

THE SUMMER 2024 HOUSING APPLICATION IS NOW AVAILABLE!

The Summer 2024 Housing Application is now available to all current residents and we hope that you will consider spending the summer with us at ETSU! Visit our Summer 2024 [webpage](#) for Full Summer and Individual Term Rates, additional information, and a link to the Residence Portal where you can find the application.

Current students, who are enrolled for Fall 2024, are not required to be enrolled in summer course in order to live on campus during the summer. Spring 2024 Residents, not returning to on-campus housing for Fall 2024, may only obtain Summer Housing through July 31 due to space constraints in preparation for Fall 2024 Move-In.

Rates for Full Summer or Individual Terms can be found [here](#).

- Students will be housed and billed using full Terms. If needing to stay for any portion of a given Term, students should select the option that includes their desired dates or stay.
 - For example, a student needing to come in June 20 and live with us for the remainder of the Summer should select Term One and Term Two and should plan to move-in on June 2, the scheduled move in time for Term One.

Check In and Check Out Dates for Individual Terms are as follows:

CHECK IN DATE	CHECK OUT DATE	TERMS
MAY 12, 2024	AUGUST 9, 2024	FULL SUMMER
MAY 12, 2024	JUNE 2, 2024	PRE-SUMMER

Summer housing assignments will be made throughout April as applications are received. You will receive an email with your Summer housing assignment, along with additional information regarding confirmation of agreement and check in information, at the time your assignment is made. Please note that we reserve the right to make changes to assignments at any time to ensure the best utilization of space. Assignments and roommates are subject to change.
