**Terms of Use Acceptance**

Please read & initial to indicate your acceptance of the condition.

1. This deferment herein does not pay tuition and fees but allows an extension of time to pay tuition and fees not to exceed the last day of the semester unless, in the discretion of the Veterans' Affairs Coordinator, extenuating circumstances exist.

2. If the education benefits indicated are not received, the applicant is still required to pay all deferred tuition & fees that are subject to the institution's refund policies. Withdrawal after the first day of class does not void this obligation.

3. Continued eligibility to tuition & fee deferments is conditioned upon good faith compliance with the program's intent and rules and if, in the judgment of the Veterans' Affairs Coordinator, one fails to make timely benefit payments or not pay the total amount due by the end of the semester, subsequent tuition & fee deferment eligibility is forfeited.

4. Failure to pay all tuition & fees due may result in an encumbrance of academic records, future enrollment registration or other related administrative actions. *(NOTE: Most tuition and fees must be paid to register for the following term prior to the end of the present term.)*

5. Any limit on the deferment is determined from the amount of tuition & fees for certifiable semester hours used to calculate the training time.

6. If a resident of university housing, this deferment does not apply to room and board charges and separate arrangements must be made with the Housing & Bursar's Offices.

**Certification**

I hereby request a veterans'/service members'/dependents' tuition & fees payment deferment and certify the information provided herein is true and correct to the best of my knowledge. I will make payments to the Bursar as benefits are received and I understand that tuition & fees must be paid in full by the last day of the semester. I understand that if I do not comply with the statutory guidelines that I will forfeit future deferment entitlement.
