### One Semester Waiver of Full-Time Restriction

I understand that my State of Tennessee Immunization Requirements is not complete. I certify I have received the first dose of Varicella (chicken pox) and MMR (measles, mumps and rubella) and will provide proof of the second immunization prior to registration for \_\_\_\_\_ term.

Failure to do this will prevent full-time enrollment. Full-time enrollment means 12 hours or more for undergraduate and 9 hours or more for graduate students.
