Important Information and Reminders

-All teachers should attend test training on Friday, March 29.
      -The Test Administration Manual (TAM) can be accessed @
        https://www.livebinders.com/play/play?id=2244559

-An online training for test administrators that covers how to administer TNReady tests, including how to administer computer- and paper-based tests, test security, test environment, accommodations, and troubleshooting in the Nextera platform, will be available beginning March 15, 2019. This training can be accessed by registering at https://openedx.tneducation.net.

-All support staff should attend proctor training date TBD.

-Teachers will need to communicate testing schedule and location to students prior to the day of testing.

-Students should remain in test setting until the official end time because of coverages.

-Assistants will be needed everyday during testing: Monday, April 8- Monday, April 22.

-The testing lab and computer labs will be closed Monday, April 8- Monday, April 22.
