 12 semester credits or the equivalent in Mass Communications courses for transfer to be applied toward the degree.

MCOM 1000. Academic Advantage (2 credits) — This course helps the first-year student make the transition to the university, develop a better understanding of the learning process, and enhance essential academic skills. The course provides a support group for students in a critical transitional year by examining problems and issues common to the first year of college. Elective credit only; does not apply toward the major or minor requirements.

MCOM 3070. Media and Society (3 credits) — The nature and functions of mass communications, including an appraisal of the performance of mass media in society. Study of mass media problems, audiences and effects, and consideration of different theories and systems of media dissemination of news, opinion, and information.

MCOM 3989-3999. Cooperative Education (1-3 credits)
MCOM 4040. Seminar in Mass Communications (1-6 credits) — A study of recent literature on developments and trends in mass communications. May be repeated.

MCOM 4037/5037. Communications Law (3 credits) — Statutory law and judicial precedents affecting mass communication media. Libel, contempt of court, invasion of privacy, copyright, broadcasting, advertising, and postal regulations.

MCOM 4900. Independent Studies in Mass Communications (1-3 credits)
MCOM 4957/5957. Topics in Mass Communications (2-6 credits)
MCOM 4989. Cooperative Education (1-3 credits)

Graduate Course Listing
For descriptions and prerequisites see the Graduate Catalog.

MCOM 5010. Comparative Mass Media Systems (3 credits)
MCOM 5020. Media and Cultural Diversities (3 credits)
MCOM 5030. Media and the First Amendment (3 credits)
MCOM 5037. Communications Law (3 credits)
MCOM 5040. Seminar in Mass Communications (1-6 credits)
MCOM 5050. Public Opinions (3 credits)
MCOM 5060. Seminar Media Ethics (3 credits)
MCOM 5900. Independent Studies in Mass Communications (1-3 credits)
MCOM 5957. Topics in Mass Communications (2-6 credits)
MCOM 5960. Thesis (3 credits)
MCOM 5990. Read and Research (1-3 credits)

Educational Media and Educational Technology
MEDIA

MEDIA 3570. Educational Technology (3 credits) — Prerequisites: Admission to teacher education and completion of one of the following: CUAI 2440, CSCI 1100 or Information Technology Proficiency Exam. This course prepares students to use educational technology in the classroom.

MEDIA 4507/5507. Principles of Instructional Design and Production (3 credits) — This course concentrates on the systematic planning and production of instructional resources designed to meet client specifications. Computer-based media production and desktop presentations are included.

MEDIA 4637/5637. Young Adult Materials (3 credits) — Analysis, evaluation, and use of library media for young adults of junior and senior high school age in relation to their needs, interests, and the school curriculum.

MEDIA 4957/5957. Topics in Instructional Media (1-6 credits) — Prerequisite: Dependent on subject matter. Selected topics of current interest in media or technology. Offered upon sufficient demand for specific subject matter. May be repeated for different topics. Consultation with the instructor is recommended before enrollment.
Management

MGMT 3000. Organizational Behavior and Management (3 credits) — Prerequisite: Junior standing. An introduction to the managerial process emphasizing organizational behavior, theory, and development, and decision-making in complex organizations.

MGMT 3050. Decision Science (3 credits) — Prerequisites: ECON 2080, and junior standing. An introduction to basic management science methods emphasizing application and interpretation by managers. Topics include: model-building process, decision theory, Bayesien decision analysis, linear programming methods including the simplex method and assignment and transportation models, basic inventory and production models, queuing models, and Monte Carlo simulation. Computer program packages are used.

MGMT 3100. Operations Management (3 credits) — Prerequisites: MGMT 3000 and 3050 (may be taken concurrently). An introduction to the design, operation, and control of productive systems in both manufacturing and service organizations. Topics include: product, process, plant, technology, and personnel decisions; facility layout and location; job design and work measurement; logistics, production, inventory, quality, and cost control systems.

MGMT 3200. Organizational Communications (3 credits) — Prerequisite: Junior standing. The various oral and written media and channels essential to organizational communications are examined. Guidelines for application and evaluation are presented with emphasis on the situational effectiveness of each medium and channel.

MGMT 3220. Management Information Systems (3 credits) — Prerequisites: CSCI 1100 and MGMT 3000. Integrates topics of management and organization theory, information and communication theory, and systems theory relevant to managing an organization's information resources. Includes computer and database concepts and emphasizes the design, analysis, operation, and control of information systems to aid management decision-making.

MGMT 3300. Written Organizational Communications (3 credits) — Prerequisite: Junior standing. The application of theory to the forceful composition of business communications. Intensive development of skills to prepare effective business letters, memos, and reports. Particular attention will be given to technical language.

MGMT 3310. Legal Environment of Business (3 credits) — Prerequisite: Junior standing. An introduction to our legal system with its impact on business. Business problems with legislation, judicial decisions, and governmental regulation are examined with special emphasis upon securities transactions, business taxes, and the Sherman, Clayton, and Robinson-Patman Acts.

MGMT 3320. Management and Social Responsibility (3 credits) — Prerequisite: MGMT 3310. A study of the legal and ethical aspects of business dealings with respect to employees, the environment, consumers, suppliers, distributors, and the general community.

MGMT 3330. Law of Commercial Transactions (3 credits) — Prerequisite: MGMT 3310. A survey of the law of commercial transactions including contracts, sales and agency partnerships, corporations, commercial paper, secured transactions, and bankruptcy. The course should be helpful in giving one a general knowledge of the substantive law of business and in preparing for the law section of the CPA exam.

MGMT 3650. Supply Chain Management (3 credits) — Prerequisite: MKTG 3310. A comprehensive course dealing with an approach to analyzing and managing logistics networks that improve a company's competitive position in the global marketplace. Issues dealing with resource flows through the supply chain will be discussed in lectures and cases.

MGMT 3660. Introduction to Project Management (3 credits) — Prerequisite: MGMT 3100. This course addresses project management from a management perspective rather than an engineering or mathematical perspective. It deals with the basic nature of managing projects, selecting projects, initiating them, operating and controlling projects, and terminating projects. The students should understand the demands made on the project manager and the nature of the manager's interaction with the rest of the parent organization.

MGMT 4010. Advanced Organizational Behavior (3 credits) — Prerequisite: MGMT 3000 and a declared major. A behavioral science approach to organizational management problems created by the interaction of individuals and organizations. Topics examined include motivation, leadership, organizational change, and development.

MGMT 4018. Senior Honors Seminar (3 credits) — Prerequisites: ECON 3088 and admission to the College of Business Honors Program. A seminar for College of Business honors students who are working on senior honors theses or other approved projects. Upon successful completion of the course, students will have demonstrated the ability to complete the research process by creating a written product suitable for submission to the College of Business faculty.

MGMT 4020. Organizational Theory and Development (3 credits) — Prerequisite: MGMT 3000. The study of the structure and functioning of organizations, and an examination of the interactive effects of people, technology, and environment on the organization.

MGMT 4030. Current Management Issues (3 credits) — Prerequisite: Junior Standing. A course designed to teach students in specific up-to-date issues tailored to their specific degree requirements. Areas such as total quality management, continuous improvement, team building, quick response, efficient customer response, enterprise resource planning, and business process reengineering are developed through lectures and case studies to show the student real-world applications.

MGMT 4210. Systems Analysis and Design (3 credits) — Prerequisite: MGMT 3220. An overview of systems developments techniques including the life cycle and prototyping. There will be an emphasis on the techniques and tools of system documentation and logical system specification. This course will incorporate management practices and principles as they pertain to the analysis, design, and implementation of information systems.

MGMT 4217/5217. Service Operations Management (3 credits) — Prerequisite: MGMT 3100 or permission of instructor. Application of operations management principles within the service environment, and illustrating new information technologies as strategic elements of service operations. Topics include: managing services, structuring and scheduling, continuous improvements in quality and productivity. Quantitative models and case analysis will be included.

MGMT 4317/5317. Materials Management (3 credits) — Prerequisite: MGMT 3100. Design of information, forecasting, planning, and control systems for allocating resources and scheduling activities. Topics include: operations information systems, forecasting, aggregate output planning, inventory control, materials requirements planning, and shop scheduling.

MGMT 4327/5327. Decision Modeling and Simulation (3 credits) — Prerequisites: CSCI 1100 and MGMT 3100. Concepts and methods for building and processing models which produce information about the behavior of complex organizational systems to support management decisions. Topics include: simulation of inventory and queuing systems, flow-graphs, process generators, GSPS, management planning, and network models.

MGMT 4330. Data Management (3 credits) — Prerequisite: MGMT 3220. A survey of database management systems and data communication systems with focus on the managerial aspects of treating data as a resource. Introduction to file organization techniques, data structures, data manipulation languages, query languages, the relational database model, data communication concepts, networks, and management of distributed information systems.

MGMT 4347/5347. Collective Bargaining (3 credits) — Prerequisites: ECON 2210 and 2220. A study of the organization of labor and management for collective bargaining; the subject matter for bargaining and bargaining procedures. A special study will be made of the laws affecting collective bargaining.

MGMT 4357/5357. CIM Applications (3 credits) — Prerequisite: Junior standing. An interdisciplinary course concerned with the concepts of business, computers, and manufacturing designed to explore the integration of these dynamic disciplines in the development of the Computer-Integrated Enterprise. Field trips and demonstrations will be used to support the lectures.
MGMT 4420. Law of Business Organizations (3 credits) — Prerequisite: MGMT 3310. A study of the laws governing sole proprietorships, partnerships, corporations, limited liability companies and other types of business organizations. The legal duties and powers of officers, partners, board of directors, member-managed boards, member employees, and shareholders are examined, as well as legal liability for business actions under civil and criminal law, including the federal criminal sentencing guidelines for organizations, and methods to reduce civil and criminal liability.

MGMT 4430. Manufacturing and Technology Law (3 credits) — Prerequisites: MGMT 3310. An in-depth study on protecting company inventions, products, and confidential information by coverage of the laws applicable to trade secrets, patents, copyrights, trademarks, and trade dress, as well as confidentiality and noncompete agreements. Also covered are product liability law and other legal claims that may arise from the production and sale of products and technology-based services such as computer software and technical advice.

MGMT 4440. Governmental Regulation Business (3 credits) — Prerequisite: MGMT 3310. An examination of the functions of federal administrative agencies as defined by statutes, the Administrative Procedures Act, and judicial decisions, and their impact on the decision-making process in business. Topics include: rule-making, investigatory procedures, enforcement, adjudication, due process, judicial review, and disclosure of information. Methods and practices businesses may use to successfully deal with proposed and current regulatory rules and decisions are emphasized.

MGMT 4450. International Business Law (3 credits) — Prerequisite: MGMT 3310. An examination of the legal aspects involved in developing and conducting international business transactions. The course emphasizes private law and its impact on the managerial decision-making process. Topics include the international aspects of commercial trade, governmental regulation, and dispute settlement.

MGMT 4460. Leadership Studies (3 credits) — The study of leadership from an historical and contemporary perspective. Students will identify, apply, and reflect on aspects of leadership development, including concepts of personal change toward effective leadership in a changing environment. Topics cover personal assessment and development, values and ethics, power and influence, followership, group dynamics, controversy with civility, and citizenship.

MGMT 4510. Human Resources Management (3 credits) — Prerequisite: MGMT 3000. A survey of the principles and policies concerning the personnel function of a business, its structure, job analysis, forecasting, recruiting, selecting, training, and evaluation. Special emphasis will be given to affirmative action programs, equal employment opportunity directives, legal decisions, and the practice of industrial relations in the field of American business. Course content may be limited to non-management personnel department managers.

MGMT 4520. Human Resource Management in Team-Based Organizations (3 credits) — Prerequisite: MGMT 4510 or instructor's permission. This course prepares students to deal with the unique issues that arise in managing human resources in a team-based organization. The focus of the course is on self-managing work teams. Topics include: recruiting and selecting team members, cross-training, skill-based pay and gainsharing compensation systems and team performance appraisal.

MGMT 4530. Compensation Management (3 credits) — Prerequisite: MGMT 4510. An in-depth look at the role of the company, government, union, and employee in the design and administration of a compensation system and a survey of the problems faced by modern managers of such a system.

MGMT 4540. Personnel Research and Measurement (3 credits) — Prerequisites: ECON 2080 and MGMT 4510. A review and evaluation of appropriate studies in order to become familiar with personnel measurement techniques such as job evaluation, performance appraisal systems, morale surveys, and personnel auditing procedures.

MGMT 4560. Planning and Staffing (3 credits) — Prerequisite: MGMT 3000. An in-depth review of the concepts and techniques of planning and staffing used by organizations to ensure adequate recruitment and selection of skilled employees. Topics to be covered include: staffing models, economic and labor market conditions, the impact of units in hiring, legal factors in recruiting and selection, strategic planning, job analysis, forecasting labor supply and demand, measurement issues, external and internal recruitment and selection, and staffing system management.

MGMT 4570. Training and Development (3 credits) — Prerequisite: MGMT 4510 or permission of instructor. An introduction to the concepts and techniques of training and development. The organization of the sources and methods used to determine training and development needs, to implement programs, and to evaluate the success of these programs.

MGMT 4587/5587. HRM Certification (3 credits) — Prerequisite: MGMT 4510 or the instructor's permission. A review of the content domain of human resource management topics as defined by the Society for Human Resource Management. Students will prepare for the Society of Human Resource Management's Human Resource Certification Institution Examination. Major content areas include: professionalism and ethics, management practices, selection and placement, training and development, compensation and benefits, employee and labor relations, and health, safety and security. Practice exams are a major focus.

MGMT 4600. Personnel Law (3 credits) — Prerequisites: MGMT 3000 and 3310. A survey of the laws concerning equal employment, worker safety, pensions, employee legal rights, workers' compensation, wage and credit law, and other areas of law. Emphasis is on practical knowledge essential to personnel department managers.

MGMT 4617/5617. Small Business Management (3 credits) — Prerequisites: MGMT 3000 or equivalent. A study of the opportunities, pitfalls, and problems in the creation and management of small business operations. Case studies are used to illustrate the application of principles.

MGMT 4657/5657. Strategic Environmental Management in Business (3 credits) — Prerequisite: MGMT 3000 or permission of instructor. This course prepares managers in business organizations to make successful business decisions which are compatible with a sustainable ecosystem. It provides the knowledge, values, and frameworks necessary to implement sustainable growth strategies in business organizations.

MGMT 4667/5667. Environmental Law for Business (3 credits) — Prerequisite: MGMT 5020 or equivalent. The course is designed to provide students with an understanding of the environmental laws and regulations that influence decision making in the current business climate. Topics include the process by which environmental legislation is developed and promulgated, how regulations are revised, and the basic scientific and policy foundations driving specific environmental legislation. Also covered is the interaction of the judicial process in the enforcement of environmental legislation. The student also will be introduced to the technical aspects of environmental legislation most affecting business operations and the manager's role regarding compliance issues.

MGMT 4900. Independent Study in Management (1-3 credits) — A course designed for advanced students who, under the direction of a management faculty member, wish to engage in independent research or an intensive study of subjects not covered in other available courses. Prior departmental and college approval is needed.

MGMT 4905. Management Internship (3 credits) — Prerequisites: Must have completed a minimum of six semester credits at the upper-division level in the student's major, junior or senior standing and a GPA of 2.7 or above. Students are selected through a competitive process for assignments in approved business or public-sector organizations as interns under the supervision of the internship coordinator and field placement supervisors. Students may not earn more than three semester credits for this course which can be used as a free elective or an elective within a business major with prior approval by the chair.

MGMT 4910. Policy and Strategy Formulation (3 credits) — Prerequisites: Declared business major, and last-semester senior standing. Specific problems involved in the formulation of consistent business policies and the maintenance of efficient organizations.

MGMT 4957/5957. Topics in Management (3 credits) — Prerequisites: Senior or graduate standing and permission of instructor. This course gives students an opportunity to study special problems and new developments in the field of management.

Management Graduate Course Listing
For descriptions and prerequisites see the Graduate Catalog.

BADM 5100. Strategic Management Process (3 credits)
BADM 5120. Managing Organizational Change (3 credits)
BADM 5160. Information Infrastructure (3 credits)
BADM 5320. Operations Strategy (3 credits)
BADM 5340. Human Resource Strategy (3 credits)
BADM 5800. Strategic Experience (3 credits)
MKTG 3200. Principles of Marketing (3 credits) — Prerequisites: Junior standing. An introductory course designed to develop in students an understanding of basic marketing concepts and functions in market-oriented institutions. Marketing strategy is studied with appreciation for the constraints imposed by consumer behavior, marketing institutions, competition, and the law.

MKTG 3202. Consumer Behavior (3 credits) — Prerequisite: MKTG 3200. Study of the nature and dynamics of consumer markets. Emphasis is placed on the concepts and techniques used to identify and measure target areas relative to differing behavioral patterns for use in marketing strategy.

MKTG 3210. Fundamentals of Distribution (3 credits) — Prerequisites: ECON 2210 and MKTG 3200. This course reviews channels of marketing distribution and introduces component areas of distribution such as transportation, inventory control, warehousing, and material handling.

MKTG 3250. Marketing Communications (3 credits) — Prerequisite: MKTG 3200. A study of the role and influence of persuasive communications in demand stimulation and expansion. Behavioral theory and underlying promotional techniques is emphasized and applications to mass communications, personal selling, and sales promotion are utilized.

MKTG 3310. Business Logistics (3 credits) — Prerequisites: ECON 2210 and MKTG 3200. Business logistics comprise the largest component of distributed food products. The course uses case studies, service-learning projects, and lectures to focus on issues and strategies for food markets.

MKTG 3218. Marketing Research (3 credits) — Prerequisites: MKTG 3200 and ECON 2080 or equivalents. A study and application of the research process and techniques used in marketing research. Project planning and design, data collection and analysis, and the preparation of research reports are emphasized through lecture and student projects.

MKTG 4710. International Marketing (3 credits) — Prerequisites: MKTG 3200 and 3202. Social, cultural, political, and economic variables are considered in studying marketing operations in foreign environments. Special attention is given to adaptation of the marketing mix and entry strategies.

MKTG 4840. Food Marketing Issues and Strategies (3 credits) — Prerequisite: MKTG 3200. A study of current issues which impact the agricultural manufacturing, wholesaling, transportation, and retail segments of the food industry. Students analyze the relevant target markets and plan food marketing strategies for locally grown, manufactured, or distributed food products. The course uses case studies, service-learning projects, and lectures to focus on issues and strategies for food markets.

MKTG 4900. Independent Study in Marketing (1-3 credits) — A course designed for advanced students who, under the direction of a marketing faculty member, wish to engage in independent research or an intensive study of subjects not covered in other available courses. Prior departmental and college approval is needed.

MKTG 4905. Marketing Internship (3 credits) — Prerequisites: Must have completed a minimum of six semester credits at the upper-level division in the student's major, junior or senior standing and a GPA of 2.7 or above. Students are selected through a competitive process for assignments in approved public or private-sector organizations as interns under the supervision of the internship coordinator and field placement supervisors. Students may not earn more than three semester credits for this course which can be used as a free elective or an elective within a business major with prior approval by the chair.

MKTG 4910. Marketing Management (3 credits) — Prerequisite: MKTG 3200. The capstone course in marketing emphasizes an analytical approach to solving representative marketing problems. The student will develop an appreciation of the complexity of modern marketing and facility in analytical thought.

Marketing Graduate Course Listing

For descriptions and prerequisites, see the Graduate Catalog.

BADM 5400. Market Strategy (3 credits)
MKTG 5010. Essentials of Marketing (3 credits)
MKTG 5200. Fundamentals of Distribution (3 credits)
MKTG 5310. Marketing Management (3 credits)
MKTG 5900. Independent Study in Marketing (1-3 credits)

Military Science

MSCI 1180. Military Practicum I (1 credit) — Individuals who sign up for MSCI 1110, must also enroll in MSCI 1180. Wearing a military uniform and meeting military appearance standards are required.

MSCI 1181. Military Practicum II (1 credit) — Individuals who sign up for MSCI 1181 must also enroll in MSCI 2110. Wearing a military uniform and meeting military appearance standards are required.

MSCI 1182. Military Practicum III (1 credit) — Individuals who sign up for MSCI 1182 must also enroll in MSCI 2150. Wearing a military uniform and meeting military appearance standards are required.

MSCI 1210. Mountaineering, Leadership, and Survival I (3 credits) — A forum for students to heighten their level of self-confidence while enhancing communication, teamwork, and leadership skills. Provides a series of practical exercises enabling the student to participate as an individual and as a member of a small group in situations of increasing complexity. Low elements of the Base Challenge course will be incorporated into the instruction as a means of facilitating the team-building experience. Emphasizes ethical considerations for leaders, leadership skills, basic survival skills, marksman and, the importance of verbal and non-verbal communication skills.

MSCI 1217. Basic Military Physical Training (1 credit) — A physical conditioning class designed to promote high levels of performance on the Army Physical Fitness Test (APFT), and to improve the health, endurance, and strength of the body. This course may be repeated up to four times for credit.
MSCI 1220. Mountaineering, Leadership, and Survival II (3 credits) — Prerequisite: MSCI 1120 or approval of professor of Military Science. A study of advanced leadership concepts and skills. The course emphasis is on gaining an understanding of the leadership process and the factors that contribute to effective skills in leadership and management. Students will be instructed in advanced climbing, rappelling, survival, land navigation, first aid and drown proofing and the development of training programs related to the previously stated subject areas.

MSCI 2110. Dynamics of Leadership and Management (2 credits) — A study of basic leadership concepts, principles, and traits applicable to civilian occupation as well as to the military. Emphasis is on gaining a better understanding of the leadership process and development of sound leadership techniques. Individuals enrolled in MSCI 2110 must also enroll in MSCI 2161.

MSCI 2150. Military Skills I (2 credits) — Study of the basic leadership skills needed by the individual soldier to successfully participate in military activities with professional soldiers in garrison and on the battlefield. First aid skills, communications, patrolling skills, navigation, drill and inspection, and weapons training are all included. Individuals enrolled in MSCI 2150 must also enroll in MSCI 1182.

MSCI 2580. Leader’s Training Course (variable from 1-6 credits) — Prerequisite: Approval of professor of Military Science. This option is available only for students who did not complete qualification for the Advanced Phase by completing four Basic Phase courses during their freshman and sophomore years. The Basic Camp, conducted at Ft. Knox, Kentucky, is a five-week program designed to challenge and develop the cadet’s leadership abilities. It is an intensive course in the fundamentals of soldiering, complete with physical training, marksmanship, map reading, drill and ceremonies, operations, and tactics.

MSCI 3110. Military Skills II (3 credits) — Prerequisite: Completion of the Basic Course or equivalent or approval of professor of Military Science. Offered fall semester only. A comprehensive study of basic military skills and small unit organization. Includes military map reading techniques, the organization and control of small units, and individual tactical training. Emphasis is on leadership development.

MSCI 3120. Military Skills III (3 credits) — Prerequisite: Completion of MSCI 3110 or approval of professor of Military Science. Offered during spring semester only. A systematic overview of the roles and responsibilities of the army officer and the continued study of military skills. Includes instruction in teaching techniques, principles of war, fundamentals of land combat, and basic unit tactical training. Emphasis is on application of proper leadership techniques.

MSCI 3217. Instructional Techniques for Military Physical Training (1 credit) — Enrollment limited to contracted military science cadets. Course may be repeated up to three times for credit.) A physical conditioning class designed to prepare MSIII and IV cadets to teach, conduct, and evaluate military physical training. In addition to building self-confidence in cadets, the course will also prepare high levels of performance on the Army Physical Fitness Test (APFT) and will help prepare cadets for commissioning as second lieutenants.

MSCI 3940. War in the Modern World (3 credits) — (Mandatory for commissioning. See course description under Department of History listings.

MSCI 4110. Advanced Tactics (3 credits) — Prerequisite: Completion of MSCI 3120 or approval of professor of Military Science. Offered fall semester only. An intensive study of the methods, techniques, principles, and doctrine for the tactical employment of military units at battalion level and below. Lessons learned will be applied through the use of battle simulations. Includes an overview of the Army Staff Organization and Functions.

MSCI 4120. Advanced Leadership (3 credits) — Prerequisite: Completion of MSCI 4110 or approval of professor of Military Science. Offered spring semester only. An analysis of the individualistic and situational aspects of leadership. Focus is on the dynamics of interpersonal communications and the responsibilities of the group leader in varying environments. Emphasis is placed on leadership in stressful situations.

MSCI 4580. National Advanced Leadership Camp (6 credits) — Prerequisites: Completion of MSCI 3110 and 3120. Training conducted at Ft. Lewis, Washington, provides advanced course cadets with practical experience in leadership, methods of instruction, engineering, small unit tactics, weaponry, and communications.

MUSC 1010. Class Piano I (1 credit) — Prerequisite: Admission by consent of instructor. Class piano provides the non-keyboard music major with functional keyboard skills such as the ability to sight-read, score-read, harmonize, transpose, and improvise.

MUSC 1020. Class Piano II (1 credit) — Prerequisite: MUSC 1010. Continuation of MUSC 1010.

MUSC 1030. Introduction to Music (3 credits) — An introduction to the development of music, with an emphasis on art music of the Western hemisphere. Topics include: elements of music; instruments and ensembles; form; styles and periods, including major composers and works. Synthesis is encouraged through listening to and writing about music. Concert attendance outside class is required.

MUSC 1035. History of Jazz (3 credits) — A study of the origins, developments, and current trends in the jazz idiom. Course focuses on important musicians, styles, and bands that have shaped the development of jazz.

MUSC 1040. Class Voice (1 credit) — Group instruction in the fundamental processes of good singing, i.e., breathing, tone production, diction, etc.

MUSC 1201. Marching Band (2 credits) — Performs for all home football games and various other university and civic functions, including out-of-town trips. Open to all students by consultation with instructor.

MUSC 1202. Symphonic Wind Ensemble (1 credit) — Concert organization which prepares and performs representative traditional and contemporary works for the wind medium. Open to all students by audition.

MUSC 1203. Concert Band (1 credit) — Concert organization which performs music of all forms, from classic to popular. Open to all students by consultation with instructor.

MUSC 1204. Orchestra (1 credit) — Study and performance of orchestral literature. Admission by consent of instructor. Credit given for performance with the Johnson City Symphony Orchestra.

MUSC 1206. Chamber Orchestra (1 credit) — An ensemble for the performance of Chamber Orchestra literature. Admission by the consent of the instructor.

MUSC 1211. Brass Choir (1 credit) — Study and performance of brass chamber music. Admission by consent of instructor.

MUSC 1212. Woodwind Ensemble (1 credit) — Study and performance of standard chamber music literature suitable for the ability and instrumentation of the ensemble.

MUSC 1213. String Ensemble (1 credit) — Study and performance of string literature. Admission by consent of instructor.

MUSC 1214. Percussion Ensemble (1 credit) — Study and performance of percussion literature. Admission by consent of instructor.

MUSC 1215. Collegium Musicum (1 credit) — Study and performance of music of the 13th-18th centuries on instruments appropriate to the period. Admission by permission of the instructor.

MUSC 1217. Opera Workshop (1 credit) — A practical laboratory approach to the study and presentation of opera. Open to any person interested in singing, coaching, directing, orchestral playing, costuming, set construction, lighting, publicizing, and producing for the public. Admission by consent of the instructor.

MUSC 1220. Musical Theatre Practicum (1 credit) — Open to any person interested in singing, dancing, acting, orchestral playing, costuming, coaching, set construction, and other aspects of the theatre. Admission by consent of the instructor.

MUSC 1221. Choir (1 credit) — Study and performance of accompanied and unaccompanied choral music of all periods. Open to all students by consultation with director of choral activities.

MUSC 1241. Jazz Singers (1 credit) — Study and performance of popular styles. Open to all students by consultation with director of choral activities.

MUSC 1251. Chorale (2 credits) — Small vocal groups created for performance of various types of ensemble music. Admission by consent of the instructor.

MUSC 1261. Jazz Ensemble (1 credit) — Study devoted to jazz and pop styles. Attention given to improvisation and understanding stylistic problems. Open to all students by consultation with instructor.
MUSC 1271. Instrumental Chamber Groups (1 credit) — Study and performance of music for small instrumental ensembles. Admission by consent of the instructors.

MUSC 1272. Accompanying (1 credit) — Designed to provide ensemble experience for keyboard majors. Students will be assigned to accompany singers or instrumentalists under the supervision of applied music instructors. The accompanists will attend lessons, rehearse outside of lesson times, and play for juries and other performances as assigned.

MUSC 1280. Bluegrass Band (1 credit) — Performance of bluegrass, country, and folk material. Open to those with basic skills on banjo, fiddle, guitar, bass, mandolin, or other appropriate instruments.

*MUSC 1400. Music Fundamentals (2 credits) — Elementary music theory and practice in aural skills for the nonmusic major and music major with limited or no theory background.

MUSC 1410. Theory I (2 credits) — Basic study of scales, keys, intervals, and diatonic harmony. Study of basic musical forms. Analysis of Baroque and Classical compositions. Admission by consent of instructor.

MUSC 1411. Aural Skills I (1 credit) — Sight-singing, melodic, harmonic, and rhythm dictation. (Laboratory for MUSC 1410.)

MUSC 1420. Theory II (2 credits) — Prerequisite: MUSC 1410. Continuation of MUSC 1410.

MUSC 1421. Aural Skills II (1 credit) — Prerequisite: MUSC 1411. Continuation of MUSC 1411.

MUSC 1800. Applied Piano Level I (1-2 credits)
MUSC 1811. Applied Winds Level I (1-2 credits)
MUSC 1821. Applied Strings Level I (1-2 credits)
MUSC 1841. Applied Voice Level I (1-2 credits)
MUSC 1851. Applied Percussion Level I (1-2 credits)
MUSC 1871. Applied Guitar Level I (1, 2 credits)
MUSC 1881. Guitar I (Introductory) (1 credit) — A course for beginners as well as those who have some playing experience. Simple lead playing, accompaniment, with emphasis on clarity, smoothness, and rhythm.

MUSC 1882. Guitar II (Intermediate) (1 credit) — An expansion of skills developed in Guitar I. More challenging lead and accompaniment work, plus ensemble playing.

MUSC 2010. Class Piano III (1 credit) — Prerequisite: MUSC 1020. Continuation of MUSC 1020.

MUSC 2120. Country Music (3 credits) — A study of the history of country music. Listening, lecture, and special projects will be used to explore the development of country music, its most important performers, and traditions.

MUSC 2150. American Folk Music (3 credits) — A multi-cultural survey of America’s diverse ethnic and regional traditions of folk music, how they have been revived and popularized in the twentieth century, and their contributions to contemporary popular culture around the world.

MUSC 2410. Theory III (2 credits) — Prerequisite: MUSC 1420. Continuation of Theory I, II. Chromatic harmony and contemporary techniques. Analysis of Romantic and Modern compositions.

MUSC 2411. Aural Skills III (1 credit) — Prerequisite: MUSC 1421. Continuation of Aural Skills I, II.

MUSC 2420. Theory IV (1 credit) — Prerequisite: MUSC 2410. Continuation of MUSC 2410.

MUSC 2421. Aural Skills IV (1 credit) — Prerequisite: MUSC 2411. Continuation of MUSC 2411.

MUSC 2540. Music History Survey (3 credits) — Music from antiquity through 1600.

MUSC 2550. Music History Survey II (3 credits) — Prerequisite: MUSC 2540. Music from 1600 through 1760.

MUSC 2600. String Methods (2 credits) — A survey of string instruments and equipment. Includes playing fundamentals, materials, and teaching techniques.

MUSC 2620. Instrumental Survey (2 credits) — Prerequisites: Vocal and keyboard/vocal music education majors only. A survey of playing and teaching techniques for band and orchestral instruments.

MUSC 2630. Woodwind Methods I (2 credits) — Development of performance skill and teaching knowledge of the clarinet and flute.

MUSC 2631. Woodwind Methods II (1 credit) — Prerequisites: MUSC 2630. Development of performance skill and teaching knowledge of the oboe and bassoon.

MUSC 2660. Brass Methods (2 credits) — Study of the brass instrument family with special emphasis on teaching materials and pedagogical aspects. Instruments included are trumpet, horn, trombone, euphonium, and tuba.

MUSC 2661. Brass Methods II (1 credit) — Prerequisite: MUSC 2660. A continuation of Brass Methods I.

MUSC 2690. Percussion Methods (2 credits) — A survey of percussion instruments and equipment designed for music education majors. Includes playing fundamentals, materials, and teaching techniques.

MUSC 2710. Diction for Singers I (1 credit) — The study of Italian and German diction to develop correct pronunciation and authentic accent for singing.

MUSC 2720. Diction for Singers II (1 credit) — The study of French diction to develop correct pronunciation and authentic accent for singing.

MUSC 2901. Applied Piano Level II (1-2 credits)
MUSC 2911. Applied Winds Level II (1-2 credits)
MUSC 2921. Applied Strings Level II (1-2 credits)
MUSC 2941. Applied Voice Level II (1-2 credits)
MUSC 2951. Applied Percussion Level II (1-2 credits)
MUSC 2989-99. Cooperative Education (1-3,1-3 credits)

MUSC 3201. Marching Band (2 credits) — Prerequisites: Two semesters of MUSC 1201 and upper-division standing. Open to all students by consultation with instructor. Performed for all home football games and various other university and civic functions, including out-of-town trips. May be repeated for credit.

MUSC 3202. Symphonic Wind Ensemble (1 credit) — Prerequisites: Two semesters of MUSC 1202 and upper-division standing. May be repeated for credit. Open to all students by consultation with instructor. Concert organization which prepares and performs representative traditional and contemporary works for the wind medium. May be repeated for credit.

MUSC 3203. Concert Band (1 credit) — Prerequisites: Two semesters of MUSC 1203 and upper-division standing. Open to all students by consultation with instructor. Concert organization which prepares and performs music of all forms, from classic to popular. May be repeated for credit.

MUSC 3204. Orchestra (1 credit) — Prerequisites: Two semesters of MUSC 1204 and upper-division standing. Admission by permission of instructor. Study and performance of orchestral literature. May be repeated for credit.

MUSC 3206. Chamber Orchestra (1 credit) — Prerequisites: Two semesters of MUSC 1206 and upper-division standing. Admission by consent of instructor. An ensemble for the performance of chamber orchestra literature. May be repeated for credit.

MUSC 3211. Brass Choir (1 credit) — Prerequisites: Two semesters of MUSC 1211 and upper-division standing. Admission by consent of instructor. Study and performance of brass chamber music. May be repeated for credit.

MUSC 3212. Woodwind Ensemble (1 credit) — Prerequisites: Two semesters of MUSC 1212 and upper-division standing. Study and performance of standard chamber music literature suitable for the ability and instrumentation of the ensemble. May be repeated for credit.

MUSC 3213. String Ensemble (1 credit) — Prerequisites: Two semesters of MUSC 1213 and upper-division standing. Admission by consent of instructor. Study and performance of string literature. May be repeated for credit.

MUSC 3214. Percussion Ensemble (1 credit) — Prerequisites: Two semesters of MUSC 1214 and upper-division standing. Admission by consent of instructor. Study and performance of percussion literature. May be repeated for credit.

MUSC 3215. Collegium Musicum (1 credit) — Prerequisites: Two semesters of MUSC 1215 and upper-division standing. Admission by consent of instructor. Study and performance of music in the 13th - 18th centuries on instruments appropriate to the period. May be repeated for credit.

MUSC 3217. Opera Workshop (1 credit) — Prerequisites: Two semesters of MUSC 1217 and upper-division standing. Open to any person interested in singing, coaching, directing, orchestral playing, costuming, set construction, lighting, publicizing, and producing for the public. A practical laboratory approach to the study and presentation of opera. May be repeated for credit.
MUSC 3220. Musical Theatre Practicum (1 credit) — Prerequisites: Two semesters of MUSC 1220 and upper-division standing. Admission by consent of instructor. Open to any person interested in singing, dancing, acting, orchestral playing, costumes, coaching, scene construction, and other aspects of theatre. May be repeated for credit.

MUSC 3221. Choir (1 Credit) — Prerequisites: Two semesters of MUSC 1221 and upper-division standing. Open to all students by consultation with director of choral activities. Study and performance of accompanied and unaccompanied choral music of all periods. May be repeated for credit.

MUSC 3241. Jazz Singers (1 credit) — Prerequisites: Two semesters of MUSC 1241 and upper-division standing. Open to all students by consultation with director of choral activities. Study and performance of popular styles. May be repeated for credit.

MUSC 3251. Chorale (2 credits) — Prerequisites: Two semesters of MUSC 1251 and upper-division standing. Admission by consent of instructor. Small vocal groups created for performance of various types of ensemble music. May be repeated for credit.

MUSC 3261. Jazz Ensemble (1 credit) — Prerequisites: Two semesters of MUSC 1261 and upper-division standing. Open to all students by consultation with instructor. Study devoted to jazz and pop styles. Attention given to improvisation and understanding of stylistic problems.

MUSC 3271. Instrumental Chamber Group (1 credit) — Prerequisites: Two semesters of MUSC 1271 and upper-division standing. Admission by consent of instructor. Study and performance of music for small instrumental ensembles. May be repeated for credit.

MUSC 3272. Accompanying (1 credit) — Prerequisites: Two semesters of MUSC 1271 and upper-division standing. Designed to provide ensemble experience for keyboard majors. Students will be assigned to accompany singers or instrumentalists under the supervision of applied music instructors. The accompanists will attend lessons, rehearse outside of lesson times and, play for juries and other performances as assigned. May be repeated for credit.

MUSC 3310. Music Skills for Classroom Teachers (3 credits) — The development of skills necessary for the teaching of music in the elementary classroom, including music reading, playing, and appreciation.

MUSC 3420. Modal Counterpoint (2 credits) — Prerequisites: MUSC 2420, 2421. The study and writing of modal counterpoint style from two voices through major forms.

MUSC 3430. Tonal Counterpoint (2 credits) — Prerequisites: MUSC 2420, 2421. The study and writing of tonal counterpoint style from two-part compositions through major forms.

MUSC 3540. Music History Survey III (3 credits) — Prerequisites: MUSC 2550, 2420. Music from 1780 through circa 1890.

MUSC 3550. Music History Survey IV (3 credits) — Prerequisite: MUSC 3540. Music from 1890 to the present.

MUSC 3570. Introduction to Conducting (2 credits) — Prerequisites: MUSC 2420, 2421. An introduction to the skills used by conductors of choral and instrumental ensembles.

MUSC 3580. Choral Conducting (2 credits) — Prerequisite: MUSC 3570. Study of choral conducting techniques with practical application in a rehearsal environment.

MUSC 3590. Instrumental Conducting (2 credits) — Prerequisite: MUSC 3570. The controlling and expressive gestures of the conductor of the instrumental ensemble. Interpretation, score study, balance, and conducting styles will be discussed as pertinent to specific repertoire from fundamental technique to advanced practice.

MUSC 3901. Applied Piano Level III (1-2 credits)

MUSC 3911. Applied Winds Level III (1-2 credits)

MUSC 3921. Applied Strings Level III (1-2 credits)

MUSC 3941. Applied Voice Level III (1-2 credits)

MUSC 3951. Applied Percussion Level III (1-2 credits)

MUSC 3989-99. Cooperative Education (1-3, 1-3 credits)

MUSC 4470. Composition (2 credits) — Prerequisites: MUSC 2421. Class participation and private instruction. Original composition with projects based on student's degree of skill and advancement. (May be repeated for credit.)

MUSC 4510. The Teaching of Music in the Elementary School (3 credits) — The role of the music teacher in the presentation of music experiences in the elementary school (K-6).

MUSC 4520. The Teaching of Music in the Secondary School (3 credits) — Prerequisite: MUSC 4510. A comprehensive analysis of the secondary choral program, including general music.

MUSC 4570. Marching Band Methods (3 credits) — Survey of marching techniques and systems. Emphasis on the creative approach to the composition of the field band show. Charting techniques, formation analysis, and instrument placement will be practiced.

MUSC 4580. Instrumental Music in the Schools (3 credits) — A detailed study of organization, philosophy, budget, recruiting, rehearsal procedures and problems, motivational techniques, and general administration of the instrumental music program in the schools.

MUSC 4600. Orchestration and Arranging (2 credits) — Prerequisites: MUSC 2420, 2421. A study of band and orchestra instruments with emphasis in scoring for small and large ensembles.

MUSC 4601. Vocal Pedagogy (2 credits) — Prerequisites: Two years of vocal study. The study of the principles, techniques, and materials for developing effective singing, including anatomy of the vocal mechanism; problems of breath control; concept of tone; diction; and principles of song interpretation.

MUSC 4610. Vocal Arranging (2 credits) — Prerequisite: MUSC 4600. Experience in arranging music for various vocal groups, including choir, jazz band, and jazz singers.

MUSC 4617/5617. Teaching Beginning Piano (3 credits) — Prerequisite: Level II standing in piano or permission of instructor. Examination of methods and materials used in beginning-level piano instruction of adults and children.

MUSC 4627/5627. Teaching Intermediate Piano (3 credits) — Prerequisite: Level II standing in piano or permission of instructor. Supervised teaching experience with the beginning piano student. Students will plan, implement, and evaluate instruction. Meets one clock hour per week.

MUSC 4720. Art Song Literature (2 credits) — A survey of solo vocal literature from the 17th century to the present: including French, German, British, and American repertoire.

MUSC 4730. Choral Literature (3 credits) — Survey of important choral works from Renaissance to the present.

MUSC 4810. Introduction to Suzuki Philosophy (2 credits) — Prerequisite: Permission of instructor: This course is an exploration of the historical development of the Suzuki Method, the Suzuki philosophy as it pertains to how children learn, and Suzuki methodology.

MUSC 4820. Suzuki Pedagogy (2 credits) — Prerequisite: Permission of the instructor. This course develops performance skills and pedagogical understanding of the sequential Suzuki repertoire. Observations of Suzuki lessons and classes are included in the field work for this course.

MUSC 4840. Teaching Practicum I (1 credit) — Prerequisite: MUSC 4820 or equivalent. An advanced experience in teaching the Suzuki Method, operating in a controlled, supervised setting.

MUSC 4850. Teaching Practicum II (1 credit) — Prerequisite: MUSC 4840 or the equivalent. An advanced experience in Suzuki teaching. Involves teaching Suzuki students through the ETSU Suzuki Studies Program.

MUSC 4910. Independent Study (1-3 credits) — Prerequisite: Contract must be on file prior to registration. Contract available in Mathes 100. Individual research, under the direction of a member of the music faculty.
MUSC 4957. Special Topics in Music (1-6 credits)
MUSC 4989-99. Cooperative Education (1-3, 1-3 credits)

Graduate Course Listing
For descriptions and prerequisites see the Graduate Catalog.

MUSC 5020. History & Philosophy of Music Education (3 credits)
MUSC 5030. Basic Concepts in Music Education (3 credits)
MUSC 5040. Techniques of Research in Music Education (3 credits)
MUSC 5071. Seminar In Off-Schulwerk (3 credits)
MUSC 5072. Seminar In Kodaly Concepts (3 credits)
MUSC 5073. Seminar In Jaques-Dalcroze (3 credits)
MUSC 5110. Theory Practicum (3 credits)
MUSC 5120. Theory Pedagogy I (3 credits)
MUSC 5210. Seminar in the History of Instrumental Music (3 credits)
MUSC 5220. Seminar in the History of Vocal Music (3 credits)
MUSC 5310. Advanced Methods & Materials of Choral Art (3 credits)
MUSC 5320. Advanced Choral Conducting (3 credits)
MUSC 5340. Seminar in Instrumental Music Education (3 credits)
MUSC 5350. Advanced Instrumental Conducting (3 credits)
MUSC 5500. Graduate Applied Music (1 credit)
MUSC 5510. Secondary Applied Music (1 credit)
MUSC 5520. Graduate Ensemble (1 credit)
MUSC 5810. Suzuki Philosophy (2 credits)
MUSC 5820. Suzuki Pedagogy (2 credits)
MUSC 5830. Administration of Suzuki Programs (2 credits)
MUSC 5840. Teaching Practicum I (1 credit)
MUSC 5850. Teaching Practicum II (1 credit)
MUSC 5860. Introduction to Suzuki in the School (2 credits)
MUSC 5960. Thesis (3 credits)
MUSC 5990. Readings and Research (1-3 credits)

PHED 1130. Fitness for Life (2 credits) — The Fitness for Life course presents specific activities, workout sessions, and health/fitness assessments through lectures and demonstrations. This course is composed of three elements: (1) fitness assessment; (2) lectures and demonstrations concerning principles of fitness; and (3) fitness activity sessions. The purpose of the course is to help students develop and maintain an holistic fitness lifestyle. (There is an additional fee associated with this class.)

PHED 1135. General Conditioning (1 credit) — This course is designed to enable the student to design and implement a personal conditioning program within the context of the class. This course includes both general cardiovascular and strength conditioning.

PHED 1137. Power Walking (1 credit) — This course is designed to enable the student to design and implement a personal conditioning program within the context of the class. This course concentrates primarily on the use of power walking as a means of improving cardiovascular efficiency.

PHED 1140. Strength Conditioning (1 credit) — The theory and techniques of strength conditioning, including those to improve health, endurance, body composition, and muscular strength. This course will allow the student to develop muscle bulk and tone through the weight lifting process. Muscle toning and shaping are the primary objectives of the course; however, students should expect to realize a significant increase in muscular strength.

PHED 1150. Weight Management Exercise (1 credit) — This course is designed for people who feel a need to lose weight. Students will participate in a weight loss program involving an assessment component (body fat analysis, diet counseling, etc.) and an individual exercise program. Program guidelines are provided by the American College of Sports Medicine. (There is an additional fee associated with this class.)

LIFETIME ACTIVITIES

PHED 2105. Beginning Ballet (1 credit) — An introduction to ballet dance.

PHED 2110. Intermediate Ballet (1 credit) — Ballet techniques at an intermediate level.

PHED 2115. Contemporary Dance (1 credit) — A survey of various types/styles of contemporary dances such as: country-western, ballroom, folk and square dance, and modern dance.

PHED 2120. Folk Dance (1 credit) — A survey of various folk dances from around the world. Emphasis in basic steps and the influences of dance on culture and history.

PHED 2125. Jazz Dance (1 credit) — The course will provide the student with basic instruction and practice of jazz dance techniques, including a variety of styles. It will briefly address the history of jazz dance and the course of its development in America.

PHED 2130. Modern Dance Techniques (1 credit) — An introduction to modern dance techniques.

PHED 2135. Social Dance (1 credit) — A course in various social dance steps such as tango, cha-cha, waltz, two-step, and rumba.

PHED 2145. Square Dance (1 credit) — A course in western-style square dance with an emphasis in the history, leaders, clubs, basic formations, styles, steps, and calls.

PHED 2150. Tap Dance (1 credit) — An introduction to tap dance technique.

PHED 2160. Country and Western Dance (1 credit) — This course will teach basic skills and dance floor etiquette used in Country/Western Dance. Information will be disseminated on the history, dance terms, basic steps, and positions used in couple and line dances.

PHED 2205. Archery (1 credit) — This course is designed to give students the rudimentary skills in shooting a bow and arrow, including skills, and knowledge of rules and strategies.

PHED 2210. Badminton (1 credit) — Students will be introduced to the fundamentals of badminton and learn to use the basic strokes of the serve (short and long) drive and clear strokes (forehand and backhand) to play a match. Students will learn proper court positions for executing these strokes and effective movement and court coverage. Some attention will be given to badminton terminology, etiquette and match procedures so that students can conduct matches properly.
PHED 2215. Basketball (1 credit) — This course is designed to help students develop rudimentary skills in basketball such as dribbling, passing, shooting, and the development of offensive and defensive strategies.

PHED 2225. Bowling (1 credit) — Students will learn beginning bowling skills, rules and strategies required to enjoy recreational bowling. (There is an extra fee associated with this course.)

PHED 2230. Fencing (1 credit) — Designed to allow students to develop fundamental skills in foil fencing. Students will learn the mechanics and strategies of fencing as well as develop elementary judging skills. (Foils, jackets, and masks are provided.)

PHED 2235. Golf (1 credit) — This course will present the history, rules, skills and techniques of golf. Students will learn fundamental golf skills (driving, pitching, chipping, and putting) throughout the semester and should be able to execute these skills at a proficient level through practice and individual play.

PHED 2250. Lacrosse (1 credit) — Designed to provide students with the fundamental skills and strategies of lacrosse. Students will actually use STX ball equipment to simulate the game of lacrosse.

PHED 2255. Racquetball (1 credit) — This course will present the history, rules, skills, and techniques of racquetball. The student will develop racquetball skills throughout the semester and should be able to execute these skills at a proficient level through practice and tournament play.

PHED 2260. Softball (1 credit) — This course is designed to give students a foundation of fundamental skills and knowledge related to the game of slow-pitch softball.

PHED 2265. Soccer (1 credit) — This is a course designed to give students a foundation of fundamental skills and knowledge related to the game of soccer.

PHED 2270. Tennis (1 credit) — Students will be introduced to the fundamentals of tennis and learn to use basic strokes of the serve, return of serve, and ground strokes (forehand and backhand) to play a match. Students will learn proper court positions for executing these strokes and effective movement and court coverage. Some attention will be given to tennis terminology, etiquette, and match procedures so that students can conduct matches properly.

PHED 2275. Advanced Tennis (1 credit) — This course will present advanced tennis skills. Students will learn advanced strategies and rules for playing tennis. (Prerequisites: beginning tennis or display of tennis skills.)

PHED 2280. Volleyball (1 credit) — Knowledge, skills, and methods of power volleyball activities are taught. Emphasis will be placed on rules and beginning skills.

PHED 2305. Karate (1 credit) — History, knowledge, skills, and strategy involved in the study of classical karate and self-defense. Special emphasis will be placed on skills and strategy. (An extra fee is charged for this course.)

PHED 2310. Judo (1 credit) — This course is designed to introduce Kodokan Judo in a traditional manner: Basic throws, choking, and blocking techniques will be taught. Training methods, ranking, protocol, and contest rules of the International Judo Federation will be used throughout the course. (An extra fee is charged for this course.)

PHED 2315. Self-Defense (1 credit) — Basic strategy and skills used in self-defense. Special emphasis will be placed on developing a proper attitude toward self-defense and preventive measures in avoiding confrontations, as well as initiating self-defense techniques for escape. (An extra fee is charged for this course.)

PHED 2400. Beginning Swimming (1 credit) — The purpose of this course is for students to learn beginning swimming skills and any additional swimming skills that can be completed during the semester.

PHED 2410. Advanced Swimming (1 credit) — This course will present advanced swimming skills primarily in the form of stroke work. The primary strokes taught will be the front crawl, breast stroke, side stroke, butterfly, and elementary back stroke. Pre-lifeguarding skills will also be developed. (Prerequisites: beginning swimming or display of swimming skills.)

PHED 2420. Lifeguarding (2 credit) — This course is designed to provide students with the skills and knowledge to meet certification requirements of the American Red Cross.

PHED 2430. Water Safety Instructor (3 credits) — This course is designed to fulfill the requirements of the American Red Cross for certification as a swimming instructor.

PHED 2440. Scuba (1 credit) — The scuba course is designed to provide basic instruction in snorkeling and scuba diving. This course will lead to open water certification following the satisfactory completion of the written examination and checkout dive in open water. Certification is optional. (An additional fee and equipment are required for this course.)

PHED 2505. Camping and Canoeing (2 credit) — Designed to provide the students with camping and canoeing knowledge and skills through practical experience. Includes types of camping equipment, improvised equipment, and outdoor cooking. (Extra fee for campsite and food. Taught only during pre-summer.)

PHED 2510. Horseback Riding/Equitation (1 credit) — General riding and equestrian skills are taught at the riding stables in Jonesborough, Tenn. (There is an additional fee associated with this course.)

PHED 2515. Marksmanship (1 credit) — A study and application of the basic fundamentals of rifle and pistol marksmanship, to include safety. (Students must supply their own ammunition.)

PHED 2520. River Rafting (1 credit) — This course is designed to provide students with the knowledge and skills needed to participate in and enjoy river rafting as a recreational lifetime activity. Special emphasis will be given to the development of sound fundamental knowledge and skills such as paddling and steering techniques, selection, care and use of equipment, personal safety skills, and reading white water. Due to the nature of this course, all students will be required to make class field trips to rivers in the surrounding area.

PHED 2525. Rock Climbing (1 credit) — This course is designed to provide students with the knowledge and skills needed to participate in and enjoy rock climbing as a lifetime activity. Special emphasis will be given to the development of sound fundamental knowledge and skills such as selection, care and use of equipment, rock climbing techniques, personal safety skills, and the development of sound fundamental knowledge and skills such as selection, care and use of equipment, and climbing techniques. Due to the nature of this course, all students will be required to make class field trips to different climbing locations in the surrounding area.

PHED 2530. Mountain Biking (1 credit) — This course is designed to provide students with the knowledge and skills needed to participate in and enjoy mountain biking as a lifetime activity. Special emphasis will be given to the development of sound fundamental knowledge and skills such as selection, care and use of equipment, mountain biking techniques, personal safety skills, and the development of sound fundamental knowledge and skills such as selection, care and use of equipment, and mountain biking techniques. Due to the nature of this course, all students will be required to make class field trips to different trail and mountain biking locations in the surrounding area.

PHED 2535. Canoeing (1 credit) — This course is designed to provide students with the knowledge and skills needed to participate in and enjoy canoeing as a lifetime activity. Special emphasis will be given to the development of sound fundamental knowledge and skills such as selection, care and use of equipment, and mountain biking techniques. Due to the nature of this course, all students will be required to make class field trips to different lakes and rivers in the surrounding area.

PHED 2540. Snowboarding (1 credit) — This course is designed to provide students with the knowledge and skills needed to participate in and enjoy snowboarding as a lifetime activity. Special emphasis will be given to the development of sound fundamental knowledge and skills such as selection, care and use of equipment. Due to the nature of this course, all students will be required to make class field trips to different snowboarding sites in the surrounding area.

PHED 2545. Skiing (1 credit) — A practical learning experience dealing with snow skiing. Students take lessons from a certified ski instructor through the French Swiss Ski School in Blowing Rock, N.C. Students have an opportunity to ski different slopes in N.C. (There is an additional fee associated with this course.)

PHED 2550. Orienteering (1 credit) — Orienteering is an outdoor activity in which the participant utilizes the skills of topographic map reading and following directions by compass or other means to navigate over unfamiliar terrain. The skills of orienteering can be used to enjoy many outdoor pursuits such as camping, backpacking, hiking, cross-country skiing, fishing, and hunting, or the “sport” of orienteering.
PHED 2553. Backpacking (1 credit) — This course is designed to provide students with the knowledge and skills needed to participate in and enjoy backpacking as a recreational lifetime activity. Special emphasis will be given to the development of sound fundamental knowledge and skills such as selection, care and use of backpacking equipment, tents and their uses, fire building and cooking, menu and trip planning, personal safety skills, and backpacking with environmental awareness. Due to the nature of this course, all students will be required to make class field trips.

PHED 2555. Outdoor Living Skills (1 credit) — This course is designed to provide students with the knowledge and skills needed to participate in and enjoy outdoor living as a recreational lifetime activity. Special emphasis will be given to the development of sound fundamental knowledge and skills, such as selection, care and use of equipment, tenting, fire building and cooking, menu and trip planning, personal safety skills, and camping with environmental awareness. Due to the nature of this course, all students will be required to make class field trips.

PHED 2600. Adapted Physical Education (2 credits) — Restricted to students with a disability who are unable to successfully and safely participate in the regular physical education activity classes. Admission based on referral from the University Physician to Dr. Tom Coates.

Physical Education, Exercise, and Sport Sciences

Major-Minor Courses

PEXS 2701. Aquatics (1 credit) — Knowledge, skills, and methods of basic water safety, survival, and rescue techniques.

PEXS 2900. Orientation to Physical Education (1 credit) — This course is designed as an introduction to the discipline of physical education.

PEXS 2955. Care and Prevention of Athletic Injuries (3 credits) — Basic principles in the prevention, recognition, and care of athletic injuries are presented. Students will also learn the duties of an athletic trainer and sports medicine team.

$20 lab fee required.

PEXS 3000. Physical Education Programs for the Elementary School (3 credits) — Study of the curricular content of the elementary school physical education program which includes components relating to the development of physical fitness, perceptual motor skills, rhythmic movement education, and educational game activities. This course is for students in elementary education programs. Field experience is required.

PEXS 3005. Instructional Delivery Techniques for Movement (3 credits) — Prerequisite: PEXS 2900. The purpose of this course is to assist prospective teachers and movement instructors in acquiring the fundamental knowledge and skills needed to promote learning. Opportunities will be provided to demonstrate and practice the essential skills of effective instruction and delivery. Instruction will be provided to assist students in developing the skills of reflective thinking, problem solving, and working with individuals with different cultural perspectives.

PEXS 3021. Theory and Techniques of Coaching Tennis (2 credits) — An introduction to the organization and administration of a tennis team.

PEXS 3022. Theory and Techniques of Coaching Track and Field (2 credits) — Theory and practice of the techniques involved in coaching track and field.

PEXS 3032. Psychomotor Development in Children (3 credits) — This course will provide instruction in the psychomotor development of children, with special consideration for capabilities, diagnostic tests, and perceptual-motor programs. Field experience is required.

PEXS 3060. Natural Resource Management (3 credits) — A course of study focusing on the administration of recreational lands by state and federal agencies with emphasis on management policies and procedures. This course will include service-learning experiences involving travel to and volunteer work with federal and state land management agencies.

PEXS 3061. Theory and Techniques of Coaching Basketball (2 credits) — Theory and practice in the coaching of basketball. Emphasis will be placed on coaching philosophies, fundamental skills, and offensive and defensive strategies.

PEXS 3062. Theory and Techniques of Coaching Volleyball (2 credits) — Theory and practice in coaching fundamentals of power volleyball. Emphasis will be on coaching philosophies, basic skills, and strategies.

PEXS 3071. Theory and Techniques of Coaching Football (2 credits) — Theory and practice in the coaching of football. Emphasis will be on coaching philosophies, fundamentals, psychology, and strategies.

PEXS 3072. Theory and Techniques of Coaching Baseball (2 credits) — Theory and practice in coaching fundamentals of baseball. Emphasis will be placed on coaching philosophies, basic skills, and strategies.

PEXS 3080. Teaching Aerobic Conditioning (3 credits) — Includes the theory and teaching techniques of the principles of aerobic fitness as they relate to exercise to music (aerobic dance), exercise in water (aqua fitness), and jogging/running. These components will be incorporated into a conditioning program designed to bring improvement in health relative to flexibility, body composition, and cardiovascular endurance.

PEXS 3085. Teaching Rhythms and Dance (3 credits) — This course will present a broad base of information as it relates to fundamental movement skills, teaching techniques and vocabulary basic to elementary rhythmic activities. Folk, square, clogging, ballroom, modern, jazz, ballet, and currently popular dances will be presented. Some background in the history, philosophy, and choreography of dance will be included.

PEXS 3095. Teaching Sports Skills (3 credits) — The purpose of this course is to teach students performance and instructional skills for selected individual, dual, and team sports.

PEXS 3410. Implementing Technology in PEXS (3 credits) — A course designed to support student growth in computer technology as it relates to the professional field of sport and leisure management. Specific technology covered in this course will include spreadsheet development and management, discipline specific computer programs for program management and scheduling, Powerpoint presentations, web page development and maintenance, and Blackboard online discussion forum.

PEXS 3500. Dance as a Human Experience (3 credits) — This course involves the study of dance as a societal phenomenon. Students will examine the unique characteristics of dance and its various functions in society. Emphasis will be on dance in Western Civilization, however materials will be included to the extent that they have influence the development of dance in the West.

PEXS 3510. Foundations of Physical Education (3 credits) — Prerequisite: PEXS 2900. This course is designed as an introduction to the historical, philosophical and sociological foundations of physical education and sport.

PEXS 3610. Exercise Physiology I (3 credits) — Prerequisites: HSCI 3000 and 3020. The study of the physiological responses and adaptations of the human body to exercise and training.

PEXS 3655. Sports Nutrition (3 credits) — Prerequisite: AHSC 2420. This course is designed to provide a student with the most current information for understanding how to enhance athletic performance with proper nutrition. Students will understand how to develop nutritionally sound diets for endurance, speed, and strength-related activities. In addition, special nutritional needs will also be discussed (e.g., gaining muscle mass or lowering body fat content).

PEXS 3700. Elementary Physical Education I - Preschool–Second Grade (4 credits) — Prerequisite: PEXS 3005, 3032 and admission to teacher education. This course is designed to provide instruction and experiences in the program content, teaching methods, and learning styles for a developmentally appropriate physical education program for children, ages 3 to 8 years old. Emphasis is placed on movement education, rhythm, dance, body management, fundamental motor skills, and fitness/wellness appropriate to the preschool, kindergarten, first, and second grade child. Field experience is required.

PEXS 3710. Elementary Physical Education II: Third-Sixth Grade (4 credits) — Prerequisite: PEXS 3005, 3032, 3700 and admission to teacher education. This course is designed to provide instruction and experiences in the program content, teaching methods, and learning styles for a developmentally appropriate physical education program for children, ages 8 through 12 years old. Emphasis is placed on rhythm, dance, body management, fundamental motor skills, and fitness/wellness appropriate to the third and sixth grade child. Field experience is required.

PEXS 3850. Scientific Basis of Human Performance (4 credits) — Prerequisite: HSCI 2010/2011 or HSCI 2020/2021. This course is designed to provide a student with an understanding of the scientific principles of human performance. Students will learn how training and detraining affect various aspects of an individual’s physiological, biochemical, and mechanical applied performance attributes.

224

2002-2003 Undergraduate Catalog
PEXS 4060. Measurement and Evaluation in Physical Education (3 credits) — A course designed to acquaint future teachers with techniques of evaluating and measuring the process of physical education and the psychomotor, cognitive, and affective domains of the student.

PEXS 4061. Exercise Fitness Testing (3 credits) — Prerequisite: PEXS 3610. The purpose of this course is to provide knowledge in exercise testing and prescription for healthy populations. Students will develop the skills and technical procedures necessary in the training of exercise fitness technologists. Hands-on experience will be available in the following: underwater weighing, VO2, treadmill, cycle, and other laboratory tests and equipment.

PEXS 4150. Special Olympics Coaching (3 credits) — Designed to provide students with the knowledge and skills necessary to apply for coaching certification through Special Olympics International, Inc. in the areas of bowling, aquatics, and athletics. Approximately one-third of the course will be a field experience working with Special Olympic athletes.

PEXS 4220. Internship in Sport Management and Leisure Services (6 credits) — Prerequisites: PEXS 3210, 3211, 3212. This course will give the student the opportunity to put theory into practice. Students will work in a sport management or leisure service agency for forty credits per week (minimum of 400 clock credits) for an entire semester. Students will be consulted as to the sport management or leisure service agency desired for the internship experience.

PEXS 4250. Physical Education Activities for Atypical Populations (3 credits) — Prerequisites: PEXS 3005, 3032. A study of the legal, medical, and educational bases for physical activity programs for individuals with disabilities, with emphasis on evaluation, placement, and instruction. Field experience is required.

PEXS 4270. Structural Kinesiology (3 credits) — Prerequisites: Anatomy and Physiology (1210/1211 and 1220/1221) or equivalent; physics recommended. An introduction to the study of the anatomical bases of human movement, with emphasis on bone growth and development, joint structure and movement potential, and muscular involvement during movement.

PEXS 4271. Mechanical Kinesiology (3 credits) — Prerequisites: PEXS 4270; HSCI 2010/2011; HSCI 2020/2021; General Physics is recommended. An introduction to the study of the biomechanics of human movement, with emphasis on sports industry, and activities of daily living. Course content includes the application of principles of physics and engineering to movement, including the kinematic and analyses of movement.

PEXS 4467/4467. Metabolic Aspects of Nutrition and Exercise in Disease. (3 credits) — Prerequisites: AHSC 2420 and PEXS 3610. This course is designed to provide an in-depth investigation of the physiologically and metabolically related aspects of exercise and nutrition in the prevention and treatment of metabolic diseases. Students will also learn the scientific basis of how specific health intervention strategies affect these diseases mechanistically from a pathological perspective.

PEXS 4600. Athletic Coaching Practicum (3 credits) — Prerequisite: See department. Provides the student with the opportunity to be actively involved in a middle, junior high, or secondary coaching experience. Includes the application of theoretical knowledge to practical situations.

PEXS 4620. Exercise Physiology II (3 credits) — Prerequisites: BIOL 1110 & 1111, CHEM 1310 & 1311, CHEM 1320 & 1321, HSCI 3000 & 3020, PEXS 3610. This course presents a foundation for understanding the underlying mechanisms behind the physiological and biochemical acute responses to exercise and also discusses the long-term physiological and biochemical adaptations to exercise.

PEXS 4630. Exercise Science/Wellness Internship (12 credits) — Prerequisites: Completion of all required coursework prior to beginning the internship experience and maintain an average grade of C+ in the following classes: PEXS 3000, 3610, 4661, 4467, 4620, and 4977. This course is designed to provide each student with an actual workout experience in the areas of exercise science and/or wellness promotion.

PEXS 4650. Strategies in Developing Wellness Programs (3 credits) — Prerequisite: PEXS 3650. This course was designed to provide students with an opportunity to evaluate current wellness program strategies at the educational (K-12 initiatives), university, community, corporate, and clinical setting.

PEXS 4700. Secondary Physical Education I: Lifetime Wellness (4 credits) — Prerequisites: PEXS 2955, 3005, 3032, 3080 and admission to Teacher Education. This course provides students with content knowledge and pedagogical skills necessary to teach lifetime wellness in the secondary school. Field experience is required.

PEXS 4710. Secondary Physical Education II: The Middle School (4 credits) — Prerequisites: PEXS 3005, 3032, 3080, 3095, and 4700, and admission to teacher education. This course is designed to provide content knowledge and methodological skill necessary for the physical education specialist to develop and implement a physical education curriculum for the middle setting. Emphasis will be placed on sport and physical fitness activities that are developmentally appropriate for middle students. Field experience is required.

PEXS 4977/5977. Exercise Management for Persons with Chronic Diseases and Disabilities (3 credits) — Prerequisite: PEXS 3610. This course will examine chronic diseases and disabilities that occur in many individuals. It is oriented toward understanding the disease, the effects exercise may have on the disease, and modifications to general exercise programs (annually).

Graduate Course Listing

For descriptions and prerequisites see the Graduate Catalog.

PEXS 5010. Philosophy and Current Readings (3 credits)
PEXS 5021. Planning & Operating Facilities in Physical Education, Fitness and Sports (3 credits)
PEXS 5032. Motor Development Assessment and Programming (3 credits)
PEXS 5040. Principles of Motor Learning (3 credits)
PEXS 5110. Curriculum Development (3 credits)
PEXS 5420. Systematic Observation & Analysis (3 credits)
PEXS 5430. Administration of Physical Education and Athletics (3 credits)
PEXS 5440. Pedagogy (3 credits)
PEXS 5450. Advanced Adapted Physical Education, Sport and Leisure Activity (3 credits)
PEXS 5460. Inclusion in Physical Education (3 credits)
PEXS 5510. Data Analysis and Interpretation in Sport and Human Performance (3 credits)
PEXS 5520. Instrumentation in Exercise Physiology (3 credits)
PEXS 5530. The Financing of Sport (3 credits)
PEXS 5540. Graded Exercise Testing (3 credits)
PEXS 5610. Advanced Exercise Physiology I (3 credits)
PEXS 5620. Advanced Exercise Physiology II (3 credits)
PEXS 5630. Biomechanics (3 credits)
PEXS 5650. Advanced Concepts in Wellness (3 credits)
PEXS 5655. Sports Nutrition and Ergogenic Aids (3 credits)
PEXS 5656. Sports Conditioning and Training (3 credits)
PEXS 5670. Critical Analysis of Research in Exercise Science (3 credits)
PEXS 5680. Promoting Wellbeing for Professionals (3 credits)
PEXS 5800. Internship in Exercise Physiology (3 credits)
PEXS 5911. Special Studies (1-3 credits)
PEXS 5912. Special Studies (1-3 credits)
PEXS 5950. Research Methods and Design (3 credits)
PEXS 5960. Thesis in Physical Education (3 credits)
PEXS 5961. Captstone Written Project (3 credits)
PEXS 5990. Readings and Research (1-3 credits)

Philosophy

PHIL

PHIL 1030. Self and World (3 credits) — An introduction to some central philosophical problems concerning free will, the self, science, and morality.

PHIL 2020. Values and Society (3 credits) — An introduction to some central philosophical problems concerning morality, freedom, and political authority.

PHIL 2030. Practical Reasoning (3 credits) — An introductory study of formal and informal reasoning in practical contexts (editorials, speeches, advertising, etc.); also includes a study of syllogistic reasoning, the scientific method, definition, and clear writing.
PHIL 2040. Philosophy as Conversation (3 credits) — An introduction to philosophy as self-examination. Focus on discussion of the beliefs and values of the students in the class.

PHIL 2210. Introduction to the Study of Religion (3 credits) — A comparative and historical introduction to the world's ways of being religious.

PHIL 3010. History of Ancient Philosophy (3 credits) — The development of Western philosophy in the Greek world from the pre-Socratic philosophers to Plotinus. Major emphasis on Socrates, Plato, and Aristotle.

PHIL 3030. History of Modern Philosophy (3 credits) — An examination of European philosophical thought from approximately 1600 to 1850. Figures to be studied include Descartes, Spinoza, Locke, Hume, and Kant.

PHIL 3050. Symbolic Logic (3 credits) — Introduction to modern logic. This course explores the formal nature of language and reasoning. Propositional logic, predicate logic, and related topics.

PHIL 3061-62-63. Philosophy Colloquium (1-3, 1-3 credits) — Each semester some important issue, movement, or person of philosophical concern will be studied. May be repeated for up to nine credits.

PHIL 3110. Philosophies of Feminism (3 credits) — Examination of the major forms of feminist theory and also the role, functions and limitations of theory in addressing gender-related issues.

PHIL 3120. Existentialism (3 credits) — Studies in 19th and 20th century existentialism with special emphasis upon its literary expression. Philosophers and writers include Kierkegaard, Ibsen, Dostoevsky, Buber, Marcel, Camus, and Sartre.

PHIL 3130. American Political Thought (3 credits) — An examination of various themes in American political thought using the writings of contemporary thinkers as well as sources drawn from the past. (Same as Political Science 3130.)

PHIL 3140. Environmental Philosophy (3 credits) — Examines the philosophical issues - ethical, metaphysical and epistemological - involved in contemporary discussions of environmental issues. Widely differing approaches will be considered in order to better understand the conflicting interests and values involved in environmental decision-making.

PHIL 3160. Native American Thinking (3 credits) — Drawing on the philosophical-religious perspectives of the Lakota, Hopi, Navaho, Nootka, Cherokee, and other native American tribes, this course will examine differing notions of time, place and space, motion, identity, and the holy.

PHIL 3220. Western Religions (3 credits) — A study of the religious life of the West, from preliterate societies and classical civilizations of the past through contemporary Judaism, Christianity, and Islam.

PHIL 3230. Eastern Religions (3 credits) — A study of religions whose origins were in the East: Hinduism, Buddhism, Confucianism, Taoism, and Zen.

PHIL 3240. Old Testament Literature (3 credits) — A historical and literary survey of the Hebrew Bible.

PHIL 3261-62-63. Religion Colloquium (1-3, 1-3, 1-3 credits) — Some issue, movement, or person of importance to the study of religion will be selected for the topic. May be repeated for up to nine credits.

PHIL 4017/5017. Ethical Theory (3 credits) — History of ethics from ancient Greece to the present. Special emphasis on the theories of Aristotle, Kant, and Mill.

PHIL 4027/5027. Contemporary Philosophy (4 credits) — A survey of developments in European and American philosophy from the mid-19th century to the present.

PHIL 4047/5047. Philosophy of Religion (3 credits) — An examination of classical and contemporary discussions of philosophical issues about religion, including the nature of God, of human beings, and of religious truth, and contemporary discussions of religion and atheism.

PHIL 4057/5057. Philosophy of Art (3 credits) — An introduction to philosophical issues that arise in our attempts to understand the creation, appreciation, and criticism of the various literary, plastic, and performing arts.

PHIL 4067/5067. Philosophy in Literature (3 credits) — An examination of philosophical issues as they appear in the world's literature, including poetry, fiction, and essays.

PHIL 4107/5107. Classical Political Philosophy (3 credits) — An examination of the classical tradition in political thought with emphasis on reading the works of Plato and Aristotle as well as those of later representatives of this tradition.

PHIL 4127/5127. Modern Political Philosophy (3 credits) — An examination of modern political thought with emphasis on the Social Contact theories of Hobbes, Locke, and Rousseau and the Utilitarianism of Bentham, Mill, and others.

PHIL 4137/5137. Marxism (3 credits) — A study of the basic ideas of Marx and his contemporary interpreters in Eastern Europe, Asia, and the Third World.

PHIL 4140. Topic in Political Philosophy (3 credits) — An examination of selected topics in political philosophy chosen by the professor. May be taken more than once, provided that the content of the course significantly varies from previous offerings.

PHIL 4220. Contemporary Theology (3 credits) — A discussion of trend-setting theologians of the most recent decade.

PHIL 4900. Independent Studies in Philosophy (1-3 credits)

PHIL 4917/5917. Philosophy of the Biological and Biomedical Sciences (3 credits) — Topics of philosophical and theoretical interest generated by the biological and biomedical sciences. Includes consideration of the broader social and cultural implications of biological and biomedical theory.

PHIL 4920. Independent Studies in Religion (1-3 credits)

PHIL 4950. Senior Seminar (1-3 credits)

PHIL 4957/5957. Special Topics in Philosophy (1-6 credits)

Graduate Course Listing

PHIL 5000. Independent Study (1-3 credits)

PHYS Note: See Astronomy (ASTR) for listing of astronomy courses.

PHYS 1030. Introduction to Physics Survey (4 credits) — Presents an interdisciplinary approach to the physical sciences with a concentration in physics. Relates the role of science to the daily activities of an educated person. Three credits lecture, one credit demonstration/discussion each week. Not open to students who have any previous college credit in any of the physical sciences.

PHYS 2010-20. General Physics I, II-Noncalculus (3,3 credits) — Prerequisite: Mathematics 1720 or equivalent. A survey of the topics in classical physics intended primarily for students in preprofessional curricula and majors in various engineering technology concentrations. (Engineering transfer students should take Physics 2110-20.) Topics include mechanics, thermodynamics, waves, electricity and magnetism, and geometrical options. Good working knowledge of algebra and trigonometry is assumed; heavy emphasis on solutions to numerical problems. 2010-20 should be taken in sequence. (Many curricula require a laboratory course in physics. Students in these curricula must also take 2111-21, General Physics Laboratory I, II.) The one-credit lecture each week.

PHYS 2011-21. General Physics Laboratory - Noncalculus I, II (1.1 credit) — Experiments dealing with the basic laws of physics, designed to reinforce and supplement concepts learned in general physics. One two-credit lab session each week.

PHYS 2110-20. Technical Physics I, II - Calculus Based (5,5 credits) — Prerequisite: One semester of calculus. A survey of physics for students majoring in technical fields such as physics, chemistry, engineering, etc. Also intended for preprofessional students (pre-med, pre-dentistry, etc.) who desire a stronger preparation for professional school. Three one-credit lectures and three credits of laboratory/recitation each week.

PHYS 3010. Mechanics (4 credits) — Prerequisites: PHYS 2110-2120. Statics and dynamics of particles and systems of particles. An introduction to Lagrangian and Hamiltonian formulations of Newtonian mechanics. Three one-credit lectures and one two-credit recitation session each week.
PHYS 3110. Thermodynamics (3 credits) — Prerequisites: PHYS 2110-2120. Classical approach to the first and second laws of thermodynamics; Maxwell's relations and selected applications. Three one-credit lectures each week.

PHYS 3210. Optics (4 credits) — Prerequisites: PHYS 2110-2120. Geometrical optics including reflection, refraction, dispersion, thin and thick lenses, optical instruments. Physical optics including electromagnetic character of light, interference, diffraction, polarization, and related topics. Three one-credit lectures and one three-credit lab session, or equivalent, each week.

PHYS 3310. Electrical Measurements (4 credits) — Prerequisites: PHYS 2110-2120. AC/DC circuit analysis, basic electrical measurements, fundamentals of electronic circuits, with applications to devices of special interest. Two one-credit lectures and two two-credit lab sessions, or equivalent, each week.

PHYS 3510. Introduction to Biophysics (3 credits) — Prerequisites: PHYS 2110-2020 or 2110-2120. Underlying principles of physics used to explore and explain biological systems. Techniques discussed include energetics, X-ray analysis, absorption spectroscopy, etc. applied to cellular processes. Three one-credit lectures, or equivalent, each week.

PHYS 3610. Introduction to Atomic and Nuclear Physics (3 credits) — Prerequisites: PHYS 3110 and senior standing or permission of instructor. Correlated with quantum mechanics, nuclear physics, and atomic spectroscopy. The materials covered will include the quantum theory of the atom, nuclear shell model, nuclear reactions, and the application of quark models to hadron physics. Three one-credit lectures and one two-credit recitation/session each week.

PHYS 3710. Electricity and Magnetism (4 credits) — Prerequisites: PHYS 2110-2120. An intermediate-level course in electromagnetic theory: electrostatics, dielectrics, magnetic materials and effects, development of Maxwell's equations. Three one-credit lectures and one two-credit recitation/lab session each week.

PHYS 4117/5117. Kinetic and Statistical Physics (4 credits) — Prerequisites: PHYS 3110 and senior standing or permission of instructor. Kinetic theory of an ideal gas, equations of state, distribution of molecular velocities, principles of statistical mechanics, transport phenomena, applications of Boltzmann, Fermi-Dirac, and Bose-Einstein statistics. Three one-credit lectures and one two-credit recitation/session each week.

PHYS 4617/5617. Quantum Physics (4 credits) — Prerequisites: PHYS 3610 and senior standing or permission of the instructor. An introduction to quantum theory and nonrelativistic quantum mechanics. Historical development of ideas which led to present-day theories. Schroedinger's equation and applications, approximation methods, matrix methods, and related topics. Three one-credit lectures and one two-credit recitation/session each week.

PHYS 4717/5717. Electromagnetic Theory (4 credits) — Prerequisites: PHYS 3710. Principles of electromagnetic theory, Maxwell's equations, selected applications, and related topics. Three one-credit lectures and one two-credit recitation/session each week.

PHYS 4850. Seminar in Physics (1 credit) — A weekly two-credit session devoted to current research and/or teaching activities, and other topics of departmental interest. Attendance expected of physics majors. May be taken for credit twice provided student is active contributor to programs.

PHYS 4860. Special Topics in Physics (1-3 credits) — Study of a topic of interest to faculty and undergraduate students. May be repeated for credit (up to a maximum of four credits) provided subject matter is not duplicated.

PHYS 4900. Independent Studies (1-3 credits) — Prerequisite: Prior acceptance by a faculty research advisor. Independent investigation of a problem of interest to the student, under the guidance of a faculty research advisor. May be repeated (up to a maximum of four credits) provided subject matter is not duplicated.

PHYT 1000. Academic Advantage (2 credits) — This course helps the first-year student make the transition to the university, develop a better understanding of the learning process, and enhance essential academic skills. The course provides a support group for students in a critical transitional year by examining problems and issues common to the first year of college. Elective credit only; does not apply toward the major or minor requirement.

PHYT 2000. Introduction to Physical Therapy (2 credits) — This course will provide the student interested in physical therapy with an overview of the profession and the opportunities, problems, and realities thereof. Students will learn how their college experiences transfer to the working world and will engage in self-assessment and reflection designed to help the student determine if physical therapy is a good career match.

Professional Roles/Mental Health Nursing

PMNU 1010. Orientation to College Life and Nursing as a Major (1 credit) — This course is designed to help the beginning student learn about nursing as a career choice. Journaling and other learning activities will help the student develop skills which lead to positive experiences and success at the university. (Elective)

PMNU 1015. Survey of Health Care Professionals (2 credits) — This course is an overview of the health care team. Interdisciplinary guest speakers and/or health care facility tours included. Students will have the opportunity to interact directly with a variety of health care professionals. Basic background information of interest to all health-related majors or those considering a major in health disciplines is provided. (Elective)

PMNU 2020. Introduction to Professional Nursing (3 credits) — Prerequisite: Admission to the nursing major or permission of the department. Pre-corequisite: PMNU 2310. This course is designed to introduce the characteristics of the nursing profession, health care delivery systems, nursing history, process and roles, and to introduce theory, practice, and research concepts. The nursing process and principles that guide practice are explicated.

PMNU 2310. Communication for Health Professionals (3 credits) — This course is designed to introduce health professions students to the characteristics of effective communication and to develop basic competencies in communication with clients and colleagues in multidisciplinary settings.

PMNU 3010. The Nurse and the Dying Client (3 credits) — Prerequisite: ALNU 3051 or the equivalent. Explorations of implications of loss, grief, dying, and death for nurses and nursing practice. Discussion of the role of the nurse in relation to self-awareness, interpersonal factors, and legal/ethical questions. Study of nursing strategies for simulated and actual clients/families experiencing loss, grief, dying, and death. (Elective)

PMNU 3070. Community-Based Behavioral Health Nursing (3 credits) — Prerequisites: PMNU 2020, 2310, FCNU 2010, 2030. This course focuses on the broad concepts of community-based behavioral health care. It explores the community as a care setting with emphasis on the analysis of behavioral health issues in the community and on planning nursing care to meet identified community behavioral health needs.

PMNU 3120. Professional Community-Based Nursing (4 credits) — Prerequisite: Admission to the RN-BSN program. Pre-corequisite: CSCI 1100 or equivalent. This course is designed as a transition course for the registered nurse pursuing a baccalaureate degree in nursing.

PMNU/ALNU/FCNU 4008. Honors Mentorship in Nursing (1 credit) — This course is designed to introduce health professions students to the characteristics of effective communication and to develop basic competencies in communication with clients and colleagues in multidisciplinary settings. Students will learn about nursing as a career choice. Journaling and other learning activities will help the student develop skills which lead to positive experiences and success at the university. (Elective)

PMNU 4017/5017. Health Care Informatics (3 credits) — Prerequisite: Permission of the instructor. Current and potential applications of the computer to health care are discussed. These same applications are analyzed for their impact on the client, health care professional, and health care delivery system. Requires access to a computer with a browser that facilitates access to the World Wide Web and a university or private sector electronic mail account.

PMNU/ALNU/FCNU 4018. Nursing Honors Thesis (3 or 6 credits) — Prerequisites: Admission to the College of Nursing Honors Program; Honors Mentorship in Nursing or permission of instructor. An independent course for the senior-level honors student to complete a thesis suitable for presentation. The written paper will demonstrate scholarship, basic understanding of the research process, and relevance to professional trends and issues.

PMNU 4027/5027. Health Care Law (3 credits) — Prerequisite: Junior level or higher. This course focuses on the influence of state and federal laws and ethics on patients, practitioners, and practice settings.

2002-2003 Undergraduate Catalog
PMNU 4060. Transition to Professional Practice (3 credits) — Prerequisite: ALNU 4030 or permission of the department. This course concentrates on theories, research and issues related to leadership, change, and management of nursing practice within the broader context of health care delivery.

PMNU 4061. Senior Practicum (8 credits) — Pre-corequisite: PMNU 4060. This course is focused on the preparation of the student for transition to professional nursing practice.

PMNU 4062. R.N. Practicum (8 credits) — Pre-corequisites: PMNU 4060; active license as a registered nurse. This course is focused on the education of the registered nurse for transition to professional nursing practice.

PMNU 4900. Nursing Independent Study. (1-3 credits) — Prerequisite: Permission of the instructor. Special topics related to nursing and health care will be presented. Course may include didactic and experiential methods of instruction. May be repeated for credit if course content is significantly different or advanced.

PMNU/ALNU/FCNU 4989. Cooperative Education in Nursing (3 credits) — Prerequisite: Permission of department chair. This course, with 1-3 credits as arranged, allows the student to spend time in a career-related work experience. Formal agreements are established by the university and the employer to help students accomplish specific educational outcomes. (Elective)

Graduate Course Listing
For descriptions and prerequisites see the Graduate Catalog.

PMNU 5000 Conceptual Systems for Advanced Nursing Practice (2 credits)
PMNU 5001 Nursing Research and Design (3 credits)
PMNU 5002 Health Care Delivery Systems (3 credits)
PMNU 5003 Theories and Concepts in Professional Role Development Seminar (1 credit)
PMNU 5004 Seminar in Professional Roles (1 credit)
PMNU 5008 Alternative Health Practices, Theories, and Systems (2 credits)
PMNU 5050 Health Care Accounting and Finance (3 credits)
PMNU 5110/6110 Interdisciplinary Approaches to Bioethical Issues (3 credits)
PMNU 5303 Psychopharmacology (3 credits)
PMNU 5401 Rural Health Issues (3 credits)
PMNU 5402 Behavioral Health Concepts for Adults (3 credits)
PMNU 5403 Behavioral Health Concepts for Adults: Practicum (3 credits)
PMNU 5505 Managing Health Care Organizations (3 credits)
PMNU 5510 Organizational Theory and Nursing Administration (3 credits)
PMNU 5520 Fiscal Management in Nursing Administration (3 credits)
PMNU 5525 Health Services Delivery and Organization (3 credits)
PMNU 5530 Health Care Organization and Law (3 credits)
PMNU 5550 Human Resource Management in Health Care Organization (3 credits)
PMNU 5560 Nursing Administration Practicum I (2 credits)
PMNU 5570 Nursing Administration Practicum II (2 credits)
PMNU 5590 Strategic Planning for Health Care (3 credits)
PMNU 5900 Independent Study (1-3 credits)
PMNU 5960 Thesis (1-6 credits)
PMNU 5990 Readings and Research (1-3 credits)

Political Science

PSCI 1000. Academic Advantage (2 credits) — This course helps the first-year student make the transition to the university, develop a better understanding of the learning process, and enhance essential academic skills. The course provides a support group for students in a critical transitional year by examining problems and issues common to the first year of college. Elective credit only; does not apply toward the major or minor requirements.

PSCI 1110. Political Life (3 credits) — An encounter through reading, writing, discussion, and other class experiences with the phenomena of political life. Students will be encouraged to confront the orientations, expectations, and action patterns characteristic of situations where human beings attempt to resolve the tension between human needs and social facts.

PSCI 2210. Introduction to Comparative Politics (3 credits) — An introduction to the comparative study of politics, employing a conceptual, or thematic, approach. The politics of selected countries will be examined, focusing on major features such as governmental institutions, political culture and public policy.

PSCI 2220. Introduction to World Politics (3 credits) — An introduction to the major concepts and themes in the study of international politics designed to provide students with analytical tools for understanding problems and issues in international security, organization and political economy.

PSCI 2610. Introduction to Public Administration (3 credits) — Introduction to contemporary topics in public administration: defining the field, operations of the federal administration, theories of public management, budgeting and staffing. (AP)

PSCI 2989. Cooperative Education (1-3 credits)

PSCI 3000. Peace, Security, and Development (3 credits) — A global political analysis of issues and events which affect the peace, security, and development of human beings in the world community. (IR)

PSCI 3010. Chinese Politics (3 credits) — An introduction to the politics of China and the role of politics in Chinese history, culture and economy, (CP)

PSCI 3030. American Political Parties (3 credits) — A study of the political parties in the United States. The course examines the roles of political parties in elections and in the government, the coalitions and factions that make up the parties, the sources of party division and conflict, and the balance of power between competing political parties. (AP)

PSCI 3050. Interest Groups in American Politics (3 credits) — An examination of the role and influence of interest groups in American politics and government, with special attention to corporate business and organized labor. This course considers the implications of interest group politics for the distribution of power and for the shape of public policy in the United States. (AP)

PSCI 3060. Southern Politics (3 credits) — An introduction to regional political activity and its impact on the national political system as illustrated by the 11-state Southeast. An in-depth study of the distinctive political system of the region, and the effects of movements such as secession and one-party control, black voting, and the changes in the socioeconomic composition of the area. (AP)

PSCI 3070. Politics and Film (3 credits) — An examination of motion pictures as a mass medium. It is concerned with the political images, ideas and stories in the movies, as well as the politics surrounding movie production and distribution. (AP)

PSCI 3130. American Political Thought (3 credits) — An examination of various themes in American political thought using the writings of contemporary thinkers as well as sources drawn from the past. (PT)

PSCI 3200. Law and Judicial Process (3 credits) — An overview of the political and philosophical principles underlying the American legal system. Strongly recommended prior to further work in law and the judicial process (PL)

PSCI 3205. Constitution and Civil Liberties (3 credits) — A focus upon the First, Second, Fifth, Ninth, and Fourteenth Amendments as these have been utilized to expand and protect personal rights and liberties, including participation in the political process. The case method will be used (PL) (Formerly PSCI 2500).

PSCI 3210. Due Process and Adjudication (3 credits) — A study of the liberties guaranteed in the Fourth, Fifth, Sixth, Eighth, and Fourteenth Amendments as developed and interpreted by court decisions. The case method will be used. (PL)

PSCI 3220. The Supreme Court (3 credits) — An analysis of the role of the Supreme Court of the United States in the governmental process, its role regarding the separation of powers and federalism, public policy, and limits on judicial power. The case method is sometimes used. (PL)

PSCI 3230. American Constitutional Law (3 credits) — An analysis of the manner in which the Constitution, including the Bill of Rights, has been expanded and developed to meet changing conditions within the polity by the judicial decision-making process. The case method will be used. (PL) (Formerly PSCI 4217)
PSCI 3310. International Relations (3 credits) — An introduction to the study of the relations between states, politics, diplomacy, international law, and organization; an analysis of the theory and practice of international relations. (IR)

PSCI 3710. State and Local Government (3 credits) — The structure and functions of the 50 state governments and local government in the United States and the role of these governments in the American federal system. Special references to government in Tennessee. (AP)

PSCI 3800. European Politics (3 credits) — A survey of the governmental institutions, the political processes, and the cultures of European states. (CP)

PSCI 3830. Government and Politics of Latin America (3 credits) — Broadly concerned with basic political, cultural, and economic characteristics of various Latin American political systems. (CP)

PSCI 3870. Government and Politics of South Asia (3 credits) — An examination of the government, political organizations, party structure, politics, and culture of the subcontinent. (CP)

PSCI 4020. Urban Politics (3 credits) — A study of the politics of urban and metropolitan government, including: reformism, bossism, political cleavages, the role of blacks and other groups in the local political system, and procedures and problems related to local policy-making. (AP)

PSCI 4050. The Presidency (3 credits) — A study of the functions and powers of the modern presidency, with emphasis on the role of the president in public policy. (AP)

PSCI 4100. Classical Political Philosophy (3 credits) — An examination of the classical tradition in political thought with emphasis on reading the works of Plato and Aristotle as well as those of later representatives of this tradition. (PT)

PSCI 4120. Modern Political Philosophy (3 credits) — An examination of modern political thought with emphasis on the Social Contract theories of Hobbes, Locke, and Rousseau and the utilitarianism of Bentham, Mill, and others. (PT)

PSCI 4160. The Idea of the City (3 credits) — An examination of the meaning and significance the city has had in human history and a consideration of its potential as a meaningful social and political force of the future. (PT)

PSCI 4300. International Politics (3 credits) — An analysis of the major forces and trends of the political relationships between states; the historical development of international politics, the pattern of contemporary international politics, and the future of international politics; special problems and prospects for the United States. (IR)

PSCI 4330. American Foreign Policy (3 credits) — An analysis of the development of American foreign policies and practices with emphasis on recent development and current trends. (IR)

PSCI 4450. Power and Politics in Appalachia (3 credits) — An examination of the political, economic, and social structures of power characteristic of the Appalachian region, and the relationship between these and the larger American context. Offered only in Pre-summer. (AP)

PSCI 4730. American Public Policy (3 credits) — A study of the economic and social policies of American national government. The course analyzes fiscal, monetary, social welfare, trade, and labor policies, and examines the major debates over public policy, including whether and how it can promote economic prosperity and social justice. (AP)

PSCI 4820. Politics of Development and Change (3 credits) — An examination of various notions of political development, modernization and change, with emphasis on those processes within countries of the Third World. (CP)

PSCI 4900. Independent Study and Research (1-3 credits) — By permission of the department only.

PSCI 4920. Legislative Internship (12 credits) — By permission of the department only.

PSCI 4921. Legislative Internship Research (3 credits) — By permission of the department only. (AP)

PSCI 4940-41. Paralegal Internship (1-3 credits) — By permission of the department only.

PSCI 4950. Senior Seminar (1-3 credits) — Study and research in public policy.

PSCI 4957/5957. Special Topics in Political Science (1-6 credits)
PSYC 4507/5507. Ethics and Professional Practice (1 credit) — Prerequisite: PSYC 1310 or permission of the instructor. The course is designed to acquaint students with APA’s code of ethical conduct and the Tennessee State Legal Code pertaining to the practice of psychology. A variety of ethical and legal issues will be covered in the areas of research, service, supervision, and administration.

PSYC 4557/5557. Introduction to Behavioral Medicine (3 credits) — Prerequisite: PSYC 4320 or PSYC 4100 or permission of the instructor. This class examines a variety of topics that exist at the interface of psychology and medicine. These topics include, but are not limited to, chronic pain, stress, hypertension, relaxation training, smoking, obesity, risk factors for heart disease, Type-A behavior, nutrition, and the social psychology of health habit modification.

PSYC 4607/5607. Child Psychopathology (3 credits) — Prerequisites: PSYC 1310, PSYC 4320, and HDAL 2310 or permission of the instructor. The purpose of the course is to acquaint students with aspects of diagnosis, measurement, and treatment of child psychopathology.

PSYC 4707-17/5707-17. Physiological Psychology (4.0 credits) — Prerequisites: PSYC 3030-31 and General Biology. A review of the physiological, anatomical, and chemical aspects of the nervous system and their relation to a variety of functions: sensory processes, perception, motivation, learning, emotion, and memory. Four credit credits of lecture/laboratory per week.

PSYC 4817/5817. Introduction to Psychological Testing (3 credits) — Prerequisites: PSYC 1310, 2311-12, and 2810. Refer to HDAL 4817.

PSYC 4900. Independent Study in Psychology (1-3 credits) — An independent study of a problem selected in consultation with a member of the psychology faculty.

PSYC 4957/5957. Special Topics in Psychology (1-6 credits) — Permission of the instructor.

Graduate Course Listing
For descriptions and prerequisites see the Graduate Catalog.

PSYC 5210. Statistical Methods (3 credits)
PSYC 5220. Personality Theory (3 credits)
PSYC 5230. Advanced Developmental Psychology (3 credits) — HDAL 5230
PSYC 5530. Sport Psychology (3 credits)
PSYC 5825. Psychopathology (3 credits)
PSYC 5830. Individual Mental Testing — HDAL 5830 (4 credits)
PSYC 5850. Personality Assessment (3 credits)
PSYC 5860. Theories of Learning (3 credits) — HDAL 5860
PSYC 5870. Introduction to Clinical Psychology (3 credits)
PSYC 5875. Intervention Strategies in Clinical Psychology (3 credits)
PSYC 5900. Independent Study in Psychology (1-3 credits)
PSYC 5910. Practicum in Mental Health: Assessment (3 credits)
PSYC 5911. Practicum in Mental Health: Therapy (3 credits)
PSYC 5930. Internship in Mental Health (3 credits)
PSYC 5950. Methods of Psychological Research (3 credits)
PSYC 5960. Thesis (1-3 credits)
PSYC 5990. Readings (1-3 credits)

Public Health

PUBH

PUBH 1010. Personal Health Behavior (3 credits) — Examines physical, mental, and social aspects of health utilizing topics such as communicable and chronic diseases, sexuality, consumerism, community health, environment, aging, death and dying, and the health care system.

PUBH 1020. Introduction to Public Health (3 credits) — Designed to familiarize students with the field of public health, including the history and practices of public health. Program areas included in public health will be identified and discussed. Major cultural, social, economic, organizational, and environmental factors influencing public health issues and practices at the local, state, national, and international levels will be presented.

PUBH 2030. First Aid and Emergency Care (3 credits) — Prepares the student providing knowledge and skills to handle emergency situations when emergency care is needed and medical assistance is delayed. Cardiopulmonary resuscitation (CPR-BLS) is taught in association with the course.

PUBH 2031. Cardiopulmonary Resuscitation (1 credit) — Designed as a basic life support to those who may come into contact with a victim of foreign body obstruction of the airway or other respiratory problems.

PUBH 2100. Health Systems (3 credits) — Studies health systems in the United States and in other countries, with emphasis on such management issues as their ability to deliver health-related services, their cost and their operations within a legal framework. Included in the topics are discussions of such major developments as prepaid group practice, managed care, national health insurance, planning for health care and an overview of the legal issues associated with these developments.

PUBH 2120. School Health Education K-12 (3 credits) — Prerequisite: PUBH 1010. Studies the school health program: health services, health instruction, and healthful school environment for grades K-12. Emphasis is given to curriculum and various school health issues.

PUBH 2750. Medical Terminology (3 credits) — Designed for public and allied health professionals who need to read and interpret health and medical reports, research reports, or professional literature. Analysis and utilization of medical terminology related to various disorders will be made.

PUBH 3000. Introduction to Biostatistics (3 credits) — Statistical logic and elementary techniques of statistical analysis as applied to health. Collection and interpretation of population, natality, morbidity and mortality statistics. Elementary epidemiology, probability, sampling and tests of significance will be reviewed.

PUBH 3010. Accident Prevention (3 credits) — Examines unsafe personal acts and unsafe conditions influencing the occurrence of accidents. Emphasis is placed on the prevention of accidents through reducing human error and modifying unsafe environments.

PUBH 3120. Principles and Practices of Public Health Education (4 credits) — Prerequisites: PUBH 1010 and 3000 as pre- or corequisite. Develops skills in the application of principles of learning, community survey and data analysis, theoretical and applied approaches to program planning, implementation and evaluation, research design, professional development, and ethics.

PUBH 3130. Principles and Methods of Health Education (3 credits) — Prerequisite: PUBH 3120 or permission of instructor. Develops skills in the design and use of educational methods, materials, and equipment for health education. Develops skills in group work and techniques, motivation, and leadership.

PUBH 3200. Health Services Administration (3 credits) — Reviews and prepares students to understand the components of health care in the United States and the principle delivery systems used in their provision. Organizational theory and design are discussed and evaluated in light of past and present health services systems. An understanding of health care financing and its impact on access to and delivery of health care to different populations is provided.

PUBH 3220. Health Services Planning (3 credits) — Surveys and examines planning, organizing and managing health care in the United States. Attention is given to the evolving health care systems in the United States and abroad and to the function of the administrator in the plan and design of those systems.

PUBH 3500. Consumer Health Education (2 credits) — Provides knowledge and information which will enable one to make intelligent decisions about the purchase and use of those health products and services available in society.

PUBH 3600. Quality and Utilization Assurance (3 credits) — Explores the issues related to quality, utilization, and risk management and the administrator’s role in developing an environment which supports institutionalization of these concepts.
PUBH 3950. Principles of Public Health Research (3 credits) — Overview of research techniques and methods emphasized in public health. Issues to be discussed include the steps, components, funding sources, proposal guidelines and general format of research reports for refereed journals.

PUBH 4007/5007. Principles and Practices of Patient Education (3 credits) — In this course students develop skills in the design and use of educational methods, materials, and counseling to provide specialized education for the patient in the clinical environment.

PUBH 4030. Community Health (3 credits) — Prerequisite: PUBH 1010 or ENVH 1800 or permission of instructor. Studies and analyzes community health problems and their causes. The organization, administration, and work of agencies involved with community health are explored, with emphasis on the professional’s responsibility for community health.

PUBH 4060. Community Organization for Health Education Projects (3 credits) — Prerequisite: PUBH 4030 or permission of instructor. Considers the principles and practices of community organization for health education and the role of the health educator in the community. Motivation of lay and professional individuals and groups to develop and implement community plans is studied.

PUBH 4220. Family Health and Human Sexuality (2 credits) — Designed to familiarize the student with health problems encountered by the family. The components of human sexuality as they relate to physical, mental, and social well-being are explored.

PUBH 4357/5357. Thanatology (3 credits) — Explores the concept of death, dying, grief and addresses the topics of: medical, legal, social, cultural and religious view of death both in America and other cultures. Through these studies, students will be able to deal with their own emotions and better understand that death is a natural process of life.

PUBH/SPCH 4377/5377. Health Communication (3 credits) — Prerequisites: Permission of the instructor. A study of the interpersonal, group, organizational, and public communication processes that shape beliefs, decisions and behavior regarding health, sickness, and health care. The course examines attitudes and actions of many participants in health communication, including citizens, health professionals, and those engaged in the public debate of health issues. (Students cannot receive credit for both SPCH 4377 and PUBH 4377.)

PUBH 4500. Pathophysiology of Disease (3 credits) — A discussion of common diseases with respect to etiologic agents, physiology, pathological, and emotional changes; management by chemical and physical agents, psychotherapy, and patient education.

PUBH 4607/5607. Gerontology and Health (3 credits) — Examines the aging process and is designed to familiarize the student with physical, psychological, and social changes. Course emphasizes assessment of needs in various areas relating to the aged.

PUBH 4707/5707. International Health: An Overview of Problems and Issues (3 credits) — Designed to provide a fuller understanding of the patterns of medical care delivery and public health practices and the factors that inhibit or enable their applications among community groups and organizations around the world.

PUBH 4850. Field Experience (12 credits) — Prerequisite: Permission of department. Work experience in hospitals, official and voluntary agencies, and other community groups and organizations. The student furnishes necessary living and traveling expenses.

PUBH 4907/5907. Independent Study in Public Health (1-3 credits) — Designed for students desiring an in-depth study of health problems in a special area of need.

PUBH 4937/5937. Stress Management (3 credits) — Designed to acquaint the student with the literature and research on stress. Emphasis is given to the identification of stressors, change behavior, and reduction of the deleterious effects of distress and tension experienced by health professionals.

PUBH 4957/5957. Topic in Public Health (1-6 credits) — Surveys new development in health education, following a structured approach or the intensive study of a selected topic utilizing the workshop approach.

PUBH 4989. Cooperative Education (1-3 credits)

Graduate Course Listing

For descriptions and prerequisites, see the Graduate Catalog. Graduation Curriculum is being revised. Contract the MPH Coordinator.

PUBH 5020. Philosophy of Public Health (1 credit)

PUBH 5110. Assessment of Individual and Community Health (3 credits)

PUBH 5120. Techniques of Research and Evaluation (3 credits)

PUBH 5130. Planning and Implementation of Community Health Programs (3 credits)

PUBH 5150. Consulting in Organizations and Communities (3 credits)

PUBH 5200. Social and Behavioral Foundations (3 credits)

PUBH 5210. Professional Development for Public Health Practice (2 credits)

PUBH 5310. Principles of Biostatistics (3 credits)

PUBH 5340. Health Appraisal Techniques (3 credits)

PUBH 5400. Principles of Epidemiology (3 credits)

PUBH 5401. Rural Health Issues (3 credits)

PUBH 5500. Adm. of Health Programs (3 credits)

PUBH 5505. Managing Health Care Organizations (3 credits)

PUBH 5510. Long Term Care Administration (3 credits)

PUBH 5525. Health Services Organization and Delivery (3 credits)

PUBH 5535. Health Policy, Politics and Analysis (3 credits)

PUBH 5550. Human Resources Mgmt. in Health Organizations (3 credits)

PUBH 5590. Strategic Planning for Health Care (3 credits)

PUBH 5600. Industrial Health Education (3 credits)

PUBH 5620. Hazards in the Workplace (3 credits)

PUBH 5850. Field Experience (6 credits)

PUBH 5900. Grant and Proposal Development (3 credits)

PUBH 5950. Research Seminar (3 credits)

PUBH 5960. Thesis (1-4 credits)

PUBH 5989. Cooperative Education (1-3 credits)

PUBH 5990. Readings and Research (1-3 credits)

Interdisciplinary Public Health

IDPH 2000. Introduction to Rural Health (1 credit) — This course provides an introduction to the rural primary and community care. A concentration experience at the rural site familiarizes students with the community and provides a foundation for later coursework and clinical experiences.

IDPH 3005. Community Skills in Health Professions (3 credits) — This interdisciplinary course addresses basic communication skills that are utilized by health professionals. The course focuses on data gathering skills, development of rapport, listening skills, empathic and facilitative responses. Principles of interpersonal, family, group and interdisciplinary communication strategies are addressed.

IDPH 1008. Rural & Community Leadership I (3 credits) — Students learn about caring for communities by conducting assessments using a variety of data sources, developing program plans, participating in a mock epidemic, visiting community agencies and institutions, and identifying local, state and national trends that impact the community’s health.

IDPH 3008. Rural and Community Leadership II (2 credits)

IDPH 3010. Rural and Community Health Needs (3 credits) — Students will collaborate with multidisciplinary students, faculty, and community members to provide selected health care interventions to adult populations.

IDPH 4000. Community Health Project (3 credits) — In collaboration with community agencies and organizations, students will identify a community health need and then plan, implement and evaluate a community intervention.
Public Relations

PUBR 2700. Introduction to Public Relations (3 credits) — Study of fundamental principles and techniques applicable in the field of public relations. Information is provided on various types of career opportunities.

PUBR 2770. Writing for Public Relations (3 credits) — Prerequisite: A grade of “C” or better in JOUR 2120. Instruction in fundamentals of reporting, feature writing, broadcast newswriting, and specialized writing done regularly by public relations practitioners. Assignments include work for public relations professionals.

PUBR 3770. Public Relations Publications (3 credits) — Fundamentals of typography, printing, and computer design applied to the production of publications and web sites common in the public relations field.

PUBR 4080. Public Relations Internship (3 credits) — Prerequisite: Permission of instructor. Supervised professional experience in public relations.

PUBR 4301. Topics in Public Relations (2-6 credits)

PUBR 4730. Public Relations Practices (3 credits) — Prerequisites: PUBR 2700, 2770, 2370, RTVF 3602. Application of public relations principles and techniques to business and industry, government, health care facilities, institutions and organizations, trades and professions. Emphasis on case studies and projects completed for on- and off-campus groups and organizations.

PUBR 4900/5900. Independent Studies in Public Relations (1-3 credits)

Graduate Course Listing

For descriptions and prerequisites see the GraduateCatalog.

PUBR 5301. Topics in Public Relations (2-6 credits)
PUBR 5310. Media Management (3 credits)
PUBR 5320. Public Relations Case Studies (3 credits)

Radiologic Technology

RADT 3000. Image Production and Evaluation (4 credits) — Prerequisite: Program admission. Corequisites: RADT 3010, RADT 3020, RADT 3021, and RADT 3040. This course presents an in-depth discussion of image formation to include photographic and geometric factors. Discussion includes: prime factor manipulatives, calculations, and derivatives, latent/manifest image formation, radiographic interactions, and pathological considerations. All factors concerning image production will be interrelated. Extensive correlation, practical/laboratory applications, and written assignments are required.

RADT 3010. Radiation Physics (3 credits) — Prerequisite: Program admission. Corequisites: RADT 3000, 3020, 3021, and 3040. An in-depth discussion of atomic theory, magnetism and electromagnetism, electrostatics, electrodynamics, radiation production and interaction, and energy transformation will occur. Radiographic tube construction, operation, and electronic schematics will be presented and interrelated with the associated medical utilization and characteristics.

RADT 3020. Radiographic Procedures I (3 credits) — Prerequisite: Program admission. Corequisite: RADT 3020. An in-depth discussion of radiographic procedures including the thoracic-abdominal areas and the appendicular skeleton. Anatomy, patient care, and terminology are correlated with radiographic procedures. Appropriate methodologies regarding patient identification, clinical profiles, nomenclature, universal precautions, and radiographic critique/quality are presented. An accompanying laboratory experience analyzing radiographic evaluation and techniques will occur.

RADT 3021. Radiography Procedures I Lab (1 credit) — Prerequisite: Program admission. Corequisite: RADT 3020. Under direct supervision, the student will observe, demonstrate, and produce diagnostic, quality radiographs of the thoracic-abdominal cavities and the upper/lower extremities.

RADT 3030. Radiographic Procedures II (3 credits) — Prerequisite: Program admission. Corequisite: RADT 3031. This course is a continuation and integration of RADT 3020 and 3021 that also includes an in-depth discussion of procedures of the axial skeleton, the digestive, neural, respiratory, biliary, and genitourinary body systems. Anatomy (inclusive of cross-sectional), patient care, pathology, and medical terminology will be correlated with procedures. An accompanying laboratory component will occur.

RADT 3031. Radiographic Procedures II Lab (1 credit) — Prerequisite: Program admission. Corequisite: RADT 3030. Under direct supervision, the student will observe, demonstrate, and produce diagnostic, quality radiographs of the axial skeleton, the digestive, neural, respiratory, biliary, and genitourinary body systems. Anatomy (inclusive of cross-sectional), patient care, pathology, and medical terminology will be correlated with procedures presented in RADT 3030.

RADT 3040. Clinical Education I (2 credits) — Prerequisite: Program admission. This competency-based clinical experience will introduce the radiography student to learning opportunities in ancillary areas and current imaging technologies available at clinical agencies. Student participation in patient assessment and care, and observing and performing medical imaging procedures as presented in RADT 3020/3021 under direct supervision will occur. Students will demonstrate cognitive, affective, and psychomotor skills with a focus on outcomes assessment.

RADT 3050. Clinical Education II (2 credits) — Prerequisites: Program admission and RADT 3040. Corequisites: RADT 3030 and 3031. A competency-based clinical experience that intensifies the cognitive, affective, and psychomotor skill level of students in the performance of imaging procedures of the axial and appendicular skeleton. Students continue to focus on outcomes assessment and to master procedures from RADT 3040.

RADT 3060. Radiographic Imaging and Quality Assessment (3 credits) — Prerequisite: Program admission. A course which discusses the history and role of computers in modern imaging systems including: picture archiving and communication systems, digital imaging, digital fluoroscopy, computerized tomography, magnetic resonance imaging, sonography, nuclear medicine, mammography, and radiation oncology. Quality assessment will be presented and integrated with imaging systems and modalities. Students will present written and oral reports with an emphasis on the written portion.

RADT 3070. Radiobiology (3 credits) — Prerequisite: Program admission. This course includes an in-depth discussion of the study of human cells, organs, systems, and human tissue as a result of exposure to various radiation sources. Methods of radiation safety, monitoring, and protection will be discussed. Students are required to orally present an associated topic to class and faculty.

RADT 4000. Clinical Education III (5 credits) — Prerequisites: Program admission and RADT 3050. A competency-based clinical practicum that requires higher cognitive, affective, and psychomotor skill levels. This clinical experience provides learning opportunities in fluoroscopy of the physiological body systems, cystography, advanced extremity, mobile, trauma, and surgical radiographic procedures. Mastery of knowledge from previous clinical practicums with a focus on outcomes assessment will occur. All classes occur at the clinical agencies.

RADT 4010. Clinical Education IV (3 credits) — Prerequisite: RADT 4000. This clinical experience will occur at a different clinical agency thereby diversifying the clinical applications of cognitive, affective, and psychomotor skills. Students will participate in diagnostic imaging, specialty areas, and interventional radiography to become a true part of the health care team. Students will complete minor, major, and graduate competencies (advanced radiographic/fluoroscopic procedures) emphasizing outcomes assessment.

RADT 4020. Clinical Education V (3 credits) — Prerequisite: RADT 4010. The clinical experience consists of assignments in general radiography/fluoroscopy and specialty areas (oncology, magnetic resonance imaging, and cardiac catheterization). Students will demonstrate the highest level of cognitive, affective, and psychomotor skills to complete graduate competencies, outcomes assessment, and program requirements.

RADT 4030. Radiographic Pathology (3 credits) — This course includes an in-depth discussion and radiographic correlation of disease processes. Disease etiology, processes, nature, causes of disease and injury, treatment, and their related radiographic significance will be discussed. Students will present case studies.

RADT 4040. Radiopharmaceuticals and Special Procedures (3 credits) — Advanced radiographic procedures encompassing interventional, vascular, neuroradiologic radiography, and specialized equipment procedures are discussed. Invasive techniques, contrast media pharmacology, and related imaging modality integration are presented.
Reading

**READ 3100. Reading Instruction in the Elementary School (3 credits)** — This course is designed to provide undergraduate students with a solid foundation for teaching reading and other literacy competencies in the elementary school. Emphasis is on developing understanding of the reading process and the teaching of reading as a keystone within the elementary school. Strategies for effective reading instruction are represented including the development of language, understanding the relationship of specific skills to the overall reading process, the use of children’s literature and basal reader programs, and the importance of reading and the integral nature of the reading process in content learning.

**READ 4027/5027. Diagnostic and Remedial Procedures in Reading (3 credits)** — Emphasis on case study procedure; direct contact with children in diagnostic situations; formal and informal procedures for diagnosing reading skills, abilities, aptitudes, and methods and materials for the correction or improvement of diagnosed reading difficulties. Students desiring graduate credit will have requirements beyond normal course expectations.

**READ 4147/5147. Basic Storytelling (3 credits)** — Study of and practice in storytelling. Uses of storytelling in various settings including classrooms, libraries, churches, and homes as public events.

**READ 4437/5437. Reading Instruction in Middle and Secondary Schools (3 credits)** — Prerequisite: Admission to teacher education. This course addresses reading strategies needed for various content areas; developmental, corrective, and remedial practices and procedures at the middle and secondary levels; and the role of language in learning subject matter content. Students desiring graduate credit will have requirements beyond normal course expectations.

**READ 4827/5827. Storytelling Resource Evaluation (3-6 credits)** — This course provides the student with training in planning, directing, and administering a storytelling festival. Festival activities introduce the student to various storytelling styles and content.

**READ 4900. Independent Study in Reading (1-3 credits)** — By approval from the program coordinator.

**READ 4957/5957. Topics in Reading (1-6 credits)** — Prerequisite: Dependent on subject matter. Selected topics of current interest in reading. Offered upon sufficient demand for specific subject matter. May be repeated for different topics. Consultation with the instructor is recommended before enrollment.

Radio/Television/Film

**RTVF 2600. Survey of Broadcasting (3 credits)** — The study of the development of the broadcast/cable/teleproduction industry and its present structure, new technologies, FCC and other regulatory agencies, station, network, cable, and teleproduction operations and their effect on society.

**RTVF 2604. Radio/TV Laboratory (1 credit)** — Prerequisite: RTVF 2630, 3602, 3640, 3651, 3661, and permission of instructor. Instruction and practical experience in producing the radio and television segment. A complete product from concept to “aired” segment is required in radio or television. May be repeated. Credit may also be earned in RTVF 4604.

**RTVF 2630. Writing for Radio/TV (3 credits)** — Prerequisite: RTVF 2600 or permission of instructor. Techniques of writing radio/television copy including commercials, announcements, program continuities, and dramatic scripts.

**RTVF 3600. Radio/TV News (3 credits)** — Prerequisite: MCN 2600 or permission of instructor. A study of the organization and function of broadcast news with training in reporting, writing, and editing news for various formats and program types.

**RTVF 3602. Video-Film Techniques (3 credits)** — Prerequisite: RTVF 2600 or permission of instructor. Theory and technique of commercial, ENG and EFP video, and digital technology. Course provides practical experience with all types of hardware and software.

**RTVF 3640. Broadcast Performance (3 credits)** — Prerequisite: RTVF 2600 or permission of instructor. The study and development of communication principles and skills for the announcer and actor with specific theory and training in the techniques, methods, and procedures that relate to broadcast performance.

**RTVF 3651. Radio Production (3 credits)** — Prerequisite: RTVF 2600 or permission of instructor. Principles and methods of producing and directing representative types of radio programs in lecture and laboratory sessions.

**RTVF 3661. Television Production (3 credits)** — Prerequisite: RTVF 2600 or permission of instructor. Principles and methods of producing and directing representative types of television programs in lecture and laboratory sessions.

**RTVF 3671. Broadcast Programming (3 credits)** — Prerequisite: RTVF 2600 or permission of instructor. The planning of radio and television programs and formats. Design of specific programs to effectively reach a desired audience. Includes analysis and redesign of programs already on the air. Available in odd-numbered years.

**RTVF 4080. Broadcasting Internship (3 credits)** — Prerequisite: Permission of instructor. Paid professional experience in broadcasting.

**RTVF 4401. Topics in Broadcasting (2-6 credits)**

**RTVF 4600. Radio/TV Reporting and Editing (3 credits)** — Prerequisites: RTVF 2600, 3600, and 3602 or permission of instructor. Experience in preparing radio and television newscasts for presentation. Synthesis of reporting, writing, audio, and film coverage of national, regional, and local news. Practical experience gained by presentation over radio and television.

**RTVF 4604. Radio/TV Laboratory (1 credit)** — Prerequisite: RTVF 2630, 3602, 3640, 3651, 3661, and permission of instructor. Instruction and practical experience in producing the radio and television segment. A complete product from concept to “aired” segment is required in radio and television. May be repeated. Credit may also be earned in RTVF 2604.

**RTVF 4651. Advanced Radio Production (3 credits)** — Prerequisite: RTVF 3651 or permission of instructor. A study of production methods with an emphasis on laboratory training in producing and directing special projects and complete radio programs.

**RTVF 4661. Advanced TV Production (3 credits)** — Prerequisite: RTVF 3602 or permission of instructor. A study of production methods with an emphasis on laboratory training in producing and directing special projects and complete television programs.

**RTVF 4680. Broadcast Production Practicum (2 credits)** — Prerequisites RTVF 2630, 3602, 3640, 3651, 3661 and permission of instructor. Instruction and practical experience in producing the radio and television programs. A complete product from concept to “aired” program is required in radio and television.
SALM 3100. Introduction to Leisure Services (3 credits) — An overview of the history and professional developments in leisure services. Broad treatment is given to the types and functions of leisure services in a modern world.

SALM 3105. Programming and Leadership in Leisure Services (3 credits) — This course is designed to introduce the student to program and leadership skills used in leisure services. Emphasis will be on leadership techniques, group dynamics, communication skills, and program development for various leisure services.

SALM 3110. Interpretation of Cultural and Natural Resources (3 credits) — This course will focus on the study and practice of interpretative techniques of cultural and natural resources. Emphasis will be placed on the development of skills in designing, producing, and presenting interpretative materials and programs in a recreational setting to all segments of the population. This course will also provide a service-learning project that will involve interaction with a leisure service organization that incorporates interpretation into its activity program.

SALM 3115. Wilderness First Responder (3 credits) — This course will focus on the preparation of outdoor leaders to respond to medical emergencies in remote locations. Emphasis will be placed on prevention of medical emergencies and decision making when emergencies occur. Also covered will be extended care and prolonged transport and improvised equipment. Additional course cost will be involved to cover the cost of supplies, certification, and instructor.

SALM 3117. Recreation for Special Populations (3 credits) — This course is an introduction to the area of therapeutic recreation and providing recreational services to special populations. Components of this course will include background information on the development of therapeutic recreation, environmental barriers and recreation opportunities, characteristics of selected populations, and program planning considerations for special populations. This course will include a service-learning component and require field trips to agencies providing therapeutic recreation services.

SALM 3120. Outdoor Recreation Skills (3 credits) — This course was designed to develop outdoor leadership and basic outdoor recreational skills in a variety of outdoor activities. In addition to the regular on-campus classes, students will be required to participate in several weekend field trips during which time they will demonstrate practical application of the skills and knowledge acquired. Activities covered in this course will include camping and campcrafts, outdoor cookery, hiking and backpacking, map and compass use, canoeing, and rock climbing.

SALM 3125. Camp Leadership (3 credits) — A study of organized camping with emphasis on leadership, programming, and camp administration. This course will follow the American Camping Association course content for the Basic Camp Director program.

SALM 3130. Natural Resource Management (3 credits) — This course will focus on the administration of recreational lands by state and federal agencies with emphasis on management policies and procedures. This course will include service-learning experiences involving travel to and volunteer work with federal and state land management agencies.

SALM 3135. Administration in Leisure Services (3 credits) — Prerequisite: SALM 3100 and SALM 3105. A study of duties, responsibilities, and functions of a competent administrator for a recreation or park delivery system. Emphasis is placed on the development of sound administrative practices and procedures.

SALM 3210, 3211, 3212. Practicum in Sport and Leisure Management I, II, and III (1 credit each) — This class will afford the student the opportunity to perform management duties under the supervision of a sports or leisure services manager. The assignment will be part time (up to eight hours maximum per week and a maximum of 48 total hours per semester) and be performed either on campus or in close proximity to campus.

SALM 3220. Facility Planning and Event Management (3 credits) — A study of content concerning the planning of facilities to accommodate sport and fitness activities. Students will learn procedures to effectively conduct sporting events.

SALM 3225. Marketing Strategies and Public Relations in Sport Management (3 credits) — This course is designed to provide students with a practical application of marketing science and public relations as they relate to all realms of the sport industry - professional sports, intercollegiate, interscholastic, and intramural sport, amateur sports, and all elements of commercial clubs, resorts, camps, and service organizations.

SALM 3230. Sport in the Social Context (3 credits) — An introductory course devoted to an examination of sport and its relationship to society and to other social institutions. Principal emphasis is given to sport in American society.

SALM 4100. Professional Field Experience in Leisure Services (3 credits) — Provides the student with the opportunity to be actively involved in a leisure service delivery system. Includes the application of theoretical knowledge to practical situations. The student will be required to complete a minimum of 120 hours of documented field experience during the semester.

SALM 4107. Alpine Tower Leadership (3 credits) — This course utilizes the Alpine Tower Complex as a unique educational modality for developing teamwork, trust, cooperation, communication, and respect for others in a problem-solving environment. In addition, students will also develop leadership skills necessary to facilitate the personal growth of others through educational experiences using the Alpine Tower Complex. Emphasis will also be given to the day-to-day management, operation, and maintenance of the Alpine Tower Complex and similar types course operations. This course will include service-learning experiences involving group leadership on the Alpine Tower Complex.

SALM 4117, 4118, 4119. Outdoor Leadership (3 credits each) — This course is based on the student contract format and will provide students an opportunity to complete a course of study involving specialized outdoor leadership development with outdoor leadership organizations such as the National Outdoor Leadership School (NOLS), Outward Bound (OB), and Wilderness Education Association (WEA). The course will be a minimum of three (3) weeks in length including pre-field experience assignments, field experience with a specific outdoor leadership organization, and post-field experience project completion and assessments. Specific course requirements will be established on an individual basis and the course grade assigned according to the established contact.

SALM 4127. Rocky Mountain Experience (3 credits) — This is a service-learning course that involves extensive travel and work in selected national parks in the Rocky Mountain region. During the course students will develop outdoor living skills, leadership skills in an outdoor environment; skills relative to trail and campsite construction and basic park maintenance; knowledge of the flora, fauna, and geological features of national parks visited; and knowledge of the impact of governmental policies on the management and operation of national parks. This course will involve extensive tent camping and travel by van as part of a group experience.

SALM 4137. Wilderness Education Association Stewardship Program (3 credits) — Based on the Wilderness Education Association (WEA) 18 point curriculum, this course is a field-based experience designed to develop principles of wilderness ethics, land stewardship, effective group dynamics, and technical travel skills sufficient to move a group through the wilderness safely, enjoyably, and with a minimum of environmental and social impact.

SALM 4205. Issues and Trends in Sport Management (3 credits) — The purpose of this course will be to identify and analyze current factors affecting the field of Sport Management. The primary thrust of the course will be directed toward the modern day duties and responsibilities of a sports manager. Current trends in the Sport Management field will be researched and discussed. Specific course content will vary with the evolution of the field of Sport Management.
SALM 4210. Legal Issues and Risk Management in Sport and Leisure Activities (3 credits) — This course is intended to aid sports medicine personnel and sport and leisure service leaders in understanding the major legal concepts affecting the practices and procedures followed in their professions, and in initiating an active program of risk and liability management that will help ensure the safety of participants in these programs. This course has been identified as writing- and oral-intensive.

SALM 4215. Psychology of Sport and Leisure (3 credits) — An introduction to the psychological and sociological behavioral dimensions that underlie participation in exercises, fitness, recreational, and competitive sport activities.

SALM 4225. Management of Sport and Leisure Activities (3 credits) — To provide the student with knowledge of sport management in both athletics and leisure sport including management theories, roles and responsibilities.

SALM 4230. Fund-Raising in Sports (3 credits) — This course is designed to provide students with the knowledge to seek out resources from a wide range of possible sources and to use marketing and promotions skills to employ resources to yield optimum benefits.

SALM 4250. Internship in Sport and Leisure Management (3 credits) — This class will give the student the opportunity to put theory into practice. Students will work in a sport or leisure management agency for forty hours per week (minimum of 480 clock hours per semester) for an entire semester. Students will be consulted as to the sport or leisure management agency desired for the internship experience.

Graduate Course Listing
For descriptions and prerequisites see the Graduate Catalog.
SALM 5020. Sport in Society (3 credits)
SALM 5200. Issues in Sport Management (3 credits)
SALM 5210. Practica I
SALM 5211. Practica II
SALM 5212. Practica III
SALM 5220. Internship to Sport Management (3 credits)
SALM 5230. Sport Marketing (3 credits)
SALM 5330. Legal Issues (3 credits)
SALM 5340. Risk Management and Assessment in Sport (3 credits)

Science Education
SCED
SCED 3250. Elementary Science Education (3 credits) — Prerequisite: Eight credits of science. Materials methods, activities, and content appropriate to the program of science in the elementary school.
SCED 4020. Wildlife Conservation (3 credits) — Prerequisite: Eight credits of science. Relationships of wild animals to the physical environment and to other organisms, including humans, with emphasis on man's attempts to restore and maintain habitats.
SCED 4320. Integrated Teaching: Science (3 credits) — Prerequisite: Admission to teacher education, completion of eight credits of Science, CUAI 4210, CUAI 4220, and CUAI 4230. This course is taken concurrently with CUAI 4310, and CUAI 4330. This course provides K-8 science program perspectives. Science teaching methodology, content, and skills are examined with an emphasis on integration with mathematics and other appropriate subject areas. Learning needs of cultural, gender, and special populations are explored. (Evative-level Portfolio required)
SCED 4417/5417. Teaching Science in Secondary Schools (3 credits) — Prerequisites: Twelve credits of science and upper-division standing. Methods of teaching science in junior and senior high. Emphasis on classroom and laboratory techniques, demonstrations, selections of material, and visual aids.
SCED 4904. Independent Study in Science Education (1-6 credits)
SCED 4957/5957. Topics in Science Education (1-6 credits) — Prerequisite: Dependent on subject matter. Selected topics of current interest in science education. Offered upon sufficient demand for specific subject matter. May be repeated for different topics. Consultation with the instructor is recommended before enrollment.

Sociology and Anthropology
SOAA
SOAA 1000. Academic Advantage (2 credits) — This course helps the first-year student make the transition to the university, develop a better understanding of the learning process, and enhance essential academic skills. The course provides a support group for students in a critical transitional year by examining problems and issues common to the first year of college. Elective credit only; does not apply toward the major or minor requirements.
SOAA 1020. Introduction to Sociology (3 credits) — Sociology is the systematic study of social behavior. Topics include interaction, culture, inequality and social class, the changing society, socialization, subcultures, crime and deviance, family and religion, among others.
SOAA 1240. Introduction to Cultural Anthropology (3 credits) — An introduction to the basic concepts, theories, and methods of cultural anthropology. Major topics addressed include the relationship between biology and culture, cultural diversity, adaptation, and cultural evolution.
SOAA 1280. Introduction to Physical Anthropology and Archaeology (3 credits) — An introduction to the study of human evolution, human biological diversity, archaeo logical theory and methods, and cultural evolution in the Old and New Worlds.
SOAA 2000. Marriage and the Family (3 credits) — An overview of the effects of societal change on marital and nonmarital relationships. Topics include premarital dynamics, singles, dual career families, family violence, and divorce.

SOAA 2020. Social Problems (3 credits) — Prerequisite: SOAA 1020. Sociological study of major current problems confronted in American society and the beliefs that compound them.
SOAA 2040. Folk Culture in the Modern World (3 credits) — Prerequisite: SOAA 1020, 1240, or permission of instructor. An introduction to the major theories, concerns, and methods of modern folklore scholarship with strong emphasis upon field studies of family and regional traditions and the practical applications of folklore research in cultural outreach and public educational programs.
SOAA 2150. American Folk Music (3 credits) — A multi-cultural survey of America's diverse ethnic and regional traditions of folk music, how they have been revived and popularized in the twentieth century, and their contributions to contemporary popular culture around the world.
SOAA 3030. Gender and Society (3 credits) — Prerequisites: SOAA 1020 or permission of instructor. Study of the social construction of gender and its consequences for individuals and society. Examination of our cultural assumptions about gender identities, roles, behaviors, and the social processes that reproduce gender inequality.
SOAA 3060. Medical Sociology (3 credits) — Prerequisite: SOAA 1020 or permission of instructor. Study of the concepts, theories, and methods of medical sociology with particular emphasis on the analysis and application of the findings of contemporary research in medical sociology.
SOAA. 3070. Medical Anthropology (3 credits) — Prerequisite: SOAA 1240, or permission of instructor. An introduction to the crosscultural, holistic, and evolutionary study of illness and health. Major topical areas include ethnomedical belief systems, the interaction of biology and culture, and culture as an adaptive mechanism.
SOAA 3110. Minorities (3 credits) — Prerequisite: SOAA 1020 or permission of instructor. Examination of the relationships between dominant and subordinate racial, ethnic, and other groups in the U.S., the theoretical perspectives, the processes that create or maintain institutional discrimination, and current issues concerning intergroup relations.
SOAA 3150. Urbanization (3 credits) — Prerequisite: SOAA 1020 or permission of instructor. Processes of urbanization and the urban impact on rural life; the structure of the metropolis, segregation, slums, suburbs, mobility, disorganization, and cultural change.
SOAA 3210. Sociological Research (3 credits) — Prerequisite: SOAA 1020 or permission of instructor. Methods used in investigating and reporting social phenomena.
SOAA 3300. Deviant Behavior (3 credits) — Prerequisite: SOAA 1020 or permission of instructor. An analysis of various types of deviance in society with an emphasis on the application of various theories. Topics include drug addiction, prostitution, mental illness, the physically handicapped, sexual deviance, alcoholism, and domestic violence.
SOAA 3310. Criminology (3 credits) — Prerequisite: SOAA 1020 or permission of instructor. An analysis of the major sociological theories of crime causation, sociological aspects of types of offenders, and techniques of measuring crime.

SOAA 3320. Juvenile Delinquency (3 credits) — Prerequisite: SOAA 1020 or permission of instructor. A study of the extent, causes, treatment, and prevention of delinquency.

SOAA 3350. Social Statistics (3 credits) — Prerequisite: MATH 1530. An introduction to applied statistics in the field of sociology and related disciplines. This course is offered during the spring semester only.

SOAA 3444. Microcomputers as a Research Tool (3 credits) — Prerequisite: MATH 1530, COSC 1100 and SOAA 3210 (or a comparable course, with the approval of the instructor). Instruction on the use of SPSS/PC and/or other software packages for analyzing social science data via statistics with an emphasis on interpretation and application.

SOAA 3500. Appalachian Folk Medicine (3 credits) — The study of folk medical beliefs and practices, focusing on Southern Appalachia from the late 1800s to 1940. Topics examined include folk materia medica & therapeutics, magico-religious beliefs and practices, folk healers, folk concepts of illness and human physiology.

SOAA 3700. Peoples and Cultures of Latin America (3 credits) — An introduction to various cultures and nations in Latin America. Topics include indigenous cultures, cultural variation, economic development, political change and demographic processes.

SOAA 3800. Religion, Society, and Culture (3 credits) — Prerequisite: SOAA 1020, 1240, or permission of instructor. Analysis of the social and cultural dimensions of religion and the origins, functions, and place of religion in human societies.

SOAA 4027/5027. Advanced Principles of Sociology (3 credits) — Prerequisite: SOAA 1020 or permission of instructor. A consideration of the theoretical and research applications of sociological concepts. This course is offered during the fall semester only.

SOAA 4087/5087. The Family in Transition (3 credits) — Prerequisite: SOAA 1020 or permission of instructor. An analysis of the changing family with emphasis on family theory.

SOAA 4157/5157. Sociology of the City (3 credits) — Prerequisite: Permission of instructor. The sociology of modern urban centers with emphasis upon the development, social organization, and social change that characterize this aspect of modern society, and the influence of urban patterns upon the total society.

SOAA 4257/5257. Power, Wealth, and Poverty (3 credits) — Prerequisite: SOAA 1020. Examination of the theories and research concerning the distribution of power, wealth, and prestige in American society, and the impact of social class on life chances.

SOAA 4337/5337. Social Psychology (3 credits) — Prerequisite: SOAA 1020 or permission of instructor. Study of social interaction, the development of self, and the social construction of reality.

SOAA 4357/5357. Mass Communications and Popular Culture (3 credits) — Prerequisite: SOAA 1020 or permission of instructor. An examination of the impact of modern communications technology upon traditional lifestyles and world views, particularly entertainment during the 20th century.

SOAA 4507/5507. Sociology of the Aging (3 credits) — Prerequisite: SOAA 1020 or permission of instructor. An application of basic sociological principles, theories, and research findings to the understanding of the aging and their relationships with other segments of the population.

SOAA 4557/5557. Population (3 credits) — Prerequisite: SOAA 1020 or permission of instructor. Major population characteristics, trends, and problems, primarily those of the United States.

SOAA 4627/5627. Ethnographic Field Work Techniques (3 credits) — Prerequisite: SOAA 1020 or permission of instructor. An introduction to the information-gathering techniques and strategies employed by modern anthropologists, folklorists, and qualitative sociologists, including interviewing, recording, photography, transcription, and analysis of field work. Practical applications and cultural situations are also stressed.

SOAA 4807/5807. Modern Social Theory (3 credits) — Prerequisite: SOAA 1020 or permission of instructor. This course provides a comprehensive survey of key modern social theorists and theories within the historical context of the emergence of the modern world order. This course is offered during the fall semester only.

SOAA 4900. Independent Studies (1-3 credits) — Prerequisite: Permission of instructor.

SOAA 4957/5957. Special Topics in Sociology/Anthropology (1-6 credits)

SOAA 4989-99. Cooperative Education (1-3 credits)

Graduate Course Listing

For description and prerequisites see the Graduate Catalog.

SOAA 5050. Sociology of Education (3 credits)

SOAA 5110. Contemporary Social Theory (3 credits)

SOAA 5210. Sociological Research (3 credits)

SOAA 5315. Seminar in Crime and Delinquency (3 credits)

SOAA 5320. Program Evaluation (3 credits)

SOAA 5444. Applied Data Analysis for the Social Sciences (3 credits)

SOAA 5500. Topical Seminar (3 credits)

SOAA 5560. Seminar in Medical Sociology (3 credits)

SOAA 5562. Sociology of Age and The Life Course (3 credits)

SOAA 5566. Sociology of Work (3 credits)

SOAA 5580. Skills in Applied Sociology and Anthropology (3 credits)

SOAA 5580. Supervised Internship (1-6 credits)

SOAA 5587. Internship Placement Report (3 credits)

SOAA 5590. Independent Studies (1-3 credits)

SOAA 5599-99. Cooperative Education (1-3 credits)

SOAA 5599. Readings and Research (3 credits)

Social Work

SOWK 1010. Introduction to Social Work (3 credits) — Introduces students to the profession of social work and provides an overview of the professional knowledge, skills, and values necessary for generalist social work practice. Students are introduced to the historical evolution of social work, the history of social welfare, the various fields of social work practice nationwide and in the Appalachian region, and general systems theory.

SOWK 2400. Rural and Appalachian Culture (3 credits) — Designed to provide an understanding and appreciation of the unique cultural characteristics of rural and Appalachian people, with a focus on the impact of major social institutions, e.g., family, religion, social welfare, education, and economics. The purpose is to enable students to understand the role of generalist social work practice in rural areas and in Appalachia and prepare them to become more effective service providers in the region.

SOWK 2500. Interviewing and Recording Skills (3 credits) — Prerequisite or Corequisite: SOWK 1010. Provides a beginning knowledge base and the development of interviewing and recording skills essential for generalist social workers and those pursuing other social services. The focus of this course is on interviewing and recording techniques which can be applied to all levels of social work practice. The student is given an opportunity to develop interviewing and recording skills through the use of role play and videotaped scenarios. Systems theory is applied to the conscious selection of techniques to be used with various populations at different levels of practice.

SOWK 3000. Human Behavior/Social Environment (1-3 credits) — Prerequisites: SOWK 1010, PSYC 1310, and one of the following: BOL/1010/11, 1120/21, 1110/11 or HSCI 1010/11. Prerequisite or corequisite: HDAL 2310. Emphasizes the understanding of human behavior, both individual and family, from a person-in-environment perspective. Cultural and lifestyle conditions which produce various traditional and diverse behaviors are examined with some focus on Appalachian lifestyles. Included are factors such as gender and race as determinants of behavior. The general systems approach is used as a foundation upon which to understand human behavior in the social environment. Students are expected to apply this knowledge to generalist social work practice.
SOWK 3010. Human Behavior/Social Environment II (3 credits) — Prerequisite: SOAA 1020 and SOWK 3000. Provides a social work orientation to the understanding of human behavior in large groups, communities, and formal organizations. Its purpose is to explain the social systems and critical analytic perspectives and thus provide the student with a foundation sufficient to integrate knowledge about growth, change, and organizations. Students should then be able to apply that knowledge in generalist social work practice. Emphasis is placed on institutional sexism and racism.

SOWK 3330. Cultural Diversity in SW Practice (3 credits) — The purpose of this course is to introduce the knowledge necessary for social work practice with disadvantaged and oppressed groups over-represented in the field of social work. It critically examines how personal and professional values, beliefs, and behaviors affect work with diverse people. This course will provide critical analysis of issues of power, race, ethnicity, class, gender, sexual orientation, religion, physical/mental ability, and age as they apply to holistic social work practice.

SOWK 3430. Social Welfare Policy and Services (3 credits) — Prerequisites: PSCI 1120, SOWK 1010. Provides a foundation for knowledge building in the nature, history, and structure of societal efforts to meet perceived personal and social needs through the legislative, judicial, and administrative arenas. Its purpose is to enable students to develop beginning practice skills in the construction, analysis, and implementation of social welfare policy at local, state, and national levels. General systems theory and a critical analytic approach will provide the student with a foundation to apply knowledge and enrich understanding.

SOWK 3462. Social Services for Children (3 credits) — Focuses on the development of child welfare programs and services, contemporary issues such as child neglect and abuse, and modes of professional intervention on behalf of children and families. Particular emphasis will be given to service provision in the Appalachian region.

SOWK 4210. Social Work Research (3 credits) — Prerequisites: MATH 1530, CSCI 1100, SWOK 1010. This course is designed to provide students with an understanding and an appreciation for the scientific approach. Students will have the opportunity to understand how the scientific approach is used to build a knowledge base for generalist social worker practice and how it is used to evaluate practice/program effectiveness. Standards for ethical behavior applicable to the scientific process will be presented and discussed. Furthermore, this course will require the student to become involved in understanding and applying qualitative/quantitative methods, data analysis techniques, practice/program evaluation designs, and in raising pertinent social work research questions. This course will also require students to critically evaluate research articles pertinent to generalist social work practice. Finally, issues pertaining to applying research designs to populations at risk will be examined.

SOWK 4310. Social Work Practice I (4 credits) — Prerequisites: SWOK 2500, 3000, and formal admission to the social work major. This is the first of two courses providing the general method as a practice framework for beginning social work practice. Building on foundation knowledge, values, and skills introduced in SOWK 2500, this course emphasizes an ecological-systems approach to problem solving. Students further develop this foundation as it relates to engagement, data collection, assessment, intervention, evaluation, and termination phases in service delivery with a variety of systems. Primary emphasis is on micro/group systems. Students will learn how to work effectively without bias or discrimination. Students will participate in community-based learning experiences.

SOWK 4320. Social Work Practice II (4 credits) — Prerequisites: SOWK 3010 and 4310. Prerequisite or Corequisite: SOWK 3430. This is the second of two courses providing the general method as a practice framework for beginning social work practice. Building particularly on the foundation provided in SWOK 2500, 3010, and 4310, this course moves the beginning generalist practitioner to more complex macro systems. Emphasis is placed on the problem-solving techniques of problem identification, research and data collection, assessment, design, and selection of planned change strategies, implementation, and evaluation. Non-discriminatory practice is reinforced. Students will participate in community-based learning experiences incorporating program planning and development activities.

SOWK 4367/5367. Seminar in Alcohol and Drug Abuse (3 credits) — Prerequisites: Preparing for licensure as a school social worker. Explores the various types of crises and approaches to crisis intervention relative to professional practice utilizing general systems theory as the basic underlying framework. The student will engage in role play, simulations, and games, to develop beginning professional skills needed to work with individuals, families, groups, and communities in crisis.

SOWK 4517/5517. Crisis Intervention (3 credits) — Explores the various types of crises and approaches to crisis intervention relative to professional practice utilizing general systems theory as the basic underlying framework. The student will engage in role play, simulations, and games, to develop beginning professional skills needed to work with individuals, families, groups, and communities in crisis.

SOWK 4866/5866. Seminar in School Social Work (3 credits) — Prerequisite: Preparing for licensure as a school social worker. Explores the various types of crises and approaches to crisis intervention relative to professional practice utilizing general systems theory as the basic underlying framework. The student will engage in role play, simulations, and games, to develop beginning professional skills needed to work with individuals, families, groups, and communities in crisis.

SOWK 4900. Directed Independent Study (Variable: 1-3 credits) — Prerequisite: Permission of instructor and major status. Directed independent study on a topic related to social work practice which is of special interest to the student. The purpose is to enable students to utilize research knowledge and skills in pursuing a special area of interest in depth. Such students will be provided guidance and direction by a faculty member who has expertise in the area of study to be pursued by the student.

SOWK 4928. Honors Study (3 credits) — Prerequisite: Permission of instructor. Directed independent study on a topic related to social work practice which is of special interest to the student. The purpose is to enable students to utilize research knowledge and skills in pursuing a special area of interest in depth. Such students will be provided guidance and direction by a faculty member who has expertise in the area of study to be pursued by the student.

SOWK 4957/5957. Special Topics in Social Work (3-6 credits) — Prerequisite: Junior or senior status. Graduate students, after consultation with the instructor, will be permitted to enroll in some topics. Selected topics that relate to fields of practice or current issues in the profession. Two-credit courses may be taken on different topics.
Hispanic culture and literature.

Intermediate Spanish: grammar review, oral practice, and writing. Emphasis on placement of descriptive adjectives, pronouns, verbs used reflexively, and the Prerequisites: SPAN 2020 or equivalent. Practice in conversation, with emphasis on idioms, syntax, and current expressions. Study of grammar through written compositions.

SPAN 3033. Hispanic Readings and Composition (3 credits) — Prerequisites: SPAN 2020 or equivalent. An introduction to Hispanic literature with emphasis on writing.

SPAN 3213. Spanish Phonetics and Pronunciation (3 credits) — Prerequisites: SPAN 2020 or equivalent. An introduction to the phonetic system of Spanish and its spoken peculiarities in the Hispanic world.

SPAN 3313. Civilization of Spain (3 credits) — Prerequisites: SPAN 2020 or equivalent. Geography, history, and culture of Spain.

SPAN 3413. Civilization of Latin America (3 credits) — Prerequisites: SPAN 2020 or equivalent. Geography, history, and culture of Latin America.

SPAN 3513. Survey of Spanish-American Literature (3 credits) — Prerequisites: SPAN 2020 or equivalent. Representative works from Spanish-American literature.

SPAN 3613. Survey of Spanish-American Literature (3 credits) — Prerequisites: SPAN 2020 or equivalent. Representative works from Spanish-American literature.

SPAN 3713. Hispanic Poetry (3 credits) — Prerequisites: SPAN 2020 or equivalent. Works of the principal poets of Spain and Spanish America.

SPAN 4007/5007. Golden Age Drama (3 credits) — Prerequisites: SPAN 2020 or equivalent. A study of the origins of the Spanish theatre through the 17th century, with particular emphasis on Lope de Vega, Tirso de Molina, Juan Ruiz Alarcón, Calderón de la Barca, and Francisco de Rojas Zorrilla.

SPAN 4107/5017. Advanced Spanish Grammar I (3 credits) — Prerequisites: SPAN 2020 or equivalent. A study of complex grammatical aspects of the language such as ser vs. estar, pretense vs. imperfect, and the subjunctive.

SPAN 4207/5027. Advanced Spanish Grammar II (3 credits) — Prerequisites: SPAN 2020 or equivalent. A study of complex grammatical aspects of the language such as the subjunctive in adverbial clauses, prepositions, placement of descriptive adjectives, pronouns, verbs used reflexively, and the passive voice.

SPAN 4107/5107. Cervantes (3 credits) — Prerequisites: SPAN 2020 or equivalent. A study of the representative works of Miguel de Cervantes Saavedra, with special emphasis on the Quijote.

SPAN 4117/5117. Hispanic Cinema (3 credits) — Prerequisites: SPAN 2020 or equivalent. A study of cinematic works from Latin America and Spain within the context of Hispanic literature and culture.

SPAN 4127/5127. Introduction to the Spanish-Speaking Community (3 credits) — Prerequisites: Two years of college Spanish or by permission of instructor. This is a community-based course which provides students with the knowledge and skills to effectively interact with members of Spanish-speaking communities in both social and professional contexts. This course teaches cultural competence and diversity through an interdisciplinary approach involving students and faculty in the promotion of cordial, supportive, and effective relationships between Spanish-speaking and English-speaking community members. Students complete substantial field experience in Spanish-speaking communities.

SPAN 4137/5137. Translation and Community Outreach (3 credits) — Prerequisites: Two years of college Spanish or by permission of instructor. This course teaches basic translation skills through an interdisciplinary approach involving students and faculty in the promotion of cordial, supportive, and effective relationships between Spanish-speaking and English-speaking community members. This course includes a number of projects in the community.

SPAN 4147/5147. Interpretation And Community Outreach (3 credits) — Prerequisites: Two years of college Spanish or by permission of instructor. This course teaches basic interpretation skills through an interdisciplinary approach involving students and faculty in the promotion of cordial, supportive, and effective relationships between Spanish-speaking and English-speaking community members. This course includes a number of projects in the community.

SPAN 4207/5207. Nineteenth-Century Spanish Literature (3 credits) — Prerequisites: SPAN 2020 or equivalent. Selected works by the principal 19th-century novelists and dramatists of Spain.

SPAN 4307/5307. The Generation of '98 (3 credits) — Prerequisites: SPAN 2020 or equivalent. The origins, development, and influence of this early 20th-century renaissance of Spanish letters, with attention given to the most representative poets, dramatists, and novelists of the period.

SPAN 4407/5407. Twentieth-Century Spanish Literature (3 credits) — Prerequisites: SPAN 2020 or equivalent. Selected works by the principal 20th-century novelists and dramatists of Spain.

SPAN 4507/5507. Spanish Short Story (3 credits) — Prerequisites: SPAN 2020 or equivalent. Spanish and Spanish-American short stories from the 19th and 20th centuries.

SPAN 4607/5607. Modernist Movement in Spanish America (3 credits) — Prerequisites: SPAN 2020 or equivalent. A study of Rubén Darío, his contemporaries and followers.

SPAN 4707/5707. Spanish-American Theatre (3 credits) — Prerequisites: SPAN 2020 or equivalent. Selected works of the principal 19th- and 20th-century dramatists of Spanish America.

SPAN 4737/5737. Art at the Prado Museum (3 credits) — Prerequisites: SPAN 2020 or equivalent. A study of the major school of painting at the Prado, with emphasis on the Spanish artists.

SPAN 4807/5807. Spanish-American Novel (3 credits) — Prerequisites: SPAN 2020 or equivalent. Selected works by the principal novelists of Spanish America.

SPAN 4903. Special Studies in Spanish (1-3 credits) — Prerequisites: SPAN 2020 or equivalent. Designed to provide opportunities for study in areas not provided for in regular course offerings for undergraduates. Students desiring to enroll must obtain permission from the instructor.

SPAN 4957/5957. Topics in Spanish (3 credits) — Prerequisites: SPAN 2020 or equivalent. This course gives students an opportunity to study special problems and new developments in the field of Spanish.

Graduate Course Listings

For descriptions and prerequisites see the Graduate Catalog.

SPAN 5003. Colonial Literature (3 credits)

SPAN 5103. Contemporary Spanish Novel (3 credits)

SPAN 5203. Contemporary Spanish-American Novel (3 credits)

SPAN 5303. Contemporary Spanish Theatre (3 credits)

SPAN 5403. Contemporary Spanish-American Theatre (3 credits)

SPAN 5903. Special Studies in Spanish (1-6 credits)

Speech

SPCH

SPCH 1300. General Speech (3 credits) — A study of effective interpersonal, interperson, and public communication as well as an introduction to communication theory and nonverbal communication.

SPCH 2300. Public Speaking (3 credits) — The study and practice of preparing, delivering, and analyzing public speeches.

SPCH 2320. Argumentation and Debate (3 credits) — An introduction to oral argumentation and debate, including case construction techniques, case analysis and criticism, and research methods.

SPCH 2330. Communication Theory (3 credits) — This course applies modern and traditional communication theories as analytical tools to understand how communication operates in a variety of settings.

SPCH 2999. Cooperative Education (1-3 credits)

SPCH 3300. Analysis and Criticism: Qualitative Research (3 credits) — A study of formats for analyzing and evaluating persuasive speeches, essays, editorials, television programs, and advertisements.

SPCH 3310. Intrapersonal Communication Processes (3 credits) — A study of those processes that take place within communicators as they speak, listen, and process information with special emphasis on the functional and dysfunctional effects of those processes on the cognitive domain.
SPCH 3330. Quantitative Communication Research Methods (3 credits) — Prerequisites: SPCH 1300, 2300, 2330 or permission of instructor. A study of the methods and issues concerning designing, implementing, and evaluating communication research in interpersonal, interpersonal, group, mass media communication and research in interpersonal and group communication.

SPCH 3350. Interpersonal Communication (3 credits) — A study of the theoretical foundations and the applied practice of interpersonal and relational communication.

SPCH 3380. Dynamics of Group Leadership (3 credits) — A study of communication in small groups with emphasis on building leadership skills and improving group problem-solving efforts.

SPCH 3390. Persuasion (3 credits) — A study of available means of influencing another person/group and conducting mass campaigns and advertising. Emphasis is on influence through the speech medium, but other verbal and nonverbal channels of persuasion are considered.

SPCH 4317/5317. Rhetoric and Public Address (3 credits) — Historical study of rhetorical theory as applied to manuscripts, speakers, and audiences.

SPCH 4346. Business and Professional Communication (3 credits) — A study of communication insights and development of skills to achieve professional competence.

SPCH 4357/5357. Communication in Organizations (3 credits) — A study of communication needs, problems, and practices within various organizations.

SPCH 4366. Communication Ethics (3 credits) — A study of ethical principles of interpersonal and public communication, with special attention to the practice of the communication professions.

SPCH/PUBH 4377/5377. Health Communication (3 credits) — Prerequisite: Permission of instructor. A study of the interpersonal, group, organizational, and public communication processes that shape beliefs, decisions, and behavior regarding health, sickness, and health care. The course examines the attitudes and actions of many participants in health communication, including citizens, health professionals, and those engaged in public debate of health issues. (Students cannot receive credit for both SPCH 4377 and PUBH 4377.)

SPCH 4380. Speech Communication Internship (3 credits) — A supervised experience in an agency, business, church, or other organization in a position that significantly utilizes theories and skills of speech communication.

SPCH 4417/5417. Teaching Secondary Speech and Theatre (3 credits) — May not be applied to major or minor in speech or theatre. A study of speech and theatre teaching methods for the secondary school.

SPCH 4437/5437. Conducting Secondary Speech Program (3 credits) — A study of the curricular activities related to the effective curricular offering in the secondary school.

SPCH 4607/5607. Speech Practicum (3 credits, repeatable) — Prerequisite: Permission of instructor. May be repeated. A practical study experience with appropriate supportive research.

SPCH 4900. Independent Studies (1-3 credits) — Prerequisite: Permission of instructor. May be repeated. Designed to provide opportunities for study in subject matter areas not provided in the regular course offerings.

SPCH 4957/5957. Special Topics in Speech and Theatre (2-6 credits)

Graduate Course Listing

For descriptions and prerequisites see the Graduate Catalog.

SPCH 5317. Rhetoric and Public Address (3 credits)

SPCH 5330. Applied Communication Theory (3 credits)

SPCH 5357. Communication in Organization (3 credits)

SPCH 5377. Health Communication (3 credits)

SPCH 5900. Independent Studies (1-3 credits)

SPCH 5950. Research Methods in Speech and Theatre (3 credits)

SPCH 5957. Special Topics in Speech and Theatre (2-6 credits)

SPCH 5960. Thesis in Speech-Theatre (6 credits)

SPCH 5990. Read and Research (1-3 credits)

Special Education

SPED 2300. Exceptional Learners in Schools and Communities (3 credits) — This course will enable the student to identify the psychological, physical, educational, medical, behavioral, and learning characteristics and needs of individuals with various disabilities, as well as students from diverse cultural, social, ethnic, and racial backgrounds and adopt instructional techniques to fit individual needs. Inclusion of students with disabilities will be emphasized. An understanding of legislation, regulations, and litigations related to serving individuals with disabilities will enable the student to correlate individualized educational programs with the principles of normalization and least-restrictive environment. The integration and working relationships of families, school, vocational, and local service agencies will be addressed to provide an understanding of assistance and referral networks. Students are required to volunteer 10 hours over the course of the semester in a setting with individuals with disabilities. (Every semester)

SPED 3300. Instructional Methodology in Special Education (3 credits) — This course prepares the teacher candidate to design, implement, and evaluate instructional sequences and overall effectiveness of school programs serving learners with special needs. Students learn to incorporate information from assessments into Individualized Education Program objectives, write and sequence annual and short-term goals, emphasizing parent involvement, values, and choice, and implement research-supported instructional strategies and practices. (Fall semester)

SPED 3322. Early Intervention Strategies for the Exceptional Child (3 credits) — A lecture course designed to relate child development to the social, educational and familial needs of the child with disabilities. This course will cover the various characteristics of young children with special needs and their families, across and within classification. Particular emphasis will focus on how these traits impact on the child’s developmental rate, abilities, and sequence. Some intervention strategies will be covered. A field experience in an early childhood program will be required.

SPED 3350. Medical Aspects in Special Education. (3 credits) — Prerequisite: SPED 2300. This course provides information on the medical aspects of developmental disabilities. This course will provide students with a general knowledge of the medical conditions more commonly seen in children with disabilities. It will familiarize students with common terminology, medications, procedures, equipment, and interventions used with children with medical complications frequently related to developmental disabilities. Regulation covering teacher responsibilities in regards to medical conditions will be covered. (Fall semester)

SPED 3365. Integrating Functional Skills into Curriculum (3 credits) — This course provides curriculum approaches and strategies to enable the student to design, implement and monitor functional and age-appropriate programs for children and youth with moderate and severe disabilities in both school and community-based settings. Course content is to include domestic living, community mobility and social instruction, prevocational and vocational training and advocacy to accommodate a viable transition toward independent adult living. Field work is required. (Fall semester)

SPED 3400. Behavior Management for Individuals with Disabilities (3 credits) — Prerequisite: SPED 3300, Admission to Teacher Education. Corequisite SPED 3410. A course designed to provide the student with opportunities to learn about and practice various management techniques appropriate for children with disabilities in normal and special settings. (Spring semester)

SPED 3410. Preclinical Experience in Behavior Management. (1 credit, may be repeated) — Corequisite: SPED 3400. Preclinical experience in special education is a supervised opportunity for students to gain experience in classroom and other settings which provide direct instruction to children and youth with disabilities. The student will work with the classroom teacher to target classroom behavior problems and develop, implement, and evaluate the effects of interventions for that behavior. (Spring semester)
SPED 3445. Assistive Technology. (3 credits) — This course provides an in-depth examination of the applications of assistive technology for individuals with disabilities as it relates to teaching and learning in special education. Existing research with students with special needs will be reviewed and new applications of existing and developing technology will be explored. Laboratory work with microcomputer technology will be required. This course meets the requirements for a Technology Intensive. (Fall and Spring semester)

SPED 4237/5237. Educating Persons with Learning Disabilities (3 credits) — This course addresses the process of assessing, designing, and delivering instruction to students with learning disabilities. Philosophical and practical perspectives will be integrated into a supportive framework of best practices that encompass both diagnosis and intervention. The latest research findings and most current practices in identifying and providing instruction to students with learning disabilities are incorporated. In addition, students are presented with information regarding the specific academic and social areas needed for construction.

SPED 4350. Special Education Workshop (1-3 credits) — Special workshops covering various types of exceptionalities and issues associated with exceptionality.

SPED 4427/5427. Educating Persons who are Gifted (3 credits) — This course provides an in-depth examination of the special needs of children who are gifted and talented. Topics covered include definitions and characteristics of gifted and talented, content modifications for the gifted, and information-processing strategies.

SPED 4467/5467. Educating Persons with Emotional/Behavioral Disorders (3 credits) — This course presents an overview of educational procedures for teaching students with emotional/behavioral disabilities. An emphasis is placed on characteristics, assessment, and instructional strategies for teachers to use when instructing students who exhibit emotional/behavioral problems. Field experience is required.

SPED 4477/5477. Special Education Assessment (3 credits) — This is a lecture-based course covering both formal, informal, curriculum-based diagnostic and assessment instruments. Their usefulness and non-usefulness will be covered. Students will have experience in the administration and scoring of at least one nationally norm-referenced test. Students will complete one case study. (Spring semester)

SPED 4487/5487. Collaboration with Families, Agencies, and Schools (3 credits) — This course is designed to introduce students to the principles, problems, and procedures of working in collaboration with parents of individuals with disabilities as well as with agencies and professional organizations involved in the delivery of services to persons with disabilities. The course provides an overview of different approaches, current issues, and problems involved in working in collaboration with families and multiple agencies. Emphasis is placed on serving as a member of a professional team, interviewing and consulting with teachers and parents, and providing leadership in instruction and instructional adaptation. (Spring semester)

SPED 4497/5497. Special Education Curriculum (3 credits) — This course provides information on effective curriculum and instructional approaches used to help students with mild disabilities achieve mastery and proficiency in academic skills. Research-based approaches to teaching students with mild disabilities in the areas of reading, content area instruction, and study skills will be covered. (Spring semester)

SPED 4627/5627. Educating Persons with Mental Retardation (3 credits) — This course discusses a variety of topics related to the field of mental retardation. Specific topics include the following: types, nature, and causes of mental retardation; characteristics of persons with mental retardation; assessment and identification procedures; and instructional strategies related to the education of persons with mental retardation. Field experience is required.

SPED 4700. Adaptations and Modifications for the Inclusive Classroom (3 credits) — Corequisite: SPED 4710. This course is designed to provide students with skills needed to adapt curriculum guidelines and develop goals and objectives for students with disabilities of all grade levels to function in the least restrictive environment. Students will develop the ability to select and adapt strategies and materials to learning styles of students with disabilities or students identified as being at risk for future learning problems. Research-based approaches to teaching mathematics and written and oral language will be covered. This course meets the requirements for a Writing-Intensive Course. (Fall semester)

SPED 4710. Preclinical Experience in Special Education (3 credits) — Preclinical experience in special education is a supervised opportunity for students to gain experience in the classroom and other settings which provide direct instruction to children and youth with disabilities. Techniques designed to increase task engagement and facilitate inclusion of students with special needs into the general education classroom will be explored and practiced. Sixty hours of field work is required. (Fall semester)

SPED 4725. Management Strategies for Individuals with Severe Behaviors (3 credits) — Prerequisite: SPED 3700 and Admission to Teacher Education OR consent of the instructor. This course is designed to instruct students in management strategies related to persons with disabilities who demonstrate severe challenging behaviors. Particular emphasis will be given to functional assessment but the course will include instruction in ecological assessment, data-based decision making, and instructional strategies that can be used to develop interventions for children and youth with severe behavior disorders. There is a requirement for a functional behavioral assessment of a student or adult with a challenging behavior. (Fall semester)

SPED 4750. Instructional and Transitional Services for Adolescents and Young Adults with Disabilities (3 credits) — Prerequisite: Admission to Teacher Education. This course is designed to provide the student with skills to implement a transition program from school to career and daily living for individuals with disabilities, regardless of category of handicaps, of all age levels. Areas to be covered include vocational/career assessment, design and implementation of individualized programs utilizing integration of the roles of family, agencies, and business and industrial community. (Fall semester)

SPED 4757/5757. Curriculum-Based Assessment (3 credits) — This course is designed to help students acquire assessment skills needed to make instructional decisions, monitor progress and promote successful participation in the general education and special education curricula. Classroom-based methods of curriculum, learning, performance, and behavioral assessments will be presented, including data collection, designing and implementing interventions making curricular adaptations, and using data to make instructional decisions. (Fall semester)

SPED 4850. Student Teaching in Special Education (12 credits) — Prerequisite: Admission to Teacher Education and Student Teaching. Corequisites: EDFN 4581. Student teaching in Special Education is a prearranged, supervised student teaching experience in a special education setting for one semester, leading to licensure in modified and/or comprehensive special education. Over the course of the semester the students will increase their roles in the classroom, culminating in assuming the roles and responsibilities of a fully functioning special educator. Written plans, journal, and student teaching portfolio will be developed and maintained. Placements will be made within a 45-minute radius of ETSU main campus. (Fall and Spring semester)

SPED 4957/5957. Special Topics in Special Education (1-6 credits)

Graduate Course Listing

For descriptions and prerequisites see the Graduate Catalog.

SPED 5001. Critical Issues in Special Education (3 credits)

SPED 5365. Integrating Functional Skills into the Curriculum (3 credits)

SPED 5410. Preclinical Experience: Behavior Management (1 credit)

SPED 5445. Incorporating Assistive Technology into the Curriculum (3 credits)

SPED 5500. Instructional Techniques for the Inclusive Classroom (3 credits)

SPED 5725. Management Strategies for Severe Behaviors (3 credits)

SPED 5750. Transition to Adult Life & the Work of Work for Individuals with Disabilities (3 credits)

SPED 5825. Preclinical Experience in Curriculum (1 credit)

SPED 5850. Clinical Experience in Special Education (6 credits)
Surveying and Mapping Science

SURV 1038. Honors Orientation Seminar (1 credit) — Prerequisite: Admission to College of Applied Science and Technology or University Honors Program. This course will fully orient the student to the College expectations for an honors student. Discussion and activities will relate to preparation for academic success and developing information technology skills.

SURV 1510. Student in University (3 credits) — This course is meant to provide guidance to first-year university students as they begin their search for directions to take in self-definition, intellectual growth, career choices, and life skills.

SURV 2038. Honors Professional Ethics (3 credits) — Prerequisites: Admission to the College of Applied Science and Technology or University Honors Program and Sophomore standing. A case-study approach to basic ethical issues likely to confront engineer, computer scientist, family and consumer scientists, geographers and surveyors in their professional practices.

SURV 2550. Surveying Measurement Fundamentals (4 credits) — Prerequisites: MATH 1720 or equivalent. Principles of field data acquisition; measurements of distance, angle, and elevation using tapes, transits, and levels; basic surveying computations of elevations, directions, traverse closures and areas; magnetic directions; preparation of topographic maps from survey data; basic surveying error theory. Lectures and field laboratories.

SURV 2560. Surveying Graphics (4 credits) — Prerequisite: One year of technical drawing or equivalent or permission of instructor. Graphical communication in surveying and mapping; fundamentals of projection; map projection theory; 3-D viewing, spatial relationships and viewpoints; tracing, plotting and drafting maps, plans, profiles, cross-sections, sketches for field notes and presentations in technical reports; map accuracy standards; plotting data from field notes; contour theory; computations related to survey drafting.

SURV 3030. Technical Communication (3 credits) — Prerequisites: ENGL 1010 and 1020. A comprehensive study of technical and professional communication in written and oral form. Covers rhetorical principles and their application in a variety of types of business correspondence, reports, and technical/scientific documents. Lecture and classroom exercises.

SURV 3048. Honors Methods of Research (3 credits) — Prerequisite: Admission to the College of Applied Science and Technology or University Honors Program. Analysis of the materials and methods of research appropriate to Applied Science and Technology.

SURV 3510. Engineering and Construction Surveys (4 credits) — Prerequisite: SURV 2550. Corequisites SURV 2560, ENTC 2170 or permission of instructor. Route and construction surveying, instrument adjustment and calibration, use of optical and electronic measuring instruments, large-scale site surveying and mapping, mine surveying, and miscellaneous field surveys. Lecture and laboratories.

SURV 3520. Land Survey Systems (2 credits) — Prerequisite: SURV 2550. The historical development, description, and basic legal land boundary elements related to the land survey systems in the U.S.; state plane coordinate curves; deed, plat, and other land boundary-related recording systems; concept of the cadastral.

SURV 3530. Survey Measurement and Computational Analysis (4 credits) — Prerequisites: MATH 1910, SURV 3510. Corequisites: MATH 1920. Nature of measurement, statistical analysis of random errors in measurements, propagation of errors, survey standards and design specifications; development of coordinate geometry and trigonometric solutions of plane surveying problems; programming hand-held field computers; analysis of errors and mistakes in indirect measurement.

SURV 3540. Surveying Projects (3 credits) — Prerequisites: SURV 2560 and 3510. Corequisites: SURV 4530, 4540, 4550, ENTC 4227 or permission of instructor. Projects utilizing principles learned in previous courses, with emphasis on training as group leader and in team participation to analyze and solve surveying field problems arising in surveying practice; planning and execution of projects; field identification of natural and man-made features.

SURV 3550. Advanced Surveying Mathematics (3 credits) — Prerequisites: SURV 3530, Corequisites: MATH 2410 and CSCI 2530/3130/2100. Mathematical methods used in surveying sciences; weights of observations; precision of indirectly determined quantities; error ellipses; 2-D and 3-D coordinate transformations; least squares adjustments of survey data with applications to observed data with redundant measurements; computer programming of survey adjustments.

SURV 3560. Geodetic Science (4 credits) — Prerequisite: MATH 1910, SURV 3510 and 3520. Application of spherical trigonometry to earth measurements; ellipsoids, spheroids, flattening, eccentricity; use of geodetic control; relationship between longitude, latitude, and state plane coordinates; geodetic leveling and traverse; astronomic observations for precise azimuth, latitude, and longitude; crustal movements, tides, seismic soundings; satellite observations, and GPS.

SURV 4018. Honors Thesis (3 credits) — Prerequisites: Satisfactory completion of all College of Applied Science and Technology Honors courses or college honors committee approval. This thesis is a capstone academic experience bringing into focus the result of the student’s learning and career interest.

SURV 4048. Honors International Study (3 credits) — Prerequisites: Satisfactory completion of all College of Applied Science and Technology Honors courses or college honors committee approval. This course will consist of a two-week international study and cultural experience in addition to a pre-tour orientation.

SURV 4510. Photogrammetry (4 credits) — Prerequisites: SURV 3510, and 3520, or permission of instructor. Use of aerial photographs for mapping: geometry of single photo and stereoscopic models; scale and relief displacement; vertical and tilted photos; parallax; photo mosaics; ground control; stereoplotters; resection; orthophotos; oblique photos; remote sensing. Lecture and laboratory.

SURV 4520. Survey Science Topics (3 credits) — Prerequisite or Corequisite: SURV 3510. An overview of surveying and mapping sciences not covered in other courses, including hydrographic surveying and mapping, map projection computations, cartographic mathematics, satellite and inertial surveys, global positioning systems, computer storage of cadastral and land system data, geographic information systems, surveying business practice.

SURV 4530. Land Boundary Location (4 credits) — Prerequisites: SURV 3510 and 3520 or three years experience in surveying or in real estate. Role of the surveyor in retracing land boundaries; methods of boundary establishment; classification and analysis of boundary evidence; laws governing riparian boundaries; preparing deed descriptions and survey plats; preservation of survey evidence; surveyor as expert witness; ethics, liability, and professionalism in surveying. Lecture and laboratory.

SURV 4540. Land Subdivision and Platting (4 credits) — Prerequisite: SURV 3510, 3520, 4530 or permission of instructor. Physical elements of designing land subdivisions including circulation systems, sewer systems, drainage systems, soils and earthwork grading considerations, erosion control, lot and block arrangement, topography and existing land use factors, geometric analysis procedures, presentations to city planning and zoning boards.

SURV 4550. Automated Surveying and Mapping (3 credits) — Prerequisites: SURV 3510 CSCI 1250/1310/2100 and third-year standing in surveying. Use of computer-aided drafting and mapping from surveyed field data; familiarization with hardware and software available for surveying and mapping computations and drafting; data storage and output from automated devices used in surveying; use of total stations and electronic field data collection systems, field-to-finish projects.

SURV 4900. Independent Study in Surveying and Mapping Science (1-6 credits) — Prerequisites: Minimum of nine credit credits earned in the subject area and approval of the instructor who will supervise the study. A surveying/mapping problem by arrangement with a faculty member. An independent study plan is developed, approved, and then competed. Usually a technical report and laboratory/field experience are required.

SURV 4957/5957. Special Topics in Surveying and Mapping Science (1-6 credits) — Special topics of current interest to groups of students concerning content not presented in regular course offerings. May be repeated for credit if materials covered are significantly different or advanced.
THEA 1030. Introduction to the Theatre (3 credits) — A study of the dramatic arts and modes of theatrical production for the understanding and appreciation of the living theatre as a cultural force in society.

THEA 1800. Theatre Laboratory (1 credit) — Practical directed experience working on a construction and/or running crew for an ETSU Theatre production. Experience can be in scenery, lighting, costuming, makeup, properties, sound, or box office. Type of experience is determined by the instructor.

THEA 2200. Oral Interpretation of Literature (3 credits) — Interpretation and oral performance of poetry, prose, and drama. Includes theory, structure, and style.

THEA 2500. Creative Drama (3 credits) — Methods of organizing and developing rhythmic movement, story dramatization, improvisation, and related dramatic activities for children.

THEA 2510. Acting I (3 credits) — An introductory acting terminology and technique course, utilizing exercises, improvisations, research, and scene study.

THEA 2520. Stagecraft (3 credits) — The study of basic technical principles of scenery, lighting, and costuming with application of the techniques, materials, and stage equipment for the construction and handling of professional theatre devices.

THEA 2525. Makeup (1 credit) — Lecture and supervised laboratory in makeup for the stage, ranging from enhancement of personal facial features to complexies of age and character makeup.

THEA 2530. Dramatic Structure (3 credits) — Play analysis for the actor, director, designer or teacher of theatre.

THEA 2605. Theatre Practicum (1 credit) — Prerequisite: Permission of instructor through audition, for freshmen and sophomore students only. May be repeated. Participation as a performer or stage manager in planning, rehearsal, and performance of an ETSU Theatre production under faculty direction.

THEA 2800. Theatre Laboratory (1 credit) — Practical directed experience working on a construction and/or running crew for an ETSU Theatre production. Experience can be in scenery, lighting, costuming, makeup, properties, sound, or box office. Type of experience is determined by the instructor.

THEA 2999. Cooperative Education (1-3 credits)

THEA 3300. Scenic Design (3 credits) — Prerequisite: THEA 2520. A studio course in scenic design, covering the basic concepts of scenic design analysis and the creation of technical drawings for realizing scenic design. Students will also learn rendering and model building techniques.

THEA 3335. Lighting Design (3 credits) — Prerequisite: THEA 2520. Interpreting visual needs of scripts into lighting and color designs and translating designs to paper.

THEA 3400. Acting for the Camera (3 credits) — Prerequisite: THEA 2510. Acting techniques used in movies, television, industrial films, and commercials.

THEA 3500. Voice and Diction (3 credits) — Improvement in individual speaking voice; emphasis on articulation, correct breathing, vocal quality, and diction. Working for a standard American stage dialect.

THEA 3510. Acting II (3 credits) — Prerequisite: THEA 2510. Building characters. The Stanislavsky system utilizing exercises, improvisations, research, and realistic scene work.

THEA 3512. The Audition Process (3 credits) — Prerequisite: THEA 2510. Creating audition pieces, developing techniques for cold readings, developing resume, and understanding proper conduct at auditions and interviews.

THEA 3515. Theatre Movement (1 credits) — Development of the actor's expressive skills, with particular attention to physicality, breath, gesture, and spatial awareness through movement and stage combat exercises.

THEA 3520. Theatre History I (3 credits) — A study of the development of theatrical art through the Restoration and the 18th century in England, its role in the history of civilization, and its relation to other arts in society.

THEA 3525. Theatre History II (3 credits) — A study of the development of theatrical arts in the 18th century, its role in the history of civilization, and its relation to other arts in society.

THEA 3530. Play Direction (3 credits) — Prerequisites: THEA 2510, 2520, or 2530. Basic principles of staging, picturization, composition, focus, movement, text analysis, directional scoring, and actor/director relationships.

THEA 3800. Theatre Laboratory (1 credit) — Practical directed experience working on a construction and/or running crew for an ETSU Theatre production. Experience can be in scenery, lighting, costuming, makeup, properties, sound, or box office. Type of experience is determined by the instructor.

THEA 4417/5417. Teaching Theatre in Grades K-12 (3 credits) — A study of methods and materials for teaching theatre in elementary and secondary schools.

THEA 4527/5527. Advanced Scenographic Design (3 credits, repeatable) — Prerequisites: THEA 2520, 3330, 3335. May be repeated under each of the following areas: scenery, lighting, and costuming. The study of theatrical design principles and appropriate play analysis.

THEA 4537/5537. Advanced Play Direction (3 credits) — Prerequisite: THEA 3530. The planning of an actual production for performance for practical development of the fundamentals, methods, and procedures of play direction.

THEA 4547/5547. Dramatic Theory and Criticism (3 credits) — A study of the critical writings on the theory of dramatic form from Aristotle to the present with an understanding of philosophical and social foundations as they relate to theatrical standards of dramatic art.

THEA 4557/5557. Playwriting (3 credits) — Prerequisite: THEA 2530. A study of the organization of the parts of a play in dramas of different styles and types followed by exercises in writing dramatic exposition, characterization, and plot development for the foundation of an original play.

THEA 4607/5607. Theatre Practicum (1 credit) — Prerequisite: Permission of instructor through audition. May be repeated. For juniors, seniors, and graduate students only. Participation as a performer or stage manager in planning, rehearsal, and performance of an ETSU Theatre production under faculty direction.

THEA 4637/5637. Theatre Management (3 credits) — Procedures used in stage, house, and business management of a theatre operation.

THEA 4647/5647. Theatre Architecture and Design (3 credits) — Prerequisite: THEA 2520 and 3330 or permission of instructor. This course will survey the changes in the theatre architecture for the 5th Century BC to the present. Students in this course will learn about modern facility design practices and about federal and state laws that affect the design of both new facilities and renovation of existing facilities.

THEA 4707/5707. Theatre Internship (3-9 credits) — Prerequisite: Permission of department chair and concurrence of host theatre. Experience in professional non-academic theatre under supervision of professional staff. Interns may work in a single area of specialty or in rotation throughout host theatre’s operation and may contract for single term or academic year.

THEA 4800. Theatre Laboratory (1 credit) — Practical directed experience working on a construction and/or running crew for an ETSU Theatre production. Experience can be in scenery, lighting, costuming, makeup, properties, sound, or box office. Type of experience is determined by the instructor.

THEA 4857/5857. Period Acting Styles (3 credits) — Prerequisite: THEA 3510. Acting styles from ancient Greece through Restoration, utilizing language, research, scene work, movement, and masks.

THEA 4867/5867. Summer Theatre Performance (3 credits) — Prerequisite: Permission of instructor through audition. Participation in rehearsals and performance of an ETSU Summer Theatre production under faculty or guest artist direction.

THEA 4900. Independent Studies (1-3 credits) — Prerequisite: Permission of instructor: May be repeated. Designed to provide opportunities for study in subject matter areas not provided in the regular course offerings.

THEA 4957/5957. Special Topics in Speech and Theatre (2-6 credits)

Graduate Course Listings

For descriptions and prerequisites see the Graduate Catalog.

THEA 5417. Teaching Theatre Grades K-12 (3 credits)

THEA 5527. Advanced Scenographic Design (3 credits)

THEA 5537. Advanced Play Direction (3 credits)

THEA 5547. Dramatic Theory (3 credits)

THEA 5557. Playwriting (3 credits)

THEA 5607. Theatre Practicum (1 credit)
THEA 5637. Theatre Management (3 credits)
THEA 5707. Theatre Internship (1-9 credits)
THEA 5857. Period Acting (3 credits)
THEA 5900. Independent Studies (1-3 credits)
THEA 5957. Special Topics in Theatre (2-6 credits)
THEA 5960. Thesis in Speech-Theatre (6 credits)

URBS 2610. Introduction to Public Administration (3 credits)
— Introduction to contemporary topics in public administration: defining the field, operations of the federal administration, theories of public management, budgeting and staffing.

URBS 3100. Introduction to Urban and Regional Planning (3 credits)
— An introductory survey of the modern and historical theories of urban and regional planning.

URBS 4018. Senior Honors Seminar (3 credits) — Prerequisites: ECON 3088 and admission to the College of Business Honors Program. A seminar for College of Business honors students who are working on senior honors theses or other approved projects. Upon successful completion of the course, students will have demonstrated the ability to complete the research process by creating a written product suitable for submission to the College of Business faculty.

URBS 4087/5087. Recreation and Tourism Planning (3 credits)
— A survey of recreation and tourism in the United States and their effect upon regional economic development and planning.

URBS 4107/5107. Urban Geography and Planning (3 credits)
— A geographical analysis of cities and urban regions. Urban growth patterns, location and interaction analysis, planning for urban regions and travel behavior are emphasized.

URBS 4637/5637. Local and Regional Planning (3 credits) — Theories and techniques of planning for small cities, metropolitan areas, and geographic regions.

URBS 4905. Urban Studies Internship (3 credits) — Prerequisites: Must have completed a minimum of six semester credits at the upper-division level in the student’s major, junior or senior standing and a GPA of 2.7 or above. Students are selected through a competitive process for assignments in approved business or public-sector organizations as interns under the supervision of the internship coordinator and field placement supervisors. Students may not earn more than three semester credits for this course which can be used as a free elective or an elective within a business major with prior approval by the chair.

WMST

WMST 2010 Introduction to Women’s Studies (3 credits) — This is an introduction to the interdisciplinary academic field which has the triple focus of integrating information about women’s contributions to culture and history into the curriculum, uncovering and understanding structures of oppression (gender, race, and class), and exploring possibilities for change. Topics for reading and discussion will be drawn from material on social structures, law, language, history, religion, philosophy, the healing professions, and the arts. Articulating questions and points of view regarding issues related to gender is stressed. As a sophomore-level class, registration priority will be given to first- and second-year students; upper-level students may be able to register by permission of instructor.
Regents Online Degree Program Courses (RODP)

ACC 1104. Principles of Accounting I (3 credits) — Prerequisites: Students should have the reading and writing skills appropriate and expected of college-level students. In addition, students should possess basic math skills including the ability to solve simple algebraic equations. This is the first course in a two-course sequence covering the basic principles of accounting. This course is fully transferable. This course will teach the basic principles of analyzing transactions, recording them in a general journal, posting them to the general ledger, and preparing the basic financial statements.

AHSC 4547. Corporate Etiquette (3 credits) — Prerequisite: Junior or Senior standing. You will benefit the most when taking this course within two semesters of graduation. To learn skills which will help you get a job, advance to a higher position, make career changes, and practice professional conduct on the job. Topics include communications, appropriate business attire, resume writing, interviewing, winning and dining in corporate America, international business customs, and up-to-date business manners. Learn how to handle business situations that will lead you into the 21st Century. Activities include time log analysis, cover letter and resume development, mock interviews, human resources interviews, and international business projects.

ART 1030. Art Appreciation (3 credits) — The over-all purpose of this course is to provide the student with a basic understanding of the visual arts. The first half of the course deals with the nature of art, the evaluation of art, the processes and materials of art. We examine the formal elements of design and look at a wide variety of both two- and three-dimensional art to learn about the processes and tools involved in its creation. The second half of the semester is spent in a (more or less) chronological study of world art in its cultural setting from the prehistoric to the contemporary. The course is divided into 12 segments, presented as Lessons 1-12. Each lesson represents the equivalent of 4 hours of class time. The student is expected to spend a minimum of 4 additional hours to complete the assignments for each unit. Each unit must be completed before the student may advance to the next level.

BIOI 1010. Biology I and Lab (4 credits) — Prerequisites: Students must be eligible for enrollment in English 1010 and DSM 0840 or higher. This course introduces the student to the methods of biological science. It explores the chemical basis of life; cell structure and function including energy metabolism; cell division; DNA and gene regulation; Mendelian and molecular genetics; the process of evolution; speciation; mechanisms for the origin of life on earth; the principles of systematics; the prokaryotes and the Kingdom Protists.

BIOI 1011. Biology II and Lab (4 credits) — Prerequisites: Completion or exemption from DSMW 0800 and DSMW 0800. This course introduces the student to the diversity of life on earth, looking in more detail at the fungi, plants and animals. The structure and function of flowering plants is reviewed. Animal anatomy (tissues, organs and organ systems), physiology, reproduction and development are covered with an emphasis on humans. The final section of the course covers the principles of ecology.

BIT 1150. Introduction to Microcomputers (3 credits) — Prerequisites: You must have basic typing skills to produce your work in a timely fashion. You must have access to a Windows-based computer with an Internet connection, Microsoft Windows 95 or higher, Microsoft Internet Explorer browser software, a personal e-mail account, and the software used in the class (Word). This course is an introduction to Windows-based microcomputers. In this class you will learn general concepts about using the microcomputer, the use of the Windows operating system, the use of the Internet, and basic word processing concepts using Microsoft Word.

BMGT 3630. Human Resources Management (3 credits) — Prerequisites: BMGT 351 (TTU) or General Business Management Course. Managing human capital in the new economy is a challenge all business professionals face. This course addresses that challenge by retaining its unique orientation to overall practicality and real-world application incorporating technology, teams and virtual learning methods. Practical tips and suggestions provide effective ways of dealing with problems in communication, leadership, discipline, performance appraisal, labor relations, and compensation administration.

CIS 113. Programming In Visual Basic (3 credits) — Prerequisites: Because this is an online course in computer programming, it is important for the student to: have completed a basic computer literature course (e.g., CIS 100, BIT 1150) or receive permission of instructor, work well independently, be self-motivated, be computer savvy and feel very comfortable getting around on the computer (Words like FTP, bulletin board and Real Player don’t sound foreign to you.), have the ability to troubleshoot their own computer problems, any computer programming experience is helpful but not necessary. An introduction to Microsoft Visual Basic. Topics to be covered include: event-driven programming, interface design, creating menus and dialog boxes, writing event and general procedures, and using operating system services.

CIS 186. Database Programming (3 credits) — Prerequisites: CIS-113 Visual Basic Programming or the equivalent. This course is designed to enable students to develop customized database applications. Subsequent to a brief survey of relational database techniques and methods, the emphasis will be on developing the necessary skills to design, create, and implement user-friendly front ends for relational databases. Using a database engine such as Microsoft Access 2000, the course will concentrate on developing and coding procedures using VBA (Visual Basic for Applications).

CIS 263. Web Page Development and Design (3 credits) — Prerequisites: CIS 151 Microcomputer Applications. This course will cover the fundamental concepts of the Internet, wide area network technologies, and common Internet applications. Topics will include how the Internet works, TCP/IP protocol, addressing and routing in the IP internetwork, TELNET, FTP, HTTP, creating static, and dynamic web pages, web graphics and web site design, configuring and administering a web server, and Internet programming languages and scripts.

CIS 1610. Programming in C++ (3 credits) — Prerequisites: The student should have some background and understanding of computing and the use of information systems in society. A prior course in a programming language such as Visual Basic or Java is useful, but not required. An introduction to computer software concepts using C++. Algorithms, problem-solving methods, systems development and implementation methodologies are addressed. Standard programming constructs such as simple data types, assignments statements, use of subprograms, loops, conditional statements, arrays, records, classes, abstract data types, and object-oriented programming concepts are emphasized. In addition, a limited number of advanced concepts such as pointers, recursion, and C# are discussed. The student will write short segments of C++ code that demonstrates command and understanding of the above concepts.

CMT 1010. Networking and PC Communications (3 credits) — Prerequisites: Prior to enrolling in this course, students should be able to use their computers and access the Internet. In addition to browsing the web, students should have a basic understanding of computers and be able to send e-mail. This course introduces basic concepts of PC communications, telecommunications and networking. It provides an overview of terminology and technologies used with local area networks (LANs) and wide area networks (WANs). In addition, it details processes, protocols, network design and a broad overview of the Internet.

COL 101. The College Experience: Online (2 credits) — Prerequisites: This course is for first-time online learners who are willing to learn. If in doubt, lets talk online. In this course, we will study the best practices for success in college and learning online by using technology smartly, succeeding in workplace situations skillfully, using interpersonal communications respectfully, and developing self-management practices expertly.

COMM 3010. Integrated Corporate Communication (3 credits) — Prerequisites: COMM 1200, COMM 1400, Junior status, or instructor approval. Students examine important corporate communication areas such as internal communication, advertising, public relations, integrated marketing communications, and new communication technologies. The course focuses on how these areas work together to achieve organizational objectives.

CS 3700. Software Analysis and Design (3 credits) — Prerequisites: Practical and Professional Issues in Computer Science, Design of Algorithms, Foundations of Computer Science. The course teaches students various stages of software development. Topics include software systems analysis, software requirements analysis, modeling tools and methods for analysis and design, development of a software requirements specification document, software design guidelines and heuristics, software testing and debugging, and the development of a software design and testing document.
Prerequisites: Students will work individually on a series of small projects, and one larger project encompassing all phases of database design and implementation.

Prerequisites: Because this is an online course in computer programming, it is important for the student to have completed a basic computer literacy course (e.g., CIS 100, BIT 1150) or receive permission of instructor; work well independently, be self-motivated, be computer savvy and feel VERY comfortable getting around on the computer (words like FTP, bulletin board, and Real Player don’t sound foreign to you), and have the ability to troubleshoot their own computer problems. Any computer programming experience is helpful but not necessary. If you are unsure if this online course is for you, please contact your instructor. This course will cover the fundamental concepts of Object-Oriented Programming using Java. Topics will include objects, classes, constructors, methods, and instance variables. User Designed classes are implemented. Arrays and Array Processing are emphasized. Graphical User Interfaces are developed using Java. Applets are explained and implemented.

Prerequisites: Completion of elementary algebra, DSPM 0800, two years of high school algebra, or recommendation of advisor. This course is final preparation for college-level mathematics. The student learns tools of intermediate algebra through completing homework assignments, quizzes, participating in discussions, taking exams, and using outside links to tutorial sites.

Prerequisites: Basic Reading or appropriate score on the college placement test. This course is designed to enable college students to become more aware of themselves as readers and to develop strategies and skills to meet the demands of college reading.

Prerequisite: Appropriate score on college entrance test. This course offers students an introduction to college. It emphasizes study techniques and strategies for beginning students. Study strategies are suggested for reducing anxiety, improving memory and concentration, managing time, taking notes from texts and lectures, and preparing for and taking tests.

CEON 2050. Survey of Economics (3 credits) — Prerequisites: DSPM 0700 (Basic Math), DSPM 0800 (Developmental Reading), DSPW 0800 (Developmental Writing). By the end of this course the student should be able: to utilize critical thinking skills to assess social problems and their dynamics within a cultural context; to understand one’s own culture as it relates to one’s abilities and personal style and how to maximize the use of self in practice; to understand the dynamics of oppression and discrimination, especially for populations at risk, and how to appropriately intervene in an advocacy role geared toward social change; apply knowledge of cultural diversity to individual development and behavior and to expand understanding of interactions among and between individuals and social systems; how culture impacts systems theory and the bio-psycho-social-variables affecting human behavior.

Prerequisites: This is an upper-division course. Thus, students should have received junior, senior, or post-graduate status. Internet technologies connect students and teachers to innovative learning projects, multimedia-intensive information and activities, virtual classrooms and information from around the world. Students and teachers must acquire both the knowledge and technical aspects of how to integrate the Internet into their learning environments.

Prerequisite: Satisfactory ACT or placement test scores. Composition 101 includes paragraph writing and development of essays by various rhetorical patterns; reading and discussion of selected essays; short stories, poems; introduction to writing about literature; basic introduction to research and documentation.

Prerequisites: English 1010: Composition I. A composition course in argumentative writing, including invention, organization, style, and revision. Critical reading and thinking will be addressed through students’ writing. Research skills and documentation will be introduced.

Prerequisites: Students must have completed English 1010 and 1020 before they enroll in English 2410. A survey of selected masterpieces of Western World literature: Ancient, Medieval, Renaissance.

Prerequisites: Students must have an established e-mail account. Students must be motivated, self-directed learners. What are the connections among computers, writing, and literature? That’s the focus of this course - the implications made by the Internet and computers for writing, literacy, and uses of texts. We’ll begin by examining a variety of texts available in full or in part on the Internet; then we’ll proceed to the rhetorical and technical aspects of these texts; and we’ll conclude with the production, in HTML, of student text resources. Format and layout of documents (whether they’re prepared in HTML or as word-processed texts) are important aspects of this course, and will be considered among the graded activities and in the broader context of good writing.

Prerequisites: Successful completion of English 101 and 102. This course is designed to introduce you to various kinds of technical and professional writing. During the course, you will become familiar with the technologies of business communication, receive feedback from and provide feedback to others on writing drafts and revisions, learn about the concept of “genre” and its application to technical and professional writing, and discover the role rhetoric plays in effective technical communication. Because this course is an online course, we will learn and experience ways to communicate effectively with e-mail and the Internet, including evaluating web site design, the rhetoric of e-mail, the dynamics of online discussions, and particularly audience awareness and communication through technology. The course will go beyond writing itself to encompass graphics and ways they are used to create appropriate interfaces for communicating in computer environments. Throughout the course, rhetoric will be emphasized as an overarching concept essential for communicating in technological environments, both educational and professional.

Prerequisites: Satisfactory completion of DSPW 0800 and DSPR 0800 or appropriate entrance test scores. Students must read and write at a level to be expected from a college freshman. This course is an examination of the social, political, economic, and intellectual history of the United States from the colonial period to 1877. Each student’s success in attaining course objectives will determine her/his grade. Critical essays either in exams or written assignments will measure for the instructor the students’ progress toward these objectives. Students also must participate in group discussions.
and its effects on American society, economy, and political processes; immigration, urbanization, and the changing demographics of the United States; Progressivism and the struggle for social justice; change and continuity in the U.S. foreign policy; World War I; social changes in the 1920s; the Great Depression and the New Deal; World War II; post-war affluence and social change including the Cold War, anti-communism, and civil rights; the Vietnam War and the Great Society; and the political realignment of the Reagan years and other historically recent events.

HIST 2030. Tennessee History (3 credits) — Prerequisite: The student should be able to read and write at college level. The student should be able to navigate on the web. A survey of the geographical background, peoples, political life, and economic and social development of the state. This development is traced from the earliest beginning of the state to the present.

HMSE 1100. Concepts of Fitness and Wellness (3 credits) — Stressing individual responsibility for achieving optimal well-being, this course emphasizes preventive health practices which promote healthful lifestyles and reduce risk factors associated with disease.

INF5 3700. Introduction to Systems Analysis and Design (3 credits) — Prerequisites and Corequisites: Working knowledge of some type graphic tool (i.e., PowerPoint). This will be used for any type modeling done in the course. Management of Information Technology (PTMA 3020). This course will provide the students with the basics of information systems components and vocabulary. In this course, students will explore and become familiar with various concepts, principles, and stages of computer-based information systems analysis and design. Students will be exposed to and learn about the groups of people involved in systems development and the different methods, tools, and techniques used in systems analysis and design. Feasibility study, requirements definition and design and development documentation will be covered. The system development life cycle, prototyping, data modeling, and user involvement will also be covered.

INTC 1050. Computer Graphics and Animation (3 credits) — Prerequisites: Introduction to Computers or equivalent. A course designed to introduce the concepts of computer graphics creation. The course will use the software Adobe Photoshop 6.0 and Adobe Illustrator 9.0. This course is designed to teach computer graphics creation to students with no prior graphics background.

JOUR 3400. Introduction to Public Relations (3 credits) — Introduction to Public Relations is a survey of the public relations discipline including the professional foundation of ethics, law, and theory as well as the process, audiences, and professional practice areas. As a student in this course you can expect to learn this foundation allowing you to move on through more advanced professional practice courses in public relations; however, with this foundation you should have good understanding of the discipline, why it is important, and how to do basic public relations function. In addition, the course will train managers in the use of these techniques for the purpose of improving the overall management and operation of the organization.

JOUR 3400. Introduction to Public Relations (3 credits) — Introduction to Public Relations is a survey of the public relations discipline including the professional foundation of ethics, law, and theory as well as the process, audiences, and professional practice areas. As a student in this course you can expect to learn this foundation allowing you to move on through more advanced professional practice courses in public relations; however, with this foundation you should have good understanding of the discipline, why it is important, and how to do basic public relations function. In addition, the course will train managers in the use of these techniques for the purpose of improving the overall management and operation of the organization.

MATH 1130. College Algebra (3 credits) — Prerequisites: Two years of high school algebra and an acceptable placement score or DSPM 0850. A course designed primarily for students majoring in non-science degrees. Topics include functions and graphs, linear and quadratic equations, inequalities, polynomials, rational expressions, exponents, radicals, systems of equations and exponential and logarithmic functions.

MATH 1530. Probability and Statistics (3 credits) — An introduction to elementary methods and techniques. Topics include sampling, frequency distributions, elementary probability, discrete and continuous probability distributions, interval estimation, hypothesis testing, and simple correlation. Intended primarily for business majors.

MGMT 3610. Principles of Management and Organizational Behavior (3 credits) — Prerequisite: Junior status. This is the introductory course in management. The course is designed to provide students an overview of the management function and its role in organizations and society.

MUS 1030. Music Appreciation (3 credits) — An introduction to the basic elements of music combined with a survey of Western art music.

PADM 3601. Introduction to Public Administration (3 credits) — Prerequisite: No formal prerequisites for this course, however, it is strongly recommended that students have completed a freshman-level course in American Government. Set within the context of contemporary political, social, economic, and administrative realities, this introductory course in public administration explores responsive, equitable, effective, efficient, and accountable governance processes, public policies, and institutional-base programs. It examines, from a multidisciplinary perspective, those essential competencies, values, and issues important to public service organizations and the importance of public policy at the local, state, national, and international levels.

PTMA 3020. Managing Information Technology (3 credits) — Prerequisites: AOM 2110, CSCI 1000, MIS 1100, AOM 2120, OR equivalent computer efficiency. Managing Information Technology is designed to provide a real-world understanding of information systems technologies. A knowledge of information technology is essential in most aspects of today's professional careers.

PTMA 3050. Methods of Performance and Productivity Assessment (3 credits) — This course is designed to expose students to fundamental theories of organizational performance measures, such as Management by Objectives (MBO) and Total Quality Management (TQM). In addition, the course will train managers in the use of these techniques for the purpose of improving the overall management and operation of the organization.

PSY 101. General Psychology I (3 credits) — Prerequisites: Reading and writing proficiency appropriate for college-level coursework. This is an introduction to psychology course. This course is designed to provide an overview of the field of psychology and human behavior. Topics include: philosophical perspectives, history, biology, learning, personality, behavioral biology, development, motivation, emotion, abnormal behavior, theories, and therapies.

PSYJC 3590. Psychology of Personality (3 credits) — Prerequisites: Introductory Psychology is recommended but not required. This course is designed to provide students with a critical overview of personality theory, research, assessment, disorders, and therapy. The course will take a scientific approach to the study of personality. This means that we will devote a good deal of attention to current theoretical and research approaches. Classic theories of personality will also be covered. This is primarily a course on the varieties of "normal" personality functioning rather than aspects of abnormal psychology. Students will have several opportunities to complete examples of personality measures during the course.

PM 4120. Organizational Theory and Behavior (3 credits) — This course is designed to expose the student to the fundamental principles with which to understand human behavior inside public organizations. The course examines various theories developed in an attempt to explain and predict employee behavior in an organizational context.

PSY 3590. Psychology of Personality (3 credits) — Prerequisites: Introductory Psychology is recommended but not required. This course is designed to provide students with a critical overview of personality theory, research, assessment, disorders, and therapy. The course will take a scientific approach to the study of personality. This means that we will devote a good deal of attention to current theoretical and research approaches. Classic theories of personality will also be covered. This is primarily a course on the varieties of "normal" personality functioning rather than aspects of abnormal psychology. Students will have several opportunities to complete examples of personality measures during the course.

SOC 451. Introduction to Social Research (3 credits) — Prerequisites: Include Introduction to Anthropology, Psychology, Political Science, Sociology, or other social science. While not a prerequisite, some background in social statistics is suggested. An introductory social science course (preferably Sociology) is an important prerequisite because it introduces students to the fundamental theories of organizational performance measures, such as Management by Objectives (MBO) and Total Quality Management (TQM). In addition, the course will train managers in the use of these techniques for the purpose of improving the overall management and operation of the organization.

SOAA 3350. Social Statistics (3 credits) — This course is an introduction to statistical techniques commonly used in the analysis of data from many sources. Emphasis is placed on the assumptions, restrictions, and uses of various methods of analyzing data rather than on the mathematical derivation of formulae.
communication skills.

**SOC 1010. General Sociology (3 credits)** — Prerequisites and Corequisites: Students must be able to read and write at the college level. Students will be expected to write and express themselves in good grammatical, concise, and Standard English. Poor grammar will affect your participation in group discussion and the written homework assignments. Grades will be based on writing skills, presentation, thoroughness, and timeliness. The purpose of this course is to introduce you to theoretical approaches of sociology. This course will emphasize the subject areas below: Culture, gender, socialization, race and ethnicity, groups and organizations, economics and politics, social interaction, family and religion, deviance, education and medicine, global and social stratification, population and urbanization, sex, environmental concerns. We will also discuss theories and methods of sociological research.

**SP 110. Fundamentals of Public Speaking (3 credits)** — Prerequisite: ENGL 1010. An introductory public speaking course stressing the organization and presentation of the extemporaneous speech in a variety of settings. The goal of this course is to incorporate the typical speaking assignment into situations students might face in their personal and professional lives.

**SPAN 1010. Beginning Spanish I (3 credits)** — Prerequisites and Corequisites: None, but the student should be able to use a computer and browse the Internet. Spanish 1010 is a beginning-level course covering elementary grammar, pronunciation, and conversation. Material is presented through the use of videotape, online presentations, online exercises, online practice quizzes, and online exams. Students demonstrate pronunciation and conversational skills by preparing an audiocassette documenting their progress through the course. The course includes audio and video components that allow the student to hear vocabulary and pronunciation and exams include both written questions as well as listening/audio questions requiring the student to translate spoken statements.

**SPAN 1020. Beginning Spanish II (3 credits)** — Prerequisites and Corequisites: Complete SPAN 1010. The student should be able to use a computer and browse the Internet. Spanish II will cover from Chapter 6 to Chapter 10 located in Spanish 102, Puntos de partida. Dr. Barriga will help you with the pronunciation, and you will be responsible for understanding, remembering, and using the grammar, vocabulary, and cultural readings taught in all chapters.

**SPAN 3550. Latin America: The Countries and the Peoples (3 credits)** — Prerequisites and Corequisites: There are no prerequisites for this course. No knowledge of Spanish is required. This course is an introduction to Spanish-speaking Latin America. It will examine the commonalities as well as the unique national experiences of the Spanish-speaking countries of Latin America. The course will address the social, political, and economic factors that have shaped modern Latin America. Initial units will provide general information on the region and its history. Subsequent units will examine individual countries with a focus on Mexico, Cuba, Central America, Peru, Argentina, and Chile. No knowledge of Spanish is required. The course is taught entirely in English.

**SW 3170. Family Caregiving (3 credits)** — Prerequisite: One of the following courses: Introduction to Social Work - SW 257, Introductory Sociology - SOC 101 and General Psychology - PSY 141 or Introduction to Health Professions - HLTH 260. “The term caregiver refers to anyone who provides assistance to someone else who needs it to maintain an optimal level of independence.” Put another way, a caregiver is a person who cares for someone who is ill, incapacitated, or disabled. Because families provide the majority of care, they are referred to as “family caregivers”. However, caregivers may be informal (non-professional, not hired) and formal (professional) persons. Informal caregivers probably have not been trained to administer care and may be a relative (family member) or friend to the person receiving care. Formal caregivers may have no family ties to the person receiving the care and have been trained and hired to provide care in such places as the home, medical centers, nursing homes, hospices, and the like.

**SW 3200. Cultural Diversity (3 credits)** — This course is designed to expand the student's awareness of both the cognitive knowledge and skill necessary to effectively interact with and/or serve culturally diverse populations. This course will particularly emphasize attitudes and competencies that are important in effective professional relationships. The course will not be exhaustive in its discussion of diverse populations, but will focus on those whose diversity is cultural and who are more likely to be encountered by the students taking the course. Students will be asked to select one of the listed cultures for an in-depth study. Student will be expected to be consistently involved in discussions, learning projects, writings and videos related to that culture.

**WEB 2811. Advanced Computer Graphics (3 credits)** — Prerequisites and Corequisites: A practical knowledge of how the Internet operates, HTML code, graphic formats, web site building, web page design, and an introductory knowledge of a computer graphics program is required. These prerequisites and corequisites may be obtained through these courses: INTC 1050 - Computer Graphics; or OST 2801 - HTML Coding; 2802 - Web Graphics, 2803 - Web Site Design; or CSIT 2470 - Internet and New Hardware/Software Products; or COMN 1000 - Beginning HTML (NSTI), COMN 1010 - Basic Web Design (NSTI), and COMN 1020 - Basic Web Graphics (NSTI) or equivalent knowledge and training. This course is designed to enhance the computer skills of those using graphics programs to prepare images for web or print delivery. Students will use Photoshop for graphics manipulation and ImageReady for animation.
Faculty Listing

COLLEGE OF APPLIED SCIENCE AND TECHNOLOGY

Gunter, Charles R., Jr. (1964) Associate Professor .... Geography, Geology and Geomatics B.S., 1962, Middle Tennessee State University; M.A., 1963, University of Tennessee.

Kridler, Jamie K. (1997) Associate Professor ........ Chair, Applied Human Sciences B.S., 1976 and M.S., 1977, University of Tennessee; Ph.D., 1985, Ohio State University.

May, Robert M., II (1982) Assistant Professor ............. Technology B.S.E.E., 1968, Virginia Polytechnic Institute and State University; M.S., 1985, University of Tennessee.

Peples, Robert W. (1966) Professor ... Geography, Geology and Geomatics Faculty Emeritus B.S., 1956 and M.A., 1960, Northern Illinois University; Ph.D., 1965, University of Georgia.
Pfeiffer, Phillip E., IV (1996) Assistant Professor Computer and Information Sciences
B.S., 1976, Yale University; M.S., 1986 and Ph.D., 1991, University of Wisconsin, Madison.

Pine, Vernon (1999) Assistant Professor Computer and Information Sciences

Pleasant, James C. (1966) Professor Computer and Information Sciences Faculty Emeritus
B.S., 1958 and M.A., 1960, East Carolina University; Ph.D., 1965, University of South Carolina.

Powell, Lieutenant Robert L. (2001) Assistant Professor Military Science

Price, Kellie (1999) Instructor Computer and Information Sciences

Riser, Robert Richard (1977) Professor Computer and Information Sciences
B.S., 1961, Tusculum College; M.S., 1963, Stevens Institute of Technology.

Roberts, Anna D. (1982) Associate Professor Applied Human Sciences
B.S., 1974, East Tennessee State University; Ph.D., 1990, University of North Carolina, Greensboro.

Sanderson, Donald B. (1993) Associate Professor Computer and Information Sciences

Sayers, Jerry E. (1985) Assistant Professor Computer and Information Sciences
B.S., 1968, Memphis State University; M.S., 1964, University of Tennessee.

Sims, Joseph P. (2000) Associate Professor Technology
B.S., 1955 and 1991, Middle Tennessee State University; M.S., 1989, University of Tennessee; Ph.D., 1996, University of Wales, UK.

Story, Charles H. (1965) Professor Technology

Tarnoff, David (1999) Assistant Professor Computer and Information Sciences

Thomas, Neil (1999) Assistant Professor Computer and Information Sciences
B.S., 1979, California State University; M.S., 1987, East Tennessee State University; Ph.D., 1989, University of Tennessee.

Tillman, Primus J. (1999) Assistant Professor Technology

Tilson, James Glenn (1993) Lecturer Geography, Geology and Geomatics
B.S., 1963, East Tennessee State University; M.S., 1974, University of Tennessee.

Vaglia, John S. (1976) Professor Technology
Associate Dean, College of Applied Science and Technology

Verhegge, Ruth D. (1981) Assistant Professor Applied Human Sciences
B.S., 1966, Florida State University; M.S., 1973, Emory University.

Wallace, Steven (2001) Assistant Professor Geography, Geology and Geomatics
B.S., 1995, Bowling Green State University; M.S., 1997, Fort Hays State University; Ph.D., 2001, University of Iowa.

Whitten, Barry (2001) Assistant Professor Technology

Wild, Major Scott R. (2001) Assistant Professor Military Science

Yuan, Qing (2001) Associate Professor Computer and Information Sciences

COLLEGE OF ARTS AND SCIENCES

Adkinson, Jane (2001) Professor Social Work
B.A., 1969, University of Florida, Gainesville; M.S.W., 1971 and M.S., 1972, Tulane University; Ph.D., 1984, University of Texas, Arlington.

al-Imad, Leila (1987) Associate Professor History

Alsop, Fred J. (1972) Professor Biological Sciences
B.S., 1964, Austin Peay State University; M.S., 1968 and Ph.D., 1972, University of Tennessee. ETSU Distinguished Faculty Member, 1976.

Anderson, Eugene D. (1972) Senior Affiliate Faculty Social Work
B.A., 1959, Mercer University; M.S.W., 1961, Tulane University; Ph.D., 1972, University of North Carolina, Greensboro.

Antkiewicz, Henry J. (1988) Associate Professor History

Ayers, James (2001) Professor Social Work
A.A., 1971, Southwestern College California; B.S.W., 1973, California State University; M.S.S.W., 1978, San Diego State University; Ph.D., 1989, University of Utah.

Bach, Bert C. (1994) Professor English
Provost, Vice President for Academic Affairs
Ph.D., 1966, New York University.

Bailey, Roger C. (1973) Professor Psychology
B.A., 1964, Concord College; M.A., 1966, West Virginia University; Ph.D., 1973, Oklahoma State University.

Battista, Andrew C. (1984) Assistant Professor Political Science

Baxter, Colin F. (1971) Professor History

Beck, Scott H. (1984) Professor Chair, Sociology and Anthropology

Blackman, Mary Dave (1997) Associate Professor Chair, Music
B.A., 1978 and M.M.Ed., 1984, University of South Carolina; Ph.D., 1989, University of Texas at Austin.

Blankenship, Michael B. (1993) Associate Professor Sociology and Anthropology
Director, Teaching and Learning Center
B.S., 1983 and M.P.A., 1984, Western Carolina University; Ph.D., 1988, Sam Houston State University.
Blaustein, Richard J. (1970) Professor Sociology and Anthropology  
B.A., 1966, Brooklyn College;  

Boland, James W. (1992) Associate Professor Mathematics  
B.S., 1981, Worcester Polytechnic Institute;  
M.S., 1987, University of Central Florida;  
Ph.D., 1991, Clemson University.  
Distinguished Faculty Award, 1996.

Branscomb, Ernest J., Jr. (1972) Senior Affiliate Faculty English  
A.B., 1965, Duke University;  
Distinguished Faculty Award, 1997.

Braswell, Michael C. (1977) Professor Criminal Justice and Criminology  
B.A., 1969, Mercer University;  
M.A., 1970, West Georgia College;  
Ed.S., 1973, University of Georgia;  
Ph.D., 1975, University of Southern Mississippi.

Brewster, Karen (2000) Assistant Professor Communication  
B.A., 1973, East Tennessee State University;  

Briley, John D. (2001) Assistant Professor Political Science  
B.A., 1979, University of Tennessee;  
M.A., 1981, University of Tennessee;  
Ph.D., 1994, University of Tennessee.

Brown, Danny Anderson (1984) Professor Communication  
Associate Dean, College of Arts and Sciences  
B.S., 1969, North Carolina State University;  
M.A.E., 1975, Western Carolina University;  
Ph.D., 1982, University of Massachusetts.

Brown, Russell W. (2000) Assistant Professor Psychology  
B.S., 1982, University of Oklahoma;  
M.S., 1995 and Ph.D., 1996, University of Kentucky.

Brungal, Patricia (2000) Assistant Professor Communication  
B.A., 1992 and M.A., 1994, Cleveland State University;  
Ed.D., 1999, West Virginia University.

Burgess, William Douglas Jr. (1986) Professor History  
A.A., 1968, Florida College;  
B.A. and M.A., 1975, University of South Florida;  
Ph.D., 1985, University of Wisconsin.

Burnham, J.P. (2000) Assistant Professor Social Work  
B.S., 1974 and M.A., 1977, Washington State University;  
M.S.W., 1992, Florida International University.

Burnley, Cynthia S. (1969) Associate Professor Sociology and Anthropology  
Director, Outcomes Assessment  
B.S., 1968, Tennessee Technological University;  

Cantrell, Peggy J. (1982) Senior Affiliate Faculty Psychology  
B.S., 1976, Virginia Commonwealth University;  
M.A., 1979 and Ph.D., 1982, University of Southern Mississippi.

Carmichael, Linda C. (1965) Assistant Professor English  

Cashdan, Sonya H. (1986) Associate Professor English  
B.A., 1967, North Texas State University;  
M.A., 1978, California Polytechnic State University;  
Ph.D., 1985, Texas A&M University.

Caton, Benjamin D. (1972) Professor Music  
B.S.M.E., 1968, East Tennessee State University;  

Cavender, Anthony (1989) Professor Sociology and Anthropology  
B.A., 1971, Belmont College;  

Champouillon, David (2000) Assistant Professor Music  
B.A., 1979, Oxnard College;  
A.A.S., 1987, University of Miami;  
M.A., 1988, Eastern Illinois University;  

Chen, Weixing (1995) Associate Professor Political Science  
B.A., 1982, Shandong University, China;  
M.A., 1986, College of International Relations, China;  
Ph.D., 1992, Northern Illinois University.

Close, David M. (1978) Professor Chair, Physics  
B.A., 1964, Franklin and Marshall College;  
M.S., 1967, West Virginia University;  
Ph.D., 1973, Clark University.  
ETSU Foundation Research Award, 1987.

Cody, Michael A. (2001) Assistant Professor English  
B.A., 1993, University of North Carolina at Asheville;  
M.A., 1995, Western Carolina University;  
Ph.D., 2000, University of South Carolina.

Cole, Bettie S. (1986) Professor Social Work  
B.A., 1962, Long Beach State College;  
M.S.W., 1976, University of Alabama;  
Ph.D., 1981, University of Alabama.

Collins, Lattie F., Jr. (1965) Professor Physics  
B.A. 1960, Huntington College;  

Copp, Martha A. (1993) Associate Professor Sociology and Anthropology  
B.S., 1984, Texas A&M University;  

Corso, Joseph W. (1974) Assistant Professor Political Science  
B.S., 1964, Loyola University;  
M.A., 1966, University of Notre Dame;  
Ph.D., 1973, University of Missouri.

Cronin, Patrick J. (2001) Associate Professor Communication  
Artist in Residence  
B.A., 1963, LaSalle University;  
M.S., 1968, Temple University.

Crowe, Martha B. (1965) Assistant Professor English  
B.A., 1963, King College;  

Davidson, Tammy A. (1998) Assistant Professor Chemistry  
B.S., 1992, Denison University;  
Ph.D., 1997, University of Florida.

Davis, Don (2000) Assistant Professor Art and Design  
B.F.A., 1972, University of Florida;  
M.F.A., 1974, Rhode Island School of Design.

Day, Ronnie M. (1968) Professor Chair, History  
B.A., 1963, Cumberland College;  

Deadman, Alison P. (1998) Assistant Professor Music  
B.A., 1986, Leeds University;  
M.Phil., 1986, Leeds University;  
M.A., 1992, California State University, Fresno;  
Ph.D., 1998, University of California, Los Angeles.

DeAngelis, Anita M. (1994) Assistant Professor Art and Design  
B.F.A., 1981, University of Texas at Austin;  

DiCicco, Mark (2001) Assistant Professor English  

Dixon, David (1989) Associate Professor Art and Design  
B.A., 1976, University of Tennessee;  
M.F.A., 1984, University of Tennessee.

Doran, Linda (1994) Associate Professor English  
Vice Provost, Academic Affairs  
A.B., 1965, University of Georgia;  
M.A., 1966, University of Tennessee;  
Ph.D., 1976, George Peabody College.
Drinkard-Hawkshaw, Dorothy (1989) Professor ................................. History
Ph.D., 1974, Catholic University of America.

Dyer, M. Wayne (1983) Professor ....................................................... Art and Design
B.S., 1973, Madison College; 

Elhindi, Yousif A. (1998) Assistant Professor ................................. English 
B.A., 1975, University of Khartoum; 
M.A., 1981, University of Sheffield; 
Ph.D., 1995, Oklahoma State University.

Elliott, Joan (2000) Instructor ........................................................ Social Work
B.A., 1977, University of Texas at Austin; 
M.S.S.W., 1982, University of Tennessee at Knoxville.

Ellis, Jon B. (1989) Associate Professor ................................. Psychology
B.S., 1973, Virginia Polytechnic Institute and State University; 
M.S., 1981, Radford University; 
Ph.D., 1989, University of Southern Mississippi.

Essin, Emmett M. (1967) Professor ........................................ History 
Director, Developmental Studies
A.B., 1964, Austin College; 
M.A., 1965 and Ph.D., 1968, Texas Christian University; 
ETSU Distinguished Faculty Member, 1976.

Fitz, Stephen G. (1984) Professor ................................................ History
Distinguished Faculty Award, 1996.

Funk, Robert David (1998) Associate Professor ........................ Communication
B.S., 1976, Western Carolina University; 

Gardner, Robert B. (1993) Professor ........................................ Mathematics
ETSU Distinguished Faculty Award 1998.

Gerard, Mira (2001) Professor ......................................................... English
B.A., 1968, University of Alabama; 
M.Ed., 1974, Livingston University; 
Ph.D., 1981, Auburn University.

Giles, Ronald K. (1983) Professor ................................................ English
B.A., 1968, University of Alabama; 
M.Ed., 1974, Livingston University; 
Ph.D., 1981, Auburn University.

Gillespie, Wayne (2001) Assistant Professor ............................... Criminal Justice
B.A., 1993, College of William and Mary; 
M.A., 1998, East Tennessee State University; 
Ph.D., 2001, University of Kentucky.

Giroux, Mark L. (2001) Assistant Professor ................................. Physics
B.S., 1981, BROWN University; 
Ph.D., 1992, University of Texas.

Godbole, Anant (2000) ............................................................... Chair, Mathematics
B.Sc., 1975, Bombay University, India; 

Gold, Jeffrey B. (1978) Professor ............................................... Philosophy and Humanities
B.A., 1973, University of Wisconsin; 

Gross, Steven (2001) Assistant Professor ...................................... English
B.A., 1976, University of Utah; 
M.A., 1996 and Ph.D., 2000, University of South Carolina.

Grover, Kathleen H. (1976) Instructor .......................................... English
B.A., 1964, Florida State University; 
M.A., 1967, Memphis State University.

Haley, Darryl E. (1999) Assistant Professor ................................. English
B.A., 1992, University of Arkansas; 
M.A., 1994, University of Arkansas, Little Rock; 
Ph.D., 1999, University of Alabama.

Hall, Delbert L. (1986) Professor .............................................. Communication
B.S., 1977, Western Carolina University; 
M.F.A., 1981, University of North Carolina at Greensboro; 
Ph.D., 1986, University of Florida.

Hall, Ken (1999) Professor ...................................................... Chair, Foreign Languages
B.A., 1975, Furman University; 
M.A., 1978, University of North Carolina, Chapel Hill; 
Ph.D., 1986, University of Arizona.

Hamm, Dennis G., Jr. (1998) Instructor ................................ Criminal Justice and Criminology
B.S., 1967, East Tennessee State University; 
M.Div., 1970, Southern Seminary; 
M.Ed., 1978, University of Virginia; 
D.Min., 1980, Union Seminary in Virginia.

Hammond, Judith A. (1975) Professor ................................ Sociology and Anthropology
A.A., 1970, St. Petersburg Junior College; 

Hanrahan, Rebecca R. (2000) Assistant Professor ........................ Philosophy and Humanities
A.B., 1989, Smith College; 

Harrington, Karen A. (1996) Associate Professor ........................ Foreign Languages
Ph.D., 1986, University of California, Los Angeles.

Harris, Styrone (1971) Senior Affiliate Faculty ............................. English
B.A., 1958, Wake Forest University; 

Harvey, Michael (1999) Assistant Professor ............................ Biological Sciences
B.A., 1959, Wake Forest University; 
M.S., 1966, University of Texas, Arlington.

Haskell, Jean H. (1992) Professor ................................................ Sociology and Anthropology
Director, Center for Appalachian Studies
Ph.D., 1978, University of Texas.

Hayes, Tammy (1994) Assistant Professor ................................. Communication
B.S., 1987, East Tennessee State University; 
M.S., 1988, Indiana State University.

Haynes, Teresa (1988) Professor ................................................... Mathematics
B.S., 1975 and M.S., 1984, Eastern Kentucky University; 
Ph.D., 1988, University of Central Florida.

Headley, Thomas F. (1969) Associate Professor ........................ Communication
B.S., 1968 and M.S., 1969, Indiana State University.

Henson, Gary D. (1989) Assistant Professor ................................. Physics
B.S., 1979, University of Central Arizona; 
M.S., 1982, University of New Mexico; 
Ph.D., 1989, University of Oregon.

Herrin, Robert T. (1976) Professor ............................................ English
Associate Dean, School of Graduate Studies
B.S., 1970 and M.A., 1972, East Tennessee State University; 
Ph.D., 1978, University of Tennessee.

Hester, Wendell H. (1975) Associate Professor ............................ Sociology and Anthropology
A.B., 1965, University of Miami; 

Hillhouse, Joel (1990) Assistant Professor ................................. Psychology
B.S., 1981, Valparaiso University; 
Ph.D., 1989, State University of New York at Albany.

Hilliard, Jerry L. (1986) Professor ............................................. Communication
B.A., 1975 and M.A., 1977, Eastern Kentucky University; 
Ph.D., 1981, University of Kentucky.

Holladay, William (1995) Professor ............................................ Chemistry
B.S., 1980, University of Central Florida; 
Ph.D., 1985, University of Texas, Austin.

Ho, Chu-Ngi (1983) Associate Professor ................................. Music
B.S., 1975, Denison University; 
Ph.D., 1980, University of Colorado.

Holland, Mark (1986) Associate Professor .................................... English
B.A., 1972, Heidelberg College; 

ETSU Distinguished Faculty Member, 1976.
ETSU Distinguished Faculty Award 1998.
Ph.D., 1980, Indiana State University.
ETSU Distinguished Faculty Award 1998.
ETSU Distinguished Faculty Award 1998.
ETSU Distinguished Faculty Award 1998.
ETSU Distinguished Faculty Award 1998.
ETSU Distinguished Faculty Award 1998.
Holloran, David W. (2001) Assistant Professor ............... Criminal Justice
B.S., 1995, Trenton State College;
M.A., 1996, East Tennessee State University;
Ph.D., 2001, University of Nebraska at O"maha.

Holmes, Thomas Alan (1996) Associate Professor ..................... English

Hong, Dong (1996) Associate Professor ................... Mathematics
B.S., 1982, Zhejiang Normal University;
M.S., 1987, Zhejiang University;
Ph.D., 1993, Texas A&M University.

Huang, Janice (1995) Associate Professor .................. Mathematics
A.B., 1963, Brown University;

Huang, Thomas T.-S. (1971) Professor .................. Chemistry
B.S., 1961, National Taiwan University;
M.A., 1964, East Tennessee State University;
Ph.D., 1969, University of Illinois.
ETSU Distinguished Faculty Award, 1988.

Hull, Vida J. (1986) Professor .................. Art and Design
B.A., 1968, Rollins College;
M.A., 1970, Ohio State University;
Ph.D., 1978, Bryn Mawr College.

Humphf, Dorothy (1989) Associate Professor ... Sociology and Anthropology

Hurd, Mary G. (1966) Assistant Professor .................... English

Jablonski, T. Henry, Jr. (1966) Associate Professor .... Mathematics
B.S., 1961, Maryville College;
M.A., 1965, George Peabody College for Teachers;
M.F.H., 1966, University of North Carolina.

Jenrette, Thomas S. (1979) Professor .................. Music

Jiang, Mian (2001) Assistant Professor .................. Chemistry

Johnson, Dan M. (1976) Professor ..................... Chair, Biological Sciences
B.S., 1965, Emory and Henry College;
M.S., 1967, Virginia State University;
ETSU Foundation Research Award, 1984.

Johnson, Donald R. (1983) Professor ..................... English
Ph.D., 1972, University of Wisconsin-Madison;
ETSU Foundation Research Award, 1991.

Joplin, Karl H. (1994) Associate Professor ........ Biological Sciences
B.S., 1973, University of Washington;
M.S., 1982 and Ph.D., 1989, Ohio State University.

Kady, Ismail (1990) Associate Professor .................. Chemistry
B.S., 1977 and M.S., 1979, University of Jordan;
Ph.D., 1986, Michigan State University.

Kamolnick, Paul (1991) Associate Professor ... Sociology and Anthropology

Karsai, Istvan (2001) Assistant Professor .............. Biological Sciences
M.S., 1987, Jozsef Attila University;
Ph.D., 1997, Jozsef Attila University.

B.S., 1961, Teacher's College, Tehran, Iran;
Ph.D., 1969, University of Wisconsin.

Kelly, Edward J. (1997) Associate Professor ........ English
Assistant to the President for Legal Affairs
B.S., 1973, State University of New York;
J.D., 1977, State University of New York at Buffalo, School of Law.

Kerley, Lyndell M. (1967) Professor .................... Mathematics
B.S., 1964 and M.A., 1965, Appalachian State University;
Ph.D., 1977, University of Tennessee.

King, Carl D. (1985) Professor .................. Music
B.S., 1962 and M.S., 1963, University of Tennessee;
Ph.D., 1972, Ohio State University.

King, John (1999) Assistant Professor .................. Communication

Kinser, Amber E. (1997) Assistant Professor .................. Communication
B.A., 1987 and M.A., 1989, University of South Florida;
Ph.D., 1996, Purdue University.

Kirkwood, William (1978) Professor .................. Associate Dean, Special Programs

Kniseley, Debra (1990) Associate Professor ........ Mathematics
B.S., 1976 and M.S., 1979, Tennessee Technological University;
Ph.D., 1989, Memphis State University.

Kniseley, Jeff (1990) Assistant Professor .................. Mathematics
B.A., 1985, Carson-Newman College;
M.S. and Ph.D., 1990, Vanderbilt University.

Kopp, Richard W. (1971) Associate Professor .................. Chemistry
B.S., 1960, Rutgers University;
M.S., 1963, University of California;
Ph.D., 1966, University of Michigan.

Koterbay, Scott M. (1998) Assistant Professor .................. Art and Design
M.A., 1992, University of St. Andrews, Scotland;

Kortum, Richard D. (1999) Assistant Professor ........ Philosophy and Humanities
B.A., 1985, Duke University;
D.Phil., 1985, Oxford University.

Kuczynski, Kay (2000) Assistant Professor .................. Social Work
B.S., 1963, Edgewood College;
M.S.W., 1980, Rutgers University;
D.S.W., 1978, Catholic University.

Kyle, Maryann (2000) Assistant Professor ........... Music
A.A., 1987, Meridian Community College;
B.M., 1989, and M.M., 1990, University of Southern Mississippi;

LaFollette, Hugh (1977) Professor .................. Philosophy and Humanities
B.A., 1970, Belmont College;

Leger, Jerry (1973) Professor .................. Sociology and Anthropology
B.A., 1968, North Georgia College;
M.A., 1971 and Ph.D., 1974, University of Iowa;

Lehnert, Lynn (1989) Associate Professor .................. Art and Design
B.S., 1973, Temple University;

Levy, Foster (1989) Associate Professor ........ Biological Sciences

Lewis, Robert (1967) Senior Affiliate Faculty .................. Social Work
B.S., 1958, East Tennessee State University;
B.S.W., 1960 and M.S.W., 1964, Virginia Commonwealth University.

Liu, Rui (1994) Associate Professor .................. Chemistry
B.S., 1984 and M.S., 1987, Schuylar University;
Ph.D., 1992, University of Arkansas.
Lloyd, Theresa (1996) Associate Professor ............................ English
B.A., 1974, Duke University;
M.A., 1982, Pennsylvania State University;
Ph.D., 1996, University of North Carolina.

Lo, See-Yin “Oliver” (1999) Assistant Professor ......................... Music
Higher Diploma, 1988, Hong Kong Polytechnic University;
Advanced Diploma, 1992, The Hong Kong Academy for Performing Arts;

Logan, David G. (1979) Professor ............................ Art and Design
B.S., 1963, University of Wisconsin;
M.A., 1967, University of Illinois;
M.F.A., 1968, University of Wisconsin.

Luttermoser, Donald G. (1996) Associate Professor .......................... Physics
B.S., 1961, University of Michigan;
M.A., 1963, Wayne State University;

MacAvoy, Leslie (2000) Assistant Professor ........................ Philosophy and Humanities
B.A., 1988, Swarthmore College;

Marks, Michael A. (2000) Instructor ................................ Mathematics
B.A., 1988, Flagler College;

Marx, David (1995) Professor ........................................... Chair, Psychology

McDowell, Timothy D. (1998) Assistant Professor .......................... Biological Sciences
B.A., 1983, University of North Carolina, Chapel Hill;

McIntosh, Cecilia A. (1993) Associate Professor ........................ Biological Sciences

McKee, James W., Jr. (1985) Professor Emeritus ........................... History

McKinstry, Sam W. (1974) Associate Professor ............................ Political Science
B.A., 1962, Westminster College;

McLain, Raymond W. (2000) Assistant Professor ........................ Center for Appalachian Studies

Mijels, Kenneth J. (1971) Professor ............................ Chair, Political Science
B.A., 1966, Florida State University;
Ph.D., 1971, University of North Carolina.

Miller, Hugh A., III (1988) Associate Professor ........................ Biological Sciences
B.S., 1979, East Tennessee State University;
Ph.D., 1986, University of Tennessee.

Miller, Larry S. (1984) Professor ............................. Criminal Justice and Criminology
B.A., 1974, East Tennessee State University;
M.S., 1977, Eastern Kentucky University;
Ph.D., 1981, University of Tennessee.

Mills, James C. (1971) Professor ............................. Art and Design
A.A., 1960, Spartaungham Methodist College;
B.A., 1963, Berea College;
M.A.T., 1964, Oberlin College;
Ph.D., 1972, University of Kansas.

Mehrenzi, Ray M. (2000) Assistant Professor ........................ Chemistry
B.S., 1980, Pars College, Iran;

Mooney, James J. (1970) Professor ............................ Communication
Ph.D., 1984, University of Tennessee.

Moore, Darrell J. (1989) Assistant Professor ........................... Biological Sciences
B.A., 1975 and Ph.D., 1993, University of Texas at Austin.

Morrison, John D. (1983) Assistant Professor .......................... English
AB, 1962, Davidson College;

Murray, Catherine (1995) Assistant Professor ........................ Art and Design
B.A., 1982, Portland State University;

Nelson, Ardis L. (1994) Professor ............................. Foreign Languages
B.A., 1965, Oberlin College;
M.A., 1972, Middlebury College, Madrid;
Ph.D., 1980, Indiana University.

Nelson, Diane R. (1968) Senior Affiliate Faculty ........................ Biological Sciences
ETSU Distinguished Faculty Award, 1993.

Niederberger, Maria (1999) Associate Professor .......................... Music
B.S., 1981, University of California, Davis;
Ph.D., 1991 Brandeis University.

Norwood, Frederick (1987) Associate Professor ........................ Mathematics
B.A., 1966 and Ph.D., 1979, University of Southwestern Louisiana;
M.S., 1969, University of California at Riverside.

Odom, James L. (1971) Professor ............................. History
B.A., 1963, Birmingham Southern College;
M.A., 1965 and Ph.D., 1968, University of Georgia.
Distinguished Faculty Award, 1997.

O’Donnell, Kevin E. (1993) Associate Professor ........................ English
B.A., 1984, Kent State University;

Olson, Charles S. “Ted” (1999) Assistant Professor ........................ Appalachian Studies
B.A., 1982, University of Minnesota;
M.A., 1991, University of Kentucky;
Ph.D., 1997, University of Mississippi.

Ott, Walter T., Jr. (2001) Assistant Professor ........................ Philosophy
B.A., 1994, Alford University;
M.A., 1997, University of Virginia;
Ph.D., 2000, University of Virginia.

Page, Melvin E. (1987) Professor ............................. History
B.A., 1966, American University;
M.A., 1968, Howard University;
Ph.D., 1977, Michigan State University.

Palauzzi, Rebecca (1994) Associate Professor .......................... Music
B.M., 1977 and M.M., 1979, University of Tennessee;
Diploma, 1966, Talent Education Institute.

Palmer-Lopez, Sandra (1995) Associate Professor ........................ Foreign Languages
B.A., 1977, Colegio Universitario de Cayey, Puerto Rico;
M.A., 1981, University of South Florida;
Ph.D., 1984, Florida State University.

Pawlowicz, Peter H. (1987) Associate Professor ........................ Art and Design
B.A., 1963, Colby College;
M.A., 1970, West Virginia University;
Ph.D., 1987, Northwestern University.

Pedroso-Sausman, Eleana (1997) Instructor .............................. Foreign Languages

Perry, James S. (1970) Professor .......................... Psychology
B.A., 1962, Carson-Newman College;
B.D., 1963, Southeastern Baptist Theological Seminary;
M.A., 1967, East Tennessee State University;
Ed.D., 1972, University of Virginia.

Pike, Lee M. (1976) Professor .................................. Biological Sciences
B.A., 1967, Albion College;
M.S., 1971 and Ph.D., 1974, Michigan State University.
ETSU Foundation Research Award, 1980.

Poole, George D. (1986) Professor .......................... Mathematics
B.S.E., 1964, Emporia State University;
M.S., 1966, Colorado State University;
Ph.D., 1972, Texas Tech University.
Powell, Harry D. (1965) Senior Affiliate Faculty ......................... Physics
B.S., 1965, Davidson College;

Powers-Beck, Jeffrey P. (1993) Associate Professor ..................... English
B.A., 1986, University of Iowa;

Price, Robert M., Jr. (1997) Assistant Professor ......................... Mathematics
B.S., 1983 and M.S., 1986, Youngstown State University;
M.S., 1989, Ohio State University;
Ph.D., 1996, University of Wyoming.

Pyles, Rebecca A. (1991) Associate Professor ......................... Biological Sciences
Interim Dean, College of Arts and Sciences
Director, University Honors Program
B.S., 1975, University of Missouri-Kansas City;
M.S., 1979, M.Ph., 1982 and Ph.D., 1988, University of Kansas.

Razskazovskiy, Yurii V. (2002) Assistant Professor .................. Physics
B.S., 1980 and Ph.D., 1984, Moscow State University.

Rice-See, Lynn (1989) Professor .......................... Music
B.M., 1977, Peabody Conservatory;
M.M., 1979, The Juilliard School;
D.M.A., 1982, University of Southern California.

Roberts, Charles (1990) Professor .......................... Chair, Communication
B.A., 1965, Davidson College;

Robertson, Joe Leonard (1976) Professor .......................... Biological Sciences
B.S., 1965, Union University;
M.S., 1967 and Ph.D., 1975, University of Tennessee.

Royalty, Dale M. (1971) Associate Professor ......................... History
B.A., 1964, Kenyon College;
MA., 1967 and Ph.D., 1971, University of Kentucky.

Rushing, Clarence A., Jr. (1959) Assistant Professor ................ History

Rander, Rande P. (1985) Assistant Professor ........................ Music
B.M., 1978 and M.M., 1985, West Virginia University;

Sawyer, Robert E. (2001) Assistant Professor ......................... English
B.A., 1979, Stetson University;
M.A., 1987, Western Carolina University;
Ph.D., 1997, University of Georgia.

Schmitt, Dale J. (1969) Professor .......................... History
B.A., 1965, Yale University;

Selier, Edith (1998) Assistant Professor .......................... Mathematics
B.S., 1971, San Marcos University;
M.A., 1973, University of Kansas;

Sekine, Shigeko (1995) Instructor .......................... Foreign Languages
B.A., 1986, Senshu University, Tokyo;

Shearer, Melissa (1999) Assistant Professor ......................... Communication
B.A., 1983, Southern Illinois University;

Shanks, Niall (1991) Professor .......................... Philosophy and Humanities
B.A., 1979, University of Leeds;
M.A., 1981, University of London;
Ph.D., 1987, University of Alberta;
ETSU Foundation Research Award 1998.

Sherrill, Catherine Anne (1982) Professor .......................... English
B.A., 1960 and M.A., 1969, University of Texas at Austin;
Ph.D., 1981, University of Iowa.

Simon, Leonore (1999) Associate Professor ......................... Criminal Justice and Criminology
J.D., 1978, Case Western Reserve School of Law;
Ph.D., 1991, University of Arizona.

Slagle, Judith B. (1999) Associate Professor ......................... Chair, English
Ph.D., 1991, University of Tennessee.

Slatton, Ralph (1990) Professor .......................... Chair, Art and Design
M.F.A., 1980, University of Iowa.

Smith, Beverly J. (1999) Assistant Professor .......................... Physics
A.B., 1983, Brown University;
Ph.D., 1989, University of Massachusetts.

Smith, Michael A. (1981) Professor .......................... Art and Design
B.F.A., 1977, Massachusetts College of Art;
M.F.A., 1981, Yale University School of Art.

Songer, Lewis A. (1968) Associate Professor ......................... Music
B.M., 1958, Southern Illinois University;
M.A., 1960, Indiana University;
D.M.A., 1965, University of Missouri.

Songer, Marcia J. (1983) Assistant Professor .......................... English
B.S., 1958, Southern Illinois University;
Ph.D., 1977, East Tennessee State University.

Stanley, Isabel Bonnyman (1983) Associate Professor .......................... English
Ph.D., 1990, University of Tennessee.

Stenstad, Gail (1989) Associate Professor .......................... Chair, Philosophy and Humanities
B.S., 1984, University of Wisconsin;
Ph.D., 1988, Vanderbilt University.

Tuttle, Jack (1994) Associate Professor .......................... Center for Appalachian Studies

Waage, Frederick O. (1978) Professor .......................... English

Wahlberg, Patty (1999) Professor .......................... Social Work
Ed.D., 1992, West Virginia University.

Walters, Gary M. (1971) Associate Professor .......................... Physics
Assistant Dean for Distance Education Continuing Studies

Wardeska, Jeffrey G. (1967) Professor .......................... Interim Chair, Chemistry
B.S., 1963, Mount Union College;
Ph.D., 1967, Ohio University;
Distinguished Faculty Award, 1996.

Watson, Elwood D. (1997) Assistant Professor ......................... History
B.A., 1990 and M.A., 1992, University of Delaware;
Ph.D., 1999, University of Maine.

Whitehead, John T. (1987) Professor .......................... Chair, Criminal Justice and Criminology
B.A., 1969, Q. John Vannoy Seminary;
M.A., 1973, University of North-Dame;

Whitson, Marian H. (1993) Assistant Professor .......................... Criminal Justice and Criminology
B.A., 1966, Dillard University;
M.S., 1968, Tennessee State University;
J.D., 1984, Miles Law School;
Ph.D., 1994, Indiana University of Pennsylvania.

Williams, Edwin W. (1972) Senior Affiliate Faculty .......................... English
B.A., 1958, Millsaps College;
M.Div., 1962, Duke University;
Ph.D., 1972, University of North Carolina.

Wolfe, Margaret R. (1969) Professor .......................... History
B.S., 1967 and M.A., 1969, East Tennessee State University;
Ph.D., 1974, University of Kentucky;
Distinguished Faculty Member, East Tennessee State University, 1977;
ETSU Foundation Research Award, 1979.
COLLEGE OF BUSINESS

Alavi, Jafar (1985) Professor .......... Chair, Economics, Finance, and Urban Studies

B.S., 1975, Kairi School of Managerial Economics;
M.B.A., 1978, Mississippi State University;

Anthony, Murray S. (1972) Professor ....................... Accountancy

Ph.D., 1975, University of Missouri;
CPA Tennessee.

Bayes, Paul E. (1984) Professor ......................... Chair, Accountancy

B.S., 1965, University of Kentucky;
M.S., 1968, Indiana State University;

Berg, Gary G. (1987) Associate Professor .................. Accountancy

B.A., 1973, University of South Florida;
M.B.A., 1981, Florida Atlantic University;
Ph.D., 1987, Texas A&M University; CPA, Florida.

Burkette, Gary D. (1992) Associate Professor ........ Accountancy

B.S., 1978, Wake Forest University;
CPA, North Carolina.

Czuchry, Andrew J. (1992) Professor ............ Management and Marketing

Chairholder, AFG Industries Chair of Excellence in Business and Technology

B.A., 1973, University of Tennessee;

Driver, Michaela C. (1998) Assistant Professor ... Management and Marketing

Everett, Michael David (1977) Associate Professor .... Economics, Finance, and Urban Studies

Director, Master of Public Management Program

A.B., 1968, University of South Carolina;

Frier, James G. (1973) Professor .............. Management and Marketing

B.S., 1962, Arkansas State University;
Ph.D., 1966, University of Arkansas;
ETSU Distinguished Faculty Member, 1977;
ETSU Foundation Research Award, 1986.

Garceau, Linda (2000) Professor ............... Dean, College of Business

B.A., 1970 and M.S.P.A., 1976, University of Hartford;

Green, Ronald F. (1986) Professor .............. Management and Marketing

Associate Dean and Director, Graduate Studies, College of Business
Ph.D., 1974, Clemson University;
M.B.A. and M.P.A., 1982, Jacksonville State University;
Ph.D., 1986, Clemson University.

B.S., 1962 and M.A., 1964, Trinity University;
Ph.D., 1972, Southern Methodist University.

Jang, Youngtaq (2001) Assistant Professor ...... Management and Marketing

B.S., 1987, Kyung Pook National University;

Jennings, Donna L. (1994) Assistant Professor .... Economics, Finance and Urban Studies

B.S., 1987 and M.A., 1989, University of South Florida;
Ph.D., 1994, Vanderbilt University.

Justice, Robert ....................... Director, Small Business Development Center

Loess, Kurt H. (1998) Assistant Professor ...... Management and Marketing

B.A., 1977, The College of Wooster;

Lucero, A. Alfonso (1971) Associate Professor ... Management and Marketing

B.A., 1961 and M.A., 1965, New Mexico Highlands University;
Ph.D., 1971, University of New Mexico.

Mackara, W. Frederick (1975) Associate Professor .... Economics, Finance, and Urban Studies

Assistant Director, Graduate Business Studies

A.B., 1969, Rutgers University;
Ph.D., 1976, Texas A&M University.

Vice President for University Advancement

CPA, Tennessee, Virginia, and Illinois.

Marchioni, Michael P. (1976) Associate Professor .... Economics, Finance, and Urban Studies

B.A., 1963, Montclair State College;
Ph.D., 1971, University of Cincinnati.

B.S., 1977, East Tennessee State University;
M.B.A., 1978, University of Tennessee;
Ph.D., 1987, University of South Carolina.

McKee, Thomas E. (1976) Professor ....................... Accountancy

B.S., 1969, East Tennessee State University;
M.B.A., 1973 and Ph.D., 1975, Georgia State University;
CIA, CPA, Tennessee and North Carolina.

McKinney, Michael M. (1994) Associate Professor ...... Management and Marketing

Miller, Phillip E. (1994) Associate Professor .... Interim Chair, Management and Marketing

B.S., 1972, University of Tennessee;
M.S., 1978, AirForce Institute of Technology;
M.S., 1979, University of Southern California;
Ph.D., 1985, University of North Carolina.

Morgan, Robert G. (1985) Professor .............. Accountancy

B.A., 1968, Piedmont College;
M.Acc., 1971 and Ph.D., 1974, University of Georgia;
CMA, CPA, North Carolina.
Division of Developmental Studies

Butler, Nickolas M. (1994) Assistant Professor ........................ Developmental Studies  

Davidson, Robert (1985) Professor ................................. Developmental Studies  
B.S., 1970, Valdosta State College;  
M.A., 1978, Pembroke State College;  
Ed.D., 1984, University of Tennessee-Knoxville.

Hardin, Sherri (1989) Assistant Professor ........................ Developmental Studies  

Koehler, Anne (1990) Assistant Professor ........................ Developmental Studies  
B.A., 1963, East Tennessee State University;  
M.A., 1966, Georgetown University.

McGill, Jamie (1993) Instructor ................................. Developmental Studies  

B.S., 1987 and M.Ed., 1987, University of North Texas;  
M.S., 1993, Texas Woman’s University.

Stephens, Daryl (1994) Assistant Professor ........................ Developmental Studies  
B.S., 1983 and M.Ed., 1987, University of North Texas;  
M.S., 1993, Texas Woman’s University.

College of Education

Anderson, Marjorie (1999) Assistant Professor ............................... Curriculum and Instruction  
B.A., 1971, Sweet Briar College and Wake Forest University;  

Ayres, Christopher A. (1973) Assistant Professor .............................. Physical Education, Exercise and Sport Sciences  
B.S., 1972 and M.S., 1973, Central Missouri State University.

Bailiff, Gina C. (1998) Instructor ................................. University School  

B.A., 1989, Denison University;  
MA., 1991, Xavier University;  
Ph.D., 2000, Spalding University.
Bevan, Carol A. (1995) Instructor ............................... University School

Blakely, April (1997) Instructor ................................ University School

Blankenship, Cecil N. (1971) Professor .......... Human Development and Learning

Borden, Joseph E. (1995) Instructor ................... University School

Broder, Craig E. (1990) Professor ........... Physical Education, Exercise, and Sport Sciences
B.A., 1983 and M.S., 1985, North Texas State University; Ph.D., 1990, The University of Texas at Austin.

Brown, Wesley C. (1980) Professor ............ Human Development and Learning
Dean, School of Graduate Studies
B.A., 1969, Florida State University; MA., 1971, University of South Florida; Ph.D., 1975, Kent State University; ETSU Distinguished Faculty Award, 1991 and 1994.

Burleson, Rebecca (2000) Assistant Professor ...... Human Development and Learning

Clements, Andrea D. (1995) Associate Professor ... Human Development and Learning

Coates, Thomas E. (1998), Assistant Professor ...... Interim Chair, Physical Education, Exercise, and Sport Sciences
B.A., 1971, Mars Hill College; MA., 1974, Western Carolina University; D.A., 1981, Middle Tennessee State University.

Cockerham, J. Steve (1999) Instructor .... Human Development and Learning
B.A., 1975, University of North Carolina; MA., 1990, University of West Georgia.

Collins, Martha D. (1993) Professor ............. Curriculum and Instruction
Dean, College of Education

Coutinho, Martha J. (1995) Associate Professor .... Human Development and Learning

Crumwell, Sidney E., Jr. (1997) Assistant Professor ........ Curriculum and Instruction

Cummins, Rhona S. (1991) Associate Professor .......... Curriculum and Instruction

Daniels, Harold L. (2000) Assistant Professor .. Curriculum and Instruction

Day, Ariane (2001) Instructor ............................... University School

De Hoyos, Diego (2002) Assistant Professor ... Physical Education, Exercise and Sport Sciences

Dishner, Nancy (1985) Associate Professor ..... Educational Leadership and Policy Analysis

Disque, J. Graham (1994) Associate Professor ..... Human Development and Learning

Driskell, Katherine T. (1984) Professor ........... Curriculum and Instruction
B.S., 1963, George Peabody College; M.S., 1965, University of Wisconsin; Ph.D., 1983, University of Tennessee.

Dwyer, Edward J. (1976) Professor ................... Curriculum and Instruction
B.S., 1962, Boston College; M.Ed., 1974, University of Saskatchewan; Ph.D., 1977, University of Georgia.

Edirisooriya, Gunapala (1994) Associate Professor ....... Educational Leadership and Policy Analysis
Associate Dean, College of Education

Eineder, Dale (2001) Principal ........................ University School

Erwin, Timothy A. (1997) Instructor ........................ University School

Evenshen, Pamela A. (2001) Assistant Professor .. Human Development and Learning

Ferland, Paula (1998) Instructor ............................ University School
B.S., 1984, Austin Peay State University; M.A., 1990, University of Tennessee, Knoxville.

Floyd, Susanna M. (1995) Instructor ........................ University School

Fox, James J. (1990) Professor .................... Human Development and Learning
Research Director, Center for Early Childhood Learning and Development
B.A., 1972, College of William and Mary; M.A., 1975, University of Richmond; Ph.D., 1982, University of Tennessee-Knoxville.

Frazier, Jean (1972) Senior Affiliate Faculty ... Physical Education, Exercise, and Sport Sciences
Faculty

Marks, Lori (1993) Associate Professor ... Human Development and Learning
B.A., 1983, Flagler College;
M.Ed., 1987, University of North Florida;
Ph.D., 1993, University of Florida.
ETSU Distinguished Faculty Award, 2000.

Mattioli, Denee J. (1997) Associate Professor .... Curriculum and Instruction
B.S., 1969, Westmar College;

Mays, Russell O. (1987) Assistant Professor .... Educational Leadership and Policy Analysis
B.S., 1969, George Peabody College;
M.S., 1973, University of Tennessee, Knoxville;
Ed.S., 1977, Tennessee State University;
Ed.D., 1966, George Peabody College of Vanderbilt University.

McLean, James E. (2000) ........................................... College of Education
James H. Quillen Chair of Excellence in Teaching and Learning

Melendez, Jane E. (2000) Professor .................. Curriculum and Instruction
B.S., 1961, Eastern Michigan University;

Mitchell, Clifton W. (1992) Associate Professor ..... Human Development and Learning
B.A., 1974, Virginia Polytechnic Institute;
M.A., 1976, Western Kentucky University;
Ph.D., 1992, Indiana State University.

Morrow, Brent (1986) Associate Professor .......... Human Development and Learning
B.A., 1969, University of California;
M.A., 1977, Mennohag Brethren Seminary;
Ph.D., 1986, Texas Tech University.

Mozen, Diana M. (2000) Assistant Professor .......... Physical Education, Exercise & Sport Sciences

Myron, Mary C. (1997) Instructor ............................ University School

Patei, Hina (2001) Instructor ................................. University School
B.S., 1997, Georgia State University;

Perry, Leslie A. (1991) Associate Professor ...... Curriculum and Instruction
B.S.E., 1967, Central Methodist College;
M.S., 1973, Eastern Texas State University;
Ph.D., 1979, University of Mississippi.

Phillips, Laurelle B. (2000) Assistant Professor .... Human Development and Learning
B.A., 1964, Emory University;
M.Ed., 1992, East Tennessee State University;
Ph.D., 1999, University of Tennessee.

Pindiprolu, Sekhar S. (2001) Assistant Professor ..... Human Development and Learning
B.S., 1989, Nagarjuna University, India;
B.M.K., 1992, National Institute for the Mentally Handicapped, India;
M.Ed., 1993, Kurukshetra University, India;
M.Phil., 1995, Jamia Millia Islamia, India;
Ph.D., 2000, Utah State University.

Ralston, Elizabeth (1993) Assistant Professor ... Curriculum and Instruction
Acting Director, Field Services
B.A., 1970, Texas A&M University;

Gordon, Anthony (1999) Instructor ........................ University School
B.S., 1989, Western Carolina University.

Gordon, Michele M. (1997) Instructor ........................ University School
B.A., 1975, Iona College;
M.A., 1985, School of International Training, Brattleboro, Vermont.

Isbell, Rebecca T. (1975) Professor ....... Human Development and Learning
Chair, Child Study Center
B.S., 1964, University of Tennessee;
M.A., 1973, East Tennessee State University;
Ed.D., 1979, University of Tennessee.
ETSU Distinguished Faculty Award, 1994.

Jisha, Jay E. (2001) Assistant Professor  Physical Education, Exercise, and Sport Sciences
B.A., 1990, Ohio Wesleyan University;
M.S., 1993, St. Thomas University;
Ph.D., 2001, Florida State University.

Johnson, Woody (2000) Assistant Professor ..... Human Development and Learning

Joy, Flora P. (1967) Senior Affiliate Faculty .... Curriculum and Instruction
Ed.D., 1972, University of Tennessee.
ETSU Distinguished Faculty Award, 1986 and 1998.

Jungkelt, Patricia (1999) Instructor ........................ University School
B.A., 1969, Messiah College;
M.S., 1997, Xavier University.

Kilgore, Hattie (1993) Instructor ........................ University School
B.S., 1985, Clinch Valley College;

Kilgore, Robert D. (1990) Instructor ........................ University School

Knight, Terri C. (1988) Instructor ............................ University School
B.A., 1973, University of Charleston;
M.S., 1981, Kansas State University.

Knight, W. Hal (1986) Professor ............ Educational Leadership and Policy Analysis
Associate Dean, College of Education
B.A., 1972, Augusta College;
M.P.A., 1977, West Virginia College of Graduate Studies;
Ph.D., 1983, Kansas State University.

Specialist Degree, 1979, Universidade Federal de Brasilia.

MacKay, Louise (1993) Associate Professor ..... Educational Leadership and Policy Analysis
B.A., 1957, Transylvania University, Lexington Kentucky;

MacRae, Norma (1987) Professor ............ Curriculum and Instruction
Associate Vice President for Public Service and Dean of Continuing Studies
A.B., 1969, University of Georgia;

Malkus, Amy J. (2000) Assistant Professor .......... Human Development and Learning
B.A., 1988, Washington College;
M.S, 1992 and Ph.D., 1995, Purdue University.
Reed, Delanna (1999) Instructor ................................ University School

Reeves, Lynda P. (1992) Assistant Professor ................................ Physical Education, Exercise and Sport Sciences
B.S.E., 1980, State University College at Cortland, NY; M.S., 1984, James Madison University; Ph.D., 1991, Texas Women’s University.

Rhoton, Jack (1987) Associate Professor .................. Curriculum and Instruction
A.A., 1964, Hiram College; B.S., 1966, East Tennessee State University; M.Ed., 1969, University of Virginia; M.S., 1974, Old Dominion University; Ed.D., 1984, University of Tennessee. ETSU Distinguished Faculty Award, 1995.

Roberts, Lloyd T. II (1973) Senior Affiliate Faculty .......... Physical Education, Exercise and Sport Sciences

Robertson, Jerry L. (1965) Associate Professor .................. Physical Education, Exercise and Sport Sciences
Head Athletics Trainer, Athletic Department
B.S., 1964, East Tennessee State University; M.E., 1965, Mississippi State University.

Robertson, Laura (2001) Instructor ................................ University School
B.S., 2000 and M.S., 2001, University of Tennessee.

Robertson, Patricia E. (1997) Assistant Professor ............ Chair, Human Development and Learning

Shaver, Wendy (1999) Instructor ................................ University School

Shelton, Janice C. (1968) Senior Affiliate Faculty .......... Physical Education, Exercise and Sport Sciences
B.S., 1966, Georgetown College; M.A., 1968, University of Kentucky; Ed.D., 1979, University of North Carolina at Greensboro.

Shoun, Peter W. (1970) Senior Affiliate Faculty .......... Physical Education, Exercise and Sport Sciences

Smith, Jean (1999) Instructor .................................... University School

Smith, William D., (1969) Assistant Principal .................. University School

Sobol, Joseph D. (2000) Associate Professor .................. Curriculum and Instruction

Squibb, Sharon L. (2000) Instructor ................................ University School

Stone, John E. (1972) Professor .................. Human Development and Learning

Taylor, John M. (1966) Senior Affiliate Faculty .................. Curriculum and Instruction
B.S., 1954, Lincoln Memorial University; M.A., 1961, East Tennessee State University; Ph.D., 1972, University of Miami. ETSU Distinguished Faculty Award, 1981 and 1996.

Weniger, Sandra A. (1997) Instructor ................................ University School

Williams, Starlet (1988) Instructor ................................ University School

Willis, Clarissa (2001) Assistant Professor .................. Human Development and Learning

SCHOOL OF GRADUATE STUDIES

Brown, Wesley C. (1980) Professor .................. Dean, School of Graduate Studies
B.A., 1969, Florida State University; M.A., 1971, University of South Florida; Ph.D., 1975, Kent State University. ETSU Distinguished Faculty Award, 1991 and 1994.

Herrin, Roberta T. (1976) Professor .................. English Associate Dean, School of Graduate Studies

COLLEGE OF MEDICINE

Abdel-Wahab, Ayman M. (2001) Assistant Professor .................. Pediatrics
M.D., 1988, Zagazig University; Zagazig, Egypt.

Acuff, Robert V. (1995) Professor ................ Adjunct Faculty, Home Economics/ Internal Medicine/Biochemistry
Director, Eastman Center for Nutrition Research
B.S., 1974, Louisiana State University; M.S., 1977 and Ph.D., 1982, University of Tennessee-Knoxville.

B.S., 1956 and M.D., 1960, Yale University.

Adler, Christine M. (1991) Assistant Professor .................. Psychiatry and Behavioral Sciences
B.S., 1964, University of Santa Clara; Ph.D., 1989, University of New York at Albany.

Agarwal, Sanjay (1999) Assistant Professor .................. Surgery
B.S., 1984, Concord College; M.D., 1989, Western Virginia University.

Airhart, Mark J. (1984) Associate Professor .................. Anatomy and Cell Biology
B.S., 1966, State University of New York at Cortland; M.S., 1969, University of Connecticut; Ph.D., 1981, University of Vermont.

Alison, Juduan (1994) Associate Professor .................. Surgery
B.A., 1980, University of Tennessee, Knoxville; B.S.N., 1984, St. Louis University, St. Louis, Missouri; M.D., 1989, East Tennessee State University; James H. Quillen College of Medicine.

Anand, Rajani (1991) Assistant Professor .................. Pediatrics
M.D., 1983, University of Mysore, India.
Breuel, Kevin F. (1992) Associate Professor ............................... Obstetrics/Gynecology
Adjunct Faculty, Physiology/Biological Science/Anatomy and Cell Biology
B.S., 1982, Western Illinois University;
M.S., 1985, Clemson University;
Ph.D., 1991, West Virginia University.

Brown, Earl J. (1987) Professor ................................. Pathology
B.S., 1977, McNeese State University;
M.D., 1981, Louisiana State University School of Medicine.

Brown, George (1994) Professor ............................ Associate Chair, Psychiatry and Behavioral Science
M.D., 1983, University of Rochester School of Medicine.

Buyck, David W. (1999) Assistant Professor ....................... Family Medicine
Associate Program Director, Kingsport

Byrd, Ryland P. Jr. (1995) Professor ............................... Internal Medicine
B.A., 1978, Wake Forest University;
M.D., 1985, University of Louisville.

Cable, Thomas A. (1995) Professor .............................. Family Medicine
Program Director, Chattanooga
M.D., 1976, University of Florida School of Medicine.

Cancelloro, Louis A. (1979) Professor .......................... Psychiatry and Behavioral Sciences/Anatomy and Cell Biology
Adjunct Faculty, Professional Roles/Mental Health Nursing
Associate Dean, Veterans Affairs
B.S., 1955, Manhattan College;
Ph.D., 1960, New York University Graduate School of Arts & Science;
M.D., 1965, Duke University School of Medicine.

Castellino, Sharon M. (1998) Assistant Professor .................. Pediatrics
B.A., 1988, Mount Holyoke College;

Chamberlin, Marian (1982) Associate Professor .................. Internal Medicine

Champney, W. Scott (1982) Professor .......................... Biochemistry and Molecular Biology
Adjunct Faculty, Biological Sciences
A.B., 1965, University of Rochester;
Ph.D., 1970, State University of New York at Buffalo;
ETSU Distinguished Faculty Award, 2000.

Chastain, David O. (2001) Associate Professor ..................... Pediatrics
B.A., 1973, University of Mississippi, Oxford;
M.D., University of Mississippi, Jackson.

Chidambaram, Bala S. (2000) Assistant Professor .................. Internal Medicine
M.B.B.S., 1984, Madras University, India.

Chi, David S. (1980) Professor ................................. Internal Medicine
Adjunct Faculty, Microbiology/Pathology/Pharmacology
Chief, Division of Biomedical Research
B.S., 1965, National Chung-Hsing University, China;
M.A., 1974 and Ph.D., 1977, University of Texas Medical Branch.

Clarity, Gregory E. (1995) Assistant Professor ...................... Family Medicine
Associate Program Director, Bristol
B.E., 1982, The Cooper Union;
M.D., 1993, East Tennessee State University,
James H. Quillen College of Medicine.

Clark, Kenneth H. (1984) Assistant Professor ..................... Obstetrics/Gynecology
B.S., 1979, East Tennessee State University;
M.D., 1974, University of Tennessee, Memphis.

Clark, Terrence P. (2001) Assistant Professor ................ Psychiatry and Behavioral Sciences
B.S., 1968, Saint John’s University;
M.D., 1973, Baylor College of Medicine.

Cobble, Anita Diane (1998) Assistant Professor ....................... Surgery
B.S., 1989, East Tennessee State University;
M.D., 1993, East Tennessee State University,
James H. Quillen College of Medicine.

Coogan, Philip S. (1978) Professor ............................... Pathology
M.D., 1962, St. Louis University School of Medicine.

Browder, I. William (1990) Professor ........................ Chair, Surgery
Associate Dean for Clinical Affairs
B.S., 1967, Tulane University;
M.D., 1971, Tulane University School of Medicine.

Brown, George (1994) Professor ............................ Associate Chair, Psychiatry and Behavioral Science
M.D., 1983, University of Rochester School of Medicine.

Buyck, David W. (1999) Assistant Professor ....................... Family Medicine
Associate Program Director, Kingsport

Byrd, Ryland P. Jr. (1995) Professor ............................... Internal Medicine
B.A., 1978, Wake Forest University;
M.D., 1985, University of Louisville.

Cable, Thomas A. (1995) Professor .............................. Family Medicine
Program Director, Chattanooga
M.D., 1976, University of Florida School of Medicine.

Cancelloro, Louis A. (1979) Professor .......................... Psychiatry and Behavioral Sciences/Anatomy and Cell Biology
Adjunct Faculty, Professional Roles/Mental Health Nursing
Associate Dean, Veterans Affairs
B.S., 1955, Manhattan College;
Ph.D., 1960, New York University Graduate School of Arts & Science;
M.D., 1965, Duke University School of Medicine.

Castellino, Sharon M. (1998) Assistant Professor .................. Pediatrics
B.A., 1988, Mount Holyoke College;

Chamberlin, Marian (1982) Associate Professor .................. Internal Medicine

Champney, W. Scott (1982) Professor .......................... Biochemistry and Molecular Biology
Adjunct Faculty, Biological Sciences
A.B., 1965, University of Rochester;
Ph.D., 1970, State University of New York at Buffalo;
ETSU Distinguished Faculty Award, 2000.

Chastain, David O. (2001) Associate Professor ..................... Pediatrics
B.A., 1973, University of Mississippi, Oxford;
M.D., University of Mississippi, Jackson.

Chidambaram, Bala S. (2000) Assistant Professor .................. Internal Medicine
M.B.B.S., 1984, Madras University, India.

Chi, David S. (1980) Professor ................................. Internal Medicine
Adjunct Faculty, Microbiology/Pathology/Pharmacology
Chief, Division of Biomedical Research
B.S., 1965, National Chung-Hsing University, China;
M.A., 1974 and Ph.D., 1977, University of Texas Medical Branch.

Clarity, Gregory E. (1995) Assistant Professor ...................... Family Medicine
Associate Program Director, Bristol
B.E., 1982, The Cooper Union;
M.D., 1993, East Tennessee State University,
James H. Quillen College of Medicine.
Copeland, Rebecca J. (1993) Assistant Professor ......... Internal Medicine
B.S., 1976 and M.A., 1979, East Tennessee State University;
M.D., 1982, University of Tennessee College of Medicine.

Coyle, Brent R. (1993) Associate Professor ........ Psychiatry and Behavioral Sciences
Director, Residency Training
B.A., 1982, Concordia College;
M.D., 1986, University of Minnesota Medical School.

Culp, John S. (1986) Associate Professor ........ Family Medicine
Associate Program Director, Bristol
B.S., 1976, East Tennessee State University;
M.D., 1980, University of Alabama School of Medicine.

Daigeneault, Ernest A. (1977) Professor Emeritus ........ Pharmacology
B.S., 1952, Massachusetts College of Pharmacy;
M.S., 1954, University of Missouri, Kansas City;
Ph.D., 1957, University of Tennessee, Memphis.

Dalle-Ave, Mark J. (1995) Assistant Professor ............... Family Medicine
B.A., 1981, Indiana University;
M.D., 1990, Escuela Autonoma de Medicina De Centro America
doctor of medicine.

B.S., 1980, Molloy College;
M.A., 1986, Stony Brook;
D.O., 1997, Nova-Southeastern University of the Health Sciences.

David, Daniel J. (1985) Professor .............................. Family Medicine
Adjunct Faculty, Family/Community Nursing/Psychiatry
B.S., 1974, Washington and Lee University;
M.D., 1978, University of Virginia School of Medicine.

Defoe, Dennis M. (1996) Associate Professor ........... Anatomy and Cell Biology
B.A., 1974, University of Colorado;
Ph.D., 1981, University of California.

DeLucia, Anthony J. (1977) Professor ......................... Surgery
Adjunct Faculty, Environmental Health
B.A., 1970, University of California;
Ph.D., 1974, University of California, Davis;
ETSU Foundation Research Award, 1983.

DeVoe, William M. (1992) Associate Professor ............ Pediatrics
B.A., 1974, Miami University;
M.D., 1977, Ohio State University College of Medicine.

Douglas, John E. (1960) Professor ............................. Internal Medicine
B.A., 1959, Oberlin College;
M.D., 1963, Johns Hopkins University School of Medicine.

Drake, Janet (1999) Assistant Professor ..................... Obstetrics/Gynecology

Dun, Nae J. (1997) Professor ................................. Chair, Pharmacology
B.S., 1969, University of Illinois College of Pharmacy;
Ph.D., 1974, Loyola University of Chicago;
ETSU Distinguished Faculty Award, 2001.

Dunn, Julie (1998) Assistant Professor ........... Surgery
B.S., 1984, University of California, Davis;
M.S., 1987, University of Tennessee, Knoxville;
M.D., 1991, East Tennessee State University;
James H. Quillen College of Medicine.

M.D., 1972, Duke University School of Medicine;

Ecay, Tom W. (1995) Associate Professor ................... Physiology

Ernst-Fonberg, M. Lou (1978) Professor ........ Biochemistry and Molecular Biology
Adjunct Faculty, Biological Sciences
A.B., 1958, Susquehanna University;
M.D., 1962, Temple University School of Medicine;
Ph.D., 1967, Yale University.

Fahrig, Stephen A. (2000) Associate Professor ............... Internal Medicine
B.S., 1983, University of Notre Dame;
M.D., 1987, Ohio State University.

Feierabend, Raymond Jr. (1982) Professor ................. Family Medicine
Program Director, Bristol
B.A., 1971, Amherst College;
M.D., 1975, Tulane University School of Medicine.

Fennell, Elton G. (1999) Assistant Professor ........... Obstetrics/Gynecology
B.S., 1979, Medical University of South Carolina;
M.D., 1982, American University of the Caribbean.

Ferguson, Donald A. Jr. (1978) Associate Professor .......... Microbiology
A.B., 1967, Clark University;
Ph.D., 1974, Syracuse University.

B.S., 1975 and M.S., 1976, University of Florida;
Ph.D., 1982, Louisiana State University School of Medicine.

Fields-Ossorio, Cheryl (1998) Associate Professor .......... Internal Medicine
B.S., 1979, Northern Kentucky University;
M.D., 1984, University of Louisville.

Finger, William W. (1997) Associate Professor ... Psychiatry and Behavioral Sciences
B.A., 1983, University of Virginia;

Fisher, Janet S. (1975) Professor ... Director for Development and Outreach
A.B., 1965, Jacksonville State University;
M.S., 1966, Florida State University.

Floresguerra, Carlos A. (1994) Associate Professor .......... Surgery
B.S., 1975, Colegio Americano, Quilto, Ecuador;
M.D., 1969, Universidad Del Salvador Medical School,
Buenos Aires, Argentina.

Floyd, Michael R. (1989) Associate Professor ........... Family Medicine
Adjunct Faculty, Psychiatry
B.S., 1970, University of Georgia;

Franks, Ronald D. (1997) Professor ..... Psychiatry and Behavioral Sciences
Vice President for Health Affairs
Dean, College of Medicine
M.D., 1971, University of Michigan Medical School.

Frizzell, Peter G. (2001) Assistant Professor .................. Psychiatry
B.S., 1977, Milligan College;

Galmere, Gail H. (1980) Professor ..................... Pediatrics
B.A., 1963, Emory University;
M.A.T., 1969, University of North Carolina, Chapel Hill;
M.D., 1977, Duke University School of Medicine.

Garner, Charles E. (1989) Professor ..................... Pathology
B.S., 1960, University of Cincinnati;
M.D., 1965, Vanderbilt University School of Medicine.

Gardberg, Leonard J. (2000) Assistant Professor .......... Internal Medicine

Gerber, Carl J. (1993) Professor .................. Hospital Administration/
Psychiatry and Behavioral Sciences
Ph.D., 1960, Washington University;
M.D., 1967, Duke University School of Medicine.

Ginn, David R. (1982) Associate Professor ............... Internal Medicine
B.A., 1975, University of Minnesota;
M.D., 1979, University of Minnesota Medical School.

Goulding, Clarence E. Jr. (1990) Associate Professor .......... Surgery
Coordinator, Anesthesiology
M.D., 1954, University of Tennessee College of Medicine.

Guha, Bhuvana (1996) Assistant Professor ............. Internal Medicine
M.B.B.S., 1989, Taniore Medical College, India.
Hauser, Richard C. (1998) Assistant Professor .... Psychiatry and Behavioral Sciences
B.S., 1980, University of Notre Dame;
M.D., 1984, Tufts University School of Medicine.

Hall, John R. (1996) Professor ....................... Surgery
Director of Trauma Service, HVMC
B.S., 1974, Stanford University;
M.D., 1977, University of Arizona College of Medicine.

Hamdy, Ronald C. (1985) Professor .................. Internal Medicine
Adjunct Faculty, Psychiatry/Division of Clinical Nutrition
Chairholder, Cecile Cox Quillen Chair in Geriatrics and Gerontology
M.D., 1988, and Ph.D., 1971, University of Alexandria, Egypt;

Hancock, John C. (1977) Professor .................. Pharmacology
B.S., 1962, University of Kansas at Kansas City;
M.S., 1965 and Ph.D., 1967, University of Texas.
ETSU Distinguished Faculty Award, 2001.

Hansen, Dianne (1995) Assistant Professor ............... Psychiatry and Behavioral Sciences
M.D., 1986, University of California, San Diego.

Harlan, Gretel C. (1998) Assistant Professor .................. Forensic Pathology
M.D., 1974, University of Tennessee, Memphis.

Harvill, Leo M. (1977) Professor .................. Assistant Dean, Medical Education

Hayman, J. Russell (2000) Assistant Professor ............... Microbiology
B.S., 1987, Mississippi College;
Ph.D., 1995, University of Mississippi Medical Center.

Haynes, Daniel F. (1994) Associate Professor ............... Surgery
Director, Plastic and Reconstructive Surgery
B.A., 1981, University of Dallas;
M.D., 1985, Tulane University, New Orleans.

Henson, Donald L. (1997) Assistant Professor .... Psychiatry and Behavioral Sciences
B.A., 1984, University of North Carolina-Ashville;
M.D., 1988, East Carolina University.

Herod, J. Kenneth (1978) Professor Emeritus ............... Pediatrics
B.S., 1950, Rutgers University;
M.D., 1954, Cornell University Medical College.

Hillman, Charles H. (2000) Assistant Professor ............... Obstetrics/Gynecology
B.S., 1949, Virginia Polytechnic Institute;
M.D., 1953, Duke University School of Medicine.

Hollins, Viola "Renee" (1999) Assistant Professor ............... Obstetrics/Gynecology
B.A., 1989, University of Kansas;
M.D., 1993, University of Kansas School of Medicine.

Holt, James D. (2001) Assistant Professor .................. Family Medicine
Associate Program Director, Johnson City
A.B., 1978, Princeton University;
M.D., 1982, University of Maryland School of Medicine.

Hooks, Mary A. (1996) Associate Professor ............... Surgery
Director, Division of Surgical Oncology
B.S., 1980, University of Michigan;
M.D., 1989, University of Pennsylvania.

Hoover, Donald B. (1978) Professor .................. Pharmacology
B.S., 1972, Grove City College;
Ph.D., 1976, West Virginia University.

B.S., 1963, Muhlenberg College;
M.S., 1965, Pennsylvania State University;
Ph.D., 1971, University of Colorado.

Hougland, Margaret W. (1977) Associate Professor .......... Anatomy and Cell Biology
B.S., 1961, Brigham Young University;
Ph.D., 1977, University of South Dakota.

Hubbs, Doris T. (1991) Associate Professor ............... Internal Medicine
B.S., 1973 and M.S., 1975, Massachusetts Institute of Technology;
M.D., 1988, East Tennessee State University.
James H. Quillen College of Medicine.

Hudgins, Larry (1992) Professor ............... Internal Medicine
B.S., 1968, University of Tennessee, Knoxville;
M.D., 1971, University of Tennessee-Memphis.

M.D., 1969, University of Michigan Medical School;
M.S., 1974, University of Southern California.

Johnson, David A. (1978) Professor ............... Biochemistry and Molecular Biology
Adjunct Faculty, Biological Sciences
ETSU Foundation Research Award, 1987.

Jordan, Rick M. (1997) Professor .................. Internal Medicine
Chief, Division of Endocrinology
Residency Program Director
A.B., 1967, DePauw University;
M.D., 1971, Indiana University School of Medicine.

Joshi, Piyush N. (1985) Professor .................. Surgery
Adjunct Faculty, Obstetrics/Gynecology
Director, Division of Urology/Division of Transplant Surgery
M.D., 1973, Medical College, Baroda, India.

Joyner, William L. (1989) Professor ............... Chair, Physiology
Adjunct Faculty, Internal Medicine
B.S., 1965, Davidson College;
M.S.P.H., 1967 and Ph.D., 1971, University of North Carolina, Chapel Hill.

Kalbfleisch, John H. (1988) Professor ............... Medical Education
Director, Division of Biometry and Medical Computing
B.S. 1965 and M.A., 1966, Western Michigan University;
Ph.D., 1970, University of Oklahoma.

Kalwinsky, David K. (1990) Professor ............... Chair, Pediatrics
Adjunct Faculty, Internal Medicine
B.A., 1969, Temple University;
M.D., 1973, University of Pennsylvania School of Medicine.

Kao, Race L. (1992) Professor .................. Surgery
Adjunct Faculty, Physiology
Chairholder, Carroll H. Long Chair in Surgical Research
B.S. 1965, National Taiwan University, Taiwan;
M.S. 1971 and Ph.D., 1972, University of Illinois.

Kaplan, Michael K. (1992) Assistant Professor ............... Internal Medicine
B.S., 1977, University of the South;
M.D., 1981, Vanderbilt University School of Medicine.

Karnad, Anand B. (1989) Associate Professor ............... Internal Medicine
Chief, Div. of Hematology/Oncology
M.D., 1980, University of Madras Medical College, India.

Karthikeyan, Narayan (1998) Instructor ............... Biochemistry and Molecular Biology
B.S., 1987, Peru State College, Peru;
Ph.D., 1993, University of Tennessee, Knoxville.

Katras, Tony (1996) Associate Professor ............... Surgery
B.A., 1976, East Tennessee State University;
B.S., 1979, Harding University;
M.D., 1984, East Tennessee State University.

Kaysar, Allen (2001) Associate Professor ............... Psychiatry
B.S., 1972, University of Nebraska, Omaha;
M.D., 1979, West Virginia University.

Keiter, Robert (1994) Assistant Professor ............... Psychiatry and Behavioral Sciences
M.D., 1967, University of North Carolina School of Medicine.
Kelley, Jim (1996) Associate Professor ....................... Internal Medicine
B.S., 1969, Southern Nazarene University; Bethany, Oklahoma; Ph.D., 1973, University of Oklahoma, Norman.

Kemp, Evelyn C. (2001) Assistant Professor ....................... Family Medicine

Khaja, Nizamuddin (1998) Assistant Professor ... Psychiatry and Behavioral Sciences
M.D., 1986, Siddhantha Medical College, Nagarjuna, India.

Kilpatrick, Sandra L. (1996) Assistant Professor .............. Family Medicine

Kimbrough, Barbara O. (1980) Professor ....................... Surgery
Director, Division of Ophthalmology
B.S., 1972, Iowa State University; M.D., 1976, Mayo Medical School.

Knight, T. T. (1997) Professor ............................................ Surgery
B.A., 1953 and M.D., 1959, University of Louisville.

Kohatsu, Wendy (1999) Assistant Professor .............. Family Medicine
B.S., 1989, University of California, Irvine; M.D., University of California, Los Angeles School of Medicine.

Kostrzewa, Richard M. (1978) Professor ....................... Pharmacology
ETSU Foundation Award, 1981.

Krishnan, Kowsamangalath (1998) Associate Professor ...... Internal Medicine
P.U.C., 1974, St. Joseph’s College, India; M.B.B.S., 1980, University of Madras, India; M.D., 1987, Institute of Medical Education, India.

Krishnaswamy, Guha (1992) Professor ....................... Internal Medicine
Chief, Division of Allergy
Adjunct Faculty, Physiology
M.B.B.S., 1983, University of Madras Medical College, India.

Krozser-Hamati, Agnes K. (1991) Associate Professor ...... Internal Medicine
B.S., 1979, John Carroll University; M.D., 1986, American University of the Caribbean, West Indies.

Kumar, P. Lucy (1993) Assistant Professor ....................... Pediatrics
M.D., 1964, Andhra Medical College, India.

Kwasigroch, Thomas E. (1979) Professor .............. Anatomy and Cell Biology
Assistant Dean for Curriculum and Director, Anatomical Gift Program
B.S., 1967, Niagara University; Ph.D., 1976, University of Virginia.

Laflan, John J. (1992) Associate Professor ....................... Microbiology
B.A., 1982, Hamilton College; Ph.D., 1988, Wesleyan University.

Laird, Kimberly J. (1992) Assistant Professor .............. Learning Resources

Lang, Forrest (1984) Professor ....................... Family Medicine
Adjunct Faculty, Adult Nursing
Director, Medical Education

Lauer-Silva, Karen (2001) Assistant Professor ...... Obstetrics & Gynecology
B.S., 1992, South Dakota School of Mines and Technology; M.D., 1996, University of South Dakota School of Medicine.

Lee, Prescott P. (2001) Assistant Professor .............. Internal Medicine
B.S., 1988, University of California, Los Angeles; M.D., 1993, Tufts University School of Medicine.

Leer, Stephanie C. (1990) Associate Professor .............. Internal Medicine
Director of Ambulatory Care Training
B.S., 1983, East Tennessee State University; M.D., 1987, East Tennessee State University; James H. Quillen College of Medicine.

Leicht, Stuart (1984) Professor ....................... Internal Medicine
Chief, Division of Dermatology
B.A., 1974, State University of New York; M.D., 1978, Emory University School of Medicine.

Li, Chuanfu (1996) Assistant Professor .............. Surgery
Adjunct Faculty, Pharmacology
M.S., 1986, Nanjing Medical University, China; M.D., 1978, Nanjing Medical University of China.

Lloyd, Jacqueline J. (2000) Associate Professor .............. Family Medicine
Director of Geriatric Programs
B.A., 1972, Cheyney University; M.D., 1977, Hahnemann Medical College.

Lockett, Mark (2001) Assistant Professor .............. Surgery
B.A., 1990, Furman University; M.D., 1994, Medical University of South Carolina.

Loyd, Stephen D. (2001) Assistant Professor .............. Internal Medicine

Massengill, Raymond Jr. (1977) Professor .............. Surgery
Adjunct Faculty, Communicative Disorders
Assistant Dean/Director of Medical Education
B.S., 1959 and M.S., 1959, University of Tennessee; Ed.D., 1968, University of Virginia.

Mayberry, William R. (1978) Professor ........ Associate Chair, Microbiology
B.A., 1961, University of Colorado; M.A., 1963, Western State College of Colorado; Ph.D., 1966, University of Georgia.

Mayberry-Carson, Katie J. (1979) Associate Professor ........ Microbiology
B.S., 1962, M.S. and Ph.D., 1966, University of Georgia.

McCord, Elizabeth C. (1996) Associate Professor ........ Family Medicine, Program Director, Johnson City
B.S., 1979, Virginia Commonwealth University; M.D., 1988, Virginia Commonwealth University Medical College of Virginia.

McCoy, Sue (1986) Professor ....................... Surgery
Adjunct Faculty, Biochemistry
A.B., 1957, Radcliffe College; Ph.D., 1964, Johns Hopkins University; M.D., 1980, University of Virginia School of Medicine.

McElroy, Aubrey D. (2001) Assistant Professor .............. Family Medicine
B.S., 1983, University of North Carolina; M.D., 1988, University of Tennessee, Memphis.

McGowen, K. Ramsey (1985) Associate Professor ........ Psychiatry and Behavioral Sciences

Mehta, Jayantilal B. (1977) Professor ....................... Internal Medicine
Chief, Division of Preventive Medicine and Epidemiology
M.D., 1969, Government Medical College, India.

Director, Division of Cardiovascular and Thoracic Surgery

Miller, Barney (1997) Assistant Professor .............. Psychiatry and Behavioral Sciences
B.A., 1975, University of Tennessee-Chattanooga; B.S., 1988, University of Tennessee-Chattanooga.

Miller, Merry N. (1995) Professor ....................... Psychiatry and Behavioral Sciences
Mills, Debra Quarles (2000) Assistant Professor ..................... Pediatrics
B.A., 1988, University of Tennessee; M.D., 1993, East Tennessee State University;
James H. Quillen College of Medicine.

Miyamoto, Michael D. (1978) Professor ............... Pharmacology

Director, Division of Otolaryngology

Mohon, Ricky T. (1992) Assistant Professor ........ Pediatrics
Adjunct Faculty, Internal Medicine
B.S., 1977, University of Tennessee-Martin; M.D., 1981, University of Tennessee College of Medicine.

Monaco, Paul J. (1987) Professor ........... Anatomical and Cell Biology

Moorman, Jonathan P. (2000) Associate Professor ........... Internal Medicine
B.S., 1987, Loyola College; M.D., 1991, University of Virginia School of Medicine.

Moynihan, Patricia C. (1991) Professor ............... Surgery
Adjunct Faculty, Pediatrics
Director, Division of Pediatrics
B.S., 1959, University of Southern Mississippi; M.D., 1965, University of Mississippi School of Medicine.

Mullersman, Jerald (2000) Associate Professor ........ Pathology
M.D./Ph.D., 1986, University of Florida.

Musich, Phillip R. (1980) Professor ........ Biochemistry and Molecular Biology
Adjunct Faculty, Biological Science
B.S., 1968, Creighton University; Ph.D., 1973, University of Chicago.

Myers, James W. (1994) Assistant Professor .......... Internal Medicine
B.S., 1981, East Tennessee State University; M.D., 1985, Wake Forest University.

Nunley-Gorman, Diana L. (1987) Associate Professor ...... Internal Medicine

Olive, Kenneth (1989) Professor ............ Vice Chair, Internal Medicine
Associate Chair for Clinical Affairs
B.S., 1977, Duke University; M.D., 1982, East Carolina University School of Medicine.

Olsen, Martin E. (1992) Associate Professor ....... Chair, Obstetrics/Gynecology
Adjunct Faculty, Pediatrics
B.S., 1981, Muskingum College; M.D., 1985, Medical School of Ohio.

Ossorio, Miquel A. (1996) Associate Professor ............... Internal Medicine
M.D., 1979, University Centro Occidental, Venezuela.

Pandian, Shantha (2001) Assistant Professor ............... Psychiatry
M.D., 1994, Kasturba Medical College, India.

Panini, Aruna S. (1996) Assistant Professor ............... Family Medicine
B.S., 1974, University of Bagalore, India; M.S., 1976, University of Madras, India; M.S., 1979, University of Cincinnati; M.D., 1992, University of Colorado.

Panini, Sankhavaram, R. (1996) Associate Professor ........ Biochemistry and Molecular Biology
B.S., 1968, Andhra University, Waltair, India; M.S., 1970, University of Baroda, India; Ph.D., 1971, Indian Institute of Science, Bangalore, India.

Parveen, Talat (2001) Assistant Professor ............... Pathology
M.S., 1986, University of Florida; M.D., 1976, Fatima Jinnah Medical College.

Peiris, Alan N. (1993) Professor ............... Internal Medicine

Pennington, Glenn (2000) Professor ............... Surgery
B.A., 1962, University of Mississippi, Jackson; M.D., 1966, University of Mississippi, Oxford.

Pillinger, Lynn (1981) Professor ........... Internal Medicine
B.S., 1972, Duke University; M.D., 1977, Medical University of South Carolina.

Pollitte, Jonathan (2001) Assistant Professor ........... Internal Medicine

Ponnappa, Biddanda (Suresh) P. (1999) Professor .......... Assistant Dean,
Learning Resources, Director of Library
B.Sc., 1970, University of Agricultural Sciences, Bangalore, India; M.S.L.S., 1984, University of Tennessee, Knoxville.

Pop, Anca (2000) Clinical Assistant Professor ........... Internal Medicine
B.S., 1985, St. Save College, Bucharest, Romania; M.S., 1991, Medical and Pharmaceutical University, Bucharest, Romania.

B.S., 1991, Oklahoma City University; M.D., 1997, University of Oklahoma College of Medicine.

Price, David T. (1997) Assistant Professor ........ Residency Program
Director, Pediatrics
B.S., 1978 and M.D., 1982, University of South Carolina.

Pyror, Elizabeth (2001) Assistant Professor ........ Obstetrics/Gynecology

Pumariage, Andres J. (1996) Professor ........ Psychiatry and Behavioral Sciences
Director of Child and Adolescent Psychiatry
B.S., 1973 and M.D., 1976, University of Miami.

Radford, J. Michael (1995) Assistant Professor ... Psychiatry and Behavioral Sciences

Ramu, Vijay (1999) Clinical Assistant Professor ........... Internal Medicine
B.S., 1994, Bangalore Medical College, Bangalore, India; M.D., 1999, East Tennessee State University James H. Quillen College of Medicine.

Adjunct Faculty, Obstetrics/Gynecology
B.S., 1962, Western Carolina University; M.S., 1964 and Ph.D., 1968, University of Tennessee-Knoxville.

Rasch, Ellen M. (1978) Professor ................. Anatomy and Cell Biology

Raulston, Jane E. (2000) Associate Professor ...... Microbiology/Pathology
B.S., 1984, East Tennessee State University; Ph.D., 1988, University of Tennessee.

Rice, Peter J. (1986) Associate Professor ............... Pharmacology
B.S., 1976, Northeastern University; Ph.D., 1983, Ohio State University College of Pharmacy.

Ridgway, Nathan A. (1979) Professor ............... Internal Medicine
Chief, Division of General Internal Medicine
Residency Program Director, Kingsport
B.S., 1953, Furman University; M.D., 1957, Duke University School of Medicine.

Robbins, Sherry L. (1998) Assistant Professor ........ Family Medicine
B.S., 1984, East Tennessee State University; M.D., 1989, East Tennessee State University, James H. Quillen College of Medicine.
Robinson, Mitchell E. (1985) Professor ......... Biochemistry and Molecular Biology
Assistant Dean for Graduate Studies
Adjunct Faculty, Biological Sciences
B.S., 1976, University of North Carolina, Chapel Hill;
M.S., 1978, Western Carolina University;
Ph.D., 1983, Wake Forest University, Bowman Gray School of Medicine.

Roth, R. Eric (1997) Assistant Professor .......... Psychiatry and Behavioral Sciences
B.A., 1987, University of Kansas;
M.Ed., 1990, University of Illinois;

Rowe, Brian P. (1981) Professor .................... Physiology

Roy, Thomas M. (1994) Professor .................... Internal Medicine
Chief, Division of Pulmonary Diseases
Associate Chair for Faculty/ Resident Development and Research
B.A., 1969, University of Louisville;
M.D., 1973, University of Louisville School of Medicine.

Director, Division of Vascular Surgery
B.A., 1971, Centre College of Kentucky;
M.D., 1976, University of Kentucky School of Medicine.

Rusinol, Antonio E. (1996) Assistant Professor .......... Biochemistry and Molecular Biology
B.Sc., 1983 and Ph.D., 1990, National University of Tucuman, Tucuman, Argentina.

Santos, Mary (1998) Assistant Professor .................... Surgery
B.S., 1982, John Hopkins University;
M.D., 1986, University of Medicine and Dentistry of New Jersey, Newark.

Sarubbi, Felix A. (1987) Professor ..................... Internal Medicine
Chief, Division of Infectious Disease
Assistant Dean/Director of Medical Education-VAMC
B.S., 1965, Manhattan College;
M.D., 1969, New York University School of Medicine.

Schacht, Thomas E. (1985) Professor ... Psychiatry and Behavioral Sciences
B.A., 1973, Connecticut College;

Schaumb, Uta B. (1993) Assistant Professor ...... Anatomy and Cell Biology
B.S., 1980, Apotheekerverkamer, Kassel, Germany;
M.S., 1986, Niedersachsischer Sozialminister, Hanover, Germany;
Ph.D., 1988, University of North Carolina, Chapel Hill.

Schoborg, Robert V. (1994) Associate Professor ........ Microbiology
B.S., 1985, Oklahoma State University;
Ph.D., 1991, University of Missouri, Columbia.

Schweitzer, Janice B. (2000) Assistant Professor .......... Family Medicine

Schweitzer, John B. (1999) Professor .................. Chair, Pathology
B.S., 1974, Washington University;
M.D., 1978, Washington University School of Medicine.

Shah, Pramod A. (1985) Professor ........ Psychiatry and Behavioral Sciences
M.B., B.S., 1971, University of Bombay, India.

Shepard, F. Mike (1977) Professor Emeritus ............... Pediatrics
B.S., 1956, Vanderbilt University;
M.D., 1959, Vanderbilt University School of Medicine.

Shurbaji, Muhammad S. (1990) Associate Professor ....... Pathology

Simman, Richard (2001) Assistant Professor .......... Surgery
M.D., 1991, Louvain Catholic University, Brussels, Belgium.

Simensky, Michael (1995) Professor .......... Chair, Biochemistry and Molecular Biology
Adjunct Faculty, Internal Medicine
B.A., 1966, Columbia College;
Ph.D., 1972, Harvard University.

Singh, Krishna (2002) Associate Professor .................. Physiology
B.S., 1980, Maharshi Dayanand University, Rohtak, India;

Skalko, Richard G. (1977) Professor ........ Chair, Anatomy and Cell Biology
Adjunct Dean, College of Medicine Graduate Studies
A.B., 1957, Providence College;
M.S., 1959, St. John’s University;
Ph.D., 1963, University of Florida.

Sloan, Patrick (1979) Professor .......... Psychiatry and Behavioral Sciences
B.A., 1969, Fairmont State College;

Smith, J. Kelly (1979) Professor Emeritus .......... Internal Medicine
B.A., 1957, Cornell University;
M.D., 1960, Cornell University Medical College.

Smith, Steven M. (1998) Assistant Professor ................ Internal Medicine
B.S., 1980, East Tennessee State University;
M.D., 1983, East Tennessee State University;
James H. Quillen College of Medicine.

Stanton, Paul E. Jr. (1985) Professor .......... Surgery
University President
Adjunct Faculty, Adult Nursing
B.A., 1965, Emory University;
M.D., 1969, Medical College of Georgia.

Stern, Patrick (1999) Professor ............. Pediatrics
Adjunct Faculty, Psychiatry
B.S., 1970, University of Notre Dame;
M.D., 1974, Case Western Reserve University.

Adjunct Faculty, Anatomy and Cell Biology/Physiology/Biochemistry
B.S., 1966, State University of New York, Stony Brook;
M.S., 1968, Marshall University;
Ph.D., 1972, State University of New York, Stony Brook.

Stuart, Charles A. (2000) Professor .................... Chair, Internal Medicine

Summers, Jeffrey A. (2000) Associate Professor ............. Internal Medicine
B.S., 1979, Hobart College;
M.D., 1982, Ohio State University College of Medicine.

Testerman, George (1999) Associate Professor ............... Surgery
B.S., 1975, Vanderbilt University;
M.D., 1978, University of Tennessee.

Theuwe, Douglas P. (1996) Assistant Professor .......... Biochemistry and Molecular Biology
M.Sc., 1990, Central University of Pondicherry;

Tober-Meyer, Brunhilde K. (1978) Associate Professor ........ Physiology
Adjunct Faculty, Microbiology
Director, Division of Laboratory Animal Resources
D.V.M., 1964, Tierarztliche Hochschule, Hanover, Germany;
M.S., 1973, State University of New York, Buffalo.

Townsend, Thomas (1991) Associate Professor .......... Family Medicine
B.S., 1969, Hendrix College;
M.D., 1973, University of Arkansas School of Medicine.

Tudiver, Fraser G. (2001) Professor ............. Family Medicine
B.S., 1968, McGill University;

Turner, Barbara B. (1982) Professor .............. Physiology
Adjunct Faculty, Psychiatry
Ph.D., 1974, University of California, Los Angeles.

Vance, Hubert R. “Boone” (1997) Associate Professor ........ Psychiatry and
Wondergem, Robert (1978) Professor Emerita .................. Internal Medicine
A.B., 1952, Hope College;
M.D., 1956, University of Michigan Medical School.

Walker, Elaine (1991) Clinical Assistant Professor ............ Internal Medicine
B.S., 1979 North Dakota State University;
Ph.D., 1986, University of North Carolina, Chapel Hill.

Wallace, Richard L. (2000) Assistant Professor .............. Learning Resources Coordinator, Interlibrary Services and Outreach Services
B.Ed., 1980, Graham Bible College;
M.A., 1982, Columbia Biblical Seminary;
M.Div., 1990, Mid-America Baptist Theological Seminary;
M.L.S., 1994, University of Tennessee;

Wallen, Ellen B. (1999) Assistant Professor ............... Forensic Pathology
M.D., 1989, East Tennessee State University,
James H. Quillen College of Medicine.

Walters, David N. (1989) Professor .......................... Surgery
B.S., 1973, University of Wyoming;
M.D., 1977, Medical College of Georgia.

Wattad, Ahmad A. (1990) Associate Professor ............ Pediatrics
M.D., 1977, Padova University, Italy.

Washington, Judy C. (1996) Assistant Professor .......... Family Medicine
B.S., 1979, University of Montevallo, Alabama;
M.D., 1985, Meharry Medical College.

Watkins, Donna J. (1995) Assistant Professor ........... Assistant Director, Learning Resources
B.S., 1982, University of Wisconsin;

Whaley, Martha Garland (2000) Assistant Professor ....... Learning Resources Coordinator, Technical Services and History of Medicine

Whitaker, Jack H. (1995) Assistant Professor ............. Internal Medicine
B.S., 1975 and M.S., 1982, East Tennessee State University;
M.D., 1989, East Tennessee State University,
James H. Quillen College of Medicine.

Williams, Carole A. (1980) Professor ............................... Physiology
A.B., 1969, Albertus Magnus College;
Ph.D., 1977, St. Louis University.

Williams, David L. (1991) Professor .................. Surgery Adjunct Faculty, Pharmacology
B.S., 1974, Kentucky Wesleyan College;
Ph.D., 1985, Tulane University,
ETSU Distinguished Faculty Award, 1997.

Williams, Marcus G. (1989) Associate Professor ............. Surgery
B.S., 1974, Harvard University;
M.D., 1979, Howard University College of Medicine.

Wilson, Jim L. (1995) Professor ........................... Chair, Family Medicine
A.B., 1966, Washington University, St. Louis;
M.D., 1970, University of Missouri.

Wondergem, Robert (1978) Professor ..................... Physiology
B.S., 1972, Calvin College;
Ph.D., 1977, The Medical College of Wisconsin.

Woodruff, Michael L. (1979) Professor ............... Anatomy and Cell Biology
B.A., 1969, University of Michigan;
M.S., 1971 and Ph.D., 1974, University of Florida,
ETSU Foundation Research Award, 1990.

Woodside, Jack R. Jr. (1992) Associate Professor .......... Family Medicine
B.A., 1973, University of Virginia;
M.D., 1977, Jefferson Medical College.

B.S., Lafayette College, Pennsylvania;
M.D., 1965, Meharry Medical College.

Wyrick, Priscilla B. (2000) Professor .................. Chair, Microbiology

Young, Mark F. (1992) Associate Professor .................. Internal Medicine
B.S., 1981, East Tennessee State University;
M.D., 1985, East Tennessee State University;
James H. Quillen College of Medicine.

Youngberg, George A. (1980) Professor .................. Pathology Adjunct Faculty, Internal Medicine
B.A., 1973, Lake Forest College;
M.D., 1977, Northwestern University Medical School.

B.A., 1991, Colorado College;
Ph.D., 1991, Case Western Reserve University.

Zakaria, Wael N. (1994) Assistant Professor .................. Internal Medicine
M.D., 1983, University of Jordan School of Medicine, Jordan.

Zou, Yue (2001) Associate Professor ...... Biochemistry & Molecular Biology
B.S., 1982, Chengdu University of Science and Technology, China;
M.S., 1985, Dalian Institute of Chemical Physics, Chinese Academy of Sciences;

COLLEGE OF NURSING

Alley, Nancy M. (1972) Professor .................. Family/Community Nursing
B.S.N., 1968, Catholic University of America;
M.S.N., 1975, University of Wisconsin-Madison;
Ph.D., 1992, University of Michigan.

Blowers, Sally S. (1996) Assistant Professor ............... Adult Nursing
B.S.N., 1966, Columbia University;
M.S., 1969, University of Rochester;
Ph.D., 1996, University of Tennessee, Knoxville.

Bremh, Jerilyn S. (1994) Assistant Professor ....... Family/Community Nursing

Conco, Diana D. (2001) Assistant Professor ............... Adult Nursing
B.S.N., 1974, University of Maryland;
M.S.N., 1979, Medical College of Georgia;
Ph.D., 1993, University of South Carolina.

Drummond, Ellen W. (1994) Assistant Professor ............. Adult Nursing
B.S.N., 1975, Jacksonville State University;
M.S.N., 1986, Whitworth College.

Dupham-Taylor, Janine (1998) Professor .................. Chair, Adult Nursing
B.S., 1988, Michigan State University;
M.S., 1975, University of Michigan;
Ph.D., 1982, University of Michigan.

Edds, Judy A. (2001) Assistant Professor .......... Practice and Research
M.S.N., 1991, University of Tennessee-Knoxville;

Edwards, Joellen B. (1989) Professor ............... Family/Community Nursing
B.A., 1974, Kent State University;
B.S.N., 1979, Ohio University;
M.S.N., 1982, West Virginia University;
Ph.D., 1988, Ohio University.

**COLLEGE OF PUBLIC AND ALLIED HEALTH**

Chakraborty, Ranjan N. (2001) Assistant Professor .......... Health Sciences B.S., 1979, Gujiant University, India; M.S., 1981, University of Burdulla, India; Ph.D., 1993, Sardar Patel University, India.

East Tennessee State University

McKay, Gene F. (1966) Associate Professor .................. Health Sciences
B.S., 1964 and M.A., 1966, East Tennessee State University;
M.S.P.H., 1969, University of North Carolina.

Morgan, Shirley L. (1983) Professor .......... Public Health
B.S., 1960, M.S.E.H., 1976 and Ed.D., 1982,
East Tennessee State University;

Mustain, Eric L. (1990) Assistant Professor .......... Health Sciences
B.A., 1974, University of Missouri-Columbia;
Ph.D., 1984, University of Colorado Health Science Center.

Nunley, Rebecca L. (1988) Associate Professor .......... Chair, Dental Hygiene
A.S., 1976 and B.S., 1978, East Tennessee State University;
D.D.S., 1985, University of Texas Health Science Center, San Antonio.

Osborne, John G. (1994) Assistant Professor .......... Health Sciences
B.S., 1971, Tennessee Technological University;
M.Ed., 1977, Middle Tennessee State University;
Ph.D., 1992, University of Kentucky Medical Center.

Panus, Peter C. (1995) Associate Professor .......... Physical Therapy
B.A., 1979, Huntington College;

Perry, Thomas L., Jr. (1980) Associate Professor ....... Health Sciences

Powers, C. Laraine (1995) Assistant Professor .......... Health Sciences
B.S., 1983, Memphis State University;
M.S., 1987, University of Tennessee, Knoxville;
Ph.D., 1994, University of Tennessee, Memphis.

Proctor-Williams, Kerry (2002) Assistant Professor ........ Communicative Disorders
B.Sc., 1980 and M.C.L.Sc., 1984, University of Western Ontario;
ABD, University of Kansas.

Samples, Agnes B. (2001) Assistant Professor .......... Public Health

Samples, Donald A. (1990) Associate Professor .......... Chair, Health Related Professions
Director of Clinical Ed. Cardiopulmonary Science
B.A.A., 1980, East Tennessee State University;
M.S., 1993, University of Tennessee, Knoxville;

Scherer, Nancy J. (1992) Professor ........ Chair, Communicative Disorders
B.S., 1971 and M.S., 1972, University of Wisconsin, Madison;
Ph.D., 1980, University of Washington.

Scheuerman, Phillip R. (1986) Professor ........ Chair, Environmental Health

Shehane, Donna L. (1991) Associate Professor .......... Program Director, Radiography
B.S., 1980, University of Charleston, Charleston, W.Va.;
M.A., 1988, West Virginia College of General Studies;

Shielda, Joanne Walker (1998) Associate Professor .... Chair, Public Health
B.S., 1975, Central State University;
M.S.E.H., 1981, East Tennessee State University;
M.P.H., 1985, University of Pittsburgh;
Ph.D., 1992, University of Texas.

Sikora, Vincent A. (1999) Associate Professor .......... Environmental Health
B.S., 1970, Ferris State University;
M.A., 1973, University of Oklahoma;
J.D., 1976, Texas Tech University;
LL.M., 1982, University of Wisconsin.

Stoots, J. Michael (1998) Assistant Professor .......... Public Health

Willette, Susan J. (1975) Professor .................. Dental Hygiene
A.A.S., 1971, Hudson Valley Community College;
B.S., 1973 and M.S., 1974, University of Bridgeport, Bridgeport, Conn.;

Williams, A. Lynn (1995) Professor .................. Communicative Disorders
B.S., 1978 and M.S., 1980, West Virginia University;
Ph.D., 1988, Indiana University.

Williams, Buri R. Jr. (1994) Associate Professor .......... Health Sciences
B.S., 1969, Northeastern State College;
M.S., 1972, Kent State University;
Ph.D., 1991, University of Montana.

Williams, Duane A. (1994) Associate Professor .......... Chair, Physical Therapy
B.S. and Certificate in Physical Therapy, 1970, Kansas University;
M.A., 1972, University of Iowa.

B.S., 1960, University of Illinois;
M.P.H., 1967, University of Minnesota;
Dr. P.H., 1992, University of Michigan.

UNIVERSITY LIBRARIES

Ellis, Mark (1988) Assistant Professor .......... Reference and Information Services Librarian
B.A., 1976, Wake Forest University;
M.A., 1978 and Ph.D., 1984, University of Illinois, Urbana-Champaign;
M.L.S., 1985, University of Kentucky.

Flanigan, Jean Culp (1977) Associate Professor .......... Associate Director, Instructional Media Center
B.S., 1964 and M.S., 1973, Auburn University;
Ed.D., 1979, East Tennessee State University.

Harwell, Rolly (1975) Assistant Professor .......... Periodicals/Microforms
B.A., 1953, Vanderbilt University;
M.A., 1971, Kansas University;
M.L.S., 1975, University of Tennessee.

Hensley, Kelly (1996) Associate Professor .......... Interlibrary Loan

Libby, Katherine A. (1995) Assistant Professor .......... Catalog Librarian
B.A., 1984, Knox College;
M.L.I.S., 1991, University of Texas-Austin.

Norris, Carol (1982) Associate Professor .......... Online Searching
B.A., 1963, Phillips University;

O’Brien, Deborah (1998) Assistant Professor .......... Acquisitions Librarian
B.S., 1982, Kent State University;
M.L.S., 1993, University of South Florida.

B.A., 1973, Southwestern at Memphis;
M.L.S., 1976, University of Tennessee, Knoxville.
ETSU Distinguished Faculty Award for Service, 1994.

Scher, Rita S. (1971) Assistant Professor .......... Dean
B.A., 1964, City College of New York;

Shuttle, Jerry F. (2000) Assistant Professor .......... Reference Librarian
B.S., 1969 and M.A., 1974 East Tennessee State University;
M.B.A., 1980, Indiana University;

Szarek, Celia (1991) Associate Professor .......... Systems Librarian
B.A., 1977, Cornell University;
M.L.S., 1981, Syracuse University;
M.B.A., 1988, University of Maryland.

Tolley-Stokes, Rebecca (2000) Assistant Professor .......... Reference Librarian
B.A., 1994, East Tennessee State University;

The School of Continuing Studies draws faculty for its programs from throughout the university.

East Tennessee State University makes available to prospective students the ETSU Security Information Report. This annual report includes campus crime statistics for the three most recent calendar years and various campus policies concerning law enforcement, the reporting of criminal activity, and crime prevention programs. The ETSU Security Information Report is available upon request from the Department of Public Safety, Box 70646, ETSU, Johnson City, TN 37614. The report can be accessed on the Internet at: http://www.etsu.edu/dps/security_report.htm.

Pursuant to The Student Right to Know and Campus Security Act, Public Law 101-542, as amended, graduation rates at East Tennessee State University range from 34% to 75%, depending on the method of calculation and the programs being analyzed.

East Tennessee State University is a Tennessee Board of Regents institution and is fully in accord with the belief that educational and employment opportunities should be available to all eligible persons without regard to age, gender, color, race, religion, national origin, disability, veteran status, or sexual orientation. TBR 120-008-01 15M
