

The Academy

Book Challenge Genres

2016-2017

Students are required to read a total of 24 books for the school year. During each 9 weeks students will read 6 books and complete a project for each book read. Students may choose a book from the required genres.

Students will need to respond to the text in a variety of projects and complete a book review organizer for each book. Students will receive project guidelines each 9 weeks. The guidelines will give directions for the projects for that 9 weeks. Each project will count as 60 points. Students will receive a grading rubric at the beginning of the school year.

*Please note: Dates could be subject to change due to unforeseen circumstances. (weather, professional days, etc.)
