

## Guest Reader Information

Dear Friends and Families of Second Graders,

One thing we really enjoy in second grade is listening to books being read aloud. We would really love for some of our friends and family members to come in and read aloud their favorite books to us. We would like to invite you to come into our room and read aloud a favorite story or picture book. The ideal length is 15 minutes, but we can accommodate shorter or longer times if we know ahead of time. The ideal times for our guest read alouds are first thing in the morning (8:10) or last thing in the afternoon (2:35). We can switch some things around to make other times work if needed. If you are interested in coming in and reading to us either complete the bottom portion of this note and return it to our room or email me the answers to these questions. This offer is good all year and please keep in mind that if we have a big response in the beginning that it may take us some time to work everyone in...but we will get you worked in!

Thanks for enriching our classroom,

Ms. Kelli
