

## **Tau Sigma (TS)**

### **Mission**

To provide an association which recognizes academically outstanding transfer students in higher education who come together to celebrate scholarship and leadership

### **Membership**

- Onetime fee of \$65 = lifetime membership

### **Engagement/ Responsibilities**

- Each Fall, we sponsor a community service project. As a member, you will have the opportunity to participate- but are not required to. Past projects have included:
  - Salvation Angel Tree Adoption
  - Sand box for little buccaneers
  - Toiletries drive for Veterans
  - Pet supplies for the animal shelter
- While there are not any required responsibilities, we do ask that you help with the fundraiser if available. If we don't have enough volunteers, then we are unable to do the fundraiser. We do flower sales at graduation. A company will bring in the flowers and we help wrap the bottoms up so they do not leak and tie a bow! The money we raise goes back into our community service project.

### **Benefits:**

- The National Office offers scholarships each year (only to undergraduate students). Once you become a member, you can apply for the scholarship when it is open. Again, this is only available while you are in your undergraduate degree.
- Receive Honor Cords to wear for graduation
- Be a part of a National Honor Society (looks great on a resume)!
